Truman Today Cancelled Four War-time Controls

By United Press.

WASHINGTON, Dec. 12.—President Truman today wrote out of existence four wartime agencies whose controls once extended into nearly every phase of the home and business life of Americans.

He created a new "office of temporary controls" to take over the few remaining functions of the office of Price Administration, the Civilian Production Administration, the Office of War Mobilization and Reconversion and the Office of Economic Stabilization.

Chief functions of the new agency will be to ration sugar and control rents.

It also will administer price ceilings on rice and sugar, the only other commodity under control.

The agency takes over the dozen or so priority and distribution controls remaining to CPA.

All of these except priorities on building materials expire March 31, unless extended by congress.

Mr. Truman named Maj. Gen. Philip B. Fleming to head the new agency. Fleming will continue to serve also as Federal Works Administrator.

The president's executive order wiped out nearly all the remaining wartime agencies except those concerned with housing.

Mr. Truman told his news conference no general rent ceiling increase is in prospect, as far as he knows. He added, however, OPA could be working on a plan for an increase.

OPA rent officials, however, have repeatedly denied any increase is under study.

France Fights Development of German Government

NEW YORK, Dec. 12. (UP)—French Deputy Foreign Minister Maurice Couve De Murville, in a farewell press conference, served notice today that France will vigorously oppose any steps which allow development of a strong centralized government in Germany.

Couve De Murville, like American experts on Germany, on the eve of adjournment of the New York meeting of the Big Four, was extremely pessimistic about the length of time it will take to draft the German treaty.

Truman committee to Take Over All Atomic Plants

WASHINGTON, Dec. 12. (UP)—President Truman today inaugurated a new peacetime phase of the atomic era by appointing nine leading scientists as advisers to the civilian atomic energy commission.

The commission, headed by David E. Lilienthal, will take over control of the nation's \$1,400,000,000 atomic energy plants from the army on January 1.

Matty Schwab, ground keeper for the Cincinnati Reds, who will do their spring training here next spring, arrived last night and will at once start the work of putting the diamond and park in shape.

Mr. Schwab has the reputation of being one of the best, if not the very best, ground keepers in the big leagues and he said he would look the ground over today and see what is necessary and get right at it. Frank Harrell took him out to the park early this morning for a first look over.

CIO Auto Union is Busy Figuring Out New wage demand

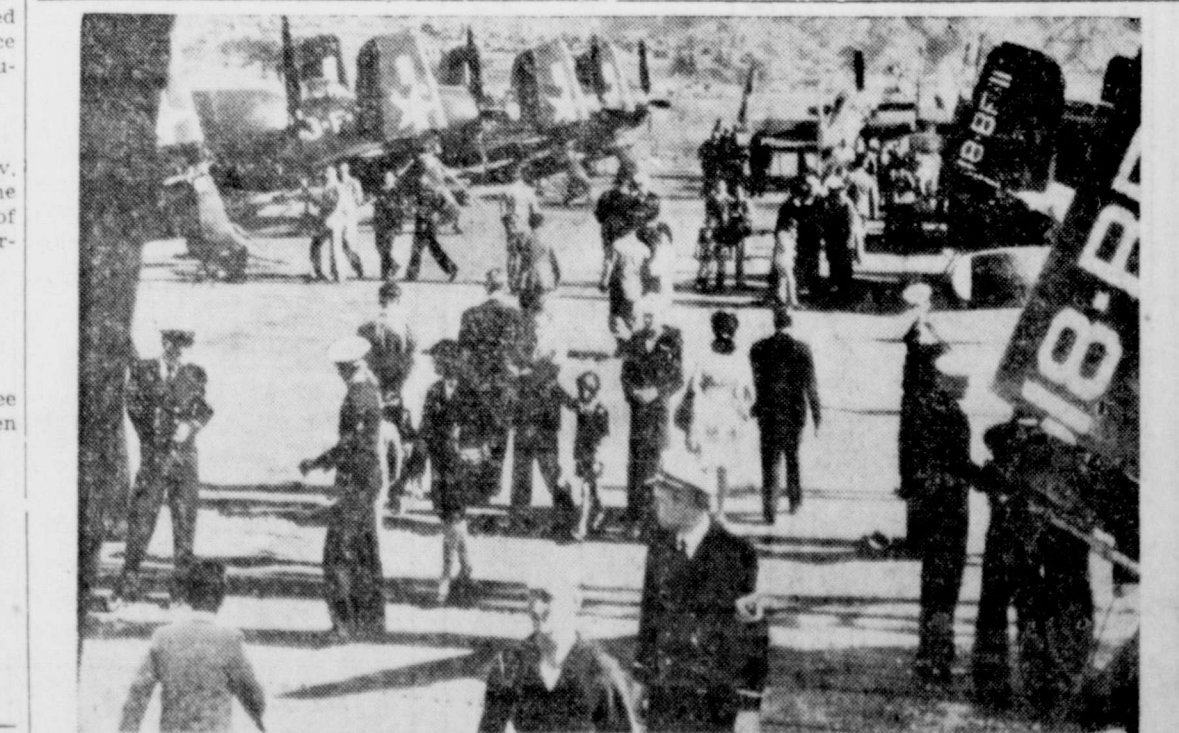

NEW YORK, Dec. 12. (UP)—Determination of exact wage demands was the first order of business today for the International Executive Board of the CIO United Automobile Workers Union.

Board members were reported ready to demand a basic increase of 23 cents an hour along with fringe demands that would bring the total to about 30 cents.

HUMBLE TO SHACKELFORD. ALBANY, Dec. 12. — Humble Oil & Refining company No. 1 W. H. Green is a new 5,000-foot test in the center of southeast of southeast quarter, section 55, block 11, T&P survey, nine miles south of Albany in Shackelford county. This is Humble's first test for Shackelford in more than nine years.

NICE WORK—Wearing abbreviated slacks for their appearance in a New York show, these young actresses receive final measurements from their costume designer, Walter Florell.

CHILEANS VISIT U. S. CARRIER—Thousands of Chileans took advantage of the opportunity to visit a modern U. S. Navy aircraft carrier when the USS Leyte put into Valparaiso Harbor. Here natives of the southern country stroll on the topside of the mammoth ship.

Mrs. Jack Leech Prominent Georgian Accused of Sustained Broken Ribs in Car Wreck Illegal Methods

ATLANTA, Ga., Dec. 12. (UP)—Dr. James H. Sheldon, chairman of the non-sectarian Anti-Nazi league, and two of his agents were accused by the Columbians, Inc., today with usurping police powers.

The charges were based on the fact that Sheldon and his agents independently obtained confessions linking the Columbians with an alleged plot to overthrow the government.

Mr. and Mrs. Jack Leech and their son Jackie, driving a new Ford car and returning from a visit with Mrs. Leech's sister, Mrs. R. D. Guthrie, were struck by an east-bound T&P freight train about 7:55 last night.

Mr. Leech and the son escaped with painful bruises, but Mrs. Leech sustained five broken ribs in addition to numerous bruises. She was resting easily at Graham sanitarium early this afternoon.

The accident occurred at the T&P crossing on the Lake Bernie road, north of Cisco. The car was badly damaged.

Mr. Leech, well known Ciscoan, is a Magnolia dealer, his place of business being at Ninth and D avenue.

Flaming Ice House Fell on 6-Story Tenement; 10 Dead

NEW YORK, Dec. 12. (UP)—The rear wall of a flaming ice house crashed on a six-story tenement today, and more than 12 hours later police and firemen still dug through debris looking for nearly two score persons missing and perhaps trapped.

Ten persons were known dead, 29 injured had been removed to hospitals and another 36 of the total of 92 persons believed to have been in the tenement building, which was condemned years ago still were unaccounted for.

Jean Porter, Former Cisco Girl, at Palace Theater

Red-haired, brown-eyed Jean Porter, who once lived in Cisco and who carries lots of appeal and spunk in her 98 pounds, was signed by RKO Radio for the second feminine role in "Till the End of Time," in support of Dorothy McGuire, Guy Madison, Bill Williams and Robert Mitchum.

The former Cisco girl has appeared on the stage and in radio shows since she was four years of age. In her current vehicle, which will be shown at the Palace theater today and tomorrow, she portrays a bobby-sox neighbor of a returning Marine hero, Guy Madison, her idol worship providing one of the numerous human threads of this screen version of Niven Busch's novel.

First Half Tenpin Tournament Ends; 3 Teams at Top

With Firestone Tire and West Texas Utilities taking two games each from Gardenhire Petroleum and Nance Motor company, the first half of the Men's Bowling Tournament came to a close last night at the local alleys.

Three teams ended the period in a blaze of glory and are tied for first place, each having won 24 and lost 18 games. They are West Texas Utilities, Cisco Lumber & Supply and Firestone Tire.

To Pete Nance goes the distinction of making the high single game score of 236 during the 42-game period.

Lee McDonald established the enviable average of 186 for the 42 games.

League play will be resumed soon after New Year's, said President Charles J. Kleiner, probably the night of January 7.

Many Friends and Relatives Present at Foxworth Rites

The funeral of Mrs. W. J. Foxworth, who died at 7 p. m. Monday at her home on west Fourth street, was held at First Methodist church at 2 o'clock Wednesday afternoon, with burial following in Oakwood cemetery.

Rev. Leslie Seymour, former pastor of First Methodist church at Ennis, preached an impressive funeral sermon and the scriptural reading and prayer were by Rev. Allen A. Peacock, local pastor.

A male quartet composed of George Boyd, J. L. Thornton, Stanley Webb and Harry P. Schaefer sang two numbers, "My Faith Looks Up to Thee" and "What a Friend We Have in Jesus." Miss Barbara Grist was organ accompanist.

The church was filled with relatives and friends from a distance, and local friends, many of whom had known and admired this fine woman since girlhood, when she moved to Cisco from Eastland, her birthplace, with her parents, the late Judge and Mrs. J. H. Calhoun, beside whom she was laid to rest in Oakwood cemetery.

Floral tributes were unusually numerous and beautiful.

Pallbearers were J. J. Porter, E. P. Crawford, C. R. West, W. B. Statham, Leon Maner and Clyde Stansell.

PHILPOTT OPEN HOUSE. Mrs. Barton Philpott, doing business under the name of Philpott the Florist, will hold her annual open house and flower show Sunday, December 15, 1:30 to 6 p. m. Stephens, Mrs. Mary Abbott, Micky Collins and Reese Huddleston.

WACO ORPHAN HOME — Above is pictured one of the 430 inmates of the Methodist Orphan home at Waco, Texas, where definite efforts are made to maintain family ties among the children who live there. They work and play together as they would do in their own homes.

The home is supported by free will offerings taken in the Methodist churches of Texas and New Mexico during the month of December; as well as by gifts from others who are not Methodists,

TAX CUT MEANS BUDGET CUT.

A great many of the members of the coming congress have pledged themselves to early income tax reduction.

That, if it is done, will come as an enormous relief to a tax-weary country.

But it obviously cannot be done so long as we stagger along under a \$40,000,000,000 annual national budget in a time of peace and record employment.

The inescapable prelude to tax reduction is a very sharp and drastic reduction in federal spending.

The details of the budget are the function of the budget bureau and congress.

But there are certain directions in which many millions can be gained from the budget which are obvious to any citizen.

Further federal development of power dams is one.

At the present time, the managers of such socialistic enterprises as TVA are CRYING FOR MORE FUNDS.

Eager advocates of new and immensely costly ventures, such as the Columbia Valley and the Missouri Valley authorities are petitioning senators and representatives with their demands.

And the fact is that none of these TAX-EXEMPT PROPOSALS would give the nation a single, solitary thing that highly-taxed private enterprise cannot give if it is permitted to go ahead free of the fear of destruction through socialization.

Private money, instead of tax money, will give us all the electric resources we can employ now or in the future. And private money would create vast new taxable resources for communities, the states and the federal government.

Specialized plants on the other hand, remove property from the tax rolls and demand more taxes from all remaining taxpayers.

Congress, if supported by the people, can make an excellent start in the direction of tax reduction through expense reduction by saying a firm "no" to all such schemes.

Don't marry a girl because she looks sensible. A sensible girl has more sense than to look sensible.

Worth its wait in Golden Moments

THE first big moment comes, of course, when you step out of your door, and there's your very own Buick, all ready and waiting.

The next one comes when you roll down the street in this handsome creation—and practically feel the eyes of the passers-by following.

You get another lift the first time you meet a hill, and the voice of your Fireball straight-eight engine drops from baritone to bass as it meets the challenge—and tramps the grade down into easy levelness.

Then some night you'll find yourself alone on a quiet moonlit country road—and the whisper of your engine, the soft tread of your coil-sprung wheels, your gentle, cradled, easy stride, will fill your soul with a peace you wouldn't trade for worlds.

The simple truth is that it's not

only an automobile you wait for when you wait for a Buick—it's an endless series of sweet satisfactions.

It's not just a matter of size and room and Fireball power and all-coil springing, as any Buick owner will tell you—it's the wonderful way all these add up to make a constant flow of golden moments.

You'd like those moments to start coming soon. So would the whole, hard-hitting crew that's waging

relentless war against delays and shortages to produce Buicks for you—and fast.

But the most important thing—when you think it out—is *what* you get rather than *when* you get it—and what you really want is found nowhere else but in Buick.

Why not settle your mind on that and be done with it? You can place your order now for future delivery, with or without a car to turn in—though we like to get trade-ins for our used-car buyers.

LOVELY GIFT SHOWER HONORED MRS. ISBELL.

Mrs. John Shertzer, Mrs. B. E. Morehart, Mrs. C. E. Paul, Mrs. C. A. Shockey, Mrs. Ed Huestis, Mrs. D. P. King and Mrs. A. R. Westfall were hostesses with a shower, December 3, honoring Mrs. Bobby G. Isbell, a recent bride. The affair was held in the Westfall home on west Eighth.

The house was beautifully decorated with full-blown white chrysanthemums and greenery. Guests were met by Mrs. Westfall who presented them to the bride and her mother, Mrs. A. L. Don't Be Sorry — Be Safe . . .

. . . is good, sound advice well worth taking especially in those cases where heavy risks are involved. One of these risks is buying real estate without an abstract. Most buyers in these modern days don't take risks — they get an abstract. And if the seller is about to convince you that his title is good and you don't need an abstract, better play safe. The abstract, among other things, reveals the condition of the title and is always worth far more than it costs.
