Inflation Fight in Lap of Labor, Industry, Public

Plunkett's Stage Show Here Three Nights This Week

By ROBERT LOFTUS,
United Press Correspondent.

Plunkett's stage show will stretch tents Thursday just north of the Daily Press office for a three-night engagement, under auspice of Cisco American Legion. The show was here last year and made a good impression, but the organization is larger this year, the troupe now numbering 25 people. The new performers include Jimmie Van, a very clever comedian; Tommy Junedas of New York, talented balancer and acrobat. Jim Plunkett is home from the army, which means all the Plunketts are back together again. Jim Plunkett handles the orchestra.

Captain Plunkett heads a trained seal act that is always interesting. The traveling school house, a prewar feature, has been revived. J. W. Pecehouse, a former county superintendent of Lubbock county, heads this feature. Misses Jerry and Gloria furnish the singing and dancing.

Captain Plunkett says the new flame-proof tent will seat 1,000 people and a copy of their advertisement in today's paper will admit one lady free with a paid adult admission. This applies only to opening night. Holders must pay the government tax.

CITY HALL REVIVAL.
The revival effort at city hall continues, this being the third week of the campaign. Mrs. Vivian Burr, pastor of the Assembly of God Church at Eastland, with her husband Mr. Burr and Mrs. Smith, attended and assisted in the service Monday night. The Assembly of God Church folks of Eastland, with the help of the Texas District Council Assemblies of God, have bought the old Nazarene church and parsonage in Eastland and will occupy the property when repairs have been completed. Services each night at Cisco city hall at 7:30. Evangelist M. E. Edmondson from California is in charge. Last night he preached on "The Grace of Giving."

THIRD SABOTAGE ACT.
PITTSBURG, Pa., Oct. 15.—The strikebound Duquesne Light company announced a bullet was fired today, reducing the supply of electricity to the Pittsburgh industrial area. It was the third instance of sabotage recorded by police in the 22-day-old power strike.

ELLIOTT FEARS WORST.
BOSTON, Oct. 15.—Elliott Roosevelt, son of the late president, left for New York today after declaring his father would not have lifted price controls on food if he were alive. Said Elliott: "Now you'll see bread at \$15 a loaf."

WASHINGTON, Oct. 15. — The government went into action today on a vast decontrol program that promised to turn the battle against inflation over to the people by the year-end.

Almost before President Truman's order removing price ceilings from meat and livestock went into effect, OPA began drafting a list of hundreds of other items soon to be freed of controls.

Wage controls also seemed certain to go by the boards.

Some officials guessed that aroused labor unions might force the lid off wages at any time within the next 60 days.

Reconversion Director John Steelman discussed the wage problem with his special advisory board today and there was a possibility that he might go immediately to Mr. Truman with a recommendation for removal of controls.

Republican leaders promptly attacked the administration's swing toward a free economy as a political move dictated by fear of losing the congressional elections three weeks from today.

GOP National Chairman Carroll Reece demanded and obtained 15 minutes radio time to answer the speech broadcast by President Truman last night.

Reece will be heard in a coast to coast broadcast — CBS — tonight.

OPA's decontrol plans will be announced early in November.

A list of possibly several hundred still scarce items will be published, and every product not on that roster will be freed of price controls automatically.

When that is done, an estimated 60 to 65 per cent of the national economy will be uncontrolled and the government will have surrendered its leadership in the anti-inflation fight to labor, industry and the consuming public.

Best indications were that rents, automobiles, building materials, basic clothing items, furniture, household appliances and farm equipment would top the list of goods and services to remain under control indefinitely.

But flour and bread, radios, electric irons and coffee probably will be among the first items to be decontrolled.

President Truman himself signed OPA's death notice last night when he took the lid off meat and branded the existing stabilization law as unworkable.

Hogs, Lambs Hit Texan Officiates an All-time High as Nazi Hangman as Controls Die Early Tomorrow

By United Press.
A booming rise in stock market prices and quotations on livestock in the big Midwestern meat centers followed end of meat control today.

Even before OPA Chief Paul Porter signed the decontrol order, hog prices at Indianapolis soared to an all-time top of \$30 per hundredweight, \$13.75 over yesterday's regulated quotation.

Cattle in Chicago brought prices running from \$2 to \$8 over yesterday's level.

Lambs hit an all-time high of \$21 in Fort Worth and hogs brought \$25 at San Antonio.

Meat industry sources guessed that prices would continue to rise for another month, or until supplies reach the retail outlets in quantity.

NUERNBERG, Ger., Oct. 15. (U.P.) Eleven doomed Nazi war criminals, headed by Herman Goering spent their last hours tonight under heavy guard in dimly lighted cells, awaiting their death by hanging in the early hours of tomorrow morning.

From behind a thick curtain of official secrecy came the apparently definite but still unofficial news that the hangings would start at 12:01 a. m., on two prefabricated, portable gallows, with M. Sgt. John C. Woods, San Antonio, Tex., American army hangman, and two aides officiating.

CHEYENNE, Wyo., Oct. 15.—A top price of \$35,000 was paid for a Hereford bull Monday at the annual sale and auction of the Wyoming Hereford Ranch, which attracted stockmen from 40 states.

St. Louis Cardinals Won World Series, 4 to 3

ST. LOUIS, Oct. 15. (U.P.)—The St. Louis Cardinals won the World Series today by defeating the Boston Red Sox, 4 to 3, in the seventh game.

The Cardinals scored the winning run in the last half of the eighth inning.

The Red Sox had knotted the game in their half of the inning, when two pinch hitters came through with timely bingles and Di Maggio doubled them home.

Bob Killinger was the losing pitcher, while Harry Brecheen was the winner.

Ciscoan a Kinsman.
Harry Brecheen, whose home is Ada, Okla., is a first cousin of W. D. Brecheen of Cisco, employe of the Cisco Daily Press. Today's game was Brecheen's third victory during the series.

Roscoe Sisters 17 and 12, Disappeared Sunday

SWEETWATER, Oct. 15.—Sweetwater police were on the lookout today for two teen-aged sisters who disappeared Sunday on their way to visit relatives near here.

The girls, Reba Byrd, 17, and Margaret Byrd, 12, daughters of Mr. and Mrs. Hefman Byrd of Roscoe, were last seen approaching Highway 80.

Reba, brown-eyed, brown-haired, was wearing a black and white checked blouse and a navy blue skirt; Margaret, with blue-grey eyes and blonde hair, was wearing a gray blouse with pink roses and a tan skirt.

Americans Are Steadily Becoming Taller

CHICAGO, Oct. 15.—The National Association of Bedding Manufacturers has begun a campaign to bring relief to persons who continually find themselves cramped in bed.

The association wants to increase the standard bed size from 74 to 78 inches.

A spokesman for the organization said the present size was made standard after World War I, when the average height of soldiers was 67 inches. Today the average has increased an inch and the percentage of six-footers has almost doubled, he said.

DEATH IN THE ZOO—George Irving, rookery attendant at Lincoln Park Zoo, Chicago, examines some of the rare birds killed by four teen-age boys armed with clubs. The dead birds are a Manchurian crane, a blue billed curassow, two black-backed gulls, one Canadian goose and one moskovo duck. All were rare species.

Salvation Army Texas Infantile Fixes for Grow-Paralysis Quota

DALLAS, Oct. 14.—The Salvation Army's Compton Citadel, with an eye to mounting juvenile delinquency figures, is enlarging its gymnasium and building locker, game, arts and craft rooms and library, and is laying plans for the only swimming pool in South Dallas.

Physical and spiritual guidance for every person from the cradle to the grave is the aim of the Citadel, Corinth and Browder, which is under the leadership of Adjt. Luther M. Smith, Adjutant Smith recently was transferred from Mason, Ga.

The instant a child is born, the Citadel, a Community Chest agency, has definite plans for it, among them a Cradle Roll Sunday School class and nursery which is actually a friendly ruse to encourage the attendance of parents.

Cub Scouts and Sunbeams organizations are next in the chronological line, followed by the Boy Scouts and Girl Scouts. For adults Ladies Home League meetings for sewing, homemaking and cooking are provided. Hospital and social service home visitations, providing medical aid for the indigent and search for missing persons is part of the organization's work.

Men's activities include direction of regular services, special street meetings and band sessions.

Since January 9, 1946 have attended adult meetings and 12,000 have attended religious youth services.

DALLAS, Oct. 15.—Plans for the 1946 Sister Elizabeth Kenny Infantile Paralysis campaign, which will run from November 18 to December 7, are proceeding rapidly, according to George C. Francisco, Jr., Houston, state chairman. The Texas quota is \$150,000.

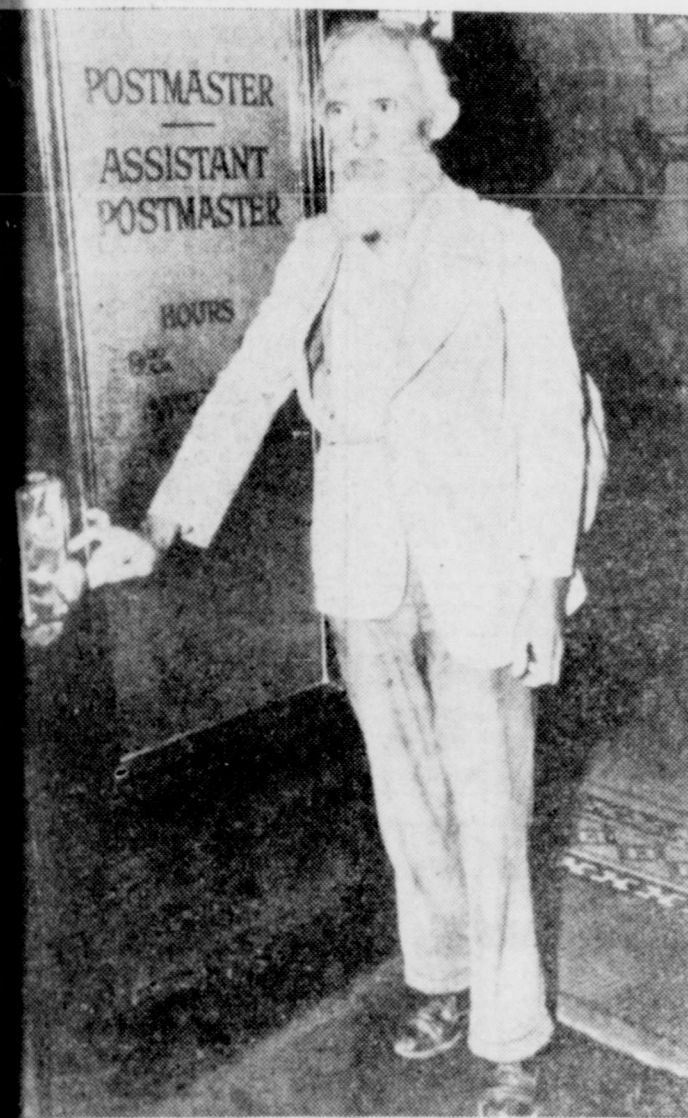

The state campaign is being conducted by counties, with a separate quota for each county. Chairmen are now being selected for the individual county campaigns.

Funds from this campaign will be used to send nurses to Minneapolis to train as Kenny technicians, and to eventually build a Kenny clinic in Texas, so that Texas victims will have access to the best known treatment of this dread disease.

Anyone wishing to help in this campaign is asked to contact the Texas Headquarters, Driskill Hotel, Austin, Texas.

PRODUCTION IS UP.

AUSTIN, Oct. 15.—Texas grapefruit production will jump upward to a mark of 24,500,000 boxes for the 1946-47 season, the United States department of agriculture predicted today in a special citrus report. If grapefruit growers reach the forecast figure, they will produce approximately 2 percent more than the 24,000,000 boxes harvested last year and 10 percent more than the 22,300,000 boxes packed in 1944.

HOME FROM THE ROAD—John Francis Stahl, 64, who quit his postman's job in San Francisco years ago and "took to the road" returns to the postmaster's office. He has walked about 10,000 miles throughout the U. S. and Central America.

Mid-Continent Oil and Gas Victory Meeting This Week

Petroleum leaders from Cisco and other West Central Texas oil centers in large numbers will attend the Texas Mid-Continent Oil and Gas association's Victory Meeting at Houston Thursday and Friday, Oct. 17 and 18, according to Jack B. Robert of Breckenridge, association vice-president for West Central Texas.

"This area will be well represented at the meeting, the first general gathering of the state's oil and gas operators since 1943," Mr. Robert said. "A full program of speeches and entertainment, including the oilmen's golf tournament, has been planned for the two-day session, which also will attract leading oilmen from other states."

Christened the association's Victory Meeting, the convention has as its theme the part petroleum played in helping win the war. Texas alone supplied almost three-fourths of the nation's increased oil needs for war, Robert said.

The keynote address will be delivered by James Forrestal, secretary of the navy, speaking on "Oil and Victory" Friday afternoon, Oct. 18. Other nationally-known speakers include Cedric Foster, news analyst, who will talk on

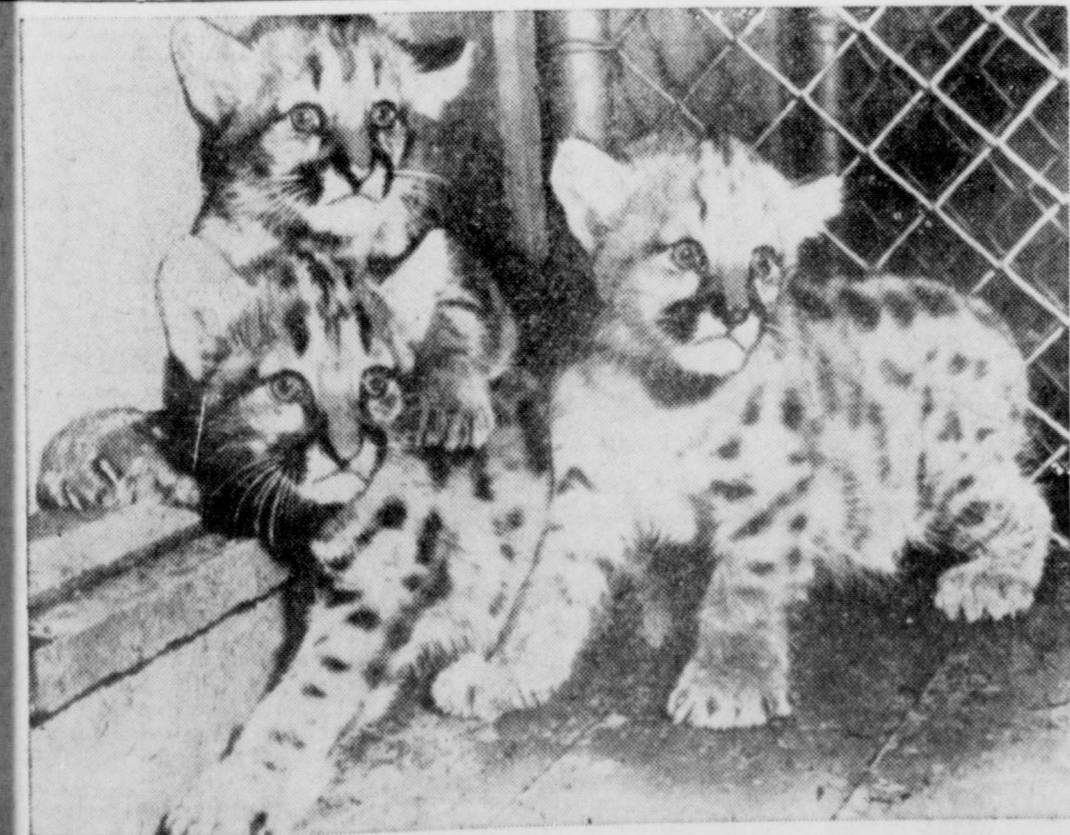

"Problems of the Post-War World" Thursday afternoon and be guest of honor that night at the association dinner honoring the press. Russell B. Brown, general counsel of the Independent Petroleum association, will discuss "National Oil Policy" at the opening session that morning.

Texas speakers include John S. Redditt, Lufkin, chairman of the Texas highway commission, talking on "The Oil Producer and the Gasoline Tax" and ex-Senator Clint C. Small, Austin, discussing "Price-Fixing by Governmental Agencies," both Thursday.

The meeting will mark the Texas Mid-Continent's twenty-seventh anniversary as the Texas industry's service and research organization.

FISHER AT EASTLAND.

Ralph T. Fisher, manager of the Social Security Administration field office in Abilene will be at the U. S. employment service office in Eastland, Thursday, October 17. Mr. Fisher visits Eastland on the third Thursday of each month for the purpose of assisting eligible persons with their retirement or death claims under the Social Security act, and for the purpose of furnishing information on social security. His next scheduled trip to Eastland after October 17 is on November 21. All persons having business with Mr. Fisher should call promptly at 1 p. m., as he will remain at the office for only a short time.

ANXIOUS—Displaying looks of apprehension, these shiny new mountain lion cubs appear worried about their future. Born in the meatless world at the National Zoological Park, Washington, D.C., and only three-weeks-old, they are already wondering if the meat shortage will cut into their supply of horsemeat.

CAMPAIGNERS—Making no secret of their feelings concerning the price of milk since ceilings were lifted, these New York women are shown prior to their departure for Washington, where they plan to picket the Price Decontrol Board. They want ceilings restored on dairy products. The PDB has three times refused the restoration.

TIME FOR A CHECK-UP!

After last summer's hot and dusty mileage, your car is tired and rundown. It hasn't got the pep, the spruce appearance, the spring in its joints it had last May. It's time to take it to your Humble station for a check-up. These services are essential after a summer of hard driving.

- TIME TO CHANGE OIL**
Drain dirty, diluted, dangerous summer oil, FLUSH, and refill with Balanced 997—It's a good number! Or with Esso Motor Oil—unexcelled!
- TIME TO LUBRICATE**
Humble charted lubrication gets into every bearing with the right lubricant for smooth, long-life operation.
- TIME TO CHECK COOLING SYSTEM**
Drain, flush, and refill the radiator. Replace worn fan-belts and drippy water-hose.
- TIME TO CHECK TIRES**
Rotate your tires for longer wear. Replace treadbare tires for safety's sake. At many Humble stations, you can get Atlas Tires, with the unconditional warranty.
- TIME TO CHECK BATTERY AND BATTERY CABLE**
Does yours need recharging or do you need a new Atlas battery? And don't forget frayed battery cables—they can give you a lot of trouble.
- TIME TO CHECK WINDSHIELD WIPER BLADES**
You'll need a clean sweep on your windshield this winter. To drive safely, you must be able to see.
- TIME TO CHECK YOUR SPARK PLUGS**
Replace burned, cracked spark plugs for more efficient operation and for better gasoline mileage. At many Humble stations, you'll be able to secure Atlas Champions.
- TIME TO WASH, POLISH AND WAX YOUR CAR**
Save that paint. You'll want your car to look good until next Spring.
- TIME TO CHECK DIFFERENTIAL AND TRANSMISSION LUBRICANTS**
These should be changed every 5,000 miles. When was the last time you changed yours?
- TIME TO FILL UP WITH ESSO EXTRA**
The best gasoline you ever used!

HUMBLE
