

# The Lockney Beacon

VOLUME 13

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, SEPT. 5, 1913

NUMBER 1

## SCHOOL OPENING AT THE COLLEGE

Parents and Pupils are Urged to Be Present at the Opening Exercises.

Lockney public school will open Monday, September 8th. The opening exercises will be held in the college chapel, where several addresses will be made in the interest of the school work. Every patron in the town is urged to be present, and bring with them their children. It is very important that parents attend these exercises and get in the spirit of the occasion. By so doing you will inspire the children to greater efforts in school work.

The public school will open with a most flattering outlook for a successful school term. A splendid faculty has been provided for, and with proper co-operation on the part of the patrons the term should be the most gratifying of any in the history of the school.

To the Patrons of Meteor School.  
Kind Friend:

Your presence at the opening of school at 9:30 o'clock, Monday morning, Sept. 8th, is urgently requested. Bring your children and their books. Let us spend a while together, getting acquainted and arranging our work. Your chosen servants, the teachers for the session now opening, are ready for their work. We desire to labor for the good of all concerned, especially the development of the students.

M. V. Showalter,  
Principal.

Work has begun on the new brick school building at Sandhill. This is the first brick building to be erected outside of Floyd and Lockney.

## ..Your Choice \$1..

**A** SPECIAL lot of over 100 hats—many \$3 and \$3.50 values, all colors and sizes—a new lot, for one week your choice \$1.00. Don't wait this opportunity will not be offered again.

### EXTRA SIZE PANTS.

We have just received a bargain lot of men's high grade pants in sizes 44, 46 and 48 waist that are priced below value, at \$2.50 and \$3.00.

Let us figure that fall bill. Make out an itemized list of your fall wants, and let us figure the bill against any kind of competition. We are loaded to the top on merchandise with new shipments arriving daily. We will positively not be undersold.

### DUCK.

Don't put off buying your cotton sacks—only two bales of duck in town. We are selling a very smooth, full weight, 8 oz. Duck at 12 1-2 cents.

# E. GUTHRIE

## CONTEST STARTS WITH A RUSH

Miss Josephine Nichols Leads This With Others Close Seconds.

The Beacon's Piano Contest started off Monday with a rush, and the voting has been brisk throughout the week, and the interest evenly divided among the contestants.

A new girl was entered from the Curlew community with a substantial start in votes, and the new member, Miss Girlie Hewitt, will, no doubt, become a popular candidate.

Girls are at work in all parts of the county, and in adjoining counties, and the person that fails to read the Beacon will have to move to parts unknown.

In Lockney Miss Josephine Nichols, Wynette Britton, Walter Campbell, Minnie Turner have developed considerable strength.

Miss Mamie Alford, of this city, is a new candidate for the prize, and has already established a good position in the ranks of the voting line.

Miss Lucy McGhee, of Bobbitt, has appeared with a nice number of votes opposite her name.

In the north part of the county Miss Vera Smith is at work and gaining strength.

Miss Ratjen, of the Providence neighborhood, will very likely prove a popular candidate.

Miss Ollie Miller, of Quitaque, has received votes, and will be a hard worker in that section.

Miss Eula Mickey, of Sandhill, has votes to her credit.

Miss Ford, of Petersburg, is in the race, and is expected to show up well in votes.

Miss Mattie Lee Kell, daughter of Henry Kell of the Quitaque section is a new entry in the contest this week, with votes to her credit.

In fact a lively and friendly interest is manifested in every section. Girls are at work, and also their friends are interested.

You can enter contest at any time, but the sooner the better. People will make a choice, and it might be you. Save coupon in this week's paper and send it in; it's good for 10 votes.

Turn in all moneys collected on subscription as soon as possible, so you can get free votes out of the papers sent to friends. It is necessary that our books show proper credits, etc.

Who will lead next week?

### Married at Houston.

Mr. Floyd Teague, who resides a few miles west of Lockney, went to Houston last week, where, on Wednesday, he was married to Miss Pearl Lane, arriving in Lockney on Tuesday. They will make their home in the Meteor community.

Mr. Teague is one of Floyd county's highly respected citizens, while his bride is an accomplished lady of Houston, and their friends here and elsewhere hasten to offer their congratulations, and sincere good wishes for a happy and prosperous life.

### FREE COUPON

Beacon's \$350 Piano Contest  
10 Free Votes

For

SEPTEMBER 5th. This Coupon must be voted within Twenty days (20) from issue.

B. F. SMITH, Publisher.

Corine Applewhite, Lone Star,.....	125
Glenna Dillard, Lockney,.....	
Irick Church and Sunday School, Irick,.....	
Meteor Church and Sunday School, Meteor,.....	

## Lockney Receives Her First Bale of Cotton

Monday A. S. Morris was here with the first bale of the 1913 cotton crop. It was raised near Flomot and was ginned at the Stalcup gin at Flomot. The cotton was sold to M. C. Robinson for \$11.50 and an \$18.00 premium was made up for him.

Mr. Morris brought in the first bale last year several weeks later than this year's bale. Lockney has received the first bale on the Plains this year, which puts her in the lead as an early cotton market.

Who will get the piano?

### Woodman Unveiling Sunday.

The Woodmen of the World of Lockney will unveil a marble shaft in memory of Sovereign G. W. Phillips Sunday at Lockney cemetery. All Woodmen of the local Camp, and those of neighboring camps, are requested to be present.

Tonight at the hall there will be a woodman rally, at which time refreshments will be served. Members and their families are invited to be present.

Embry Foster' Joe McCollum, Chas. Mickey and Osborne McCollum returned last Friday from their base ball trip in Oklahoma. They played with the Gasoline team in a series of 28 games and lost 8. Pretty good showing.

## Subscribe For The Beacon

And Get 500 Votes in Piano Contest. Who'll Lead Next Week?

# \$350 Piano Given Away \$350

## F R E E

**Big Voting Contest to start with Lockney Beacon Sept. 1st, 1913**  
 The Contest will start Sept. 1st and close Dec. 24th. A handsome \$350 Leyhe Piano will be given to the Lady, Girl, Church or Lodge in Floyd, Briscoe, Motley and Hale counties that receives the greatest number of votes.

### The Plan

With every \$1.00 paid to the Beacon on subscription, either new, renewals or old subscribers, we will give 500 votes. In addition to votes given on subscription, there will appear in every issue of the Beacon, from Sept. 1st to close of contest, a free coupon, which will count ten votes when clipped out and mailed to this office. There will be established at the Beacon office a ballot box, which will be locked and key turned over to the Lockney State Bank, and will not be opened until the day of closing of contest. When contest is closed the ballot box will be turned over to three judges, to be selected, and votes counted and piano awarded. Will keep a register of votes as polled, and a list of contestants and their standing will be published weekly.

Call and see the instrument at J. R. Fox Confectionery. There is no red tape to the contest. Any lady or girl can contest for the piano. No votes can be obtained in other way save the plan above---votes in paper and subscription. Fill out the nominating blank and send to the Beacon office.

### Son Refuses To Testify Against Mother

Plainview, Texas, Aug. 25.—By refusing to testify, the 12-year-old son of Mrs. Berdie Muncy has come to the defense of his mother and forced the district attorney to postpone the trial of Mrs. Muncy, charged with killing her husband; until January.

Following the death of his father at Lockney early in the summer, the boy announced that he had done the killing. Despite this statement, Mrs. Muncy and Horace Peters were charged with the murder. Their trial was set for today.

As a result of his refusal, the boy has been jailed for contempt of court. An appeal was taken to higher courts.

Muncy was shot while in bed early in the morning. A neighbor driving by was called in by the family shortly after the shooting.

Juarez was stripped Sunday night of every available fighting arm, artillery and all arms and ammunition, in preparation for a trip to Chihuahua on a train to reinforce the federal army which is threatened by Panza's combined Rebel force of eight thousand men. An expected momentarily in the City.

### Route S. E. Will be Established.

Chas. Trowbridge of the Lake View community, received a communication recently from Congressman John H. Stephens assuring him that the rural route which has been applied for southeast, is under the most favorable consideration by the post-office authorities and will, without doubt, be established soon.

At the same time Mr. Stephens gave assurance that the route which had been laid out and inspected by the authorities northeast, had also been granted by the department and would be started soon. Postmaster Starks has not yet had official notification of the establishment of either of these routes but will have soon in all probability.—Hesperian.

### Notice.

I will move on or about the first of September into the Teaver house, one block north of the Brewster Hotel, and one block northwest of my present location. 52 2t.

Fred A. Griffith,

We are going to give away a \$350 piano to some lady, girl, church or lodge. The contest will be fair, clean, and free for all to enter. It starts September 1st.

For trade—New saddle. Trade for hay and feed.

J. L. Orr.

### NEW DISPOSITION OF MEXICAN TROOPS

#### Orders Also Issued For Enlistment Of All Able-Bodied Men.

Mexico, City, Aug. 30.—With negotiations between the United States and Mexico looking to a continuation of peace, at a standstill, Mexico has issued orders for a new disposition of troops and for militarization of all able-bodied men in that portion of the republic under control of the government.

There will also be a general shifting of headquarters to cities along both coasts and the northern frontier. The War Department, in explanation of this move, say that revolutionary conditions no longer demand the presence of the best leaders in the interior, and that their new positions will enable them to better guard against smugglers.

#### Notice to Contestants.

This is to certify that I have examined Beacon's contest ballot box, locked same and have keys in my possession to be turned over to the judges December 24th, 1913.

J. C. Garrison,  
 Cashier Lockney State Bank.

Lockney Lays Lovely.

### Vulcanizing Plant For Lockney.

Messrs. J. E. Tearce and H. E. Witte has purchased the George Ford building, on West Locust Street, and will install a vulcanizing plant in same. They are installing their machinery this week, and will be open for business next week. Mr. Tearce is an experienced workman, and will be in immediate charge of the plant.

We wish the boys success in their new undertaking.

#### Announcement.

We are opening up a vulcanizing plant in the Geo. Ford building which we have recently purchased. We will do all kinds of vulcanizing work, and will carry a full stock of automobile supplies, tubes, casings, etc.

We will install an air compressor and will furnish free air to the automobile men.

Will be open for business next week. Give us a call when you have tire trouble.

Lockney Rubber Co.  
 Tearce & Witte, Props.

For sale—The best place in town for the money. See T. M. Moore, Lockney, Texas. 1tf

Miss Jennie Jeffries of Perial, Hunt county, has been employed to teach the Providence school north of town. She has been in attendance on the Institute this week.

### Cole Younger, Noted Ex-Bandit, Converted

Lee's Summit, Mo., Aug. 21.—Cole Younger, formerly the worst out-law, bandit, and highwayman in the South, became a member of the Christian church at a revival meeting here tonight.

When the evangelist, after finishing his sermon, invited persons in the audience to join the church, Younger was one of the first to go forward to the altar rail.

#### Yes Paint

May be high next year, so much work has been put off and more will be.

Men don't know that it cost more money to wait than to paint; it cost about 10 per cent to wait, and not over 5 for the extra price.

What is 5? About \$2.50 on the job (3000 square feet) 10 gallons Devoe, 15 of the adverage paint, yes 20 of some.

Suppose there is plenty of oil next year, won't paint go down? Yes, a little; there can't be plenty oil; the demand settles that. Half the work of last year and this is waiting; so stupid are we.

Devoe.

J. H. Gruver sells it.

Don't use White Lilac Flour unless you want good biscuits. The Farmers Exchange.

LOCKNEY, TEXAS

**Wonderful!**

**The New 1913 Saginaw With the Patented Angle Steel Rib**

Last season's Saginaw Silo was pronounced utterly perfect by dairymen and stockmen all over the country. For 1913 it was wholly unnecessary to attempt improvement. Yet, despite this, we came out with this 1913 Model. The big feature of the 1913 is the **ANGLE STEEL RIB**. This ingenious invention adds about 50% to the life of a Silo. And that's wonderful, when you consider the Saginaw is already known to be the strongest and most durable Silo ever built.

**Doing the "Impossible"**

The Angle Steel Rib has done what other Silo makers only a year ago considered impossible. It has given you Dairymen and Stockmen a Silo which the heaviest wind storms can't even shake or tilt. All because the Angle Steel Rib absolutely prevents any up-and-down slipping of the staves. Moreover, this invention forces every cubic foot of your Silo saving in space.

**5 Big Features**

The Saginaw is far the most popular Silo on the market. Five mammoth Silo factories have had to be built. Last season we received orders for 657 Silos in a single day.

**Strong as a Skyscraper**

The Saginaw Silo, with its steel frame stands as solid as a modern city skyscraper. It cannot blow down; it cannot twist; it cannot warp; it cannot collapse; it cannot shift on the foundation. Like a Giant Oak, it is rooted to the ground by the Saginaw Anchoring System.

**Bright, Clean Silage**

No rank, sour silage ever comes out of a Saginaw. It is sweet and pure clear to the edge, right next to the walls. Animals love the silage; cows and calves thrive wonderfully on the rich, succulent food. Don't get a Silo that spoils silage.

**Get Latest Silo Book**

Our latest Book on Silos is about ready for mailing. It not only fully describes the 1913 Saginaw, but also contains a wealth of information on Silo Building and Silage. Don't miss getting it. Write for it—now better, come in and get your book and we'll talk it over.

**Other Noted Features**

The Saginaw was famous first as "The Silo with the All-Steel Door Frame." Then followed the Saginaw Inner Anchoring Hoop. Next came the celebrated Saginaw Base Anchor. And now comes the Angle Steel Rib—the most astounding feature of all.

**The McCLURE COMPANY**

Formerly Farmers' Handy Wagon Co.  
Saginaw, Mich. Des Moines, Iowa. Minnesota Transfer, Minn. Cairo, Ill. Ft. Worth, Texas.

**WILL McGEHEE**

**Drive to the Right.**

An auto tourist passed through town lately and remarked while here that he believed Texas people didn't really know which side of the road to take when they meet or passed other parties on the highway.

"I have met about 25 people in vehicles today," he said, "And about 15 of the number turned to the left."

"The others turned to the right, I guess," somebody ventured.

"No, they kept the whole road."

That's rather a severe indictment against Texas people: and yet every word of it is true as the Gospel. Probably every body knows that they ought to turn to the right, the lawful side of the road, but the traffic in the past was so scarce it did not necessitate the observance of this rule. But now as the traffic has grown heavier the rights of the highway should be closely observed. This is an age of the automobile, and fast locomotion, and if the right of both the auto and other conveyances are not strictly adhered to accidents will become frequent, and human lives jeopardized. The seriousness of the situation should be taken into consideration before some one is badly hurt.

Your part of the road is to the right, no matter whether it be smooth or rough.

**New Liquor Law Prohibits.**

A new liquor law was passed by the legislature in special session, which is calculated to keep the districts which are known as "dry," (but in which much shipped-in booze has heretofore been consumed) very dry indeed. The following from the Fort Worth Record gives a fair idea of the law and its passage.

Late in October the Allison liquor law will become effective. It was approved by the Governor on Thursday. The Allison state law on the statute books prohibits shipments of liquor from wet to dry districts. The new Allison liquor law prohibits interstate shipments of liquor. It is said to have teeth, and on its final passage it received the votes of all an is who are members of the state senate. This should make a dry district absolutely dry in so far as the shipments of liquor is concerned. Residents of dry districts are privileged to purchase supplies for their own personal use, but they must carry their purchases with them as the law makes it a penitentiary offense for a dealer to ship to his customers. It is a drastic law. It was signed by an anti-prohibition governor and received the votes of this leading anti members of the legislature.

**Notice.**

The public school is one of the greatest factors in our country, when reinforced by good, wholesome, reliable newspaper, it gives the American child a practical education. Without the aid of newspapers the public school can not give a boy or girl that degree of general intelligence that you wish your children to have. You can get The Lockney Beacon and The Dallas Semi-Weekly Farm News for one year, three papers a week, for \$1.80.

We accept and receipt for subscriptions at this office Do the ordering and take all the risk.

J. C. Garrison returned last Friday from a business trip to Fort Worth.

Born—To Mr. and Mrs. Grady Rigdon, Tuesday, September 2, a girl.

Gasoline Pumping Engines always in stock at Lockney Sheet Metal Works.

H. C. Kell and little daughter of Quitaque were in the city Wednesday night.

### Notice.

I am now ready to weigh your grain, hay and other feed stuff. I have established new scales at Orr's Wagon Yard. 49tf  
N. E. Waller, P. W.

# GIN NOTICE!

We are now ready to gin your cotton, and are prepared to give you first-class service. We will gin for same as last year—60 cents per hundred pounds lint. Attention of the farmers is called to the fact that buyers and shippers have agreed that they will charge \$1.00 and upwards for all bales in excess of 500 pounds. So, when bringing in your cotton, bring small bales, and save this extra cost.

Respectfully,

## Ben Whitfill & Son

### Feterita Yields Most Bountifully

The Shallow Water Belt is trying out feterita, a new grain introduced into the United States three years ago by the Department of Agriculture. The grain is an indigenous product of British Soudan.

The heads are very large. W. P. Camp government experiment station director, at Sentinel, Oklahoma, is authority for the statement that the food value of this grain is equal to kaffir corn or milo maize. The fodder is superior to that of maize. Feterita is equal to kaffir in this respect. It is proving to be good ensilage. The stalk is sweet.

The saving virtue of feterita is that it stands the drouth. Mr. Camp reports that with only 3 inches of rainfall feterita yielded eighty-five bushels per acre.

There are a few farmers who have planted the grain, and they all report that it stands the dry weather better than kaffir corn or milo maize.

A bundle of feterita cut on the E. G. Duncan farm, west of Plainview, with a row binder shows a very heavy yield.

R. B. Brown, of Floyd county, planted twenty pounds of feterita seed, and has five hundred bushels for the market, in addition to seed saved for his own use.

The C. E. White Seed Company introduced the seed into this territory.—Plainview Herald.

The protracted meeting and lectures by Prof. N. L. Clark closed last Sunday night. The meeting was in progress for two weeks, and much interest was manifested at each service. There were several added to the church during the meeting, and the membership much edified through Bro. Clark's labors. Prof. Clark left on Monday's train for other fields of labor.

### Pleasant Valley Literary.

The Pleasant Valley Literary will meet Saturday night, September 9th. Everybody invited.

### Raises Two Tons Feterita to Acre

M. R. B. Brown, who lives in the Roseland neighborhood, brought to town Wednesday a bunch of feterita, which he says made two tons to the acre. Maize planted at the same time and received same amount of rainfall burnt up and did not head.

Feterita resembles Kaffir corn suckers like cane. It is a distinct dry weather crop, and will make when all other forage crops burns up. It is worth three times as much on the market as maize, and the Government test is much greater for feeding purposes than the maize family or corn. The stalk is sweet, and stock eat it with a greater relish than that of maize or kaffir.

In parts of Oklahoma and other dry farming states feterita is raised exclusive of all other forage crops. It is the grain crop for the Plains, and if our farmers had planted feterita this year instead of maize we would have had worlds of feed to sell. Next year plant your entire feed crop in feterita.

The county fair should be encouraged in every way and especially should the agricultural resources be exhibited for it is through the development of the country that every community must look for future prosperity.

L. H. Pryor, of Norfleet, was in Plainview today. He says that during a number of years J. F. Norfleet has planted African millet, and that it has never failed to make a good yield. This year he expects to cut more than a ton to the acre while maize and kaffir corn has made comparative poor yields.—Plainview Herald.

### The Inside of a Shoe

The Star on the heel means Honest Shoes

Come to our Store and see this Cut Shoe

#### The Inside of a Shoe

It is a lamentable fact that 90% of all shoes sold for less than \$4.00 contain substitutes for leather in the heels, counters and soles. You pay pure leather prices for this shoddy.

Pure shoe Legislation is pending in Congress and many different States. We heartily endorse it, because the rights of 100 million people are greater than those of a few hundred manufacturers.

We have one of the "Our Family" shoes cut up so you can see just how it is made. The uppers are made of the finest Box Calf or Velour Leather. The heels, counters and soles are of genuine sole leather. No substitutes for leather are ever used.

Come and see the "Our Family" and other "Star Brand" shoes. Then

"Star Brand Shoes Are Better"

**J. A. BAKER**

### FACULTY LOCKNEY PUBLIC SCHOOL

All of the Teachers For the Lockney Public School Are in Attendance on the Institute.

The faculty of the Lockney public school have all arrived, and have been in attendance on the Floyd County Teachers Institute this week. Following compose the faculty:

Prof. E. C. Nix, superintendent.

Prof. W. L. Vaughan, principal.

Miss Mattie Matthews.

Miss Julia Collier.

Miss Wadie Bragg.

Miss Ruby Muldrow.

Miss Ruby Britton.

Mrs. E. C. Nix.

Mrs. Jennie Randolph.

### City Building Notes

We are all able critics—of other people's work.

To be friendly is a virtue but to prove friendly is divine.

Be brave, industrious and honest and opportunity will oft-times pay a return visit.

To assure success at least three things are necessary, integrity, industry and intellect.

There are too many wonderful things on this earth for anyone to spend his time in star gazing.

Creating a friendly feeling between the city and the farm will solve the trade extension problem.

Do not be discouraged if your work is criticised for it's impossible to please all the people all the time.

Some men sit up too late awaiting the dawn of a great tomorrow and find that they are traveling the road of yesterday.

Dreaming of noble will make you happy, but doing noble deeds will make the whole world rejoice.

It is chiefly through participation in development movements that we enjoy intercourse with our fellowmen.

Health and wealth lie in labor and the royal road to them is through toil in the upbuilding of the community.

### Baptist Protracted Meeting Closed

The Baptist protracted meeting, which has been in progress in Lockney for the past two weeks, was brought to a close last Sunday night, and Rev. Weston left Monday morning for his home in Oklahoma. There was splendid interest manifested throughout the meeting, and large crowds were present at each service.

There were 36 conversions during the meeting, and 25 added to the church membership, 15 by baptism and 10 by letter.

A commercial organization should be the city's architect.

Lockney ball team will go to Amarillo tomorrow where they will cross bats with the Amarillo Monograms.

### Plainview-Floydada Toll Lines Delayed

Delay in securing the right way for the new telephone lines between Plainview and Floydada has hindered the completion of these lines. Construction of these toll lines will begin as soon as the right-of-way has been secured.

The new Floydada Exchange has been completed and the construction crew returned to Amarillo. No information is obtainable as to when the work will begin in Lockney.

### Excellence Flour.

A wire from the mill yesterday stated "New crop Excellence simply astonishing. Best grade of flour ever manufactured under this brand. Guarantee cannot be too strong—what more can we say." Will you be honest enough with yourself to try a sack.

Ed Reeves Gro. Co.

Local notices ten cents per line first insertion; five cents per line each subsequent insertion

A Briscoe ranchman was recently rewarded in the sum of \$110 for killing two lobo wolves. The lobo is a menace to stockmen, and are still numerous in portions of West Texas.

"Heat causes milk to explode in Kansas" is a heading of a dispatch from Atchson. The milk was being shipped when it became so hot that it turned to clabber and busted the can. Kansas is a warm number.

A crusade against slit skirts, diaphanous gowns, and other extreme immodest and suggestive styles in woman's dress has been started by the executive board of the Colorado's Mothers' Congress. While these extremes has not evaded the South to any great extent, in other sections it has become alarming.

The Plainview News is authority for the statement that Judge Kinder will retire from politics. It says: "In conversation with the editor of the News Monday morning, District Judge Kinder said that he had decided not to again offer for the office, but would retire when his present term ends. He was also asked if he would become a candidate for congressman, and he said, 'No,' that he would not become a candidate for congress."

Just as predicted, the split skirt has caused trouble in Texas. A split skirt made its appearance in El Paso, which caused a policeman to take his eye off his work long enough to let two burglars get away. In New York the limit has been reached in the X-ray skirts, which has over-reached all bounds of decency. Fashion is going some, and in a few years will reach the stage of the ancient fig-leaf.

The state tax board has fixed the advalorem tax rate at 25 cents on the \$100 property valuation, which is an increase of 13 cents over last year. The school tax rate was fixed at 17 cents, against 16 2-3 cents last year. The board also fixed a 5-cent special tax or Confederate pension, as provided for under a recent constitutional amendment. The total state taxes therefore, will be 45 cents, as against 26 2-3 cents last year, an increase of 18 1-3 cents.

With negotiations at a standstill between the United States and Mexico looking to a continuation of peace, Mexico has issued orders for new disposition troops and for militarization of able bodied-men in that part of the republic under the General Government. It looks like the greasers are getting the advantage of the

standstill attitude of the United States to fortify themselves in case it becomes necessary for the United States to intervene. Like individuals—like nation, all treachery. A Mexican will stab you in the back, the nation assassinates her Presidents, and would take every advantage, fair or unfair, of a foreign nation. Intervention is only delayed, it must come.

President Wilson's recommendation that American residents of Mexico leave the country is "resented" by the American colony in the City of Mexico; few Americans intend to leave; if they do leave their welfare and financial interests "would be seriously prejudiced." The President's action was "unwarranted" and due to "simple ignorance of what is actually transpiring in Mexico, this summarizes the contents of various telegrams of protest received in the city from Mexico City.

For the use and benefit of every county in the Panhandle, a special building has been procured for exhibition purposes at the Dallas State Fair, and every Panhandle county should be represented.

Z. E. Black has been promoted from the publicity department of the Peerson Syndicate at Plainview, to similar work in the general offices at Chicago. Black has a future before him in publicity work.

Speaking of the congressional situation in the 13th district, the Hereford Brand says:

The Brand knows of a dozen men that are even better prepared for the place than Mr. Stephens. He is not even well acquainted with the people whom he represents; he has not visited over the district of late years enough to know; he is making his home in Washington and summers in the popular watering places. The Record says that no one has had his "motives and actions" called into question as little as Mr. Stephens. No wonder, he has had few motives and small actions; so much so that he is scarcely noticed in Congress. The Panhandle needs a man of large motives; a man of actions; we have passed the frontier age and must have a progressive man of the hour.

Opposition to John Stephens is growing throughout the district, and it points to his decisive defeat in next year's primaries. He has outlived his usefulness in congress by reason of his continuous residence in Washington the past five or six years. The Panhandle and Plains country have grown to such proportions that we demand the services of a man who resides in Texas and not in Washington. We are pleased to note that the press of the Panhandle quite generally are demanding a change.

Harry K. Thaw's favorite, though ineffective weapon in the New York Courts—the writ of habeas corpus, was turned against him by his old prosecutor, William Travers Jerome, as a means of forcing Thaw into a trial Tuesday in order that the immigration authorities may deport him to Vermont in what Jerome hopes will be the first leg of the return trip to Mattewan asylum.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Write for Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper. J-62

## Farm Facts

The silo is the greatest economizer in modern farming.

The greatest happiness of life is never felt so much as on the farm.

Cooperation is to the farmer what fertilizer is to the soil.

The country school should be the community's social center.

Faith in the farm as in business is necessary to success. It is almost as important to have a shelter for the machinery as for the family.

Farming is a farmer's problem and will eventually be solved by him with the assistance of the business man.

Agriculture is the world's greatest industry and less system is used in its development than in any other business.

The only benefit derived from over-production is the additional fertilizer it brings through spoiled or unmarketable farm products.

The intelligent farmer is in favor of the good road, silo and better cultural methods but he lacks the finance with which to purchase these necessities.

### Receive Best School Building in County.

T. F. Beall, of Irick and one of the trustees of that school district, was in Floydada Thursday of last week on school business and while here conferred with H. E. Cannaday, contractor on their new school building.

He was in the Hesperian Office a few minutes and said he thought they would receive their new building the first of this week. "We are proud of it," he said, "because it is the best school building in the county; the first one in the county to be arranged scientifically for heating, light, ventilation."

The citizens of the community voted bonds for its construction, and they are justly proud of it. —Hesperian.

Your money refunded if you are not satisfied with White Lilac.

The Farmers Exchange.

We have received Vol. 1, No. 1 of the Roaring Springs Echo, published by Lance Suits. Roaring Springs is at the junction of the Quanah, Acme & Pacific railroad, and has a splendid future before it. Lance went into our office at Snyder as a printer's devil when a small boy, and he is one of our products, and we feel a just pride in him, and this is his first newspaper adventure. He is a good printer, a splendid man and, and will give the people of Roaring Springs a newsy paper. Here's wishing you Lancelot, abundant success and prosperity.

Lost—A black sow pig, four white feet and white nose. Notify Troy Sudduth, Lockney Tex.

White Lilac biscuits will make you smile.

The Farmers Exchange.

## EXPLANATION OF PIANO COUPONS

### Rules Governing Their Issuance And Final Awarding of Instrument.

We herewith give a full explanation of the piano coupons, and rules governing awarding piano. We wish to say in the outset that we have worked out a plan that absolutely guarantees satisfaction and a fair contest, and leaves no room for fraud to be practiced if any should be attempted.

The coupons will be printed and bound in book with a stub. When coupons are issued the name of the party whom they are to be voted for will go on the stub. The coupon and stub will have corresponding numbers. The coupons will be given to the party, which can be voted at any time before contest closes.

When contest closes these stubs will be turned into the judges and each contestant will be checked up by the stubs. No votes on subscription will be counted in excess of the number of stubs left in this office. If any person should attempt to have coupons printed elsewhere and voted they will not be counted. The subscription coupons will be counted separately from the free coupons, which appears in paper, so that the check on legal votes can be properly made.

Four days prior to closing of contest the ballot box will be moved to J. R. Fox's Store, and placed in his charge. During these four days voting can be done by money. Place the money in an envelope, with a list of subscribers, and the name of girl the votes are to go to, and the judges will count 500 votes for every dollar in the box. However no votes will be counted unless a list of subscribers accompanies the money. This plan guarantees a secret ballot and not even the editor will know how many votes each contestant is receiving, hence we could not jockey the piano if we were disposed to.

The coupons will be ready Monday morning, September 1st. Do not hold back any subscription for the reason that 10 free votes will appear in each paper and you will want them, but, cannot get them unless subscribers receive paper, and to receive the paper their names have to be on our subscription book.

All free coupons in paper will be dated and must be voted within ten days from the date of paper. The coupons given on subscription will not expire until December 24th, and can be voted any time, but the free notes will expire within 20 days from date of paper unless turned in and voted.

### Miss Jennie Permenter Dead.

Last Saturday night Miss Jennie Permenter, of the Starkey neighborhood, died at the home of her nephew and niece, Mr. and Mrs. Emmett Murray with whom she has been living for the past few years, and was buried at the Floydada cemetery at one o'clock Sunday afternoon, Elder W. E. Broyles, of Lockney, conducting the services.

Miss Permenter's died of cancer. She was 64 years old at the time of her death.

The bereaved relations have the sympathy of the community their loss. —Hesperian.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

## STAY ON YOUR FEET

### Taking Calomel Means Staying Home For The Day—Take Dodson's Liver Tone and Save a Day's Work.

If an attack of constipation or biliousness hits you, there's no need to take a dose of calomel and spend at least a day getting over the effects of it. The Red Cross Drug Store sells the liver tonic, Dodson's Liver Tone, that takes the place of calomel and starts a lazy liver without any bad after-effects.

Dodson's Liver Tone does all the good that calomel ever did, yet it is absolutely harmless to young people and old. It is a pleasant tasting vegetable liquid that will relieve constipation or sour stomach or other troubles that go along with a lazy liver, without restriction of habit or diet. You don't leave off any of the things you regularly do when you take Dodson's Liver Tone.

The Red Cross Drug Store sells Dodson's Liver Tone and give it a strong personal guarantee. They say, "A large bottle of Dodson's Liver Tone sells for 50 cents, and we will hand any person back his 50c if he tries a bottle and doesn't say that it does all calomel does and does it pleasantly. Get the genuine Dodson's Liver Tone and if you are not pleased with it we will give your money back with a smile."

### Cedar School Begins Monday.

Prof. R. I. Moon will begin his school at Cedar Monday, September 8th. Patrons are invited to come with their children.

### Prof. Cousins Addresses Institute.

Prof. R. B. Cousins, President of the West Texas Normal at Canyon, delivered an address to the Teachers Institute at the College Chappel Wednesday night. Quite a number of our towns people were present, and were pleasantly and profitably entertained through Prof. Cousins remarks.

### Millinery Announcement.

We will have our new fall Millinery goods on display September 20th. Many new and pretty things will be shown in millinery.

Mrs. D. J. Thomas.

### Farm for Sale.

This farm is 14 miles north-east of Lockney on the Silvertown and Floydada road, all fenced and cross-fenced, 110 acres in cultivation, good 5-room house, shed 12x40, 20-acre hog pasture, well and windmill. Will trade for stock, or will take some property in town, or a good automobile in part pay. Balance runs from one to five years.

E. Jones. 49-6t.

### Water Irritates.

your skin if you are afflicted with Eczema and the only way to get relief is to cleanse with Zensal Skin Cleanser and then apply Dry Zensal for the scaly skin or Moist Zensal for all watery eruptions. They will tell you all about it at the Red Cross and the Lockney Drug Companies.

Dr. Robt. S. Bailey, President of the Floydada Presbyterian Academy, attended the Teachers Institute here Wednesday.

Hear the Fowler Orchestra tonight. 5 and 10 cents

### Notice.

People owing me for colts are now due and past due, and you are requested to call and settle. 1-4t. P. M. McDonald.

We will handle a complete line of the adopted school books and school supplies this year. All books will be sold for cash. Lockney Drug Co.
