President Says Good Start Made Toward Real Peace

U.S. Gives Amnesty to 800,000 Nazi Small Fry

LOOKING AHEAD
By GEORGE S. BENSON
President—Harding College
Searcy, Arkansas

FRANKFURT, Ger., Dec. 24. — Approximately 800,000 "little Nazis" in the American zone of occupation were granted amnesty today . . . the day before Christmas — by proclamation of Gen. Joseph T. McNarney, U. S. commander in Europe.

By the amnesty, the number of Germans in the American zone liable to prosecution under de-Nazification laws is reduced to about 2,000,000.

The amnesty, the announcement said, will apply to all persons who are not chargeable under the "law of liberation from national socialism and militarism" as major offenders, or offenders whose yearly income during the calendar years 1943 and 1945 was less than 3,000 marks and whose taxable property in 1945 did not exceed 20,000 marks.

Also exempted from prosecution are persons not major offenders, or offenders who are more than 50 per cent disabled.

Approximately 11,000,000 Germans have been required to fill out de-Nazification questionnaires, and about 3,000,000 of that number had been found chargeable under the law.

THE BOSS BONUS.

The five per cent bonus to be paid employees of the Boss Manufacturing company will be paid to ALL employees on the payroll of the company at the end of November, regardless of the length of time they had been employed, subsequent information from the company's general office revealed, Manager Anton White said. It was at first understood that only those employees who had been on the payroll for a year or more would receive this bonus, but the confirming letter which was received Saturday disclosed that all employees would share in this additional pay, even those who had been employed but a week, ending November 30, 1946. Each will receive a bonus of five per cent of wages earned within the 12-month period ending November 30, 1946, it was announced.

HOTEL MEN INDICTED.

ATLANTA, Dec. 24. — Three operators of the Winecoff Hotel which burned here Dec. 7 with the loss of 119 lives have been indicted on charges of involuntary manslaughter. The indictments were brought against A. F. Keele Sr., and A. F. Geele Jr. of Sheboygan, Wis., and R. E. O'Connell, a Chicago detective, who had leased the hotel since 1934.

Some Steers in Cisco Bowlers Defeated Ranger By Higher Levels; a Large Margin Hogs Move Up

Cisco Lumber & Supply company team defeated a five-man bowling team from Ranger at the local alleys last night.

Cisco's total was 2580. Ranger, 2319 — a difference of 261 pins.

In a game at Ranger recently between the two teams, Cisco was the loser.

FT. WORTH, Dec. 24. — The small supply of cattle and calves reaching Fort Worth for today's trading cleared readily at generally steady prices although some of the beef steers sold above recent quotations. One load of good heavy steers cashed at \$24.50 and two loads sold at \$23. Odd lots of common and medium grade steers and heifers brought \$15 to \$19. Good cows were scarce with medium grades bringing \$11.50 to \$12.50; cutter and common kinds \$9.50 to \$11; and canners \$7 to \$9. Bulls ranged from \$8.50 to \$11.

Good and choice fat calves sold at \$16 to \$18 common and medium kinds at \$10.50 to \$15; and culls at \$9 to \$10.

Scattered sales were reported of common and medium grade stockers at \$12 to \$15 with better kinds lacking.

Receipts in the sheep yards were practically limited to cull and common ewes at \$6.25, or steady.

Butcher hogs sold around 25 cents to 50 cents above Monday's average with sows and pigs steady. Good and choice 180 to 300-pound hogs brought \$21 to \$21.50 with the top \$21.50. Bulk of receipts were mixed grade lights that sold at \$17 to \$20. Sows brought \$17.75 and \$18. Stocker pigs turned at \$10 to \$15.

SOLDIERS MUST PAY.

YOKOHAMA, Dec. 24. — Two U. S. soldiers today were sentenced to life imprisonment at hard labor upon conviction by a court-martial of rape, and a third was sentenced to 10 years at hard labor for manslaughter of a Japanese woman.

Sweden does not even approximate the wealth in natural resources of Russia or America, yet her per capita income is far above Russia's and is almost as high as America's. What is the secret of this prosperity? For twenty years I have been trying to find the formula for national prosperity in observing nations all around the world. What is it that gives Sweden — a country the size of Oklahoma and Arkansas, with limited natural resources — an individual prosperity that puts her high in the ranking?

The people of Sweden are very sturdy, with more than half of them passing the age of 70. The health of the people is remarkable, the personal appearance of the people on the streets excellent. Almost without exception they are neat, clean, and well-dressed. Streets in Swedish cities are unusually clean and in good repair, for apparently all citizens take pride in keeping them that way.

Wholesome Thinking.
I found everywhere a spirit of wholesome living and fair play, and I discovered also that these things were based upon the strong religious foundations of the people. During the week I spent in the heart of Sweden's largest city, I saw not a single drunk nor any indications of lewdness, things which are so apparent in the parks of London and New York.

The spirit of fair play and honest competition is manifest in every quarter in Sweden. People count more on it and talk more about it and mean it more sincerely, than any people I know. For example, the man who is responsible for running the affairs of Sweden's trade unions wants industrial corporations to make a reasonable profit.

Typical Attitude.
He wants to maintain private ownership and management. He wants fair play between labor and industry. He wants wages kept at a level that will assure a market for the greatest volume of goods. He wants cooperative understanding between labor and industry. His attitude, I was told by everyone, is typical of the Swedish labor leader. He shuns Communism or state socialism. He wants individual freedom, not regimentation of people's lives.

Honest-to-goodness fair play, manifested through a spirit of fine cooperation on the part of every group that competes in the game of economics, is the key to the prosperity of this small but great country. The people think of competition — real competition — as the basis of prosperity. None of them suffer the illusion that state management of industry could provide effective competition or the prosperity equivalent to that of private enterprise.

Floors, But No Ceilings.
There is much that we could emulate in Sweden. This fair play and competitive spirit goes right down to the shops and factories, 85 per cent of which are operated on incentive plans based on piecework, or on bonuses paid for certain achievements. There are floors for wages, but no ceilings. This means that those willing to work harder may earn more than the minimum. This rule rightly belongs in our own American traditions, but let us not forget it.

A Swedish labor leader told me: "Piecework is the chief means of increasing production. That's why most of our industries have it. This enables a good worker to earn more than a lazy worker. Our workers all agree to it, so it is a happy situation. We realize that high productivity offers the only means of sustained high wages. I am amazed that people everywhere do not recognize this principle."

By United Press.

WASHINGTON, Dec. 24. — President Truman acknowledged today that "all is not harmony in the world today" but declared that the United Nations have made a "brave beginning" in building world peace.

"We have made a good start toward peace in the world," he said, in a Christmas Eve broadcast to the nation.

"The progress we have made gives hope that in the coming year we shall reach our goal . . . because of what we have achieved for peace, because of all the promise our future holds, I say to all my countrymen — Merry Christmas!"

"Merry Christmas, and may God bless you all!"

Mr. Truman, leading the nation in welcoming Christmas, called for "undaunted faith and courage" to achieve the world peace aims of the United Nations.

The president admitted that the problems facing UN — "the world's hope for peace" — overwhelmed "faint hearts."

"But, he said, "as we continue to labor for an enduring peace through that great organization, we must remember that the world was not created in a day."

His five-minute speech, made after he pressed a button lighting the national community Christmas tree on the south lawn of the White House, was broadcast to the nation over all the major radio networks.

Mr. Truman, who will fly home tomorrow to spend Christmas day with his family at Independence, Mo., voiced confidence that "we shall find strength and courage at this Christmas time because so brave a beginning has been made."

POPE'S APPEAL.

VATICAN CITY, Dec. 24. (UP)—In a Christmas message to the world Pope Pius today appealed for a just peace and general disarmament, warning that present "world agitation could lead to new conflicts" using armaments so terrible that they appear "to the eyes of horrified humanity as infernal creations."

Curran Says Millions of Union Money Are Wasted

NEW YORK, Dec. 24. (UP)—Joseph Curran, international president of the National Maritime Union, CIO, resigned today as chairman of the CIO committee of maritime unity, charging that "millions of dollars in earnings" had been lost by the CMU's strike strategy this year.

"The CMU has been used for the purpose of controlling our union and for promoting warfare on the waterfront with the AFL and independent unions," Curran said.

U.S. Ship Told to Get Out or Take the Consequences

WASHINGTON, Dec. 24. (UP)—A state department spokesman today confirmed that Russian military authorities ordered a U. S. naval vessel out of the Manchurian port of Dairen, but said the action was within Soviet legal limits.

He said there was "substantial accuracy" to a newspaper dispatch saying the Russians had given the ship a 20-minute "get out" ultimatum.

The spokesman revealed that the department had received a preliminary but garbled report on the incident. He said the garbled portion apparently referred to the oral ultimatum Russian officials issued to the naval ship to leave within 20 minutes after its 48-hour stay had expired.

The spokesman said the word "consequences" appeared in the garbled section.

The newspaper dispatch by William H. Newton, Scripps-Howard correspondent representing the combined world press, said the ultimatum to the ship had been to the effect that "unless you leave within 20 minutes, we will not be responsible for the consequences."

Arthur M. Jacobs Northerners Want to Become Katy to Play Negro, So Treasurer Jan. 1 Game Called Off

ST. LOUIS, Mo., Dec. 24. — Arthur M. Jacobs of St. Louis has been elected treasurer of the Missouri-Kansas-Texas line effective January 1, 1947, Donald V. Fraser, president, announced today.

Jacobs, who has been assistant treasurer of the company, will succeed Thomas H. Simpson, who will retire December 31 after 51 years of Katy service.

Karl O. Jansson of St. Louis has been elected assistant treasurer, succeeding Jacobs. Jansson has been chief clerk of disbursements in the accounting department.

Jacobs, age 55, was born in St. Louis July 19, 1891, and was educated here. He is in his fortieth year with the Katy, having entered service in March, 1907, as an office boy in the treasury department, and steadily advanced through various positions until he was elected assistant treasurer in 1936.

Jansson, age 40, also a St. Louis native, was born Jan. 22, 1906, and attended schools here, studying accounting and finance at Washington University. With twenty years of service, he came to the Katy in 1926 as a clerk in the office of the auditor of revenue, and held various positions before being named chief clerk of disbursements in 1942.

The retiring treasurer was born in Perryville, Mo., Nov. 29, 1876, and entered Katy service in 1895. He has been treasurer since 1936.

More than 2,600 fans were left waiting Monday night when the Tennessee basketball team refused to take the floor because Dequesne Coach Chick Davis would not promise not to use a Negro player. Davis and Coach John W. Maurer of the Vols held a two-hour conference before the game was finally canceled and the disappointed fans sent home.

ONE DAY FOR JOY.

The Great Day comes again. The music of The Messiah rings in the ears:

"Unto us a Child is born; unto us a Son is given; and the government shall be upon his shoulder!"

After the anxieties and sadness of war, after the weariness, confusion, bewilderment of the year after war comes One Day in which all sorrow ceases. The children's toys are on the floor, appearing so mysteriously from somewhere. Friends and families happily open gifts. The church smells wonderful. "Pines and all cedars, praise ye the Lord." The house smells wonderful, too, with tree, turkey, goodies and perfumes scenting the air. Everything sounds wonderful—the hymns, the carols, the merry greetings, the children's shouts as their faith is justified; the rasp of the carving knife on the steel—

"We have an occasional feast, Sir."

And Turkey is the beast, Sir. "To drive dull care away!"

What of tomorrow? Must we go on with confusions, anxieties, bick-

erings, troubles? But even though we, like the Child, must grow up to face tragedy, may we not remember that before Calvary came the clear teaching, the brotherly love which have so helped the world? And after tragedy comes, if honestly earned, some new life and greater glory.

Meanwhile there is The Day—One Day of jollity, generosity, loving-kindness, of the joy which strengthens the soul for the tasks of tomorrow. Why not, for one day, in the good old phrase, "lay our troubles on The Lord?" The Child is born; the Son is given; the government shall be upon His Shoulder.

TO AVOID STRIKES.

A super state will rise and take over unless labor and management solve their problems without strikes, says Walter Reuther, president of the CIO United Automobile Workers. Reuther who is seeking a 23 1/2 cent an hour wage increase for his union's 900,000 members said his group would use every possible means to settle issues without strikes. He added another wave of strikes would bring disaster. This looks like right thinking on the part of the union. The country will watch with interest industry's reaction to this.

Don't Be Sorry — Be Safe . . .

. . . is good, sound advice well worth taking especially in those cases where heavy risks are involved. One of these risks is buying real estate without an abstract. Most buyers in these modern days don't take risks — they get an abstract. And if the seller is about to convince you that his title is good and you don't need an abstract, better play safe. The abstract, among other things, reveals the condition of the title and is always worth far more than it costs.

Merry Christmas!

The words are old, the wish is old, But timelessly sincere— The threadbare phrase grows fresh and new With every passing year.

Merry Christmas, everyone! A day of joy and mirth, Where men may walk as brothers Upon a peaceful earth.

Close with the warmth of Christmas, The world grows snug and small— Merry Christmas, everyone! Merry Christmas, all!
