S. & R. Quality Feed Store Now Open for Business

REPRESENTATION.

The S. & R. Quality Feed Store, 1105 D avenue, was opened for business today by its owners, H. M. Smith and C. O. Redwine.

They will handle a complete line of Stanton stock and poultry feeds, manufactured by the Standard Milling Co. of Lubbock, Texas. This company has been manufacturing stock feeds of the highest quality for the past twenty years.

Mr. and Mrs. Smith moved here from Plainview recently. Mr. and Mrs. Redwine and their two daughters moved to Cisco two years ago.

Messrs. Smith and Redwine extend a cordial invitation to all farmers and stock raisers of the Cisco Country to come in and get acquainted and inspect their new business place.

A DAY AT THE RACES in Mexico City is a gala affair. On the opening day of the Hipodoma De Las Americas horsemen perform in a colorful parade, upper, with the Charros bearing the flags of the 21 American Republics. Merle Oberon, lower photo, second from left, stands with rider of feature winner.

Band Parents to Lambs Pick Cisco Sponsor Magician For Home After Show on Nov. 7 Wide Inspection

J. C. Dalton of Paducah, Tex., professional magician and a member of the National Magician's association, will present his tricks of magic at Cisco high school auditorium the night of November 7.

The exhibition will be sponsored by the Band Parents' association and proceeds will be used to buy instruments, uniforms and other things needed by the 63 boys and girls composing this popular and highly skilled Cisco organization. Admission will be 50 cents for adults and 25 cents for children. Program will start at 7:30 and last about one hour and a half.

Mr. Dalton, a Paducah insurance man, is a member of the Lions club of that city and comes here at the request of Cisco Lions. He is an old friend of Lion Gene Dameron of Cisco. The Paducah man took up his magician work first as a hobby, but graduated into a professional several years ago. He has performed in a large number of Texas cities to the delight and satisfaction of thousands of adults and school children.

Mr. Dalton will be present at a joint Rotary-Lions luncheon to be held at noon Thursday, November 7.

Carl Lamb has been appointed DeSoto-Plymouth automobile dealer for Cisco and this area and is now open for business at 1201-03 D avenue. Associated with Mr. Lamb is his nephew, Huie Lamb Jr., formerly of Abilene. They have a fully equipped auto repair shop in the rear of the building.

Carl Lamb lived here from 1935 to 1938 and was an employee of the West Texas Utilities company. He returned to Cisco from Chillicothe, where he was manager for West Texas Utilities at both Chillicothe and at Baird. Mrs. Lamb taught in the public schools at Chillicothe. They came back to Cisco and purchased a home at 1608 H avenue after looking over a number of other cities preparatory to buying a home and establishing a business. "Many of the towns visited, looked good," said Mr. Lamb, "but none had the appeal possessed by Cisco. We hope to end our days right here."

FORD CUTS OUTPUT.

DETROIT, Oct. 29. (U.P.)—Ford Motor company today ordered a 10 per cent curtailment in passenger car and truck production, starting Friday, because of the steel shortage. The cut will mean about 400 units daily.

Civil Service Positions Up to \$5,905 Per Year

New examinations for budget examiner and organization and methods examiner were announced today by U. S. civil service commission to fill federal positions in Washington. Salaries range from \$3,397 to \$5,905 a year.

Applicants must have had from 4 to 6 years of responsible administrative experience which has provided a knowledge of management principles and practices. Part of this experience must have been in budget or organization and methods work. Appropriate education may be substituted for as much as 3 years of the experience.

No written test is required; applicants will be rated on their training and experience as described in their applications. The maximum age limit, 62 years, will be waived for veterans.

Further information and application forms may be obtained from the commission's acting local secretary, F. B. Clappitt, at Cisco postoffice, or from most first and second class post offices, civil service commission regional offices, or the United States civil service commission, Washington 25, D. C. Applications must be received in the commission's Washington office not later than November 19, 1946.

REPRESENTATION.

All Americans had reason to be jubilant on August 2. Not because an unruly monarch had abdicated. On that day the 79th Congress adjourned, and its members would soon sweep through the pre-election countryside—reporting to the "constituency." Our Congressmen packed up to return home on that day, and it is ours to vote for them or against them.

Our founding fathers decried the making of laws "without representation," could have complimented our wartime Congress. Serving through a most trying period at the very beginning of our reconstruction, after courageously displaying a people's will through the most debilitating war in our history, the 79th Congress faced all manner of complicated problems.

Deliberation.

Probably the 79th Congress did not please everybody. But at the same time, when one surveys the record, it is apparent that this congress has made some unusual history. Congress accepted the United Nations charter, thus committing America to a much more effective part in world leadership. This Congress demonstrated that it is not willing to allow our foreign policy to ride the winds of fortune, that it will be active though deliberate in helping build a peace.

Deliberate. That's a word our Congress properly exemplifies. Actually, this is another way of saying that we want the citizens we vote into Congress to be statesmen who will exercise the prerogative of brains. We want our legislators to be studious and careful in preparation of laws, in this government of the people. Only in this way may we have the best representation. Remember that when you hear the alarm: "Why doesn't Congress do something?"

No Rubber Stamp.

Remember too that political expediency makes deliberation necessary, as Congress attempts to work out a pattern of harmony with other departments. If some things were bungled by the 79th Congress, in many instances the bungling may be chalked up to other branches of the government. But this Congress did demonstrate that it was no "rubber stamp" Congress, and it made parliamentary history in this respect.

It was a people's Congress. It took a definite step in the direction of a balanced budget, for many legislators put themselves on record in an attempt to preserve the integrity of the nation's finances. No budget legislation was passed, but much was done to prepare ground-work for future budget-balancing legislation.

Decadent Bureaucracy. A few of the spreading tentacles of bureaucracy were lopped off by the 79th Congress, and it refused to pass other measures that would nurture the beast. Congress refused to put the National Housing Agency on a permanent basis, and it turned the control and operation of employment services back to the states. The Reconstruction Finance Corporation was given barely a year to liquidate itself. Major proposals for federal aid to education died in committees.

In removing many of the government regulations which have served their purposes, the Congress gave notice that it intends to keep the traditional freedoms making America the most desirable place in the world in which to live. Congress refused to sanction the drafting of labor in time of peace. Long live our Congress! May it ever be the people's representation.

FOOTBALL TICKETS.

Tickets for Friday night's football game at Chesley Field, when the Lobos meet the Brownwood team, are now on sale at Dean Drug store and Lemore's Pharmacy.

By HUGH BAILLIE.

President of the United Press. (World Copyright, 1946, by U.P.) LONDON, Oct. 29. — Winston Churchill made a conciliatory reply today to Marshal Stalin's charges that he was one of the "incendiaries of a new war," but expressed skepticism about the strength of Russian troops in western Europe.

The controversy between two men, who were comrades in arms against Hitlerism, was touched off by Stalin's replies to 31 questions submitted to him by the United Press.

A few days ago Churchill asked in the House of Commons whether it was true that the Soviet Union had 200 divisions in western Europe. Last night, in reply to one of the 31 questions, Stalin cabled the United Press here that Russia had only 60 divisions in western Europe and that it was planned to reduce them to 40.

The remainder of Churchill's statement was friendly to Stalin. He said he had "regard and respect" for the marshal. He paid tribute to the bravery of the Russian people. He said it was one of his hopes that the Soviet government "should play one of the leading parts in the rebuilding of our shattered world."

STRIKES A MENACE SAY AFL UNION

INDIANAPOLIS, Ind., Oct. 29.—The International Teamsters Union—AFL—which claims to be the world's largest labor union, said today that strikes have become a national menace.

An article on wildcat strikes in the "International Teamster," official union magazine, warned that strikes "must be curtailed or the nation will sink into chaos and organized labor will perish."

"They are an invitation to inflation and depression," the article said.

Showdown As to Troop Locations is Now Probable

FLUSHING, N. Y., Oct. 29. (U.P.) Soviet Foreign Minister Molotov, in Russia's first full dress statement on policy to the United Nations Assembly, demanded that UN members furnish information on their world-wide troop dispositions in non-enemy countries.

Molotov said that every member of UN should furnish information about their naval and military bases in friendly countries, as well as the number and location of their forces.

The Russian foreign minister blamed the presence of foreign troops in non-enemy nations for some of the tension between the great powers.

Earlier, American delegates to the UN decided to meet Russia's criticism of the presence of Allied troops in non-enemy territories by recommending a full, frank statement on the disposition of all United States armed forces throughout the world.

FAVORS AMENDMENTS.

AUSTIN, Oct. 29. — Governor Stevenson said today he thought he would vote for all four proposed constitutional amendments at elections next week.

Last Week Meat Production Established Record

WASHINGTON, Oct. 20. (U.P.)—The Agriculture Department reported today that production of federally-inspected meat last week—the first full week after price controls were taken off—was the highest on record.

Production for the week totaled 488,000,000 pounds, compared with 309,000,000 pounds in the comparable week of 1945 and 265,000,000 pounds produced the previous week.

ICKES RENEGES.

NEW YORK, Oct. 29. (U.P.)—Harold L. Ickes, former secretary of the interior, said today he had withdrawn as a sponsor of the National Council of American-Soviet Friendship, Inc. because it opposed the government's Baruch plan for the international control of atomic energy.

TOWARD UNITED NATIONS—Secretary of State James F. Byrnes, left, and Viaslav M. Molotov, Soviet Foreign Minister, are all smiles as they greet one another on opening day of U.N. General Assembly, Flushing Meadows, N. Y.

Annual Methodist Cisco Cub Scouts Conferences May Halloween Party Be Held in June Wednesday Night

FT. WORTH, Oct. 29.—Bishop A. Frank Smith arrived in Fort Worth this morning from Houston and met with his cabinet of 10 district superintendents to discuss appointment of pastors to Methodist churches in the Central Texas Conference for the ensuing year.

During the 81st session of the conference, which convened in the First Methodist Church today at 2:30 p. m. and closes Friday afternoon, ministerial and lay delegates will vote on whether the annual meetings will continue to be held in the fall or some time in the spring or summer.

The New Mexico and Southwest Texas Conferences, which met recently, voted to change their meetings from the fall to June.

If the Central Texas Conference votes to meet in June, appointment of pastors will be for the ensuing seven months. A Methodist minister, however, may be reappointed to the same church indefinitely.

SELL OIL HOLDINGS.

TYLER, Oct. 29. — Sale of East Texas oil properties for \$664,000 by O. R. Cooper and others of Tyler to Dallas oil men whose names were not disclosed, was reported Monday. The properties consist of 16 wells on five leases in the Prue survey, Rusk county, and Van Winkler and Moffit surveys in Gregg county, and eight wells in Kilgore.

Three dens of Cisco Cub Scouts, each den composed of eight boys, will hold a Halloween party at First Methodist church tomorrow night.

Activities will get under way shortly after 7:30 o'clock, it is stated.

The treasure hunt will be held first, which always provides lots of merriment.

Probably the most interesting feature, and one designed to provide refreshments for the usually hungry scouts, will come when den groups call at homes on three different streets — Seventh, Eighth and Ninth. They will knock on the door and, when the knock is answered, will ask the question: "Trick or Treat?" Each den will be accompanied by a den mother and a Senior Scout.

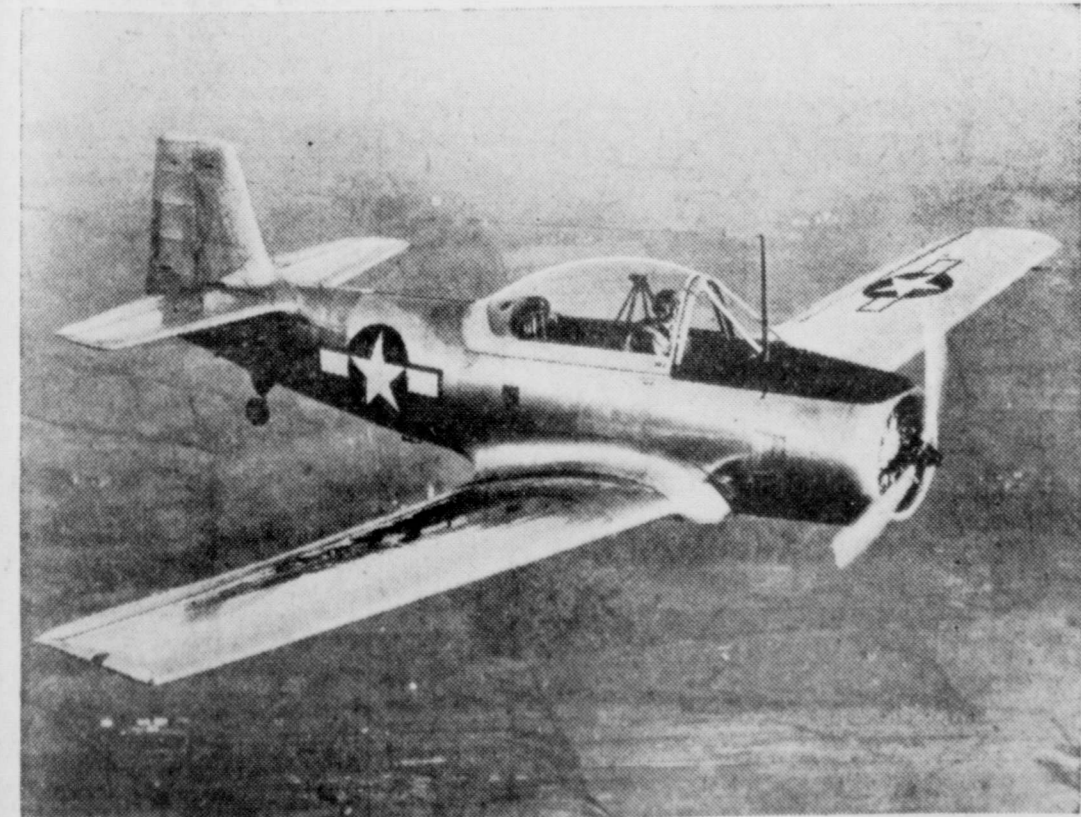

Den mothers are Mrs. J. R. Deen, Mrs. Joe Tullos and Mrs. Simon Coplin.

SITUATION CONFUSED.

WASHINGTON, Oct. 29. — Despite President Truman's flat dictum that there will be no coal strike, Secretary of Interior J. A. Krug made it clear today that the government has not surrendered to John L. Lewis on his demand for a new coal contract. By implication, Lewis has threatened a walk-out by his 400,000 soft coal miners on Nov. 1—four days before the elections.

SAMOAN STOWAWAYS—These three Samoan youths stowed away aboard the USS Flyaway, in hopes of enlisting in the U.S. Army or Navy. Here they harmonize in Red Cross Headquarters in Portland, Ore. Left to right, Talapusi Gasupu, Sialofa Talo, Mrs. Wm. Stratton, Red Cross worker, and Focolethi Alo Seugogo.

NAVY'S NEW TRAINER—Making its test flight over Hagerstown, Md., this new Navy primary training plane—XN-1—is capable of climbing 1000 feet per minute and has controllable pitch propeller, bubble canopy, retractable landing gear and all-metal skin.

ONE GOD, WORLD PEACE.

"Christian world fellowship is the only thing that stands between man and atomized destruction," says Rev. Dr. Henry S. Leiper, secretary of the World Council of Churches.

The "era" is good as far as it goes, and is typical of much of today's religious thinking. But the thesis has its shortcomings. Atomic science is world-wide in theory and application, in potentialities for good and evil. The suggested counter to its use as a destructive force in war, so greatly menacing man, is a religion limited to only part of the human race. Dr. Leiper's excellent organization, the World Council of Churches, is itself limited, since the church in this case is the Christian church and, generally speaking, represents only one division of that, the Protestant group.

This leaves out vast areas of humanity who are attaining high spiritual planes through other religions, such as the Mohammedan, the Jewish, the Buddhist, to name only a few. The Christian faith, however expressed in dogma or denomination, will be no less real to its followers if they cultivate a respectful awareness of religions that are different from theirs.

The basic truths are alike for all—those of seeking to be in harmony with the universe through justice and loving kindness.

But the great vision of peace is

possible only when man sees himself as belonging to one brotherhood, inhabiting one world, and worshipping one God, through divergent doctrines, alike in purpose, differing only in form and expression.

THE HAND GIVES THANKS.

THE cribs are filled to gracious overflowing.

The scented cellar is a treasure chest.

A lavish harvest from a little sowing.

Where sun and rain and soil gave all the rest.

It does not matter what the storm is bringing.

Nor where nor how the winds of winter stride.

As long as grain is housed, the heart goes singing—

The sunshine of outdoors is stored inside.

Men's fingers running through the wheat tell more

Than any winnowed word can tell in praise

Of crops that turned out well; the hand has ways

Of giving thanks for gold the wheat stalks bore;

The labor done, the last long furrow trod,

The fingers talk of granaries with God.

—Rachel Albright, in New York Times.

MRS. D. G. ALFORD WAS HONORED MONDAY.
Mrs. Ruby Miller entertained at bridge Monday afternoon in her home on west Eighteenth honoring her daughter Mrs. D. G. Alford of Tampa, Fla. The house was made gay with decorations of brown marigolds and other fall cut flowers attractively arranged. A wise looking owl stood on the piano. The dining table, overlaid with lace cloth, held as a centerpiece a nice arrangement of cornstalks centered with a pumpkin.

At the close of the games, high score prize was awarded to Mrs. J. Walton Cullwell of Breckenridge; Mrs. Jack Anderson won second high and the guest prize, a Ross sterling silver table lighter, was presented to Mrs. Alford, whose birthday happened to be on Monday.

The guest list included Mrs. J. Walton Cullwell, Mrs. Ralph Glenn, Mrs. Ocie Leveridge, Mrs. Jack Anderson, Mrs. Norman Huston, Mrs. W. M. Gray, Mrs. Pete Clements, Miss Helen Crawford, Mrs. T. G. Caudle, Mrs. Sterling Drumwright, Mrs. Charles Spears and Mrs. Nick Miller.

MRS. DOROTHY PRANGE HOSTESS TO SOCIETY.
Women's missionary league of Grace Lutheran church met in the home of Mrs. Dorothy Prange recently, with Mrs. Paul Weiser, chairman, in charge. The meeting opened with scripture reading of the fourth chapter of John and prayer by the pastor Rev. G. T. Naumann, who also led a discussion of the topic, "Each One Reach One."

The business session was conducted by Mrs. Weiser and minutes and roll were read by Mrs. Dorothy Prange. Roll call response was a verse from the first chapter of the Book of John. Treasurer's report was made by Mrs. E. E. Fricke and reports of various committee chairmen were heard. The society agreed to donate sandwiches for the Young People's rally on November 1, and voted to pay postage on clothing for needy people in Europe.

A discussion as to whether or

not the society would adopt several needy families in Europe was tabled until next meeting, to secure further information; there being several members who have relatives in Europe. Motion carried to order clothes hangers to be sold by members of the society. A new member, Mrs. Alex Zander, was welcomed.

Refreshments were served to the following: Rev. and Mrs. G. T. Naumann, Mrs. Frank Ziehr, Mrs. E. Fricke, Mrs. Clara Huber, Mrs. O. J. Weiser, Mrs. O. P. Weiser, Mrs. Ed Wende, Mrs. Carl Stroebel, Mrs. Max Witt, Mrs. J. W. Gerhardt, Mrs. W. J. Prange, Mrs. Paul Weiser, Mrs. R. H. Dunning, Mrs. Erwin Witt, Mrs. Alex Zander, Miss Emma Fricke, Mrs. E. J. Wende, Mrs. Ernest Reich and a number of children.

HALLOWEEN PARTY IN H. H. HARRELSON HOME.
The Junior classes of East Cisco Baptist Sunday school were entertained with a Halloween party Friday evening in the home of Mr. and Mrs. H. H. Harrelson. Mr. and Mrs. Paul Ivie, teachers of the department, directed a number of interesting games. The children came in hallowe'en attire and Wilma Lee Thomas, a visitor won the prize for the best costume.

Refreshments were passed at the close of the games to Carlene Pence, Gene Arlin Agnew, Carlene Holder, Anna Beth Andrews, Doris Ann Lindsay, Joe Gilmore, Donald Lee Webb, Sylvia Henson, LaAnna Holder, Dorothy Schaeffer, Mabel Ann Barron, Jean Write, Paula and Joe Ivie, Annabel Marsh, Betty Lou Hughes, Charlotte Thetford, Melba Ray, Laverne Harrelson and two visitors — Wilma Lee Thomas and Sue Harrelson.

Adults present were Mr. and Mrs. Floyd Harrelson, Mr. and Mrs. Paul Ivie, Mrs. O. M. Lindy, Mrs. Louis Schaeffer and the hosts, Mr. and Mrs. H. H. Harrelson.

Home-Mixed Syrup Relieves Coughs Quickly

Saves Big Dollars. So Easy! No Cooking.

A real surprise awaits you, in your own kitchen, for the relief of coughs due to colds. You can easily mix a cough syrup that gives you about 4 times as much for your money.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Or you can use corn syrup or liquid honey, instead of sugar syrup. No cooking needed—it's so trouble at all! Money refunded if it doesn't please. Then put 2½ ounces of Pinex (obtain from any druggist) into a pint bottle. Fill up with your syrup, and you have a full pint of wonderful cough medicine. It never spoils, lasts a long time, and children love it. This mixture takes right hold of a cough in a way that means business. It loosens the phlegm, soothes the irritated membranes, and quickly eases soreness and difficult breathing. Pinex is a special compound of proven ingredients, in concentrated form, well known for quick action honey, instead of sugar syrup. No in coughs and bronchial irritations.

The Wrong Way to Economize—

... is neglecting to do necessary things that need to be done. One of these is failure to place of record important legal documents such as deeds, contracts, releases, affidavits and other instruments of like nature pertaining to real estate and affecting land titles. Bringing your abstract to date is necessary, too, but prompt filing of important instruments is no less essential. Look through your files now for any unrecorded instruments. Is your title down to date?

HEALTH CERTIFICATES.

Health certificates issued by Dr. W. F. Lee, city health physician, and which must be held by all handlers and purveyors of food, effective November 1, 1946, will be issued only from Dr. Lee's office, in the Reynolds building.

The former method of the health physician calling at the various establishments has proved unsatisfactory.

Wish to call to the attention of all employers that the city ordinance provides that all employees handling food must have a health certificate and it is the duty of said employer to check his employees' certificates so that only persons who are being employed in his establishment.

This and other future changes are made in the interest of public health. The cooperation of every employer and employee is necessary and expected.

A MESSAGE OF INTEREST to all who await deliveries of new Chevrolets

We want you to know that everything possible is being done to speed deliveries to you; but production still lags far behind schedule—even though Chevrolet has built more cars and trucks than any other manufacturer from January through September 1946

WE REALIZE how eagerly you are awaiting delivery of the new Chevrolet you have ordered from us, and we want to pass on to you the latest information received from the Chevrolet Motor Division, even though that information isn't too encouraging at this time.

It is true that Chevrolet leads all other manufacturers in total production of passenger cars and trucks from January through September 1946, despite the fact that Chevrolet was out of production entirely during the first three months of this year. It is also true that Chevrolet has continued to maintain its lead in total production during the third quarter of 1946. And yet production is still running far below desired levels, with the result that Chevrolet's output of cars and trucks through September 1946 was only 38.7% of the number produced during the corresponding period of 1941.

This means it may take many months for the Chevrolet Motor Division to reach peak production of new Chevrolets—even longer to fill the unprecedented demand for this product of BIG-CAR QUALITY AT LOWEST COST—and, for the present at least, "there just aren't enough Chevrolets to go around," much as we wish there were.

However, we want you to know that new Chevrolets are leaving the plants in the largest numbers possible today. The Chevrolet Motor Division tells us it is doing everything it can in the face of continued suppliers' strikes, material shortages and manpower problems, to step up shipments to us and to all dealers, in accordance with a predetermined distribution plan assuring each dealer of his fair allotment, based on 1941 passenger car sales. And we, in turn, are doing our best to deliver new Chevrolets to our customers as rapidly as they are received and in the fairest possible way. We are too appreciative of your loyalty and goodwill—too grateful for your patience and understanding—to do anything less than continue to serve you to the very best of our ability.

KEEP YOUR PRESENT CAR RUNNING
Meanwhile, the most important car of all to you is the car you are driving now. May we suggest that you keep it in top running condition until you secure delivery of your new Chevrolet, by bringing it to us for skilled service now and at regular intervals. Remember—cold weather is hardest on old cars. Please see us for a complete check-up today. . . . And, again, thank you!
