**THIS 1350 HORSEPOWER GAS ENGINE** driven compressor is one of the two 80 ton compressors being installed at Western Ammonia Plant. The compressors were made by Cooper-Bessmer of Ohio and are known as model GMVA-10. This compressor is one of the very common types found in pumping stations throughout West Texas. The compressors are being moved to the plant this week where foundations are ready for them. These mixed gas compressors serve a dual purpose. They combine air and synthetic gas which is pressurized to 9,000 pounds per square inch at which point the gas is released into a high pressure converter and made into ammonia. —Staff Photo

### CROP Attempts To Feed 1,000 Refugee Children

"Let Us Feed One Thousand Refugee Children One Meal a Day for One Year" is the Castro County CROP goal for 1963. Many churches and individuals are working to achieve that goal. Eighty thousand children in Hong Kong, refugees from Communist China, do not have so much as one meal per day, and sometimes hardly that much each week. Four thousand dollars is but a start toward filling that gap. Our government and other interested agencies are furnishing the facilities, kitchens, trucks, etc., but the crying need is for rice.

Commodities such as grain or cotton, which may be donated directly through the elevators by transfer slips, will be converted into cash to buy rice to fill this need. Beginning Sunday, which will be observed as crop Sunday in many churches, leaders in the various communities of Castro County will canvass for your donations.

Community chairmen are as follows: Ed Bennett, Hart; Bob Anthony, Big Square; Weldon Bradley, Sunnyside; George Gabel, Flagg; Arthur Schreck, Easter; Donald Wright, Dimmitt; Forenz Albracht, Nazareth; Weldon Stephen, Frio; Bill Simpson, Jumbo. Rice for Hong Kong is an effort on the part of several church organizations. It is emphasized, however, that if an individual or group desires its gifts designated for another relief agency, CROP will gladly transfer the gift. Further information concerning the campaign may be obtained from Wes Anthony, Hugh Elaylock, M. A. Smith, or any of the community chairmen. Elbert Smith is distributing films concerning the work of CROP, and will schedule them for any interested group.

JAMES TAYLOR, Evangelist

### First Christian Church To Hear James Taylor

"What the Scriptures Teach about the Church" will be the central theme of a series of messages to be brought by James Taylor, of Roswell, New Mexico, in services to be held at the First Christian Church in Dimmitt, October 7 through 13, at 7:30 weekday evenings. Mr. Taylor, a native of Mount Vernon, Illinois, is ministering to the Central Christian Church, Roswell, where he and his family have lived for two years. He is a graduate of Ozark Bible College, and has served churches in Missouri and Illinois prior to moving to New Mexico. Special music will be used in all services to enhance scriptural teaching. Loren Dickey, minister of the local congregation, will lead singing, with Miss Anna Gabel accompanying. All who are interested are welcome.

### GSPA Tour German Feed Grain Team

Six grain industry leaders from Germany visited Dimmitt grain sorghum production, marketing and utilization facilities Tuesday. The group were special guests of the Lions Club at noon. According to Bill Nelson, executive vice-president of GSPA, the men spent Tuesday morning at Easter Community Grain Company becoming acquainted with grading systems, farmers receipts and flat storage. Bill Waldrop, manager was host for the morning. The group visited Bruegel Elevator Co. north of town in the afternoon where they discussed up-right elevator storage. The tour will include other towns in Texas and New Mexico.

Grain Sorghum Producers Association invited them to the area because of the use of grain sorghum in Germany is increasing and most grain people there have never seen its production or harvesting. Area grain sorghum sales leaped from 729,000 bushels in 1961 to 5,549,000 bushels this past year. Most of the sorghum is used in poultry and swine feeding in Germany.

Bill Nelson, said after the group was briefed on the grain sorghum situation and given technical material as to its value and use at the organization's headquarters office in Amarillo Monday they embarked on a tour of grain industry facilities throughout the Panhandle which included visits to the Amarillo Auction Company, a luncheon hosted by Amarillo Grain Exchange Directors, and terminal grain storage handling facilities and laboratories.

On Tuesday, the group under direction of R. G. Peeler GSPA representative of Deaf Smith County and Wes Anthony, president of Castro County GSPA visited cattle and swine feed lots, rural banking facilities and Castro County elevators.

The group had breakfast Wednesday with Directors of New Mexico Grain Sorghum Producers Association at Clovis and afterwards visited a meat packing plant and grain sorghum milling and processing facilities in the immediate area.

Wednesday afternoon and evening the foreign buyers were guests of B. R. Evans of Tulsa, director of U. S. Feed Grain Council—co-sponsors of the group with GSPA. Nelson said it is believed the wide range of production, marketing and handling facilities visited and grain trade individuals conferred with will afford an opportunity to discuss and perhaps alleviate many problems which might have hampered expanded sorghum markets in Germany in the past and lay the ground work for future expanded use.

Members of the visiting group are Dr. Egon Schoel, the director for West Germany of the joint U. S. Feed Grain Council-Grain Sorghum Producers Association; Dr. Wilhelm Hammer, a member of the administrative board of the Import and Storage Agency for grain and feed stuffs and a member of the Executive Committee of the European Common Market on grain and feed trade; Hans Burmeister, Director of the Grain Trade Association of Germany located in Hamburg; Dr. Volkward Kock, a member of the German Agricultural Association and editor of the Feed Magazine KRAFTFUTTER; Heinz-Peter Franke, a partner with his father in the grain, oilcake and legume import firm of Messrs. Otto F. K. Franke; and Sophus Kruse, a member of the Messrs. P. Kruse who imports feed grains and oilcakes.

### Lucky Jumbo 4-H Elects Club Officers

Lucky Jumbo 4-H Club met September 27 in the home of Mr. and Mrs. W. O. Markley. Program of the evening included election of officers for the new club year. Officers elected include Dan Sheets, president; Patty Simpson, vice-president; Roger Jones, secretary-treasurer; Carolyn Simpson, recreation leader; Kathy Markley, song leader; Mickey Simpson, council delegate; and Lonnie Markley, reporter.

New members welcomed to the club were Dan and Kay Sheets. Refreshments were served to Mr. and Mrs. Bill Simpson, Betsy, Mickey and Benny; M. L. Simpson, Carolyn, Patty, Mark and Lisa; Mr. and Mrs. Branch Sheets, Dan and Kay; Mr. and Mrs. E. M. Jones, Roger, Susan and Sandra; and Mr. and Mrs. W. O. Markley, Kathy, Lonnie, LaVita and Sonia. The next regular 4-H meeting will be in the home of Mr. and Mrs. Branch Sheets, Thursday, October 17 at 7:30 p.m.

### Dowell's Brother Passes Away

Rites for Louis Dowell, 61, brother of Lester Dowell of Dimmitt were held at 2 p.m. Wednesday September 25 in C. V. Steed Funeral Home chapel with Dr. Herbert Bergstrom, pastor of the First Baptist Church, officiating. Assisting will be Dr. W. E. Dowell Jacksonville, Fla., brother of the Clovis man, and the Rev. L. W. Humber, Clovis.

Dowell passed away Monday, September 21 at Clovis Memorial Hospital.

Burial was in Lawn Haven Memorial Gardens under direction of C. V. Steed Funeral Home.

Dowell, who had lived in Clovis 21 years, was a civil service employee at Cannon AFB near Clovis. Other survivors are his wife; three daughters, Mrs. Louis Thomas, Farwell; Mrs. Julia Snipes, and Mrs. Ruth Brownlow, both of Clovis; nine grandchildren; two brothers, Lester Dowell, Dimmitt; and the Rev. Joe Dowell, Irving, four sisters, Mrs. A.V. Todd, Albuquerque; Mrs. W. S. Covinton, Alaska; Mrs. L. B. McConathy, Port Arthur, and Mrs. Dick Great-house, Brady.

According to predictions of farmers and grain operators, Castro County will have a record yield this year. Reports have been received at local elevators of some irrigated milo fields which may possibly average 8,000 to 9,000 pounds per acre.

One local elevator operator reports they have checked in several milo loads which averaged over 7,000 pounds per acre.

Prospects for the crops are good on irrigated and dryland acreage. Milo, as a whole, looks real good

commented one grain man. Area farmers are saying this year's crop is as good, if not better, than the one last year. They point out that the grain sorghum is one of the best in years with irrigated fields averaging 6,000 to 9,000 pounds per acre.

Harvest is well underway as grain operators predict about 25 per cent has already been received at local elevators. Moisture content is high but is starting to decrease with the warm weather

which has been favoring the county. At the present, moisture content is running about 15.

In spite of heavy rains which caused serious problems and heavy damage during the early part of the spring, the milo is doing exceptionally well.

During the remainder of the growing season, showers fell "at just the right time", according to county farmers.

"I believe milo will show a record yield throughout this area," commented one elevator employee.

COMBINES ROLL as grain sorghum harvesting gets into full swing this week. This field should yield approximately 7,000 lbs. per acre according to Burl Bradford, farmer. The land is owned by Reese Kesler and farmed by Bradford. —Staff Photo

### Congressman Rogers Speaks At Dedication Of High School Building

"It is in this building that the young people will find the tools with which to keep themselves and their fellow beings free," declared Congressman Walter Rogers to a large crowd Sunday in the dedication service of the new High School.

He continued, "The building is a tribute to the people of this community and to their understanding of the importance of education in democracy."

"It is in truth a product of the past and a monument to the future."

Rogers told the group, "It is built upon a firm foundation both spiritual and material as a gift to future generations."

"Dimmitt and the surrounding area have a proud history. In the span of hardly an average lifetime this area has been transferred from an open range and Indian hunting grounds to a rapidly growing, productive, and well-planned community with outstanding facilities and an excellent agricultural outlook," emphasized the Congressman.

The able speaker said, "This town was established in the face of most difficult hardships, by individual enterprise, cooperation, and a true community spirit."

"The history of Dimmitt is the history of the type of individual our forefathers had in mind—an individual free to hope and strive for a better way of life—free to create, build, and use their talents, to the end that there may be a realization of the full meaning of American democracy," declared Rogers.

The Congressman distinctively spoke, "Education is the central force in a democracy, without which freedom of man cannot survive. Unless the doors of the mind are open, the doors of employment may be barred."

In conclusion, Rogers said, "We, the people of America, who profess a strong belief in the worth of the individual and his right to self-fulfillment; have an obligation to make learning our lifelong process and our lifelong concern."

Special platform guests introduced included Leon Graham, asst. Commissioner Education, Austin; Hon. Walter Rogers, Congressman, Washington; Atmar Atkinson, Atchison, Atkinson and Cartwright, Lubbock, architects and engineers; Chris Severin, Inspector Supervisor Construction; Harold Yelverton, president of West Texas Builders, Inc., Lubbock, contractor; J. C. Griffin, superintendent, Construction West Texas Builders; and officers and members of local Board of Education.

Following the afternoon service, a crowd of 900 or more toured the new high school plant.

## "I Says Yes To America" Contest Winners Announced

### "I SAY YES! TO AMERICA"— Letter Contest Winners—

Appearing below are the names of "flag"—first-place—winners in the contest I announced several weeks ago. The purpose of the contest was to encourage thought on the meaning of America and to encourage expressions of patriotic conviction. I went over the letters with several of my colleagues in the Congress. They were deeply impressed by the sincere words of the fine Panhandle folks who wrote, and they helped to select the flag winners. On the next pages are the four winning letters. In addition, I will place them in the Congressional Record so that many other Americans may see them. I wish only that it were possible to place all of these fine letters in the Record, but space would not permit.

To each of the following Panhandle residents I am sending a U. S. Flag once flown over the Capitol:

Adult Division: The Rev. Lloyd M. Hearn, Pastor, The Methodist Church, Tell, Texas.

Senior High Division: Miss Shields Richards, 1031 Pryor, Amarillo.

Junior High Division: Miss Janice Colson, Route 6, Wellington.

Grade School Division: Bynum Morris, 2630 11th Avenue, Canyon

To all of you who wrote, I wish to express my gratitude for a wonderful response. Booklets and books on phases of our national government are being sent to all those who took part.

Congressman Rogers printed the flag-winning letters as part of his weekly newsletter to constituents.

ADULT DIVISION  
The Rev. Lloyd M. Hearn, Pastor, The Methodist Church, Tell, Texas.

Dear Congressman Rogers:

I say "Yes!" to America. I say "Yes" to America for what she has meant to millions of men everywhere, and for what she has meant and still means to me. I say "Yes!" to the high dream, daring, and devotion of her founding fathers, despite their failures. I say "Yes!" to the flaming faith of her marching pioneers, though some marched only for gain and some turned back. I say "Yes!" to her statesmen, soldiers, singers, and scribes who held high the dream and kept the faith, while some bartered honor and glory for power and pelf. I say "Yes!" to America.

How glad and proud I am that I live in the great democracy that has dreamed nobly and pursued the dream! Let me ever march with those who follow after. My prayer is that the vision may never dim, that the dream may never die, that there will always be "the land of the free and the home of the brave," singing "in

God is our trust."

"America! America!

God shed His grace on thee,  
And crown thy good with brotherhood  
From sea to shining sea!"

With hand and head and heart  
and forever!

Yours very sincerely,

Lloyd M. Hearn

SENIOR HIGH DIVISION:

Miss Shields Richards, 1031 Pryor Amarillo.

Dear Congressman Rogers:

What is America? It is the singing of The Star-Spangled Banner before the baseball game; it is one's first view of the Statue of Liberty; it is a family on vacation viewing the nation's landmarks; it is the students repeating the Pledge of Allegiance at a school assembly; most of all, it is the only country giving her citizens the right to govern their own lives, without accounting to any officials about their activities. Our right to individual freedom was preserved for us by the founding fathers of the United States, and is being kept for us by our representatives to the present day government.

America is opportunity. There is opportunity for happiness, success, wealth, religious faith, and fame. One must work to gain any of these, but they can be gained in America. Abraham Lincoln is our best example of a man who accepted opportunities and gained from them. He was a poor farm boy and became President of the United States. Any man or woman can run for a public office, it is his choice and he can work hard at being elected. This right to accept the opportunity for a public office is an American right.

Woodrow Wilson had faith in the American tradition and he wanted all the citizens to have this same faith. He saw America as a land of freedom, liberty, and opportunity. We should all share his faith in America; we all have many reasons to share it, after all, it is "the land of the free and the home of the brave."

America is past, present, and future. The citizens of the past preserved America for us. We must continue to keep America free and strong, not only for ourselves, but for the countless Americans that will follow us. For many years America has meant freedom, equality, and opportunity for countless of immigrants from other countries. We are proud that America means this to others. It can mean even more to those of us who have been fortunate enough to be born Americans. America is our life; there is no other way of life that could serve us better. We in America can accomplish miracles without the government always in-

terfering; we know the tense feeling during an election that we, ourselves, took part in; we know the pleasure of fun and excitement at a picnic, baseball game, or family gathering.

America is good. It was founded on the principles of free government and individual rights. We still have these principles and they are being tested and proved every day of the year. We know that our government is successful and good. Our Constitution has been in effect longer than any other constitution in history. We are proud of this. A citizen of the United States of America has more God-given rights than a citizen of any other country. He has more opportunities to succeed than can be counted. Most of all, he is a very important person for whom the government has much respect. After all, he is one of the thousands who determine the government.

I say yes to America; I will say it with love, respect, hope, and thankfulness. America is my country and will remain so always. The flag of the United States of America is symbolic of all that is America. Just to look at our flag makes me stand a little taller.

America is the most wonderful country of all. The opening line of "My Country 'Tis liberty, of thee I sing." Again and again I say yes to America!

Yours truly,  
Shields Richards

JUNIOR DIVISION

Miss Janice Colson, Route 6, Wellington

Dear Mr. Rogers:

I, Janice Colson, Say Yes to America for many good reasons. The country of America is a land of freedom of rights, the people make the government, we have freedom of worship, which some countries do not, and we have protection by armies. I will discuss some of these things that I mention above.

To me freedom of rights means freedom of worship, freedom of press, freedom of speech, to be protected by armies, and we may ask the government to change the laws if we believe they are wrong.

America has two important documents. They are the Constitution and the Bill of Rights. These documents made American people feel proud they are free.

America has many educational facilities, schools, colleges and universities. The people of America are getting educations which will help keep their future ahead of them.

In America we do not believe in slavery because we are free people of America.

They have been putting out gifts of Care and many other things. They put this out to help the needy and the people who cannot afford anything. This keeps people from starving and helps clothe the people and gives them equipment to clear their land. I think this is a wonderful help to the needy people and gives them equipment to clear their land. I think this is a wonderful help to the needy people and I saw some pictures when they received these things and they were happy and full of joy.

Freedom of Worship; in some countries, you cannot worship as you please. But in America you can go to any church you wish. This is a wonderful right.

I am a student going to school and I am happy that I am receiving an education. America is giving me this education.

The song "America!" expresses America as it is because it says that it is beautiful and it is a beautiful country even if I have to brag about Texas for it is the most beautiful State in the Union. I am proud of America.

America is gaining many new things which are helping. We have new weapons in case of war to protect "Our Stars and Stripes Forever."

I, Janice Colson, Say Yes to America, a wonderful free country which I want to remain as my America Home.

I Say Yes to America!

Janice Colson

### 'Cats Challenged Dalhart Wolves

Dimmitt Bobcats took on the Dalhart Wolves, one of the top ranked teams in the state, Friday night without the service of starting halfback Jim Aldridge and with only limited action from two more starters, Jim Axe and Gary Calhoun.

The Bobcats held Dalhart scoreless until 19 seconds remained in the first quarter when the Wolves broke loose to score their first of six touchdowns on a trap play.

The 'Cats poured on the steam to play one of their hardest games and contained Dalhart on all their plays except the trap which the Wolves used effectively throughout the game.

Dimmitt could not get their offense moving despite the hard running of the backs and the blocking of the line. The Wolves speed would stop the 'Cats as soon as they broke through for yardage.

Dalhart had scored 44 points, their final score, when early in the fourth quarter, the second team came into the game. Dimmitt made their best drive at this time with Tony Young at quarterback after Steve Hutton had sustained a leg injury. The 'Cats were stopped on the 12 yard line when a fourth down play was just inches short of a first down.

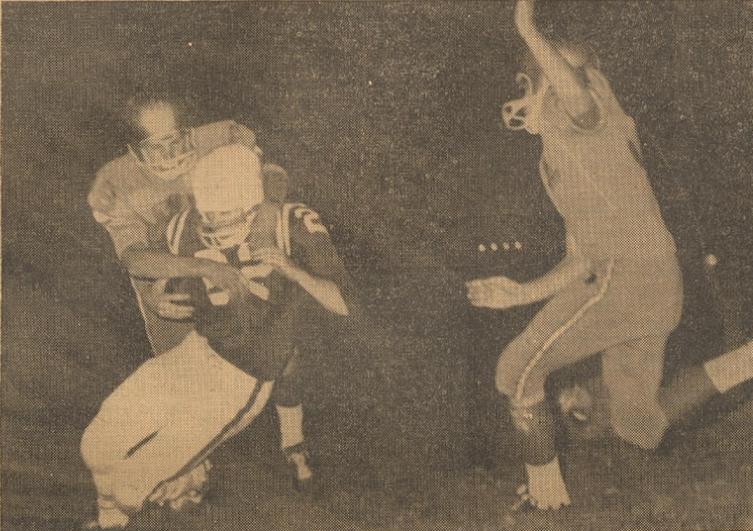

Doing an outstanding job on defense was Clayton Neal, Eugene Oldham and Jim Axe. Jacky Nichols turned in one of his best games both in running with the ball and punting. Two of his punts traveled better than 70 yards before rolling into the end zone.

Dimmitt will meet the Tulia Hornets in the Bobcat stadium this week and again they will face one of the top teams in the area. Tulia has a tremendous amount of speed in their backfield and line according to Coach Covington. The Bobcat line will have to overcome the weight advantage which the Hornets will maintain. Tulia will have plus blocking one of the state's top linemen, "Red" Hooper. He weighs 218 pounds and moves faster than any lineman Tulia has.

At this time Jim Axe, who sustained a shoulder injury in the Dalhart game, and Jim Aldridge are doubtful starters against Tulia.

### Dimmitt Book Club To Hear Mrs. Earl Lust

The regular monthly meeting of the Dimmitt Book Club will be held in the Hospitality Room of the First State Bank on Wednesday, October 9.

Business meeting will be at 3:30 p.m. and the book review will begin at 4 p.m.

Mrs. Earl Lust will discuss the writing of an educator and author whose books were best sellers in our country for many years. The author was William Holmes McGuffey and his books were a series of textbooks, known as McGuffey's Eclectic Readers.

Visitors are always welcome at the Book Club and anyone who studied the McGuffey's Readers as a child is especially invited to attend.

### Easter Club Met Saturday

The Easter Club met in the home of Mrs. Leo Hall, September 26. Program was given by Mrs. Sam Scarborough. She demonstrated how to make a cluster of grapes from pecans and foam rubber. Materials used were Florist tape, wire, pecans and foam rubber cut in squares.

Refreshments of cake and coffee were served to Mesdames W. A. Epperson, Marvin Welty, Dale Maxwell, Henry Flood, W. C. Markley, Sam Scarborough and Leo Hall, hostess.

The next meeting will be with Mrs. Henry Flood, October 10 at 2:30 p.m. The club will elect officer for the coming year.

### Texas Salutes Ralph Yarborough

A multitude of prominent Texas citizens have been named to the Steering Committee for the October 19 "Texas Salute to Ralph Yarborough" — an appreciation dinner to be held in Austin's municipal Auditorium honoring Senator and Mrs. Yarborough.

Walter Hall, Dickinson, and Mrs. R. D. Randolph, Houston, chairman and co-chairman for the event, in announcing the names of Steering Committee members, said: "We are tremendously pleased with the response to the initial announcement of the dinner, and it is gratifying that so many of Texas' outstanding citizens want to help make it a great success." Two of the committee members

who live in Austin, Attorney Fagan Dickson and City Councilwoman Emma Long, were also named as chairman and vice-chairman of the Austin Arrangements Committee.

Honorary chairmen for the dinner, J. Frank Dobie of Austin and Cameron County Judge Oscar C. Dancy, and honorary vice-chairmen, Mrs. Minnie Fisher Cunningham of New Waverly and Mrs. Jud Collier of Mumford, were announced earlier.

### Brockwell Hits Pickup

Jimmie Brockwell, Jr. ran into the back end of a 1942 Chevrolet pickup driven by Jesse Leland Smith about 7:10 a.m., Tuesday on Jones Street.

Brockwell was blinded by the sun and failed to see the pickup. The top was sheared off the '61 Chevrolet driven by Brockwell. No one was injured.

# "Looking Through The Knot Hole"

With Myrtle

Top of the Morning to You! I have just been down to the Willson & Nichols Lumber and Supply Store. They have so many new things on display. John Nichols took me on a tour of the new display counters. The first things I saw were the Weiser locks and back plates for doors.

One of the prettiest and most interesting knob and plate for a front door was an Oriental design in shiny brass that had cutouts. John said this would be very effective with the cutouts painted a Chinese Red on the wood door. These Weiser locks come in several designs in Bronze, Brass and Chrome.

Now is a good time to get the storm windows and doors in place before the North winds come. These Wepco Duo and single fitting doors and windows are the best made and such nice colors. John says that people usually like the Aluminum, black or white trim, but I am thinking the coral pink or sunshine yellow would be a nice change.

I told you about the Simpson Acoustical Tile for ceilings in the homes or offices. Comes in squares, several designs in light colors. You need this for the playroom or to shut out traffic noise.

The biggest seller, and I can see why, is the "pre-finished Paneling." This beautiful wood is being used in most any room now. There are 14 colors but the very prettiest grain is the Blond Ash—Polly has this wood. Also another popular wood is Birch and the Antiqued Ash. Take your choice, all are nice.

John asked me to tell you about the new Coleman Wall Furnace. This comes in a nice neutral color that will blend with your furniture. A good heater for room heating at low cost.

And I hand to look at these pretty Ajax drawer pulls. They are jewel tones. Y can use \$10.00 and make your cabinets or dressers have a distinguished look. They are smooth and some are carved to look like jewels.

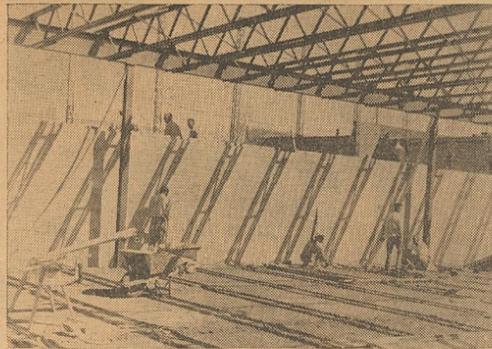

I went to the storage house where the fixtures are and saw the many patterns of linoleum by Armstrong. There are several Accrolen patterns that are fine for those rooms that might need a good economical covering. A better covering is the Terrazo by Armstrong. This is heavier with nice gold flecks and color. But they tell me that the Embossed design in Stone Brick is still the biggest seller and has been popular for 15 years. These are very good for the den and kitchen.

The Ideal Kitchen Cabinets are set up in Birch wood with the raised colonial trim. You can finish this cabinet in your favorite color. The Tappan stove in copper tones was set in with the built-in-oven, sink and a Mission water heater, either a small one or big one. You might like to cover the cabinet top in "Bolita top", a vinyl that is virtually stainproof and will not cigarette burn. Wouldn't the White Sequin be pretty on the kitchen cabinets as well as the bathroom utility cabinets by Ideal.

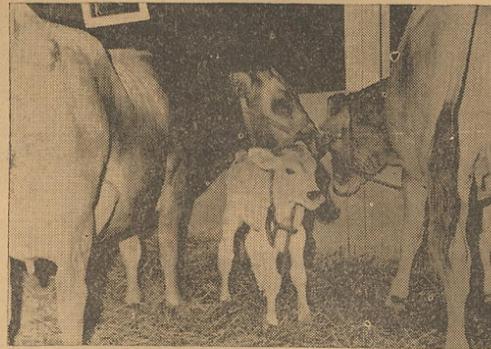

A new idea in the bathroom is the small storage cabinets on each side of the sliding mirror doors medicine cabinet. These doors are louvered. The bathroom fixtures are American Standard and John can get those for you in colors and white. You may have the corner tub or the regular. And don't forget how pretty a Coronado wall paper mural is in the bathroom. They have so many things you must go see them; and of course the Trustworthy power tools you will need to get these jobs "before winter comes" done. They have a small hand sanders and a power saw and drill.

Bye now.

Gov. John Connally spiked increasing rumors of a "near future" special legislative session on congressional redistricting and made clear that he plans to await the decision of a federal court on this touchy issue.

In a specially-called press conference, the Governor also emphasized his support for poll tax repeal. He said "chaos" will result at the polls if the state constitutional amendment is rejected and the Federal amendment to ban the poll tax requirement for voting in presidential and congressional elections is ratified.

Connally was in Washington this week to discuss U. S. financing of the screwworm eradication program, oil imports, forest lands around Toledo Bend Dam, the Jefferson County seawall project, and possibility of a national park in the Guadalupe Mountain Peak area.

He said that President Kennedy may come to Texas on or about November 21-22.

Connally indicated no surprise at a recent statewide Belden poll which showed that 61 per cent of the voters interviewed approved of the way he is running his office. That's an increase of seven per cent since May. Survey revealed that Mexican-American, Negro and labor representatives liked the Governor by about the same percentage as other voters.

**REDISTRICTING SUIT HEARD—**

A federal court took under advisement a Republican group's suit for Texas congressional reapportionment. Suit alleges discrimination against big cities in present representation.

Atty. Gen. Waggoner Carr argued that the U. S. Supreme Court has furnished the Legislature no real guidelines for carving out new districts.

Rep. Menton Murray of Harlingen, chairman of the House Committee on Congressional and Legislative Districts, testified that this was a key factor in the Legislature's failure to re-district this year.

**AWAIT FEDERAL ACTION—**

Carr told newsmen he plans to take speedy action to enforce the Texas Communist registration law after the federal government winds up its present proceedings against John Stanford Jr. of San Antonio.

U. S. Subversive Activities Control Board held lengthy hearings on alleged communist Stanford's activities at the request of U. S. Atty. Gen Robert Kennedy.

Stanford refused to register under either State or Federal Communist control laws. Recently he wrote President Kennedy: "The government has no business telling me what my politics should be."

**LAW ENFORCEMENT CONFERENCE—**

Hundreds of local prosecutors, sheriffs, judges and policemen met here for the 13th annual attorney general's law enforcement conference.

Speakers included Carr; Dist. Atty. Alton R. Griffin, 72nd judicial district; Gaines Co. Judge Charles E. Lawrence; Dawson Co. Sheriff Atty. Gen. John J. O'Connell; Midland Co. Atty. Harrell Moore; Harris Co. D. A. Frank Briscoe; Runnels Co. Judge W. H. Rampsy; Gray Co. Sheriff R. H. (Rufe) Jordan; Dallas CO. D.A. Henry Wade; State Atty. Leon Douglas of Vernon; Dist. Atty. Bill W. Waters of Pampa; State Sen. Ralph Hall of Rockwall; Assistant Atty. Gen. J. C. Davis; and Federal Judge John R. Brown of Houston.

**TRIBUTE TO GARRISON—**

Col. Homer Garrison Jr., received a surprise tribute on his 25th anniversary as director of the Texas Department of Public Safety.

Said Sec. of State Crawford C. Martin, representing the Governor at the program honoring Garrison: "It is a tremendous job protecting the lives and property of the people of Texas. We Texans are very fortunate in having a tremendous man to do the job over the past quarter of a century."

**CRISIS PERIOD AHEAD—**

Following a meeting of leaders in the screwworm program, Dolph Briscoe Jr. of Uvalde, predicted the eradication drive will face

perhaps its most crucial test within the next 30 to 60 days.

Screwworm cases were reported in the Big Bend area, Wilson, Kinney, Medina, Bandera, Dimmitt, Maverick, Edwards, Frio, Val Verde and Zavala counties.

Program leaders called for early drops of more sterile flies in the areas hardest hit. Also establishment of a federally-financed "barrier" zone 200 miles deep into Mexico to block continued migrations of screwworm flies across the border.

**DISASTER AREAS PROCLAIMED**

President Kennedy notified Governor Connally that he has declared the zone hit by Hurricane Cindy on September 16 as a "major disaster" area. He also advised that damages are being surveyed by federal government representatives to determine assistance requirements. President Kennedy pledged rehabilitation of the area.

**NEW APPOINTMENTS —**

A Governor's Committee on Eradication of Tuberculosis in Texas, headed by Dr. Charles A. LeMaistre of Woodlawn Hospital, Dallas, has been appointed by Governor Connally.

He also reappointed Louis A. Scott, El Paso attorney as Rio Grande Compact Commissioner and J. C. Wilson, Pecos rancher, as Pecos River Compact Commissioner.

Jack Valenti, Houston advertising man, was picked by the University of Houston Board of Regents as its representative on the Committee of the Governing Boards of State Colleges and Universities.

**VACANCY CLAIM**

Guerry Strong of Austin contends that a land "vacancy" exists in Victoria County. However, his claim has been turned down by Land Commissioner Jerry Sadler.

So Strong will file it in Victoria County within 90 days, seeking to have some 6,300 acres of land declared the property of the public school fund, instead of private owners. Since the land involved contains much oil and gas production, the claim is being hotly contested by the landowners and oil and gas companies with interests in the area.

Strong has filed another claim in Hidalgo County on a long, thin stretch of land which has 1,800 landowners.

Should Strong be successful, the "good faith claimants" will have the right to buy back the land they thought they owned, at a price to be set by Sadler. Strong will get one-sixteenth of the oil and gas, and the school fund will get the rest of the royalty.

**STOCK ISSUES MOUNT HIGH—**

State Securities Commissioner William M. King says August permits for issuing stock in Texas exceeded the July figure by \$2,000,000. Total reached was \$19,499,357. Big push for state-based securities sales brought the fiscal 1963 total of securities authorized by the state board to \$2,500,000.

**HEALTHREPORT—**

Only 49 cases of polio had been reported to the State Health Department by mid-month.

Venereal disease is on the upswing in Texas. By September 14, a total of 21,405 cases of gonorrhea had been reported, compared to 1962's high of 20,086. Syphilis cases totaled 4,156 compared to 3,562 at this point last year.

Tenth District Congressman Homer Thornberry of Austin has resigned. Effective date is December 20. Thornberry is to become a federal district judge in El Paso.

Voters will select a new congressman on November 9. That's the day Texans vote on the four proposed constitutional Amendment. Immediately following Thornberry's resignation, J. J. (Jake) Pickle of Austin resigned his post on the Texas Employment Commission and announced as a candidate for Congress.

Pickle, 49, was appointed by Gov. Price Daniel to a five year term on the TEC in January of 1961. He has been active in Democratic circles since his graduation from the University of Texas in 1938.

Rep. Jack Ritter Jr. of Austin announced for the post several weeks ago when Thornberry first

## Foley Designated Legion Meeting Key Speaker

Foley will arrive here October 4 and will speak that evening to Legionnaires from all over Texas, indicated he might resign.

**OGALLALA—**

A vast underground water reservoir, which supplies irrigation and municipal water for all or part of 48 counties in West Texas, was the subject of at wo-day hearing before the Texas Water Pollution Control Board.

Water districts in the area from Dalhart to Odessa asked the board to outlaw the use of open, unlined salt-water disposal pits by oil and gas operators. Their experts contend that the salt seeps into the underground formation, contaminating the water.

Oilmen were concerned that the Pollution Control Board might set up regulations for the use of salt water disposal wells which would replace the pits as a means of getting rid of the water. They want supervision of their operations to remain under the Railroad Commission.

Board delayed hearing until November 20, to give the oil industry time to make suggestions for curbing the problem.

### Dimmitt Junior High Tackles Canyon And Tulia

Dimmitt Junior High footballers traveled to Canyon Tuesday, September 17 to challenge the Eagle teams.

Dimmitt seventh grade lost to Canyon, 20-6. Jack Matthews scored the lone Dimmitt touchdown on an off-tackle play in the third quarter.

The eighth grade came through with winning score as they shut out Canyon, 16-0. Johnny Davis scored the first TD on a dive play during the second quarter. Then Scott Moran, quarterback, made six points on an option play in the third period.

Glenn Mundell and Gary Malone were responsible for trapping Canyon in the end zone to score two safeties for the eighth grade.

The seventh grade stomped Tulia Tulia last Tuesday to win both games.

The seventh grade stomped Tulia 27-14. Jack Matthews, full back scored the first six points on an off-tackle play in the first quarter.

Jimmy Coleman ran a punt back 55 yards for a touchdown in the first period and came through with six more points on an option play later. David Land scored the final TD. Tulia scored twice in the second quarter to tie the game 14-14 at the half. Dimmitt played good offensive and defensive ball to win the game.

Eighth grade squeaked by the Hornets, 16-14. Jack Bradford scored first touchdown and Pete Garza made the final TD. Conversions were good. Both scores came in the second quarter with the score 16-0 at halftime.

Dimmitt played defensive ball to win the game by two points as Tulia scored their second touchdown with only nine seconds remaining in the game.

### Hart Longhorns Play Homecoming Game. Friday

Activities are underway for the Homecoming game this Friday night in Longhorn stadium where Hart will meet Anton.

Five candidates have been selected for "Mr. Bonfire" who will be revealed Thursday night, 7:30 p.m., at the pep rally and bonfire. The crowning of Mr. Bonfire will be south of High School.

Bonfire candidates are Joe Rubalcaba, senior; Kenneth Fincher, senior; Tommy Morrison, junior; Steve Myrick, sophomore; and George Edd Bennett, freshman.

Friday afternoon at 3 p.m., the Hart cheerleaders will lead a pep rally downtown on the bank building lot.

At 7:30 p.m., Friday night prior to the game, Miss Homecoming Queen for 1963 will be crowned in an impressive coronation service. The queen candidates will be brought on to the field by a float decorated with white background accented with maroon. At this time, the queen will be announced

with crowing ceremony and presented a bouquet.

Football squad and pep squad will form on "H" on the field with the queen, attendants and escorts forming the cross bar of the "H". The queen will ride on a throne prepared on the white and maroon float which will be drawn by a 1964 convertible Pontiac furnished by Dock Coffey of Amarillo.

Queen candidates nominated by football boys are Betty Galyon, senior; Carol Nivens, junior; Becky Burress, sophomore; and Suzanne Constant, freshman.

Other Homecoming activities include an Enchilada Supper from 5 to 7 p.m., for Beta Sigma Phi members prior to football game.

### Hart - Kress Tied 6-6

Hart Longhorns and Kress Kangaroos moved the ball up and down the field in a nonconference game played Friday night at Kress. Both teams were able to score one. After a final attempt by Hart to score in the final 10 seconds the score remained 6-6.

Hart moved the ball well but was unable to make it across the goal line for another touchdown. In the final 10 seconds of the game the Longhorns intercepted a pass and moved the ball to the Kress 10 but time ran out before they could begin on the next play.

Early in the second quarter, James Lockridge, Kress quarterback, plunged across the goal line for the first score of the game.

Hart Longhorns did not score until the fourth quarter when Gary Heller threw a 10 yard pass to Carl Ward who was waiting in the end zone.

Both teams moved the ball in to scoring range several times but were unable to make the final push.

Hart will begin conference play this Friday night as they meet Anton at Longhorn stadium. This

**THE CANADIAN WHEAT DEAL**

A call is being made by some Americans for a re-examination of United States export policies in the wake of Canada's half-billion-dollar sale of wheat to the Soviet Union. Strictly from a business standpoint the deal was a good one for Canada; the Canadians will receive good, hard currency—not soft Russian ruble—just as they're receiving good, sound dollars in their \$700 million past and future grain deals with Communist China. Strictly from a business standpoint, Canada's deal makes it possible to move more of our own wheat into world markets—some of it to Canada itself to replace depleted reserves.

But business is not strictly business where the Communists are concerned. Despite talk that Canada's deal amounts to a political setback for the Soviets, whose agri-

cultural failures are thus pointed up for all the world to see, the deal can only strengthen the economic position of the Soviet and its Iron Curtain satellites—and Cuba. The Soviets have plenty of gold. They can afford to part with some of it in exchange for the grain they must have if Russians and satellite peoples are not to become restive.

Food is as much a weapon in the Cold War as is the military. It is a cruel fact of life in the modern world that warfare—hot or cold—involves the total commitment of national resources, populations as well as industrial and agricultural productive capacities. The current phase of the East-West conflict amounts to an imposing test of the abilities of two opposite systems to provide for the well-being of humanity. Our conviction, and certainly that of the Canadians, is that freedom under democratic government is the best way for man to attain his material and spiritual goals. The Communist belief is that state supremacy through totalitarian control is the only course through which man can attain an abundant, if soul-less, existence. The conflict between the two systems will continue through the foreseeable future, and as it goes on the capacities of the Free and Communist worlds to provide for their peoples will continue to be tested.

Some argue that for humanitarian purposes we should modify our export policies to sell foodstuffs to Iron Curtain countries, including the United States.

At the moment, the United States

—in assessing Canada's action—is in the same position as would be a sporting goods store owner who sees his competitor across the street sell a basket of revolvers to a gang of known criminals. We wish we'd gotten the dollars in our till, but we know that the effect of the sale may be to hasten the day that the gang returns to stage the promised hold-up.

I regret that the Canadian government can't see that point. And I trust our own government, despite our wheat surplus and balance-of-payment problems, will not lose sight of it.

**VISIT SON**

Mr. and Mrs. Ozro Stephens of Amarillo visited in the home of their son, Mr. and Mrs. Harold Stephens a few days last week.

**Dog Project is Favorite of Farm, City 4-H Members**

Further evidence that man is dog's best friend is borne out by the fast-growing 4-H Club dog care and training program. In four short years the number of boys and girls enrolled in the program has increased tenfold to nearly 20,000, reports the National 4-H Service Committee. By the end of 1963 another big jump in enrollment is expected.

Sponsored nationally by the Ralston Purina Company, the carefully planned "pet" program has become popular with city 4-H'ers.

**Learn Obedience**

Obedience training is high on the list of things young dog fanciers accomplish. Even parents agree that a "well-mannered dog" is a joy both indoors and out. Among the important scientific facts boys and girls learn about dogs is how to keep them healthy, happy and a respected member of the family.

As one 4-H dog club leader puts it, "Owning a dog is good discipline for the entire family." Being accountable for the dog's food and health needs, caring for the mother dog and her puppies, learning about breeds, and grooming for the show ring are some of the tasks

At a recent obedience demonstration this young dog handler put a trio of poodles through the paces. Besides teaching dogs cute tricks, 4-H'ers train them to obey commands that make for a well-behaved pet.

that 4-H'ers undertake when they enroll in the care and training program.

**4-H'ers Rewarded**

At the close of the 4-H Club year, members who show personal progress have an opportunity to compete in various ways for awards provided by Ralston Purina. Selection of winners is made by the Cooper-

ative Extension Service which supervises the program.

Awards include free trips to the National 4-H Club Congress to be held in Chicago December 1-5; engraved 19-jewel wrist watches and medals. Additional information about joining a 4-H dog club can be obtained at the county extension office or from the state 4-H Club office.

**Price Support Made Available in 1964 Program**

Price support for corn, grain sorghum, and barley in 1964 will again be made available through both loans and support payments, Charley E. Hill, Sec., Agricultural Stabilization and Conservation County Committee, pointed out today. Growers will qualify for the supports by participating in the 1964 feed grain program, for which the sign-up period is planned for early next year.

Total national average price support levels for the three feed grains in 1964 will be the same as in 1963, but a slightly larger proportion of the support will be made available through loans. As last year, the loan rate will vary according to counties. The support payment for each of the three grains, however, will be the same amount per bushel in all counties.

For feed grains covered by the program, the loan rate, support

payment, and total national average support are, respectively: Corn (per bu.), \$1.10, 15 cents, \$1.25; barley (per bu) 84 cents, 12 cents, 96 cents; grain sorghum (per cwt) \$1.77, 23 cents, \$2.00.

Besides qualifying for price support loans and support payments, the grower who participates in the 1964 feed grain program will earn a diversion payment on the acreage he shifts from feed grain production to a conserving use.

While the 1964 program is basically the same as the successful 1963 program, an important change increases the top limit on diversion from a farm's base acreage and also increases the rate of payment for maximum diversion. In 1964, any producer may divert as much as 50 percent of his feed grain base acreage (in 1963 it was 40 percent); the maximum acreage diversion will be 25 acres if this is more than 50 percent of the base. Also in 1964, those producers who divert 40 percent or more of the feed grain base acreage will receive diversion payments at the maximum rate for all acres diverted.

## THE BIBLE TEACHES...

... that Jesus is our Savior in Luke 2:11, but some people say he was just a good man. However, good men do not deceive others with false claims about themselves.

He may have been a fool—but he made too much sense.

He was the best or the worst. Certainly, Jesus was not the worst man to live. If he were the best, we must accept his claims and commands.
