Tomorrow's the Big Day! Can Loboes Break Bucks' 17-Year Winning Streak?

The Cisco Loboes will be seeking to end a 17-year winning streak when they play the Breckenridge Buckaroos here tomorrow afternoon, 2:30 o'clock.

It has been that long since a Cisco eleven has defeated a Breckenridge football team — one of the longest one-sided records in the history of Class AA competition in this part of the state.

In 1928 an inspired Cisco eleven met the up and coming Buckaroo team of that year and, although slated to lose by two touchdowns or more, staged a four-touchdown upset. The following year the Buckaroos, led by the famed "Boon" Magness, defeated the Cisco Loboes 21 to 0 on the Cisco field and went on to win the state co-championship.

Not since that time have the Loboes come close to winning from the Greenshirts.

Prior to Mineral Wells' upset of the Bucks for the district championship, the Cisco eleven of this year was given an outside chance to turn the trick. It was hoped that they could catch the Buckaroos in a complacent mood. But the Mountaineer victory has changed that prospect and Breckenridge is certain to come to Chesley Field Thursday afternoon primed and really "up" after that defeat.

But despite the probability that the Buckaroos will win their engagement with the Loboes here Thursday — and thus take second place in the standings, which is at stake — there is plenty of evidence that the contest will be a fierce and entertaining battle. The Loboes realize what they are up against and, barring some bad psychology or crippling injuries or illness, they will be in there fighting.

The game will bring together two of the outstanding "key" players of the league in Stanley Williams of Cisco and Frank White of Breckenridge. White's passing and running have been the chief offensive mainstay of the Bucks, while Stanley Williams has earned wide recognition for his brilliant running, passing and defensive work. He is being touted for all-state honors.

The duel between these two boys should be a prime Turkey Day attraction for the gridiron fans of this section. Each is ably abetted by his teammates, however. Cisco presents what may rate the strongest line in the district, led by Melvin Noble, a magnificent tackle, and in Don Johnson, Williams has a backfield mate who is the ablest passer in the Oil Belt and a runner of no mean ability. Flournoy Cleveland, whose work at blocking back is solid, and Gerald Smith, who has improved in line plunging technique as the season advanced, round out a starting backfield that is weak in punting and not up to snuff on pass defense because of the shortness of some of its members. However, it has had its moments against dangerous passing teams — notably Brownwood and Eastland.

Humble to Broadcast Final Conference Games

The final two Southwest Conference football games will be described for stay-at-home fans this Saturday afternoon in broadcasts sponsored by Humble Oil & Refining company. First to go on the air will be the broadcast of the S. M. U.-T. C. U. game at Dallas, beginning at 1:50 p. m. Via Box will give the play-by-play description, assisted by color announcer Fred Kincaid. The broadcast will be carried by sta-

tions WRR, Dallas; KFJZ, Ft. Worth; WACO, Waco, and 11 other stations.

At 2:20 p. m., Humble's broadcast of the Rice-Baylor game at Houston will begin, with Kern Tips describing the play and Alec Chesser providing the color. This broadcast will be carried by stations KRLD, Dallas; KTSA, San Antonio; KTRH, Houston; KEYS, Corpus Christi; and KGBS, Harlingen.

BLUFF BRANCH REVIVAL. There will be a four-day revival at Bluff Branch Baptist church, on the Abilene highway, beginning Thursday at 7:30 p. m. and continuing through Sunday night. Rev. Glennard Morris of Brownwood will present the messages.

Mrs. Frank Turknett Died at Home This Morning

Mrs. Frank Turknett, 63, a resident of Cisco since her tenth birthday, died suddenly at 9:15 this morning at her home on Franklin street.

Funeral will be held at 2 p. m. Friday at East Cisco Baptist church, with burial in Oakwood. Officiating ministers will be Rev. J. T. Collings of Abilene and Rev. Evan Holmes and Rev. C. L. Casey of Cisco. Thomas funeral home is in charge of arrangements. Pallbearers will be Earl Owens, Ralph Butler, Arlin Agnew, Clifton McClelland, Iron Perdue, N. J. Sparks.

Mrs. Turknett was born at Clinton, Tex., March 12, 1883. She was Miss Mary Ann Page before she married Wylie Whitten, in 1898. Following his death she was joined in marriage to Frank Turknett, Sept. 7, 1903. She moved to Cisco with her parents when she was ten years of age. Mr. Turknett died April 20, 1946.

Survivors include her mother, Mrs. D. F. Page, of Cisco; four sons, six daughters, a brother and a sister, as follows: Richard Turknett, Cisco; Clifford Turknett, Breckenridge; Raymond Turknett, Lubbock; Wiley Whitten, Brady; Mrs. Louis Schlaepfer, Cisco; Mrs. Tom Grozier, San Saba; Mrs. E. L. McClelland, Ballinger; Mrs. F. P. Curry, Cisco; Mrs. Roy Lee Garrett, Whitney; Mrs. Forrest Noble, Andrews. The brother, Tom Page, lives in Cisco and the sister, Mrs. Arthur Short, is a resident of Selma, Calif. There are also 20 grandchildren and two great grandchildren.

Cisco Will Be On New Approved Air Route from Dallas

The office of Cong. Sam Russell, Washington, D. C., wired the Daily Press as follows today:

"The Civil Aeronautics Board advises that the Pioneer Air Lines of Dallas today received a route between Dallas, Midland and Odessa via Ft. Worth, Mineral Wells, Ranger, Eastland, Cisco, Abilene, Sweetwater and Big Spring."

FUNERAL AT EASTLAND.

EASTLAND, Nov. 27.—Funeral services were held here at 2 p. m. today for Tom H. Sparks, 77, who died Monday night. He was a retired farmer and had lived in this county 67 years.

6 CHURCHES GIVE THANKS TOGETHER

Plans are complete for the Union Thanksgiving service to be held at First Baptist church at 7:30 Thanksgiving morning.

Six Cisco congregations and their pastors will cooperate in presenting this service, but it is hoped that the attendance will not be limited to members of those six churches — but that members of all churches, and those who are members of no church, will join in this annual union meeting.

Rev. Allen A. Peacock of First Methodist church will preside and open the service with a call to worship.

The congregation will then sing the opening hymn, after which President Truman's Thanksgiving Proclamation will be read, followed by a Thanksgiving prayer by Rev. Otis Strickland of First Baptist church.

The congregation will then sing another hymn and Rev. R. W. Crews of First Christian church will read the scripture.

Rev. Stuart McC. Rohre of First Presbyterian church will give the prayer for the offering.

Special Thanksgiving music will be given by a choir from the various participating churches.

Rev. Cecil Stowe of the Church of the Nazarene will then deliver the Thanksgiving sermon.

The service will close with the benediction by Rev. C. S. Moad of the Church of God.

FOUR BURN TO DEATH.

Bi-District Championship Game Thursday Night

Cisco will again be the scene of a Class B bi-district championship football game when the Strawn Greyhounds play the Early high school team, of near Brownwood, at Chesley stadium Thursday evening at 7:30.

The game will be the second to be played on the Lobo field in one day, following the battle between the Breckenridge high school Buckaroos and the Cisco high school Loboes Thursday afternoon.

Admission prices for the bi-district contest will be 75 and 40 cents. The Brownwood radio station will broadcast the game.

Last year Baird and Strawn staged a close battle on the local gridiron, Baird winning the title by a score of 13 to 12.

Use of the field without charge is contributed by the Cisco public schools.

Most of Cisco Be on Closed Shop Basis Tomorrow

Practically all business houses and offices in Cisco will be closed all day tomorrow, Thanksgiving Day, said Mrs. Lucile Huffmeyer of the Merchants Credit association. This includes the First National Bank, Cisco postoffice and Cisco Daily Press.

Most of the filling stations will be closed during the football game, it was stated.

Cisco's four drug stores will close at 1 o'clock and will reopen after the big show at Chesley football field, which will get underway promptly at 2:30.

WASHINGTON, Nov. 27.—Federal Judge T. Alan Goldsborough today extended until Dec. 7 an anti-strike order against John L. Lewis and the United Mine Workers — AFL — after declaring he believed them "guilty of contempt."

Lewis and the UMW are being tried on contempt charges for refusing to call off — or at least postpone — the national coal strike as directed by Goldsborough in the original order issued Nov. 18.

Goldsborough ordered a 10-day extension of the order, over the strong objections of union counsel, shortly before its scheduled expiration at 2 p. m. CST.

In so doing he interrupted a long argument in which Chief AFL Counsel Joseph A. Padway, seeking dismissal of the contempt charges, accused the government of employing the "tactics of the oldtime reactionary employer" in trying to break the strike by injunction.

He said the court's order was endeavoring to place the miners in "involuntary servitude."

The union argued that Goldsborough's order violated the Norris-LaGuardia Act of 1932 forbidding federal courts to issue injunctions in labor disputes.

The prosecution contends that the government is not bound by the Norris-LaGuardia Act.

In any case, Goldsborough told Lewis' counsel, the court had a right to expect its orders to be honored until the legal aspects had been threshed out.

"An individual," he asserted, "can't take the law into his own hands and decide for himself. That is anarchy."

Ball Says Coal Strike is Plain "Insurrection"

WASHINGTON, Nov. 27, (UP)—Sen. Joseph H. Ball, R., Minn., today described the soft coal shutdown as "insurrection rather than a labor dispute."

"The coal strike is an insurrection rather than a labor dispute," Ball said. "It is a defiance of the law of the land as laid down in the war labor dispute's—Smith-Connally—Act and a defiance of court order."

As for the GOP program on labor legislation, Ball said the first move probably would be re-introduction of the so-called Case Bill which President Truman vetoed last year. It may be handled in several separate bills, rather than as an omnibus measure.

Future Farmers Originator Heads Conoco Program

PONCA CITY, Okla., Nov. 27.—

One of the founders of the Future Farmers of America and for many years a vocational agricultural specialist, Ross Floyd has been appointed agricultural service manager for Continental Oil Company, it was announced here today by Harry J. Kennedy, vice president in charge of marketing.

Floyd will assume active charge of Continental Oil Company's agricultural program, which provides a broad service to those engaged in farm, ranch, livestock, and kindred agricultural pursuits, and which in the future will also stress the promotion of activities of farm youth.

Floyd joins Continental Oil company after serving the War Finance Division, U. S. Treasury Department, Washington, D. C., as western agricultural representative. For the previous eight years he had been associated with the U. S. Soil Conservation Service, first as regional business manager at Salina, Kansas, and later as regional administrator at Amarillo, Texas.

Stamey Program Chairman Today for Cisco Lions

From headquarters at Ponca City, Floyd will direct farm service activities in all of the 44 states in which Continental Oil Company operates.

Stamey Program Chairman today for Cisco Lions

Cisco Lions met in regular session at Laguna Hotel today, with President C. E. Paul in the chair. The program was in charge of Lion O. L. Stamey, who spoke on the "Interscholastic League of Texas." The speaker brought out the fact that the league was organized in 1910, at Abilene, with 28 charter members. The membership now, Stamey said, is more than 4,000.

Charles S. Sandler made a brief talk on the approaching drive for funds to purchase new uniforms for the Lobo band.

Three new Lions — Joe B. Douglass, E. L. Kent and Blake Stephens — were given their Lions pins and certificates of membership. L. N. Desmore of Dallas was a visitor.

CURIOUS—These women and children Londoners got down on their hands and knees to peer under the gate at police court for a glimpse of eight-year-old Jean Titchner as she arrived for hearing in a cruelty case. The child's mother and father were charged with neglect.

FIRST THINGS FIRST.

A heartening item under a Columbus, Ohio, dateline tells of a young mother, Mrs. Janice Pollock, who won the title of "Mrs. America" in a contest staged in Jackson, Miss. After hearing so much about the movie-struck, light-minded younger generation, one would expect this beautiful young woman to set forth for Hollywood at once.

But nothing of the sort happened. When Mrs. Pollock found that acceptance of the prize entailed a six-month absence from her family, she gave up the whole thing and returned to her husband and children.

Looking well in a bathing suit does not necessarily preclude the possession of common sense and the domestic virtues.

STATION SANA.

The most inaccessible town in the world to visitors is not African Timbuctoo, whose romantic names enchanted our ancestors, or Lhasa in Tibet. It is Sana, the capital of Yemen in south-western Arabia. Foreigners are barred except by permission of the ruler, and the man in the street enforces the prohibition by killing all strangers on sight.

Now Sana is to get in touch with the outside world. It is to have a radio station by which, doubtless, despite all precautions, news not conforming with the interests of absolute monarchy, or of the country's Mohammedanism, may leak in. And who knows but that some day guided travel tours from the United States may include this medieval town with its American-looking skyscrapers?

Some of us are not yet convinced that our atom bomb is going to do all our work for us. And there are still a few people who believe that "in the sweat of thy face shalt thou eat bread all the days of thy life."

OBJECTIVE SELF.

YOU ARE a subject walking in my sight.
You are an object focused in my mind;

Yet only in your objective light can you be truly measured and defined.

Not in my memory of feelings spent

Can what you are or what you feel be known;

Man's vision is forever inward bent

Except when viewing his true self alone.

... in every organized business, large or small, there is a mass of preparation, work, skill, experience and expense before any thought can be given to profits from the finished product. For example, the cost of typing a 100-page abstract is a trifle compared to that of assembling, classifying and posting the records day after day in preparation for your next order. The abstract, therefore, can't be cheap like dirt, but always there is the element of safety and a saving in including it in every real estate transaction.

A proper old gal called Nanny
Said, 'Phillips 66 is uncanny!
'Cold or hot, it starts swell,
'Like a bat out of . . . well!
'That gas has got plenty of whammy!'

For Lightning-like Starts
Get Phillips 66 Gasoline

Yes, we match Phillips 66 Gasoline to your seasonal driving conditions—hot or cold!
As fall chills into winter, the high-test volatile elements from Phillips vast reserves of natural gasoline are increased. That's why Phillips 66 starts so easily.
"Controlled volatility" was developed by Phillips scientists to give you better driving, quicker starting, smoother engine performance. In the winter it means split-second starts and faster warm-up. Stop at the orange-and-black sign. Try Phillips 66 and see!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

I'm going in for farming!

So far this year more than 12,000 telephones have gone into service on farms in our five-state territory. They are the first in our program to make good telephone service available in every rural area where we operate. Construction and installation work now in progress is adding daily to the growing number of farms equipped with telephones.

This rural extension and improvement program is one of the telephone company's big postwar undertakings. We figure it will take five years and 14 million dollars to do the job in 700 communities and do it right. Shortages of material have caused us to run somewhat behind schedule, but the future looks brighter and we expect to catch up before too long.

Meanwhile, you can be sure we'll be coming your way as soon as we can with new and better farm telephone service.
