Number 48

FIRST ANNUAL SWINE SHOW FLOYD COUNTY PURE BRED HOG ASSOCIATION

The first Annual Hog Show is given through the efforts of the Floyd County Pure Bred Hog Association. This show is in entire harmony with the County Fair, but as the plans of the Fair were not known by the Association, the members thought it best that they get to work on the plans for a Hog Show so the farmers of Floyd county could have something definite to plan for and have a chance to get their stock in a Show Condition. The dates the Association Committee decided on Sept. 23, 24 and 25th. These dates are tentative and can be changed, but in all probability they will hold good. The Association will give first, second and third ribbons and first, second and third money. The money prizes are expected to be \$5, \$3, and \$1, but these will be announced definitely later. Competition is open to all and you are urged to exhibit.

Rules and Regulations

- All hogs in this show must be registered and all owners must have the registration papers at the Show for the inspection by the Superintendents.
- All entries in the Duroc-Jersey Promotion Show, competing for the Trophy offered by the National Duroc-Jersey Record Association, must be registered at least thirty days prior to the show. This regulation is demanded by the Record Association as a condition under which the Trophy is offered.
- All entries must be in the hands of the Superintendent not later than September 15th.
- All entries must be on the show grounds not later than 12 o'clock noon of the 1st day of the show, September 23rd.
- No entries to be removed from the show grounds until after 4 p. m. of the last day, September 25th.
- In each class there will be a First, Second and Third Ribbon and premiums awarded unless there be less than three entries, in which case there will be as many awards as there are entries.
- Hogs will be fed and watered by an attendant, but each owner must furnish feeding and watering troughs and feed for his entries.
- All entries must be free from any disease or unsoundness.
- Ages of all animals competing for premiums in this show shall be computed from March 1st and September 1st. For example, a Duroc-Jersey Boar eleven months old on August 23rd will be put in the class "under one year of age," because he is not one year old on September 1st.

Classifications

- Duroc-Jersey male over 12 months old.
- Duroc-Jersey male under 12 months old.
- Duroc-Jersey sow over 12 mo. old.
- Duroc-Jersey sow under 12 mo. old.
- Duroc-Jersey sow pigs under 6 months old.
- Duroc-Jersey male pigs under 5 months old.
- Duroc-Jersey pen of four (Faternity).
- Duroc-Jersey Grand Champion male (any age).
- Duroc-Jersey Grand Champion female (any age).
- Duroc-Jersey Special Trophy.
- Poland-China male over 12 mo. old.
- Poland-China male under 12 mo. old.
- Poland-China sow over 12 mo. old.
- Poland-China sow under 12 mo. old.
- Poland-China sow pigs under 6 months old.
- Poland-China Male pigs under 6 months old.
- Poland-China Grand Champion male (any age).
- Poland-China Grand Champion female (any age).
- Poland-China pen of four pigs (all males, all females or mixed).

Auction Sale of Registered Hogs Friday Afternoon, Sept. 24th.

In order to give every farmer of Floyd county an opportunity to purchase one or more animals for foundation stock the Association will hold an auction sale of such animals on Friday afternoon at 3 p. m., September 24th, in conformity with the regulations given below.

Members of the Association are urged to put at least one animal in this sale, whatever is put in not to be a cull, but an animal that will make a good addition to any farmer's herd and an advance over what the average farmer is now keeping. Of course, breeders are not expected to place their choicest individuals up for sale but they are expected to put up stock of good quality.

Rules of Sale

- Only members of the Association are allowed to put animals in this sale.
- No one person can put in more than two animals, but every member is urged to have one animal in sale.
- These animals must be registered.
- All advertising for this sale will

E. GUTHRIE IS RELIEVING THE HOUSING SITUATION

Mr. E. Guthrie, one of our foremost citizens and realty men, is relieving the housing situation in Lockney by the building and repairing and remodeling of residence property. He is completing this week the remodeling of the old Martin Ragel place on South Main Street. He has made a substantial and quite comfortable home out of the place.

In purchasing the Ragel property he acquired a number of lots, and he informs the Beacon man that he will build at once a modern bungalow on the corner lots adjoining the property he has just improved.

The Beacon is truly glad to see this enterprise manifested in Lockney, and to see Mr. Guthrie take the lead in these matters.

Mr. Guthrie has recently purchased and is opening up a new addition to Lockney on the West Side. He has some choice lots he is offering for sale. He contemplates building some houses on this property also.

SCHOOL WILL OPEN IN LOCKNEY SECOND MONDAY IN SEPT.

Lockney Public School will open this year the second Monday in September. We understand that the faculty has been completed and it is comprised of Prof. Wilson, Superintendent, and a corps of able teachers and assistants. The Beacon at this writing has not been able to obtain a list of the teachers. Prof. Wilson is expected here at an early date, to begin preparing for the school opening.

DISTRICT COUNTY INSTITUTE AT CANYON THIS YEAR

The District County Teachers Institute, of which Floyd county is a part will convene the first week in September at Canyon. Every teacher in Floyd county is expected and required under the law to attend this Institute. An extensive program has been prepared, and able instructors and lecturers will be present.

HARVE PENNINGTON BUYS THE F. M. TAYLOR GARAGE

Harve Pennington, one of the best mechanics of this section, has purchased the F. M. Taylor Garage and is now in active charge. Mr. S. J. Baldwin has charge of the front.

The Beacon wishes Mr. Pennington abundant success in his new business.

PROTRACTED MEETING

Elder N. L. Clark begins a protracted meeting on Saturday night before the Fifth Sunday in August at West Side Church of Christ.

Be sure to hear him in the presentation of the scriptures, his scholarly and masterly ability is excelled by none in the brotherhood.

You will be gladly welcomed at every service.

THE KINDERGARTEN SCHOOL

The Mothers Club have secured Miss Miss Ethel M. Cochran of Cincinnati, Ohio, to teach a kindergarten this year beginning the 6th of September.

This lady comes with the highest recommendations. She has a life time kindergarten certificate with four years experience. She has spent the past month in a summer school in Colorado. Among other things the course contained lectures by Dr. Devine and Dr. Strayer of Columbus University, Dr. Whipple of Michigan University, and Dr. Evans of Chicago University.

The kindergarten will be conducted at the College building for a term of nine months. Children from 5 years old up will be taken and more mature children will be prepared for the second grade.

For further particulars call Mrs. E. L. Woodburn.

WALTER TALLEY WALLER

Infant son of Mr. and Mrs. N. E. Waller, was born April 28, 1918, died August 13, 1920, aged 2 years and 3 months and 15 days. Funeral service took place at the home of his parents last Friday at 4 o'clock P. M., services conducted by Elder Liff and Sanders.

Baby Waller had been sick for several weeks with illness common to infants and made a heroic fight for its life. The sympathy of the entire community go out to Mr. and Mrs. Waller in this their sad bereavement.

be paid by the Association at no additional cost to any member.

5. Every member selling stock in this sale must pay auctioneer's and clerk's fee.

6. Entries for the sale must be sent to W. H. Darrow, Floydada, Texas, not later than September 15th.

The foregoing article has been approved by the directors of the Floyd County Pure Bred Hog Association (B. B. Gully, Jno. Hammonds, T. S. Mc Ghee, Ivy Thomas and J. E. Lee).

COTTON PICKING AND GRADES BEING DISCUSSED

There is some discussion as to how we will gather our cotton this fall, whether we will snap or pull it or whether it will be picked. The Beacon wishes to discuss the matter briefly, and make some observations. Last season a great deal of cotton was snapped and pulled, and as a result we had low grade of cotton in many instances.

This low grade cotton is still unsold, and in fact there is no market for same. In view of these facts it seems to us wise for the farmers to return to old plan of picking their cotton, thereby improving the grade. Buyers say that it should be picked by all means. Our gin men would as leave gin picked cotton as snapped or pulled cotton, but want a uniformity in the picking, or the plan in which the farmers gather their cotton.

In view of the fact that there is no market at present for low grade cotton, and no prospective local buyers for same this fall the Beacon would recommend that our cotton this fall be picked instead of snapping or pulling.

NEW ELEVATOR AT MUNCY SWITCH

Mr. W. O. Stark, contractor and builder, has secured the contract for the erection of a new elevator at Muncy Switch, between Lockney and Floydada. We failed to learn the name of the parties building the elevator.

CLAUDE TATUM BUILDS A PRIVATE ELEVATOR

Mr. Claude Tatum, who lives east of Lockney, is completing a private elevator on his farm. The elevator is modern in construction and equipment, and will have a grain capacity of between 12 and 15 thousand bushels.

There is another private elevator in the north part of the county. Mr. Charley Vigil completed several months ago a 15,000 bushel capacity elevator, equipped with modern machinery.

These private elevators is the thing to take care of the wheat of this section. Much labor will be saved in handling the grain, both into and from these elevators. They are a decided improvement on the old plan of scow and man-power granaries.

A. J. BLACKWELL REMODELS THE J. R. JONES HOME

Mr. A. J. Blackwell, who moved to town from his farm south of town a few months ago, and purchased the J. R. Jones place, has remodeled same and made a modern and handsome home out of it. The property is situated near the Sam Henry place in the south part of town.

The Beacon is glad to note this and other improvements going on in Lockney. In fact we have entered a substantial building program in Lockney. This building program will continue throughout the fall and winter. We need more homes in Lockney. It will take 100 new homes in the town to relieve the housing situation.

BAPTIST CHURCH

Sunday school at 9:45 A. M. No preaching morning and evening on account of the Methodist revival now in progress.

Sunbeams and B. Y. P. U. at usual hours.

JNO. P. HARDESTY, Pastor.

OWNS BEST HOG IN THE NATION

One of the greatest Poland China boars in the Nation has been bought by a Texas man, Frank M. Clark of Hedley, Texas, who had to replace his famous boar, Mc's Big Chief, which died in June. Mr. Clark bought this boar from Fred Caldwell, owner of Parkview Farm, Topeka, Kans. Probably there is not a better known boar in the Nation, for Mr. Caldwell exploited him through the Poland China press and he is such a good individual that he has attracted the attention of the leading breeders. Although the price on many of the breed's best known boars has always been a feature, Mr. Clark has never mentioned the price paid, but it is certain that he ran well into four figures.

There is general increasing interest in registered hogs of the better class in the Panhandle and Plains. Mr. Clark is letting nothing stand in the way of his getting the very best breeding stock that money can buy and constructive breeding produce.

The dams on his farm, Silver Crest, are of the advanced type and he has some wonderful individuals.

John Stewart of Denton county, is here on a visit to his son, T. H. Stewart and family.

Mr. K. D. Middleton and family returned Wednesday from several weeks visit to Longview and other points in East Texas. They also visited at Abilene while enroute home.

Mr. Joe Anderson went to Memphis, Texas Sunday returning Monday.

METHODIST PROTRACTED MEETING NOW IN PROGRESS

The Methodist protracted meeting is now underway. Rev. L. L. Evans of Muskogee, Okla., is doing the preaching, with C. G. Spindler of Tulsa, Okla., in charge of the singing. The rain the first of the week interfered with the services under the tabernacle, and it was transferred to the Baptist church.

The services will hold over Sunday, and will be held under the tabernacle if weather conditions will permit. If not then in the Baptist church. Everybody cordially invited to come out and hear Brother Evans.

McGAVOC-BAKER WEDDING ANNOUNCED

The Beacon is in receipt of an announcement of the marriage of Mr. Austin McGavoc and Miss Dimple Baker, which took place last Thursday August 12th in Lockney.

Both the contracting parties are well and favorably known in Lockney. The bride is the daughter of Mrs. Alice Smith, nee Baker, and has been reared to womanhood in our midst. She has a wide circle of friends and is loved and admired for her many graces.

The groom has lived in Lockney a number of years, but at present connected with the State Bank of Plainview. He has numerous friends in this community who will offer their hearty congratulations.

The Beacon extends best wishes for a happy and prosperous wedded life.

ANOTHER GOOD RAIN THIS WEEK IN LOCKNEY COUNTRY

The Lockney country has been visited again this week by substantial rains. The rain was not needed, but will add additional season for wheat land preparation and sowing this fall.

This section has been blessed with abundant rains this summer, and our crops are fine. Cotton is the best ever seen on the Plains and the row crops of feed promises a record-breaking yield.

Come to Floyd county and get you a home.

C. W. DENNY'S POLAND CHINA SALE NEXT TUESDAY

C. W. Denny's pure bred Poland China Hog Sale will take place next Tuesday, August 24, at his place in the Lone Star community. Mr. Denny is offering for sale some of the best hogs in this county. Those interested in pure bred stuff should not fail to be present at the Denny sale. Sale will start at 1:30 P. M.

ERNEST MILLER OF AMARILLO WILL SPEAK FOR BAILEY

The Beacon is requested to announce that the Honorable Ernest Miller, District Attorney of Amarillo, will speak in the interest of Mr. Bailey on the streets of Lockney tomorrow afternoon at 3:30.

QUOTA REACHER FOR THE CO-OPERATIVE FILLING STATION

Mr. L. E. Hensley, promoting the Co-Operative Oil Products enterprise for Lockney, informs the Beacon that Lockney's quota of \$6000 has been subscribed, and work will start in the near future on the filling station and wholesale plant in Lockney.

Mr. Hensley states that Floyd county is the 1st county to receive two wholesale plants. The other plant is now under construction at Floydada.

The engineer for the Company is expected here at an early date when the contract for the filling station and wholesale plant will be let. The plans are to have both plants finished and opened for business within forty days.

LIBERTY SCHOOL DISTRICT TO HAVE NEW BUILDING

The Beacon is informed that the Liberty School District east of Lockney is contracting for a modern school building to be erected for this year's school term.

The patrons of the Liberty District are to be congratulated on their school enthusiasm and community enterprise.

VAN MARTIN'S CONDITION MORE ENCOURAGING

Reports from Roaring Springs are to the effect that the condition of I. E. (Van) Martin was more encouraging Saturday when he was taken to a sanitarium at Dallas.

Mr. Martin was hit in the head four times with a two-by-four scantling, and his 18 year old son is charged with hitting him. According to the story of an eyewitness Mr. Martin was whipping a smaller son when the 18 year old boy hit his father. This occurred on Sunday morning two weeks ago.

The lick which is supposed to be giving the most trouble is one across the temple and forehead which crushed the skull.—Floydada Hesperian.

Mrs. R. A. Snell of Edenburg, Texas and Mrs. Harry Keys of Stanley, New Mexico, are here on a visit to their parents, Mr. and Mrs. W. W. Cooper.

IS YOUR SCHOOL READY

Just one more month, and oh, how quick it will go. Then we must give up the children again and send them all to school. But what would we do without our schools? A few weeks ago we were all getting ready for harvest. The reapers were repaired. The binders adjusted. New threshing machines were ordered. Harvest hands were collected from every where. Granaries were built. Extra grocery supplies were laid in, and just everything done that could be done to make the harvest season a success. Farmers waded through wheat fields and studied the condition of their grain to see if anything else was necessary to save the crop.

Our home county (Armstrong) alone must have spent nearly \$200,000 getting ready for the harvest; getting ready to save the wheat and oats. If this amount was spent in one county what to do you suppose the Panhandle and Plains have spent this summer getting ready to save the grain? And it was all done so willingly, so cheerfully. Men seemed glad somebody had made a new \$2,000 machine to cut and thresh their grain and save time and labor, expense and food. They bought them like hot cakes at an eating booth.

And, now, it is just a few weeks until school begins again. This period comes once a year too. It is the next thing after harvest. The only difference between these two great summer events is, the object of the first is to save the grain crop and get it ready for the market, the object of the second is to save our children and get them ready for the human markets of the world. That's all. One deals with the crop the other with the children.

As parents, as communities, as a State, are we getting ready for the second event? Are we as enthusiastic over the new devices to make the school better and more efficient for the children as we were over the combined reapers and threshers, the grabbing hooks and the tractors it took to save the crop. First of all is the school house ready? Are the doors on the hinges and the window lights in? We saw a school house a few days ago where the doors were all in and the window lights all out. Has your school house been fumigated since your school was closed on account of the flu, measles, whooping cough or mumps? When was your school house scrubbed? No, we do not mean oiled on top of the dirt that has been ground into the floor by hundreds of scuffling feet, we mean scrubbed with good hot soap suds and a broom like you scrub your kitchen floor every week of the year.

The first school house where we ever tried to teach had not been scrubbed for seven years and that was as far back as the pupils could remember. They did not know how many generations back of that it had been since the school house had had a bath. That was thirty-three years ago in September and we do not know whether it has been scrubbed since that year or not. The mothers in that school district were first class housekeepers. Some of them mopped their kitchen floors every day and none of them ever let a week go by without a thorough cleaning. But they never thought of the school house floor, where their children sat, with thirty-five others nine months of the year. How about the water supply? Can your children get a clean, fresh drink of water every time they need it at school? Is there a well at your school house or do your children carry the water from some old cistern or pond or tin tank in the neighborhood? Have you ever had a house to rent? Have you noticed how quick your renter complains when something goes wrong with the water? And after we fix up the well or clean out the cistern for the renter and let our own children go on drinking the water off of the dead rabbits and other things. Oh, but it sounds bad; you can't hardly stand to think about it; but it don't sound one hundredth part as bad as it smells and tastes. If it is your renter you send someone to clean things out or he leaves and you lose the rent. If it is your child, the law requires him to go to school whether you clean out the well or not. There are hundreds of thousands of invalids in our nation today whose health was undermined by lack of clean, fresh water during their school days, and we are reaping up the process in this day of Red Cross work and State Board of Health. There ought to be a law passed before the first Monday in September demanding a pure water supply in ever school in this nation.

We heard of a school a few days ago where neither teacher of last year year could be induced to return this year, and one of the chief reasons was lack of clean water.

How about the school ground? Is it in a sanitary condition? What does it need to make it attractive? Does it draw the children to school or drive them away? If you had not been any better prepared to begin harvesting than your school is ready to begin what kind of a harvest would you have had? How about a teacher? Have you a teacher yet? Good teachers are as scarce as good harvest hands and

MUST USE STATE MONEY FOR TEACHERS SALARIES

Austin, Texas, Aug. 15.—Complaints are constantly reaching my office to the effect that, though the Legislature passed the \$4,000,000 appropriation for the express purpose of raising the salaries of teachers, in many cases, school boards have refused the increase to the teacher, on the ground that they have already signed contracts.

One of the main purposes that the Legislature had in mind in making this appropriation, was to stem the exodus from the schools, and make teachers satisfied to remain in the profession. They also desire to secure teachers of the best class—to induce capable people to enter the profession.

It is not encouraging to teachers who have been loyal and patriotic enough to remain in the profession and to sign contracts before an increase was assured to find that this attitude will be taken advantage of, when the funds are granted to give a well-deserved increase of salary.

If your board has given the increase, I wish to thank you for this act of justice to the teachers. If not, I desire to urge you to take this action. Texas has not suffered, as has other states, from the bolshevik in our school rooms. Let us not arouse the bolshevik spirit in our teachers.

It was estimated by the Legislature that \$4,000,000 ought to give each teacher a substantial increase over what was paid last session. You cannot legally use this money for any other purpose but to pay teachers' salaries, and for the other purposes for which state funds may be used. Morally, the teachers are entitled to the increase, for the state granted the money especially for that purpose.

I have been urging upon teachers that, if they will study and improve their qualifications, our state will make it worth while for them to remain in the profession. Will you not help me in this attempt to hold and to recruit teachers?

If you are reducing your local fund, and replacing it by state funds, you are taking a course that will, in the future, discourage the state in its attempts to aid you to maintain good schools.

Respectfully yours,
ANNIE WEBB BLANTON.

CEDAR HILL TO HAVE NEW SCHOOL HOUSE

The Cedar Hill School District east of Lockney is to have a new school building. The contract has been awarded to W. O. Starks. The building is to be modern and comfortable. The citizens of the Cedar community are to be congratulated in their school enterprise.

G. B. HARRIS TO BUILD A NEW HOME IN LOCKNEY

Mr. G. B. Harris, one of our enterprising blacksmiths, has placed material on the ground for a new and modern home on West Locust Street across the street from the Beacon office.

Mr. Harris sold his home in the south part of the town a few weeks ago, and the new home he is now building will relieve the housing situation to that extent.

Other new homes are contemplated in the near future. Lockney has entered a substantial building program. We are truly glad to see this building activity going on in our progressive city.

THE REEVES FILLING STATION HAS BEEN COMPLETED

The Ed Reeves filling station has been completed and is waiting for pumps and other fixtures to arrive. This station is modern in every particular, and is an advertisement for the town.

Mr. Reeves expects to receive his pumps and tanks in the near future.

WALTER BYARS TO BUILD NEW HOME IN LOCKNEY

Walter Byars is to build a new home on his lots on West Locust Street. Material for foundation is on the ground, and the house will be started as soon as contractor can get to it. The barn is under construction. Walter sold his old house some months ago, which was moved out of town, and he is now building him a modern home.

METHODIST ANNOUNCEMENTS

Sunday school 9:45 A. M.

Rev. L. L. Evans will preach four times as follows:

11 A. M. "Safe Guards."

3 P. M. to men only, "Who's Your Daddy?"

4:35 P. M., women only, "Every Woman."

7:30 P. M., "Found Out."

Services through the week each day at 10 A. M. and 7:30 P. M. at tabernacle.

H. BASCOM WATTS, Pastor.

so far there is no combine yet to take their places. Then there are the child ren; are they ready for school?—Phebe K. Warner in Amarillo Tribune.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

Governor Cox's speech of acceptance proves that gentleman to be truly a big man. He is big enough to be president of the United States. As time progresses the wisdom in nominating Governor Cox is proven.

In looking over the columns of the Hall County Herald we found one editorial and the balance of the editorial page plate matter and clippings. Brother Johnson is a splendid editorial writer when he is not otherwise engaged. Politics and newspaper making doesn't go well together. You will always neglect one in favor of the other.

Francisco Villa, the noted Mexican outlaw, has surrendered to the Mexican authorities. After his surrender he advised his friends to go to work, and stated that he himself would return to the plow. This same advice should be extended to all warring nations. Europe needs to go to work. An idle brain is said to be the devil's work shop, and its application can be appropriately made to the nations of the world who continue to make war their past time.

Two men have been arrested at Big Springs charged with having sold whiskey at \$50 a gallon. Such profiteering ought to call for sound punishment and the fellow who bought it ought to be sent to an asylum.—Stanton Stanton.

A man that would pay \$50 a gallon for whiskey has a thirst that passes all understanding. He has a thirst that must be quenched at any cost. A man that would pay \$50 per gallon for a jug of booze has a strong desire to become intoxicated. He would buy booze from a bootlegger, white or black. In other words, he has a greater thirst than he has brains.

Charles Ponzi has occupied the front page for several weeks as a spectacular financier. He operated in foreign government postal money exchange. He cleaned up millions. The government first investigated Ponzi and announced that it could not find anything crooked in his operations. He had taken advantage of technicalities in our postal laws and made a cleaning. But the government kept on after Ponzi and finally landed him on other charges. In order to get Ponzi the government wrecked a bank he was doing business with.

Editor Steen of the Floydada Hesperian does not think Floyd County is receiving proper political recognition by the candidates for governor of Texas. So does the Beacon. Floyd county is second in voting strength in the Panhandle, Amarillo and Potter county only excepted. Commenting on the situation the Hesperian further says: "Political managers send their speakers where, in their opinion they can talk to the most people in the shortest length of time. The panhandle is accorded little time comparatively speaking in any political tour of the state. That Floydada would have been included on the senator's itinerary goes without saying had Floydada and Floyd county more press agenting and were its relative voting population better impressed on the minds of the political leaders of the state."

Bailey declared the other day that he will carry the election by 75,000 majority. Does any local supporter think so strong enough to put up any money on it—the editor of the News can see that any amount up to \$10,000, at 2 to 1, is covered. In fact, if any Bailey man wants to bet, plenty of money can be forth coming that Bailey will be defeated. Bailey, however, is long on making exaggerated statements.—Painview News.

Jess, you had better keep your money in your pocket. Don't get up so much Neff steam that you will wrecklessly risk yours and your wife's subscription money in a political gamble. We wouldn't be surprised if Jess didn't get some of his hard earned subscription money taken off of him before this run-off is ended.

Both the American party and the Republican party have nominated a full ticket in Texas. The American party deals in both State and National affairs. Jim Ferguson, impeached governor of Texas, is the candidate for President of these United States on the American Party ticket and Watt Gregory is the nominee for governor. The Republicans have nominated John Culbertson of Wichita Falls for governor. There has been talk of a fusion between the Ferguson forces and the Republican forces, but it now looks like they would be able to get together. Neither the Republican ticket nor the American ticket will amount to much

in Texas. The democratic ticket is safe in Texas, whether Neff or Bailey is the nominee. Democrats in Texas are loyal to party.

Those misguided persons in America who have been lauding the accomplishments of the Soviet government in Russia should by this time be convinced of the utter futility of any such scheme of governing a great nation.—Amarillo Daily News.

So it is with the Union laborites, the I. W. W.s, etc. Where ever you find these people you will find them in sympathy with the Bolsheviks of Europe. Recently in England the union laborites threatened to strangle that great nation if she attempted to go to the aid of Poland, and help check the spread of anarchy in that country. The Bolshevik scheme of government would work. It has been proven a failure. It has strangled civilization, it has put to death every human instinct save that of classism. The Bolsheviks of Europe and Union labor as administered and practiced today in this country and elsewhere have for their purposes a government for a class and not for the mass.

In the war between Poland and Russia now going on Poland is not without fault in the matter. When the map of Europe was redrawn Poland was disatisfied with her boundaries as fixed by the peace conference. Poland took up arms against Russia to protect her own construction of the proposed boundaries. As a consequence she matched herself a war in which she is playing a losing hand. Where Poland made a mistake was when she failed to refer her grievance to the League of Nations. These European nations ought to have a fill of war by now after being engaged in a human carnage for so many years, but it seems that they are yet dissatisfied. Europe will have to fight on and on until she reaches the stage of Mexico when a general consent will be given to return to peace. A thorough pinching of the stomach will bring Europe to her senses quicker than anything else.

The Public Health Association of Texas recommends a physical examination once a year of every person in Texas as a aid in the prevention of tuberculosis. The suggestion is a good one, although it would entail considerable expense to the people of the state unless the physician's fee is paid by the state. In this connection we wish to say that we have always favored a physical examination of all parties who contract marriage as a preventive of hereditary ailments. Believing as we do that tuberculosis is largely hereditary we think no quicker or better plan could be adopted than through compulsory medical examination. Besides tuberculosis insanity is hereditary, and the method suggested would work as a preventive of this disease of mind and body, and finally propagate a race stronger mentally and physically. No person of unsound mind, or afflicted with tuberculosis should be allowed to marry.

That people should now take serious consideration of the warnings being spread broadcast over the country against possible shortage of coal this fall and winter, seems to be a trite saying. But the fact that so many people in Floyd county are not now laying in their supply is ample excuse for mentioning the matter again. Several possibilities face the country,—a strike of the miners, a strike of the railroad men, a shortage of cars. Any of these three could easily cause suffering for families in Floyd county, who do not ward off these possibilities by advance preparation. This is not alarmist talk at all, but is meant quite seriously. Provide now to weather the winter without frost-bitten toes.—Floydada Hesperian.

There is every indication that the coal situation this winter will be acute. Already there is a scarcity of coal in Lockney. The people have been warned, but it is not altogether the people's fault. Dealers should have bought in larger quantities, and had a reserve on hand. Of course we understand that to lay in a large supply of coal in our yards requires a large outlay of cash. We have both the car shortage situation and the labor situation to face during the winter in matter of receiving coal. It may be we will get through the winter as well as we did last winter. This is not much encouragement.

One commendable action of the farmer is keeping his wheat off the market in the recent drop. Looks like the speculators saw that cars were available and that the farmers would sell, regardless of price, but the farmer fooled him that time.—Miami Chief.

We are persuaded to offer comment on the above, and disagree with the Chief in a measure. We would not suggest that the farmer is not entitled to \$2.50 per bushel for his wheat, but suppose wheat has started down never to again reach the two dollar fifty mark? Who knows? We believe that we would not be far from the facts when we state that as a general rule a farmer never made a dollar in holding cotton or any other farm product in order to buy the market. There has been more money lost than there has ever been made in holding farm products from one year to another. The most fortunate farmer is the man that sells as fast as he is ready for the market. Thereby striking an average of markets. As to the present wheat situation we would advise that farmers sell as fast as they can get shipping facilities. The price may go back to \$2.50 per bushel and again it may not. Farmers of this section are selling their wheat as fast as they can market it and there are cars received

A Tractor That Will Not Last Will Not Pay

Long life and low upkeep expense are two outstanding features of the Rumely Oil Pull.

Many of the first Oil Pulls built, over eleven years ago, are still working as satisfactorily and economically as when new. "Old Number One," the first Oil Pull, has cost its owner but \$200 for repairs in eleven years.

The Oil Pull is built in four sizes — 12-40, 16-30, 20-40 and 30-60 H. P.

A car of 16-30's ready for delivery. Get yours before they are sold.

for it. We believe they are wise in not taking the long shot of trying to bull the market by holding it.

Rev. Dr. F. M. Waites, President of the Texas Christian University, says that Mormons drove their wives a breast but now men often drive them tandem. He says that in the United States last year there were 100,000 divorces granted. The same period of time Canada only recorded 3 divorces. Dr. Waites, speaking on the subject of marriage and divorce says: "A real marriage is a union of two hearts that have been drawn together in perfect love," said Dr. Waites. "It must be based on true affection and understanding love and be born of man's highest hopes, aspirations and devotion. There must be harmony, because discord is death in the realm of marriage as it is in the realm of nature. True marriage should be like Mendelsohn's song—without too many words. The lax divorce laws of several states were blamed by the speaker for much of the loss of the sanctity of the marriage relation. "Last year 100,000 divorces were granted in the United States, while only three were given in the whole of the Dominion of Canada," said Dr. Waites. "In Canada the granting of a divorce is a legislative act instead of a judicial one, as it is with us. In Fort Worth alone 1,162 divorces were granted this year up to July 1, and 100 more were given during July. Divorce is a mighty peril assailing our national life and endangering our homes. The present deplorable condition is perhaps due in part to extravagance. We are living at high pressure and running in high gear both as regards dress and the social circle. Too many of us are indulging champagne appetites on beer salaries, as some one has so well expressed it I may be old-fashioned, but I think there has been too much talk and instruction about eugenics and the sex life in our schools. There is no longer any mystery. Our boys and girls are fully informed on those matters at too early an age. The wrong kind of movie and the erotic novel are also greatly to blame for corrupting our youth. There is little difference between some of the modern husbands and the Mormons. The Mormons drove their wives ahead, while many men now drive them tandem. Many young people now do not enter the marriage relation in the spirit of "sink or swim," "survive or perish," but look upon it frivolously, fully assured that they can change partners any time they wish to do so."

our foreign relations need some vigorous attention right now and no doubt. But we may be wrangling another two years or four about the League of Nations if we get a Democratic president and a Republican Congressional majority or vice versa, or if neither side gets a working majority. Meanwhile we have domestic issues that are demanding attention. Apparently patriotism ought to force the party leaders to get together on revision of the income tax laws, to come to some conclusion as to definite attitude on a budget system, on strikes, on prohibition,

on profiteering of both capital and labor, and on other problems affecting the high cost of living. Not only are capital and labor playing for position while "Jones pays the freight" but our political leaders are doing the same.—Floydada Hesperian.

It is a case where the politicians fiddle while Rome burns. The League of Nations issue should have been settled months ago. The Republicans have undertaken to win the Presidency on hair splitting theories about the League. The majority of Republicans favor the League, but the leaders have succeeded in dividing them.

Buy Your Coal Now

We are informed by the coal mines that they will not be able to supply summer coal storage except in limited amounts. Heretofore we have been able to buy all the summer coal we wanted, but it is evident that the storage this summer will be limited. Therefore, in view of these facts, it will be to you advantage to place your orders promptly that we may be able to supply you this summer.

May will be the cheapest month for your coal. After May prices will begin to advance from 25 to 50 cents per ton per month. There has yet been no definite price as to what the winter coal will be.

PLENTY FEED

Plenty of Feeds of all kind for Dairy Cattle, including Bran, Shorts, Cotton Seed Meal and Alfalfa Hay.

SOUNDS LIKE CLAIMS AGAINST RAILROADS

The following paragraphs are said to be extracted from letters received by the Bureau of War Insurance at Washington:

I ain't got no book learning and I hope I am writing for information. Just a line to let you know I am a widow and four children.

He was indicted into the surface. I have a four months baby and he is my only support.

I am left with a child seven months old and one is a baby and can't work, and he is my best supporter.

I am his wife and only air. You have asked for my allotment number, well I have four boys and two girls.

Please correct my name as I could not and would not go under a consumed name.

From a soldier to his mother: "I am writing in YMCA with a piano playing in my uniform."

Please return my marriage certificate. Baby hasn't eaten in three days. Both sides of my parents are old and poor.

Please send me a wives form. Dear Mr. Wilson—I have already wrote to one headquarters and received no reply, and if I don't get one I am going to write to Uncle Sam himself.

I ain't received no pay since my husband has gone to nowhere.

Please let me know if John has put in an application for a wife and child.

You have taken away my man to fight and he is the best fighter I ever had.

My Son is in Co. 158 Inf. Please tell me if he is dead or alive and if so what is his address.—Milwaukee Employees' Magazine.

J. C. Wooldridge Lumber Company

Ben F. Smith of the Lockney Beacon is "sulking in his tent" in the gubernatorial race. He supported Thomason and was so disappointed at his defeat that he says he will have nothing to do with the run-off primary, as he does not want Bailey nor Neff. Ben is dead wrong in taking this position. The election of Bailey would be a calamity to Texas; it would be hailed as a victory of the anti-prohibitionists, the vicious element, the enemies of democracy and the reactionaries. The editor of the News supported Thomason, just as the editor of the Beacon did, and, regretted his defeat, but our love for Texas, which gave us birth, is paramount to any political disappointment. Neff is a far more suitable man for governor than Bailey, therefore in behalf of the Lone Star State we are strong for Neff. Get down off the fence, Ben. Line up with the other Thomason people who are supporting Neff. In fact, Ben, you don't look well, perched up on the fence; you might be taken for a scare-crow.—Plainview News.

The editor of the News wants to let us alone and let us set astride the political fence undisturbed. If he and others persist in their efforts to push us off we might light in the Bailey column, or we might light in the Neff column. We are just as liable to light on one side as the other. We are one Thomason newspaper man in the Panhandle that can't accept your man Neff. Socialism want go down. We have charged and still believe that Neff's graduated land plank is socialism. Bailey is objectionable also, not so much as his stand in the past on prohibition as his attitude towards national democratic affairs. Prohibition is no longer an issue in Texas. So we have chosen to be neutral in the second primary, and while we may look like a scare-crow to some, and cause some of these Neff men to run away with the political band wagon, yet we are determined to stay on the fence. If the News can accept Neff and his graduated land tax that's alright as far as we are concerned. That's the News' business. It's our business to refuse to support either Bailey or Neff. As to the calamity feature of the argument it is just as difficult for us to determine which would be the greatest drawback to Texas, Neff or Bailey if elected governor. When the organized party of Texas wishes our aid in the defeat of Bailey they will have to cast about for a different sort of a man than Pat M. Neff of Waco. We are just as determined to not give aid to Bailey as we are Neff. This neutral business is something altogether new to us. This is the first time in 25 years we have been silent in Texas political affairs. We rather enjoy the situation under the circumstances. Finally, our brethren of the quill, fight it out among yourselves. We are not for Neff, nor are we for Bailey. In the general election we will support one or the other, but, as one of the ancients remarked, we wash our hands of the responsibility of making either governor of Texas as far as the nomination is concerned.

THE UNIVERSAL CAR

Every Ford Owner Should Know

Just what Ford service is, and why it is different from ordinary garage service. The Ford Dealers is a part of the Big Ford Family. He carries a large stock of genuine Ford parts for repairs and replacements, and he uses only genuine parts because he knows the limitation parts aren't dependable.

He has a thoroughly-equipped up-to-the-minute garage with tools that enables his Ford mechanics to efficiently and properly make any repair—from a minor adjustment to a complete overhaul.

Now, we are Authorized Ford Dealers—a part of the great Ford Service organization which was formed chiefly to put within each community a dealer who would have more than a passing interest in Ford repairs and adjustments. Drive in or phone and we'll come for your car.

LOCKNEY AUTO COMPANY

Sales For July by Perry & Cram Quarter Million Dollars

This is a pretty good record, and proves that we are well organized for business and can "deliver the goods."

One of the very gratifying features in connection with this big business is the fact that so far as we know there is not a single dissatisfied customer, either buyer or seller.

We naturally want to beat this record during August, and with our large list of properties in general, both in Farms, Ranches and City Property, in connection with our recent contract to handle the magnificent body of land known as the "Price Brothers Holdings" northeast of Plainview, near Whitfield, we see no reason why we should not do so.

It is a well known fact that there is no finer land on the Plains, nor in Texas, than this body of land. The soil is peculiarly adapted to the raising of the two great Staple Crops—WHEAT and COTTON. Any farmer who will apply himself, using the scientific methods of farming now so well established in this wonderful Shallow Water Belt, can not only make this land pay for itself in a very short time, but will build up a good bank account in addition.

This is really Choice Land.

It is Well Located.

There is None Better.

The terms of sale Are Good.

It is a Good Investment.

We can sell it in 16, 320 and 640 acre tracts.

We can secure first class rental contracts for purchasers who want to lease it out.

Land values will be Considerably Higher by January. Those who are in touch with conditions know that prices are advancing rapidly. The time to buy is Now. Don't wait. Delay means additional cost to you. Let us show you this land. Your own judgement will tell you what to do after you have seen it. In five years Our Lands Will be Worth \$250 per acre, or the present values in Central Texas, Kansas, Nebraska, Iowa, Illinois, Indiana and Ohio must come down at least 50 percent. And you never knew of really choice land ever falling back in values. Present high prices in these states will be Maintained, which means Big Advance in our lands. This Must Result. Are you going to profit by experience of others and make yourself solid while you have the opportunity.

We have some choice modern homes in Plainview, and some fine suburban homes. Tell us what you want and we will do the rest.

troubles is past the limits of human prophecy. That momentous events portend seems to be unquestioned, but just what course they may take is very problematical.

That the people of Europe do not want another war is the testimony of every man who has mingled with them. That the governing powers are talking war is one of the peculiarities of politics. And that brings to the front the question of who would fight the war? Where would the soldiers come from? Would the nations stand for a draft law that would force them to fight for something which they do not understand and at most care very little about?

America sympathizes with Poland. American sympathy for Poland dates back many years, but it is very much to be doubted if the American people would sustain any measures looking to American aid for Poland at this time. Europe looks to America for aid, but after even a short taste of war, Americans want no more of it, except in defense of unquestioned rights of our own country.

That the nation would rally as one man, pouring out money, resources and men, if our country were assailed, we well know. That they would leave nothing undone to uphold the honor of the flag cannot be doubted. A war of aggression by this country is unthinkable.

To what extent are the people—the common people—of Europe interested in the present struggle? Great Britain fears to move because she knows she must face trouble at home, if she attempts to raise any army to send to Poland. She also knows that Ireland would take this opportunity to strike for full separation. France is in no better case. Her people are war weary—perhaps more than any other nation because they bore the hardest part. France seems about in a position where little can be expected from her. Lately, of course, would not desire to fight another war.

Arguments why another war is impossible seem numerous, and yet daily the talk of war grows stronger. Bolshevism is a menace to civilization; its onward march is a constant threat to the present governments, a breaking down of all the barriers raised by the treaties. And the governing powers fear Bolshevism. Whether their fear of Soviet Russia is greater than their fear of Bolshevism in their own countries will determine the outcome—and European statesmen do not know their own minds.—Amarillo Daily Tribune.

NOTE—It is not a question whether Europe wants to fight, but a question of whether she will drive back the marching hordes of anarchy. Europe will either have to fight another war with the Bolsheviks of Europe or she will see all her country destroyed, and her institutions and governments overthrown. The Beacon views the situation with alarm. We realize now, it is too late, that Germany, the master hand behind the Bolshevik movement, was not whipped to her knees as she should have been. The delay in this country in signing the peace treaty, and vacillating policy of France and England in giving Germany more time has all but led to Europe's ruin. Europe must fight and fight as they have never fought before. Europe must fight to save herself from the rein of the wild-eyed anarchist, from the reign of terror that has befallen Russia. What attitude will this country occupy in Europe's future troubles can only be conjectured. As sure as Europe falls under the blighting hand of Russia Bolshevism we will have to face the music in this country. We have Bolshevism of our own that requires constant watching. America helped save and was in the main instrumental in sav-

NOTICE TO THE VOTERS OF FLOYD COUNTY

Both Ladies and Gentlemen

I want to thank you for your loyal support and many courtesies tendered me in my recent campaign for re-election to the Second term as County Judge of Floyd County, and having come out in the lead of both of my opponents 37 votes and not getting a majority vote, myself and Mr. W. B. Clark will have to run it off in the Second Primary which will be August 28th. Now, I am a Democrat and running on the Democratic Ticket, and on my own merits, and if I have made good I feel like I should have the privilege of the Second Term, as has always been the custom in the Democratic Party. And I would be glad that anyone feeling an interest in the County Judge's race would make all the investigation they feel necessary as to my ability to attend to the duties of this office. If you find me worthy of the honor of the second term as your county judge I certainly will appreciate your vote and influence in my behalf, and if not it is your duty to vote for the other fellow.

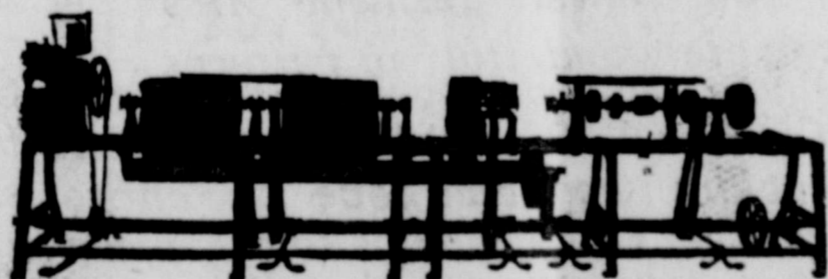

Now, as the duties of my office claim my time I will not be able to make a canvas and am taking this method of advising you that I certainly appreciate your support in the first primary and will certainly appreciate your support in the Second Primary.

Very sincerely yours,

J. W. Howard

Candidate for Re-election to the Second Term as County Judge of Floyd County, Texas.

RODE 30 MILES FOR HELP AFTER HE HAD BROKEN LEG

Alvan Cox, who suffered a broken leg last week when his motorcycle fell with him, is able to be out this week with the aid of crutches and numerous bandages and splints.

Mr. Cox suffered a broken ankle last week when he fell from his motorcycle

in the middle of the big Springlake Ranch pasture west of Olton. When he regained consciousness he immediately discovered that his leg was broken. It was five miles to the nearest house and improbable that help would come that day. He bandaged his leg as best he could and repaired his machine. With great difficulty he was able to get the machine started. After a trip of great suffering he rode into Plainview, a distance of thirty miles.

Mr. Cox has been on a ranch in Castro county for some time and was coming to Plainview to visit relatives when the accident happened.—Plainview Herald.

CHAMBER OF COMMERCE STARTS MOVE FOR SILVERTON RAILROAD

Last night it was decided to make a new effort to get a railroad from Plainview to Silverton. It was pointed out by the speakers favoring the proposition that the recent attempt had ended in failure after it had gained much headway. The present attempt will be an untiring effort on the part of the Chamber of Commerce to get the road and small obstacles will not discourage the organization.

It was pointed out that Silverton was bent on getting a railroad and that if Plainview slept on her rights some other town would grasp the opportunity. It was pointed out that Silverton wanted a railroad much more than a hard surfaced highway. Although actual plans are being carried out for the highway from Plainview to Silverton, the Silverton people are far from satisfied.—Plainview Herald.

CLIMATE ONE-TENTH OF CURE FOR GREAT WHITE PLAGUE

Austin, Texas, Aug. 4.—A poster of warning to health seekers has been sent out to all the other States in the Union by the Texas Public Health Association. It will be widely distributed over the United States by the State anti-tuberculosis associations.

This poster warns tuberculous persons of States that climate is only one-tenth of the cure for the white plague, and that unless they have sufficient funds for self-support for some time they will be saved suffering and worry if they do not attempt a long railroad journey. The warning declares that there are no free tuberculosis hospitals in Texas for the care of non-residents, that there is very little so-called "light work" so that the tuberculous person with low funds may support himself while seeking a cure, and that treatment at home with proper care is beneficial.

STYLE SHOP

Mrs. J. L. Oswalt is in St. Louis attending the Annual Pageant of Fashion and the City Openings. She is selecting the newest, most complete and most up-to-date line of millinery ever before presented to the ladies of Lockney. MRS. D. J. THOMAS

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . ."

"It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

HALE COUNTY BANKS HAVE FOUR MILLIONS DEPOSITS

The deposits of the local banks are growing in volume very rapidly since the new wheat crop has begun to go to market. At present the aggregate deposits foot up nearly four million dollars, so bank officers tell us.

The First National Bank has almost \$2,500,000 in deposits, the Third National something more than \$1,000,000

and the Guaranty State Bank has \$300,000.

The banks at Hale Center, Abertown and Petersburg also have the heaviest deposits in their history.

It is thought that the bank deposits of Hale county will be as much as six million dollars when the present crops have been marketed. This would be \$800 for each person in the county, or \$3,000 per family. Was there ever such a rich country?—Plainview News.

40 MILES TO GO AND GEE

but it is hot and dusty, how I wish I had bought those Good Old Vulcan Tires they tried to get me to take, now here I am with a blow-out.

This is the story you can hear every day motorist, so why not buy the best and go in on time? We are giving you an Extra Heavy Gray Tube with every VULCAN CASING, and too We are behind every Vulcan we sell.

We are at your service at any time and will take pleasure in showing the VULCAN EXTRA PLY TIRES. We also carry a complete line of TUBES. Call and See us.

SEALE TELLS 'EM AT DALLAS ABOUT FLOYD COUNTY

W. H. Seale, who was at Dallas last week at market, and who is also spending sometime at points north for his dry goods store, was interviewed by The Dallas News Wednesday. The subject under discussion was East Texas. The interview follows: "East Texas may have its fine points but there is still a great big argument for West Texas all the same," said W. H. Seale of Floydada. "It is wrong to figure that West Texas' plea to fame rests on its oil alone. "Why, if the truth is told, the oil boom hurt our locality more than it helped it. Agriculture was neglected and while some made lots of money there were others who lost all they had in some dry hole. We have the biggest wheat crop that we have ever made. Farmers in our section say that they are making as much as forty bushels to the acre, and that is some crop. Cotton is fine, and there are no bollworms such as are reported in other sections of the state. I have heard farmers from East Texas complaining of the ravages of the bollworm and the boll weevil in the last few hours, and I want to say that we have them stopped there, for there is not a one to my knowledge in our county."

Mr. Seale, in common with all West Texans, and especially those fortunate enough to live in Floyd county, is always able to make a speech for his town and country regardless of the subject. A west Texan will tell you all about West Texas even in a Joe Bailey or Pat Neff meeting.—Hesperian.

McLEAN'S POPULATION ONLY 741 ACCORDING TO CENSUS

The Census Bureau is a mighty conservative outfit. We had been claiming a population of 1,000 or more for McLean, and here comes a report from Washington that the town's population is only 741, which is a gain since 1910 of only 108. Justice of the Peace Precinct No. 5, which includes McLean has a population of 1,457.

The county has a population of 4,603 showing a gain of 1,258 over 1910. Pampa has 987 people, but as the town was not incorporated in 1910, there is no way to ascertain the extent of her growth from census figures.—McLean News.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials free.

AUCTION

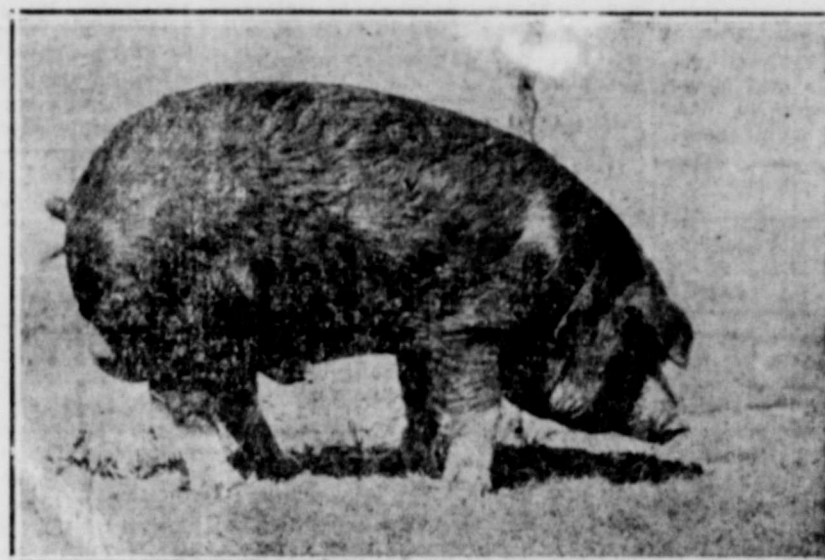

Dispersion Sale

Big Bone Poland China Hogs

I am moving and find it necessary to sell off my herd of royally bred Poland China hogs, not being fixed to care for them in my new location. I am not quitting the business and dislike very much to let the good hogs I have go; but it is necessary and my loss will be your gain. I'll be back in the business stronger when I get my new place fixed to care for a herd.

IN THIS SALE WILL BE OFFERED TWENTY-ONE HEAD.

Nothing held back, every head sells. This includes hose fine gilts you have heard so much talk about and that good Long Orange senior yearling boar.

DENNEY'S LONG ORANGE 351523

Five gilts out of Miller's A Wonder; two gilts out of Chief Price 2nd, and Long Orange dams (one open); two gilts bred by C. H. Tucker & Sons, Comstock, Neb., out of Hatcher's Big Orange; one bred gilt out of Denney's Long Orange, bred to Orange Lad; two open gilts of Miller's A Wonder breeding; eight open gilts by Denney's Long Orange.

(Except as noted above all these sows and gilts are bred to Denney's Long Orange, the greatest boar in this section of the country. His pigs will be in great demand.)

EVERY SOW SOLD IS GUARANTEED SAFE WITH PIG.

Sale will be held at my farm eleven miles north of Lockney, two miles due north of Lone Star school house. Free dinner on the ground. Sale starts at 1:30 P. M.

Tuesday, Aug 24, 1920

TERMS. Cash unless arrangements are made before sale. Those who desire terms see W. W. Angel, cashier of Lockney State Bank.

Come bring your friends with you. You will be welcome whether you buy or not.

C. W. Denny, Lockney, Texas

Remember on August 24th you can buy the best hogs in this section and you Set the Price.

ing installed this week. It includes a mangle for all flat ironing and a collar machine.

The new enterprise is expected to prosper at once, since the laundry work here is in excess of the capacity of local and foreign laundries to handle with dispatch.—Floydada Hesperian.

License to marry was issued on August 6th by County Clerk Tom W. Deen to Mr. C. E. Fulkerson and Miss Nellie Goins.—Hesperian.

REMEMBER

You get real service and real groceries at this store.

No one can sell you better groceries than we sell. No one can make you a lower price than we make. No one can give you better service than we give.

We think it is to your interest to buy from us, and we make good on what we think. The price is the proof.

Theo Griffith

OLD TIMER PASSES AWAY

Uncle Tom Braidfoot, one of the first settlers in Briscoe county, died at Plainview last Monday night and was buried here Tuesday afternoon. He was in pretty good health until only a few weeks ago, when he began to go down, and owing to his age, he went down very rapidly. He worked too hard and became overheat during the harvest work. It is thought, which caused him to get sick.

We join the many friends of the family in extending unto the bereaved relatives our deepest sympathy in the loss of their loved one.—Silverton Star.

HALL COUNTY FARMERS MARKETING ASSOCIATION

Memphis, Texas, Aug. 16.—The Hall County Co-Operative Marketing Association was formally organized last week. This movement is a plan fostered by the A. & M. College, Marketing Division, and is to work in connection with the United States cotton grader in the county. Cotton will be graded and sold in "even run" lots of 50 to 100 bales through the association under a sales manager. Practically every community in the county has joined the association and officers and directors have been elected. County Commissioner T. M. McMurry is president.

CHILDRESS MAN FALLS INTO CISTERN, IS BADLY HURT

Childress, Texas, Aug. 16.—Roger Rhea, proprietor of the Rhea Hotel of this city, narrowly missed drowning when he walked into an open cistern in the hotel yard.

He recently took over the Fagg Hotel and was clearing debris and weeds off the yard, when he saw what he thought was a box. He walked toward it looking down, when suddenly he fell into an open cistern, which the box had been formerly used to cover.

His calls for aid were heard by a woman guest in the hotel, who summoned aid. When the hotel keeper was pulled out of the well he was in an exhausted condition.

Prof. J. J. Wilson, the new Superintendent for Lockney Public Schools, came in Wednesday.

Mrs. W. F. Page and son Johnie, of Lometa, Texas, are here visiting her daughter and son, Mrs. Clyde Reeves and O. R. Page.

ANNOUNCEMENTS

We are authorized to announce the following for county, precinct, state and district offices, subject to the action of the democratic primaries:

- For District Attorney: Charles Clements, Austin Hatchell.
- For District and County Clerk: Miss Lola Walling.
- For Tax Assessor: D. I. Bolding, Floyd Ewing.
- For County Judge: John Howard, W. B. Clark.
- For County Attorney: A. P. McKinnon.
- For Sheriff and Tax Collector: J. A. Grigsby.
- For County Treasurer: Mrs. Lillie Britton.
- For Commissioner Precinct 2: J. B. Teaff.
- Public Weigher, Precinct No. 2: O. T. Prickett.
- For Commissioner Precinct No. 1: R. L. Orman.
- For County Surveyor: G. A. Lidor.

HALL COUNTY HAS STRUCK OIL IN PAYING QUANTITIES

Turkey, Texas, Aug. 17.—The Virginia Texas Oil Company hit the oil sand Friday night at 10 o'clock in their test well south of Little Red River at a depth of 2040 feet, with a show of gas, operations ceased at once to await instructions from headquarters, the well is standing in oil of a high quality.

This discovery well places Hall county on the map with production of oil on one of the best defined oil structures in West Texas beginning south of Little Red River near the Virginia Texas test well and meandering south and west to Turkey, thence west until it is overlapped by the High Plains north of Quitaque, a distance of 30 miles. This formation is Permian in age, and will be tested thoroughly in the near future, there is a test going down at Turkey and one 12 miles west of Turkey, and two more to commence drilling north and east of Turkey in the near future.

Geologist predicted some time ago that the greatest oil field ever known would be discovered between Amarillo and Burkburnette, and it now looks as if it will come true and be located in Hall county.

CULBERTSON HEADS REPUBLICAN TICKET

Dallas, Texas, Aug. 11.—With John Culbertson, Wichita Falls, as gubernatorial standard bearer, Texas Republicans today placed a full state ticket in the field as the result of their state convention here yesterday. A platform adopted prior to nominations declared for open shop in industry, control of Texas Republicanism by white men but was silent upon prohibition and suffrage.

The ticket chosen by the convention: Lieutenant governor—Howard W. Smith, Port Arthur.

Attorney General—Earl Wharton, Houston.

State Treasurer—Frank C. Gross, San Antonio.

Court of Criminal Appeals—C. W. Sterling, Dallas.

Comptroller—E. N. Mulkey, Sherman.

Commissioner of Land Office—Joe Kingsbury, Jr., Fort Worth.

Commissioner of Agriculture—Virgil A. Smith, Kennedy, Karnes county.

Railroad Commissioner—O. H. Baum, El Paso.

Superintendent of Public Instruction—Albert A. Lindsay, Wynnboro.

Associate Justice of Supreme Court—C. O. Harris, San Angelo.

State Chairman—Phile E. Baker.
