Annual Poppy Day in Cisco is Set For Saturday

Poppies to honor America's dead warriors of two World Wars will be worn in Cisco Saturday, Mrs. B. E. Wagley, president of John Wm. Butts Post of the American Legion auxiliary, announced today. The little red flowers will pay tribute both to those men who died for their country in the last war and to those who fell 27 years ago in France and Belgium. The money received will be used to aid afflicted veterans of both wars and their families.

Extensive preparations for the observance of Poppy Day are being made by the Cisco auxiliary, under the leadership of Mrs. Wagley and Mrs. A. L. Clark, poppy chairman. Everyone in the city will be able to buy the flowers of remembrance from the many volunteer workers the auxiliary will have on the streets all day Saturday.

The flowers are made of crepe paper on the pattern of the wild poppy of Flanders. They have been ordered from Legion, Tex., where disabled veterans made them under the direction of the Texas department of the auxiliary. Making the poppies has helped these veterans keep their minds and fingers occupied, causing the otherwise tedious months to pass quickly and at the same time furnishing the men with a means of livelihood.

This year it is expected that more Americans than ever before will wish to wear the poppies as a salute to the dead soldiers and their bereaved families, and as a financial aid to the living but disabled soldiers and their needy families.

BIG FOUR DEADLOCKED. NEW YORK, Nov. 5. (AP)—The Big Four council of foreign ministers, seeking to speed up final decisions on satellite peace treaties, despite the continued East versus West deadlock, tried late today to designate tomorrow instead of Thursday for final Yugoslav and Italian hearings on Trieste.

pass the bottlenecks of government control, using the laws of honest economics with which it is familiar — without disastrous results to the American way of life. If we want to keep a dynamic economy, making possible a high average per capita income and a continuation of high wages, we must keep a free market and free economy. That is the way America became the greatest nation in the world. Only in this way may the full weight of our industry come into play and produce the goods we want at reasonable prices, whether it be meat or automobiles.

Dynamic Economy. Dynamic is the word for our American economy. It cannot be trampled down at one point and bludgeoned at another, at the whim of some far-away controller. Neither can you expect it to by-

29TH CONVENTION OF WTCC AT ABILENE FRIDAY; GOV-ELECT JESTER TO BE THERE

ABILENE, Nov. 5. — The 29th convention of the West Texas Chamber of Commerce, and the fifth of the directors' assembly type, will be held Friday at Abilene, headquarters city of the organization.

Predicted is a record breaking attendance of directors and delegates from the 145 affiliated towns, at the one-day all-business session.

Gov. - elect Beaufort Jester will be among the 300 expected attendants. He will speak at the chamber's annual luncheon session at Hotel Wooten, given in his honor and for the West Texas delegation of 58 senators and representatives who will serve in the 50th legislature. Return cards indicate many will be on hand.

Preceding the luncheon the legislative group, with Rep. Harley Sadler of Sweetwater as chairman, will stage an informal reception for the governor-elect in the Colonial room at the Wooten. Judge Chas. E. Coombes of Stamford, a past president of the WTCC, will be luncheon toastmaster and present the speaker.

Jester's visit will be brief. He will fly to Abilene Friday morning in a plane provided by the WTCC, arriving at 11:30 in time for the reception, then will be flown to Fort Worth immediately after his address to open the annual reunion of the 90th Division Association. He served in the division in World War I.

Referendum Planks. This year's WTCC referendum ballot contains 8 proposals for 1947 policies and activities. All were submitted in advance at the chamber's district meetings in October for study and debate by town affiliates and will be finally voted on Friday. Generally the proposed program has aroused unprecedented interest and discussion around the territory, and on two issues active opposition has arisen.

President H. Y. Overstreet, Farwell, and the elections committee headed by C. B. Downing of Albany will conduct Friday's floor vote as cast by directors or their proxies. Vote counting will be restricted to towns having delegates present. The 8 policy planks will be taken up in consecutive order and explained by chairmen of sponsoring committees, and other delegated spokesmen, as follows:

Plank 2, on making need the basis for eligibility for old age assistance and on widening benefit coverage in the federal old age insurance program, by M. C. Ulmer, Midland.

Plank 3, on using the state gasoline tax refund for improving rural life. By Gilbert Smith, Anson, and Harley Sadler. Opposition has developed to this proposal that the 4c refund be remitted one-fourth to the rural school aid fund, one-fourth to counties for exclusive use on farm-to-market roads, one-half to counties to be earmarked for soil conservation programs only.

Plank 4, on permanently abolishing the state ad valorem tax for general revenue purposes. By Jas. D. Hamlin, Farwell.

Plank 5, for continuing the WTCC's current modest campaign of national industrial advertising and authorizing cooperation with the Texas Association of Commerce in advocating a statewide and state financed campaign restricted to industrial copy. By J. E. Cunningham, Amarillo.

Plank 6, authorizing cooperation with the Chemurgic and Industrial Research Committee of Texas in a program of research into industrial marketing possibilities of agricultural products and other raw

By United Press. LAKE SUCCESS, N. Y., Nov. 5. White Russia proposed today that the United Nations abandon the United States and establish permanent headquarters in Europe, preferably at Geneva.

The Soviet Republic threw the proposal into the UN general assembly's steering committee as it prepared to consider America's request that the search for permanent UN headquarters be extended to Greater New York and San Francisco.

The Russian proposal was the opening gun in an anticipated Russian campaign to move the UN out of the United States, which was picked as the world organization's home country after a long fight early this year in London.

Heavy Vote Being Polled in GOP-Democratic Duel

NEW YORK, Nov. 5. (AP)—New off-year voting records were in sight in many key states today as American voters marched to the polls in great numbers to decide whether Republicans or Democrats will hold control when the new congress meets on January 3.

The heavy turnout brought predictions of record off-year balloting in New York, Indiana, Ohio, Massachusetts and Wisconsin.

Voting in politically-important Chicago was reported only moderate during the early part of the day. But by mid-afternoon officials believed it might set a record for an off-year — a year in which the presidency was not at stake.

An exceptionally close contest between the two major parties appeared building up in the Kansas gubernatorial race, where incomplete returns from 66 precincts in three cities gave the Republican candidate, Frank Carlson, 2,129 votes to 2,060 for Democrat Harry H. Woodring.

Most polls made Gov. Thomas E. Dewey of New York a strong favorite for re-election.

OWENS RE-ENLISTS. Robert L. Owens, 25, of Cisco, has enlisted in the regular army for a period of 18 months, says Master Sgt. Ernest D. Elmoro, administration NCO of the Eastland army recruiting sub-station. Owens served with the army air corps in the Pacific theater during the war. He was discharged from the army as a sergeant on January 8 of this year. Prior to his enlistment in the army, he made his home with his father T. E. Owens, 612 D avenue, Cisco.

STUMPIN'—Governor and Mrs. Thomas E. Dewey pause for the cameramen as they leave their train in Grand Central Terminal in New York City. Dewey, opposed by Democratic candidate, Senator James Mead, is touring N.Y. in reelection trip.

Miss Waid Was in New Dist. Manager Charge of Jaycee of Bell Co. a Cisco-Monday Program co Visitor Today

Miss Jeanne Waid, English and public speaking teacher at Cisco Junior college and Cisco high school, was program chairman at the Junior chamber of commerce meeting Monday night.

Visitors present included Mrs. Wallace Smith, Mrs. Troy Powell, Mrs. Roy Huffmyer, E. J. Damron, Joe B. Douglass, west ward principal, and Coach Fischer of the Lobo football team.

Mr. Damron, a director of the senior chamber of commerce, talked on the proposed new highway between Cisco and Abilene. Damron also urged the Jaycees to give their full support to the coming show to be sponsored by the Band Parents association.

A report by the health committee showed that progress has been made toward rehabilitation of the west ward and grammar schools rest rooms.

Fred Scott explained plans of the Safety committee, preparatory to Safety Week, date of which has not been set. The full committee will meet next week to complete the schedule and announce the date.

TEN DEATHS AT DENVER. DENVER, Nov. 5. (AP)—A three-day blizzard, which trapped mile high Denver in one of its worst snow blockades, ended today, after causing 10 deaths in the area.

MEAT CONTROL.

Collapse and failure recently of government control over an important commodity, required in the daily lives of the people, points up an important moral for Americans. In lettering bold and poster-size, amounting to hand-writing on the wall, this moral shows that we are not ready for this kind of regimentation in peacetime. We may reenact the plot again with new characters at some future time, but the result will surely be the same.

This we must know before more harm is done: A controlled economy is not compatible with American democracy. The real reason for meat control failure carries blame neither to men in Congress, nor to the packers, nor to the packing unions. The real reason for complete failure of meat control lies in the fact that Americans have been brought up on a free market. They have found the greatest sort of freedom in this kind of economy. They desire no substitute for a free economy.

Few Old Cows. Prices the government allowed for hogs and cattle on foot were not high enough to induce farmers to sell their animals. Early in October the New York Times sent a reporter into the heart of the Texas cattle country. Trailing buyers at Fort Worth for both major and independent packers, the Times reporter saw them bid OPA ceilings and come away with only a "few old cows" out of 5,700 head of beefs listed that day. Choice animals were "grabbed off by trad-

ers at prices in excess of ceilings," while 7,000,000 beef cattle continued to roam the southwest Texas range. Like any man who successfully invests capital and puts hard work into an enterprise, the cattle raiser is well taught about markets. But a controlled economy puzzles him first, muzzles him later. The farmer, like the manufacturer, has learned to watch markets: to buy and sell advantageously in an honest, competitive market. And in our land we have found that the consumer, who buys the food and manufactured goods at lower prices, is best protected by this same free market.

Failure Recognized.

Why could a black market exist? The public wanted meat badly enough to pay more for it than the ceiling price. I am not condoning black markets, but it needs to be said that this one was a general revolt against price controls on meat during peacetime, when the public knew the country had more livestock than usual. The failure of controls was dismal, and the entire population recognized it.

Some folks, prompted by Communist thinking and desiring to destroy freedom of opportunity, blamed the failure on the packing houses. People who know nothing of the facts may believe that accusation. The facts are that prices packers could legally pay did not bring livestock to market. Neither did a few men in Congress cause the farmers to withhold hogs and cattle. It was not the "feebleness" of the law, but the law itself, that turned a free market into a black market.

Dynamic Economy.

Dynamic is the word for our American economy. It cannot be trampled down at one point and bludgeoned at another, at the whim of some far-away controller. Neither can you expect it to by-

right and looking good— let your Humble station give it this thorough check after last summer's hard driving. Humble stations are fully equipped and Humble men are carefully trained to render you these services.

TIME TO CHANGE OIL
Drain dirty, diluted, dangerous summer oil. Flush, and refill with Balanced 997—oil, a good number! Or with Esso Motor Oil—unexcelled!

TIME TO LUBRICATE
Humble charted lubrication gets into every bearing with the right lubricant for smooth, long-life operation.

TIME TO CHECK THE COOLING SYSTEM
Drain, flush, and refill the radiator. Replace worn fan-belts and drippy water-hoses.

TIME TO CHECK WINDSHIELD WIPER BLADES
You'll need a clean sweep on your windshield this winter. To drive safely, you must be able to see.

TIME TO CHECK YOUR SPARK PLUGS
Replace burned, cracked spark plugs for more efficient operation and for better gasoline mileage. At many Humble stations, you'll be able to secure Atlas Champions.

TIME TO CHECK THE TIRES
Rotate your tires for longer wear. Replace tread-bare tires for safety's sake. At many Humble stations, you can get Atlas Tires, with the unconditional warranty.

TIME TO CHECK BATTERY AND BATTERY CABLE
Does yours need recharging or do you need a new Atlas battery? And don't forget frayed battery cables—they can give you a lot of trouble.

TIME TO CHECK DIFFERENTIAL AND TRANSMISSION LUBRICANTS
These should be changed every 5,000 miles. When was the last time you changed yours?

TIME TO WASH, POLISH AND WAX YOUR CAR
Save that paint. You'll want your car to look good until next Spring.

TIME TO FILL UP WITH ESSO EXTRA
The best gasoline you ever used!

HUMBLE

New cars are still few and far between. After last summer's hot and dusty mileage, your car needs this check to give you satisfactory service until next Spring. Care saves wear!

Mother, This Home-Mixed Cough Relief Is Wonderful

Saves Real Money. No Cooking. Quick Results.

To get the most surprising relief from coughs due to colds, you can easily prepare a medicine, right in your own kitchen. It's very easy—needs no cooking, and tastes so good that children take it willingly. But you'll say it's hard to beat for results. First, make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Or you can use corn syrup or liquid honey instead of sugar. Then get 2 1/2 ounces of Pine-X in every way.

from any drugstore, and pour it into a pint bottle. Fill up with your syrup. This gives you a full pint of really splendid cough syrup—about four times as much for your money. It never spoils, and lasts a long time. And for real, quick relief, it's very effective. It loosens the phlegm, softens the irritated membranes, and helps clear the air passages. Pine-X is a special compound of pure, proven ingredients, in concentrated form, well known for quick action against coughs and bronchial irritations. Money refunded if it doesn't please you.

Attention Show Fans

There will be a surprise picture at the Palace theater at midnight Saturday, November 9. This picture, one of the best of the year and featuring your favorite stars, will be shown only one time, so don't miss it.
