### Welfare Board to Gring Christmas Cheer to Children

Plans to bring Christmas cheer to 150 needy children of the Cisco area were made at a meeting of the Cisco Welfare board this morning.

Rev. Allan A. Peacock presided and heard reports from Mrs. E. S. Huey, executive secretary; Rev. Dick Crews, association treasurer and Mrs. H. N. Lyle, chairman of the Christmas Planning committee.

Bill Fields, chairman of the Junior chamber of commerce Santa Claus committee, offered the financial and physical assistance of his club to bring Christmas cheer to the needy of Cisco. Mr. Fields said,

"Contrary to public gossip, the funds being raised by Jaycees will be used in cooperation with the local welfare board. No solicitation will be made, but all who wish to contribute to the cause, either in their own name or in the name of a deceased friend or a fallen buddy, may turn in the amount — any amount accepted — to the Daily Press office or to Sterling Drumwright at First National Bank."

The following committee chairmen were appointed by Mrs. Lyle: Shobal Huston, to arrange for Christmas tree and lighting; Mrs. A. D. Anderson, decoration of trees; Mrs. W. C. Hogue, assorting gifts; Mrs. R. E. Bradshaw, to label gifts; B. A. Butler, candy; Mrs. James Moore, to arrange for Santa Claus; Mrs. Don Choate, to pack baskets; Bill Fields, to deliver baskets; Miss Helen Crawford, colored Christmas tree; Lonnie Shockley, to transport cartons to fire station.

These committee chairmen are requested to contact Mrs. Huey for committee members at once. The Jaycees will help out with man power on each committee.

The Welfare Tree exercises will be held Saturday afternoon, December 21, 1 o'clock, at city hall. Baskets will be distributed to the needy on Monday, December 23.

### NATIONAL GUARD NEEDED.

MILWAUKEE, Dec. 10. (AP)—Mayor Arnold Klentz, of West Allis, today asked that Governor Goodland send members of the national guard here to quell strike demonstrations at the Allis-Chalmers farm equipment company.

SCRAMBLED FIGURES.

Plain logic and clear thinking are two delegates who should always register at all management and labor conventions. They should be ever present in all councils of patriotic groups. Neither our business nor our labor leaders must be responsible for a lock-out of truth and of the dignity belonging to facts and figures. Inasmuch as plain Americans can reason, just so will they see any inadequacies of thought demonstrated by any leaders.

Most of American labor was pleased, I believe, when the CIO adopted a resolution recently condemning Communist influence in its ranks. I suspect the rank and file back home gave this action a round of genuine applause. And aside from the intra-union politics which prompted the resolution, regardless of the doubtful political tinge of the men who drafted it, my belief is that the CIO unions are taking a step in the right direction. It remains to be seen what shall follow in future councils.

### In The Record.

At any rate, these unions have put down on the record their resentment and rejection of efforts of the Communists and "other political parties" to interfere with their affairs. Communists, they seem to imply, are just another party by that name or in other parties. There's nothing American about their ideology nor their long-range aims.

It would seem the time has come for our two major political parties to do more than merely disown the Communists who have infiltrated their own ranks and the ranks of labor. Moreover, it might be a good time for the two major parties and for our leaders of labor to say that political action groups have no business interfering with the affairs of political parties.

### Greater Threat.

The extent to which Communist ideology has penetrated gradually the councils of labor is no doubt much greater than labor itself is aware. A prominent labor personality recently set down the profits of industry for 1946 as \$15,000,000,000, after taxes, and added that this represents a greater threat to the nation than does Communism.

Whatever industry's earnings will be for 1946, the figures will not be high enough. The poor showing in the first nine months of the year, as seen in the stalled output of the automobile industry and in the failure of many industries to make any profit at all, will not make large sums available for higher wages.

### The Profit Motive.

Poor industrial earnings will not permit management to set aside funds for expansion and for badly needed working capital. Neither will lagging production bring a prosperity level that will help pay our tremendous war debt. No production brings no profits and no wages. Americans will dislike to see any groups discredit the profit motive. We like each man's prerogative to make a profit, whether he belongs on the side of management and ownership, or whether he is a wage earner. It is elementary economics that wage owners do not experience increased wages under conditions where there is no production. Surely the rank and file of Americans know this. We cannot believe that any loyal Americans would like for industry to be constantly in the red. But we know that the Communists would.

### COAL OUTPUT CLIMBS.

WASHINGTON, Dec. 10. (AP)—The Solid Fuels Administration reported that production in the nation's soft coal mines will be about 95 per cent of normal today.

LOS ANGELES, Dec. 10. (AP)—Burton E. Edwards, apartment association secretary-manager, today expected rent increases averaging 15 per cent to be announced in Washington in the next 36 hours. Edwards said he expected the President to announce tomorrow night that full decontrol processes will start Jan. 1 and that apartment houses with less than 16 units would be granted higher increases than those with more than that number.

### White House Denies It.

WASHINGTON, Dec. 10. (AP)—The White House said today it knew nothing about reports that a 15 per cent increase in rent ceilings would be announced within the next 36 hours.

### Republican Says War Emergency Powers Needed

WASHINGTON, Dec. 10. (AP)—Rep. Earl R. Lewis, O., chairman of a special Republican committee to study termination of presidential wartime powers, reported today that it is "neither wise nor desirable" at this time to declare the war emergency ended.

### Wisconsin revokes Charter of The Ku Klux Klan

WADISON, Wis., Dec. 10. (AP)—The Ku Klux Klan's Wisconsin state charter was revoked today by Circuit Judge Herman Sachtjen on grounds that the organization was incorporated for the "unlawful purpose" of "promoting harmful race and religious prejudices and hatred."

### Longview Gas Explosion Heard For Ten Miles

LONGVIEW, Tex., Dec. 10. (AP)—An explosion which ripped up 30 feet of a feeder gas pipeline and was felt for a radius of 10 miles, today delayed the start of movement of natural gas into the Big Inch pipeline to the fuel-starved industrial areas of the east.

There was no injuries, nor was there any fire. A faulty string of pipe was blamed for the blast.

### Molotov Makes another Conciliatory Gesture

NEW YORK, Dec. 10. (AP)—Soviet Foreign Minister Molotov today abandoned his earlier demands for a customs union between Yugoslavia and the Free Territory of Trieste, after the Big Four council of foreign ministers had selected Moscow as the site of their next session on Germany.

It was another of a series of conciliatory moves made by Molotov, both on the peace treaties and in the United Nations.

### PHONE UNION PLANNING.

DALLAS, Dec. 10. (AP)—The Southwestern Telephone Workers Union today took the first steps toward a possible strike next April if negotiations for a new contract are not successfully concluded.

### COLUMBIANS ON SPOT.

ATLANTA, Dec. 10. (AP)—Georgia Attorney General Eugene Cook today announced confessions which pictured the Columbians, Inc., as a Nazi-modeled scheme to overthrow the government, and a grand jury was asked to investigate the organization.

### Death Calls Mrs. W. J. Foxworth, Fine Cisco Woman

Mrs. W. J. Foxworth, one of Cisco's most highly esteemed women and a resident of this city since early girlhood, died at 7 p. m. Wednesday at the Foxworth home on west Fourth street. She had been seriously ill for several months and the end was not unexpected.

The funeral will be held at 2 o'clock Wednesday afternoon, at the late home, 301 west Fourth street, with burial in Oakwood cemetery beside her parents, Judge and Mrs. J. H. Calhoun. Rev. Leslie Seymour of Ennis and Rev. Allen A. Peacock of Cisco, Methodist ministers, will officiate. Thomas funeral home will be in charge of arrangements. Pallbearers will be J. J. Porter, E. P. Crawford, C. R. West, W. B. Statham, Leon Maner and Clyde Stansell.

Deceased was Miss Lizzie May Calhoun before her marriage to W. J. Foxworth at Shreveport, La., Dec. 5, 1917. She was born in Eastland and had been a devout member of the Methodist church since early childhood.

Survivors in addition to the bereaved husband are a sister, Mrs. J. T. Anderson; a niece, Mrs. Paul Vogt of Alpine, and two nephews, Bob Anderson of Los Angeles, Calif., and George Dreywey of Dallas. There are also two grand nieces — Bettie and Carol Vogt of Alpine.

### Cotton Exchanges Would Regulate Cotton Futures

WASHINGTON, Dec. 10. (AP)—The New Orleans Cotton Exchange proposed today that cotton exchanges themselves be permitted to regulate speculative trading in cotton futures by doubling margin requirements on speculators accounts exceeding 30,000 bales.

Darwin S. Fenner of the New Orleans Exchange presented the plan to the Commodity Exchange Authority at a hearing on a government proposal to limit cotton speculators to 30,000 bales on any one of the three future exchanges — a total of 90,000 bales.

**FAREWELL TO SPORTS**—After 18 years as grid coach at Colgate University, Hamilton, N.Y., Andy Kerr coaches his last game. Here the veteran mentor and one of his players watch development of game against Brown University. Andy's team gave him a victory.

### Governor Rules 24 Judges Keep Present Salaries

AUSTIN, Dec. 10. — Twenty-four judges in eight of the Courts of Civil Appeals of Texas asked for a salary raise to \$8,000, the same as paid Supreme Court Judges, but Gov. Coke R. Stevenson has recommended they continue to receive \$6,500. His action also overruled the Board and Control which recommended all thirty-three judges of the eleven civil appellate courts be raised to \$7,150.

Appellate courts at Austin, Beaumont and Waco did not ask for any increases but all others sought them, it was disclosed Monday in the 500-page appropriation budget by the control board.

Stevenson also cut back the 130 district judges to the present \$5,000 as against a recommended \$5,500.

Stevenson, long critical of "too many courts in Texas," has repeatedly said the state could easily get along without eleven appellate courts and that the number of district courts could be reduced by twenty.

Neither Stevenson's figures nor those of the control board are final. The legislature can adopt salaries of the supreme court and court of criminal appeals judges at \$8,000 and no change was asked.

In his recommendations the next legislature Stevenson said Article 68-A gives him authority

to make recommendations or leave them blank. He said that law was passed before the adoption of the new constitutional amendment requiring the comptroller to certify amounts of revenue available for appropriations and that he was deferring to that requirement in not making recommendations for departmental, educational and eleemosynary appropriations. These are left blank.

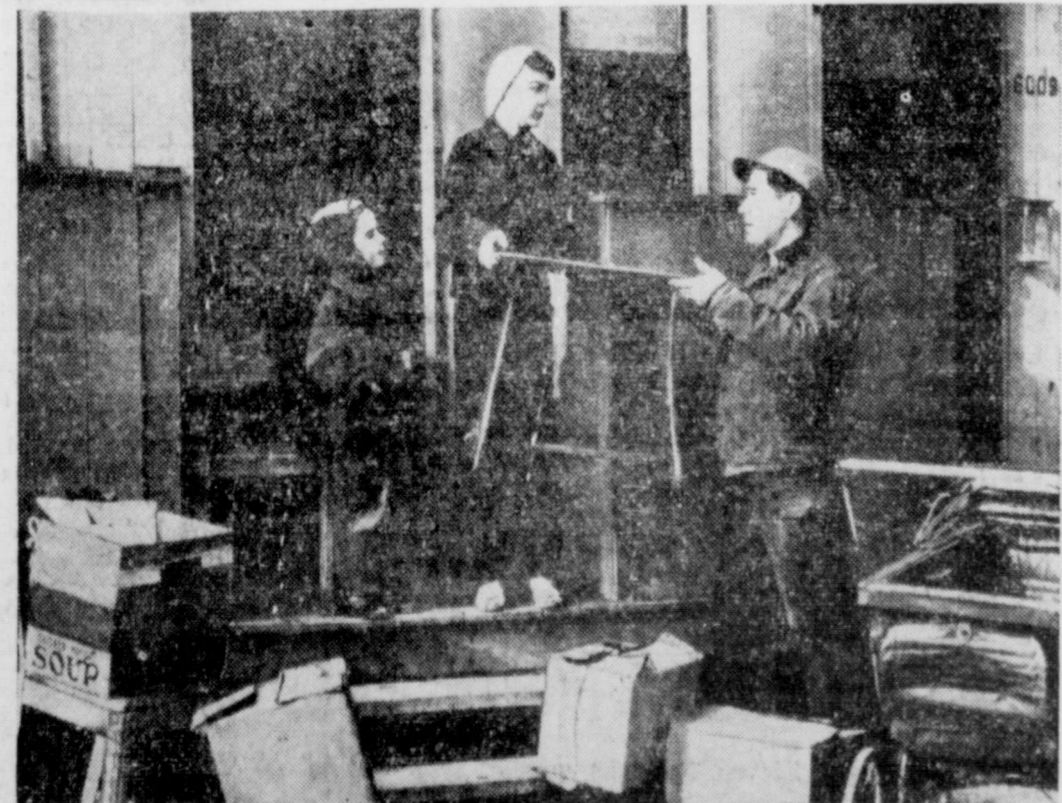

Stevenson contends that all the appropriations come within the purview of Gov.-Elect Baurford H. Jester as they are not effective until Sept. 1, 1947.

"It is my considered opinion that I should not now enter a recommendation of the amount salaries should be increased or concerning additional positions requested by the several agencies of the state government until the legislature has had an opportunity to determine other increases necessary in assistance to the aged and blind, and has further given consideration to a building program for some of the institutions whose facilities are now being used almost to full capacity," Stevenson wrote.

#### GREAT POLISH NOVELIST.

An anniversary which has been rather overlooked in the stress of more exciting events is that of Poland's chief novelist, Henryk Sienkiewicz, born 100 years ago this month. He ranks with the top-notch historical novelists of all time, although his best-known book is not his best.

"Quo Vadis" a story of Rome in the time of the Emperor Nero and the Apostles Paul and Peter, was an immensely popular best-seller when translated into English half a century ago. In literary quality it is outranked by his stories of Polish 17th century history. "With Fire and Sword," "The Deluge" and "Pan Michael." These have swift movement and good characterization. No novelist ever painted better battle scenes than Sienkiewicz.

When he died, he was reported to have been planning a series of novels on the Napoleonic wars. Outside of Tolstoy's "War and Peace" no novel of the first order has been written on these epoch-making struggles. Sienkiewicz would have been the one writer to fill the assignment. His death in 1916 presented.

#### Don't Be Sorry — Be Safe . . .

. . . is good, sound advice well worth taking especially in those cases where heavy risks are involved. One of these risks is buying real estate without an abstract. Most buyers in these modern days don't take risks — they get an abstract. And if the seller is about to convince you that his title is good and you don't need an abstract, better play safe. The abstract, among other things, reveals the condition of the title and is always worth far more than its costs.

FAMOUS DIVISIONS NEED PICKED MEN Will you measure up?

Out in the Far East—in Korea and Japan—the great Army divisions which fought down the hard road to victory in the Orient are now part of a brilliant peacetime team. Their spectacular success adds new luster to battle flags already bright with war-won honors.

Many of these units are now taking in new men. They accept only the best—rugged, keen young soldiers capable of fitting the roles established by men who preceded them.

If you can measure up to the standards required, it is possible for you to join such outstanding units. A three-year enlistment for duty in the Far East enables you to choose the division with which you'll serve after completing your initial training in the U. S.

While serving your country in these fascinating places, you will be provided excellent living facilities. Far Eastern forces are comfortably garrisoned with fine recreational services conveniently near.

Overseas duty also boosts new Army base pay by 20%—a Private makes \$90 a month, clear of food, clothing, medical and dental expenses. Your nearest U. S. Army Recruiting Officer can furnish all details.
