LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, JUNE 27, 1913

NUMBER 43

LOCKNEY'S BIG PICNIC-BARBECUE

All Arrangements Are Made for A Big Celebration in Lockney The Fourth and Fifth.

Plans are being rapidly worked out for the big basket picnic on Friday, July 4th, and free barbecue on Saturday, July 5th. Committees are hard at work, getting everything ready, which will be perfected in a few days.

The list of amusements will be large and varied, including base ball games both days, horse races, re-lay races, public speaking, etc.

The first day, Friday, the 4th, will be a basket picnic, and all are invited and urged to bring a well-filled basket for Friday's dinner. Town and country people alike are invited to participate. Everybody in Lockney is urgently requested to do some cooking on Thursday, and have it packed in a box, ready for the wagons which will call Friday morning to gather it up. Do not put in your box plates or knives so that they may become lost. The committee will provide these items.

Be sure to have your box ready, and phone this office or E. P. Thompson or E. Guthrie, so that a list may be made out to aid those gathering up same to call on you. Just cook a cake, a few pies, boil a ham, bake a hen, fry a few chickens, or any thing you have.

Let every family be present on the picnic grounds, and we will spend a good time together in the good old fashion way.

L. H. Newell, President of the First State Bank of Floydada, was in the city Thursday. The writer had the pleasure of meeting with Mr. Newell, and talking with him for an hour on the silo, and hog raising. He is an enthusiast on both silo and its by-products, he having just erected a large silo on his place near Floydada. He will test out the proposition thoroughly, and we are sure that he will make a success of the enterprise. He is also one of the biggest hog raisers in the country, and is making good money in this enterprise also. He is going to add silage as a feed for these hogs and we are confident that he will greatly add to his income by so doing. Others will follow, and in a few years silos in Floyd county will be as numerous as barns and windmills. Our natural resources are kaffir, maize and June corn, and when it is put into silage and fed to cattle and hogs, it will bring more dollars here than dimes. Silos and cattle feeding, hogs and dairying will make this country wealthy and at no distant date we are going to come to realize these facts, and follow the example of Mr. Newell and others in Floyd county who have erected silos.

Big shipment of Uvalde honey to arrive soon. Watch our ad for prices and other announcements.

Thompson & Reeves.

In a Big Tent on The Grounds JULY FOURTH

"A Convict's Honor" That Great Comedy-Drama!

There is no character to be found with such power to compel alternate laughter and tears, as is shown in Jerry, the tramp. Moral: Beware of crime.

Mr. Med C. Ellis

Who will present

"A Convict's Honor" sparks with pretty lines like a dew drop glistening in the sun light. There is something in it which pleases the most critical, and leaves an impression not easily forgotten.

"A Convict's Honor"

CROSBYTON WINS OVER LOCKNEY

An Interesting Game Wednesday. The Score Standing Nine To Five.

The Lockney ball team went to Crosbyton Wednesday and played a match game of base ball, and was taken to a cleaning by a score of 9 to 5.

The game was witnessed by a large crowd both from Lockney and Crosbyton. Several cars went from here, loaded with enthusiastic fans, who gave the team their hearty support, but there was nothing doing. Lockney could not get the grapes.

Our team was a little off, and just a few bad errors cost them the game, however, they played some nice ball.

That's all right boys, you can't win all the games. Just ginger up and try harder the next time to play an errorless game.

Elected Principal.

Prof. Claud V. Hall of Floydada has been elected superintendent of the public school at Ralls, Texas, for the term of 1913-14. The citizens of that town are to be congratulated upon their good fortune in securing Prof. Hall, who is a most able and efficient instructor and under whose management the school is certain to do most excellent work.—Post City Post.

You are invited to make our store your headquarters on the occasion of our big celebration July 4th and 5th. Come and see us whether you are in need of anything or not.

Thompson & Reeves.

The cool store, the Lockney Drug Co.

Silos Have Arrived And Will be Erected

There is now standing on the track in the railroad yards a shipment of Saginaw silos for Messrs. Will McGehee, B. S. Livingstone, A. J. Blackwell and Arthur Byars. The silos will be unloaded Monday, and hauled out to the farms of these men, where they will be erected at once.

Instructions have been issued to all postmasters to handle the daily papers with all dispatch, giving special attention after letters have been put up.

Among those mentioned for governor to succeed Mr. Colquit, is Lieutenant Governor Will H. Mayes. The press of Texas will give Mr. Mayes a solid support should he decide to enter the contest. He is the best man in the state for the place, and his duties as lieutenant has brought him in close touch with the needs of the state. The governor's job is a big one, but Will H. Mayes is a big man and is able to handle the ship of state in a manner that will be acceptable to the people to the people. We are for Mayes.

G. L. Kennedy and family of Joplin, Mo., was in the city this week. They have rented a place in town, and will move here from Plainview, where they have been making their temporary home.

A. N. Asky, of Silverton, and A. J. Asky of Quitaque, were in the city Tuesday, on business.

Badly overstocked on window weights and will sell in quantities at 1 cent per pound f. o. b. Abilene, Texas. Have 6, 7, and 8 pound weights. Write M. Pierson, Rule, Texas. 43-4t.

MASONIC PUBLIC INSTALLATION

A Banquet at Hall Follows Ceremonies at The Methodist Church.

Tuesday in Lockney was a big day for the Masons, the occasion being their annual installation. The ceremonies took place at the Methodist church at 3 o'clock p. m., E. P. Thompson acting as installing officer.

The members of the order met at their new hall at 2 o'clock, and marched to the church in a body, Prof. E. C. Nix acting as marshal for the occasion. Immediately after the officers were installed, the Masons and their families repaired to the hall, and at 6 o'clock a sumptuous supper was spread, which was enjoyed by a big crowd.

Interspersed with the eating was speech making by Masons and Eastern Stars. Mr. E. P. Thompson acted as toastmaster, and the following responded:

D. C. Lowe, "Antiquity of Masonry." Mr. J. H. McGehee, "Why I am not a 'jiner.'" T. Z. Reed, "Working Tools of Masonry."

Wynette Britton, recitation, "Lamb Skin."

E. C. Nix, "Relation between Eastern Star and Masonry."

Rev. Leon Henderson, "Brotherhood of Man."

Each toast was responded to, and each after-dinner speaker handled the subject assigned in a very interesting manner.

The occasion was one long to be remembered in the annuals of Free Masonry in Lockney, and the entire entertainment was well arranged, and was in keeping with the splendid environments which surrounded it.

The order of Free Masonry is on the up-lift in Lockney, as is evidence of their new handsome home which they just moved into.

Luther and Ernest Fry, J. R. Fox, Johnnie Broyles and Dea Burgan witnessed the ball game at Crosbyton Wednesday.

W. E. Broyles transacted business at Floydada Wednesday.

Attention is called to the big ad of E. Guthrie, appearing elsewhere in these columns. Mr. Guthrie is offering some red-hot bargains.

Contractor Will Allen will begin today the erection of two new modern residences, one for France Baker and one for Vernon Dillard. Both will have handsome homes when completed. Mr. Baker is building in the West part of town and Mr. Dillard in the Brewster addition.

Picnicer's headquarters, the Lockney Drug Co.—The cool store.

D. J. Muncy returned to his home at Cliffside Tuesday after a business visit to our city.

Stop in at the cool store when you want to rest.—Lockney Drug Co.

RELEASE ASKED FOR MRS. MUNCY

Release of Peters From Floyd County Jail Will Be Sought at Same Hearing.

Habeas corpus proceedings to secure from imprisonment of Mrs. Birdie Muncy, charged with killing her husband J. M. Muncy, at Lockney, May 24, will be held at Floydada next Thursday. Habeas corpus proceedings for Horace Peters, who was arrested in connection with the crime, will be tried at the same time.

Charges against Mrs. Muncy and Peters will be brought before the grand jury at regular session in September. Judge L. S. Kinder says he will not call a special session of the grand jury to hear these charges before the September term unless he is asked to do so by the State. It is understood that a change of venue will be asked for the trial of both parties.—Hale County Herald.

Habeas corpus proceedings have been waived in the case of Mrs. Muncy, and the case will be taken up by the grand jury Monday.

Peters has been grand bond, and is here at home with his parents.

List Of Games For Lockney

The following games have been matched on Lockney diamond: Petersburg Saturday June 28th; Plainview Monday June 30th; Ralls Thursday July 3rd; Gasoline July 4th; Tulia July 5th.

B. Y. P. U. Programme.

Subject—Medical Missions. Leader—Vera Fry. Song—"The Great Physician." Scripture Reading, 2nd Kings 1:14—Tate Fry.

What is Meant by Medical Missions—Mollie Phillipps.

Song. What is the first great purpose of the Medical Missionary—Mrs. Beall.

What is our board doing along that line—Mable Dagley.

Song—No. 107.

What does Jesus' example teach us as to combining the work of preaching and healing—Bee Collier.

Benediction.

Looses Second Game this Week.

Lockney ball team went to Tulia Thursday and played a match game of ball, which resulted in a score of 8 to 7 in favor of Tulia.

Lockney played winning ball to loose. In the sixth Lockney pulled off a tripple play on the Tulia boys, with first and second occupied. Foster on second gets a fly ball, whips it to Cheshire, who covers second. Cheshire whips it to McCollum on first, retiring three men.

Another feature of the game was O. R. McCollum's home run in the fifth.

“In The Good Old Way”

A Touching Scene.

That was a very touching scene on the north side of the square last Friday noon when a brother unexpectedly met a sister whom he had not seen in sixteen months because of the fact that the strong arm of the law had deprived him of his liberty during that time.

Some two years ago, while R. L. McMurtry, now a citizen of Tulia, was Sheriff of Briscoe county, a store at Quitaque was burglarized one night and a boy, Dave Miller, was one of the accused, and after a court trial, the jury found him guilty, and being too young to send to the penitentiary, he was sentenced to serve two years in the State Reformatory.

Last week Dave completed sixteen months of his time and on account of good behavior he was granted a full pardon, and he came straight home to his folks, who now live in the eastern part of the county. The boy's mother died several year ago, but a little sister and father have deeply grieved because of the boy's misfortune.

Last Friday at noon the boy arrived in Tulia and when Mr. McMurtry met him on the street he at once recognized him and invited him over to the Plaza Restaurant to take dinner with him, and while they were eating Mr. McMurtry noticed Annie Miller, the boy's sister, who had just come to town with a neighbor, Mrs. Crawford, pass the door, and when the former sheriff remarked, "there goes Annie," Dave got up and went out to meet her, but the sister not expecting him for eight months yet, failed to recognize him

when he spoke to her, but when he said "sister don't you know me?" she instantly gathered him to her bosom and as the two stood there in silent embrace, weeping for joy, those who happened to be near did not try to resist the tears flowing down their own cheeks.

It is, indeed, a sad thing when misfortune of this kind overtakes a boy, but Dave has paid the penalty as required by law, and comes home to his sister and father to live a dutiful son and brother, and every encouragement should be given him that he might live a life of usefulness and be a credit to his country.—Tulia Enterprise.

Marriage License Issued Friday, 13th, 1913.

Last Friday, June the 13th, 1913, County Clerk W. B. Clark issued marriage license to Mr. J. A. Wyly and Miss Kate A. Wilson, both of the Lone Star neighborhood in the north end of the county.

Both are well-known people in their community. Miss Wilson is a daughter of L. T. Wilson, a long-time resident of this county. They were married Sunday.

In this good year of 1913, the "thirteen" has lost its bane, or probably the folks are getting over thier superstitions regarding Friday and the 13th.—Hesperian.

I have a large number of 4 ft. wire fence stays, the kind that need no staple and ties to each strand of wire. Am selling below cost. Sample can be sent if desired. Write M. Pierson, Rule Texas. 43 ft.

Sells Hogs to Lockney Dealer

The Hesperian is authority for the statement that two carloads of hogs was sold at Floydada to Daff Griffith, who in turn shipped them to the Fort Worth market. The raisers and feeders of these hogs were J. E. Staley and L. H. Newell. This is Mr. Staley's fourth car this season, and Mr. Newell's third. These men are especially pleased over the result of marketing their feed on the hoof instead of in the grain.

The success of these men can be the success of every farmer in Floyd county. While every farmer might not be able to feed a car of hogs, however, he can feed as many as his feed and means will permit. There is always a market price for these hogs, and a price that pays handsomely, and net more money than by selling the feed.

There is an under production of meats in this country, and the markets will continue good, regardless of the tariff or any other agency that might have a tendency to drag it down. The people of this country must be fed, and as we have a population of meat eaters, the hog will continue to lead as a wealth producer.

Moral: Raise more hogs, and better hogs. Feed your crops at home, and make a profit both ways.

I will be at the ice house til 9 a. m. on Sundays; positively will not be open any longer. Jim Shepard.

Floyd County Cotton Crop Worth \$182,417.

The Texas cotton crop for 1912 is the most valuable one in the history of the cotton industry according to preliminary estimates furnished the Commercial Secretaries and Business Men's Association by the Federal Census Bureau. The Texas yield in 1912 was 4,880,210 bales of 500 pounds or 624,000 bales more than the 1911 crop, while the 1912 yield in the United States was approximately 3,000,000 bales less than in 1911. The excessive yield in Texas was absorbed by floods, drouths and unfavorable conditions in other southern states. The world's consumption of cotton in 1911 is reported by our Census Bureau to be 20,402,000 bales of 500 pounds net and the 1912 production will, according to reliable estimates, fall slightly under these figures. The 1911 world's production amounted to 22,297,000 or an over-production of approximately 2,000,000 bales. The average price of cotton for 1911 was 9.9 cents per pound and in 1912 the price was 12.05. The 1912 Texas crop, including seed, sold for \$338,538,822 which is an advance of \$90,658,000 over the 1910 crop, its nearest competitor.

There were 2,629 equivalent 500 pound bales of cotton produced in Floyd county from the crop of 1912 and the lint and seed sold for approximately \$182,417. The lint sold for \$158,397, 1,314 tons tons of seed produced in this county brought \$14,020.

Batter up!

Nickell-West.

Fred Nickell, son of J. A. Nickell, and Miss Fannie West, daughter of C. C. West, of the Lee neighborhood, were married last Sunday at the West home in that community.

The elder Mr. Nickell as well as Mr. West, are both well-known in business circles at Floydada, and the young couple are said to be very popular among the social circles of their neighborhood.

The newly-weds were in the party which had started to church from the West home, when the shooting of Mr. West, referred to in another column, took place, and will be witnesses in the case when the trial comes up later in the Dickens courts.—Hesperian.

Tulia will hold her annual celebration July 17.

A contract has been let for developing an oil well at Canyon.

The Canyon Normal students will celebrate the Fourth with a picnic.

The little 7-year-old son of E. E. Winn was drowned at Plainview last week while bathing in a tank with a party of boys.

A carload of cross-arms came in yesterday for the Southwestern Telephone Company's new copper circuit to Floydada. The company will build three new copper circuits to Amarillo, three to Lubbock and two to Floydada. The Floydada circuit will be put in first because at present the only connection between Plainview and Floydada is by a ground circuit.—Plainview Herald.

First Brick For Rural School

The trustees of the Sandhill School District No. 9, are this week advertising for bids for the erection of a school building to be of brick and equipped with modern heating and lighting.

Their \$5,000 bond issue has been taken up by the state and their money is now at hand.

The old school building was sold Saturday, one room to J. R. Jones and one to A. J. Womack, both of Sandhill.

It is the intention of the board to have the building ready for occupancy by the September term school opening.

This will be the first brick rural school building in Floyd Co.

Will Ship Hogs.

Bring in your hogs July 4th, when we will make a shipment. We have bought and shipped 8 cars of hogs in the past 28 days, amounting to nearly \$10,000. One car came from the Sand Hill country, two from Floydada and three from Lockney.

Remember the date and have your hogs here for shipment on July 4th.

Daff Griffith,

Bring us your country hogs at 20c per pound and country bacon at 16 2-3c per pound.

Wonderful!

The New 1913 Saginaw With the Patented Angle Steel Rib

Last season's Saginaw Silo was pronounced utterly perfect by dairymen and stockmen all over the country. For 1913 it was wholly unnecessary to attempt improvement. Yet, despite this, we came out with this 1913 Model. The big feature of the 1913 is the ANGLE STEEL RIB. This ingenious invention adds about 50% to the life of a Silo. And that's wonderful, when you consider the Saginaw is already known to be the strongest and most durable Silo ever built.

Doing the "Impossible"

The Angle Steel Rib has done what other Silo makers only a year ago considered impossible. It has given you Durable and Sturdiness in a Silo which the heaviest wind storms can't even SHAKE or TILT. All because the Angle Steel Rib absolutely prevents any up-and-down slipping of staves. Moreover, this marvelous invention prevents the remote possibility of your Silo caving in when empty.

The Angle Steel Rib is a Structural Steel Reinforcement, curved to the shape of the Silo. It is slidably received in strong, malleable brackets which are securely attached to alternate staves. Each rib is free to move and adjust itself to any variation in the diameter of the Silo. Built on the same structural principle as the big "T" beams used in steel frame buildings. One Rib reinforces the other. Think of what it means to have these trustworthy, unbreakable Angle Steel Ribs controlling your Silo! To fully appreciate the patented Angle Steel Rib, you must get our new free Silo Book, which pictures and explains all.

Other Noted Features

The Saginaw was famous first as "The Silo With the All-Weather Frame." Then followed the Saginaw with the Anchoring Rings. Next came the celebrated Saginaw Bone Anchors, and now comes the patented Angle Steel Rib—the most astounding feature of all.

5 Big Features

The Saginaw is for the most popular Silo on the market. Five main features have led to its success. Last season we received orders for 100,000 Silos in a single day.

Strong as a Skyscraper

The Saginaw Silo, with its steel frame stands as solid as a modern city skyscraper. It cannot blow down; it cannot shift on its foundation. Like a steel link, it is made to be joined by the famous Anchoring System.

Bright, Clean Silage

No tank, second stage ever comes out of a Saginaw. It is packed and pure clear to the stave, right next to the walls. Animals love the softening fumes and drive wonderfully on the rich, succulent food. Don't get a Silo that spoils silage.

Get Latest Silo Book

Our latest Book on Silos is about ready for mailing. It not only fully describes the 1913 Saginaw, but also contains a wealth of information on Silo Building and Silage. Don't miss getting it. Write for it—no matter how far you live—and get your book and we'll take it over.

Look well to the prompting motives of the sharp shooters who are firing from ambush in opposing the proposed educational bond issue which means so much for state institutions and the people of Texas in general.

The people elected the members of the 33rd legislature. Those members acting under the instructions of their constituency, submitted an amendment to the constitution looking to the helping of the educational institutions of the state. You will have an opportunity of approving the issue July 19—Do so.

A vote for "Amendment No. 18" means the helping of the State University which by acts rather than words has proven that it is the home of the boy and girl of moderate means seeking education.

The political agitator demands a vote against the bonds ignoring the fact that the adoption of a Constitutional Amendment authorizing a bond issue in favor of education also gives a sadly needed opportunity for assistance to the eleemosynary institutions of this state which will be benefitted under this act.

On July 1st there will become effective in Texas a new law that gives every county in Texas or political subdivision thereof the right to vote on the question of whether or not there will be permitted in the territory a pool hall or pool room. The law makes it optional with the Commissioners' Court to order the election of their own initiative or they shall when petitioned by 200 voters of the county or 50 voters in the precinct, order the election.

Mason's Elects Officers.

Last Saturday the Lockney Masons met in their new hall for the first time and among other matters, officers were elected for the ensuing year as follows:

T. Z. Reed, Worshipful Master; Henry Anderson, Senior Warden; J. C. Guest, Junior Warden; Carl McAdams, Secretary; J. C. Garrison, Treasurer; A. L. Raines, Tyler; Leslie Floyd Senior Deacon; Joe Ramsey, Junior Deacon; B. O. Downs, W. B. Matthews, Stewart; J. S. Miller, Chaplain.

The Lockney Lodge A. F. & M. have now one of the handsomest and most modern lodge hall in the entire West, and the order here feels a just pride in their achievements.

Prompt and good watch repairing, by W. M. Martin at the Lockney Drug Co.

See our produce prices in our produce ad.

J. A. Baker.

AMENDMENT NUMBER 18

What Constitutional Amendment No. 18 Will do For the Educational Interests of Texas.

The state organization in support of Senate Joint Resolution No. 18 asks these pertinent questions of Texas voters:

1. Are you not in favor of an arrangement that will make it possible to provide at any time without great delay adequate dormitory facilities at the A. & M. College, so that never again will it be necessary for the cadets of that college to live in tents?

2. Are you not in favor of allowing the University, without adding one cent of tax burden on the people, to bond its permanent income for the purpose of providing adequate buildings and grounds for the thousands of students that crowd its halls?

3. Are you not in favor of providing fire-proofs buildings for the young women in the Girl's Industrial College, for the students of the four Normal Schools and for the institutions that house our unfortunate blind, deaf, dumb and consumptive?

4. Are you not in favor of having all the public institutions of Texas constructed and equipped so that the sons and daughters of Texas, who are trained in our state schools, may have equal opportunities with the youth of other states?

5. Are you not in favor of the state paying for its public improvements in the same manner as is practiced by communities, towns and cities, in street grading and in the erection of school buildings?

6. If you favor educational progress and enlightenment and believe that opportunities for the boys and girls of Texas should equal those offered the youths of other states, cast your vote on July 19 for Senate Joint Resolution No. 18. It comes last on the ballot.

A fishing party, composed of O. R. McCollum and wife, O. W. Fry and wife and Lee Underwood and wife went to Lubbock last Saturday afternoon, where they joined Mr. and Mrs. J. L. Narris on a fishing trip to the Yellow House. Abundant of fish were caught and a splendid time reported, the Lockney people returning home Sunday afternoon.

WADE BROS. BARBER SHOP

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, Etc. Take Hall's Family Pills for constipation.

WANTED—A RIDER AGENT

IN EACH TOWN and district to ride and exhibit a sample Latest Model "Range" bicycle furnished by us. Our agents everywhere are making money fast. If you are full of particulars and special offers. NO MONEY REQUIRED until you receive and approve of your bicycle. We ship to anyone anywhere in the U. S. without a cent deposit in advance, express freight, and allow TEN DAYS' FREE TRIAL during which time you may ride the bicycle and put it to any test you wish. If you are then not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and you will not be out one cent. FACTORY PRICES We furnish the highest grade bicycles. It is possible to make at one small profit above actual factory cost. You save \$10 to \$25 middlemen's profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. DO NOT BUY a bicycle or a pair of tires from anyone else until you receive our catalogue and learn our unheard of factory prices and reasonable special offers to rider agents. YOU WILL BE ASTONISHED We have the lowest prices on our beautiful catalogue and study our superb models at the wonderful low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are situated with \$100 profit above factory cost. BICYCLE DEALERS, you can sell our bicycles under your own name plate at double our prices, without limit the day received.

WE DO NOT REGULARLY HANDLE SECOND HAND BICYCLES, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$3.00 to \$5.00. We also have a large stock of single wheels, imported roller chains and pedals, parts, repairs and accessories. We also have a large stock of tires. We sell the highest grade tires for less money than any other factory. We are situated with \$100 profit above factory cost.

10 Self-healing Tires A SAMPLE PAIR TO INTRODUCE, ONLY **4.80**

NO MORE TROUBLE FROM PUNCTURES. HALL, TOWN, or CLAW will not let the air out. A hundred thousand pairs sold last year. DESCRIPTION: Made in a special way. It is riding, very durable and hard inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have been credited with letters from satisfied customers stating that their tires have never been punctured or once outside in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of fabric, specially prepared fabric on the tread. The regular price of these tires is \$10.00 per pair, but for promotional purposes we are making a special factory price to the order of only \$4.80 per pair. All orders shipped same day after receipt. You ship C. O. D. on approval. You do not pay a cent until you have examined and found them suitable as represented. IF YOU NEED TIRES, send for our catalogue and study our superb models at the wonderful low prices we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are situated with \$100 profit above factory cost. BICYCLE DEALERS, you can sell our bicycles under your own name plate at double our prices, without limit the day received.

Don't Suffer!
"I had been troubled, a little, for nearly 7 years," writes Mrs. L. Fincher, in a letter from Peavy, Ala., "but I was not taken down, until March, when I went to bed and had to have a doctor. He did all he could for me, but I got no better. I hurt all over, and I could not rest. At last, I tried Cardui, and soon I began to improve. Now I am in very good health, and able to do all my housework."
TAKE The CARDUI Woman's Tonic
You may wonder why Cardui is so successful, after other remedies have failed. The answer is that Cardui is successful, because it is composed of scientific ingredients, that act curatively on the womanly system. It is a medicine for women, and for women only. It builds, strengthens, and restores weak and ailing women, to health and happiness. If you suffer like Mrs. Fincher did, take Cardui. It will surely do for you, what it did for her. At all druggists. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. J 90

EDUCATORS URGE AMENDMENTS

Give Reasons Why Votes Should Endorse Higher Education July 19th.

The educational institutions under the control of the State of Texas have long suffered from inadequate support. The rights of the young men and the young women of Texas, as well as the safety and prosperity of the Commonwealth, demand that these institutions be placed upon a plane of reputable efficiency. A sure and ready means of accomplishing this acceptable and patriotic service is at hand. On the 19th day of next July the voters of Texas will have an opportunity to amend the Constitution in such a way as to give prompt and permanent relief to the University of Texas, the Agricultural and Mechanical College, the College of Industrial Arts and the four State Normals. Every patriotic Texan going to the polls on that day should cast a ballot reading as follows:

"For amendment to Section 49 and 52 of Article 3 of the Constitution, authorizing the issuance of bonds for the University of Texas, A. and M. College, State Penitentiary System and other public improvements, and building of warehouses for agricultural products."

The proposed Constitutional amendment, which passed the Senate without a dissenting vote and the House of Representatives by practically a unanimous vote, gives the people an opportunity to provide buildings and equipment for their higher institutions of learning, and, if necessary, to issue bonds on the real property of the penitentiary system, and, when desired, to erect warehouses for agricultural products. The adoption of the amendment would make it possible for the people, through their representatives, to provide in a business-like way for these several great interests.

The University of Texas, the Agricultural and Mechanical College, the College of Industrial Arts and the four State Normals have practically reached their limit in the number of pupils they can successfully instruct, and all of these institutions are in need of more buildings, more teachers and more equipment. The increase in population, the growing interest in education and the enlarged service rendered by our schools demand the expenditure of large sums of money in order to insure their continued efficiency. The issuance of bonds would provide funds to meet the needs of the several institutions without burdening the people of Texas.

The twenty-cent limit of local school taxation in rural districts has been raised, local taxation for common schools is rapidly increasing, school houses are being built, school terms lengthened, and the general efficiency of the schools improved. It seems but the part of wisdom that our higher institutions of learning should be dealt with in a business-like way, in order that they may be able to meet the constantly increasing demand for service. The development of these higher institutions is absolutely necessary to the vigor and efficiency of the public schools. If the head suffers, the whole body suffers.

Turns Car Over And Breaks His Arm

Last Friday, while on the return trip from Dallas with a new Krit, J. R. Meriwether had the misfortune to turn the car over between Lockney and Floydada. The cause of the accident was a soft, slick place in the road which he ran into, the car skidding and turning over on its side. Mr. Meriwether was running at a moderate rate of speed. He had his lights on, but mud looks same as dry dirt by light of the car. There were three in the car besides Mr. Meriwether: Chas. Irby, Ira Smith of Estelline and Walter Young, traveling salesman for Tinneson Saddle & Hardware Co., of Dallas. In the turn over Mr. Young received a broken arm. The car was righted in a few minutes, and the party came on to town, where medical attention was given Mr. Walker. He returned to Dallas by rail Saturday morning.

Floyd County Singing Convention.

The Floyd County Singing Convention will meet with the Muncy people the first Sunday in July. We are expecting a good time and want everybody to come, and help us to praise God throughout the day in song service. We send an urgent appeal to every class in the county to be present and help us make this a day to be long remembered by the people of Floyd Co. Come, let us strive to not let the singing cause suffer any longer in our county by uniting our efforts and pulling together in such a way that will create an enthusiasm in the one science which we will carry to heaven with us, where it will be perpetuated throughout eternity with perfect voices, all free from discord. It will be picnic and barbecue time and most likely many of the people will be tired, but come along and hear the singing, if you don't sing, and it will rest you. To lighten the burden of all in feeding the people on these occasions, let the neighboring communities help Muncy to feed the crowd so we all can be prepared to let our souls feast on the singing of God's praises and not have our strength taxed to the limit in preparing for the day. We are just starting, and let us start right; and make each meeting a day of great rejoicing and soul feasting. Remember the date and come.

Earl Rainer, Pres.

W. S. Meller, formerly of this county, was in Floydada Sunday night and Monday from Paducah, where he has been engaged in grading on the Quanah, Acme & Pacific extension to Roaring Springs. Mr. Meller's equipment is such that he handled the heavier work on this extension. Asked Monday whether he would do work on the road leading northeast from Floydada to a connection on the Denver he said, "If they build and give me an invitation I may bid on some of the work."—Hesperian.

Remember the Fourth.

HOWARD BROS. SEE LANDS

New Orleans Owners of 200-Section Block Northeast Floyd Spend Week Here.

Edgar B. and Albert P. Howard, of New Orleans, owners of a large block of land lying to northeast of Floydada in Floyd, Briscoe, Hall and Motley counties, spent the last week in town and on their lands on a trip of inspection, leaving for home this morning. From Saturday until Tuesday was spent on their lands by the Howards, they being accompanied on the trip by W. M., and J. M. Massie and G. V. Slaughter.

It has been freely predicted that these parties in company with local capital would build a railroad from the Denver southwest through their lands to Floydada. However, this has neither been confirmed nor denied publicly here. Early developments should prove whether this conjecture is founded on facts.—Hesperian.

33 New Farms Opened up in Floyd County Annually.

33 new farms are opened up in Floyd county every year and the latest Federal Census Report is which are based on data gathered in the spring of 1910 show a total of 620 farms in this county at that time. In 1900 we had 286 farms. We have a total of \$7,708,052 invested in farm property and our farms are worth \$12,432 each including equipment. The total number of farms in Texas at the rate of the last census was 417,770 having increased 65,580, or 19 per cent during the past decade. The value of all farm property in the State is \$2,218,645,000. The average Texas farm is valued at \$5,311.

Badly overstocked on window weights and will sell in quantities at 1 cent per pound f. o. b. Abilene, Texas. Have 6, 7, and 8 pound weights. Write M. Pierson, Rule, Texas. 43 4t.

Testimony and Experience—General Discussion.

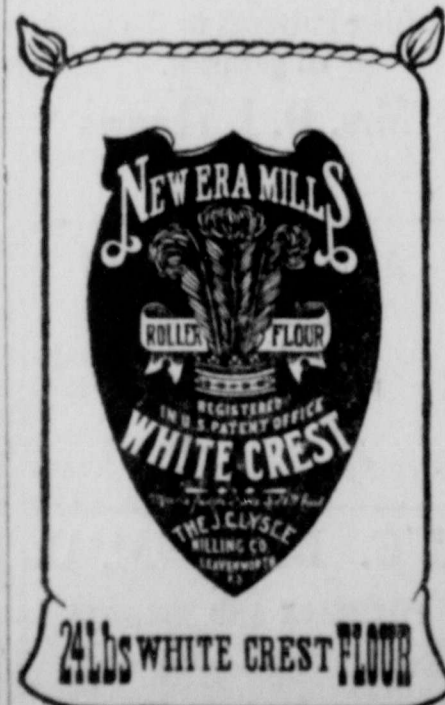

**Three cows and a
DE LAVAL CREAM
SEPARATOR**

**will make more money than
four cows with gravity setting**

Thousands upon thousands of cow owners have already proved this statement; any experienced dairyman will verify it for you. With such a big saving it is hard to understand why any cow owner should try to get along without a De Laval Cream Separator. If you are selling cream or making butter, and have no separator, or else an inferior machine, we know if we could put a De Laval on your place we would be doing you a personal favor. If you haven't a separator don't make the mistake of starting with a "cheap" or inferior machine. When you do buy a separator—as soon as you can—be sure to get the best—the De Laval. Remember, you can't make money by trying to save money in the purchase price of a cream separator. A De Laval costs only a little more than the cheapest and will save you twice as much and last five to ten times as long as other separators.
