## War Dept. Insists on Compulsory Military Training

### Firestone Won 3, Cedric Foster to Nance Copped 2 Address Mid-Continent Oil Men Games at Tenpins

Firestone Tire continued its steady climb in the Men's Bowling league last night by winning all three games from Premier Oil company, while Nance Motor company annexed two of the three tilts with Collins Hardware. Eight of the regulars were absent, which necessitated using their averages.

Playing tonight will be West Texas Utilities vs. Cisco Lumber & Supply and Van Gardenhire's Pets vs. Cisco Gas Corporation.

**CISCO STEAK HOUSE.**  
Mrs. Isa Johnson, well known cafe operator, has opened the Cisco Steak House at 104 W. Tenth street, just west of Norvell-Miller grocery. The formal opening date is set for Saturday of this week. The new cafe will open from 6 a. m. until 10 p. m. week days except Friday and Saturday, when it will be open day and night. The business will be under the personal supervision of Mrs. Johnson, who operated Everybody's Cafe here for five years, or until she was forced to suspend about three years ago because of lack of help. Since then she has cooked for the various organizations at Presbyterian encampment grounds and also during Cisco Homecoming week.

DALLAS, Oct. 2. — Cedric Foster, noted news analyst, has been added to the speakers for the Texas Mid-Continent Oil and Gas Association's Victory meeting, Oct. 17 and 18 at Houston, Andrew M. Howsley, general counsel, announced.

The newspaperman and radio commentator will address the Oct. 17 session on "Problems of the Post-War World." He also has been invited as honor guest for the association's dinner for the press that night.

Mr. Foster is the third well-

CEDRIC FOSTER.

known speaker to accept invitations to address the Texas petroleum men. Navy Secretary James Forrestal will make the keynote address on "Oil and Victory," and Russell B. Brown, general counsel for the Independent Petroleum Association of America, will discuss "A National Oil Policy."

A world traveler and foreign correspondent before the war, Mr. Foster was also a war correspondent in the Pacific battle zones for some months. He is particularly well-known in Texas where his daughter was a newspaperwoman and where he received an honorary degree from Southwestern University, Georgetown. He is coming to Texas especially for the Texas Mid-Continent meeting, and will broadcast his nation-wide radio program from Houston.

Mr. Foster will be introduced by Joe A. Clarke, Fort Worth banker and a former vice-president of the Texas Mid-Continent.

### JCs Heard Talk on Super Highway by Damron

Twenty-eight members and several visitors were present at Monday night's Jaycee meeting.

The program feature was to have been a moving picture of the Texas-TCU football game of last year, but mechanical troubles prevented the showing.

It was announced that the football programs to be sold by Jaycees at the Cisco-Stephenville game Friday night of this week have been completed and will be on sale. Money derived from the sales will be used by the Jaycees as premium money for the Eastland County Livestock Show to be held here next February.

O. S. Leveridge, chairman of the social affairs committee, stated that a party will be held for the Jaycees and their wives at the first regular meeting night in November.

E. G. Damron, representing the senior chamber of commerce, gave an interesting report on the progress of the new super highway that is to be built in the near future. He explained the action that is to be taken by Cisco to have the thoroughfare so routed that it will be of most benefit to this area.

By United Press.

WASHINGTON, Oct. 2. — The War Department today stepped up its fight for one year's military training—six months by the army and six months by semi-military organizations—for every physically and mentally fit American youth.

Details of the plan were released here shortly after Secretary of War Robert P. Patterson had told the American Legion National Convention in San Francisco about the army's proposal.

Patterson asked Legion support in the attempt to win congressional approval.

Patterson also asked National Guard backing when he first advanced the plan two weeks ago before that organization's national convention.

The proposal is a compromise of the army's original request for one year of compulsory military training by American youth.

Legislation to set up that plan died last spring without getting to a vote in congress.

The army's program calls for the registration of every male citizen on his 17th birthday to take one year of military training sometime between then and the age of 21.

All physically and mentally fit youths not covered by a navy training program would receive six months training at army installations.

The young men then would have some choice about the way they spent the other six months.

### Afl says campaign Against Lewis Invitation to Murder

ATLANTIC CITY, N. J., Oct. 2. (U.P.) — Delegates to the United Mine Workers — AFL — convention charged today that their absent chief, John L. Lewis, was the target of a campaign of vilification, almost inviting his assassination.

The convention gave a rising vote of confidence to Lewis, who was kept from the convention by illness. The action came on a resolution of the committee on the UMW officers' report.

The resolution said Lewis had been a target of attack by "enemies of labor," by members of congress and government agencies, "reaching to the very White House itself."

The White House reference presumably was directed at the late President Roosevelt's action during the 1943 coal strikes.

"Incitement to riot, even to assassination almost, could be detected in this campaign to vilify and destroy labor's champion," the resolution said.

### Golf Tournament Qualifiers Grow

Next Sunday will be the last day for players to qualify for the city-wide tournament, said Gene Damron today. So far a large number of players have qualified, but an even larger number of participants is desired.

To this end, and in order to widen the women's field in the division, Ranger women have been invited to enter the tournament.

This year's city tournament will crown a champion for 1946. Cisco has a large field of players and with the many new residents — some of whom are skilled golfers — a number of close matches are predicted.

Among the oldtimers who will enter the contest are George Fee and E. P. Crawford, who have always given a good account of themselves.

The course is in tiptop shape for play, so come out and have your share of the fun, Mr. Damron added.

**WORLD SERIES SUNDAY.**  
CINCINNATI, O., Oct. 2. (U.P.) — Baseball Commissioner A. B. Chandler's office announced today that, weather permitting, the 1946 World Series will start next Sunday in the national league city.

### Lions Assure Webb They Are Backing Junior College

At today's luncheon, Lion Gallagher presented Russell F. Webb, college registrar, who gave an excellent talk on the needs and plans of Cisco Junior college. The club wholeheartedly agreed to assist Mr. Webb and the Junior chamber of commerce in any way possible in their athletic expansion program.

President C. E. Paul directed an open discussion with the club's civic improvement committee regarding development of the tennis courts planned for Junior college and sponsored by Cisco Lions.

Lion Charles Burke introduced as his guest Glen Boyd, local agent of the Jefferson Standard Life Insurance company. Mr. Boyd hopes to become a Lion within the near future.

The various committees named at the last directors' meeting were officially inducted at today's session.

A motion was made and carried that the Lions sponsor the drive just opened to raise funds for USO. Lion Jackson is chairman and he will be assisted by Lions Lauderdale and McCracken, said Bill Fields, club reporter.

### Highway 36 Now Paved From Cross Plains to Abilene

ABILENE, Oct. 2. — Highway 36 is now paved from Abilene to Cross Plains, realizing a long-sought objective of local civic leaders. S. J. Treadaway, district highway engineer, announced today.

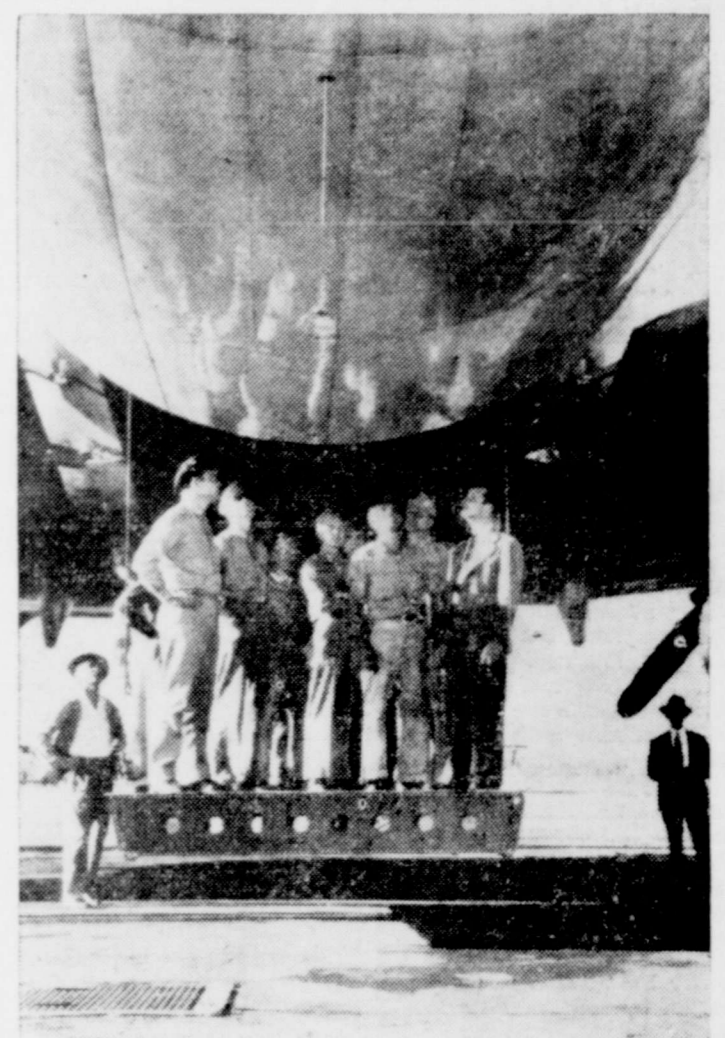

The last gap has been closed with completion of contract by Harry Campbell of Fort Worth on a 19-mile project extending from four miles southeast of the Abilene airport, to the junction with Highway 183, which connects Baird and Coleman.

The road was surfaced with asphalt, 22 feet wide.

It now provides a new all-paved route from Abilene to Brownwood which Treadaway said is about the same distance as the Abilene-Coleman-Brownwood road.

Highway 36 is surfaced with old paving from Cross Plains to Rising Star.

Treadaway ventured the private opinion that Highway 36 will be paved all the way from Abilene to Temple within a year.

GOING UP—Officers and men of the Army Air Forces' C-74 largest of its cargo planes, test its electric elevator. The elevator has a lifting capacity of 16,000 lbs. The huge craft is known commercially as the "Globemaster."

### Humble to Broadcast 4 Collegiate Games Saturday

Humble Oil & Refining Company announcers will again be busy this Saturday afternoon and evening, bringing football fans broadcasts of four collegiate games that feature Southwest Conference schools.

The broadcast of the Texas A. & M. - Oklahoma University game will start at 2:20 p. m. with Ves Box and Fred Kincaid handling the play-by-play and color, respectively. Stations WTAU, College Station; KRLL, Dallas; KTRH, Houston; and KABC, San Antonio will carry the game, which is to be played at the O. U. Stadium in Norman.

Another broadcast will start at 2:20 p. m. when Texas U. and Oklahoma A. & M. will tangle at Memorial Stadium, Austin. Kern Tips will be the play-by-play announcer and Alec Chesser will assist with the color. Stations carrying this contest will be WFAA-WBAA, Dallas; Ft. Worth; KPRC, Houston; WOAI, San Antonio; and KTBC, Austin.

The third, Saturday afternoon Humble broadcast will feature the T. C. U.-Arkansas game. Bill Michaels will be the play-by-play announcer with Bill Hightower adding color. KGKO, Dallas; Ft. Worth; KTSA, San Antonio; and KXYZ, Houston will carry the broadcast, which will start at 2:20 p. m.

Saturday evening at 7:50, the broadcast of the S. M. U. and Texas Tech game will start. Charlie

### Two Ciscoans Secure Vehicles at Camp Hood Sale

FORT WORTH, Oct. 2. — Martin O. Cleveland, route one, Cisco, and Hubert M. Pierce, Box 882, Cisco veterans of World War II, were listed among the successful purchasers at a two-day sale of surplus motor vehicles conducted by War Assets Administration at Camp Hood.

Cleveland was awarded a 1942 Ford command reconnaissance truck for \$516, and Pierce bought a 1941 Chevrolet cargo truck for \$749.

The sale, which was exclusively for ex-servicemen who held certificates from WAA for motor vehicles, resulted in the disposal of 369 vehicles recently declared surplus to the needs of the army at Camp Hood. All vehicles were sold at fixed prices in accordance with their used condition and the sale was the largest and most successful from the veterans standpoint of any held by WAA since early spring when there were far more surplus vehicles available for veterans to buy.

### VA Ruling Gives Farm Trainees Full Subsistence

A. D. Modisett, local contact representative from the contact office at Eastland, announces that he has received good news from the VA regional office in Dallas for the 1,500 North Texas veterans engaged in the VA vocational agriculture program — in the form of a ruling allowing them full subsistence under Public Law 679.

The new measure, effective Aug. 8, had been interpreted as reducing their subsistence approximately one-half.

Farm trainees, who must put in a minimum of 12½ hours monthly in classroom and 18 hours on the farm under supervision, can continue training and receive their full subsistence, Modisett learned from E. M. Cain, chief of the education division of the VA Dallas regional office.

"The order," said Mr. Cain, "is retroactive to the date on which the interpretation of the law went into effect. If a veteran has had a deduction made from his subsistence pay, the VA will repay him."

About 7,500 veterans in Texas,

### Former Members Other Services Can Join Army

Louisiana and Mississippi are enrolled in the program, which VA officials said is growing steadily.

Staff Sgt. C. C. Standley, army recruiter, stated today that former navy, coast guard and Marine corps personnel may now enlist in the new regular army.

Provisions of the new war department pamphlet 12-16 make it possible for former members of other services who were honorably discharged, or separated under honorable conditions, on or after May 12, 1945; who served a minimum of six months in one of the desired specialties, and who enlist in the regular army for three years, will be enlisted in grades appropriate to their prior training and service.

The army urgently needs men, said Sergeant Standley, who are qualified in certain specialties, and every possible effort will be made to give such men the grades they are authorized.

For further information, contact Sergeant Standley at Cisco post-office building.

## GADGET FOR POLIO.

Some army man whose name is now remembered only as Burns invented a particular kind of valve while he was stationed at Wright Field, Dayton, Ohio, during the war. It was just one of countless gadgets developed by the Army Air Forces because it seemed useful at the time.

That gadget, worth about 50 cents, is now believed to have been a major factor in saving the lives of 46 polio victims. It is used on an oxygen tank, to permit the oxygen to pass through a mask into a person's lungs. When normal lung capacity has been reached, the valve shuts itself off, then opens in time for the next breath.

With this apparatus, a constant flow of oxygen can be maintained without the usual tent which encloses the entire body up to the neck. Thus the Sister Kenny treatment of massage and hot packs can begin before the patient is able to resume normal breathing.

Soldier Burns, who is doubtless a civilian by now, can be very proud of his valve invention. In the extensive, difficult fight against polio, his little gadget seems to have been one of the few practical advances made in a long time.

## WALLACE AND VAN BUREN.

"It will kill him, sir, kill him dead. He will never kick, sir, never kick." Thus John C. Calhoun, the great South Carolina statesman of 100 years ago, justified the Senate's refusal to confirm Martin Van Buren's appointment as minister to Britain. Calhoun and others believed that this would kill Van Buren politically. Thomas H. Benton, the administration leader in the Senate, said more truly, "You have broken a minister and elected a vice-president." This came about, President Jackson, indignant at Van Buren's defeat, put him on his ticket as vice-president, and at the next election made him president.

Henry A. Wallace, knowing American history, may be wondering if his dismissal from his cabinet post will prove as politically advantageous as the rejection of Van Buren.

... is the popular way of saying that we act before we think. It is a state of mind not confined to the ignorant, nor to the mentally ill, but to all classes of people, some at times, others at all times. For instance, we buy property without an abstract. We spend several thousand dollars for improvements. Along comes a buyer who thinks before he acts and offers to purchase but wants an abstract first. How about your title, Mr. Seller? **COATS - STOVALL WEDDING HELD SUNDAY.**  
Sunday afternoon, September 29, Miss Irma Lou Coats became the bride of Truett Stovall of Gorman in a quiet ceremony held in the home of Mr. and Mrs. J. E. Whisenant, Cisco friends of the couple. Rev. Evan Holmes officiated in the double ring ceremony in the presence of immediate relatives and a few close friends.  
The bride wore a becoming two-piece dress of poudre blue with

black accessories. Her corsage was of white roses tied with pink ribbon. She carried a dainty handkerchief belonging to a friend for something borrowed and wore a tiny gold locket of her mother's for something old.

Mrs. Stovall is the daughter of Mr. and Mrs. A. A. Coats and was reared in Cisco. She attended Cisco high school and has recently been employed by the Boss Glove factory. Mr. Stovall is a son of Mrs. M. E. Stovall of Gorman, where he was reared and attended school. He also attended Cisco Junior college. He served twenty months in the navy overseas and received his discharge in February. He is employed by the Westfall Service station.

Mr. and Mrs. Stovall will make their home on west Fourteenth street, Cisco.

## OCTOBER 5th is an important date

All men who volunteer for the new Regular Army on or before October 5, 1946, are guaranteed the full educational benefits of the G. I. Bill of Rights for the complete term of their enlistment—1, 1½, 2 or 3 years, whichever they choose.

For men enlisting after October 5th, benefits under the G. I. Bill of Rights will accrue only so long as the period of emergency exists. Upon official termination of the war, these benefits cease.

These benefits, which include the opportunity to get a full college, trade or business school education, are very important to every man who plans to enlist in the new Regular Army. Be sure you get all the facts before October 5th from your nearest U. S. Army Recruiting Station.
