

The Lockney Beacon

VOLUME 13

LOCKNEY, FLOYD COUNTY, TEXAS, FRIDAY, SEPT., 19, 1913

NUMBER 3

WALTER CAMPBELL LEADS THE CONTEST

Josephine Nichols a Close Second
While Others Show Big Gains.

Miss Walter Campbell takes the lead this week in the Beacon's piano contest, with Miss Josephine Nichols a close second. Others show gains since last announcement. The voting this week has been steady, and each candidate is growing with popularity. No one girl so far has held the lead two weeks in succession, the one leading last week dropping to fourth position. Who will lead next week? Can any one girl hold the lead two weeks?

Lockney College To Open Tuesday

Lockney College and Bible School will open next Tuesday morning. Some of the teachers are here now, others are expected soon. We hope to have a prosperous session. It is the purpose of this school to give a thorough course in all that goes that make a true education, of which a thorough study of the word of God shall be an important part. Why not send to the school where the Bible is taught daily.

The faculty will be at the College next Tuesday at 8:30 a. m., to assist any pupil in making out his program of study, and that he may arrange for his tuition which is payable in advance for at least eight weeks. Our opening will be Tuesday morning to which all are invited. T. W. Croom, President.

Spineless cactus is being grown successfully in many heretofore desert places in the Southwest. Cattle eat it in preference to other food, and young pigs feed on it and gain three-fourths of a pound daily. The government has set aside lands in various sections of desert states for experiment in cactus growing.

HURRY! HURRY! HURRY!

Last Call—at the price—Special lot of Men's \$3.50 to \$4.50 Shoes, new styles, up-to-date, your choice at \$3.00.

HORSE AND BUGGY STOLEN

R. B. Robinson Loses Rig And Thief Makes His Get-Away.

Tuesday night some one stole Mr. R. B. Robinson's horse and buggy from his barn in the south part of town, and made a clean get away.

There had been a light shower the evening before and the buggy was tracked to B. F. Sanders place, and there it was lost. The party was going east or south-east.

Sheriff Goen was notified and sent messages to a number of towns. In addition to this Deputy Sheriff Frye went east in a car in the hopes of overtaking the party.

There is no clew as to who stole the property, and at this writing the guilty party has not been overtaken.

Later:—Sheriff Goen and Deputy Frye caught the party at 4 o'clock Thursday morning, and recovered the horse and buggy. The thief proved to be a boy 17 years old by name of Avery Rambo, and claims to have come from Washington territory.

He was taken to Floydada on the evening train and lodged in jail.

Raising Mirage Wheat In Southwest Kansas

Farmers of Southwest Kansas are raising "Mirage Wheat," which yielded, this dry year 45 bushels per acre where ordinary wheat made only 15 bushels. The wheat was sown on ordinary ground without fertilization, or any special preparation, September 12 and cut on the following June. The Mirage wheat should be sown about two weeks earlier than ordinary wheat, as it grows slower.

The following is a brief history of Mirage Wheat and its discovery:

"In 1904, Mr. K. B. Stoner, a farmer, living near Fincastle, Va., found a freak stool of wheat bearing 142 heads, all having sprouted from one grain of seed. So phenomenal was the yield and quality that he christened his find "Miracle Wheat." This was replanted, and the first year he got 2,000 grains. By 1906 he had increased his stock to sixteen bushels, which was multiplied to 800 bushels in 1907. An ordinary stalk of wheat covers about four inches of space. The Miracle wheat covers about twelve. A report stating that Miracle wheat grew as a result of prayer was generally circulated, but Mr. Stoner stoutly denies this story. He says that he "just found it." Mr. Stoner established and maintained the price of \$1.25 per pound for Miracle seed wheat until forced to reduce his price as a result of other growers offering Miracle seed for sale.

Notice.

People owing me for colts are now due and past due, and you are requested to call and settle. 1-4t. P. M. McDonald.

MILLINERY OPENING

ASK FOR THE "KING-BEE" HAT.

You are cordially invited to attend our semi-annual Display of pattern and dress Hats, Saturday September 20, 1913. Respectfully,

MRS. D. J. THOMAS
Lockney, Texas

\$350 Piano Given Away \$350

F R E E

Big Voting Contest to start with Lockney Beacon Sept. 1st, 1913
 The Contest will start Sept. 1st and close Dec. 24th. A handsome \$350 Leyhe Piano will be given to the Lady, Girl, Church or Lodge in Floyd, Briscoe, Motley and Hale counties that receives the greatest number of votes.

The Plan

With every \$1.00 paid to the Beacon on subscription, either new, renewals or old subscribers, we will give 500 votes. In addition to votes given on subscription, there will appear in every issue of the Beacon, from Sept. 1st to close of contest, a free coupon, which will count ten votes when clipped out and mailed to this office. There will be established at the Beacon office a ballot box, which will be locked and key turned over to the Lockney State Bank, and will not be opened until the day of closing of contest. When contest is closed the ballot box will be turned over to three judges, to be selected, and votes counted and piano awarded. Will keep a register of votes as polled, and a list of contestants and their standing will be published weekly.

Call and see the instrument at J. R. Fox Confectionery. There is no red tape to the contest. Any lady or girl can contest for the piano. No votes can be obtained in other way save the plan above---votes in paper and subscription. Fill out the nominating blank and send to the Beacon office.

LUBBOCK COUNTY RAISES FETERITA

Proved so Satisfactory Last Year That Every Farmer Doubles Acreage.

Lubbock, Tex., Sept. 12.—Seeing several reports about Feterita and Soudan grass in The News, your correspondent wishes to report on them for Lubbock county. Last year the first feterita was planted in Lubbock county. It proved to be so good that a large acreage was planted this year. Every farmer who has planted it is singing its praises. It is equal, they claim, to either kaffir or milo maize, it has a softer kernel, and seems to stand the drouth better. One farmer reports that he has cut two tons of heads per acre from a large field.

Six farmers have planted about five acres each of Soudan grass under the direction of Superintendent of the State Farm in Lubbock, and all report favorably as to its good qualities. It can be cut three times and averages about a ton and a half per cutting per acre. It makes a fine hay crop, and we predict that hundreds of acres will be planted next year.

G. A. Lider, county surveyor, was in the city Monday.

Notice.

To those who have been in the habit of borrowing my car, I wish to say that I will not under any circumstances loan this car out to any one hereafter. I don't mind to accomodate my friends, but you cant get my car any more.

J. C. Garrison.

Rockvale lump coal \$7.50 per ton at J. L. Orr's.

Melvin Day, of the Starkey neighborhood, is building a concrete farm residence. The home will be 28x32 made out of concrete blocks.

KYANIZE YOUR HOME

You're wise to use

KYANIZE

FOR FLOORS, INTERIOR WOODWORK AND FURNITURE

Dries hard with a durable gloss. Wears longer than any other finish. Money back if Kyanize doesn't do all we claim

Red Cross Drug Store

Build Concrete Walks.

Nothing adds greater to the beauty of your home, and to your comfort in bad weather than nice concrete walks. In mud and snow, going to and from your home is disagreeable, and with a few dollars expended in cement walks this disagreeable feature is overcome. If you will build across the front of your property and your neighbors will build adjoining you, the city will build crossings, and thus give you an unbroken line of walks to and from your place of business.

If you will build your neighbors will build, and others will follow your example, and in a few months the town will be known far and near for her splendid walks.

You can see some of my work on East Locust Street. I will do the work for the least possible cost, and guarantee every foot of it.

See your neighbor and you and him decide that you will beautify your homes with nice cement walks, then see me for an estimate of the cost.

G. C. Fairey, Contractor.

Sheriff A. C. Goen was here from Floydada last Saturday.

Judge Matthews of Plainview was in the city last Saturday on legal business.

A Factory on the Farm.

Farmer Radford has pointed out that a silo is a factory on the farm, and therefore lends itself to co-operation of the commercial and agricultural interests, and the farmer gets the profit of both producer and consumer.

We need more of the twin agencies of prosperity, and commercial clubs cannot render a better service to their communities than encouraging the building of silos. The silo is a great business educator. It arouses the spirit of enterprise, develops ingenuity and awakens the joy of ownership.

A farmer can build a silo for two or three hundred dollars, and it will, under ordinary circumstances, pay a dividend of 40 per cent where it is run to capacity.

Handsome Offices.

The upstairs of the First National Bank will contain some as swell offices as will be found in our larger cities. The rooms are finished and will be ready for occupancy as soon as the lower story is finished. Those renting rooms are Dr. J. C. Guest, dentist; Dr. J. L. Guest, M. D.; J. B. Downs, land man; and Brewster & Dillard, insurance agents.

Prompt and good work. Bring me your watches.
W. M. Martin.

A TRIED AND PROVED GUARANTEE

A Man Bought a Bottle of Dodson's Liver Tone, Then Took it Back And Asked For His Money And Got it.

A man recently tried out the guarantee which the Red Cross Drug Store gives with every bottle of Dodson's Liver Tone. He bought a bottle and then went back to the drug store and said the medicine hadn't helped him.

The druggist just reached into his cash register and took out a half dollar, the price of the bottle of Liver Tone, and handed it back to the gentleman. But he didn't take the money. He owned up that he was just trying the guarantee and as a matter of fact, he had found Dodson's Liver Tone the best remedy for constipation and biliousness he had ever tried. "Why," he said, "my wife wouldn't be without a bottle in the house for anything. It is the best thing in the world for the whole family, and the medicine that I prefer to take or to give to my children for a lazy liver."

W. T. Wright of Ponder, Tex., is here on business. Tom left last year, and says that while crops are good in his section, the Plains still look good to him.

THE FARMER'S FIRST AID IN SICKNESS.

WHEN there is sickness or an accident on the farm, haste in calling the doctor is vital. Life may rest on minutes—Don't wait until sickness occurs, and THEN wish you had a telephone. Order it NOW from our nearest manager, or write. THE SOUTHWESTERN TELEGRAPH AND TELEPHONE CO. DALLAS, TEXAS

Contracts Ensilage For Five Dollars Per Ton

Arthur Byars filled a two hundred ton silo last week, and says he has contracted it to a cattle feeder for five dollars per ton. Mr. Byars says that if he had sold the feed in a dry state it would not have brought him more than three or four hundred dollars at the outside. He only put up a part of his feed crop and has plenty grain left to run his place another year. Can any farmer beat \$1,000 on dry feed this year, on, say, fifty acres of land?

There is money in the silos, and when they are adopted as the method of saving the feed crops, there will be dollars where there are now dimes.

Mr. and Mrs. E. L. Pennington left Tuesday for Temple after spending the summer with their daughter, Mrs. B. F. Smith of Lockney, and son, R. O. Pennington of Silverton.

C. R. McCollum attended court at Floydada Monday.

Lockney State Bank Gets The Postoffice

The Lockney State Bank has been notified that they have been awarded the location of the post-office. The contract calls for five years lease. The bank is to furnish new fixtures, etc.

The location will be in the rear of the bank on West Locust St. When new fixtures are installed Lockney patrons will have an office in keeping with the development of the town and country.

Lone Star Items.

Good rains have fallen in this immediate section and wheat sowing is going to be the order of the day.

Alec Wiley surprised his many friends by returning with his bride last Saturday afternoon. The Lone Star girls claim Alec never even looked like he was intending to get married when he started east.

Miss Susette Fowler has accepted a position as music teacher with the Wayland Baptist College at Plainview.

May and Ruby Fowler will attend school at Plainview this year.

Howell Underwood is home from Mexico.

Mrs. E. C. Dodson is visiting her mother who is dangerously ill at Roberta, Okla.

Monday morning Chas. Merrick and J. B. Stevenson pulled off a swift chase that proved very exciting indeed. Charles knows for sure now that he has the swiftest dogs in the country, while all who witnessed the race declare that C. F. beat the dogs the first quarter.

W. T. Reeves, north of town, attended court at Floydada this week.

WINCHESTER RIFLE and PISTOL CARTRIDGES
 On account of being manufacturers of firearms as well, the Winchester company are peculiarly able to know the best requirements for ammunition. This partially answers the question often asked: "Why do Winchester cartridges excel?" The rest of the answer is contained in their large, modern plant and their extensive knowledge of the firearms and ammunition business. Winchester Cartridges are made for all makes of rifles and pistols and always give entire satisfaction.
 FOR SALE BY DEALERS EVERYWHERE.

Wonderful!
The New 1913 Saginaw With the Patented Angle Steel Rib
 Last season's Saginaw Silo was pronounced utterly perfect by dairymen and stockmen all over the country. For 1913 it was wholly unnecessary to attempt improvement. Yet, despite this, we came out with this 1913 Model. The big feature of the 1913 is the **ANGLE STEEL RIB**. This ingenious invention adds about 50% to the life of a Silo. And that's wonderful, when you consider the Saginaw is already known to be the strongest and most durable Silo ever built.
Doing the "Impossible"
 The Angle Steel Rib has done what other silo makers only a year ago considered impossible. It has given you **DISCOVERY** and **DISCOVERY** a Silo which the heaviest wind storms can't even **SHAKE** or **TILT**. All because the Angle Steel Rib absolutely prevents any up-and-down slipping of the staves. However, this marvelous invention forever ends the remote possibility of your Silo sagging in when empty.
 The Angle Steel Rib is a Structural Steel Reinforcement, curved to the curve of the Silo. It is sturdily received in strong, malleable brackets which are securely attached to alternate staves. Each rib is free to move and adjust itself to any variation in the diameter of the Silo. Built on the same structural principle as the big "I" beams used in giant steel frame buildings. One Rib reinforces the other.
 Think of what it means to have these **Ironworks**, **Unshakable** Angle Steel Ribs **centering** your Silo! To fully appreciate the patented Angle Steel Rib, you must get our new Silo Book, which pictures and explains all.
Other Noted Features
 The Saginaw was famous first as "The Silo With the All-Steel Door Frame." Then followed the Saginaw **Inner Anchoring Hoop**. Next came the celebrated Saginaw **Base Silage**. And now comes the Angle Steel Rib—the most astounding feature of all.
5 Big Features
 The Saginaw is far the most popular Silo on the market. Five mammoth Silo factories have had to be built. Last season we received orders for 567 Silos in a single day.
Strong as a Skyscraper
 The Saginaw Silo, with its steel frame stands as solid as a modern city skyscraper. It cannot blow down, it cannot twist, it cannot warp, it cannot collapse, it cannot shift on its foundation. Like a Great Oak, it is rooted to the ground by the Saginaw Anchoring System.
Bright, Clean Silage
 No rank, sour, silage ever comes out of a Saginaw. It is even and pure clear to the edges, right next to the walls. Animals love the outgoing silage and throw wonderfully on the rich, succulent food. Don't get a Silo that spoils silage.
Get Latest Silo Book
 Our latest Book on Silos is about ready for mailing. It not only fully describes the 1913 Saginaw, but also contains a wealth of information on Silo-Building and Silage. Don't miss getting it. Write for it—write, come in and get your book and we'll look it over.

GIN NOTICE!

We are now ready to gin your cotton, and are prepared to give you first-class service. We will gin for same as last year—60 cents per hundred pounds lint. Attention of the farmers is called to the fact that buyers and shippers have agreed that they will charge \$1.00 and upwards for all bales in excess of 500 pounds. So, when bringing in your cotton, bring small bales, and save this extra cost.

AS A REMINDER OF WET COTTON—The man that brings the most bales of Dry cotton to the Whittfill Gin will be given a brand new \$5.00 Stetson Hat.

Respectfully,

Ben Whitfill & Son

Harvey Pennington has connected himself with the Lockney Rubber Co., and will run a garage and do general auto repair work.

Prof. A. A. Whyte has returned from Fort Worth, where he spent the summer. He will teach one of our rural schools.

The Remedy for a Great Evil.

One of the worst evils to the credit merchant, and to the prompt paying customer as well, is the "Dead Beat." And we believe that by eliminating this trouble, or—loss, if you please—we could give the honest buyers better value for their money. Hence this association was organized, the object of which has already been stated, and further to protect the jobbers who supply us with merchandise on 30 and 60 days in perfect confidence of getting his money when due. We, in turn, put it out to the consumer with the same confidence, and, how often are disappointed. Some people do not seem to think it matters whether they pay or not, and it is this class of trade that we have in mind.

After October 1st we do not propose to sell them unless their account for the previous month has been adjusted in a satisfactory manner to the merchant. Please take warning.

Lockney Retail Merchants Ass'n.

Floyd County Singing Convention.

Messengers from Muncy, Lone Star, Campbell and Sunset met in mass meeting at Lockney, Saturday, September 6th and organized a Floyd county Singing Convention. E. G. Foster was elected temporary chairman and R. E. L. Muncy, secretary. The permanent organization resulted in the election of J. A. Meador, President; E. G. Foster, Vice-President; R. I. Moon, Secretary-Treasurer.

A motion carried that the officers constitute a Committee on By-Laws and Constitution.

Motion carried that the Convention meet at 10 a. m., Saturday before first Sunday in July of each year and continue in session Saturday night and Sunday.

An hour will be spent Saturday night on questions and talks on music.

Any community wishing to have the convention meet with them in July 1914 please notify clerk as soon as possible. Both of the local conventions are requested to respond to the county convention and lend their assistance.

J. A. Meador, Pres.
R. I. Moon, Sec.

B. Y. P. U. Program.

Subject—Bible Study Meeting. Leader—Mrs. Joe Wilson. Scripture reading, Prov. 22:28. —Tate & Frye. Introductory—By the Leades. Song. Jehu before he became king. —Velma Griffith. Wait Paint

There are painters and waiters. Which am I going to do? Paint or wait?

Which is better?

How much am I worth with my property waiting? How much if I paint? Will my house be worth more or less if I paint?

Say it costs \$2.25 a gallon Devoc—I wouldn't paint any other way \$3 or \$4 more for putting That's \$50 or \$60 a 10-

job. The money is gone. Is it in the house? Is it all in the house? Suppose I were selling; what should I get for that house fresh painted and what should I get for it needing paint?

I wonder why men paint before selling!

Devoc.

J. H. Gruver sells it.

For Sale or Trade—Surrey and harness, just the right vehicle for school going and coming.

In the recent teachers examination held in Lockney, Misses Celia and Vaden Whitt and Mr. P. L. Huddleston, of Lockney, applied for certificates to teach.

Block One Survey Complete.

The survey of Block One, in this county, which has engaged the attention of County Surveyor G. A. Lider and a crew for upwards of 40 days, is completed. Wednesday the surveying crew disbanded.

The survey has located lines for upwards of 135 sections, Block One being the largest in the county. Many fences will have to be moved, and in instances public road beds will be lost where grading has been done, but the residents of the block thought that an adjudication at this time would save possible future litigation when land values became greater.—Hesperian.

Rain at Silverton.

Silverton, Tex., Sept. 12.—The finest rain this section has had for several weeks fell yesterday and last night.

The ground is now thoroughly soaked and ready for fall plowing, insuring a large wheat acreage next season.

Late crops will be benefitted to a great extent.

The Beacon for the news.

Amarillo State Fair.

Recent good rains over nearly all of the Panhandle and Plains country has perceptibly brightened the outlook for the Panhandle State Fair, to be held at Amarillo October 6th to 11th, and the Fair management is more enthused than ever over the prospect for a notable first year's success.

Those who have visited the old Glenwood Park near Amarillo in the past will rub their eyes when they look upon it in October. An army of workmen have been busy for weeks constructing the substantial stock barns, hog and sheep pens, main exhibition hall, special county agricultural hall, lunch rooms, grand stand, etc. The new half mile track was in excellent condition before the rains, but now it is packed solidly, harrowed, rolled and in almost perfect shape.

Several large silo companies will exhibit models on the grounds, many machinery houses have taken space, the ladies textile department promises to eclipse any thing ever seen in Texas before, and entries in the live stock and agricultural departments are pouring in daily.

Many prominent men, including Governor Colquitt, Senator Shepard, Congressman Stephens and State Agricultural Commissioner Ed R. Kone have been invited to speak, and first class amusement features have been provided for, including an aeroplane flight twice daily for three days, or possibly five days.

The outlook for a magnificent first year's Fair could not be better, and all Amarillo is working as one man to make the visitors feel at home and to give their moneo's worth.

What's the matter with the Panhandle Press Association having a day of their own at the Panhandle State Fair? Get busy Bro. Warwick and set a day and let's all be there. Saturday, the 11th, how would that suit the boys?

For Sale.

My residence property for sale on convenient terms. 4-4t W. L. Vaughan.

Mrs. John Lucas, of Bovina, Texas, is visiting in Lockney.

Seth Ward College at Plainview has raised an endowment of \$75,000, which places that institution on a firm financial basis.

Edna Henson, Christian scientist, has been indicted at Canyon by the Randall county grand jury for practicing medicine without license.

H. B. Murray, editor of the Post City Post, is scheduled to make the race for legislature from this district. T. B. Bartley, it is said, will not stand for re-election.

We have received an attractive folder from the Colonization Department of the Santa Fe railroad, illustrative of the Shallow Water Belt of Texas. The booklet covers the entire Shallow Water Belt of the South Plains, and is a splendid advertisement.

W. F. Doughty has succeeded F. M. Bralley as State Superintendent of Public Instruction, the latter having resigned to accept work with the Extension Department of the State University. The teachers in their recent meeting in Lockney received a message of greeting from the new Superintendent.

The Floyd county jail is empty for the first time in six months. The jail has had an inmate almost continuously for the past eight months. On turning loose the last inmate Sheriff Goen is quoted as saying: "Two or three prisoners are a lot of botheration and I hope the the jail will be empty for a long time now."

We would like very much for the excited journals of New York to tell us why Thaw is wanted back at Mattewan? Is it to undergo punishment for a crime for which he was acquitted, or is it for the purpose of giving a hord of grafters an opportunity of preying upon a rich lunatic. It is high time the courts of New York state were stepping in an putting a stop to this disgraceful farce.

The auto accident in Fort Worth in which two married men were killed while joy riding with two women other than their wives is a fulfillment of the scriptures which says, "The wages of sin is death." No decent, God-fearing man will joy ride with another woman when his place is at home with his wife and children. A man of this stripe is hell-bound, and if he is cashed in before his time he only receives his just recompense of reward. "Thou shalt not commit adultery."

Texas Postmasters have received notice from Postmaster General Burleson that an inventory of equipment of every postoffice in the United States will be made at 12 o'clock September 20th. The postmasters will be required to make a statement of all their equipment including mail sacks, leather pouches and locks.

The new city charter of Amarillo will contain the initiative, referendum and recall—25 per cent of the qualified voters of the city will be required on the petition for the initiative and referendum, while the recall will provide for thirty per cent of the qualified voters on petitions and one-fifth, or twenty per cent, of such signers must be men who voted for the officer to be recalled.

Congressman Stephens is going to have greater opposition for reelection next year than in any campaign he has ever made. In all the newspaper comments made in the state so far, there has been only three favorable and in one case the editor was appointed post master of his town, and in another the editor's daughter got that job, while the third is from Mr. Stephen's hometown.—Cayon News.

By the Plainview News we notice that Judge L. S. Kinder of that city will not be a candidate for re-election as judge or for any other office. He will return to the practice of law after the expiration of his term as judge of that court. He is one of the most popular officials in the Panhandle and would make a good race for any office to which he might aspire. He has been judge of that district ever since it was created and each time run without opposition. This speaks volumes for his popularity and ability.—Memphis Herald.

It is seldom we find as good a man in public life as Judge Kinder, and one whom the people delight to honor. As a reward for his faithfulness we would like to see him elected to Congress. The people need his services from this district in the capacity of a national law maker.

Some one has advanced the opinion that the letter "e" is the most unfortunate letter in the alphabet, because it is always out of cash, forever in debt, never out of danger and in hell all the time. For some reasons he overlooked the fortunes of the letter "e" and we call his attention to the fact "e" is never in war and always in peace. It is the beginning of existence, the commencement of ease and the end of trouble. Without it there would be no meat, no life and no heaven. It is the center of honesty, makes love perfect, and without it there would be no editors, devils and news.—Ex.

The married ball fans and single enthusiasts played a match game of ball on the local diamond last Saturday. The benedicts got taken to a cleaning on a score of 10 to 5. This game closes the 1913 season. Considerable interest has been manifested in base ball this season, and we hope the beginning of base ball enthusiasm has just begun, and next season we may have the winning team of all the Panhandle.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

Electric Head, side, dash and tail lights; Storage Battery and ammeter; 35 horsepower motor, 114-inch wheelbase; Timken bearings; Splitdorf Magneto; Model R Schebler Carburetor; Three-quarter floating rear axle; 33x4 Q. D. tires; Brewster green body with light green striping, nickel and aluminum trimmings; Upholstery of genuine hand buffed leather, cowl dash with Gray and Davis Electric Starter and Generator, \$1,075.00 Mohair top and boot; Stewart Speedometer; Electric Horn; Flush U doors with disappearing hinges and Clear vision windshield.

BIGGER--Point for Point BETTER--Dollar for Dollar

The 1914 Overland is the Most Wonderful Car of The New Season and The Price is Reduced Again

Motor is more powerful; the wheel base longer; tonneau is larger; the equipment is more complete, better and costlier than ever. In every respect value has been increased while the price has been decreased. The manufacturers have turned their enormous facilities over to the building of this one model, in no other way could such value be secured. The production has been increased to 50,000 cars. There is an even stricter practice of the well-known Overland manufacturing economics. And this means a greater car at less cost to you. So finely drawn is the big 1914 Overland production plan, that 50,000 cars will be built; 10,000 men will be kept busy all the year 'round; every wheel of the \$4,000,000 worth of finest modern machinery kept in constant operation, and never a moment's hesitation permitted in a plant that covers more than 100 acres of ground. This is the way the Overland makes possible a

Twelve Hundred Dollar Value For Nine Hundred and Fifty

Their great business is built on established standardized quality.

System is the watchword in the Overland factories—and you get the benefit.

We have the new Model 79 Overlands on our salesroom floor. We urge you to this new model at once.

Ride in the car and feel what a big difference the big 114-inch wheelbase makes; note the cars entirely changed appearance. It is neater, prettier than ever—and that means the prettiest car

of the year.

The long wheelbase gives increased riding comfort.

The improved Overland motor is rated at 35 horsepower—plenty of power to give satisfying comfort and speed. Inspect the many motor refinements which makes the power plant more flexible and accessible.

You'll find a most efficient and reliable electric lighting system on the new Overland. This costly addition to equipment is worthy of a \$1,500 car.

The new Overland body has a handsome finish—beautiful, rich, dark Brewster green. The trimmings are of heavy nickel and aluminum. And the big graceful cowl dash gives to the car an appearance of dignity vainly sought in many other cars of higher price.

Examine the spacious tonneau; note the big, soft, deep and luxurious folds of upholstery. The new Overland is bigger, and better; we can show you point for point where it is the best your money can buy. You can see it today.

GEORGE C. LONG TAKES OWN LIFE

Lived at Cordell, Okla.—Resided in Randall County From 1891 Until 1907.

Stricken by the grief over the murder of his son Henry and the suicidal of his son Charles, Geo. C. Long took his own life Friday morning at the family home in Cordell, Okla.

For fourteen years Mr. Long was a resident of Randall county and was highly respected by all who knew him. He came to the county in 1891 and moved to the present home near Cordell in 1907. His life has always been exemplary and there is no man who has ever known him personally that questioned a motive in his life.

Last Friday morning he arose as usual and went to feed his stock. Mrs. Long presently went out to milk the cows and while so engaged, Mr. Long returned to the house; took a small 32 pistol and went to a chicken house in the nearby orchard where he fired the fatal shot into the left side of his brain.

The funeral services were held Sunday at the Baptist church of which he was a member and was the largest funeral ever held in the city.

For the third time within three years the members of the family were called together to mourn over the dead body of one who had fallen by the bullet. January 17, 1910, Henry (Bunk) Long was murdered at Emma. April 30th of this year, Charles Long took his own life near Happy. Overcome by grief the father took his own life September 5th.

A note was left by Mr. Long which read: May the Lord and my family forgive me. I've carried this load as long as I can.

The wife, mother with one son and six daughters remain to weep over the dead.—Canyon News.

Normal Opens 300 Attendance

The enrollment of the Normal reached the 300 mark Wednesday noon and there are considerable number in the city who did not get registered yesterday. This number is 79 more than the number on the end of the first week last year, and is 127 more than had registered at this time two years ago. Considering the fact that 100 students came in the second week last year, it may safely be estimated that by next Wednesday the enrollment will reach the 400 mark.

The work has hardly started in the school but by the first of next week all the classes will be well organized and started on the year's work.

The faculty feels pleased with the number of students now in attendance and believe that this will be a very successful year of school.—Canyon News.
