

BOB VILAS (LEFT) AND BUSTER TIDWELL
... With the antique Waco YKCS plane which they restored

Hey--whose 37-year-old plane is that up there?

By BECKY BERRYHILL

The winter months change a lot of Castro County residents' work schedules, and many plan projects to keep them busy during the winter season. One of the most ambitious of last winter's projects was the one Buster Tidwell and Bob Vilas chose.

THEY DECIDED to rebuild an antique 1935 Waco YKCS airplane. Beginning in September, they completely rebuilt the plane in time to test-fly it May 5. You may have seen it flying over the area recently.

"Toward the end we guessed on a May 1 test flying date but we missed it by five days," Tidwell said. "When we started we really thought it would take longer than one winter to rebuild."

"We had bought a small plane and planned to refinish it earlier," he added, "but we traded it for this one in an even swap. The man from Happy we swapped with flew the Waco in and hauled the other out in his pickup. He intends to rebuild it. We had started the rebuilding on it five years ago."

"WE NEARLY had the other plane finished at the time we traded," Tidwell recalls. Tidwell said they rebuilt the wings and ribs and recovered and paneled the fuselage and interior.

"We used the same paint scheme, yellow and white, for the exterior of the four-passenger plane," he said.

THE CABIN was stripped and then completely refinished. The seats were removed and Gene Smith did the upholstery job. The beige carpeting and other interior finishing work was done by Tidwell and Vilas, with occasional help from Bryce Dowell.

"We didn't have too many visitors out in the hangar while we were working on the plane," Tidwell says. "The smells from the paints and thinners with the heaters on ran nearly everybody out as soon as they came in."

"Altogether, we put 12 coats of paint on the plane's exterior. We repainted it yellow and white, the original colors. The

first four coats were brushed on and the final ones were sprayed on," Tidwell said. "We used an aircraft finish called 'Butyrate aircraft dope'."

ABOUT THE costs of refishing the plane, Tidwell said, "We spent 7½ months; altogether rebuilding it, so it'd be hard to give a cost estimate. The materials cost us \$1,932 and labor costs were about \$3,500 to \$4,000. I would guess around 1,500 man hours were involved in the refinish job.

"I imagine I'll sell it eventually, but now we'll keep it around for awhile," Tidwell

said. "We have flown it several times."

Are the two pilots planning to rebuild another antique plane this winter?

"No, this winter, we'll just work on our agricultural airplanes," Tidwell said.

THE WACO plane placed second last weekend at the Antique Air Show in Graham. The meet was sponsored by the Antique Air Craft Association. Tidwell and Vilas are now proudly displaying their second-place trophy at Tidwell Aerial Spraying Service.

Many stores will close July 4; Sunnyside to have special event

The nation's 196th birthday will be celebrated in the county Tuesday with a community get-together at Sunnyside and many offices and stores taking the day off.

ALL THE city, county, state and federal government offices, both banks—the First State Bank in Dimmitt and Farmers State Bank in Hart—the utility companies and many of the retail stores will be closed Tuesday.

Kiwianians to man fireworks booths

The Kiwanis Club will open its first fireworks stand at 6 p.m. Friday evening at the Little League Park and it; second one Saturday on East Bedford Street, near the city limits.

ONE OR both of the stands will be open from noon into the night from Saturday through the July 4 holiday, with Kiwanians taking shifts to keep the city's youngsters supplied with fireworks.

The annual fireworks sale is one of the club's main fund-raising projects. Bob Murdoch and Carl Bruegel are co-chairmen of the sale this year.

The Castro County News office will be open Tuesday, along with some city merchants and service stations. Correspondents are urged to mail their news early or bring it into the office.

Pctmaster John Wood said that no city or star route deliveries would be made Tuesday. Mail will be put in the rest office boxes, but the windows will be closed. Wood said that after 11 a.m. outgoing mail should be deposited in the outside drive-up mailbox where it will be picked up at 4 p.m.

Sunnyside is the only community in the county planning a celebration on the Fourth. Beginning at 4 p.m., residents are invited to visit, to see an antique car and tractor show and art exhibit, and to eat a picnic dinner.

Fourth of July highway vigil to start Friday

The Texas Dept. of Public Safety estimates that 58 lives will be lost in traffic accidents during this year's Fourth of July holiday.

"OPERATION Motorcade" will begin at 6 p.m. Friday and will run until midnight Tuesday.

Major C. W. Bell, Lubbock regional commander of the Dept. of Public Safety, said, "All available personnel will be used in an effort to keep the highway deaths at a minimum. We will be on the lookout for violations of the traffic laws; especially we will be alert for the speeding driver and the drinking driver."

Speed and DWI are the two largest contributors of traffic fatalities. Major Bell reminded all motorists that "each driver is responsible for keeping control of his vehicle to avoid colliding with another vehicle, a pedestrian or any fixed object. No one wants to be responsible for the death of another. Let's make our streets and highways as safe as possible."

He added "We all could drive twice as safe as we usually drive, so let's make an all-out effort and make this Fourth of July a safe, happy holiday—not a holiday that turns into a mourning."

Storm damages DHS gym

Strong wind gusts that preceded a rainstorm Friday night lifted one-fourth of the roof off Dimmitt High School gymnasium.

THE FLOOR of the gymnasium received moderate water damage, with some of the floorboards buckling from the moisture. Supt. Charlie White reported.

'Follow Through' is funded

The US Office of Education this week came through with an ironclad grant of more than \$200,000 to reinstate the "Follow Through" program in Dimmitt Public Schools.

THE ACTION reversed an April decision by the Office of Education to kill the pilot program here, and meant that many teachers, aides, supervisors and consultants who were released earlier will probably be rehired.

Reinstatement of "Follow Through" was a personal victory for Supt. Charlie White, who protested directly to Washington when the program's cancellation was announced.

As a result of White's protests, Congressman Bob Price of Pampa ordered the General Accounting Office to conduct a full investigation of the Dimmitt program. Satisfied that the program here was a good one and was being conducted within the pilot guidelines, Price called the Office of Education on the congressional carpet, charging that the program here was the victim of a "bureaucratic run-around."

At the same time, Congressman George Mahon of Lubbock—chairman of the House Appropriations Committee—helped steer through Congress the additional funds needed to make sure the Office of Education would reinstate the program here.

EXACT AMOUNT of the grant is still to be set in contract negotiations between Dimmitt Public Schools and the US Dept. of Health, Education and Welfare (HEW). Price announced the HEW estimate as \$186,431. Mahon set it at \$218,000, and White said the original application was for \$204,000.

"I believe the \$186,000 figure is for strictly local operations and that the rest goes to the University of Oregon for consultant supervision and materials," White said. "I believe Congressman Mahon's \$218,000 figure is for the total proposed budget, including in-kind services by the local schools. At any rate, we will negotiate the final amount when we contract with HEW to conduct the program this year."

In notifying the News of the

new grant Monday, Price said: "THIS GRANT provides funds for operating a comprehensive program of early elementary education for disadvantaged children who have participated in Head Start or similar pre-school programs. The program is designed to reinforce and advance the accomplishments of Head Start through specialized instruction, comprehensive dental and physical services, social and psychological services, use of community resources, parent involvement and staff development."

In a telegram to the News Tuesday, Mahon said Dimmitt's program is one of 17 across the US which will continue to be funded, and that the program here will serve 390 children.

For most of the teacher's aides who were released when the school year ended last month, the new grant will mean they can get 'their jobs back this fall. Most have been seeking jobs elsewhere—many in vain—for the past month.

"MOST OF the aides will be offered re-employment," White said, "although we may have to cut the number of aides, depending on the new guidelines and the final amount of the grant."

For the children in South Elementary School, reinstatement of the program here means they will be in classes of 20 to 25, each with one teacher and two aides; for more individual attention; that they will be taught their different subjects in groups of six to 10; that they will probably neither fail nor be held back; and that a lot of specialized equipment will be used to train and test them.

Many of Dimmitt's "Follow Through" pupils are not classified as disadvantaged; that was one of the reasons the Office of Education tried to withdraw the program here. However, the pilot program originally was awarded to Dimmitt after local school officials argued that it should be tested in a situation where both advantaged and disadvantaged children go through side-by-side.

THE PROGRAM could still be killed here, but only by the Dimmitt School Board.

"We're waiting to see the new guidelines, then will decide definitely," White said. "There's a chance they may make the guidelines stiffer, and if so, there are one or two things neither I nor the board can live with."

He did not elaborate on the unacceptable regulations that could crop up, but indicated the program would be reinstated if the new guidelines are the same as last year's.

"We expect to receive notification this week on when the contract negotiations will start," White said. "It should be in the very near future. It's important that we get started right away."

Rabies clinic slated at Hart

DESTROYED MOBILE HOME OF MR. AND MRS. BRICE McREE
... Overturned during tornado with mother, daughter inside

Former Dimmitt couple caught in Dumas tornado

The tornado that struck Dumas last Wednesday destroyed the mobile home of Mr. and Mrs. Brice McRee, former Castro County residents.

MRS. McREE and her 4-year-old daughter, Heather, were inside the mobile home when the tornado overturned it and ripped it apart. McRee was on the job at the Dumas Co-op Elevator when the storm struck, but rushed home and arrived just after the tornado had hit the mobile home park where they lived.

The young mother was knocked unconscious, received a dislocated shoulder and was hospitalized overnight in Dumas. But her daughter escaped with scratches. Both were pinned under the wreckage briefly until highway patrolmen arrived.

Mrs. McRee is the former Martha Sharp, daughter of Mr. and Mrs. Frank Sharp of Hart. McRee is the son of Mr. and Mrs. M. F. McRee of Dimmitt.

AFTER HELPING her son and daughter-in-law clear the wreckage of their home over the weekend, Mrs. M. F. McRee reported: "Virtually all their furniture and household things were ruined, but we saved most of their clothing."

"The tornado had overturned their trailer and lodged it against the one next to it in the park. One wall of their trailer was never found.

"MARTHA said she saw a shed blow past and felt the trailer start shaking, then called Heather and told her to get her coat and shoes. She thought they might make it to a storm cellar in the park. She said the last thing she remembered before being knocked unconscious was Heather saying, 'Mother, it's shaking.' She said when she regained consciousness she found herself walking

on the ceiling of the overturned trailer.

"MY husband found the remnants of a Kodak picture which had been rolled into a tight cylinder and driven through the ceiling. The image part of the picture had been peeled off the paper around the hole it made through the ceiling.

"Twenty-five mobile homes were destroyed or damaged in this one park, and a nearby mobile home sales company was completely destroyed. The total damage estimate was first set at \$1½ million from the tornado, but I understand it's going to be a lot more than that."

Work underway on DHS track

Basic construction work is expected to be completed late in July on a new track and field just south of Dimmitt High School.

THE standard 440-yd. track will be curbed and will include jumping pits and weight rings on the infield, Supt. Charlie White said.

"We hope to put an all-weather surface on the track before the next track season," White added.

Fire station project begins

Preliminary work started Monday on the remodeling of the old First Baptist Church education building into a new city fire station.

Prime contractor on the \$88,000 remodeling project is Wiley Hicks Jr. of Amarillo.

WHEN A MAN ANSWERS after you've dialed the operator, it's Craig Potts, a Dimmitt High School senior who is the first male switchboard operator for West Texas Telephone Co. Potts completed his training Friday and is now a full-fledged operator. He plans to continue part-time when school resumes this fall.

THE STUDENT PATIO at Dimmitt High School is now complete. The beautiful addition to the DHS mall includes sculptured fiberglass tables and benches on a checkerboard patio of concrete and cobblestone, a large central planter surrounded by wood benches, a vending-machine booth (left background), decorative side benches and a rail-and-slat fence. The patio was constructed with \$2,100 of student-raised funds and an equal amount put up by the school board. The tables and benches were donated by the family of Robert Caddell, using a \$750 memorial fund which they supplemented, to provide a memorial for the DHS senior who died in an auto accident April 1.

REACHING NEW Heights

Man has explored most of the earth, and has now set out to conquer space.

While achieving these marvelous works, let us not forget our creator.

"When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained; what is man that thou art mindful of him? and the son of man, that thou visitest him? For thou hast made him a little lower than the angels, and hast crowned him with glory and honour. Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet..."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The one-day, 18-hole affair will be limited to the first 25 teams, with deadline for entry at 5 p.m. Tuesday, July 4. Players will be flighted according to the teams lowest handicap.
The West Texas chapter of the Junior Golf Tour has scheduled a meet here Wednesday, July 12. Divisions will include brackets of 16-17 year olds; 14-15 years; and 12-13 years. Golfers from all over the area are eligible to play in the tourney, with winners in each bracket qualified to play in the year-end overall championship at the end of the season.

ALMOST anyone can give advice that is not worth taking.
REASONABLE recreation and pleasure should be by-products of living.
HARD WORK still represents the main essential of success in life.

DUE TO crowded conditions at certain times over the weekends, please be considerate of other golfers. If the players behind you are waiting and the hole in front of you is open, please allow players waiting behind you to pass. One slow group of players can hold up the entire course.
The snack bar is for the convenience of all members and their guests. Every effort is being made to serve good food. Bring the whole family and have dad join you for lunch. Hours are 11 a.m. until the pool closes at 6 p.m.

New study will test herbicides for watergrass control in milo

Solutions to problems of weed control, especially water grass in High Plains grain sorghum fields, will be sought in a new study to be conducted by High Plains Research Foundation scientists.

THE STUDY to find ways of controlling water grass is financed by a \$4,250 research grant by Texas Grain Sorghum Producers Board and will be established on farm-size acreage on the Foundation's Steine Research and Demonstration Farm east of Plainview.

According to Dennis Mooney and Jim Schrib, scientists in charge of the study, herbicides labeled for weed and grass control will be used in 17 treatments on approximately two-acre plots in both single-row and double-row grain sorghum.

Herbicides at varying rates will be applied preplant, pre-emerge and as a post directed layby spray. Herbicide treatments will be evaluated with and without cultivation.

THE TEST is being conducted on the Steine Farm to provide acreage that will be comparable to a normal farming operation. Since grass and weeds have been a problem at this location in the past, the area should provide an excellent test site for evaluation of all treatments.

"We don't have to provide an artificial water grass growth to the study," Mooney said. Another objective of the test is to determine which herbicide or rates of herbicide would give adequate weed control in the grain sorghum and allow planting of small grains immediately following harvest.

MRS. M. F. McREE AND MRS. LUCILLE FOLLIS
... Manager and seamstress at new Fabric Shop

New 'Fabric Shop' specializes in both materials and garments

Another new business has opened in Dimmitt. It's the Fabric Shop, which not only sells fabrics but will turn them into custom-made garments for you.

THE FABRIC SHOP is owned by Mrs. Mildred Carrell of Olustee, Okla., and is managed by her sister, Mrs. M. F. McRee of Dimmitt. Mrs. Lucille Follis is the shop's full-time seamstress.

Mrs. Carrell is experienced in the business; she also owns an interest in a fabric and clothesmaking shop in Quanah. "We can provide you with either the fabric or the finished garment," Mrs. Carrell said. "We do custom clothesmaking by appointment, and we guarantee the quality of all our fabrics."

THE FABRIC SHOP's selection of fabrics includes such brand names as Klopman's (perma-cottons), Lady Fair Plaza (crepe solids), and all the popular materials and trims. "It isn't just a ladies' store, either," Mrs. Carrell said. "We also will custom-make men's wear."

AREA YOUNG PEOPLE pause before the Capitol in Washington, D.C., during their June 12-16 visit there on the rural electric Government-in-Action Youth Tour. The tour took Carl Evans and Holley Stephinon and their chaperones, David and Pat Pruitt, through a number of government buildings and cultural and historic sites, including the Washington and Lincoln memorials, Mount Vernon and the White House. At the latter, President Nixon greeted them with some 1,000 other rural youths from across the US. Tigers still lead pack in torrid league race

The Tigers continued to lead the hot Junior Babe Ruth League race last week but the Rangers hovered just a game behind them.

THE TWO leading teams split their week's fare with one win and one loss apiece against tough competition.

When the week's action ended, the Tigers were in first place owning a 6-3 record, with the Rangers just a game back at 5-4 and the Astros still within striking distance at 3-3. Bringing up the second division were the Pirates with 3-5, the Giants with 3-6 and the Indians with 3-7.

To start the week, Travis Hampton hurled nine strike-outs to lead the Giants to a 10-3 victory over the Tigers Monday night. Jim Birdwell started on the mound for the Tigers and fanned three batters before he was relieved in the fourth by Brad Sanders, who spun eight strike-outs before the game ended.

IN A GAME at Nazareth the same night, the Astros showed their heels to the visiting Indians, 12-2. Winning pitcher was Bernie Huseman, while Rosas and Robertson shared mound duties for the Indians.

Tuesday night the Indians took it on the chin again with a 13-8 loss to the Giants. Carl Coggin went seven innings for the Giants, fanning eight batters and walking six. Brad Glenn got in seven innings' work for the Indians, spinning four strike-outs and walking seven.

The tightest game of the week came up Thursday night when the Rangers squeaked past the Pirates by a 3-2 score. The Rangers got their margin of victory in the opening frame when they drew first blood to go ahead 1-0. The fourth inning was the biggest as the teams scored two runs apiece. The game saw five tight innings of scoreless, defensive baseball.

Gilbert Nino went the route on the hill for the winners while Terry Young of the Pirates made a pitchers' duel out of it.

NAZARETH'S Astros hosted another Dimmitt team Thursday night but the home field proved to be no advantage as the Tigers made off with a 12-7 victory. The Tigers put seven runs on the board before the Astros came across with six of their own in the bottom of the second, then the two teams set-

Minor League

Teams jockey for position

The Minor League Cards, Dodgers, Astros and Tigers switched positions like ponies in the stretch last week while the unbeaten Braves coasted to the championship and the Yankees continued to search in vain for their first win.

THE CARDS climbed from third to second on the strength of a win and a tie, while the Astros slipped from second to fourth place. The Dodgers, tied for fourth last week, eased up to third place, leaving the Tigers alone on the fourth rung. The four teams were within a game of each other at week's end.

Starting the week off Tuesday night, the Cards and Tigers had a battle royal as they fought to an 11-11 tie. The Tigers came through with 10 runs in the last two innings to knot the score. The same night the Dodgers squeaked past the Astros in a 21-19 slugfest.

Friday night, the Cards grabbed a quick lead and held it as they built a 17-6 victory over the Yankees. In the nightcap the Braves posted one of the season's few shutouts as they toned the Astros, 12-0.

THE WEEK ended with the Braves so far out front (7-0) that nobody had a chance of catching them. The Cards were in second place with a 4-3-1 record, followed by the Dodgers with a 4-4 mark. Tied for fourth place with 3-4-1 records were the Astros and Tigers, while the Yankees remained in the cellar with an 0-7-1 mark.

—Marie Howell

led down to two scoreless innings before the Tigers broke it open with four runs in the fifth. The teams split a run each in the seventh.

For the winning Tigers, Brad Sanders fanned six and walked three in four innings while Jim Birdwell spun eight strike-outs and gave up only one walk while serving the last three innings. For the Astros, Junior Joiner pitched five innings, fanning four and walking 10. Doyle Kleman took over the pitching chores in the final two frames, posting one strike-out against two walks.

The Ewing brothers, Richard and Robert, proved to be too much for the Pirates Friday night as they held their opponents scoreless for six innings to lead the Giants to a 6-3 victory.

THE PIRATES started with a bang, notching three runs in the first frame. But the Giants evened the score in the second and posted three more runs in the fifth and sixth while a good Giant defense backed up Richard Ewing to hold the Pirates away from the plate. Robert Ewing pitched the final inning for the Giants.

Despite the Pirates' loss, Wade Traylor turned in a fine game on the mound as he fanned seven batters while sending six to base on walks. Richard Ewing posted two strike-outs and Robert none, while neither brother gave up a walk.

Fate again turned fickle for the hard-pressing Rangers Friday night as the last-place Indians spoiled their chances to climb back into a first-place tie with the Tigers. The Indians rang up nine runs in the sixth inning to hand the Rangers a 15-11 loss.

HAROLD LOVE pitched four innings for the Rangers, the went to the dugout leading 7-6 after fanning four and walking eight. Tim Hucks finished, holding the Tribe at bay until the sixth, when the Indians staged their game-winning nine-run rally. Meanwhile, Robert Lopez pitched seven innings for the Indians and made a fine showing with 10 strike-outs vs. only three walks. Biggest swat of the night came from Ranger third baseman Robert Mayberry, who plastered one over the Joe Cowen Agency sign for a home run.

—Clara Goldsmith

MINOR LEAGUE CHAMPIONS this year are the Braves, sponsored by Dimmitt Consumers and coached by Cowboy Johnson, Sam Morren and Gary Cowley. Team members kneeling, from left, are Craig Jones, Lawrence Stephenson, Kevin Poteet, Albert

Fernandez, and Alejandro Navarro. Second row, from left, are Ricky Riley, Monte Beavers, Alejandro Aleman, Johnny Lopez, Todd Touchstone and Shan Beavers. In back row are coaches Johnson, Morren and Cowley.

Senior girls

Rangers lead with 6-1 mark

The Rangers scored 44 runs in two games last week, then won a 7-5 battle to hike their season record to 6-1 in the Senior Girls' Softball League.

IN THE first game Monday, Rachel Salinas and Debbie Murdock led the attack as the Rangers topped Molly's Dollies, 22-8. Miss Salinas blasted three home runs and Miss Murdock chalked up two, and the girls shared the pitching duties. Hurling for the Dollies was Melanie Nelson.

Thursday the Rangers gave an encore as they defeated the Dollies again, this time by 22-13. Rachel Salinas again paced the victors as she walloped a grand-slam homer. Miss Salinas, Debbie Murdock and Sherry Burris pitched for the Rangers while Melanie Nelson hurled for the Dollies.

BUT THE biggest scoring spree of the week came Tuesday when the Tigerettes—looking for their first win—battled

Junior girls

Rangerettes still unbeaten

The Rangerettes racked up two more victories in Junior Girls' Softball last week to remain undefeated with a 6-0 record.

TRAILING the leaders at week's end were the Powder Puffs and Mini-Tigers at 3-3 each, the Paposes at 2-4 and the Blue Bonnets at 1-5.

The Powder Puffs won a 14-13 squeaker over the Blue Bonnets Monday to start last week's action. Tuesday the Rangerettes scored a 12-2 victory over the Mini-Tigers, with Norma Sandoval pitching the win. Brenda

bravely against the second-place Panthers before falling, 25-20.

The week got longer for the Tigerettes Friday as they finished on the short end of a 19-0 score at the hands of the Panthers. It was a quickie which started late and was called after one inning because another league was waiting for the field.

Then Saturday morning the winless Tigerettes took the fight to the league-leading Rangers but were frustrated again as the Rangers posted a narrow 7-5 victory.

Johnson and Melynn Moore shared pitching duties for the Minis.

The Paposes and Powder Puffs gave the fans plenty to see Wednesday, with the Paposes winning 13-10. Sheryl Davis and Raynell Fagan split the mound duties for the Paposes and also slammed a home run apiece—Miss Fagan with a runner aboard—to give the winners their margin of victory.

LAST Thursday, Norma Sandoval and Tonya Hampton hit home run apiece to lead the Rangerettes to a lop-sided 19-1 victory over the Blue Bonnets. Miss Sandoval was also the winning pitcher, while Suerita King and Kathy Goldsmith hurled for the Blue Bonnets.

After their Tuesday loss to the Rangerettes, it was the Mini-Tigers' turn to win Friday as they blasted the Paposes, 11-6. Melynn Moore was the winning pitcher, while Raynell Fagan and Sheryl Davis divided the pitching chores for the paposes.

Baseball now in its final week; girls to cut off season Friday

The girls' softball season will end Friday instead of going into July as originally scheduled. OFFICIALS of the girls' junior and senior leagues voted last Thursday to cut the season short to allow the Baseball Commission time to prepare the ball parks for the upcoming Little League district tournament.

All boys' leagues will close out their regular seasons by Tuesday, winding up a summer program that involves some 1,700 players, coaches, officials, auxiliary members and other volunteer workers.

4-H Dress Revue coming next week

July 7 date set

Lloyd A. Ling of Tuscon, Ariz. announces the engagement and approaching marriage of his daughter, Amy Charlene, to Jim White, son of Mr. and Mrs. N. C. White Jr. of Dimmitt.

WEDDING vows will be exchanged July 7 at 8 p.m. in the First Foursquare Church in Tuscon.

Our County 4-H Dress Revue will be held Thursday, July 5 at 4 p.m. at the Hart School Band Hall. Everyone is invited to attend. Our 4-H girls and leaders have been very busy preparing for this event. The girls will compete by age groups; 9-11; 12-13; and 14 and over. The top winner in each group will represent us at the District Dress Revue in Amarillo on July 31.

THE TOWN and Country Home Demonstration Club lost another member last week when Sue Slough moved; earlier Mickie Lemme had moved. They had nice "surprise" going away parties for both girls. I met Jeanette Malone last week and we're looking forward to having her in club work.

IT'S ALREADY time for the garden calendar. It is so nice to get out in the yard and not have such a battle with mosquitoes. Thank you, City Commission, for having the city sprayed. I benefit also even

though I live outside of town. Enjoy your yard in July.

1. Make your second application of chinch-bug control materials about the second or third week in July.

2. Chrysanthemums should receive their last pinch in late July.

3. Do not neglect to pinch copper plants to make them bushy and compact.

4. The mulch on landscape beds should be checked and replenished or replaced where needed.

5. **LAWNS AND landscape** plants require ample water this month and the next. Give them an occasional thorough soaking rather than frequent light applications.

6. This is the critical period for plants set out within the past nine months. Inadequate root systems and drought can be damaging.

7. Gladiolus corms can be dug, cured, and stored after the foliage has turned brown.

8. Azaleas and camellias will be forming buds in late July and August. Insure flowers for the spring show by adequately watering them during this period.

9. For fall color in those empty beds sow seeds of cosmos, zinnia, marigold, periwinkle, petunia, etc. this month.

11. **ROSES still** require spray for blackspot control. For ample fall flowers do not forget to give them a good application of fertilizer and plenty of moisture. If plants are getting tall, sacrifice some of the small summer bloom and cut back to produce new growth and fall flowers.

12. If you are going on vacation make a thorough survey for insects and diseases and apply the correct pesticides for their control before you leave.

13. Arrange for continued mowing and irrigation while you are on vacation. Many reliable junior high school and high school boys and girls are looking for an opportunity to earn some extra money.

14. You have been doing a good job of gardening up to now, do not let the hot weather and summer drought get you down. Adequate care now will result in an attractive fall garden.

August vows set

Mr. and Mrs. Troy Kirby announce the engagement and approaching marriage of their daughter, Keri, to Galen Jack of Friona.

WEDDING VOWS will be exchanged at 7 p.m. August 12 in the First Baptist Church in Dimmitt. Friends of the couple are invited to attend the wedding and reception.

Miss Kirby is a 1971 graduate of Dimmitt High School and attended South Plains Jr. College. She is employed at the Dairy Queen in Dimmitt.

Jack is the son of Mr. and Mrs. Bertram Jack of Friona. A graduate of Hereford High School, he attended WTSU and is now engaged in farming.

Beck-Baker vows recited in Post

Miss Cynthia Jane Beck of Sylvester became the bride of Bobby Jack Baker Jr. of Dimmitt in a private ceremony June 10 in Post.

BAKER, a 1970 graduate of Dimmitt High School, attended South Plains College and is now enrolled in Commercial Arts College in Lubbock.

The bride is a senior at Texas Tech University.

The newlyweds are making their home in Lubbock.

Bethel 4-H girls begin projects

Last Wednesday the Bethel 4-H girls went to Friona for a style show. Girls going were Carol Bagwell, Sherrie and Diane Hodnett and KaKa and Heidi Bruegel.

THE CLUB went to Amarillo recently to pick out material and patterns. They ate at Mrs. Bagley's house before leaving.

Eight members and three visitors made the trip.

Tuesday Pat Bagley helped the club members with their sewing projects.

Miss Anderle named to post at Girls State

Monica Anderle of Nazareth was appointed a member of the Texas State Dept. of Public Welfare at Bluebonnet Girls State last week.

MISS ANDERLE is the daughter of Mr. and Mrs. Alvin Anderle. At Girls State she was a member of the Nationalist Party and the Girls State House of Representatives. She was sponsored by Nazareth's chapter of the Catholic Daughters of America.

Operating under a "learn by doing" philosophy, citizens of Bluebonnet Girls State—all high school juniors—participated in mythical political parties, legislative processes, elective and appointive offices. The girls formed their own city, county and state governments, using existing laws and the Texas Constitution as guides.

Girls State is conducted by the American Legion Auxiliary of Texas.

Kit Gauthier of Nedtrland was elected governor of Girls State this year.

DEMOCRACY, like religions, suffers most from its careless advocates, not from its enemies.

Burn victim has more surgery; new parsonage almost complete

By **MRS. OWEN ANDREWS**

Mrs. Sam Ogan underwent skin graft surgery on Tuesday, hopefully the last time, at John Sealy Hospital in Galveston. She was doing well at the last report available. The latest graft was a space across her shoulders, possibly three inches wide, and smaller places on her back.

She has a special bed (only a few are available) for recovery from this operation. She will lie face down for several days to allow the graft to heal.

Mrs. Ogan has improved greatly during the past days according to her daughter, Mrs. Marsh Pitman, who returned to Galveston last week to be with her parents a few days. Mrs. Ogan has even regained movement in her hands to allow her to write some and has talked on the phone to family and friends here.

She has been in Galveston since March 22, having been burned Jan. 12 in the fire which destroyed the Frio Church parsonage.

THE PARSONAGE is almost completed now as floor covering and appliances are being installed. The living area is paneled in wood with matching cabinets. Appliances, as cooking units, dishwasher and disposal unit are built in. Of course, central cooling and heating and two water heaters are included in the building. A double garage, large closets and ample linen storage space add to its convenience.

Members of the building committee are Clark Andrews, Mrs. Harlan Barber, Mrs. Floyd Cole, Homer West, Kenneth Frye and Frank Robbins. The building was begun on Feb. 21, after a short dedication service on Feb. 20. Local builders, working from McCaslin Lumber Co., have done the work for the most part.

Mr. and Mrs. Johnny Janeway and daughter, Amy Ruth of Denver, visited the Jackie Andrews one day the first of the week. Mrs. Janeway and Anna Ruth are girlhood friends from when both lived at Borger.

Mrs. Carlton Dobbins accompanied the Edgar Vinsens to Abilene on Saturday. They attended the wedding of Mrs. Dobbins niece, Sherry Reid, at Calvary Baptist Church on Saturday evening, visited her brother and family on Saturday night and visited other relatives at Winters on Sunday.

The Jim Brooks, Dee and Todd Taylor spent Fathers Day at the Dueward Taylor home east of Friona. The occasion also celebrated birthdays for Duewards father and others of the family. The Taylors have recently moved into the new brick home, located east and north a few miles from Friona.

The Frank Robbins family has been doing some work at the old home of Mrs. Robbins parents F. Y. Foreman place, a few miles east of Hereford. It is located at the fork of the Frio and Tierra Blanca Draws. They have been painting and working on the house preparing for occupancy by Mr. and Mrs. Al Johnson and Shane, who plan to move about July 1.

GARY WHITE, who has spent a few weeks here with the Clark Andrews, and his grandmother, Mrs. E. B. Berryman, flew to Biloxi this week. Mrs. Berryman plans to visit the Whites until they come in August for a visit here. Mike White who came with Gary the last of May remained here with the Andrews.

Visiting the E. F. Voglers last weekend were her brother, Ben Drager and Mrs. Drager, and their daughter and son-in-law, all from Oklahoma City. Also visiting were the Harold Voglers, Lamesa, the Martin Missers and sons, of Midland. Mrs. Harold Vogler is also her sister, and Harold is Voglers' brother. The relatives were here especially to attend a silver anniversary reception of a brother, Chris Drager and Mrs. Drager at their home in the Rhea Community, west of Friona. The celebration was on Saturday.

The H. F. Bensons are making preparations to move to Hereford to the former home of their daughter, Mrs. Don Sigle and Mr. Sigle. The Bensons have sold their farm in this community to the Connie Urbanzyks after more than thirty years of living and farming there. The Sigles have moved to a farm west of town and the Bensons have bought their home on Ranzer. They are doing some painting in preparation for the move.

Visiting the H. F. Bensons next week will be some of their grandchildren Stacy, Sabra and Stefan Hacker, children of Mr. and Mrs. Joe Hacker, who went with the Hereford High School Band on the trip to Mexico City.

Mrs. Adolph Knabe and sons, Darrell, Weldon, Adolph Jr. and Raymond attended the wedding of the other Knabe son, Dwaine to Miss Ellie Mae Howard at Childrens on Saturday afternoon. Miss Howard's parents are Mr. and Mrs. A. W. Howard of Childrens. The ceremony was in the Howard home at Childrens. Dwaine is a 1967 graduate of Hereford High School and a January '72 graduate of Oklahoma State Tech. He is employed at Case Power and Equipment Co. in Amarillo. The bride is a senior at WTSU. The couple will live in Amarillo.

Others from Hereford attending the wedding were Mrs. Raymond Herr, Redney Herr, Ronald Herr and Terry Watson.

MR. AND MRS. John Simpson, Mr. and Mrs. Gary Richardson, Mr. and Mrs. Wesley Lindley and sons, Mr. and Mrs. James Simpson visited June 18 at the Clovis home of an aunt, Mrs. Myrna Gardner. They had lunch there.

The Wesley Lindleys returned recently to Friona to live after living near Sublett, Kan. for several months. Wesley works at a packing plant at Friona.

Mrs. J. E. Warrick and Ronnie returned home Saturday from a week's visit with her children, the Darrall Culps at Wilcox, Ariz. The other daughter, Mrs. Don Weems (Reba) and Mr. Weems spent both weekends visiting there with them also.

The Culps are parents of a new baby son born June 14. He was named Chad Allen and weighed in at 7 pounds, 2 1/2 ounces. The Culps also have an eight-year-old son, Keith.

While they were there Ronnie went with a group of RA's from First Southern Baptist Church of Wilcox for a five-day camp at Sierra Vista near the Mexican border. He helped sponsor the group.

Clifford Hargrove returned home Saturday, with his release from the US Army. He has been stationed near Frankfurt, Germany recently, and had been slated for release several weeks ago but was delayed by a freeze of movement of Army personnel. Present plans are for Hargrove to help the Struves with farming temporarily. Hargrove, who has been in the Army since 1969, has seen service in both Vietnam and Germany and also spent several months in Arizona. He and his wife Kita, and son Ty Lynn will be busy getting settled in a home and getting into a new routine of living.

Visiting church at Frio Sunday morning were Mrs. John Peoples of Salida, Colo. and Mrs. Billye Weson of Dimmitt. Mrs. Peoples was a member of the Ogans' church when they pastored at Salida. She was here to visit her father, N. L. Weson of Plainview, and the other relatives.

MR. AND MRS. Eugene Baldwin Robin and Brett went to Dallas, during the weekend to visit their relatives and bring home Eugene's mother, Mrs. B. H. Baldwin. Mrs. Baldwin has spent several weeks at Dal-

las and Denton with her daughters, Mrs. Ben Dean and Mrs. Wesley Earp.

Mr. and Mrs. Billy Warrick, Raymond and Eugene returned the last of the week from attending a family gathering at Pine Creek Dam near Valliant, Okla. Among members of the family attending were Billy's father, J. P. Warrick of Tyler, Mr. and Mrs. Myles Powell of Tyler, Mr. and Mrs. Elmer Redus of Tyler, Mr. and Mrs. Buster Bingham and family of Valliant.

The Warricks also visited her mother, Mrs. Addie Bingham at Valliant.

Among news reports the Warricks brought back was of the wedding of a niece, Rosie Hughes to Roy Holbert on June 1 at the Holy City of the Wichitas, Lawton, Okla. They will live at Durant, Okla., where she will teach school and he will attend college. Miss Hughes is a niece of Mrs. Warricks and has visited often here. She is the daughter of Mrs. Mary Hughes Redus.

Another wedding also reported was that of Mrs. Warricks sister, Mrs. Mary Hughes of Durant, Okla. to Elmer Redus of Tyler on June 19. They were married in the home of her daughter, Mrs. Sue Ensley. The Reduses will live at Tyler.

Mr. and Mrs. Sidney Warrick and sons visited the Billy Warrick and Elza Warricks a couple of days the last of the week.

Mr. and Mrs. Ronnie Andrews entertained a group at lunch Sunday. Guests included her parents, Mr. and Mrs. M. L. Simpson Jr., Mark Simpson and his guest, Vicki Winders, Bill Sanders and his guest Suzan Jones, Brad Sanders, Brent Sanders and Lisa Simpson. Also Mrs. M. L. Simpson's parents Mr. and Mrs. M. M. Smitherman of Floydada and Mr. and Mrs. E. M. Jones of Dimmitt, who are parents of Suzan.

The occasion was especially in honor of Billy and Susan who are to be married July 22 in Dimmitt.

Slavik earns \$500 scholarship

NAZARETH SLAPIK EARNS \$500 scholarship from the American Legion Auxiliary. By Mrs. Florance Albracht. Congratulations to John Slavik, our school superintendent for many years, on winning a \$500 scholarship to a seminar on "Preservation of the Principles of Freedom" at Valley Forge, Pa. to be held June 26-July 14. He was nominated by the Nazareth Auxiliary and the Texas Auxiliary chose him, the only Texas educator to win this scholarship.

The view from your library

By MARY EDNA HENDRIX
I bought a few more books last week for the library. Some of these are:

"FEATHERS in the Fire," by Catherine Cookson. This is a Gothic romance. With all the warmth and passion her readers have come to expect, Miss Cookson has again created a rich and complex story, peopled by such striking figures as Davie Armstrong, stubborn young man whose deep sense of morality keeps him from acknowledging the woman he really loves; Aneus McBain, master of Cock Shield Farm, who can live with his sins only by drowning his consciousness in whiskey; Jane, his gentle daughter, who devotes her life to caring for her deformed younger brother; Amos, the legless child whose handicap turns him into a demon capable of evil murder; and spirited Molly Geary, who is forced to stifle her feelings for the man she loves.

"I Play To Win," by Freddie Steinmark. On Dec. 6, 1969, millions of Americans were watching Freddie Steinmark play in one of the most hair-raising, hard-fought games in the history of collegiate football. The Texas Longhorns and the Arkansas Razorbacks were battling each other before a capacity crowd. Six days later on Dec. 12, after he and the Longhorns won that game, Freddie Steinmark lost his left leg to cancer. From that day to his untimely death on June 6, 1971, Freddie became a national symbol of courage and determination and an inspiration to the thousands of young people, struggling, as he was, against cancer. "I Play To Win" is his story—an extraordinary, personal story of this young man, his indomitable spirit, and his faith in God, which became his greatest ally against despair.

"MUSIC in the Hills," by D. E. Stevenson. This is an appealing story of love set in the Scottish border country. It depicts Mamie and Jock Johnstone, a mature and happily married couple, whose pride and joy is Mureth Valley. They are farmers and love the land. The one unhappiness in their lives is that they have no children. They invite their young nephew, James Dering, to come and live with them and he quickly learns to share their love and feeling for the land. But James has had an unhappy love affair and must seek his happiness anew. It is Mamie who knows him best of all. Can she bring him his heart's desire?

Conservation

Our wildlife needs you

By HAL E. BROCKMAN
The Soil Conservation Service recently held a "Framework Conference" which outlined our goals for the 1970s. One of these goals was multiple-use of the land. This goal could be applicable to our area, especially in the field of wildlife.

THIS AREA of the state is seldom thought of as an area to be concerned with wildlife and its management. Contrary to this belief, there is much we can and need to do to preserve and promote our wildlife.

This is a particularly good time of the year to turn our interests to our wildlife. It is now that the pheasants, quail, ducks, and other fowl are being hatched and the rabbits, skunks, coyotes and other animals are bearing their young. These young will make up our future source of wildlife.

Unfortunately, many of us have learned by experience that it is almost impossible to raise a young rabbit or pheasant in captivity. In the field they look as if they would make excellent pets. But they were born with the instinct to be raised and live in the open and wilderness. This instinct is hard to take away from anything or anybody.

Overgrazing, burning of wheat stubble, and inconsideration when working a field are some of the hazards to wildlife. With our increasing population and greater demands from our land, special care is going to have to be taken to leave room for our wildlife. With a certain amount of consideration and management, the wildlife in this area can fit into our environment comfortably.

IF YOU were a track star, would you like for someone to put you in a pen where there was very little room, and feed you things you weren't used to? It would be hard for a mature animal to take, because his life is already adjusted to live where he is. But what do you
