Tomorrow Is National Sales Day For Poppies

Tomorrow Americans all through the nation will pay tribute to their countrymen who have died in two great World Wars by wearing a red poppy.

In Cisco, as in every other city and town all over the country, the women of the American Legion Auxiliary will be on the streets with baskets full of poppies for sale. This large corps of volunteer workers, organized by Mrs. A. L. Clark, poppy chairman, will see to it that everybody in the city has an opportunity to buy a poppy.

Disabled war veterans — young ones from this war, older ones from the last — made these poppies at Legion Hospital, near Kerrville, Tex. These men who have been working in the hospital during the winter and spring to have the little flowers all ready for Poppy Day have benefited not only financially but mentally as well. To be able to earn money, to have a pleasant occupation has done a great deal to maintain their interest in life.

The memorial flowers have small intrinsic value, but the buyer can give for one whatever he feels he can for this symbol of the sacrifice made by some of his countrymen. All the money contributed goes into the Legion Auxiliary rehabilitation and welfare funds and forms a large part of these funds which do so much to help the disabled veterans, their children and the children of the dead and disabled, of both wars.

Last year the Auxiliary distributed more than 19,000,000 poppies and it is expected that the public's wish to wear the badge of honor and tribute will be greater than ever this year. The local Auxiliary unit will make a poppy available to every citizen tomorrow.

Veterans of World War I and World War II are expected to be among the first to buy a poppy on Poppy Day, tomorrow, according to C. D. Wyatt, commander of Jno. Wm. Butts Post of The American Legion.

Cisco Clevers To Ranger Jaycees Get Shirts While Playing Neighbors Local Project

The Cisco Lumber & Supply Co. bowling team was host last night to a Breckenridge team, being defeated by them by a score of 43 pins.

This is the first of a series of 12 games to be played, one each Thursday night.

Cisco defeated this same team recently in series by a score of 9 to 3.

Personnel of the Cisco team is Tabor, Esel, Bearman, Urban, Langford, and McDonald. The Breckenridge team is composed of Rogers, Johnson, Sonag, Crowley, and Nelson.

This Cisco team will play the second game of a series of 12 games next Monday night with Ranger, having defeated Ranger in the first game of the series.

Shirts are being ordered for the Cisco Lumber and Supply Co. team thus giving the advertising advantages as well as encouraging good sports and fellowship among neighboring towns.

Price Control to Be Junked Was Indicated Today

WASHINGTON, Nov. 8. (AP) — Authoritative government sources indicated today that the administration soon will junk its wage stabilization program and remove price controls from everything except rents and a few food items.

The only food stuffs to be left under price controls under the contemplated program would be sugar, rice, molasses and other syrups. A reconversion official said that increases probably would be granted in rent ceilings after the removal of other price controls.

Some sources said they expected the decontrol advancement early next week and predicted it would remove all controls except those on rents.

Housing Expediter Wilson W. Wyatt still was making a last-ditch fight for keeping price controls on building materials. But spokesmen for his office indicated he was losing ground.

Reports on the scrapping of the bulk of price controls were accompanied by predictions that Price Administrator Paul Porter and members of the price decontrol board would resign.

Porter's office officially denied that he would resign. A spokesman for the decontrol board said he expected its three members to quit if virtually all price controls are scrapped.

WTCC Rejects Gas Tax Plank Today

Overwhelming defeat of a proposal to use gasoline tax refunds, now made to consumers who use it for agricultural and aviation purposes, for one-fourth allocation to rural school aid fund, one-fourth to the road and bridge fund of the counties for farm-to-market roads and one-half to a soil conservation fund, marked activity of delegates to the 29th annual convention of the West Texas Chamber of Commerce opening in Abilene this morning.

Designated as Plank No. 3 in the WTCC referendum ballot containing a total of eight proposals for 1947 policies and activities, the measure was presented to the assembly — fifth of its type held by the organization — by Gilbert Smith, of Anson, county judge of Jones county, a past president of the Texas Association of Judges and Commissioners and chairman of the WTCC agriculture committee.

Smith also introduced Rep. Harley Sadler, of Sweetwater, who spoke in support of the amendment.

Taking the floor in opposition to the amendment were Herbert Hillburn, Plainview; Courtney Hunt, Haskell; Homer Winston, Tahoka; and delegates from Wichita Falls and Lorenzo — all of whom voiced strong opposition.

Only a few scattered towns voiced approval on a roll call vote, while voting against the measure were delegates representing Abilene, Albany, Ballinger, Colorado City, Moran, Munday, San Angelo, Snyder, Sweetwater, and Wichita Falls.

The session, which began at 9:30 a. m. with more than 300 directors and delegates present, was opened by President H. Y. Overstreet.

Report of Treasurer Malcolm M. Meek, of Abilene, showed cash and government bonds on hand at end of the fiscal year totalling \$60,185.15 as compared to \$52,011.03 a year ago.

First plank adopted was report of the election committee, which named local and district directors. C. B. Downing, of Albany, chairman of the election committee, read the list of 134 directors elected by members in 134 affiliated towns.

Downing also read a list of ten district directors elected by local directors in each district. They are:

District 1—R. E. Wertz, Amarillo; 2, Tom Garrad, Tahoka; 3, A. B. Taff, Childress; 4, Amon G. Carter, Fort Worth; 5, Frank Kelley, Colorado City; 6, John D. Mitchell, Odessa; 7, J. L. Pinkerton, Monahans; 8, Sam Walk, Del Rio; 9, E. L. Buelow, San Angelo; and 10, B. P. Bludworth, Brownwood.

Those attending the meeting at Abilene from Cisco are B. A. Butler, J. J. Calaway, R. L. Ponsler and A. B. O'Flaherty.

Truman's Cabinet Discusses Election Strike Threats --- in General Terms

WASHINGTON, Nov. 8. (AP) — President Truman held his post-election meeting with his cabinet today. There were some differences afterward among the cabinet officers as to just what extent the political repercussions were discussed.

Secretary of War Robert P. Patterson said the election results were discussed "only in a very general way."

Secretary of Agriculture Clinton P. Anderson said "there was no discussion of the elections in the cabinet meeting."

By United Press. Threat of a strike by major radio stars was made today as settlement prospects brightened faintly in a prolonged midwest farm equipment strike and in the west coast maritime walkout.

Announcement of the possible radio strike, which would silence the voices of some of the nations most popular entertainers, came from New York.

Disputes over contract renewals and over carrying of programs on affiliated networks brought on the strike threat.

On the west coast, it was disclosed that the CIO Marine Engineers Beneficial Association had voted to permit negotiators meeting operators to modify their demand for preferential hiring. The issue has been a major stumbling block to settlement of the west coast 39-day shipping tieup.

Turkey Market Is Gloomy Threat to Host of Farmers

It's turkey selling time, but today there happens to be no market.

And none is in prospect before next Tuesday at the earliest, according to local buyers. The market has dropped steadily since the decontrol of OPA, losing 8 cents per pound from the artificial peak in October. The Southwest market has never opened and what turkeys have been bought were purchased on an indirect quotation from the Northwest market, which has followed the cotton market downward.

The last quotation here was 33 cents per pound for hens and 26 cents for toms. Only turkeys previously contracted are being accepted here.

A spokesman for the turkey industry said this morning that the industry fears a duplication of the cotton drop in the turkey market. He said that unless there is a change for the better, many turkey dressers are going to pull out of the market.

There is supposed to be a Southwest quotation between Nov. 12 and Nov. 15 and if there is one, turkeys will move in the normal channel. Otherwise, it's difficult to say what will happen, the spokesman said. To say the least, the outlook is dark for the grower.

The Thanksgiving turkey market normally closes Nov. 16.

Some Democrats Want Hannegan to Quit Chairmanship

WASHINGTON, Nov. 8. — Scattered Democratic demands that National Chairman Robert E. Hannegan be fired from the party helm and the cabinet reportedly finds President Truman cold today toward any major changes in his official family.

While there are indications that some shifts may be made soon in his personal White House staff, the President is said to be standing behind Hannegan despite the searing Democratic defeat in Tuesday's congressional elections.

There has been talk on Capitol Hill that for reasons of health, Charles G. Ross, White House press secretary, soon may ask to be relieved of his duties. It was emphasized, however, that if any such change is made, it will have nothing to do with the election results.

But as a direct result of the Democratic-to-Republican shift in congressional control, Senate Secretary Leslie L. Biffle is expected by some friends to transfer his activities from Capitol Hill to the White House staff after the first of the year.

The senate elects its own secretary at the beginning of each new congress, and Biffle, an Arkansas Democrat and close friend of Mr. Truman, appears unlikely to survive a Republican drive for the office despite his personal popularity.

Mendenhall Kin Dies

Word was received in Cisco today by Mr. and Mrs. L. F. Mendenhall of the death of their nephew, Walter Mendenhall, son of Mr. and Mrs. Tom Mendenhall of Wichita Falls. The young man died there early this afternoon of a heart attack. Mr. and Mrs. L. F. Mendenhall plan to leave early Saturday morning for Wichita Falls to be with the bereaved parents.

OUTLAWS TO RETURN

The Outlaw starring Jane Russell and Jack Buettel is being brought back for the benefit of the large number of people who were unable to see this picture the first time it was shown in Cisco. The Outlaw will be shown at the Texas Theater Sunday and Monday. See adv, page two.

TO APPEAR IN PERSON

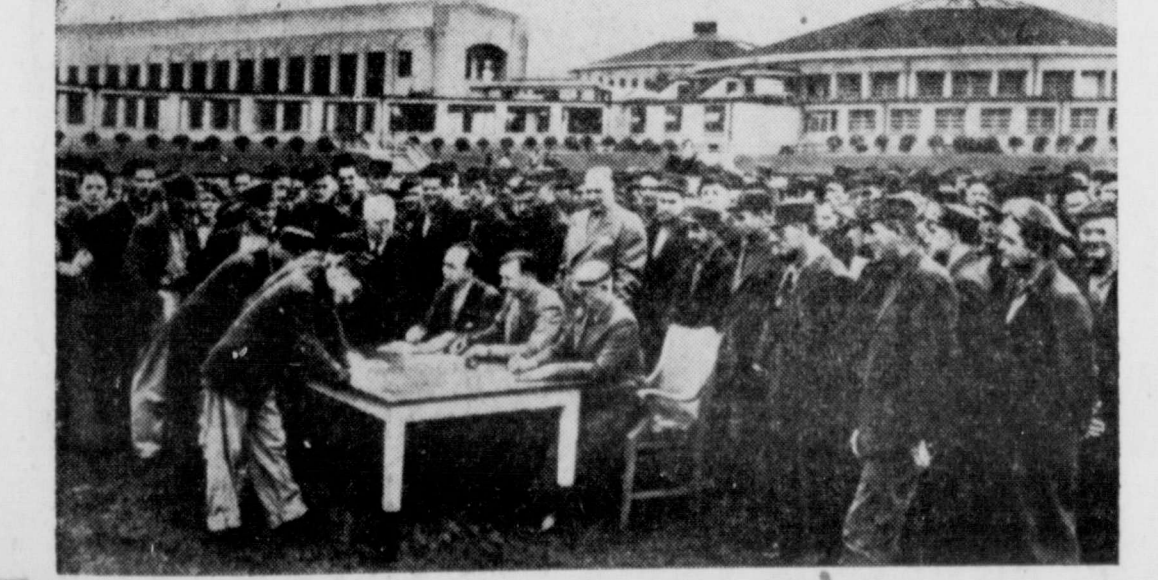

Woody Johnson and his Western Stars will appear in person at the Palace theater Saturday, November 9. They will bring you a big new western show with plenty of good music, singing and dancing. This show is the first of a series of Western stage shows which will be brought to you each month through the courtesy of the Palace Theater.

COMIC STRIPS WEEKLY

Each week the Cisco Daily Press will bring you two comic strips. Eager Beavers by John Webb, brought to you through the courtesy of the White Auto Store, will appear each week in Friday's issue on page four. Cherry Sundae by the Flying Cisco Kids, brought to you through the courtesy of the Cisco Airport, will appear on page three each week in same issue.

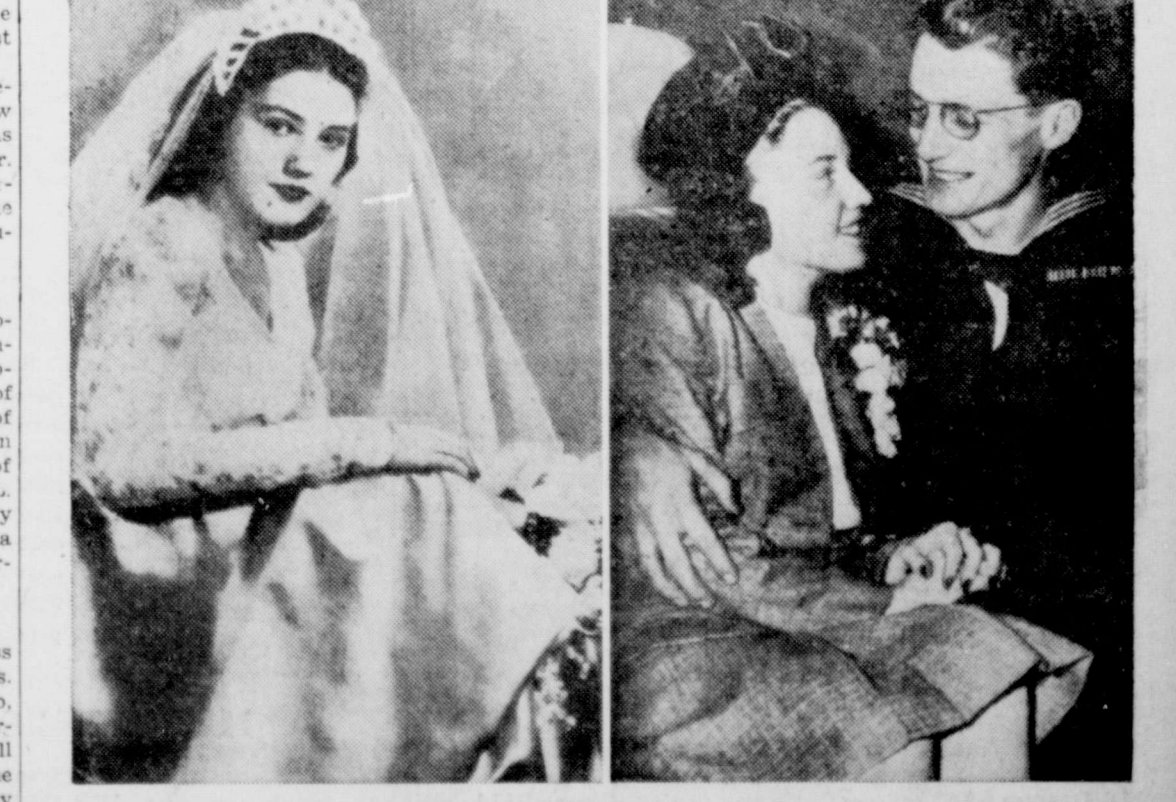

HUGH GIBSON, former Ambassador to Germany, above, and a member of ex-President Herbert Hoover's mission to study food problems in Europe, answers questions of reporters as he returned to the U.S. recently.

DONATION TO EYE-BANK—Inmates of Stateville prison, Joliet, Ill., sign forms willing their eyes, after death, to an eye-bank so that the blind may see. The unique project was inaugurated in hope corneal grafts will aid some of the blind to see.

PLANTING FOOT AND KISS—Actress June Haver, returning to Rock Island, Ill., her home town, plants her foot in concrete at the theater—and a kiss on the balding head of the city's Mayor Melvin L. McKav.

NO GOWN, BUT WEDDING AS SCHEDULED—Candidate for the world's meanest thief is the one who stole the wedding gown of Virginia Smiley in which she is shown prior to her wedding in Washington, D.C., right. Virginia substituted a business suit and was married "as scheduled." At left, the groom, Yoeman 1/c Thomas Corcoran, embraces his bride after the ceremony.

Per year, in advance (By Carrier).....\$6.00
Per week, by carrier boy (carrier gets half).....12c

THE COAL BOSS

As for the threatened coal strike by John L. Lewis, that rather arrogant boss on mature consideration may think better of it. The American people seldom get mad clear through, but they certainly would do so if Lewis, with insolent disregard of American sportsmanship and public needs, were to launch a production strike whose end no citizen could foresee.

A strike in that quarter, and with so determined a sponsor as Lewis would constitute if definitely launched on such an enterprise, could turn into a state of internal war resembling a military siege, arousing enmity and loss as great as if they came from actual warfare.

There is no need of any such undertaking by any group of Americans, when means are at hand, both governmental and private, to insure justice among the coal miners if they themselves will adopt an honorable and patriotic course.

ARMISTICE DAY.

Armistice Day was celebrated at the time and for some years afterward as the end of a war and the inauguration of a long period of peace. It was rather, as now seen, a temporary halt in a 30-year war. This sobering after realization explains why there has been no move to make V-E and V-J days national holidays. If we could be sure that these definitely marked the end of war and the beginning of a lasting peace, they would deserve that honor.

But if Armistice Day did not have the final quality at first attributed to it, still it remains as a day hallowed by the deeds of brave men striving for their country's and the world's good, and a day that if it did not end all war did see the defeat of wicked assault on freedom, and gave the world a 21-year interruption from war.

Sore Throat—Tonsillitis! Our Anesthesia-Mop is a Doctor's Prescription that gives quick relief from pain and discomfort. Guaranteed to be the best Mop you ever used—or money refunded. Generous bottles with applicators only 50c at DEAN DRUG COMPANY.

SPARE BEDROOM.

TIME was she'd had a home-place of her own. A rambling farmhouse up New Hampshire way; But Cousin Carrie, with her children grown, Let things run down. It seems like yesterday, Those memorable summers that we spent Rummaging in her attic when it rained, Playing wild Indian to our heart's content— She never minded, never once complained.

No counting all those extra plates she laid At dinner-table; and relations found A lasting welcome, even if they stayed; By stretches, there was ample to go round— Crowded or not, I guess we've room to spare For Cousin Carrie and her rocking-chair!

—Leslie Nelson Jennings, in Christian Science Monitor.

NIMROD

Mrs. A. E. Harrelson of Cisco visited in the home of her son, Oliver Harrelson, Friday morning. Arthur Cozart spent Sunday afternoon with Mr. and Mrs. Jack Cozart.

Mr. and Mrs. Avery Holt and son, Darrell, and W. J. Holt were visitors in the home of Mr. and Mrs. J. E. Stansell Sunday afternoon. W. J. Holt is spending a few days there.

Mr. and Mrs. Buford Cozart and Mr. and Mrs. Edgar Townsend visited in the Cook Community Sunday afternoon in the home of Mr. and Mrs. Albert Townsend and family.

The regular meeting of the Nimrod Cemetery Association will be held at the Nimrod church Sunday, Nov. 10. The program consists of the 11 o'clock address, the spreading of lunch at noon, and a business session followed by singing in the afternoon.

Earl Brown of Lorraine was here, on business Thursday.

If Isabella had ice cubes...

Christopher Columbus would never have discovered America! Isabella, Queen of Spain, had caskets full of jewelers. She had velvet robes and silken gowns and handsome hand-made shoes. *But she had no electric refrigerator!* So the jewels were pawned. Three little ships set out against the sea. And Columbus happened on America back in 1492. Fantastic? Not really. In Isabella's day, they tried to keep food from spoiling by spices brought overland at great expense from India. Columbus believed he could reach the Indies by sailing westward on the unknown Atlantic. The rest is in history books.

Poor Isabella, with all her clumsy luxuries, never dreamed of ice cubes — nor radios to whisk music from the very air — nor any of the miracles of modern electric living!

Though electricity plays such a great part in today's comforts and conveniences — you're scarcely conscious of electric service. That's because it's always on hand — all you want — at little cost.
