East and Gulf Coast Maritime Strike Comes to End

By United Press.

NEW YORK, Oct. 26. — The paralyzing nation-wide maritime strike virtually ended for the East and Gulf coasts today when representatives of 44 shipping companies signed an agreement with the masters, mates and pilots' union—AFL.

The agreement must be ratified by union members in ports from Portland, Maine, to Houston, Tex., but that was regarded as a formality and the log-jam of 1,200 idle ships was expected to start breaking by Monday.

Severe have been the economic effects of the long strike. A sugar famine now gripping the east was one.

More than 100,000,000 pounds of raw sugar are on ships in New York harbor but, because the strike prevented their unloading, practically all sugar refining mills in the area have closed and sugar has all but disappeared.

The settlement left Pacific coast shipping still paralyzed, but will revive industry and commerce dependent upon maritime trade along the East and Gulf coasts.

It was reached when both sides accepted a government proposal compromising the issue of union security for ship masters who belonged to the union. The negotiators had been deadlocked on that issue for several days.

Complete peace reigned along the Eastern and Gulf waterfronts for the first time in 26 days as a result of the agreement. On Monday the East and Gulf coast operators reached a settlement with the Marine Engineers Beneficial association — CIO —, the other striking union.

On Sept. 17 Food Prices 86.2 Pct. Higher Than 1939

WASHINGTON, Oct. 26. (AP) — The labor department announced Saturday night that food prices on Sept. 17 — before the recent flood of decontrol orders started with meat — were 86.2 per cent higher than those of August, 1939.

"The effects of the Oct. 22 order removing meat price controls and the later sweeping OPA decontrol orders," the department said, "will not be reflected in the index until November."

On Sept. 17 the food price index of the department's bureau of labor statistics was 174.1 per cent of the 1935-39 average and 24.9 per cent higher than a year ago.

BREAD HIKE POSSIBLE. WASHINGTON, Oct. 26. — Housewives were warned today to brace themselves for a new hike in the family food budget — this time in the cost of bread and rolls. The Agriculture Department yesterday opened the door to bread price increases when it discarded its emergency order requiring bakers to reduce the size of bread loaves and rolls by 10 per cent.

WANT FRANCO'S SCALP. UN ASSEMBLY H A L L. FLUSHING MEADOWS, N. Y., Oct. 26. (AP) — Norway and Chile urged the UN assembly today to oust the "Fascist" regime in Spain and it was understood Norway was awaiting a chance to demand specific action.

SOCIAL RIVALRY COSTLY. FULTON, Mo., Oct. 26. (AP) — Rivalry between two campus social groups tonight was blamed for the blaze that swept the Beta Theta Pi Fraternity House at Westminster College, causing one death and injury to two students.

MAY HOLD TRUMP. WASHINGTON, Oct. 26. — Government may be holding a trump to play against John L. Lewis. If his union breaches Krug-Lewis agreement on wages, coal miners administration may hold entire contract has been abrogated. Thus Lewis might lose hard-won health and welfare fund — major issue in first strike this year — and his foreman's union contract with Jones & Laughlin.

NEW WAGE SCHEDULE FOR CITY

Cisco High School to Observe Parent Night Monday, 7:30

Monday night, October 28, will be "Parents' Night" at Cisco high school, it is announced by Principal O. L. Stamey.

This is a feature designed by the school officials to acquaint parents with the training their children receive, the curriculum they study and the school routine by actually taking the parents through a day of the high school in abbreviated schedule.

The parents go to class rooms, listen to a few minutes of the instruction given the students there, and follow the regular routine of a day, including study hall, chapel and so forth.

At the end of the program which starts at 7:30 p. m., refreshments will be served by the homemaking department. Visitors will be welcome.

Parents' Night will be held at the ward schools later this fall.

A new salary schedule for Cisco city employees was adopted at the regular meeting of the city commission this week.

Determining factors, said Mayor Edward Lee, were the rising costs of living; and the lower brackets were adjusted commensurate with the employees' assignments and their length of service with the city.

The tax collector reported that the drive to collect delinquent taxes, which was started August 1, was being intensified, with additional help being assigned to abstract the delinquents.

Out of the many statements already sent out, a ready response was noted, with some delinquents paying in full and others making satisfactory arrangements.

The fact that 15 percent in costs and fees can be saved is an added incentive to many delinquents to bring their tax accounts up to date.

To those of the public not aware of the facts, it is reminded that the city of Cisco is sponsoring the Veterans' Housing Project, located between Fifteenth and Sixteenth streets, on L Avenue, which is fast nearing completion. The only cost borne by the city on this project is the extension of water and sewer lines. The land upon which the buildings are located was city-owned.

The city is also cooperating with Cisco Junior college in making water and sewer connections in the college project to provide housing accommodations for veterans attending the college.

Work is proceeding rapidly on the 28 apartments located on College Hill.

Jaycees to Start Drive For Better Sanitation Here

In a called meeting of the Health committee of Cisco Junior chamber of commerce, held Monday night at Laguna Hotel, public school sanitation was voted the number one project of the chamber's Health committee. The action was taken, the Daily Press was told, following numerous requests from citizens. J. H. Latson Jr. is chairman of the Health committee.

The above undertaking, it was stated, is to be followed closely by a citywide rat eradication program sponsored by the club in conjunction with the Fish and Wild Life association. It was pointed out that rats cause damage totaling many thousands of dollars annually to merchandise stored in Cisco.

The Jaycees also voted for the Health committee to work with the City Health Department in assuring citizens cleaner and more healthful eating places. In this connection it was decided to ask for more frequent, rigid inspection of places of business serving food and drink, in order to determine exact conditions and to make corrections where necessary. The City Health Department, it was said, will be asked to make thorough examinations of all applicants for health certificates.

Other projects will follow, according to Mr. Latson, who will welcome suggestions from citizens on any and all matters relating to local sanitary conditions which they desire the Jaycees to investigate.

SEE DRASTIC COAL CONSERVATION

WASHINGTON, Oct. 26. (AP) — Administration officials plan to draft drastic coal conservation measures next week if John L. Lewis' coal strike threat materializes, it was disclosed Saturday night.

Plans for dealing with effects of a strike were being considered, while other officials still were groping for a way to avert it.

The next move appeared to be up to the justice department, which was revising the present wage contract between the government and Lewis' United Mine workers—AFL.

Officials of the Civilian Production administration and the Solid Fuels administration will meet next week to discuss what should be done in case a strike develops.

Any conservation moves presumably would be like those enforced during the coal strike last spring, when city-wide brownouts and a cut in railroad passenger mileage were among measures adopted.

Many officials expressed belief that more drastic measures would be necessary now because fuel stockpiles are lower than last spring's, and because the approach of winter has increased the demand for coal.

USO Final Drive to Be Launched Monday Morning

Cisco people, tomorrow, will be asked to contribute to the final USO campaign which will raise funds to carry on the work in 1947. It is planned to use a part of these funds to continue entertainment in hospitals where thousands of servicemen are still fighting for recovery from services connected injuries and disease. Entertainment will continue to go overseas to thousands still in service.

There is still the need for help in the travel centers in the large cities and the transit lounges and travelers aid services will continue their services to men overseas and in the United States.

All the services of USO will be systematically reduced during 1947, after a glorious record of service during the war years.

Cisco Lions club is sponsoring the campaign for funds and the drive will be made tomorrow.

After a morning get-together meeting on the roof of Laguna hotel, the teams will go to their assigned areas for work. The slogan will be "Give USO — Keep it Up — Don't Let Them Down." A record of the progress of the drive will be posted in front of West Texas Utilities company office.

The member agencies of the USO are: Young Men's Christian Association, National Catholic Community Service, Salvation Army, Young Women's Christian Association, National Jewish Welfare Board and National Travelers Aid Association.

Captains of the teams are as follows: Team 1, Jack Anderson; Team 2, O. L. Stamey; Team 3, E. G. Damron; Team 4, Gerome Grayum; Team 5, A. R. Westfall; Team 6, Chas. Sandler; Team 7, W. H. LaRoque; Team 8, Mason Pee; Team 9, J. T. Richardson; Team 10, Dr. C. E. Paul.

The treasurer of the campaign

65TH ANNIVERSARY. BAIRD, Oct. 26. — Mr. and Mrs. Noah Smedley celebrated their 65th wedding anniversary at their Rowden home last Sunday. Approximately 75 members of the family and friends attended the celebration. The husband will be 89 years of age January 17 and the wife will attain her 82d birthday on January 31.

THIRTEEN YEARS LATER — Jane Deering of the "Three To Make Ready" show in New York strikes the same pose she made when she had her first dancing picture taken when she was eight year old.

THE LONG AND SHORT OF IT—Jack Earl, center, from San Francisco, registers in a Chicago hotel as Clare Mullins, assistant hotel manager gazes surprisingly at the eight-foot six-inch giant. Little Barry Humphrey, 6, sizes up the situation.

Cisco Lobos Won from Weatherford; Score, 19 to 6

The Cisco Lobos, who are not nearly so bad as the current season record would have people believe, overcame their worst handicap Friday night when they showed themselves they could win a game. Thereby they pulled themselves back to a pedestal of self-respect from which Mineral Wells last week so rudely dumped them.

It was not the size of the score by which they beat Weatherford— which, by the way, was 19 to 6 — but it was the manner in which they took charge of the game and ran it their way from the opening whistle. There was the matter of a Weatherford touchdown, of course, but it is no alibi to say that the Kangaroos gained this against the Cisco seconds, who got a long overdue chance to get into the game.

Williams' running, the bullet passing of Johnson, the blocking of Smith, Rendall, Cleveland and the entire line, and the excellent pass reception of Pence, King and Williams distinguished a Cisco team

that showed it could play ball. One touchdown, which Williams ran over from the 30-yard line and one pass and run good for 56 yards were nullified by Cisco penalties. First downs were 10 to 5 and Cisco was once within Weatherford's 20-yard line in addition to the touchdown plays. Weatherford drew no penalties and was not within the Cisco 20-yard stripe except for the touchdown drive in the fourth quarter.

The Lobo band, appearing between halves, drew unstinted praise.

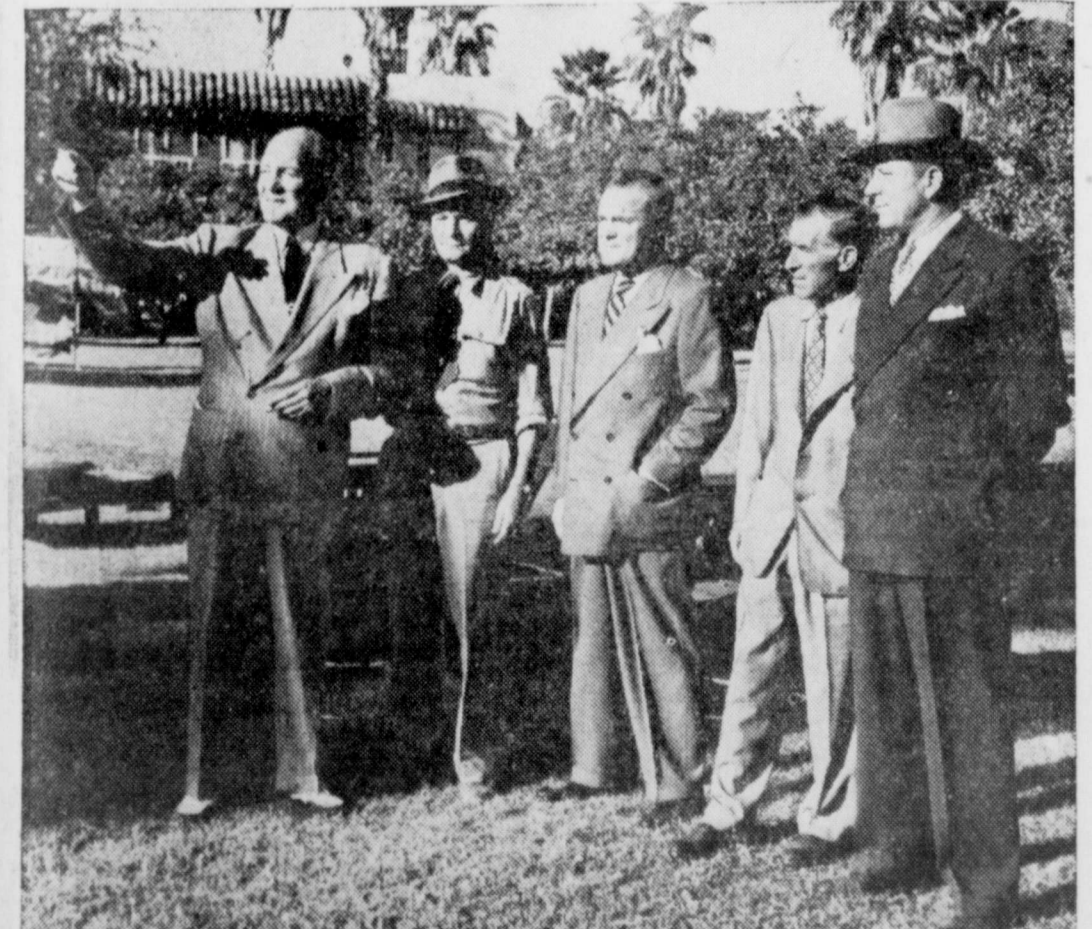

Next Friday night the Lobos run up against the powerful Brownwood Lions at Chesley Field. Brownwood defeated Mineral Wells 19 to 0 Friday night.

JOHNSON FUNERAL TODAY.

The funeral of James M. Johnson, who died Friday morning at his home south of Cisco, will be held at Cisco Primitive Baptist church at 3 o'clock this afternoon, with burial to follow in the cemetery at Nimrod. Rev. C. L. Casey will be the officiating minister. Thomas funeral home is in charge of the remains. Pallbearers will be Carter Lauderdale, Kosse, Tex.; Kenneth Tomlinson, Canyon City; Clyde Johnson, Abilene; J. W. Calloway, Marion Notgrass and Vivian Johnston, Cisco.

SHE'S ONLY KIDDING—Little Rose Palmer isn't as tough as the brassard and MP arm band imply. A friendly MP dressed her like this when she arrived in New York from England. Rose's mother is a war bride and they joined Mr. Palmér in Volant, Pa.

TRAINING CAMP FOR THE GIANTS—Horace Stoneham, president of the New York Giants, third from left, and Eddie Brannick, Giants' secretary, second from right, get a first hand look at this Phoenix, Arizona, guest lodge. The Giants will make this their spring training headquarters in 1947. The two Giants' executives are shown with civic leaders of Phoenix.

GOOD LOOKING Ralph Mazurkiewicz, five, smiles even though he is a very sick youngster. Suffering from a rare form of leukemia since last Christmas, Ralph has had 32 blood transfusions.

PHILANTHROPISTS—These church, civic and state leaders met at the Waldorf Astoria Hotel in New York to inaugurate the Alfred E. Smith Foundation, a relief organization. Left to right, Charles H. Silver, W. Averell Harriman, Cardinal Spellman, General Hodges and Basil O'Conner.

Music of the Church.

We shall continue, for a few weeks, an examination of reasons that are sometimes given for using mechanical music in the church.

One says, "David used them, and said to use them, so why can't we?" Friends: David offered ANIMAL sacrifices. Are we to do that? David offered INCENSE in worshipping God. Are we to do that in the church? During David's time men had a multiplicity of wives. Are we to do that today? It is absurd to suppose that it is right to have in the church anything we can find practiced by some of the Old Testament Patriarchs! They lived under a different law. In a different age.

Jesus is HEAD of the church. (Col. 1:18). Became Head AFTER His resurrection and Ascension (Eph. 1:20-22). He is AUTHOR and FINISHER of our faith. (Heb. 12:2).

The Christian system BEGAN with HIM and Ends with HIM. He has ALL authority. (Matt. 28:18-20).

Therefore all the items of worship in the church Jesus built (Matt. 16:18) are to be found in HIS teaching. And He is the mediator of the NEW TESTAMENT. (Heb. 9:15-17).

Furthermore, THE LAW was given by Moses. (Jno. 1:17). He forbade ADDING anything to it, (Deut. 4:2). He did not authorize mechanical music in the worship. Yet David came along and ADDED it. But God in condemning the sins of the Israelites, said, "WOE UNTO THEM... THAT CHANT TO THE SOUND OF THE VIOL, AND INVENT UNTO THEMSELVES INSTRUMENTS OF MUSIC LIKE DAVID." (Amos 6:1-5; See also Amos, 5:23).

"CANYON PASSAGE" TRIUMPH IN TECHNICAL ACHIEVEMENT.

One of the most interesting sets ever needed by a motion picture company was built at Universal Studio in Hollywood, Oregon, during the boom days of 1936, just prior to the famous Rogue Indian Rebellion in that year.

The picturesque set, required for "Canyon Passage," a technicolor film produced by Walter Wanger, was authentic in every detail.

It was used for scenes with Dana Andrews, Brian Donlevy and Susan Hayward, co-stars of the picture which will be shown at the Palace theater, here, Sunday and Monday.

A dozen log barns, stables, corrals and cabins were constructed complete to the shake roofs and puncheon floors. Hundreds of lodgepole pines were cut in the Umpqua National Forest of Oregon and transported to the studio for "replanting" in the Hollywood hills, which form a background for the set. Huge ponderosa pines, too large to be logged and hauled from the timber stands of the Northwest, were built from plaster and paper mache by studio technicians and garnished with real bark and moss. Acres of ground throughout the set were sprinkled with pine needles and the litter from the Oregon forest floor.

"Canyon Passage," directed by Jacques Tourneur and adapted from the widely-read Saturday Evening Post story of the same title by Ernest Haycox, features Patricia Roc, Hoagy Carmichael, Ward Bond, Andy Devine and others in its impressive cast.

LIONISM.

By BILL FIELDS.

Lions clubs are non-political and non-sectarian civic organizations composed of representative business and professional men interested in the development of their community.

A Lion club is composed of the leading men of its community, and membership in it is acquired through invitation only.

The purpose of a Lions club is more than good-fellowship and club social life, important as these are. Its purpose is to recognize community needs, to discover the means of meeting those needs, and either by independent effort or through cooperation with other

agencies, effect a remedy. In pursuance of this purpose the Lions clubs in the association successfully completed a total of \$1,516 community activities during the 1945-46 fiscal year.

Lions clubs differ from similar organizations in that each club is required to submit a monthly report to the international office of the association on the activities undertaken by the club during the month.

Lionism is an active and efficient vehicle for united civic effort and enterprise, a helpmate to every worthy community endeavor.

Take Off Ugly Fat With This Home Recipe

How is an incontinent home recipe for taking off unreasonably weight and help bring back plump curves and graceful slender lines. Just get from your drugstore four ounces of liquid Barcolonate (formerly called Barcol Concentrate). Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the empty bottle and get your money back.
