

# The Lockney Beacon

VOLUME 12

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, MAY 2, 1913

NUMBER 35

## ABILENE DEBATERS VICTORIOUS

### Abilene Boys Defeat Lockney Bible College Team in Interesting Contest.

Abilene, Tex., April 26.—Messrs. Pace and Turney, representing the Lockney Bible College of Lockney, Texas, lost in a debate with the Abilene Christian College, which contest was held in the Christian College auditorium. James Harvey and Andrew Graham argued the negative side of the question: "Resolve that women of Texas should have equal suffrage with men," for the Abilene Christian College and presented so many forcible arguments against woman suffrage in Texas that the judges were unanimous in their decision. The debate was an interesting one, and the auditorium was packed.

### County Court Proceedings.

The following cases have been disposed of in county court at the April term:

State vs. Will Miller, secreting stolen property; dismissed.

State vs. J. J. Messer, petty thief; dismissed.

State vs. J. A. Culwell, adultery; dismissed.

State vs. W. E. Brown, charged with selling unwholesome food; continued.

State vs. Wood Martin, drunkenness in public place; plead guilty and fined \$5.

State vs. L. W. Dalton, drunkenness; fined \$5.

J. H. Brownlee, two cases, giving liquor to minors; continued.

State vs. S. L. Boone, illegally practicing medicine, three cases, dismissed; one case tried by jury and fined \$100 and 12 hours in jail.

State vs. D. S. Thomas, four cases, illegally practicing medicine; continued.

State vs. Harry Judson, 12 cases, swindling; one case dismissed, 11 pleas of guilty, fined \$5 in each case and 10 hours in jail in each case, being accumu-

lated and aggregating \$55 and 110 hours in jail.

State vs. Walker Williams, carrying sixshooter; dismissed. State vs. Walker Williams and White Williams, aggravated assault, plea of guilty and fined \$5 each.

### Purchased Silo Cutter.

Wm. McGehee has ordered a large silo cutter and will fill all the Saginaw silos in this community at a cost of not over 20 cents per ton, water and coal to be furnished by party having the silo filled.

This proposition looks good to us, as it will greatly reduced the cost to any one with one or two silos by saving a cutter, and either buying or hiring power.

### Boy Gets Shot In Leg With Target

Monday morning about 10:30, Elmer Ashby, the 12 year old son of H. D. Ashby of the Irick community, received a gun shot wound in the leg just above the ankle. The wound was the result of an accident and the gun was a target rifle.

Elmer and a younger brother had returned to the house from a bird-hunt, and the younger boy was unloading the gun when it was discharged. The ball struck the leg and went downward and is supposed to have lodged in the foot.

He was brought to town and placed on the operating table, and Dr. J. L. Guest probed for the ball, but failed to locate it. It is thought the wound will cause the boy noserious inconvenience other than a sore foot for a while. He is now at the home of B. O. Downs and is doing fine.

### Notice.

Prof. Pierce, President of Seth Ward College at Plainview, will preach at the Methodist Church next Sunday morning and night. You are cordially invited to hear him.

Leon Henderson, Pastor.

## Deputy Grand Matron Visits Lockney

Last Saturday, Mrs. Robinson, district deputy Grand Matron of the Eastern Star, came in and met with the Local Chapter immediately on the arrival of the train. Quite a delightful and profitable meeting was held, and those in attendance were greatly edified by the presence of the worthy matron. While in the city, she was the guest of Mrs. T. Z. Reed and Mrs. J. H. McGehee.

### Statement of Facts.

Be it known by all people who reside in and around Lockney, that we, the assitants of J. C. Estes in the work of the Lockney College and Bible School for the school year of 1912-1913, would have considered working in our same positions, had it been fully known in time that Bro. Estes was thinking of accepting his place. Under any other conditions, we would not accept any position in the school.

Some, who would be enemies to the school, and desirous of its failure, have said we, as teachers, would not work with Bro. Estes any longer. For this reason, the above statements, has been drawn from us. In order that more people may see and know this, we desire it published in the paper.

Jno. M. Wilson, Dean,  
Julia Gillespie, Primary,  
Melrose Jones, Oratory.

### ANOTHER STATEMENT.

We, the boarding students of Lockney College and Bible School, Lockney, Texas, for the year 1912-1913, understand that it has been told that we have said we would not come back here to school if Bro. J. C. Estes stays. We wish to say that whoever started this is an enemy to the school. We would be more than glad to come back if he stays in the school and will do all we can to get other good students to come, but if he don't stay we don't know yet what we shall do about going to school

another year.

Phillip Smith,  
Floy Simmons,  
Ethel Logwood,  
Oscar Moser,  
Lucian Boling,  
J. C. West,  
Myrtle Davis.

The above signatures to the last statement includes all the boarding students in the school at present.

These statements explain themselves. The board has made me two propositions—one for three years and one for five years, but I feel, that owing to the division existing, I could not, with justice to myself and the school, accept either. However, I pray God's richest blessings on the school.

J. C. Estes.

## Arthur Byars Buys A Saginaw Silo

Thursday, Wm. McGehee sold to Arthur Byars, south of town, a Saganaw Silo. Mr. Byars will erect same on his place, and adopt a more economical method of saving his feed crop. At the end of the year the purchaser of these silos will have a nice bank account in addition to what they usually have. The silos have come to stay and the man that takes advantage of them will become rich in a few years. Get the silo habit.

### Lockney College Closes.

The Lockney College and Bible School closed its 1912-13 term this week. On Wednesday night there was an entertainment at the Chappel by the pupils of Miss Melrose Jones, expression teacher. Last night there was a college play. Both entertainments were largely attended, and heartily enjoyed by all.

### Foundation Work Underway.

Work is now underway on the foundation for the new brick home of the First National Bank. Most of the material is now on the ground, and the work will be carried forward without interruption.

## ANOTHER BRICK FOR LOCKNEY

### Lester Garrison Will Begin the Erection of Handsome Brick Business House.

Mr. Lester Garrison has made his arrangements for the erection of a new handsome one-story brick business house on the lots south of Baker's Store. The building will be 60x150.

Mr. Garrison will begin work within the next two weeks and the building will be finished up as quickly as possible.

This makes five brick business houses under construction in Lockney. Verily, the town is enjoying a substantial business boom.

### Moving Pictures.

Messrs. Biles & Wilson of Floydada are putting on a moving picture show in Lockney on Monday, Wednesday and Friday nights. The pictures are first-class, and the entertainment of high grade. The pictures are clean and edifying, and to miss the show is to miss a rare treat. Come out and enjoy an hour; it will do you good. 35-tf

J. C. Garrison, cashier of the Lockney State Bank made a business trip to Floyd Wednesday evening.

### Strayed or Stolen.

1 bay mare, 15 1-2 hands high, heavy set; 1 bay horse mule yearling colt. \$20 reward for their return to J. A. Nolan, 10 miles east of Lockney. 2t

### To Members of the Baptist Church.

Next Sunday, the 1st Sunday in May, we will administer the Lord's supper. Special request that all members be present; everybody cordially invited.

H. G. Finley,  
Pastor.

Mr. Caldwell, representing the Saginaw Silo Company, of Fort Worth, was in the city this week, assisting Will McGehee in the sale of silos.

## Hail Insurance

**T**HIS is an age of insurance, and in all lines of trades and business, insurance is a foremost factor and one of the necessary expenses. A farmer's crop is his source of revenue from which all other obligations must be paid, and for that reason should be the first to be protected.

You have no guarantee that your crop will not be destroyed or damaged by hail this year, although you may never have had that misfortune. You can be indemnified against such loss by insuring with the St. Paul Fire & Marine Insurance Company, any old stock company.

It is no longer necessary to argue in favor of hail insur-

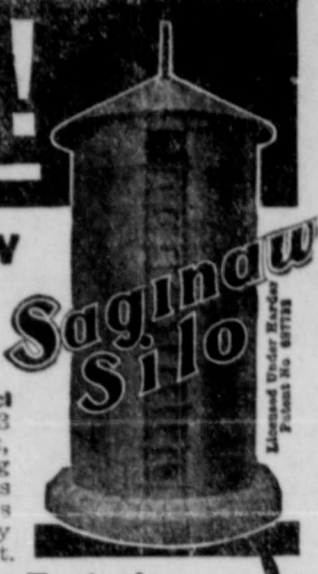

ance. Every progressive farmer knows that it is good business judgment to protect his growing crops as well as any of his other property. The most careful farmer cannot keep his crops from being destroyed by a hail storm. These storms come just when they will do the most damage to your growing crops. If you take advantage of the protection offered by the policy that protects you from the moment the application is approved. The cost is just the same whether you insure today or next week—you may save hundreds of dollars by insuring today. See R. E. Hadley, local solicitor, or

## Grady Brewster, Agt.

# Wonderful!

## The New 1913 Saginaw With the Patented Angle Steel Rib

Last season's Saginaw Silo was pronounced utterly perfect by dairymen and stockmen all over the country. For 1913 it was wholly unnecessary to attempt improvement. Yet, despite this, we came out with this 1913 Model. The big feature of the 1913 is the **ANGLE STEEL RIB**. This ingenious invention adds about 50% to the life of a Silo. And that's wonderful, when you consider the Saginaw is already known to be the strongest and most durable Silo ever built.

### Doing the "Impossible"

The Angle Steel Rib has done what once was considered only a year ago considered impossible. It has given you durability and shockproof a Silo which the heaviest wind stress can't break or tilt. All because the Angle Steel Rib actually prevents any up-and-down slipping of the staves. Moreover, this marvelous invention forever ends the remote possibility of your Silo caving in when empty.

This Angle Steel Rib is a Structural Steel Reinforcement, covered to the inside of the Silo. It is solidly riveted to strong, malleable brackets which are securely attached to alternate staves. Each rib is free to move and adjust itself to any variation in the diameter of the Silo. Built on the same structural principle as the big "T" beams used in great steel frame buildings. One beam reinforces the other. Think of what it means to have these trustworthy, unbreakable Angle Steel Ribs controlling your Silo! To fully appreciate the patented Angle Steel Rib, you must get our new Free Silo Book, which pictures and explains all.

### Other Noted Features

The Saginaw was famous first as "The Silo With the All-Steel Door Frame." Then followed the Saginaw Inner Anchoring Ring. Next came the celebrated Saginaw Base Anchor. And now comes the Angle Steel Rib—the most astounding feature of all.

### The McCLURE COMPANY

Formerly Farmers' Handy Wagon Co. Saginaw, Mich. Des Moines, Iowa. Minnesota Transfer, Minn. Calx, Ill. Ft. Worth, Texas.

**WILL McGEHEE**

### 5 Big Factors

The Saginaw is far the most popular Silo on the market. Five main factors have had to be built. Last season we received orders for 517 Silos in a single day.

### Strong as a Skyscraper

The Saginaw Silo, with its steel frame stands as solid as a modern city skyscraper. It cannot blow down, it cannot twist, it cannot warp, it cannot collapse, it cannot sink on its foundation. Like a steel disk, it is bolted to the ground by the Saginaw Anchoring System.

### Bright, Clean Silage

No rank, sour silage ever comes out of a Saginaw. It is sweet and pure clear to the edges, right next to the walls. Animals love the silage, farm and drive wonderfully on the Rib, excellent food. Don't get a Silo that spoils silage.

### Get Latest Silo Book

Our latest book on Silos is about ready for mailing. It not only fully describes the 1913 Saginaw, but also contains a wealth of information on silo building and silage. Don't miss getting it. Write for it now, before it's gone. Get your book and we'll talk it over.

### In Durance Vile.

Sheriff Claude Goen has a star boarder at the county jail in the person of J. S. Moore, alias Harry Judson, F. A. Bowen, et al. He was caught at Kountz, East Texas, and the charge against him is forgery and swindling in connection with a magazine subscription proposition. The accused has given out the following letter:

"To the people of Floydada who were defrauded through me in subscribing to magazines:

I wish to state that I feel I deserve a severe jail sentence and that I am willing to stand the punishment. In reviewing the past since last August, I find out I am poorer today than ever before. I have made what you call easy money, but I received no benefit from it. I see now it was a miserable experience. My chief object in writing this letter is that it may be read by someone who still has faith in human nature. If such a party will secure me a position on ranch or town work at the expiration of my sentence, I know that I can redeem myself in the eyes of the people and make good what the people lost financially. I would appreciate any reading matter that is left me.

In conclusion I wish to thank Mr. Goen for the extreme consideration shown me before the public on our return from South Texas.

Respectfully,  
J. S. Moore.

Floyd Co. Jail.

### People are Easy Marks.

During the months of January and February a neat looking deaf and dumb man was in Plainview, Floydada and other Plains towns taking subscriptions for various standard magazines, and scores of people paid him from \$2 to \$5 each. The magazines have never put in their appearance and letters from them say they know nothing of the party who took the subscriptions.

Sheriff Goen of Floydada recently sent cards all over the state offering \$25 for his arrest, and now thinks he has him located in the extreme southern part of the state.

People are such easy marks. It looks like any sensible person would decline to pay money to a stranger who he has never even heard of.—Plainview News.

It is written, "a sucker is born every minute," and verily the stock is on the increase. The party mentioned has come to grief and is in durance vile at Floydada, but another one will take his place, and so on until the end of time. It is lots easier for a stranger to graft a town than a home man. A neighbor, though his proposition be a legitimate one, is at once classed as a grafter, while the stranger gets the coin. Such is human nature.

Mill run bran \$1.25 for one hundred pounds.  
Cobb & Elliott Grain Co. 32tf

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.  
F. J. CLEMENT, & CO., Toledo, Ohio.  
Sold by Druggists, etc.  
Take Hall's Family Pills for constipation.

## WE DO IT WITH PLEASURE

Whatever business we transact with our customers, we do it with pleasure.

If you borrow money from us we do not loan it to you under protest, but we do it with pleasure.

We are glad to help and serve and promote the welfare of every individual in this community. We invite new accounts and promise you a pleasant and agreeable connection.

## THE LOCKNEY STATE BANK

LOCKNEY TEXAS

## INSPECTS TWO RURAL ROUTES

Government Rural Route Inspector Visits Lockney and Inspects Routes.

Government Rural Route Inspector Bennett was in Lockney last Thursday and inspected two more rural routes out of Lockney. The routes gone over was one running south from Lockney out through the Pleasant Valley community, and the other running east and embracing the W. D. Zion neighborhood.

The inspector will make his report to Washington and in the near future we should know something definite as to the establishment of these routes.

These routes are badly needed, and their establishment would serve a large number of people living south and east of town.

Lockney already has two rural routes, and we are the only county on the Plains with a rural population sufficient to maintain two rural routes. The sections now seeking this service are as thickly settled as those covered by same. We believe these routes will be established, and Lockney will soon have four rural routes instead of two.

### Don't Read This.

I have a good gentle family horse and a rubber tire surrey for sale. Call and see me at once.

You'll like the Beacon.

## THE FOSTER CAFE

Is the place where the refined and cultured class of people go to satisfy their appetites. When you are hungry don't forget the place---the society place, Foster's Cafe.

## Our Public Roads Should be Opened

County Commissioner, G. F. Rigdon, has called our attention to the fact that a great many of the public roads in the county are fenced and inaccessible for public travel. He urges that these roads be opened at once, as it will be a great convenience to the public, and will save the time when farmers are busy in their crops, when the Commissioners' Court orders them opened. The highways belong to the public and should not remain closed.

We can furnish you re-cleaned big German Millet seed at \$1.00 per bushel.

### Madam, Read McCall's The Fashion Authority

McCALL'S is a large, artistic, handsomely illustrated 100-page monthly Magazine that is adding to the happiness and efficiency of 1,100,000 women each month.

Each issue is brimful of fashions, fancy-work, interesting short stories, and scores of labor-saving and money-saving ideas for women. There are more than 99 of the newest designs of the celebrated McCALL PATTERNS in each issue.

McCALL PATTERNS are famous for style, fit, simplicity and economy. Only 15 and 25 cents each.

The publishers of McCALL'S will spend thousands of dollars extra in the coming months in order to keep McCALL'S head and shoulders above all other women's magazines at any price. However, McCALL'S is only 50c a year; positively worth it.

Yes! May Select Any One McCall Pattern Free from your first copy of McCALL'S, if you subscribe quickly.

THE McCALL COMPANY, 235 West 37th St., New York

NOTE—Ask for a free copy of McCALL'S wonderful new premium catalogue. Sample copy and pattern catalogue also free on request.

## Do Not Throw Carcasses on Public Roads

In conversation with Commissioner Rigdon last Saturday, he said: "I wish you would call attention to the habit of people in throwing dead chickens and other carcasses along our public roads. This is not only a violation of the law, but a public nuisance."

This is a timely suggestion, and one that should be heeded both in town and country. Carcasses should either be removed from our public highways or buried. They are disease breeders and a nuisance to those passing them.

Mill run bran \$1.25 for one hundred pounds.

Come to busy Lockney.

Norton Baker left Sunday for Dallas to attend a 3-days Eastman school of professional photography.

## BUYS A BIG SILO FOR HIS FARM

Another One of Floyd County Farmers Will Raise Silage.

C. F. Ramsey has purchased through Wm. McGehee a Saginaw Redwood silo, which will be erected on his farm four miles east of town. The silo will be 20x30, and will have a concrete basement 10 feet deep. The capacity will be something over 250 tons.

Mr. Ramsey operates a 700 acre farm, and has a large number of hogs and some 30 Jersey cows, and it is his intention to put up silage to feed his cattle and hogs.

Our farmers are taking to the silo proposition, and just as fast as they can arrange matters are buying them. There are a number who have already purchased them and others who will buy and have them erected before summer.

# Seeds!

## MILLIONS OF SEED FOR YOU

The kind that make farmers rich who plant them. PLANTS—100,000 Sweet Potato, Cabbage, Celery, Pepper, Tomato and Culliflower, all home-grown and good strong plants, at prices way below that price you have been buying them at heretofore. Spray your trees and do it now—We handle the Insecticides & Fungicides also the spray pumps.

Come to a Seed House for your supplies. We make it our business to furnish you with the best that money will buy and every dollar you invest with us is sure to return accompanied by many big brothers at harvest time all smiling in glad return from your small investment. A few hundred pure bred seed farmers can make this and adjoining counties a great seed district that will be known the world over and increase the value of lands ten fold. Will you be one of them?

## MONEY TO LOAN

Why pay ten per cent for farm and ranch loans when you can get eight per cent money? Ranch loans, any size, a specialty. Good loaning proposition on improved stock farms. Long time loans with optional payments. Extend payment on vendor lien notes. No insurance nor stock proposition. Let me know your wants.

W. B. Joiner, Plainview, Texas.

## Land Bargains

IN FLOYD COUNTY

The S. W. 1-2 of Sec. No. 62, Blk. G. D. & W. Ry. Co., three miles from Lockney. Price \$25, 1-3 cash, balance 1-2 and 3 years at 8 per cent.

Sec. No. 29, Blk. D. 3, 12 miles from Lockney. Price \$12.50 per acre.

East half of Sec. No. 41 Blk. G., 9 miles from Lockney. Price \$21 per acre, 1-3 cash, balance 1-2 and 3 years at 8 per cent.

East half of Sec. No. 31, Blk. D. 2, 5 miles from Lockney. Price \$25 per acre. 1-2 cash, balance 1, 2, 3 and 4 years at 8 per cent.

160 acres out of Sec. No. 37 Blk. G., Price \$25 per acre 1-2 cash, balance 2, 3, and 4 years at 8 per cent.

1-2 Sec. in Blk. A. M. Price \$11 per acre. Good terms.

1 Section in Blk. A. M. Price \$12 per acre.

3 1-2 sections in Blk. D. 3. All under 16 miles of fence, 200

acres in cultivation, two fields, 4-room house, splendid sheds and lots, 2 wells and windmills and close to good school. This is all fine Plains land and a big bargain at \$12.50 per acre, 1-3 cash, balance 1, 2, 3 and 4 years at 8 per cent.

1 section improved, all under fence, good 4-room house, well and wind mill, 250 acres in cultivation, good large barn about 9 miles from Lockney and 8 miles from Floydada. Price \$20 per acre, about 1-3 cash, balance 1, 2 and 3 years at 8 per cent.

480 acres, 300 of which is in cultivation, good 6-room house, good barn, well and windmill, close in. This is an ideal home at \$31 per acre. Good terms.

160 acres, nicely improved on Floydada and Lockney road. Farm in fine state of cultivation. Everything nice. Price \$32 per acre. Good terms.

**G. W. Brewster Land Co.**

LOCKNEY, TEXAS.

## The Control of Apple Worms and Fruit Tree Borers.

Now is the time to get ready to wage vigorous warfare against the codling moth or apple worm which destroyed nearly the entire crop last year.

The eggs are laid at about this time, while the trees are in bloom and will soon be boring down into the young fruit. It is indeed a pity to allow all of the fine fruit to be destroyed by the apple worm, when it could be almost entirely saved by spraying at the proper time.

Arsenate of lead at the rate of 3 pounds to 5 gallons of water is the ideal spray to use. It is essential that the first application is made after the blossoms have fallen and before the calyx or the rough part of the young fruit has closed. Be sure to get the spray into this rough or top part as that is the place where most worms bore into the fruit.

Repeat in about two weeks to control those worms that come later. About two months after the first spraying another thorough application must be given, as the second brood appears at that time, which usually does as much and sometimes more damage than the first, especially where your neighbors don't spray.

By the above method the worm can be almost perfectly controlled, and I sincerely urge every owner of apple and pear trees to spray, as stated above, if he expects to mature any sound fruit. It amounts to the difference of a good crop and complete failure.

For fruit tree borers clean up and renovate the orchard. All badly infested and half dead trees should be dug up and replanted by new healthy trees, as these weak trees are ideal breeding places. If the trees are headed high, place a six or eight inch board on the southwest side to keep the hot summer sun from scalding the bark and killing the cambium layer. The scald weakens the tree and then the borers will finish the job in killing it. The trees should be kept in a vigorous condition, as borers don't like strong healthy trees on account of too much sap which drowns them.

As protective washes, paint the trunks and larger branches with one of the following formula, at this time of the year, or better still, during the middle of April and again the middle of May, especially if it rains in the meantime:

1. A thick, soft, or lye or strong laundry soap wash, having the consistency of paint, and add a pound of sulphur and carbide and crude carbolic acid at rate of one pint to ten gallons.

2. 40 pounds of stone lime, enough boiling water to cover, 1 pound of salt as a sticker, 1 gallon sweet or butter-milk, add water to make a good paint. Brude carbolic acid and sulphur can also be added to this.

In conclusion I will state that I feel confident that this is a fine apple country, but the people will have to fight the apple worm and borers, the same as they do in every other section where apples are grown.

## ICANFIXIT

Most any kind of tinker can make a watch "kick along"  
but it takes a man who knows the business to make it  
keep time. I do first-class work. Don't hesitate about  
bringing me your fine watches. I'll make them KEEP  
TIME same as when they left the factory.

ENGRAVING, CLOCKS AND JEWELRY REPAIRED

W. M. MARTIN, Lockney Drug Comp'y

## ASK YOUR DRUG- GIST ABOUT IT

There is a New Remedy That Takes  
The Place of Calomel. Re-  
commended and Guar-  
anteed by the Drug-  
gists.

The Red Cross Drug Store  
never sold a remedy that gave  
more satisfaction than Dodson's  
Liver Tone—a mild vegetable  
remedy for constipation, sour  
stomach and lazy liver.

Folks who have suffered for  
years rather than resort to dan-  
gerous calomel have found after  
one trial that this pleasant-tast-  
ing vegetable liquid gives them  
a long sought relief without bad  
after-effects.

Dodson's Liver Tone is guar-  
anteed by the Red Cross Drug  
Store to be a safe liver stimulant  
and to be absolutely harmless—  
without bad after-effects. You  
will find many persons in this lo-  
cality who have tried it and  
every user will speak a good  
word for Dodson's Liver Tone.  
It livens up a torpid liver and  
makes you feel fresh, healthy  
and clean.

The price of a large bottle is 50  
cents—money back if not pleas-  
ed. The success of Dodson's  
Liver Tone has brought many  
medicines into the field that im-  
itate its claims, and some have  
name very similar and package  
same color, but remember Dod-  
son's Liver Tone is guaranteed  
by the Red Cross Drug Store  
who will give your money back  
if you want it.

### How Paint

The first cost of paint—Devoe  
—is \$50 (average size, of  
course). The first cost of a  
second or third or fourth rate  
job, \$55 to \$100.

The wear is likewise. The  
better you paint, of course, the  
longer it wears. And the more  
you pay for your job, the short-  
er it wears!

Devoe is one of a dozen good  
paints. There are hundreds of  
bad ones. As likely as not,  
Devoe is the only good one in  
this town.

Devoe,  
George Meriwether sells it.

J. H. Foster will deliver a  
lecture on Woodcraft at the W.  
O. W. Hall, Saturday night,  
May 3rd.

# KING

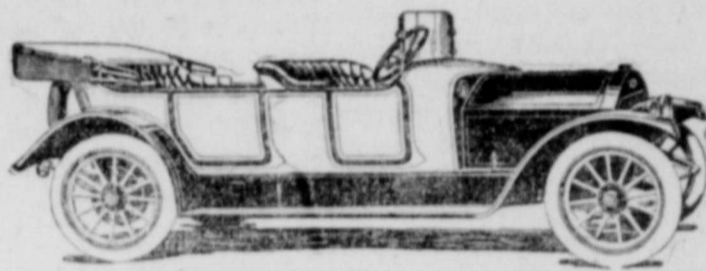

Dark, Iron Gray Horse, foaled August  
20th, 1907, bred by James T. Brady, Ft.

## The Lockney Beacon

BEN F. SMITH, Editor.

Entered April 14, 1902, as second-class mail matter, Post office at Lockney, Tex., Act of Congress March 3, 1879.

Terms of Subscription	
One year	\$1.00
Six months	.50
Three months	.25

Display advertising rates on application Bills due the first of each month.

Local notices ten cents per line first in section; five cents per line each subsequent insertion

We understand that the Pearson Syndicate, who is operating in the vicinity of Lockney will soon begin the operation of excursions from the Northern states, and will sell their lands to actual settlers.

Texas Legislature has passed a law against using the Texas flag as an emblem or insignia. This effects the Ansley Realty Company of Plainview, who has been using the Texas flag as a trade mark.

The Syndicate people at Plainview have put out a neat piece of advertising in the way of a booklet. The book is profusely illustrative of the work being done by the Syndicate. A piece of advertising of this kind is and does credit to any town, and will bear abundant fruit.

There fell into our hands recently a nice booklet gotten out by the Pearson Syndicate people of Plainview. The book is a handsome one, and we can offer but one criticism. Our cotton yard appears again with a Hale county credit. We do not object to furnishing advertising for the Syndicate, as it is as much a Floyd county enterprise as Hale county, but since coming from Lockney should be properly labeled.

A gold medal to the school boy or girl between the ages of 10 and 15 who writes the best composition, not to exceed 800 words, on the repair and maintenance of earth roads, is to be awarded by Logan Waller Page, Director, Office of Public Roads, United States Department of Agriculture, Washington, D. C. All compositions must be submitted to Mr. Page before May 15, 1913, and the medal will be awarded as soon thereafter as the compositions can be graded.

The composition may be based on knowledge gained from books or other sources, but no quotations should be made.

### Rural Route to be Established.

While numerous efforts have been made of late years to secure rural routes out of Floydada all of which were unsuccessful on account of roads or other causes, the department last week granted a route out southwest through the Starkey community, and the opening of the route only awaits the necessary signatures of 65 families which will be served by the route. The list is being extensively signed and the folks southwest will be having their mail delivered in a short time.—Hesperian.

For Sale—Extra good milch cow with young calf.  
35-tf Lee Underwood.

## People Abroad

Mrs. E. C. Nix of Lockney, and Miss Lola Weatherbee, who has been teaching at Hale Center the past term, were in Floyd Saturday and spent Sunday in the Baker neighborhood on a visit with their brother, W. F. Weatherbee.

R. I. Moon, teacher of the Sunset school, was in Floydada Saturday trading.

April 7 Theo. Griffith of Lockney had 127 hogs on the Fort Worth market, for which he received \$8.95, and F. T. Skipworth of Kress 74 hogs for which he got \$9.

The railroad committee reports that it has "nothing to give out just now." We understand, however, that it is not idle, and that prospects for getting the Q., A. & P. are brighter than ever.—Plainview News.

President Lazarus of the Q. A. & P. railroad, is expected at Paducah in a few days, to meet Engineer Parker of the Texas railroad commission, for the purpose of inspecting the first ten miles of the extension toward Roaring Springs, so that bonds can be issued up to it.

D. W. Pope, until recently bookkeeper and cashier of Nobles Bros., wholesale grocery at Amarillo, was arrested in Atlanta Ga., last week and brought to Amarillo on a charge of having embezzled \$13,073.65 of the company's money.

Well No. 1 on Pioneer Park tract is being brought in and gives signs of being a wonderful producer. It has attained a flow of 1,600 per minute, but its strongest recommendation is that it has already delivered more than 2,000 cubic feet of sand. This is thought to be more sand than has ever been pumped out of a well of similar age on the Plains. The Texas Land and Development Company announces that it has orders from the English capitalists who own 60,000 acres in the Plainview country to place the 1,280-acre pioneer tract in the highest state of development, with a view to ultimate use it as a fair ground.—Plainview News.

### B. Y. P. U. Program.

Special music—Tate Frye.  
The Law and its working as emphasizing the principal of idleness—Orlin Stark.  
Song.

The Lockney Beacon \$1 a year.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

# TAKE CARDUI The Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn. for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 137

For the man bringing the most women on one wagon on Trades Day, Mrs. D. J. Thomas, \$1.50.

For Smallest baby under six months old, Mrs. G. W. Ford, baby cap.

### Socialism vs. Democracy.

We hold these truths to be self evident: That all men are created equal; and endowed with certain enalienable rights among which are life, liberty, and the pursuit of happiness. And for these ends governments are instituted among men, deriving their just powers from from the consent of the governed. And when government becomes destructive to these ends, the people have a right to alter or abolish it."

This is the greatest declaration of human rights I ever read. It even declares the right of revolutionize which my opponent condemns so strongly. It says just governments derive their power from the consent of the governed. Then government without consent is unjust. There can be only the two kinds of government, with or without consent. The rise of modern democracy began with the religious reformations in the 16th century which abolished eccleasticism and set up freedom of conscience. It continued through the political revolutions of the 18th and 19th centuries, which abolished divine right of kings and set up political democracy. Its modern form is the economic revolution now in progress. We have government by consent religiously and politically, and without consent industrially. Socialism is shortly defined as "Public ownership and democratic control of the means of production and distribution." We are industrial demots. My opponent voices the hope of the middle class menaced on one side by trusts and on the other by unionism. Forced to a choice, they hold to property rights as against the human rights of labor to some voice in the conditions under which they work. Even the master has said, "Is it not lawful for me to do what I will with my own?" Even the workers have rebelled against the masters' insistence that he alone should have voice in the disposition of their labor.

Politically, socialism stands for pure democracy, applied through the Initiative, Referendum and Recall. Barnes' School History said Washington refused to become king. Our boasted Federal constitution is a compromise between Alexander Hamilton, frankly a monarchist, and Thomas Jefferson, the democrat. Since that time constitutional lawyers have argued the question, did the people delegate all power to government, except those specially reserved, or did

they delegate only those powers specially mentioned.

The case of Roosevelt buying the Panama Canal is in point. I believe it is highly dangerous for the president or the supreme court to assume power not given by the constitution.

The conservatives of today assume that all political wisdom rested in the fathers.

The amount of democracy Jefferson was able to force from Hamilton and his bunch of monarchists is just right.

It seems a strange thing that men should have the gall to attempt to make laws for other men to live under a century later, but it seems the men who make constitutions try it. And the idea that a constitution made to govern a few scattering colonists along the Atlantic, 97 per cent agriculturalists, is just and right to govern 100,000,000 people, 35 per cent agriculturists and 65 per cent industrial, is absurd.

R. P. Hobson of the democratic campaign committee last year said, "The genalty for damming up reform can only be washing away the dam, for evolution reform must come." The enemies of democracy seem never to learn this lesson. Cardinal Gibbons, American head of the Catholic church said, "The election of senators by the votes of the people involves the destruction of a strong bulwark against dangerous popular encroachments. To give the masses the right of annulling the acts of the legislature is to substitute mob law. To recall a judge because his decisions do not meet with popular approval is an insult to his dignity, the independence and self-respect of our judiciary."

(Continued next week.)

Glen D. Shipley.

### We Have for Sale.

1 oak dresser, 1 oak wash stand, 1 oak bedstead, 3 oak stand tables, 1 iron bedstead, 1 oak folding bedstead, 5 or 6 dozen glass fruit jars, and a few other things, about the house which we shall sell cheap to any one. Come and see what we have.

J. S. Dickey President,  
T. F. Casey, Secretary.

**Blanton Livingstone Buys Saginaw Silo**

Blanton Livingstone bought Thursday through Wm. McGehee a 190 ton Saginaw silo. Mr. Livingstone is laying the foundation for a profitable stock-raising proposition, which will eventually bring him riches.

Mr. McGehee has closed deals for 4 silos during the present week. Others are interested, and will buy in a short time.

The silos will revolutionize the Plains, and add additional wealth to the country. Get the Saginaw habit—it will pay debts instead of making debts.

**Fruit Tree Auction.**

Saturday afternoon, on trade's day, at my place, I will sell to the highest bidder, a variety of fruit trees. If you want to put out new trees, or start a new orchard, now is the time to get them cheap.

D. J. Muncy.

According to the report of the Federal Census Bureau, farm wages in Texas average \$19.00 per month with, and \$27.80 per month without board. Reduced to a weekly basis it means that the farm laborers of Texas get \$6.00 per week where they board themselves and in many instances they have a family to support on this sum. The farm owner cannot increase the wages of his hired help and "shift the burden" to the consumer as is often the case with the merchant and the manufacturer. He does not fix the price of his products and while producing the wealth of the Nation, he receives minimum pay for his services. Over-production and crop mortgages force the farmer into ruinous competition with each other, forcing down prices and compelling low wages and long hours. The remedy lies in organization and in co-operation in marketing.

W. C. Nichols returned this week from an extended visit to Austin and Mineral Wells.

**Lockney Man Buys Land in Ochiltree Co.**

The following news item is taken from the Ochiltree County Investigator:

"Another party of auto home-seekers from Lockney, this state, came in last Thursday and spent several days looking over this section. The visitors were J. J. Norris and brother J. L., J. S. Walker and R. L. Underwood. The first named gentleman bought a fine half section on Missouri Avenue for ten dollars and fifty cents per acre and was a cash deal. Mr. Norris will move here about May 1 and improve his possessions.

The other gentlemen were highly pleased with the inviting Plains and will quite likely invest later on as they have "spotted" some deals that good business judgement could hardly decline.

The Lockney quartet frankly admitted that while they passed through some nice country coming to Ochiltree they saw nothing that could equal what they saw here. No country can produce a better or more productive soil than Ochiltree county, a fact universally conceded by all visiting this favored garden spot."

**Sells Another Silo.**

Wm. McGehee sold Wednesday to A. J. Blackwell south of town, a Redwood Saginaw Silo. Mr. Blackwell is raising graded Durham cattle, and he will double his feeding capacity by use of the silo.

The silos have come to stay, and the quicker the farmer and stock raiser installs them, the better.

**Sunbeam Program.**
