JUMPING THE GUN—While most cities wait until Thanksgiving to decorate for Christmas, Chicago's Yule-season-minded State Street puts up the first of eight 740-pound aluminum wreaths which will decorate The Loop district.

Russia Asks Investigation of Displaced Persons Camp

L. D. Donaway, Loboes Defeated Joint Presbytery One of County's Ranger Bulldogs Conference Meets Best Men, is In Aerial Battle Here November 14 Dead; He Was 91

L. D. Donaway of Dothan, who fell and broke his hip on November 5, died at Graham Sanatorium at 7:30 o'clock Monday night. He had celebrated his 91st birthday on October 11.

Funeral services will be held at 2 o'clock Wednesday afternoon at Cisco Church of Christ, with burial following in the cemetery at Dothan. The officiating ministers will be Rev. Cole Jackson of Moran and Rev. G. S. Westbrook of Cisco. Thomas funeral home will be in charge of the body. Pallbearers will be L. B. Norvell, Omar Burkett, Jess Nobles, John Hart and R. V. Galloway.

The game was marred by several instances of unsportsmanship, and particularly by an incident which caused banishment of Arterburn, Ranger's sharpshooter, at the end of the first half. The father of the boy was escorted from the field by Ranger officers when he angrily protested the official's decision. Similarly, in the third period, a Cisco lad was banished for unnecessary roughness.

Except for Ranger's two touchdowns — which matched the Lobo scoring in the second period — the Loboes had things their way. They made 13 first downs to five for the Bulldogs, gained 108 yards on the ground and 321 in the air. All of the scoring — with the exception of the first touchdown, which was made on the last play of the first quarter — was compressed within the two middle periods of the game. The Cisco seconds played all the fourth period.

S. J. PATTERSON, JR., Richmond, Va.

During the game Cisco punted only three times, once when the second team was in. The Cisco line, led by Melvin Noble, with Raymond Penn, Ted Fields, Robert Rendall and Harold Hill sweeping the Ranger ground offense into a net loss of 20 yards — 58 lost for 38 gained — was magnificent.

At the 157 yards that Ranger collected via the air, 95 were accumulated on their two scoring plays, each of these accomplished by a combination of luck, deception and a tremendous heave. The first was good for 60 yards when Bob Williams hid out on the sideline and took Arterburn's pass, with no Lobo within shouting distance. Stanley Williams of Cisco raced across to toss his Ranger counterpart out on the two, but Arterburn slanted for the count on the next play. That was after the Loboes had scored two touchdowns, were leading by thirteen points and feeling comfortable.

Cisco retaliated by scoring from the kickoff, but once more, in the fading moments of the half, one of Arterburn's tremendous heaves found J. Gray with an impossible catch on the goal line and as the half ended the score was 19 to 12, Cisco.

The Loboes fumbled around with half of their cylinders missing during the first quarter, and it was not until the last play of that period that they were able to score. They put together a 35 yard pass from Johnson to Pence, and a series of sharp running and plunging tactics by Williams, Smith and Cleveland to carry to the one yard line from which Williams scored. Pence kicked out and the Ciscoans were out in front, seven to naught. They scored again when next they got their hands on the ball. Pence taking Johnson's heave from the Cisco 49 and running to the six behind excellent blocking. Williams ran right end for the score, but Cleveland's dropkick was wide.

Ranger then startled the Loboes with the hide-out that paid off, but again the Loboes scored from the kick-off — Penn returning to Cisco's 48, King snatching a pass for 21 yards, Williams running for 10 and Johnson for 12 to carry to the Ranger three from which Williams counted. Pence's kick was wide.

Ranger here put on their only sustained drive, once gambling for

By United Press.
LAKE SUCCESS, N. Y., Nov. 12. Russia proposed today that the United Nations immediately investigate displaced persons camps in Germany.

Andrei Vishinsky, deputy Soviet foreign minister, proposed that a commission of seven to nine nations make its investigation within a month. He said that Russia, Yugoslavia and Poland should be represented on the commission because of their direct concern with the refugee problem.

Meanwhile, the Security Council's committee of experts recommended that Switzerland, which is not a member of UN, be admitted to the international court of justice if she agreed to accept its jurisdiction and contribute to its costs.

It was reported that America's initial proposal for a world disarmament program will be ready for the UN General Assembly in a few days.

HERE'S HOPING—Mrs. Virginia Olson carries her adopted son, Ronnie, 4, from the train that brought them to Chicago from Denver, Col., for a delicate operation that may restore the child's eyesight. It is hoped that surgery will enable Ronnie to see his toys at Christmastime.

LOOKING AHEAD
by GEORGE S. BENSON
President—Harding College
Scary, Arkansas

F. B. I. CALLS FOR A COUNT.

In Europe the past summer I was made to understand an important fact. Consistently, I was informed by labor leaders, government officials, and industrialists in all of the eight countries I visited that the most disturbing element in each nation was the Communist element. In every country the confusion wrought by the Communists was quite disconcerting.

In England, Norway, Sweden, Denmark, Belgium, Holland, and Switzerland the Communist element was not large in number. But it was well organized. Apparently the movement was receiving funds from abroad in each country, for a campaign all out of proportion to actual size of the organization was in progress. In France, although the Communist party is not the largest, it has the best organization and is recognized as the strongest single party in France.

How About America?

Confusion, today, is not confined to Europe. In America we have been having a lot of confusion. We are facing the most serious industrial problems in our history. Though the war has been over 15 months, our industry is still dragging badly. Production, in nearly every field, is disappointing. But an abundant by-product is confusion, and more confusion.

Industry wants to produce, for that is the only way it can make money. Some of our largest manufacturing establishments have actually lost money instead of making money in the past twelve months. Industry is not pleased with this situation, and I cannot believe they are purposely trying to keep it that way. Labor finds it difficult to live on current income. Labor's need is wages, and I cannot believe that labor as a

whole wants confusion, work stoppages, and light production.

More Confusion.

Does the government want to hinder production? Surely it wants the people to have food, clothing, transportation, and housing. Yet, when we have every reason to believe that labor, industry, and government want production, we are not getting production. Despite the desire of the three groups to avoid confusion, yet we have confusion fomented.

J. Edgar Hoover, many years head of the Federal Bureau of Investigation, a trusted citizen and public servant, is in a position to understand perhaps better than any other person what is happening in America. In a speech on the West Coast, September 30, he decried the growing menace of Communism, declaring that "in the past five years American Communists have made their deepest inroads upon our national rights."

Pioneers Movement.

Their skillfully designed and adroitly executed propaganda, Mr. Hoover stated, has been projected into every phase of national life. "They have maneuvered themselves into position where a few Communists control the destinies of hundreds who are willing to be led or have been duped," he continued. "The average American working man is loyal and law abiding, but in his desire for security for himself and family he finds himself in a Communist pincers movement manipulated by a powerful minority." Mr. Hoover observed.

Their false preachments on civil liberty mean that Communists want the right to do as they please. Those who seek to provoke prejudice and stir up the public mind to angry resentment against our form of government are a menace to the very powers of law and order which guarantee and safeguard popular rights. Said Mr. Hoover: "Communism has spread Fascism and Fascism spawns Communism. Both are antithesis of American belief in liberty and freedom. If people of other countries want Communism, let them have it, but it has no place in America." It is time to stand up and be counted, indeed.

Poppy Sales Here Exceeded Those of Past Years

Poppy sales in Cisco totaled \$196 Saturday and more could have been sold had the number apportioned to Cisco been larger, it was said. At that, all previous local records were surpassed.

The committee extends thanks to all who bought the Poppies or in any way contributed to the sales, said Mrs. A. L. Clark, sales committee chairman. Other committee members were Mrs. O. C. Lomax and Mrs. W. E. Lowery.

AUTO DEALERS MEET.

There was a group meeting of state auto dealers at Abilene today. Attending from Cisco were Carl Lamb, S. H. Nance, A. D. Anderson, Charles Graham and M. E. Gurney. J. W. Walls of Dallas, president, and W. A. Williams of San Antonio, vice president and manager, were present.

MINE EXPLODES IN JERUSALEM—Two soldiers of the Royal Ulster Rifles were killed, and 14 other British soldiers and two Arabs were hospitalized after a mine was detonated under this British truck on the outskirts of Jerusalem. (Photo by Acme Photographer Dave Davis.)

Congress' First Job Be Cut Personal Income Tax

WASHINGTON, Nov. 12. (U.P.)—House Republican Leader Joseph W. Martin, Jr., of Massachusetts, said today he believed a 20 per cent cut in personal income taxes would be passed and put into effect for the 1947 calendar year.

Martin, who is slated to become speaker of the Republican-controlled House, said tax reduction would be one of the first jobs the new congress will tackle.

Decontrol Plan Should Promote Industrial Peace

WASHINGTON, Nov. 12. (U.P.)—The administration's new decontrol program should promote industrial peace and stimulate production of badly-needed consumer goods, provided business uses restraint in raising prices, Civilian Production Administrator John D. Small said today.

He told a press conference that present peak production and nearly full employment can be maintained if there are no major strikes.

"And with the lifting of price controls, I think we have a good chance of avoiding them," he said. Meantime, two of OPA's major critics, Sens. Wayne L. Morse, R. Ore., and Kenneth S. Wherry, R. Neb., announced they had no intention of investigating the agency.

CIO Meat Workers Prepare to Strike Within Two Weeks

CHICAGO, Nov. 12. (U.P.)—The United Packinghouse Workers Union — CIO — today directed its members to prepare to strike within two weeks against the nation's meat industry.

All union locals were told that negotiations with the Fig Four packers, which began last August, were not proceeding satisfactorily, but that they would continue until every means had been used to get a peaceful settlement of wage demands.

CORN CROP GROWS.

WASHINGTON, Nov. 12. (U.P.)—The Agriculture Department today estimated the 1946 corn crop at 3,380,672,000 bushels, an increase of 4,672,000 over the estimate of a month ago.

LABOR GOVERNMENT PLAN.

LONDON, Nov. 12. (U.P.)—Parliament heard today a labor government plan to nationalize Britain's electricity and inland transportation, together with a charge by Winston Churchill that Russia was maintaining armies of "vast strength" in Europe.

DIRECT NEGOTIATION.

NEW YORK, Nov. 12. (U.P.)—The Italian government formally notified the members of the Big Four council of foreign ministers today that it would like to try to settle the critical Trieste dispute with Yugoslavia through direct negotiations.

CONSCIENCE TROUBLE—Sue Begg, 17, above, traded a confession for a clear conscience when she voluntarily admitted to New York City authorities her part in a \$30,000 jewelry store robbery. Her three boy companions are awaiting trial for the robbery. As "bag-girl," she allegedly carried the loot from the scene of the robbery and passed it back to her companions later.

JAPS LIKE 'DER BINGLE'—Crowds of Japanese movie fans line up outside Tokyo's Hibiya Theatre to see the film, "Going My Way." Only Japanese are permitted in the theatre, which is "Off Limits" to U. S. troops. The film is the first U. S. movie the Japanese have seen since before the war.

NOT LIFE AND DEATH.

If election campaigns teach us anything, they ought to teach us not to get excited. Regardless of party orators, the American way of life will not perish from the earth when the other side wins. If it did, it would indicate that it was not very deeply rooted. Nor shall we all starve if our side loses.

This was proved 50 years ago by the famous free silver campaign. William Jennings Bryan proposed that the government coin silver freely and have our paper money on it as well as on gold. Going off the gold standard terrified people beyond words. Banks gave one-quarter of one per cent of their capital stock to defeat him. Factories announced that they would close if he were elected. The end of the United States was predicted.

Not quite 40 years later the country did go off the gold standard and is off it now. None of these horrific consequences have occurred.

Evidently a good deal of the 1896 excitement was artificially promoted.

That could happen again.

OTHER EDITORS

Freedom Restored.

Dallas News: Five years of almost complete economic regimentation came to an end at 12:01 a. m. Sunday. Let it be said without equivocation the American people accepted controls in the face of crisis. But, victory assured, they were unwilling to continue. The heritage of freedom and initiative is too great.

This explains Mr. Truman's action. The pot of discontent had been boiling too furiously. He could not ignore it. Even a Democratic victory Nov. 5 would not have assuaged sentiment. The Republican landslide was proof that farmers, industrialists, housewives and great segments of labor were tired of government control of an economy which demands a wide latitude of freedom to function. The President is not being the statesman in laying blame on Congress for the breakdown of controls. The Congress enacted what he termed an "unworkable" law; tried to bend one ear to the people and one to him, but eventually the voices of the masses was too loud to ignore. Retention of the wartime rigid control system would have aroused even more resentment. The American people are simply

tired of government experiment and vacillation. They want a change. They want new opportunities to exhibit their enterprise.

For thirteen years they have seen experiment piled upon experiment, crisis mount upon crisis. It was ridiculous to assume that a heterogenous but freedom-loving people could be forced to conform.

We are not built that way. Still unswayed is the problem of rental property owners. It would be politically expedient for the Republicans to keep rent controls as are. Certainly there are more tenants than owners. But laws must rest on justice, not expediency. An era of expediency passed at midnight Saturday. We must return to status equitable and just in effect. The owners of rental property — many have their live savings invested — must get a fair return.

The News concurs that controls served a purpose in wartime, praise is deserved by those who volunteered to serve on the regulating boards. They were good soldiers.

But the crisis is over. We must not invent a new one. An end has come to an inconsistent and inequitable administrative policy, to an economy half-slave and half-free.

We must now encourage the world's most magnificent industrial plant to produce at an unprecedented level.

Consumer, producer and labor must be aware of their responsibilities. Free enterprise is on trial. The dawn of a new era breaks promisingly, and we must make the most of it.

LAVENDER MINT.

BUT WHERE the old log cabin leans Against the wind, the weather Has nibbled at the hitching post. Where no one comes to tether A sweating horse, to beg a cup Of spring water, or bite and sup.

The sagging door now answers to Cold knuckles of the rain. Only the western sun's bright hearth Kindles the windowpane, Warming the walls that used to know

But the wild mint, sweet and lavender, Stands slim and strong and tall. As a woman dressed in lavender Might lean against the wall— Watching the path wind river-ward—

Still waiting in the yard. —Yetta Gillespie in the Washington Star.

FROM PIN-UP TO TIE-UP—Former cavalry lieutenant Mayford E. Pence of Akron, O., smiles with his bride, left, at their home. When Pence left his employers to go to war, the company sent him their Goodrich paper, "Circle News," in one copy of which appeared the rubber firm's choice of their pin-up girl, Dorothy Mannick, right. On seeing her picture, Pence started a correspondence from the South Pacific, and upon his recent discharge the couple was married.

ROYAL WEDDING—King George VI, right, and Queen Elizabeth, second from left, drink a toast to the bride and groom following the wedding of the Hon. Patricia Mountbatten, daughter of Admiral Mountbatten, to Lord Brabourne at Hampshire, England.

THE HARD WAY—This British Post Office linesman does a bit of wire-walking near London as he repairs telegraph wires damaged by a storm along the road between Bude, North Cornwall, and Holsworthy, Devon, England. Many an ex-GI traversed this road during his stay in England.

NEWLYWEDS—Screen actor Jeffrey Lynn and his bride, the former Robin Chandler Tippett, enjoy an evening of their honeymoon at the Waldorf-Astoria in New York. Mrs. Lynn was, prior to her marriage, fashion editor of a New York paper.

Back-stage Behind the Curtains---

... in every organized business, large or small, there is a mass of preparation, work, skill, experience and expense before any thought can be given to profits from the finished product. For example, the cost of typing a 100-page abstract is a trifle compared to that of assembling, classifying and posting the records day after day in preparation for your next order. The abstract, therefore, can't be cheap like dirt, but always there is the element of safety and a saving in including it in every real estate transaction.

Earl Bender & Co., Abstractors,
Eastland Since 1923 Texas.

THEY'RE BOTH QUEENS—Movie queen Joan Bennett gracefully curtsies as she is presented to Queen Elizabeth in London. Joan's husband, Walter Wanger, left, waits with British actress Margaret Lockwood who is watching Joan. Talking to the King, right, is British actor John Mills.

This Home-Mixed Cough Relief Is Hard To Beat

Very Easy to Make. No Cooking. Saves Big Money. This gives you a full pint of splendid relief—about four times as much for your money. Tastes fine—children love it—and it never spoils. No matter what you've been using for coughs due to colds, you'll be the first to admit that this surprising relief, mixed in your own kitchen, loosens the phlegm, soothes the irritated throat, and helps clear the lungs. Make a syrup by stirring 2 cups of air-processed, Eastern-spruce and distilled sugar and one cap of fruit breather, and let's you sleep a few moments, until dissolved. Once tried, you'll swear by it. No cooking is needed—a child could do it. Or you can use corn syrup or liquid honey, instead of sugar syrup form, a most reliable soothing agent. Then put 2 1/2 ounces of Pinex (ob- for throat and bronchial irritations, tained from any drugist) into a pint just try it, and if not satisfied, your bottle, and fill up with your syrup—money will be refunded.

Quality Is The Best Policy

Always aware of the health-importance of our profession, we have made this concept the cornerstone of our utterly reliable prescription service. It's a working concept that always assures you of the best of high-quality drugs and the best of skilled professional attention when you bring a prescription to us. — And that's why so many people believe that their best policy is to come to us for all their Pharmacy needs!

PIMPLES Disappeared Overnight

Blackheads, too. No waiting. Yes, it is true, there is a safe, KLEEREX, that gets rid of pimples overnight as it acts to loosen and remove oily materials. Those who followed simple directions and applied KLEEREX upon their faces immediately noticed when they found their pimples and blackheads had disappeared. These newly-minted faces were clean and clear and are now glowing with their clear complexion. Use KLEEREX. If one application does not satisfy, you get double your money back. Ask for KLEEREX. 100¢ BOTTLE.

BRIEFLY TOLD

Mr. and Mrs. Ernest Williams of Atlanta, Ga., visited in the home of Mr. and Mrs. W. J. Armstrong Sunday afternoon while enroute to Abilene. Mr. Williams expects to join his brother-in-law John L. Higdon and others this week on a deer hunting trip to the Davis mountains.

Mr. and Mrs. Hugo Muery and children left Monday for their home at Bellville following a week-end visit in Cisco with his sister and husband Mr. and Mrs. D. P. King.

Mrs. Kate Berry of San Angelo visited here in the home of her mother Mrs. W. L. Harrell over the weekend.

Mr. and Mrs. T. G. Caudle of Cisco and Mr. and Mrs. J. W. Culwell of Breckenridge went to Dallas Saturday to see the SMU-A&M football game.

Jack D. Osborn, seaman of first class, is visiting his father A. L. Osborn and family while on a 45-day leave. He has been in the Pacific area for the past sixteen months and arrived from the west coast a few days ago.

Mr. and Mrs. C. L. Nix went to Abilene Monday for clinic examination for Mrs. Nix, who was injured in a car wreck here about

three weeks ago. It was found that she has a badly misplaced vertebrae which is causing impingement of a nerve. She has been placed in a cast and remained at Hendrix-Memorial hospital. She is in room 331.

Harry Grantz, student of Hardin-Simmons University, spent Saturday in Cisco with his mother Mrs. Eula Grantz and other relatives.

Mrs. Preston P. Briggs of Bartlesville, Okla., and her brother H. A. McCanlies Jr. of Houston visited in Cisco Sunday with their aunts Mrs. J. R. Burnett and Mrs. Kate Richardson and other relatives here.

Mr. and Mrs. Bill McCall visited her sister Mrs. John H. Erwin in Abilene Monday on their way home from a pleasant weekend and holiday visit at Midland with their son and wife Mr. and Mrs. Hartman McCall and children.

Major Farnsworth, storekeeper of the third class with the navy, accompanied by his friend Lester Lee Smith, first class seaman of Sulphur Springs, came in from Houston Friday where they are attached to the naval hospital as convalescent patients. Farnsworth, who is recovering from major surgery and his friend visited

in the home of his parents Mr. and Mrs. M. P. Farnsworth until Sunday afternoon. The two young men and another friend, John Olive of Longview, seaman of the first class were in the terrific storm which swept the island of Guam. They returned together on the same ship and are now together in the hospital at Houston.

Mr. and Mrs. J. W. Hildreth Jr. of Lamesa visited in Cisco with her parents Mr. and Mrs. Otto Hagaman over the weekend.

Miss Esther Bell, student of Baylor University, is a guest here of her brother-in-law and sister Rev. and Mrs. Otis Strickland.

Mr. and Mrs. J. W. Slaughter spent the weekend and holiday in Waco with their sister-in-law Mrs. John Slaughter, former Cisco-an.

Miss Fannie Stevens had as guests in her home over the weekend her niece and husband Mr. and Mrs. John Hamilton and family of Abilene; her nephew and wife Mr.

Doctor's Discovery FOR FLUSHING KIDNEYS

Backache, loss of pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. Kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start. So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out, increasing the flow of urine to help relieve that excess acidity and ease that burning when you pass water, helps that bladder irritation that gets you up nights. Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit forming. Caution: take as directed. For free trial supply, send to Dept. 2, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

and Mrs. Ocie Gray Chism of Waco; her nephew Ike Chism of Albany and their father Ed Chism of Moran.

Mr. and Mrs. Marvin Johnson of Hawley and Mrs. Dave Hart of Lamesa visited in the home of Mr. and Mrs. F. L. Campbell and with other relatives in Cisco over the weekend and Monday. Mrs. Hart, Mrs. Johnson and Mrs. Campbell are sisters.

Judge Clyde Garrett of Dallas visited in Cisco Sunday with Mrs. Garrett's brother J. C. Day of

Pampa, a patient in Graham sanitarium. Mrs. Day is also here. While in Cisco Judge Garrett stopped for a short visit in the home of Judge and Mrs. J. R. Burnett.

Mrs. John W. Brown, 504 W. Seventh street, entertained several members of her family over the weekend. Those with her were her sons and their wives Mr. and Mrs. Earl Brown and son Ted from Colorado City; and Mr. and Mrs. U. E. Brown from Brady.

Mr. and Mrs. R. C. Smith and children of Dickens and Mr. and

Mrs. W. L. Roper and son of Fort Worth spent Armistice Day here in the home of their parents Mr. and Mrs. Tom W. Smith.

Mr. and Mrs. Al Stasner of DeLeon were guests of her parents Mr. and Mrs. E. J. Poe Sunday and Monday.

Misses Louise Karkalits, Mayme and Letha Estes spent Monday in Wort Worth.

Mr. and Mrs. Algie Skiles visited

in Fort Worth Sunday. They were accompanied on the trip by Mrs. Jay Warren who spent the time there in the home of her son-in-law and daughter Mr. and Mrs. Johnny McGee.

Word has been received from Joe Tom Poe, ministerial student at Baylor University, that he has been elected treasurer of the freshman class. Poe was honor student of Cisco high school, class of 1946.

Miss Bonnie Jean Wilson, student of Hardin-Simmons University, visited her parents Mr. and Mrs. J. M. Wilson here over the weekend.

Mrs. Hiram McCanlies of Breckenridge joined her sister Mrs. J. Hall Chambliss and their brother E. N. Strickland Sunday on a visit to Hope, Ark., where they were

called by the serious illness of their brother J. Wheeler Strickland.

George R. Winston has returned from a business trip to Dallas and New Orleans.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis

WHY A SOAP SHORTAGE?

You've Heard Rumors. Here Are the Facts!

1. There is a world-wide shortage of animal fats and of vegetable oils. This shortage affects all of us. For instance, this year soapmakers have been able to obtain only one fifth of the imported oils they used in 1941—far less domestic fats, too.
2. Because of the world-wide shortage, manufacturers are unable to get the amount of fats and oils they need to make not only soaps, but also paints, textiles, tires, leather goods, floor coverings, electrical appliances, etc.
3. In the face of these conditions, American soap manufacturers have done their utmost. They have turned all the fats and oils they have been able to obtain into soap just as quickly as possible.
4. But for the help of American housewives, the shortage of soap would have been far more serious. Last year, more than one out of every nine packages of soap sold was made from used fats saved in America's kitchens.
5. Don't blame your grocer. He is doing his best, like the soapmakers, to get more soap for you. Won't you do your best by saving and turning in every drop of used fats.

YOU CAN HELP!... SAVE USED FATS!

American Fat Salvage Committee)

247 Park Avenue, New York 17, N. Y.

RECOVERING—Nurse Louise Kellenberger shows Kathleen Molay, three, who is apparently uninterested, a pin similar to the one she had removed from her right bronchial tube. Kathleen was flown from Wilmington, Cal., to Chicago to undergo the operation.

A BIRTHDAY FOR MISS LIBERTY—Little Lorraine Kaiser places a wreath at the foot of the Statue of Liberty during ceremonies marking the 60th anniversary of the gift from France. Behind Lorraine are delegates from France to the UN.

There is Buying Power in a Penny

Even in this period of rising prices. For instance,

With a penny's worth of Lone Star Gas Service you can still cook a good dinner for three people

Price of Lone Star Gas Service remains at same low level in a period when the price of practically everything else is advancing. Its price is same today it was before the war.

Lone Star Gas Company
