Truman to Address N.Y. Un Meeting Wednesday

By United Press.

WASHINGTON, Oct. 17. — Armed with a private report from Secretary of State James F. Byrnes on the Paris Peace Conference, President Truman made it known today that he will speak out personally for the battered cause of peace when the United Nations General Assembly convenes in New York next Wednesday.

The President's decision to address the UN meeting was announced today.

Byrnes, who arrived back in Washington an hour before he met with Mr. Truman, will make his own report to the nation tomorrow night in a coast-to-coast broadcast --NBC-- beginning at 9 p. m. CST.

Speculation that American relations with the Soviet Union might be the main theme of Mr. Truman's UN address was heightened by news that Walter Bedell Smith, U. S. Ambassador to Russia, has arrived back in Washington after a secret trip from Moscow.

UNION LEADERS A. F. Whitney, left, President of the Brotherhood of Railroad Trainmen, and Philip Murray, President of the CIO, confer at Miami Beach. Murray invited the Trainmen to join the CIO.

HEAVY FLOW OF MEAT TO BIG MARTS

By United Press.

Meat-on-the-hoof, which in a few days will find its way to the nation's dinner tables, poured into the big livestock markets today in the heaviest volume this year.

Long lines of trucks filled with cattle, hogs and sheep waited to unload at the great Midwestern stockyards. The cornbelt was sending animals to market in numbers surpassing even the rush last summer during the price ceiling holiday.

Packers reported difficulty in getting enough labor to handle the record run.

Many yards were jammed with animals held over from yesterday's heavy shipments.

The congestion was aggravated in spots by a shortage of railroad cars needed to haul livestock away from the yards after it had been bought by shippers.

In the face of the heavy run, prices on hogs dropped sharply from the all-time high levels established immediately after removal of price ceilings.

The trend of cattle prices was uneven. No general trend of fat lamb prices was available.

Combat Fields Can Be Set Up Quickly On Arctic Ice

WASHINGTON, Oct. 17. (AP)—Col. Clarence S. Irvine, pilot of the "Pacusan Dreamboat" that flew non-stop over the Arctic from Honolulu to Cairo, said today it would be possible to set up combat airfields within a few days on the Arctic ice.

"If we wanted to establish a base in the Arctic we could use the same tactics we used in the Pacific," Irvine said.

ALL-VOLUNTEER BASIS.

WASHINGTON, Oct. 17. (AP)—The army announced today it will discharge by next Jan. 1 all men drafted during 1945 as a new step in its effort to put the army on an all-volunteer basis. Reliable army sources said the move was speeded up by President Truman.

LARAMIE, Wyo., Oct. 17. (AP)—All 13 passengers and crew members of an eastbound chartered C-47 "Skytrain" were killed today when its pilot attempted to land here after running into foul weather.

BAN BE EXTENDED.

WASHINGTON, Oct. 17. (AP)—Housing Expediter Wilson W. Wyatt revealed today that the ban on non-essential commercial and industrial building will be extended into 1947 and that price controls will be kept on building materials and new homes.

WAGE DECONTROLS.

At the Clifton sale last week the Fry ranch was seller of two of the cows which brought the highest prices. The ranch received \$900 for one of the cows and \$500 for the other.

REVIVAL ENDS SUNDAY.

The revival campaign which has been under way at Cisco city hall, under the leadership of Evangelist and Mrs. M. E. Edmunson of Colton, Calif., will come to a close Sunday night. Rev. Lester Summers of Brownwood attended and aided in the services Tuesday night. Mr. Summers is pastor of the Assembly of God church in that city. Another gospel street service will be conducted Saturday at 4 p. m., weather permitting. Services the rest of this week at 7:30 p. m., to which all are welcome. Old Agers, School Teachers, Chiroso in the Lime Light

AUSTIN, Oct. 17. — Whether or not the new members of the Texas house of representatives form a bloc in the 50th Texas legislature, most of the new members will be voting for greater old age pensions and for increased salaries for school teachers! In fact, to judge from expressions of both old and new members who have visited Austin since the Democratic primary election, voting on those proposals will be practically unanimous.

The same liberality is not expressed by visiting members-elect about the proposal to pay a state bonus for war veterans. In fact, the proposal does not seem to have organized support to date.

Texas legislators were put on notice a few weeks ago that they will again have to go through the battle between members of the medical profession and chiropractors.

The executive council of the state medical association met with the legislative committee at Fort Worth and decided to ask the 50th Texas legislature for a "basic sciences" act.

Under the "basic sciences" plan, persons desiring state licenses for healing pass an examination before a board on basis topics. Such tests are not before a medical board, a chiropractic board or a board representing any particular system or method of healing. It is a board composed of scientists—usually professors from state-supported colleges and universities.

If the applicant can pass the test on "basic sciences," he then is eligible to apply to his particular board for a license. If he is a

medical practitioner, he goes before a board of medical doctors. If he is a chiropractor, he goes before a board of chiropractors and if he is an osteopath, he goes before a board of osteopaths.

HOT CLASS B CONTEST.

MORAN, Oct. 17. — The conference football game here Friday night between Early High School Longhorns and the Moran Bulldogs promises to be hotly contested. The game will be called at 7:45 and will be the second game to be played under the lights at the Moran field. Early High recently defeated Baird, 34 to 12 and claims to be the best B class team in this area. The winner of this game will likely win the district pennant and Moran fans will be on hand to give the locals all help possible.

POSTER GIRL—Pretty Elizabeth Harvey of Claygate, Surrey, England, was chosen the poster girl for England's Women's Auxiliary Air Force.

Mrs. J. R. Hilburn, Mother of Ciscoans, is Dead

ABILENE, Oct. 17. — Funeral for Mrs. J. R. Hilburn, 78, who died at Hendrick Memorial hospital late Wednesday, will be held at Abila, Texas, Friday afternoon.

Mrs. Hilburn was stricken Tuesday evening at the home of a son, T. L. Hilburn, 1141 Rogers. She came to Abilene a month ago from New Orleans, where she had lived a year.

She was born Mary Etta Perkins June 11, 1868 in Alabama, married J. R. Hilburn in 1888 in Louisiana, and moved with her husband in 1892 to Mineola, Texas, where Mr. Hilburn was a building contractor. Mr. Hilburn died in September, 1927.

Survivors are the six sons: T. L., Chester J. and E. B. Hilburn, all of Abilene; H. E. Hilburn of Prowell; F. W. Hilburn, Cisco, and J. W. Hilburn, Alexander; and four daughters, Mrs. V. V. Hall, New Orleans; Mrs. Jim Craver, Mrs. B. J. Osborne, Cisco, and Mrs. V. A. Smith, Dallas.

DANCING AT LAKE.

The Lake Cisco Amusement company will open its winter dance season this week at the company's pavilion at Lake Cisco. The floor has been refinished and is in excellent condition. Strictest order is always maintained at the resort, so that those who like to dance will have opportunity to enjoy this recreation in a pleasant atmosphere. The first dance will be held Friday evening from 7 to 11. Continuous music will be played.

IT WAS BOUND TO HAPPEN—Traffic on the West Side Highway in New York City momentarily came to a standstill when these six cars piled up. It all started when the lead car stopped suddenly on the four lane speedway to peruse a road sign. Two persons were injured.

ORGANIZED VETERANS

The veterans who are a "lotter" has many organizations. The oldest organization, the American Legion, has 1,000,000 members, owns \$40,000,000 worth of property and securities and is credited with having raised \$12,000,000,000 in benefits for veterans of World War I and II. The Veterans of Foreign Wars (VFW) is those who have served abroad, has a 2,000,000 membership and an annual budget of \$1,000,000. The Disabled American Veterans with a 10,000 pre-war member membership, now has 125,000 and is limited to those with service-connected disabilities.

The new organizations include the Knights of the Ku Klux Klan, who have 1,000,000 members; the American Veterans Committee with 30,000 members which claims "advanced thinking, racial democracy and a dozen 'civilian first' veterans' groups; the National Veterans' Association, endorsed by the Communist paper, the Daily Worker, which emphasizes working for the interests.

Whether the veterans join any of these, they are the strongest potential group in the country today. Numbering over 12,000,000, in the years ahead as they grow in maturity they will shape the nation. It is right that they should. The American veterans have both the opportunity and the responsibility for leadership of this country whose future is now ours. The needs of veterans' organizations and for the individual veteran, peace talks is ahead.

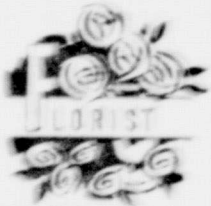

OPEN FORUM

Editor Cisco Daily Press: The last German were hanged at Nuremberg. They have paid the penalty that all people should pay for brutal deeds and crimes, even in the name of nationalism. That is the law most nations have had for years. Any average decent American citizen would fight for that law. God has given every normal man the knowledge of knowing right from wrong.

Should we sympathize with them for the shameless brutal slights they perpetrated while the Nazi regime was in full power? They then were boastful and would stop at nothing to ruin their desire to rule the world. Perhaps we should ask some mother or wife who has lost a son or husband in these cruel massacres. We could be sure of what their answer would be.

Of course blood shed upon blood does not make peace, but someone is responsible for the tragic conflict in the dark days of World War II, which also has a reflection on the crisis we have in our land today. One more said: "Spurn the evil and avoid the evil."

about the hanging of the Nazis at Nuremberg should be sufficient warning to any person or nation that may desire to rule the world in the future.

How to buy a \$400 television set for \$300

WE DON'T KNOW exactly what 1956 television receivers will look like. But we do know that—if you see a snappy \$400 job that suits your fancy—there's a way you can buy it for just \$300!

There's nothing shady about this deal. You'll actually pay \$400 in cash... but only \$300 comes out of your own pocket!

The trick is turned by buying U. S. Savings Bonds regularly—preferably on a Payroll Savings Plan.

For every \$3 you put in, you get back \$4 in ten years. If you put \$300 in this year, you'll get back \$400 in 1956. And that's how you buy a television set... or help a kid through college... or get yourself a cabin where the fishing's good.

Millions of people—many who've never been able to save before—are buying Bonds on a Payroll Plan easily... automatically... painlessly.

If you're one of them, keep it up. If not, start now on a Payroll Plan... or by buying Bonds regularly, through your bank or post office.
