Mayor J. M. Williamson and A. E. Caldwell undertook a feat this morning which, if they successfully perform, will pass into history as the only one of its kind. They took all the preachers in the city out on a squirrel hunting expedition. Assembled at the city hall this morning, preparatory to the start — well, if the hunters were not men of the cloth, it might be told that with all the shotguns and other paraphernalia in hand they could well have been taken for a posse, or members of the A. H. T. A. in good standing. When it was suggested to Walter Sikes that this was one hunting party whose report of its kill must be taken as true, he said he "didn't know about that," and he is a great hunter, too. The guests of Mayor Williamson and Mr. Caldwell were Rev. Dr. J. D. Leslie, of the First Presbyterian church; Rev. Lewis N. Stuckey, of the First M. E. church; Rev. E. H. Holmes, of the Christian church; Rev. C. C. Howard, of the Baptist church, and Rev. Mr. Wilkins, of the Twelfth Street M. E. church. The party went to the Big Sandy country. Other hunters say squirrels are to be found there now in unlimited numbers, but if these distinguished

hunters come home with empty game bags, this pre-report may be taken as an effort to belittle their ability as hunters.

Manager Philip Pettit says that on January 1, 1921, the telephone company will change the practice in regard to the pronunciation of the figure "0" in repeating telephone numbers. Heretofore in Texas we have called this "Naught." We are going to change it to "Oh," he said. The figure "0" in a telephone number is correctly speaking, a figure and as such, it, as Texas calls it, "Naught." But all the rest of the country is now considering it the letter "O" and calling it "Oh." "Because all the rest of the states, in their business language call '0' 'Oh,' Texas proposes to do the same thing," Manager Pettit continued, "because our business, our association, our influence and our communication certainly extends, in every direction, far beyond the borders of this state, great though it may be."

**150 BARRELS DAILY.**  
BROWNWOOD, Dec. 13. — Estimated flow of 150 barrels of oil daily from the Ellenburger after acid treatment was reported today for the G. C. English and associates No. 1 Frank Madison, near Blake in northern Brown county. It is in the Juan Delgado survey.

## Alf Landon Told President Truman His Stock Rising

### 89 Pct. Eastland Mrs. Wm. Reagan, County Taxes Paid Prominent Club Since October 1 Woman, is Dead

Since October 1, date for the beginning of payment of 1946 taxes, Eastland county taxpayers have paid 89 percent of their state and county tax bill, says Neil Day, county tax assessor-collector.

Those who paid during October received a 3 percent discount and November payees saved 2 percent.

All taxes paid during December will carry a discount of 1 percent. Mr. Day urges county taxpayers to take advantage of the 1 percent saving, and to pay their delinquent taxes, as the same may be deducted from their income tax report.

Mrs. William Reagan died at her home on I avenue at 10 o'clock this morning. She had been ill and confined to her home for more than a year.

The funeral will be held at 2 o'clock tomorrow afternoon at the residence, with burial in the cemetery at Sipe Springs, where she resided in early life. Rev. Allen A. Peacock, pastor of Cisco First Methodist church, will officiate and the remains will be in charge of Thomas funeral home. Pallbearers will be S. H. Nance, J. T. Elliott, Bill Childers, Ed Huestis, W. J. Donovan and J. T. Anderson.

Mrs. Reagan was born at Valisita, Calif., and was married to Mr. Reagan in November, 1912. Her maiden name was Mae Hall and she had been a member of the Methodist church since the age of four, and a resident of Cisco for more than 50 years.

### Pfc. Holdridge Now Member New Regular Army

FORT SILL, Okla., Dec. 13. — Pfc. Arthur C. Holdridge, De Leon, Texas, has recently been assigned to Battery A, 6th armored field artillery battalion here at the nation's artillery center.

Private Holdridge served eleven months in the European theater of operations with the 94th Reconnaissance Squad, 14 Armored Division as a machine gunner. He wears the occupational, good conduct, victory and American theater ribbons, and has three battle stars on the EAME Ribbon denoting his participation in three major campaigns. He entered military service in 1944 and is now a member of the new regular army.

Prior to entering the army, Private Holdridge was associated with the Cisco Poultry and Egg company, Cisco, Texas. The son of Mr. and Mrs. J. H. Holdridge, he is married to the former Miss Omalee Fenley. At the present time Mrs. Holdridge is living with her parents, Mr. and Mrs. R. O. Fenley, in Cisco.

**CALLAHAN BOND ISSUE.**  
BAIRD, Dec. 13. — Callahan county commissioners court has set Dec. 27 for a public hearing on petition of 171 property owners for calling a \$150,000 road bond election to purchase right-of-way for re-routing of U. S. highway 89.

By United Press  
WASHINGTON, Dec. 13. — Alf M. Landon, the 1936 Republican presidential candidate, told Democratic President Truman today that he thought Mr. Truman's "stock was going up a little bit with the people."

Landon, former governor of Kansas, who came here for the Gridiron Club dinner tomorrow night, paid a brief call of Mr. Truman, an old friend.

Asked whether he thought this increase in Mr. Truman's national stock would be enough for him to win in 1948, Landon chuckled and said the next presidential election was "a long way off."

### 15 Killed and 30 Hurt In Early Morn Train Wreck

MANSFIELD, O., Dec. 13. — An official of the Pennsylvania railroad estimated today that at least 15 persons were killed and 50 injured when the railroad's "Golden Triangle" passenger train plowed into the wreckage of two freight trains early this morning.

Two coaches of the passenger train carrying soldiers overturned and some of the passengers were trapped in the wreckage. Rescue crews with blow torches cut through twisted steel to reach the victims.

"The seats were twisted and turned every which way," Sheriff Frank Robinson of Richland county said of the overturned coaches.

Physicians and nurses from surrounding communities climbed into the wrecked cars to administer aid to the injured.

The scene was one of terrible havoc, Sheriff Robinson reported. "The rails were badly twisted," he added; "cross ties were splintered and torn from the roadbed."

### Lions of 6 Cities Banqueted at Abilene Last Night

ABILENE, Dec. 13. — Six cities of West Central Texas were represented here last night at the annual ladies' night banquet of the Abilene Lions club in the Windsor hotel, honoring Herb C. Petry Jr. of Carrizo Springs, an international director, and Governor R. E. Gracey of District 2-E, Roscoe.

In addition to Abilenians, there were representatives of Anson, Ranger, Big Spring, Hamlin, Ballinger and Brownfield.

Marlowe Fisher, state Lions secretary, was among the other widely known Lions club leaders present.

Two other district governors were in town for the event: Judge E. C. Grindstaff of Ballinger, District 2-A; and Governor Frank Jordan, Brownfield, 2-T. Jordan became ill unexpectedly shortly before the banquet and was unable to attend.

Talks during the evening apparently started the ball rolling for two significant Lions club movements in West Texas:

1. Sponsoring of Petry as the state's candidate for third vice president of Lions International at next summer's San Francisco convention.

2. Sending the Cowboy Band of Hardin-Simmons university to the same convention.

### WINTER LEGUMES.

BROWNWOOD, Dec. 13 (Sp1). — Comanche county is leading the Central Texas area in purchase of seed for winter legumes according to R. H. Nelson, district field representative of the Production and Marketing Administration.

### Lumber Controls Just a Nuisance Senate Was Told

WASHINGTON, Dec. 13. (UP)—A lumber industry representative said today that producers "generally disregarded" government orders designed to increase the flow of finished wood — such as flooring — for the veteran housing program.

"The great majority of the mills didn't pay any attention to controls; Robert F. Darrah, secretary-manager of the Southern Wholesale Lumber association, told the senate small business housing subcommittee. "The controls were just a nuisance, that's all," he said.

The committee earlier heard three veteran groups plead for retention of rent and price ceilings on GI homes and of building controls.

### 3 Leaders Georgia Hate Group Face Jail Terms

ATLANTA, Ga., Dec. 13. (UP)—Two leaders of Columbians, Inc., were indicted today for illegal possession of dynamite by a state grand jury which heard testimony that the organization planned to bomb the Atlanta city hall, municipal auditorium, city jail and newspaper buildings.

The grand jury indictments followed by three days confessions by two Columbians that the hate group hoped to seize the American government and rule in Hitler fashion.

Homer L. Loomis Jr., founder of the Columbians, and president Emory Burke were indicted for illegal possession and for riot.

The jury spotlighted a previously unnamed Columbian, Ira Jett, 45-year-old contractor, by indicting him also on the dynamite charge.

Both charges are misdemeanors, carrying 12-month sentences upon conviction.

### VETERAN KILLED.

BROWNWOOD, Dec. 13. — Noel Dean Powell, 19, of Paint Rock, recently discharged from the army air forces, died at 6 a. m. today of injuries suffered four hours earlier when an automobile overturned on highway No. 67 five miles west of here.

CORN KING—Newton L. Halterman of Rushville, Ind., admires his trophy which he received when crowned "Corn King of North America," at the International grain and hay show in Chicago. Shown here are some of the prize winning cobs.

### 15 Victims Tenement House Collapse Are Missing Street Car and Bus Operators Threaten Striks

NEW YORK, Dec. 13. (UP)—All hope of removing any more victims alive from the rubble of a shattering tenement house on New York's upper west side was abandoned today, indicating a final death toll of perhaps 36 persons in one of the worst building disasters in the city's history.

Officials ordered the dangerous front part of the building, which was still standing, demolished.

The rear of the six-story structure which housed 95 persons, collapsed early yesterday when it was struck by the falling wall of a fire-wrecked adjoining ice house, burying the tenement dwellers under a three-story pile of bricks, plaster and masonry.

Police said the search for bodies of 13 persons still missing and presumed dead will be continued.

### POLIO ON RISE.

AUSTIN, Dec. 13. — Polio cases in Texas approached the 1,000 mark as the state department of health today reported eight new cases for the week ending Dec. 7. The total now stands at 960, with three more reports for 1946 yet to be received.

OKLAHOMA CITY, Dec. 13. (UP)—Symathy walkouts by other AFL local unions in support of 500 striking street car and bus operators threatened this city of 250,000 late today as initial efforts to settle a transit system "work holiday" failed.

### TRUMAN ACTION APPLAUDED.

WASHINGTON, Dec. 13. — Republicans applauded today President Truman's action in telescoping government's controls into a new, temporary agency. But they made known their intention of watching closely to make certain that accompanying money saving plans are carried out.

### VOLCANO TERRORIZES.

URUPAPAN, Mexico, Dec. 13. — Two months short of its fourth birthday, the active volcano Paricutin terrorized the nearby town of Angahua last night with unusual explosions and a heavy rain of ashes. Observers said that in addition to the regular fireworks from the volcano, which suddenly snorted up out of the ground in February, 1943, Paricutin "appeared to be covered with fire."

HER FUEL PROBLEM SOLVED—When Mrs. Marie M. Depauw of South Bend, Ind., ran out of coal and was unable to buy more, a local grain elevator presented her with this load of corn cobs. Here she busily carries the coal substitute to the basement for future use. Throughout the country users of coal were forced to look for substitutes because of the coal scarcity caused by the recent miners' strike.

### Cisco Bowlers Defeated Ranger In Decisive Manner

#### LEWIS.

The statement at Washington, with the greatest nation in the world paralyzed by the onslaught of a labor group and a stubborn leader, has been probably the most humiliating situation that our country has got into for a century. Apparently "some only man" could catch and hog-tie a proud nation. It was nothing to laugh at, but a matter for deep shame and resentment.

Physically, of course, it would have been easy enough for the United States government to take hold of the situation, bang John Lewis on the nose and call out an army if necessary to suppress the Lewis gang and any arrogant followers who trailed along with him. The government, however, wanted to do nothing contrary to law and precedent.

But there have been times in the history of our country when new precedents had to be made, and the necessity for handling a come-uppance to John L. Lewis begins to be felt in quarters where it can do the most good. The new legislation must make it impossible for any one man, in any situation, or for any reason, to tie up the whole national economy.

#### BABBITT'S CHOICE.

"Who are you rooting for for the next Republican candidate, Mr. Babbitt?" asked the filing station mechanic.

"It's too early to make any prediction yet. There's more than six weeks before the Republican convention, and I think a fellow ought to keep an open mind and give all the candidates a show — look 'em

all over and size 'em up and then decide carefully."

In these words the hero of Sinclair Lewis's novel, "Babbitt," announced he had no opinion. The local paper and the party leaders had not stated their choice, and Babbitt was too conventional to know whom he favored until he had been told.

Babbitt was wrong. He and his fellow citizens should have had views of their own on this vital question and should not have left the choice to the politicians. So today, with victory about as certain in 1948 as any event two years off can be, Republican voters should be lining up the candidates out loud, weighing out the windbags, and making wishes known. Otherwise the nominee may be another Harding.

... is good, sound advice well worth taking especially in those cases where heavy risks are involved. One of these risks is buying real estate without an abstract. Most buyers in these modern days don't take risks — they get an abstract. And if the seller is about to convince you that his title is good and you don't need an abstract, better play safe. The abstract, among other things, reveals the condition of the title and is always worth far more than it costs.

Circle two of First Methodist Womens Society of Christian Service met Tuesday afternoon in the home of Mrs. Wm. H. Cole, with Mrs. Mattie Cole as co-hostess, for the final meeting of the fiscal year.

Reports of committee chairmen showed that the circle had been active in every phase of the work throughout the year. The business session was closed with prayer and the meeting was turned to the hostess who directed a nice Christmas program.

Several Christmas carols were sung by the group, followed by the

devotional in which all members took part. A lovely Christmas tree standing in view of the guests held lights which were turned on for an exchange of gifts which was next enjoyed by the group. Each gift had been numbered and Mrs. King was requested to call the numbers and pass the gifts. She had a pleasant surprise when she found that her own number was attached to a lovely vase which was given her by the circle in appreciation of her splendid work as chairman during the past year.

A nice salad plate with spiced tea was then served by the hostesses.

Those present were Mrs. Sam King, Mrs. A. B. O'Flaherty, Mrs. Crigger Paschall, Mrs. J. T. Fields, Mrs. Fred Hayes, Mrs. Wm. Joyner, Mrs. O. C. Lomax, Mrs. M. B. Magill, Mrs. Hattie Fairless, Mrs. Joe Lovelady, Mrs. S. H. Nance, Mrs. G. P. Rainbolt, two children and the hostesses.
