

County grid teams to open 1974 season at home

Castro County's three grid teams will open their 1974 seasons at home tomorrow night (Friday) at 8 p.m.

DIMMITT'S Bobcats will host Muleshoe, the Hart Longhorns will entertain Anton and Nazareth's Swifts will face Texline.

Dimmitt is sticking with the Wishbone attack again this season according to head coach Deane Wright. The Cats have good quickness and a staunch defense and will be hoping to improve on last year's 6-4 season finish.

The Hart Longhorns finished

as runners-up in District 3-A last year and hope to take the district crown this season. Coach Lonnie Phillips has some depth problems on this year's squad but says his first units have good size and adequate speed. The Horns will be running from the I formation again this year but have switched

from the monster man defense to a multi-defense with a five man front.

THE NAZARETH Swifts have a new head coach in John Blair, and Swift fans are hoping Blair can stage the same dramatic turnaround in football that he has prompted in girls'

basketball at Nazareth. The Swifts managed only one win last season, but Blair says his squad has a good attitude toward winning.

The Swifts will use a veer offense and a striker five defense.

For details on all the county teams see page 7.

OFFENSIVE STARTERS FOR Dimmitt's Bobcats in their season opener against Muleshoe here Friday night will be (linemen from left) split end Travis Hampton Jr., 160-lb. senior; tackle Larry Duke, 182-lb. senior; guard Ricky Wright, 159-lb. senior; center Lance Louder, 190-lb. senior; guard Shannon Truelock,

143-lb. senior; tackle Harold Love, 160-lb. senior; and tight end Robert Calhoun, 188-lb. senior. Quarterback will be Brad Sanders, 165-lb. senior. At halfbacks will be Gene Veals [24], 165-lb. senior; and Cliff Parker [27], 165-lb. senior. At fullback will be Robert Horton, 153-lb. senior.

Mahon to be co-op speaker

THE FIRST 1974 CORN was delivered at 3:15 p.m. Monday to Dimmitt Agri Industries, Inc., by W. W. Gilbreath (center) marking the start of this year's corn harvest. Here, DAI General Manager Bill Clark (left) and Mike Boothe check the test weight on the first load. The corn was Northrup King PX-50A, an early maturing variety grown by Jackie Clark on

Gilbreath's farm 12 miles south of Dimmitt. It tested 23.9 percent on moisture content and 52½ pounds per bushel. The corn harvest is starting later this year than last because of wet fields, but this Labor Day load was still earlier than expected. If the weather cooperates, harvest should be in full swing by the middle of next week.

Congressman George Mahon will speak at the 40th anniversary meeting of Dimmitt Agri Industries, Inc., Saturday evening, when the association observes the most successful year in its history.

THE MEETING will begin with a barbecue dinner for members and invited guests at 6:30 p.m. in Dimmitt High School gymnasium. After Mahon's speech, the cooperative's stockholders will go into their business session at 8:30.

Carl King, president, will report to the cooperative's 673 members that the 40th year of operation was a record-setter in volume of grain handled and total net savings for members.

Dividend checks totaling \$211,818 will be distributed to stockholders during the business meeting. General Manager Bill Clark said this total represents 25 percent of an allocation of \$963,305 in net savings for the year after federal taxes. The remainder of the total will be held in reserve as operating capital, Clark said.

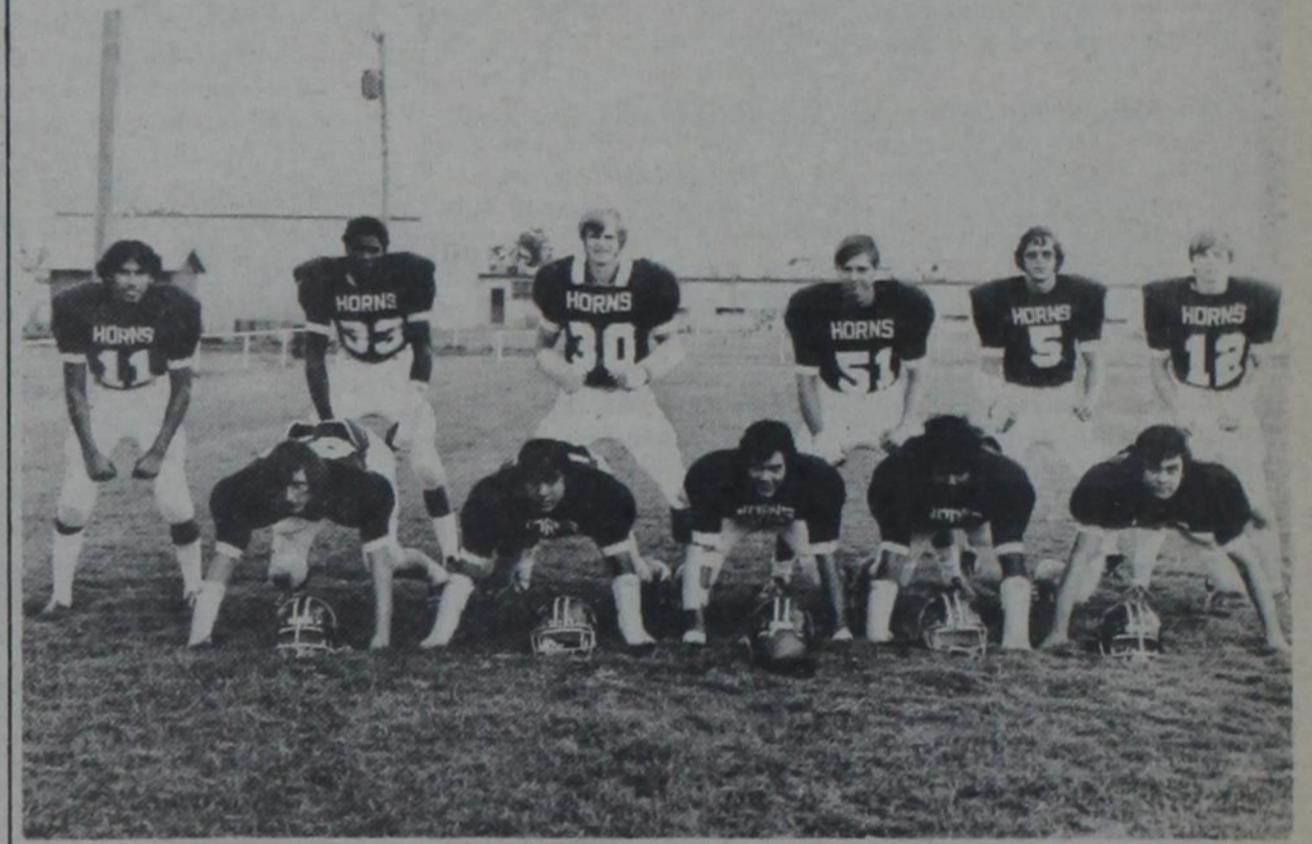

"**THESE** dividends are just like having another industry in

town, because that money will turn over as much as seven times here for goods and services," Clark said.

The financial picture hasn't been that bright for the local association since it ventured into the corn milling industry in the late 1960s — the first cooperative to do so. After borrowing heavily to build the \$11.5 million corn mill here, the cooperative was almost driven to its knees by depressed corn-syrup prices, and finally leased the mill to the Amstar Corporation.

But today, King said, the Amstar lease is a major factor in the cooperative's financial growth. The corn-syrup market bounced back, and Amstar announced plans two weeks ago for a \$20 million expansion of the mill to produce high fructose liquid corn sweetener.

"**A LOT OF** people think our association failed in its mill project, but we didn't," King said. "It has been a success for everyone involved, and it is a tremendous asset to our economy here. Those who invested in it haven't lost — they're [See MAHON Page 13]

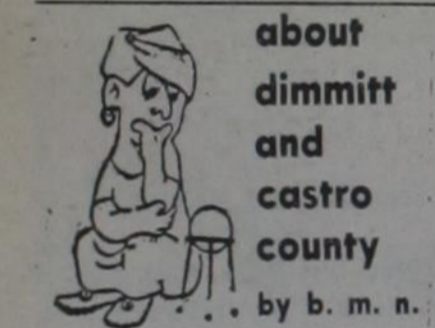

THE HART LONGHORNS will make a bid for the District 3-A championship with a new defense this year. Probable defensive starters in Friday night's home opener against Anton will be from left, in stance, senior end Jimmy Kennedy, senior tackle Freddie Mancias, sophomore nose guard Berto Menjares, senior

tackle Mario Martinez and senior end Danny Carson. Standing from left senior cornerback Gilbert Rodriguez, senior free safety Randy Finch, junior linebacker Terry Hill, senior linebacker Kent Irons, junior strong safety Barry George and sophomore cornerback Lester Aven.

about dimmitt and castro county by b. m. n.

I guess records are made to be broken, and that is just what has been happening lately. Rainfall records for August were broken in all sections of the Panhandle-Plains area in the month just past, then the norther that blitzed the area Sunday night and Monday hung up new records for low temperatures for the date. All of the latest record-breaking weather followed one of the driest seven months ever experienced in these parts. Another record was broken in the past week when a couple of Majors flew a man-made vehicle across the Atlantic Ocean from New York to London in less than two hours, that's heading 'em up and moving 'em out.

The News just established a new record by putting carpet on the front office of the News building. Not many years ago, while we were still printing the paper by the old letterpress method, a carpet on the floor would have looked as odd on the floor of the News building as a dress would on a woman in downtown Dimmitt at this point in time. Back then, by the time the paper was printed each week newsprint would be ankle deep and ink would be an inch, more or less, thick throughout the building. Under those conditions the only way that a carpet could have been cleaned would have been to roll it up [See DIMMITT Page 13]

Irish seminarian visits Dimmitt

By **JIM STEIERT**
News Editor

What does a young Irishman studying for the priesthood in the rolling green countryside of his native land think of the plains of the Texas Panhandle, and particularly of Dimmitt?

"**I THINK** it's great, I really like Dimmitt," said Vivian Ferran, 21, a native of Dunganon Co., Tyrone, in the northern portion of Ireland prior to returning to his homeland last week.

Ferran was in Dimmitt with his fellow seminarian Daniel Garza, 24, on a visit with Garza's parents, Mr. and Mrs. Tony Garza of 211 West Belsher.

"Dimmitt is a small town like my own home and I really feel at ease here," Ferran added. Both Garza and Ferran are students at the Pallottine College in Thurles Co., Tipperary, in southern Ireland. Both have been attending the school for four years.

A 1969 graduate of Dimmitt High School, Garza attended Texas Tech University in 1970 prior to entering the Pallottine College. He decided to go to Ireland after he was contacted by Pallottine missionaries in Lubbock.

During his junior high and high school years here, Garza worked at his father's gas station, and for a short time last week he resumed the role of a station helper.

"I just thought I would get a little grease under my finger

nails again while I was in town," laughed Garza. "I don't miss working at the station though," he added quickly.

Ferran attended grammar school in his home town and graduated at age 16, entering [See SEMINARIAN, Page 13]

McAnally rites conducted Tuesday

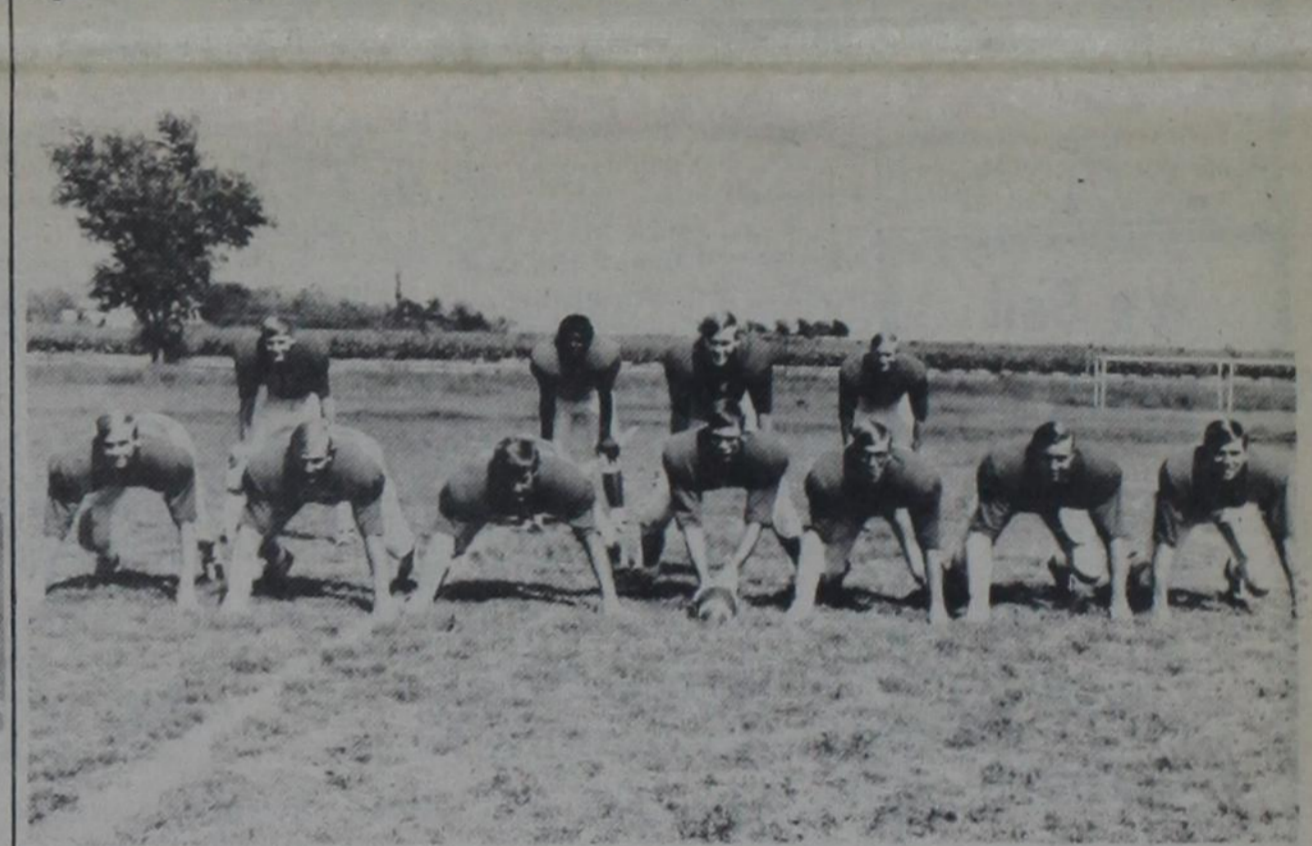

Funeral services were held Tuesday in the Lemons Memorial Chapel in Plainview for Ernest Herman McAnally, 81, former Dimmitt resident.

MR. McANALLY died Sunday in Central Plains Hospital in Plainview.

Born in Duffo, he grew up in Hico and moved to Slaton in 1923. He moved to Plainview from Post in 1932 and after leaving Plainview again he lived in Dimmitt and Providence before he retired from farming and returned to Plainview in 1964.

He was a member of the First United Methodist Church of Dimmitt and married Lillie Ann Hyles in Hico Dec. 9, 1923. She died March 11, 1972. **SURVIVORS** include a daughter, Mrs. Margaret Miller of Plainview; two sons, E. J. of Kress and Roe of Plainview; two sisters, Mrs. Freddie Arnold of Odessa and Mrs. Mattie Gamble of Houston; and two grandchildren.

Burial was in Parklawn Memorial Gardens under the direction of Lemons Funeral Home.

NAZARETH'S SWIFTS have a new head coach and a new offensive attitude as they prepare to host Texline Friday. Probable offensive starters include linemen, from left, junior end Mark Hoelting, senior tackle Cecil Braddock, junior guard Joel Gerber, senior center Keith Birkenfeld, senior guard Kevin

Acker, senior tackle Weldon Wilhelm and senior end Ricky Kleman. Backs from left include junior halfback Derrell Huseman, junior fullback Junior Joiner, senior quarterback Bernie Huseman and senior halfback Charlie Heck.

Dimmitt man jailed on kidnapping charge

Russell Lee Curry, a 31-year-old Dimmitt farm laborer remained in Castro County jail in lieu of \$50,000 bond at present time on charges of aggravated kidnapping in connection with the abduction-shooting of a seven year old Dimmitt girl last Thursday. County Justice of the Peace Mary Jo Smith set Curry's bond Friday.

CURRY WAS accused of kidnapping Diana Dominguez, daughter of Mr. and Mrs. Ed Dominguez of Dimmitt about 7:20 p.m. last Thursday as the child was walking to her home from her grandparents home with some other children.

The child managed to walk to the Terry Parham farm about a mile from the scene of the incident and Parham drove her to Muleshoe where she received emergency medical treatment before being transferred to Lubbock Methodist Hospital.

She was reported to be in fair condition at the hospital at present time.

ACCORDING to Cartwright, Curry was arrested late Friday afternoon when he went to South Elementary to pick up his children. "We are still investigating the incident and plan to talk to the other children who were walking with the child at the time of the abduction," said Cartwright. "I have no idea as to motive," he added.

The Parmer County sheriff's office is also continuing its

County Sheriff Jack Cartwright reported that the girl was forced into a car, then driven about two miles south of Lazbuddie where she was shot in the upper abdomen with a 22 caliber pistol and pushed from the car on a county road. She was apparently left for dead at the scene, some 50 miles from her home.

investigation into the incident. "Parents should remind their children not to get into cars with strangers," Cartwright pointed out. "A word of caution now may avert a tragedy later," he added.

An Added Touch of Beauty Robert Louis Stevenson said: "The world is so full of a number of things, I'm sure we should all be as happy as kings." God's world is filled with loveliness, but we need to add our own touch of beauty, so that we might be builders of a better world with Him. Each of us was given talents which would enable us to contribute to the world and mankind something great and lasting and beneficial. May each of us use these talents to the Glory of God. Add a touch of beauty to your life this week by attending church. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. VETERANS' SERVICES

By BEDFORD SMITH
County Service Officer

Those needing Veteran's Office services now please contact me this week at the office on Thursday or at home. The office will be close Sept. 9-20. I will attend the annual Texas Veterans Services School and County Services Officers Association meeting in San Antonio next week.

MANY women veterans who did not use their GI Bill after the Korean Conflict now have a second chance at Veterans Administration financial help for a college education or other training, under a new law, Jack Coker, VA Regional Office Director, said this week.

When eligibility for this veteran's benefit was recently extended two more years for all veterans discharged after Jan. 31, 1955, it had a special significance for women veterans whose children are reaching ages that allow them more free time.

The deadline for completion of training is now May 31, 1976, or ten years from the veteran's date of discharge, whichever is later.

Of the some 160,000 women veterans eligible for current GI Bill school benefits, about 54,000 have trained under this program.

This spring, nearly 21,000 were in training, mostly in college. Only 209 were on-the-job trainees.

Below college level training is available in a wide range of occupations such as hotel or motel manager, specialty shop or store manager, and hair dresser, plus other programs also open to men.

Women veterans of the Air Force lead in GI Bill training, with 15,672 having trained. Army is running second with 15,361.

In addition to veterans, 3,909 servicewomen have trained under the current GI Bill, of whom 842 were in training in April.

VFW NEWS

By GERALD BROADSTREET
Greetings Comrades,
Does it seem like to you that time is really flying by? To me this has been the fastest summer of all. Already the grain in the fields is ripening and the next thing you know we'll be Christmas shopping.

COMRADES, I would like to point out that our membership renewals are considerably lower as compared to last year. We did not reach our goal of 30% by Aug. 31, so therefore we will not receive the "Ball of Fire" award this year.

Remember, the sooner you send in your renewal dues the better for our Post. It will lighten my work load as quartermaster and too, it will help our district in state-wide standings. Our district did very well last year and I sure would like to see it do even better this year. I know we can do it Comrades, so let's all pitch in and do our part as a member of the VFW team.

DUE TO Monday being Labor Day our regular monthly meeting will be held next Monday night Sept. 9. Please make a big effort to attend and pass the word around to the other members so they will be there. Our meetings start at 8 o'clock and the Ladies Auxiliary has a covered dish supper immediately following the meetings.

This is unconfirmed information but I understand the House Committee is planning a dance for the latter part of the month. Just as soon as I find out something definite I'll let you know.

LAST Wednesday night we had a little excitement as we had a big winner at our Game Night activities. I hope you'll make plans to be with us this week. Who knows, you might be the lucky one this week. Starting time is 8:30, see you there.

Three speakers to address THDA meet

Three women in government and education will address the 48th annual state meeting of the Texas Home Demonstration Association (THDA) in Amarillo Sept. 17-19.

AS KEYNOTE speaker Judge Mary Lou Robinson of Amarillo will discuss the role of women in a changing world Sept. 18 during a morning assembly.

Mrs. Wilmer Smith of Wilson will speak the same morning. Currently serving as the second woman member of the Texas A&M University System board of directors, Mrs. Smith is also a former president of the Texas Home Demonstration Association.

Mrs. Florence W. Low, assistant director, Texas Agricultural Extension Service, The Texas A&M University System, will address the group during the Sept. 19 evening assembly. Her topic is "Looking Forward with THDA."

OTHER activities during the three-day meeting will be workshops on delegates, publicity, citizenship, family life, 4-H, health, cultural arts and recreation, safety and THDA itself.

Officers for 1975 will be elected and installed Sept. 19.

LOW carbohydrate diets may cause undesirable metabolic changes in the body, Sally Springer, foods and nutrition specialist, Texas Agricultural Extension Service, said. An adequate supply of carbohydrates should be included in the diet to supply glucose, an essential energy source for brain and muscle tissue.

Mahon reports battle looming over export controls of crops

Representative George Mahon reports that a battle is looming in Congress and in the Administration over the issue of export controls on farm crops. He expressed firm opposition to the imposition of such controls. Mahon advises that a number of members of Congress from non-farm areas are advocating export controls, pointing out that last week there was a vote in the House on an amendment to the Export Administration Act which would have tended to encourage the imposition of export controls on farm commodities. The amendment was defeated; but Mahon predicts that the proposal is just the beginning of what promises to be a continuing struggle over this issue. MAHON stated that the imposition of export controls on farm crops would be a serious blow to farmers already severely pinched by the cost-price squeeze. He said, "The clamor for export controls is the

4-H program helps handicapped youth

Every child should have the opportunity to grow and develop to the maximum of his or her ability. And this certainly includes those special children who need assistance due to mental and physical handicaps. This was pointed out by a 4-H and youth specialist for the Texas Agricultural Extension Service. "4-H OFFERS a special program for the mentally retarded and physically handicapped that is designed to help these children develop basic skills and happy, well-adjusted personalities," says Lanny Bullard. "Although social maladjustment is not a problem peculiar to the mentally or physically deficient, one of their greatest needs is to grow socially. Retarded children usually have a limited circle of contacts and acquaintances, and this limits their opportunities to practice personal relationships. The 4-H program develops social growth in these exceptional children." Through 4-H leadership projects and activities all youth can grow and develop in a wholesome way, points out the Texas A&M University System specialist. Projects in personal grooming, recreation, care for pets, safety, shopping, and creative arts and crafts are among many activities available to these youth. "THE CONTINUED growth of this program depends on interested volunteers and teachers. Those interested in giving a little of their time to lend a helping hand to these exceptional youngsters should contact their county Extension office," urges Bullard. "Those who give guidance will add a rewarding and exciting dimension to the volunteer leadership responsibilities in their community."

encouragement of greater production is the proper policy for the government to follow. THE Congressman made reference to the vital role of agriculture in supporting stability of the dollar at home and abroad, pointing out that last year would have been a disastrous year for the United States in international trade had it not been for the export of \$19 billion worth of farm commodities. Secretaries hold meet at Hereford

The Deaf Smith-Castro Counties Legal Secretaries Assn. (Texas) met in special session last Tuesday at 140 East Third, in Hereford with Judy Watson as hostess. BY-LAWS WERE adopted by the chapter, and orientation and initiation of new members conducted. Plans were formulated for the special observance of National Legal Secretaries Week and the selection of a Legal Secretary of the Year to be announced in October, and for a Day-in-Court program at the same time. Also, plans were discussed for the joint meeting of the chapter with the Hereford and Castro County Bar Associations on Tuesday, Sept. 3, with Sen. Max Sherman as guest speaker. The program included a humorous skit on "What Not to Wear to the Office," a "definition bee" of legal terminology, and a crossword game on legal terms. New members welcomed into the chapter were Elsie Baker, Wanda Spain, and Lola Faye Veazey of Hereford, and Clara Vick and Audrey Bussey of Dimmitt.

There's a good side to the high price of oil and the flood of dollars the Arabs are receiving for their black gold. A lot of those dollars are coming back to the US as the Arabs discover that there are very few countries where the investor is as well protected as he is in the US. There are also few countries which can supply the military hardware the Arabs are buying. AS A RESULT of the Nixon/Ford Administration efforts to strengthen US influence in the Middle East, big contracts are being signed between Saudi Arabia and this country. Bechtel Corp. is designing a \$100 million airport; Rtheon is supplying the hardware for the Saudi air defense system; Lockheed is selling the Saudis 30 C-130 cargo planes and Whitaker Corp. will provide \$17 million worth of equipment and maintenance for three Saudi military hospitals. Before the year is over, one American company is expected to win a \$300 million contract to equip the Saudi Arabian National Guard. Contracts of less than \$20 million are considered to be penny-ante. A lot of merchandise could have been sold to the Saudis if it could have been produced. Caterpillar had orders for 1000 heavy construction units but could allocate only 350 because their production lines are operating at top capacity. Lockheed snared a contract for two TriStar jet with a price tag of \$25-million each for the national Saudi Arabian Airlines. General Motors is building an assembly plant at Jiddah. THE SAUDIS are upgrading almost every phase of their economy, including communications, education and transportation systems. Over \$1 billion alone will be spent on the University of Riyadh. A 3-million metric ton steel mill is under construction and Bechtel has also been hired to design an industrial complex for the oil/gas rich eastern province near Dhahran. Over \$10 billion will be spent on petrochemical and fertilizer plants in the next ten years. The Saudis are also looking for opportunities in food processing, cement and aluminum. Much of this program is many years down the road. But for the moment, the Saudis are going to have a rough time spending just 25% of this years

Energy crisis affects textiles

Manufacturers of synthetic fibers face a complex problem resulting from the energy crisis and shortages of raw materials, according to one authority. "OIL IS the primary raw material for textiles and 65 percent of all fibers produced are man-made," Marilyn Brown, consumer education specialist, Texas Agricultural Extension Service, the Texas A&M University System, said this week. Estimates for the future show synthetic fabrics will capture 70 percent of the market by 1977, leaving cotton with about 28 percent and wool with slightly over one percent. Price increases on apparel are a natural result of the growing man-made fiber market and the shortages in raw materials. THE SPECIALIST noted that manufacturers "have been doing a juggling act in production in an effort to keep prices from breaking out of control." But she indicated that the shortage of all fibers and the steady rise in fabric prices will cause manufacturers to turn over their cost increases to the consumer this fall. New coach, winning attitude should spark Swifts in '74

By JIM STEIERT
News Editor

The Nazareth Swifts will enter the 1974 football season with a new head coach in John Blair and a new attitude as they seek to improve on last year's meager 2-8 season mark.

BLAIR, who served as an end and secondary coach as well as junior high football and

girls' basketball coach last year at Nazareth replaces Clayton Neal as head mentor of the Swifts.

He will be assisted by Bruce Bush, line coach, who is in his second year with the Swifts. Also assisting with coaching duties is Jackie Bridges. Bridges taught at Nazareth last year but this is his first year in coaching. He is end coach.

The Swifts are blessed with ten returning lettermen on both offense and defense and three senior boys who haven't played football previously have also joined the team. Nazareth lost only four lettermen to graduation.

Among returning offensive lettermen is Junior Joiner, a 5-11, 185 pound junior fullback who was tapped for all-district honors last year.

OTHER MEMBERS of the Swift backfield include 5-11, 150 pound Bernie Huseman, a three year letterman at the quarterback slot, 5-10, 145 pound junior halfback Derrell Huseman, a two year letterman, and 5-5, 145 pound senior halfback Charlie Heck, another two year letterman.

Alternating at quarterback will be Doyle Kleman, a 5-9, 150 pound senior who has earned two letters.

"Our interior line has good size and fair speed this year, we'll average about 185 pounds

across the line on our first unit," said Blair.

Keith Birkenfeld, a 155 pound senior will snap the ball. Guards include Glenn Kleman, a 185 pound senior, Kevin Acker, 150 pound senior and Joel Gerber, 180 pound junior.

AT THE tackle posts will be Cecil Braddock, a 180 pound senior in his first year, Weldon Wilhelm, a 185 pound senior and Glenn "Tank" Dobmeier, a 215 pound junior.

Ends will include 170 pound senior Ricky Kleman and Mark Hoelting, a 145 pound junior.

Nazareth will run a veer offense which was put in to utilize available talent.

"We have fair speed in the backfield and should have a pretty good offense this year. The boys are beginning to come around over last year's offense, which averaged only one touchdown per game," said Blair. "The boys are way ahead of what I thought they would be on offense," he added.

ACCORDING to Blair, the Swifts will utilize a striker five defense.

"We don't have any experience with this new defense but the boys are definitely hitters. The defense is ahead of the offense and may stay that way all year," said the coach.

Probably defensive players include - Secondary: Charlie Heck and Derrell Huseman; Linebackers: Joel Gerber and Junior Joiner. Defensive ends: Dwayne Schulte and Kevin Acker. Strikers: Keith Birkenfeld and Ted Huseman. Tackles: Cecil Braddock and Weldon Wilhelm. Nose guard: Glenn Dobmeier.

"The boys have become enthusiastic and have a winning attitude now," said Blair. "They feel like they can do something against the opposition. Lack of experience is our only problem right now but the boys will definitely hit and our defense should be stout," he added.

THE SWIFTS will host Texline tomorrow (Friday) at Swift Stadium at 8 p.m. in their season opener. Blair is confident that his charges will do well against Texline.

"Enthusiasm and a good attitude are important for a winning team and if our early workouts and scrimmages are any kind of indication, we should get off to a great start Friday night," said Blair.

Bobcats staying with 'Wishbone'

It will be Dimmitt's Wishbone-T against Muleshoe's Power-I in the season opener at Bobcat Stadium Friday night, and running will be the name of the game.

KICKOFF time for the 1974 lid-lifter will be 8 p.m.

Remembering past tussles, the Cats of District 3-AA and the Mules of 1-AAA will have a healthy respect for each other Friday night. Last year's game was a scoreless tie at halftime before the Bobcats ground out a 16-0 win. And that's about as big a point spread as either team has given the other in recent years.

A major factor in Dimmitt's opening-game victory over Muleshoe last year was the running and defensive safety work of Robert Mayberry, who was a unanimous all-district choice on both offense and defense. But Mayberry, who is coming off a knee operation, won't see action Friday night. He's expected to be ready for the Slaton game next week.

"I don't want to lose to Muleshoe, but I don't want to take a chance of hurting Robert to beat them," Coach Deane Wright said. "It would be tremendous if our boys could learn Friday night they can beat Muleshoe without Mayberry."

COACH WRIGHT has 18 returning lettermen, including five offensive and four defensive returning starters from the team that posted a 6-4 record last year. With 15 seniors and eight juniors, they're an experienced crew.

Mule Mentor Chuck Stout has got four offensive and four defensive regulars back from the Herd that went 3-6-1 last season. The Mules are young; only eight of them lettered last year.

When Dimmitt's offensive linemen make their jump at Muleshoe's front four, it will look like a gaggle of Volkswagens attacking a fleet of Mack trucks. And that's a situation Bobcat fans might as well get used to, for the Purple offensive line averages only 169, with four of the seven weighing in at 160 or less.

Muleshoe's line is in the 185-lb. range, with its interior linemen averaging 195.

WHEN THE Bobcats go on defense, though, the line size balances out. Dimmitt's front four averages 193, anchored by 241-lb. senior tackle Randy Porter.

So the pressure will be on the offensive lines Friday night, and their staying power may prove to be the determining factor.

"Muleshoe's main strengths are their size and running game," Coach Wright said. "They're big and quick."

IN THE line, keep an eye on Muleshoe's defensive tackles - Dusty Davis (215, Sr.) and Robert Stoval (200, Sr.). "These two tackles are Muleshoe's main defensive strength in the line," Wright said. "I know that Tech is interested in both of them."

The Bobcats will counter with quickness, the triple-option running game and a well-entrenched defense.

"When Mayberry gets back, then speed will be another one of our strengths," Wright said.

NEITHER team is expected to throw many passes. The Mules will have to put the ball in the air more this year than in the past, Coach Stout said, "but we'll still make our living running the football."

Coach Wright said flatly, "Our weakest point is our passing. We've got good receivers but poor pass blocking. Our line hasn't been letting the quarterback get set up."

So look for a lot of running Friday night. In that department, Dimmitt has the edge on paper because of its experienced backfield.

BRAD SANDERS' 165-lb. senior quarterback, will guide the Bobcats' Wishbone-T offense again this year. He's considered by his coaches to be "a mainstay on offense and a definite all-district prospect." He'll be backed up by 155-lb. junior Ronnie Lawson, who started several games as a

sophomore last year.

Running from the right halfback slot Friday night will be Gene Veals, 165-lb. senior who teamed with Mayberry to create a strong outside threat last year. Veals, too, is considered an all-district candidate.

At the other halfback post will be Cliff Parker, 165-lb. senior who lettered last year as an end.

AND AT fullback will be Robert Horton, an experienced 153-lb. senior who has earned two letters.

At tight end will be Robert Calhoun, 188-lb. senior letterman. Next to him at left tackle will be Harold Love, 160-lb. senior who has earned two varsity letters.

Returning at left guard is the team's smallest player, 143-lb. senior Shannon Truelock. But Truelock proved last year that size is secondary - he earned all-district honorable mention.

AT CENTER is another returning starter, Lance Louder, a 190-lb. senior who made the all-district team last year as a linebacker.

At right guard will be Ricky Wright, 159-lb. senior who has lettered twice. At right tackle is Larry Duke, 182-lb. senior letterman.

Rounding out the Bobcat offense is split end Travis Hampton Jr., another returning starter. He's a 160-lb. senior.

COACH WRIGHT will hold his breath every time one of his halfbacks takes the ball, for his only substitute for Veals and Parker is freshman Thompson Mayberry, the only player on the squad who isn't a junior or senior.

The Bobcats will use basically a "Split 4" defense, but the outside linebackers - Louder and Sanders - will be on the line of scrimmage most of the time, giving the effect of a six-man line. The "front four" are Love and Calhoun at ends, Duke and Randy Porter at tackles.

At the inside linebacker posts will be Horton and Truelock. At halfbacks will be Veals and Hampton, and at safety will be 155-lb. junior letterman Kyle Touchstone.

Football dads to be honored

Dimmitt High School's football fathers will be honored tomorrow (Friday) at the Dimmitt-Muleshoe game.

DADS ARE requested to be at the football field at 7 p.m. and should meet near the fieldhouse goal posts.

The fathers will be recognized in ceremonies at the game.

Horns to utilize new defense in bid for District 3-A crown

By JIM STEIERT
News Editor

After finishing the season as runners-up in district 3-A last year, the Hart Longhorns will be pinning their hopes for a district crown in 1974 on a new defense and an offense similar to that used last year.

THE HORNS worked from a slot and tandem I offense last year and will run a similar offense this season, using a full house backfield frequently according to head coach Lonnie Phillips.

"Defensively, we're switching from a monster man defense to a multi-defense with a five man front. We are emphasizing having every boy in on the tackle or at the point of the ball," says Phillips.

Finding replacements for the 14 lettermen lost from last year's squad has created somewhat of a problem for Phillips, but 13 lettermen, including eight seniors have returned for duty.

Among those lettermen are 6-1, 165 pound senior end Danny Carson, Gilbert Rodriguez, 5-10 148 pound senior end, George Hernandez, 5-8 183 pound senior tackle, Dean Hill, 5-11 236 pound junior tackle and Freddie Mancias, 5-9 170 pound senior guard.

ALSO MARIO Martinez, 5-7 207 pound senior tackle and Kent Irons, 5-11 170 pound senior center.

Returning to the Longhorn backfield are Danny George, 5-10 155 pound senior quarterback, Terry Hill, 6-1 180 pound junior fullback, Randy Finch, 6-3 177 pound flanker and Barry George, 5-10 172 pound junior tailback.

The interior line for the Horns will average about 185 pounds, and the backfield averages about 168 pounds.

Probable offensive starters for Hart will be: Ends, Danny Carson and Gilbert Rodriguez; Tackles, Mario Martinez and Dean Hill; Guards, Freddy Mancias and George Hernandez; Center, Kent Irons; Quarterback, Danny George; Tailback, Barry George; Fullback, Terry Hill and Flanker, Randy Finch.

"WE'RE GOING to throw the ball more this year on offense, we have adequate receivers and Danny George is a good passer," said Phillips. "We should have better than adequate speed in our backfield and we have good speed over our first 13 boys," he added.

Defensively, the Horns will be an aggressive team according to Phillips.

"We have been making some mental mistakes on defense, but we should be a stronger team defensively than we have been in the last two years," said Phillips.

Making up the defensive secondary will be Barry George, a two year letterman at strong safety and Randy Finch, a converted defensive end at free safety. Vying for corner-

THE WORD "alms" has no singular, as if to teach us that a solitary act of charity scarcely deserves the name.

back slots are Gilbert Rodriguez, Lester Aven and Kerry George.

LINEBACKERS will include Kent Irons and Terry Hill. Other probable defensive players include: Tackles, Freddy Mancias and Mario Martinez; Defensive ends, Jimmy Kennedy and Danny Carson; and Nose Guard, Berto Menjares.

"We may have some problems with depth this year, after our first unit our weight drops, but our desire sure doesn't," said Phillips. "The boys are energetic and are good hitters, they are willing to work for us," he added.

Phillips will be assisted in coaching duties by Kenny Barnes, offensive back and linebacker coach, Larry Cole, defensive end and offensive tackle coach, Wes Poarch, defensive secondary and receiver coach and Bill Taylor, interior line coach.

PHILLIPS RANKS the Vega Longhorns as the team to beat in District 3-A this season, although Hart will play such teams as Shallowater, Crosbyton, Friona and Petersburg before entering district competition.

The Horns play host to Anton tomorrow night (Friday) at 8

o'clock in their season debut at Longhorn Stadium. Hart will be looking for its first win of the season as the Horns seek to improve on last year's 7-0 record.

THE NEW LOOK at W&C Grain, Inc., is the result of new steel storage tanks, a second grain dump and a third corn dryer. W&C Grain, Inc., has increased its total storage capacity to more than a million bushels and its

drying capacity to 4,500 bushels per hour. The latest expansion project has been completed and the elevator company is now ready for the corn harvest.

W&C Grain, Inc., doubles storage, drying capacity

Since the last harvest season, W&C Grain, Inc., has undergone a massive expansion.

"THE FARMERS here are doing such an outstanding job of production, we're just trying to keep up with them and provide them with the facilities they need," said Douglas Adams, manager.

The elevator company on East Bedford has almost doubled its storage capacity and more than doubled its grain-drying capacity during the year.

EXPANSION has been the keynote at W&C Grain, Inc., ever since the company was organized two years ago by Mr. and Mrs. G. L. Willis and Mr. and Mrs. David Cole.

In 1972 W&C installed an M-C continuous grain dryer. Last year the company added a second M-C dryer and two Chief steel tanks to increase storage capacity by approximately 110,000 bushels.

During the past year the company has gone up with two larger Butler steel storage tanks with a combined capacity of 440,000 bushels, and has added a second dump. And the company installed its third grain dryer — a large Berico unit with a capacity of 2,500 bushels per hour.

AS A RESULT of these additions, W&C Grain, Inc., now has a grain storage capacity in excess of a million bushels and a

drying capacity of 4,500 bushels per hour, with two-line service for dumping.

Adams, who was named manager of W&C Grain, Inc., when the company was formed in 1972, has been in the elevator business here 13 years.

EAST VIEW of the expanded W&C Grain, Inc., shows the large Berico corn dryer (2,500 bu. per hour) amid the new steel storage tanks. The inside tanks were built last year and the larger outside tanks and the dryer were added this year.

Runaway box cars damage elevator

A new elevator leg and corn dryer under construction at Farmers Grain Co. in Hart were heavily damaged by runaway box cars last week.

THE UNMANNED cars, laden with corn, rolled past their destination at Hart's Grain Handling Corp. last Tuesday and plowed into the Farmers Grain facilities.

According to Dewayne Brown, manager of Farmers Grain Co., damages will total \$175-\$200,000.

A section of track at the elevator and a crane belonging to Kruse-Reed Construction Co. of Plainview were also damaged.

THE DRYER under construction was expected to be completed Sept. 15. According to Brown, it is not known at this time when the unit will be in operation.

The freight cars were undamaged in the mishap.

G-T is here!
with a G-T dryer...
you can reduce field losses and improve grain quality!

250-350-500 Bushel Capacities

G-T DRIES GRAIN FASTER AND MORE ECONOMICALLY!

G-T Grain Dryers will help you save far more grain and have better quality grain enough of both to be a high-yielding investment. You have field losses of at least 5 per cent while waiting for grain to field dry after it matures even if weather is ideal. During this waiting period, you can have losses up to 100 per cent from wind, hail, rain, snow, insects, birds, lodging and other hazards. Low harvest-time prices for grain too wet to store can cost you plenty, too.

When you have a G-T Dryer, you prevent field loss and improve grain quality for a much smaller investment. You dry for less and dry faster. You dry automatically so you can continue harvesting as you dry. Come to see G-T soon at our place!

VIEW FROM THE LIBRARY

By MARY EDNA HENDRIX

Charles A Lindberg is dead! He was a great hero after his flight across the Atlantic. We have some books about him and by him, also two good books by his wife, Anne. We have the "Wartime Journals of Charles A. Lindberg," the "Last Hero" and People of Destiny book about Charles A. Lindberg. "Bring Me a Unicorn - Diaries and Letters of Anne Morrow Lindberg 1922-1928" and "Hour of Gold, Hour of Lead" are the two books we have by Anne Lindberg.

WE HAVE several new books. Some of these are: "Gerald Ford, Up Close," by Bud Vestal; "All the Presidents Men," by Carl Bernstein; "Centennial" by James A. Michner; "The Gulag Archipelago" by Aleksandr Solzhenitsyn; "Ah One, Ah Two" by Lawrence Welk; "Run and Not be Weary" by Dwight L. Carlson; "When God Says No," by William P. Barker; "Total Woman" by Marabel Morgan;

"Be Happy, You'll Like It" by Merrill Winsett; "Richest Lady in town" by Joyce Landorf; "As Tall as my Heart" by Marjorie Holmes; "Til Divorce do us part" by Dr. R. Lofton Hudson; "House of a Thousand Lanterns" by Victoria Holt; and "Gift of Wings" by Richard Bach.

We are planning to start the Childrens Story Hour on Friday, Sept. 6 at 1 p.m. If your child is old enough to sit and listen to a story, then bring him to the Rhoads Memorial Library at 1 o'clock and pick him up at 2 or before.

MORE coming in to see the library: Carl Moore came in with his dad, Odie, and Suzanne Merritt came in with her mother Sue. Mrs. Merritt is president of the Dimmitt Book Club this year so I am sure we will be seeing her more often. Allan Webb needed a book so he made a quick tour of the library while he was here. Glenda Price came in with Irene Keating. Glenda is an Assistant County Extension Agent and she will be moving to Stratford soon. Charles Hotel came in to return a book and Beral Hance comes in often - all of these are from the County Agent's office. "Zito" Sartarelli, former AFS student, came in with Lonnie and Lori Bell. He has been speaking to the civic clubs.

Mr. and Mrs. Duggan from Littlefield came in to see the library since they are in the planning stages for a new library. Marilyn Hitt came in for some books for her mother to read while she is in the hospital. Mrs. Hitt is the daughter of Rev. and Mrs. W. E. Summers and she lives in Farmers Branch, a suburb of Dallas.

from wall to wall and dump the whole mess in an incinerator.

I guess that if you were going to make a list of records that were broken during the year, without trying to be unpleasant, you would have to mention the fact that for the first time in the country's history we have a living president that didn't finish his term of office, and that his successor is the only un-elected president in the nation's history. You can never tell what will happen, but it is nice to know that no matter what happens, the constitution provides the solution to any emergency.

Another record that is being broken, almost every day, is the cost of anything that you might want to buy. I am not sure that the inflationary spiral, by comparison, couldn't run those two Majors a dead heat.

Boosters seek to charter buses

The Dimmitt Booster Club is attempting to charter a bus for the Dimmitt-Slaton and Dimmitt-Tahoka football games.

INDIVIDUALS interested in traveling to those games by bus should contact Wanda Derrick at Behrends Insurance Agency during the day or at her home at 110 SW 8th in the evenings.

Fares will be \$8 per person for the Slaton game and \$9 per person for the Tahoka game. Reservations must be made immediately.

The buses will pick up fans at Dimmitt High School.

Suspect arrested in city burglary

Benny Carr, 20, was arrested by Denver City police early this week in connection with the April 2 robbery of the Ike Moore home in Dimmitt.

CARR WAS transferred to Dimmitt and according to city police chief W. W. Jones, a stereo and other items taken in the burglary were also recovered.

Carr was to face arraignment locally at presstime.

WTRT board nixes telephone rate hike

The board of directors of West Texas Rural Telephone Co. of Hereford voted unanimously against increasing telephone base rates at its Aug. 28 meeting.

THE BOARD reviewed rates due to the continuing rise in costs of both labor, material and operations experienced locally and nationwide.

According to a spokesman for the group the board "felt strongly that it was necessary for everyone to try to stem the tide of inflation."

Board members agreed that another review would be necessary in approximately six months.

Seminarian . . .

[Continued from Page 1] the seminary at 17 years of age.

"The kids start school in Ireland when they are four or five years old," Ferran explained.

"I think the Irish education system is a lot tougher than our own education system," said Garza. "What we learn here in the first or second grade, the Irish kids learn in Kindergarten," he added.

Garza reported that he had little trouble adjusting to the change from the Texas Panhandle to Ireland, but that it took some time to get accustomed to the changes in food and climate.

"The people of Ireland are very hospitable, and Ireland is green the year round, it's a lovely country. The only social life there though is going to the pubs," Garza reported.

Ferran's home in the northern portion of Ireland is in the center of the strife-torn portion of the country.

"EVERYTHING is torn up where I live and there have been a few bombings and shootings in my home town. I have been stopped and searched and searched by the British army a few times myself," said Ferran.

"Our problems will probably be with us for a long time yet, especially in the north," the young Irishman opined.

Inflation is a big problem in Ireland too according to Ferran. A package of cigarettes is \$1 and meat is \$2.50 per pound.

"GAS IN MY country is about \$1.25 per gallon, and the bicycle is an essential means of transportation. If you want to travel you take a bus or a train," he added.

Ferran, on his first visit to America, made a stop in Dallas prior to coming to Dimmitt. He toured Palo Duro Canyon during his stay here and replied "there's nothing anything like that place in Ireland."

Both young seminarians are three years away from ordination to the priesthood, and they report that 24 students are currently attending the Pallottine College.

The Pallottine missionaries work in England, Africa, South America and the United States according to Garza.

GARZA AND Ferran returned to Ireland Friday. Asked about his future plans Ferran replied, "Dimmitt is a great place, I'll definitely be back."

Clark added, "With the impact this mill has had in getting Castro County into the corn business, and with the effect it has had on corn prices on the local market and what it will do in the future here, it has been a tremendous economic force in our county. Our farmers have all come out better financially because of it."

The association was chartered as Dimmitt Wheat Growers, Inc., on March 31, 1934, by P. H. Dyer, J. G. Binswanger, E. B. Wright, O. C. Axtell and M. H. Fowlkes. At its first annual meeting the following month, Dyer, Wright, Axtell, Fowlkes and George Bagwell were elected to the first board of directors.

AT THAT TIME the association had \$1,800 in cash and a \$14,000 debt. Its total authorized capital stock was \$20,000. Membership grew to 229 by the end of its first year of operation.

Today the association's authorized capital stock is \$8 million, its total assets are listed at \$16,516,000, and it has a membership of 673 farm owners and operators. Sales during the past year totaled \$13,800,000.

Coach pleased with scrimmage

"I thought we looked pretty good — our boys did fine," said Head Coach Deane Wright after the Bobcats' scrimmage against the powerful Post Antelopes at Petersburg Friday night.

THE ANTELOPES are the third-ranked Class AA team in Northwest Texas, "and they may be better than that," Wright said.

"We knew we were going to get whipped on a little," Wright said, "but our defense showed up strong, and they didn't complete but one pass on us until the goal-line stands. The only place we looked poor was in the goal-line situations — and we asked for those, because we needed the work."

It was the first acid test for the Bobcats. An earlier scrimmage scheduled with Abernathy was cancelled because of rain.

Here are week's best food buys

By DON NELSON

Note to the Bobcats: You'll enjoy playing football in our beautiful high school stadium this year, fellows. I know I did, 25 years ago, when it was one of the best Class B stadiums around.

IN THOSE days Doak Walker, Johnny Lujack and Leon Hart were the national football heroes, the Cotton Bowl was one of the finest stadiums in the nation, and Roger Staubach was still in three-cornered pants.

The Cotton Bowl has since given way to Texas Stadium, and seems doomed to a phase-out. But we're not going to let oblivion happen to our beloved Bobcat Stadium. We've proven that with three votes since last season.

Not only did we expand and update Bobcat Stadium a dozen years ago with a wooden crowd's nest on the south end of the home side, but this summer we remodeled it, installing 18 new planks in the bleachers to avoid broken legs and emergency splinter extractions.

SOME OF our fans may grouse about our stadium, but let's face it — all they want is comfort, safety, a place to sit, and the convenience of not having to walk home from the parking lot on a rainy night.

Generally, our folks are satisfied with Bobcat Stadium. The school board asked us three times if we were, and all three times we said we were — or at least, we didn't say we weren't.

ONE OF THE saving graces of football, the great equalizer, is that you players only need some marked-off ground to play on. You don't have to have bent-grass mowed to 9/16ths to throw a block. Some of the top pros playing in the great stadiums today were doing their thing on glorified pastures not long ago.

Just bear this in mind, fellows: You don't owe your opponents any apologies for our old stadium or field house, for you're not voting age. Play the game as it was meant to be played — hard, heads-up and clean — and represent your school with honor. If we older folks have let you down, you can still keep football a proud sport here. In fact, perhaps you can show us the way.

More "veal, baby beef and heavy calf" is being offered in the markets because of the high cost of animal feed — and this trend is likely to continue, Mrs. Gwendolyn Clyatt reported this week.

IN ADDITION, most meat prices are trending upwards, according to the consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

"Chuck roasts are frequently featured at thrifty prices, and it's a good time to buy extra roasts for the freezer," she added.

Pork prices are seasonally high, Mrs. Clyatt noted. "Pork values, generally, are found on hams, picnics, Boston butt roasts, shoulder steaks and liver."

The specialist cited vegetables as other economical "buys" of the week.

Most economical are squash, cabbage, carrots, dry yellow onions and cooking greens.

"POTATO PRICES are down with good selections from the new crop.

"Fruits in good supply include prunes, seedless grapes, nectarines, plums, cantaloupes and watermelons."

CONSUMER Watchwords: These are okra days. In choosing okra, pick pods that snap easily or puncture on slight pressure. Store okra in the refrigerator, but don't plan on keeping it more than a week.

There are now nearly 8,000,000 archers in the United States, approximately the same number as there are golfers.

Environmentalists worry about the effects of the Alaska pipeline upon caribou migrations with justifiable cause. A similar 200-mile line in the Soviet arctic has all but halted traditional reindeer migrations in the area. Effects of what amounts to a drastic lessening of forage range on the 400,000 animal herd are being studied. Scientists have pressed for the construction of passes over and under the pipe, which runs four to six feet above ground, to allow the reindeer to cross. But Big Daddy Pipeline says nay. The chief concern is oil . . . not reindeer, says a company spokesman.

RICE harvest is underway and prospects for a good crop are good to excellent.

LCC Schedules High School Day

Music, music and more music will highlight Lubbock Christian College's first High School Day of the year, Oct. 26.

Registration and a barbecue lunch will kick off activities at 12 noon in the college cafeteria.

At 1 p.m., visiting high school students will meet in the C. L. Kay Christian Development Center Auditorium to hear guest speaker Wally Wilkerson, youth minister for the Waterview Church of Christ in Richardson.

LCC's A Cappella chorus will perform after Wilkerson's message.

After chapel, student senate members will guide the visitors on a campus tour. Academic and financial aid counseling will be from 3 p.m. till 4 p.m. in LCC's Moody Library.

"These sessions are what 'he whole day is about,'" said John King, director of admissions. "It offers an opportunity for the high school student to find out what's involved in getting a degree and what job opportunities 'these areas of learning would generate.'" King added.

The main attraction, however, will be Rick Nelson and the Stone Canyon Band's concert at 7:30 p.m. in Moody Auditorium.

Pre-show entertainment will be provided by the College's Jazz Ensemble. Tickets for the Rick Nelson concert may be bought from the Admissions Office for \$4.50 each.

County Fair scheduled Saturday, local entries are encouraged

By IRENE KEATING

Remember to enter the county fair Saturday. Youth and adults both may enter. It'll be fun. This is the beginning of a big fair (we hope).

SINCE WE ARE mostly through with canning now I'd like to share some recipes with you.

ICEBOX GINGERBREAD

- 1 cup dark molasses
- 1/2 cup butter
- 1/2 cup white sugar
- 3 1/2 cups flour
- 1 teaspoon ginger
- 1/2 teaspoon salt
- 1 teaspoon vanilla
- 1 teaspoon soda dissolved in 1 tablepoons hot water
- 1/2 cup brown sugar
- 1/2 cup shortening
- 1 cup buttermilk
- 4 eggs, well beaten
- 1 teaspoon nutmeg
- 1 teaspoon cinnamon

Cream shortening and sugar, add molasses and sour milk. Add beaten eggs. Mix flour and spices and add to first mixture. Beat all together. Add soda which has been dissolved in the hot water. This gingerbread is good baked in muffin tins. Fill about 2/3 full and bake in 350 degree oven. Put in oven when you sit down to dinner. Serve hot. Real good with whipped cream spread on it. This is an excellent icebox gingerbread recipe. The batter will keep six weeks in the refrigerator and just cook the amount you want for hot serving.

Pour 2 cups boiling water over 2 cups of crumbled shredded wheat. Cream 2 1/2 cups sugar (you may use 1/4 cup honey if desired), 1 cup Crisco. Add 4 eggs, one at a time, mixing well after each.

Mix together: 5 cups sifted flour, 5 scant teaspoons soda, 1 teaspoon salt, 4 cups All Bran, 1 quart buttermilk. Combine all ingredients well. Bake at 350 degrees in muffin pans 30 to 35 minutes. Put in glass jar and keep tightly covered in refrigerator. It will keep about 3 weeks.

OATMEAL-JAM BARS

- 2 cups oatmeal
- 1 cup brown sugar
- 1 cup butter
- 2 cups sifted flour
- 1/2 teaspoon salt
- 1 teaspoon soda
- 1 cup jam

Mix oatmeal and sugar together. Combine with melted butter and mix well. Sift flour, salt and soda together. Add to oatmeal mixture and stir till well blended. Mixture will be stiff. Line a greased pan (10x6-inch) with one half of mixture, pressing in place. Spread jam on top. Press the remaining mixture over top and bake in moderate oven (350 degrees) about 30 minutes. Cut in squares when cool.

HAYS HAS IT:

DUMP CHIEF
The new GT LOW-PROFILE ALL PURPOSE HYDRAULIC DUMP BOX is the most unique forage wagon available. With greater capacity, the all hydraulically operated side dump forage wagon carries 8 to 9 tons of forage in the 600 cubic foot dump box.
It's a proven money and labor saver because it eliminates extra men and trucks. Use the side dump forage box for almost any crop, especially alfalfa and other silages. The wagon follows the forage cutter and virtually eliminates crop loss due to wind and spillage.
