## Truman Not Likely to Order Decontrol of Meat

By United Press.

WASHINGTON, Oct. 12.—President Truman will tell the nation Monday night what he intends to do about the meat crisis. Best indications tonight are that his solution will not be decontrol.

The White House announced that Mr. Truman will go on the air at 9 p. m. CST Monday on all networks to discuss the stabilization program with the people.

Shortly after this announcement, high agricultural department sources hinted that the recent formal petition of the OPA Beef Industry Advisory committee, asking removal of meat and livestock from price control, would be denied.

They said announcement of the decision would be delayed until "higher levels" reveal future administration policy—an apparent reference to the decision Mr. Truman intends to announce Monday night.

The White House announcement said merely that the president would discuss the stabilization program. This includes controls on wages as well as prices. White House Press Secretary Ross told newsmen that, of course, the subject includes meat.

Since Mr. Truman planned to speak about the whole program, it was believed that he was prepared to defend meat price controls as long as any vestige of the stabilization program remains.

Mr. Truman apparently had decided to stand by his guns on the politically-fateful issue of whether to remove meat controls, thus admitting defeat on a major anti-inflation front, or keep them on and risk the wrath of meatless voters in November.

Carroll Reece, Republican national committee chairman, said that while there is "no reason for opposing or criticizing a proper solution of the meat crisis if one is forthcoming," the administration would be wise to take "the long-range viewpoint."

He said Americans are not willing to sell their votes on Nov. 5 for steaks and chops "if they know they will be able to get only horse meat to eat in January or February."

Sources close to Secretary of Agriculture Anderson said that under strict interpretation of the price control law, the beef industry petition for decontrol could not be granted.

The agriculture department sources said the number of cattle on ranges means nothing as far as meat supplies are concerned.

## U. S. Loses In Fight to Ease Hungary Burden

PARIS, Oct. 12. (U.P.)—The United States tonight went down to an overwhelming defeat in its last minute attempt to cut Hungary's reparations bill to Russia and Yugoslavia from \$300,000,000 to \$200,000,000.

The peace conference meeting to approve a draft of the Hungarian peace treaty, rejected the American request to ease the financial burden on Hungary. Soviet representatives labeled the American plan "an unfriendly act."

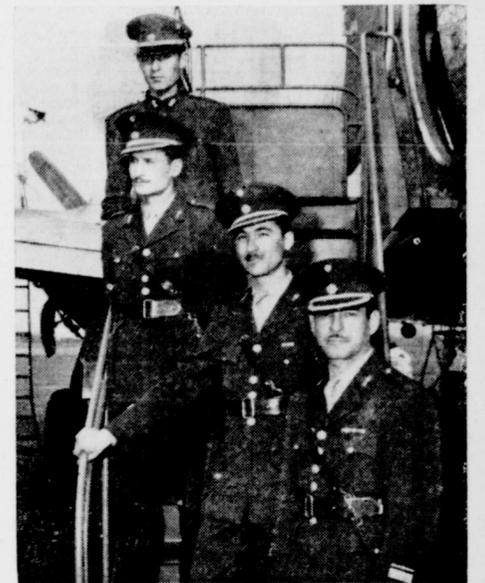

## OPA Promises to Aid Vets in GI Housing Prices

WASHINGTON, Oct. 12. (U.P.)—Price Administrator Paul Porter said today that OPA on Monday will start enforcing veterans' preference and ceiling prices on GI houses.

He said builders authorized to erect 700,000 veterans' dwellings since Jan. 15 will be called on to report what they did with their houses. Rent experts will check priorities and where buyers have paid over-ceiling prices. OPA will help win refunds, he said.

## Eastland County VA Contact Office is Well Equipped

EASTLAND, Oct. 12.—James M. Brown, Sr., contact representative in charge of the Veterans Administration contact office, whose headquarters are in the Sinclair-Prairie building, here, announces that Lonzo M. Gober, VA training officer, has been transferred here from the Mt. Pleasant VA office.

Mr. Gober served as a captain in the army air corps. His overseas assignment was in the European Theater of Operations. Mr. Gober, whose educational background includes a degree in agricultural engineering, will work in cooperation with Harry J. Walter, local training officer. Mr. Walter will attend to the training requirements and training problems of all veterans in on-the-job-training programs and enrolled in educational institutions, while Mr. Gober will attend to the requirements and training problems of all veterans under vocational school agricultural programs.

The assignment of Gober to this office, Brown said, is in line with the Dallas regional office policy of carrying the service of the Veterans Administration to the veteran wherever he may be. The VA staff at Eastland now includes the following:

James M. Brown, Sr., contact representative; A. D. Modisett, contact representative; Harry J. Walter, training officer and Lonzo M. Gober, agricultural training officer.

This office, which has jurisdiction over the four-county area of Callahan, Shackelford, Stephens and Eastland counties, is prepared to assist the veteran and his dependents in all the benefits administered by the VA. The benefits include: Insurance, Compensation, Retirement Pay, Vocational Rehabilitation, Educational Training, Veterans' Readjustment, Medical Treatment, Hospital Care, Domiciliary Care and Guardianship matters.

## Farmers' Union Head Says OPA Is Monstrosity

DENVER, Oct. 12. (U.P.)—James G. Patton, president of the national farmer's union, said today that OPA is "an impossible monstrosity" and that he was demanding that President Truman reconvene congress for the purpose of enacting a new wage-price structure.

Patton said there is a strike by those who have cattle for a higher income and higher price.

## PTA Father Night Mother of Dr. C. Meeting Be Held C. Jones Observed Thursday Evening 91st Birthday

West Ward PTA announces its annual Fathers' Night dinner for Thursday, Oct. 17, 7:30 o'clock, at First Presbyterian church, Turkey will be served.

The principal speaker of the evening will be R. F. Webb, Cisco Junior college registrar, and Fred Baumgardner, Lobo band director, will present some of his pupils in a musical program.

This is a popular annual affair in which parents of the children enrolled in west ward school may come together for an evening of fun, fellowship and entertainment. Mrs. Sutton Crofts is general chairman; Mrs. Lonnie Shockley, hospitality chairman; Mrs. Lee Heltzel, program chairman.

Invitations will be sent to each parent and it is requested that they be filled in and returned as soon as possible, that plans may be made for the supper.

of inspired defense merely delayed the inevitable. Once Williams leaped to bat down a pass that had six points written all over it. But he wasn't in the way of another that Grissett burned straight down the middle in the second quarter and McWhorter took for a total gain of 50 yards and six more points of Resorter insurance.

Neither try for point after the first two touchdowns was good, and the score rocked along as a more or less modest 12 to 0—re-ieved by two gallant Lobo goal line stands—until near the middle of the fourth. There the cocky lads from the land of muddy water and fried catfish and silk-worms added insult to injury with a sharp, over-the-line bullet pass. Grissett to Glenn, that bridged five stubborn yards for six more points. Barrett's try was good and the score was finally written in the record books at 19 to nothing.

The statistics tell a sober story, from the Cisco side of the ledger:

## Palace Picture is a Tribute to Boy Scouts of America

"Men of Tomorrow," a two-reel technical tribute to the Boy Scouts of America, will be shown at the Palace theater today and Monday.

Scouts from Cisco Troop 101 will act as ushers and all scouts will be admitted free when okayed by Scoutmaster S. E. Hittson, said Wallace Smith, theater manager.

Examining the numerous facts of scouting, and describing the high ideals that have given the organization an enviable reputation as one of the finest youth movements in the world, the picture appears destined to draw large audiences from among scouts, BSOA enthusiasts, parents, and others.

All phases of the scout movement are touched upon in the picture: Camping, first-aid, sea-scouting, aviation, forest lore, etc., while throughout the subject special emphasis is given to the character-building aims of the organization.

The play was written by Sol Elkins and is produced by Warner Bros. Running time, 20 minutes.

## Vinegar Joe, Vet of Two Wars, Died Saturday at 63

SAN FRANCISCO, Oct. 12. (U.P.)—Gen. Joseph W. Stillwell, the acid-tongued and famous "Vinegar Joe" of the China-Burma-India theater and a fighter in two World Wars, died today of an incurable ailment of the liver.

The 63-year-old soldier was commanding general of the Sixth Army at the time of his death.

He died in an ordinary ward at Letterman General Hospital—scorning special comforts and privileges to the last as he had ignored personal safety and fatigue in the jungles of Burma.

Stillwell entered the hospital Sept. 28 for a routine check. Five days later he underwent a major operation. He weakened steadily and death finally came at 2:48 p. m. today.
