Guernsey to Fight Drastic Military Cut to the End

British Government Takes Dictatorial Power

LONDON, Feb. 12. (UP) — The government assumed dictatorial powers today to get the coal moving and avert a national industrial breakdown in the face of a fuel and power crisis now embracing the entire country.

Acting under wartime emergency powers, the government extended restrictions on the use of electricity throughout England, Scotland and Wales.

Boy Scout and Musical Programs Entertain Lions

Lions had a double-barreled program today, including a boy scout and a musical program, both of which were pronounced above ordinary quality. Jimmie Ewell, den chief, had charge of the scout program and Standlee McCracken introduced the musical feature.

A number of guests were present and Deputy District Governor Charles Burke announced a zone meeting would be held Friday night at Comanche, and requested a large representation from Cisco.

WASHINGTON, Feb. 12. (UP) — Chairman Chan Guernsey of the senate armed services committee said today that any cut of more than \$500,000,000 in military expenditures would make the navy "practically impotent" and leave the army and air forces wholly inadequate.

The South Dakota Republican prepared to make a no-surrender fight against a \$1,750,000,000 cut in military expenditures which he said is contemplated in the GOP plan to trim President Truman's budget for the fiscal year beginning July 1 by \$6,000,000,000.

Truman's spending estimate was \$37,500,000,000.

Meanwhile, a Democrat, Sen. Theodore Francis Green, D., R. I., charged that the proposed \$6,000,000,000 budget slash would make Secretary of State George C. Marshall's mission to Moscow "almost impossible" of accomplishment.

Marshall leaves soon to attend a Big Four foreign ministers conference of the Germany peace treaty.

Austin pleaded forcefully for a calm and realistic approach to the problem of atomic security.

LILIENTHAL OPPOSITION IS GROWING

WASHINGTON, Feb. 12. (UP) — A new demand for David E. Lilienthal's immediate removal from the atomic energy commission came from a senate Republican today as the senate chose sides for what promised to be a close and bitter floor fight over his appointment.

Simultaneously, congress and the public were warned sharply by Warren R. Austin, chief U. S. delegate to the United Nations, against becoming "hysterical" because there is no known atomic defense against a sudden atomic attack on this country's crowded industrial cities.

Austin pleaded forcefully for a calm and realistic approach to the problem of atomic security.

Among the many bills dropped in the legislative hopper at Austin seeking to cure the evils inherent in strikes is one relating to strikes by utility employees introduced by the Hon. Claud Gilmer of Rock Springs, speaker of the house of representatives during the last regular session.

Jester Signs New \$3 Million Dollar Pension Hike

AUSTIN, Feb. 12. — Gov. Beauford M. Jester signed into law today the first major bill of the 50th Texas legislature to provide money to pay increased old age pensions and other welfare grants.

The bill appropriates into the welfare fund more than \$3,000,000, which is needed to bring the welfare grants up to the \$35,000,000 a year permitted by the state constitution.

In signing the bill, Gov. Jester announced that the welfare department has geared its entire facilities to making the increases available in the checks that will go out March 1.

He said the automatic effect will be to increase monthly payments to approximately 191,000 aged people an average of between \$2.50 and \$3 a month. The 5,100 needy blind will receive between \$500,000 and \$600,000 more monthly and the 30,000 dependent children on the state rolls will get approximately \$200,000 more a month as a result of the new law.

BURMA IS ATHLETIC—Burma, an elephant at the Philadelphia Zoo, enjoys herself in her stall by playing a game of soccer, caring little that on the outside Philadelphia was experiencing its lowest temperature for current winter season.

Gilmer Bill Protects Public From Evils of Strikes

Among the many bills dropped in the legislative hopper at Austin seeking to cure the evils inherent in strikes is one relating to strikes by utility employees introduced by the Hon. Claud Gilmer of Rock Springs, speaker of the house of representatives during the last regular session.

Gilmer's bill applies only to water, gas and electric utilities and proceeds on the theory that the maintenance of water, gas and electric service are absolutely essential to the life, health and safety of the people, and that it is the duty of the state to prevent any person or group of persons from willfully destroying or damaging the facilities used in rendering the service.

His bill further provides that although any employe or group of employes have the right to strike or quit at will, it shall be unlawful for any person or persons, whether employes or not, to interfere with the ingress or egress of any employe to or from any property of any utility by picketing, or to harass or intimidate any employes who are willing to work in order that the service may be maintained.

Under the terms of the Gilmer bill, it is a felony punishable by a penitentiary sentence for any person to willfully wreck, destroy, or sabotage any plant, equipment or facility of a water, gas, or electric utility.

Mr. Gilmer's bill applies to utilities furnishing water, gas and electric service whether the utility be a private corporation, a municipal or a state agency, such as a River Authority.

This is to take care of such situations as happened to the L.C.R.A. this past year when service to a whether employes or not, to interrupted and also such situations as the Pittsburgh power strike.

Coal Barons Ask Government Aid Against Lewis

WASHINGTON, Feb. 12. (UP) — The National Coal Association asked congress today to outlaw some of John L. Lewis' collective bargaining demands, including employer contributions to a welfare fund, in order to prevent a strike which the association said otherwise will be inevitable.

The request was made to the senate labor committee by Forney Johnston, counsel for the association, which represents about 70 per cent of the soft coal industry.

Johnston said that another major coal strike is inevitable unless Lewis abandons some terms of the current wage-hour contract between the United Mine Workers—A.P.L.—and the government.

TALKS START MONDAY

HOUSTON, Feb. 12.—Mrs. Jewell Whalley of Houston, general commercial area chairman of the Southwestern Telephone Workers Union, said today that new contract negotiations with the Southwestern Bell Telephone Co. would begin in St. Louis Monday. The union's proposals include wage increases of \$12 a week, Mrs. Whalley said. She said wage demands topped the list of 10 items on the bargaining list.

Eastland's New Mother of Lame Majestic Theater Boy Believes in Opens Tomorrow Faith and Prayer

EASTLAND, Feb. 12. — All roads in the oil belt will lead to this city tomorrow, February 13, when the new Majestic theater, one of the showplaces in West Texas, opens at 7:30 p. m. with attendant ceremonies and a gala stage and screen show.

No money or effort has been spared by Interstate Theaters to make the New Majestic one of the outstanding theaters in the southwest. The new amusement edifice has many late features of modern theater design, including the latest type of comfort seats, new decorations, conveniently located restrooms, year round air conditioning system, new sound and projection equipment and restful lounges.

The opening program features both stage and screen entertainment. On the stage will be "The Humdingers," Marty, Kay, Pat and Jo, featured vocalists with the Frankie Masters orchestra, while the screen attraction will be Jeanne Crain in "Margie," 20th Century Fox's Happiness Hit in Technicolor. Many well known theater officials and motion picture executives from Dallas are expected to attend the affair.

ABILENE, Feb. 12. — Dr. Harold Cooke, president McMurry college who was injured in an automobile accident Tuesday was reported to be resting well today at Hendrick hospital where he is recovering from a broken neck, rib and shoulder blade and bruises and cuts on his face.

Dallas County Juvenile Department Seeks to Declare the Youth Neglected by his Mother, Alleging that he has been ill since last fall, that Mrs. Mitchell refuses to provide medical treatment for him, and that his life is in danger.

The courtroom was packed with spectators, most of them fellow church members and several ministers of the Full Gospel faith.

In her answer to the claim of neglect, Mrs. Mitchell stated that she had administered to her son's needs through messages, and has had him treated by a chiropractor.

She claimed that she is a devout Christian with a deep abiding faith, and believes that her son's health has greatly improved in the last two months because of that faith.

Mrs. Mitchell, through her attorney, former Dist. Judge Louis Wilson, contends that the move to take her son is without due process of law and against the constitutional right to worship according to the dictates of her own conscience.

Truett LaRoque is 7 of 16 Kegmen Advertising Manager Abilene Daily Better 500 For Three Sessions

ABILENE, Feb. 12. — Appointment of Truett LaRoque as local advertising manager was announced yesterday by the publishers of The Abilene Reporter-News.

LaRoque, 34, joined the Reporter-News advertising staff in May 1946 while on terminal leave as an army captain.

A native of Bluffdale, Tex., he grew up in Cisco and went to work on the Cisco Daily News as advertising salesman when he graduated from Cisco high school 18 years ago. He was connected with the Cisco paper until 1938 when he joined The Odessa Bulletin. His parents reside at Cisco.

LaRoque entered the Army in 1941 as a private. He was commissioned a second lieutenant of the Armored Force at Camp Knox, Ky., and assigned to the Eighth Armored division as it was moved to Camp Polk, La., for training.

He went overseas with the division in October 1944. His outfit had its first action when rushed into the Battle of the Bulge before it had been assigned its full quota of tanks. Thereafter it was attached to the Ninth army and was in central Germany near Goslar at V-E Day. LaRoque returned to the states in March 1946.

After nearly a year in Europe after the fighting ended he volunteered to go to the Pacific "just to get a month at home." Five days before he was to sail for the States the war ended in the Pacific.

The new local advertising manager was married in 1941 at Houston to Mildred King, a daughter of Mr. and Mrs. J. C. King, 1626 Orange, Abilene. Mr. and Mrs. LaRoque reside at 2202 Forest Drive.

KIDNAPER CORNERED

GREENVILLE, Tex., Feb. 12. (UP) — a blond, khaki-clad kidnaper today abandoned a stolen taxicab and his flair for new model autos at Commerce and last was seen in a stolen 1941 Model Ford on a dead-end highway north of Bonham. The fugitive, who earlier today kidnaped two Bogota men and held them captive for two hours before he released them and fled in their day-old-car—only to wreck it during a race with officers at Greenville — faced the possibility of being caught in an ever-narrowing cordon of state and local officers.

LINCOLN'S BIRTHDAY

WASHINGTON, Feb. 12. (UP) — Rep. Evran Howell, R., Ill., called on congress in a Lincoln Day speech today to heed the "wisdom and philosophy" of the great emancipator in dealing with the great national problems of today. Howell represents the same Illinois district which sent Abraham Lincoln to the house 100 years ago. His speech of tribute was part of a nationwide observance of the 138th anniversary of Lincoln's birth.

Cisco Jaycees Entertain Their Ladies; Latter to Organize Jaycette Club

By THE JAYCEE REPORTER.
Cisco Jaycees held their most enjoyable meeting Monday night, the occasion being a dinner for the ladies. The meeting was called to order at Laguna hotel roof garden by President Charles Burke, after which Vice President Jack Lauderdale presided as officer and master of ceremonies for the evening. Invocation was by Second Vice President Elsworth Mayer.

K. C. Pritchett introduced the guests—Mr. and Mrs. John Bradshaw, Mr. and Mrs. Dewey Sage, Misses Jeanne Crossley and Louise Taylor.

A report on the activities of the Livestock Show committee was given by Wallace Smith. The show, according to Mr. Smith, will be the most complete of any held in recent years. The date is February 21-22.

A. L. Osborn, chairman of the newly appointed government affairs committee, gave a short explanation of the purpose of the committee, lending special emphasis to the necessity of closer individual contact between the people and their elective officials.

In line with the special purpose of the dinner, Chief Brown brought out the necessity for and the desire of the Jaycees that the ladies consider the organization of a Jaycette club and lend their efforts and influence toward a better Cisco, and a more "forward moving" Cisco. As Mr. Brown so aptly put it, "The iron is hot—let us all hit together."

Mrs. Charles Burke gave a resume of the educational projects undertaken by the Sweetwater Jaycette club during the time of her association with them there and, after a majority decision by the ladies, next Monday night, February 17, was set as organization date for the Cisco Jaycette club.

In addition to a pleasing musical program arranged by Glenn Boyd, the Jaycees were treated to several vocal renditions by two Ranger high school students, Miss Jacqueline Edwards and O. C. Cox, Jr., who, in the opinion of those present, are well on their way to a successful career in music, especially in the vocal field. They

and Mrs. Kenneth B. Cooper, Ronald Rhodes, Mr. and Mrs. O. S. Leveridge, Mr. and Mrs. R. V. Glenn, Mr. and Mrs. H. G. Fischer, Mr. and Mrs. Jack Anderson, Mr. and Mrs. Eben Fields, Glen Boyd, Miss Jeanne Crossley, Jacqueline Edwards, O. C. Cox, Jr., Mr. and Mrs. Troy Powell, Mr. and Mrs. Chief Brown, Luke Baker, Mr. and Mrs. Chas. Burke, Mr. and Mrs. Jack Lauderdale.

REGRETFULLY

After having served the people of Cisco for over twenty years, it is with great regret that we, because of circumstances beyond our control, are forced to sell our dairy.

We made every effort to sell to some one that could continue to furnish our customers with milk, but to no avail. Hence we take this opportunity to announce that Saturday, February 15, will be our last day to deliver milk in Cisco.

We shall make two successive trips at the regular time to collect our bottles and your cooperation will be greatly appreciated.

With sincere gratitude for your patronage and loyalty during this long period, we desire to merit your continued friendship and good will.

Sincerely,
MR. and MRS. A. Z. MYRICK and FAMILY.

One Thing After Another—

... can and may happen to land titles over a period of years. The fact that no abstract was required when the place was purchased puts the owner in a position of not knowing what he bought. The land and improvements are worth little if the owner fails to prove his title. The abstractor in a sense is your land title guardian for he keeps the records-day after day as they are made. Use him often. The cost is small; the benefits are large.

Help yourself

to the best party-line telephone service

Help yourself? Of course! You can get the greatest value from a party-line telephone by doing a few simple things:

1. Remember to hang up quietly if the line is in use when you try to call. Wait awhile before trying again.
2. Keep your calls as short as possible. That gives the other fellow a chance to make or receive calls.
3. If you have children, teach them party-line telephone courtesy.

Your skillful and considerate use of your party-line telephone will encourage others to do the same. Result: Best service! Not only for you, but for everybody!
