NUMBER 273

DRESS REHEARSAL—Edith Snyder, daughter of the Secretary of the Treasury, was chosen "Queen of the President's Cup Regatta" in Washington. Admiral Chester W. Nimitz fits the crown on Edith's head prior to the pageant.

Paris Conference Moves to New York After October 5

Smith Wants Ineligibles Off the Pension Rolls

AUSTIN, Sept. 24. — Retiring Lt. Gov. John Lee Smith, erstwhile gubernatorial candidate, has authorized a statement that he unreservedly commends Governor-Nominate Beauford Jester's policy program for legislative vitalization and pledges his best efforts to make it a success.

Smith, who will preside over the first week of the legislative session, also committed himself to the appointment of all standing committees and chairmanships desired by his successor, Allan Shivers, who will be inaugurated Jan. 21, to assure a smooth-running Senate organization from the start. Smith said he would formally appoint Shivers' committees when the Senate organizes on Jan. 14.

"Our people are tax weary and I think it was fortunate that Mr. Jester made his pledge of no new taxes," Smith said, "especially if we can carry it out and pay all bills and raise pensions."

Smith asserted that pensions could be raised, even up to \$40 per month, if the Legislature will pass a restrictive pension act which will remove all imposters from the rolls and pay assistance only to those who deserve aid and can qualify to receive it under the Constitution.

"If a survey recently made by Texas Research Institute is correct," commented Smith, "then there are 26,000 on our pension rolls who do not qualify to receive aid and should not get it. Every dollar paid these ineligibles comes out of money that belongs to those who need it."

"Ohio is comparable to Texas in population and a good index to old-age assistance payments and it has 35,000 fewer pensioners on the rolls than Texas."

though they did get up and light the Coleman lantern to leave it burning for the rest of the night. "He was just a little black bear, not one of the dangerous kind, one of the five reported. And, anyway, we started out with the idea if we left the bears alone, they wouldn't bother us much. And they didn't."

"The girls were enthusiastic about the durability of their jeeps and their comfortable riding qualities. The vehicles averaged 22 to 23 miles to a gallon of gas. Each jeep picked up a nail traveling over Canada's wooden bridges, but they had no blowouts or tire trouble on the trip otherwise."

LONDON TODAY. England suffered much during the war. Many blocks in the heart of the great city of London, completely razed by the Nazi "Luftwaffe," remain unrepaired. All parts of the city sustained scattered damage from the raids. They took much punishment bravely, and they are industriously setting about to repair their country.

Perhaps it is partly Britain's proximity to continental trouble-makers and the consequent disaster, although some of these trouble spots have been pawn as well as threat during her history, that gives the people such an awareness of foreign relations. They have learned the defenses that are usually provided by a good foreign office, and have developed shrewd international statesmen. There is little apparent disunity in their foreign policy.

Nonetheless, war came to them, and their sufferings were great. Reconstruction in Britain is moving slowly. A long time will be required for complete rebuilding, even of her damaged streets and destroyed buildings. Materials are short, and rationing diverts most materials into home building, which is proceeding slowly also.

Rationing Slow-Down. Most Britons feel that rationing of materials has slowed production. The government is meticulous about "filling out forms," and the proper approval must be had to obtain each different type of building materials. Sometimes brickwork must stop because the bureau controlling glass has not approved and returned the forms for buying windows. This reminds one of the days when our craft unions were at odds frequently (but perhaps never the bricklayers and glaziers), slowing down construction work.

The London press announced while I was there that building contractors were being granted extra gasoline rations because of the additional travel required to get their numerous forms filled out and circulated to wholesalers and retailers, which they found necessary to do in order to complete a building.

All rationing seems to move slowly. For instance, I had to obtain food points to give the hotel for the week I was in London. Upon the advice of the hotel manager that I should report at the rationing office when the doors opened at nine o'clock, I arrived at 8:45 and found a long queue already waiting. Eventually I found myself in a special room for foreign visitors, with only a few of the waiting applicants, and had to wait only about an hour. The speed of the ration clerks reminded me of some of our own paid clerks during the war: it was evident they were not paid by the number of customers they served and that they had no fear of competition.

Queues and Bread. England is experiencing a greater shortage of food, clothing, and gasoline than during the war, and therefore rationing has not been eliminated. On the contrary, some items are now rationed which were not under rationing during the war. Queues of from 50 to 300 people were constantly on the streets, at most all hours, waiting to get rationed articles.

I was actually hungry every day I spent in England. Bread counts as one of the three courses available for a London dinner, and if bread is ordered this eliminates either the soup or the sweet. During my last day in London a hotel waiter was fined \$20 for inadvertently putting a roll on the table for each of two men who had not ordered bread. They chanced to be inspectors.

By United Press. PARIS, Sept. 24.—The Big Four foreign ministers decided tonight to transfer their conferences to New York after the peace conference adjourns Oct. 5.

The decision was announced after a four-hour conference of the foreign ministers of the United States, Russia, Great Britain and France.

They set up rigid rules of procedure and established a timetable to speed end of the peace conference.

The foreign ministers agreed that peace conference commissions must complete their work by Oct. 5, so the full conference can adjourn by Oct. 15.

As today's Big Four meeting began, the United States was prepared to ask Russia to induce Soviet-dominated states to do everything possible to speed the treaty writing.

The foreign ministers agreed tentatively to hold their first New York sessions early in November to clean up the satellite treaties on which the peace conference is working.

In the latter part of November, the ministers would begin discussions of the treaty for Germany.

Josef Adopts New Tone Towards U. S., Great Britain

MOSCOW, Sept. 24 (U.P.)—Premier Josef Stalin assured the American and British peoples today that there was no present danger of a new war, that the atom bomb was no long-range threat to peace and that it was "absurd" to say Moscow dictated policy to Communist parties throughout the world.

In a Kremlin pronouncement which observers believe may presage a change in Soviet foreign policy, Stalin held out the olive branch to Great Britain and the United States by saying strengthened political and trade relations would cement friendly feelings.

He denied that the atom bomb was a decisive force that automatically would force its use in warfare would be prohibited.

"I do not consider the atom bomb to be as serious a force as certain politicians are inclined to regard it," he said. "The atom bomb is meant to frighten the weak-nerved, but they cannot decide the fates of war, since atomic bombs are by no means sufficient for this purpose."

He said monopolistic possession of the atom bomb by America cannot last long and use of the atom bomb, he said, will be prohibited.

Pittsburg Power Workers Cripple Industrial Area

PITTSBURG, Sept. 24. (U.P.)—Power workers of the Duquesne Light company system struck today, crippling production in this highly industrialized area and forcing voluntary rationing of current.

The utility system reported that production at two of its four steam-generating plants had fallen off. The other two were near normal, the company said.

Five mills and at least six coal mines were closed, idling more than 7,500 workers. Street car service was cut in half. Department stores were closed and office buildings reduced lighting and elevator service sharply.

AMERICAN JESUIT OFFICIAL. ROME, Sept. 24. — Father Vincent McCormick of New York, rector of the Gregorian university in Rome, today was elected assistant for the United States to the newly-chosen general of the Jesuit order, Father John Baptist Janssens of Belgium.

Texan Asks Revolt Against Congress Reorganization

WASHINGTON, Sept. 24. (U.P.)—Rep. Wright Patman, D., Tex., called today for a congressional revolt next January against provisions of the congressional reorganization act that would streamline committees and require congress to adopt an annual budget for the government.

The reorganization act, passed in the closing days of the last congress, stipulates that a budget be drawn up at the beginning of each session by the House Ways and Means and Appropriations committees and the Senate Finance and Appropriations committees.

The Texan asserted that a pressure campaign is under way to secure advance commitments from congressmen to accept the streamlining law.

SWEET AND MELLOW—After being voted the "Model Band-leader of 1946" by these Conover girls, maestro Ray Anthony plays a tune for the lovelies in New York City. Left to right, Nekkie Gregg, Thelma Brown, Anthony, Joan Crozier and Rae Caldwell.

Excess Funds Must Go Back to Candidate Sellers Says

AUSTIN, Sept. 24. — In an opinion to Paul Grogan, county attorney for Montgomery county, Attorney General Grover Sellers said the county Democratic executive committee must return to the candidates on a prorata basis all funds left after paying expenses of the primaries. Excess funds cannot be carried over until the next election, the opinion said. He listed the purposes for which the candidates fees may be spent, and said there is no authority for paying committee members for attending meetings.

The statutes require the name of a deceased candidate to be printed upon the ballot and no late-filing candidate may have his name printed, although a write-in election can be held, the attorney general held in an unusual Medina county case. The request said that a county commissioner was killed

accidentally Aug. 28, after he had been chosen as an independent or non-partisan candidate. There are no other nominees for the office. The opinion declared that if the deceased man received the most votes in the November general election, the place would be declared vacant and filled in the manner as prescribed by law.

A newspaper in a dry county Sellers said this shrewdly shrew may carry liquor advertisements, Sellers said. This inquiry concerned publication in Lufkin, which is situated in a dry county. Outdoor advertising of alcoholic beverages in a county where they may not be legally sold is against the law, the attorney general said.

NEW AIR-MAIL STAMP. The new five-cent per-ounce air-mail stamp, authorized by the postal department, will be on sale for the general public at the Cisco post office Oct. 1, although it may be obtained by stamp collectors a few days previous. Postmaster L. H. McCrea said today. The new stamp replaces the 8-cent stamp used at the present and is applicable wherever the United States mail service is in operation.

FIVE SAN ANTONIO WOMEN TAKE 46-DAY JEEP JAUNT TO ALASKA; FORMER CISCOAN IN THE PARTY

The Daily Times of Anchorage, Alaska, in its issue of September 13, told interestingly of the trip of five women from San Antonio, Tex., to Anchorage by jeep. One of the young women was Kate Reynolds, daughter of Mrs. J. Harry Reynolds of Cisco, Miss Reynolds, former Cisco resident, later served with the WACs and now operates a ranch near San Antonio. The Daily Times story follows:

"Five Texas women, riding two civilian jeeps, arrived in Anchorage this week to complete a 1946 trail-blazing jaunt out of the west to America's last frontier. They rode north from San Antonio along the latest of America's historic pioneering trails, the Alaska highway, on a 46-day journey which equaled in hardy outdoor living the covered-wagon migration of their grandmothers.

"The five, Nell Wickersham, Rebecca Tumlinson, Kate Reynolds, Thelma Jackson and Mrs. Oattie L. Tumlinson, together with Bessie

FALS—Dog lovers will envy movie star Janet Blair who sits with her prize two-year-old English Setter, Miss Blair will enter "Roze" in one of the many dog shows held during National Dog Week. Janet has just finished the Hollywood production, "Gallant Journey."

SCHOOL AS USUAL—Although stricken with infantile paralysis two years ago and confined to a wheelchair since, little Billy DeSmith, Dayton, Ohio, youngster, now attends school every day and keeps cheerful. Billy and classmate Janice Sherwood, right, study together.

Per week, by carrier boy (carrier gets half)..... 12c

MOVIES FOR CHILDREN.

Saturday afternoon movies for children, long the worry of many a mother and father, can be better from now on. Eric Johnston, top man in the movie industry, listened to the pleas of parents, teachers and motion picture critics, and came up with an answer.

The best movies suitable for children which have been produced from some years back have been reissued as the Children's Library, with plenty of prints to cover the country. The group includes such classics as "The Five Little Peppers," "Anne of Green Gables," "Adventures of Huckleberry Finn," and "Young Buffalo Bill." Most of these films went the rounds once or twice, then were filed away. To today's crop of youngsters, they're brand new.

It is encouraging to see a real effort, at last, to give the juvenile audience good entertainment right for their years. With all the

money and thought poured into the movie business, the kids should get some of the results, instead of having to horn in on adult movies inappropriate for them.

WAGES AND PRODUCTION.

Why should some Russian or Chinese or some other American work to support me? I never did anything for him.

The only person who ever will or can do anything for you is yourself, and the only way you'll ever have anything is to make yourself worth more by producing more.

Some people quote Russia to you as an example of getting without giving. That is NOT true.

Today friends of Russia returning from that country report its expanding production is due to these sound beliefs and practices: Wage rates now depend on WORK PRODUCED, the range in pay between the best and poorest worker

is greater than in America, and tax rates are designed to encourage a worker to earn more by producing more.

It has cost many nations millions of lives to learn that "the world - owes-me-a-living" theory foredooms a people to starvation and failure.

They learned that the only way to success for an individual and a nation is to reward production, industry and thrift.

They came to know, as every honest man does, that the more a man produces, the lower its cost; the lower its cost, the more people there are who can afford and use it; the more people who use it,

the more secure the workman's job and the greater his prosperity. That is the way and the only way to security and progress for the individual and his nation.

RETHEL.

Mr. and Mrs. Jeff Lassiter made a business trip to Cottonwood Wednesday.

Mr. and Mrs. J. R. McMurry and Mr. and Mrs. Charlie Livingston visited in the Jim Dillon home Saturday night.

Mrs. W. T. Leveridge, who has been sick, is able to sit up some. Rev. H. J. Sanders will fill his

appointment the first Sunday of October.

LEGENDE.

HE who gave to every atom, birth—

Who knows the lineage of time and earth—

He who is the Legende and the Law—

Who will be after — Who has been before—

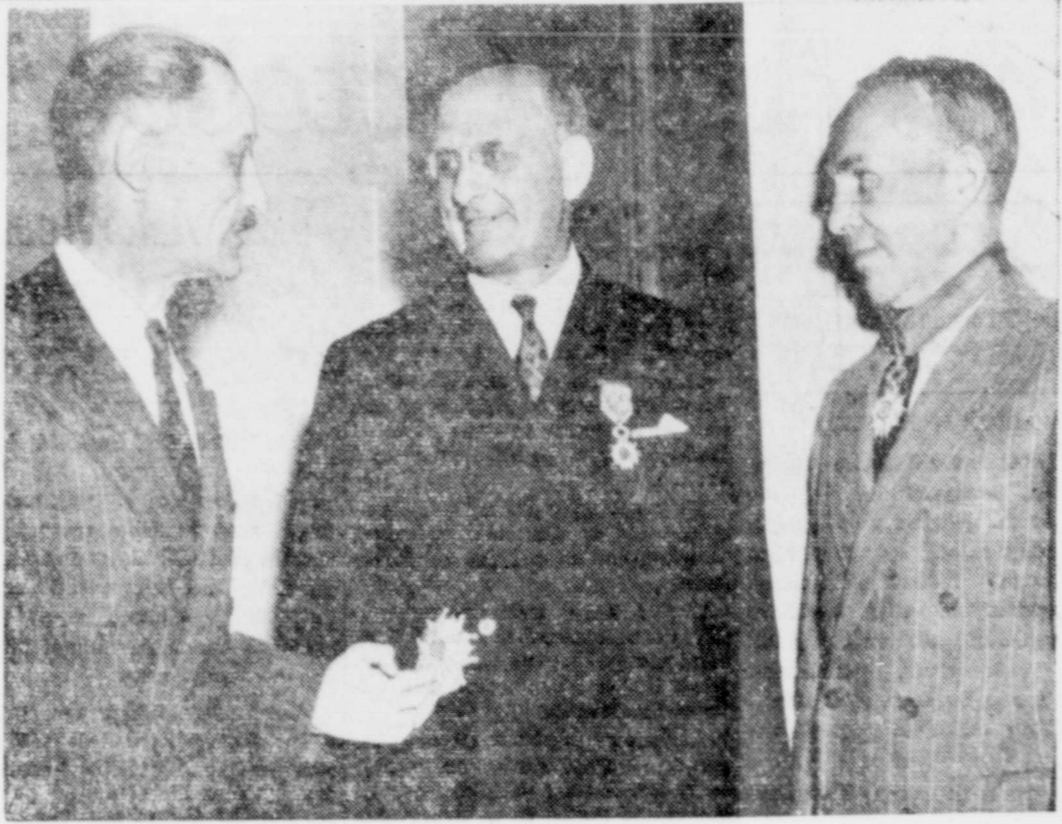

He is Jehovah. And by whatever name

His Law abides. The Legende is the same:

Life is the Law.

Love is its keeper.

—Louise Louis, in The Span.

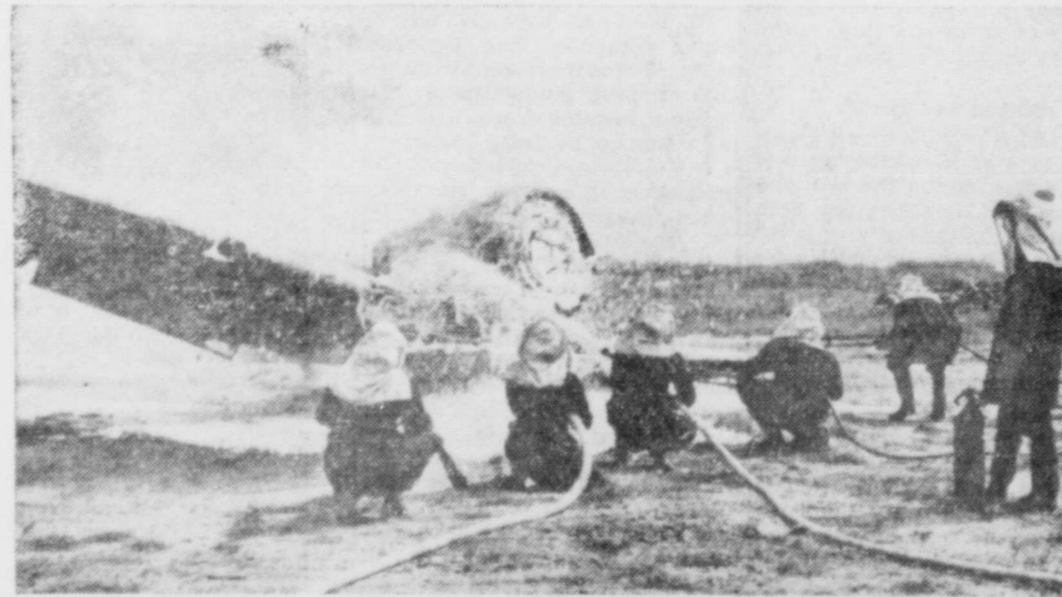

DECORATED BY FRANCE—French Ambassador Henri Bonnet presents medals on behalf of the French Government to former secretary of the Treasury Henry Morgenthau, Jr., and former Assistant Secretary of State Archibald MacLeish for their duties performed during the war. The ceremony took place at the French Embassy in Washington.

RECORD SMASHED—Coming in for a landing at Tangmere Airdrome, Sussex, Eng., is this swift RAF plane. Piloted by Group Captain Edward Donaldson, the jet propelled craft exceeded the present world record of 696 mph by 10 mph.

BEAUTY WINNERS—Miss America and the four runners-up stand before a reproduction of the scholarship certificate she won in Atlantic City along with the title and other prizes. Left to right, Amelia Ohmart, 5th; Marguerite McClelland, 4th; Marilyn Buford, California; Becky McCull, 2nd; and Jancy Miller, 3rd. They won scholarships, too.

NAVY FIREFIGHTERS—When this plane crashed at the Naval Materiel Center, Philadelphia Naval Base, these firemen demonstrated the proper technique in extinguishing flames and salvaging plane. The hoods protect the men from scorching gas flames.

CISCOANS ATTEND ONE-DAY CONVENTION.

A group of Ciscoans attended the one-day convention at Coleman Monday of Christian churches of the district, which was held in the First Christian church of that city. A splendid program was presented by noted church leaders from over the district and two fine meals were served the guests. The morning message was delivered by Rev. Richard Crews of Cisco. Mrs. Edward Lee was elected district secretary-treasurer. During the early afternoon a fitting memorial service was held which was led by Rev. Mr. Curtis of Brownwood honoring Rev. J. R. Wright, deceased pastor of Cisco. The Cisco delegation was invited to be seated at the front of the church. Splendid talks were made by several of the deceased minister's former associates in church district work and Rev. Richard

Crews was presented in a splendid talk on "What Bro. Wright Meant to Me as My Predecessor." Special music was furnished and lovely offerings were placed on the pulpit. Those attending from Cisco were Rev. Richard Crews, Mrs. J. E. Benedict, Mrs. E. H. Hester, Mrs. James Flournoy, Mrs. John Elkins, Miss Alice Bacon, Mrs. Rex Moore, Mrs. G. W. Troxell, Mrs. Willirue Logan, Mrs. Fred Erwin, Mrs. Edward Lee, Mrs. James R. Wright Jr., Miss Ethel Mae Wilson and Mrs. James Latimer.

MRS. J. E. WHISENANT HOSTESS TO W. M. U.

Mrs. J. E. Whisenant was hostess when East Cisco Baptist women's missionary union met Monday afternoon in her home for business and social meeting. Mrs. C. R. Hightower offered the open-

GREYHOUND

A REPORT on telephone progress in Texas

The first postwar year was the busiest year we've ever known, filled with work to give telephone service to those who are waiting and to improve service for everyone.

We have put in 240,000 telephones in Texas—nearly twice as many as in any prewar year. We are handling more calls per telephone now than in the rushed days of the war. And even this record-breaking performance has not been enough.

But we're glad to say we've been able to take care of most customers whose applications were held up by lack of facilities on V-J Day—and in most places, most of the time, service is fast and good. Operators are answering 9 out of 10 calls within 10 seconds.

Demand Up

On the other hand, more people than ever are applying for telephones—24,000 a month for the last six months. Prewar months averaged 11,000. Thus, as we go ahead on one front, there are increasing demands on another.

We want all those waiting for telephone service to know we are doing our best to get it to them. It is just as much an emergency to us as a hurricane—but this is country-wide.

Bell System factories today are working around the clock, three shifts a day. And—despite scarcities—are

even breaking some records set in boom days years ago.

In Texas we're putting the new equipment to work as fast as we get it, and putting up new buildings to house it when necessary.

People Are Telephoning More

This first postwar year has also brought an extraordinary increase in telephone use. Local calls are now 7 1/2 million a day in Texas—nearly 1 1/2 million a day over last year. That rise would have taken several years in normal times. Toll and long distance calls are also at all-time highs.

We have increased our forces to handle your rising telephone needs. Now we have 48,000 employees in the Southwest—more than ever before. This is an increase of 11,000 since the war ended. About 6,000 are returned veterans.

It will take a great deal of money and some time to do all the things we have planned for your telephone service, but our 250-million-dollar 5-year expansion program in the Southwest is well under way. During the first postwar year alone we spent about 50 million dollars providing telephone equipment.

It all adds up to our desire to serve well everyone who uses the telephone. And to do it always with courtesy and understanding.

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure herbal medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at night." A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many say have a marvelous effect. All druggists sell Swamp Root.

Mr. and Mrs. G. A. Eppler returned Saturday from a few days' business stay in Dallas.

Mr. and Mrs. Donald White, recently of Houston, are now located at 507 west Third street, Cisco.

Word received by Mr. and Mrs.

James Haynie said their son Harvey Haynie who recently joined the army, has been sent to Fort Knox, Ky., for his basic training.

Mr. and Mrs. B. E. Morehart enjoyed visits of two couples last week who were associated with them during their childhood and youth school days. Those visiting with them were Mr. and Mrs. Oliver Clouse, Cygnert, O., and Mr. and Mrs. Ottilie Bauchman, Ardmore, Okla. The visitors were greatly impressed with Lake Cis-

Visitors to Lone Star Gas company's exhibit building at the State Fair of Texas in Dallas, October 5-10, will have an opportunity to witness radio broadcasts by the Dude Ranch Buckaroos, popular orchestra specializing in folk music and western tunes.

The orchestra's radio show over WFAA will originate from the Lone Star building Monday through Friday from 11:30 to 12 noon during the Fair. The Buckaroos are sponsored by Lone Star Gas company over WFAA in a regular program from 11:45 to noon on Monday, Wednesday and Friday.

Members of the orchestra are Elmer Thompson, Louis Cook, Cotton Whittington, Buzz Burnam and

Alphonso (Jumbo) Drouin. Cook is from Dallas and Whittington's home is in Post City, Texas.

Gas air conditioning units that produce made-to-order temperatures, colorful kitchens designed to save steps, and vented heating equipment that makes for more healthful living will be among the magical gas appliances to be seen at the Lone Star exhibit.

Visitors will be shown the 1947 gas refrigerator featuring silent operation and a frozen food storage compartment. Trained personnel will explain various appliances. Free ice water and comfortable lounging chairs will be available, and the building, recently modernized, will be cooled by the gas air-conditioners.
