. . . is the popular way of saying that we act before we think. It is a state of mind not confined to the ignorant, nor to the mentally ill, but to all classes of people, some at times, others at all times. For instance, we buy property without an abstract. We spend several thousand dollars for improvements, Along comes a buyer who thinks before he acts and offers to purchase but wants an abstract first. How about your title, Mr. Seller? Can you deliver?
