County delays road decision

At their Monday meeting, the Castro County Commissioners' Court once again put off action on accepting the roads in the Coronado Acres subdivision in the northern part of the county.

Texas Rural Legal Aid attorney Rudolph Mares asked the court to acknowledge that the roads are county roads since they were created and graded with county-provided equipment and labor.

Mares also presented a petition signed by some of the residents of the subdivision, asking for county relief of their transportation problems brought about by the poor condition of the roads leading to their homes. Around 15 or more residents attended the meeting, which gained coverage by two Amarillo TV stations.

County Judge Polly Simpson referred Mares to County Attorney Jimmy Davis. Davis said he would review the matter further before presenting a report at the next meeting of the court. He noted that he will examine the deposition given in a previous lawsuit also relating to Coronado Acres by former Precinct 3 Commissioner Jimmie Howell concerning the status of the roads in the subdivision.

Precinct 1 Commissioner Harold Smith read a prepared statement saying, "I can't understand why the Commissioners Court would try to deprive these people (of) a road, when it could cost more to take this to (a) higher court than it would cost to build the road in the first place." He entered a motion to acknowledge the roads as county roads, but the motion died for lack of a second.

In other business, the commissioners awarded the contract for an audit on the past two years of the county's accounts by a vote of 3 to 1, with Precinct 3 Commissioner Jeff Robertson voting against, and Precinct 2 Commissioner Dale Winders, Precinct 4 Commissioner Vincent Guggemos and Smith voting in favor. The firm of Davis Kinard of Abilene offered the low bid and was awarded the contract, with a price tag ranging from \$11,800 to \$13,000. Carol McDonald, a

'Jail and Bail' benefit to aid March of Dimes

Local supporters of the March of Dimes will sponsor a "Jail and Bail" benefit Wednesday, Nov. 20, and next Thursday, Nov. 21, jailing local citizens and asking their friends to provide "bail bonds" in the form of pledges.

Those "arrested" will be housed in a temporary jail erected at First State Bank of Dimmitt, and the culprits will be held for an hour, during which time they are asked to

phone friends to provide \$100 in pledged bail money.

Arresting officers with phony "warrants" will pick up the accused and deliver them to the mock jail. A volunteer "judge" will set the bail. Any adult can request the jailing of another person, including a spouse, friend or co-worker, by pledging a \$10 contribution to the Campaign for Healthier Babies. The culprits may be charged with zany offenses, such as "visual assault with a loud necktie" or "excessive modesty and humility."

Those wishing to issue an arrest request may contact Jail and Bail Chairman Max Ellison at 647-4312. Among personalities already

marked for arrest and planning bail-raising strategies are Don Nelson and Danny Rice.

Arrests and jailings will take place between 9 a.m. and 4 p.m. on Nov. 20-21. Among companies and organizations providing support for the event are First State Bank, The Sweet Shop and Pizza Hut.

The March of Dimes is a national voluntary health agency whose mission is to help babies be born healthy by preventing birth defects, low birthweight, and infant mortality. Through its Campaign for Healthier Babies, the March of Dimes funds programs of community services, advocacy, research and education.

DISD accepts audit report

Compared with 1990, revenue and assets increased, as did expenditures, but liabilities decreased, according to the 1991 audit for the Dimmitt Independent School District.

Pat Buzzell of Cornell and Co. of Amarillo presented the audit report at the Monday night meeting of the Dimmitt School Board. She told the board that the audit "found nothing wrong of a material nature."

She was complimentary of the district's employees and accounting practices, saying she always enjoys auditing Dimmitt.

Board President David Schaeffer commended the efforts of Neal Bryan in helping with his first audit since assuming the position of business manager for the district.

Buzzell also complimented First State Bank of Dimmitt, the school district's depository, for pledging sufficient securities to more than cover the amount of the district's highest balance of \$3,924,065. She noted that securities in the amount of \$4.5 million were held to insure the school's deposits, along with the \$100,000 coverage allowed under FDIC insurance.

The audit revealed that Dimmitt has a 97.25% collection rate on property taxes, compared with many other area districts that have only a 95% collection rate, accord-

ing to Buzzell.

Buzzell noted that nearly 30% of the time taken for each audit includes verifying compliance with numerous state and federal regulations governing the spending of funds from those sources, including such things as equal employment opportunity, etc. Her report stated that DISD is in compliance with each of those areas, as well.

The board voted to accept the audit report.

In other business, the board agreed to purchase the energy management system that has been in place in the district for the past five years. Westex International Corp. of Lubbock set the purchase price at \$19,650, then subtracted the district's share of energy savings for this year (\$10,050), leaving a price of \$9,600. The purchase includes a six-month warranty, which will need to be replaced at expiration by a service agreement at a cost of \$2,950 per year.

The system includes electronic monitoring of energy systems for optimum operation. Through the past five years, the system has saved the district an estimated \$79,706.05 in energy costs. The savings were split between the district and Westex.

Swifts to face Memphis in bi-district tilt Friday

Nazareth is in the state football playoffs for the second straight year, and the Swifts hope to claim the bi-district championship Friday night by defeating the Memphis Cyclones.

Nazareth and Memphis will meet Friday night at 7:30 at Canyon High School Stadium.

The Swifts enter the game as the second seed from District 1-A, while Memphis comes in as the District 1-A champion after it beat No. 2-ranked Wheeler Friday night.

Memphis has lost only one game this year and that was to Class AA powerhouse Wellington early in the season. The Cyclones went undefeated in district play, and their district is ranked as one of the toughest in the state in Class A.

The Cyclones used a big-play offense to upset Wheeler Friday night, and that offense was directed by quarterback Jay Runnels (6-1, 170). Runnels ran 21 times for 114 yards and completed 9-of-13 passes for 131 yards to key the Cyclones in the win. He's capable of doing just about anything on offense, according to Nazareth Coach Rick Price, and the key to the game will be stopping him.

"Our top priority has got to be stopping their quarterback. He's the most threatening player they've got in the backfield. Runnels is tough because he can run, throw and run the option, and he does all of them well. He can put the ball out there where the receivers can catch it," Price said.

"We've got a pretty tall order ahead just in stopping their offense. We've just got to try and force some turnovers," he said, adding that Memphis has coughed up the ball several times this year.

Runnels is joined in the backfield by junior tailback Brian Brown (5-10, 170), who is an "extremely quick" runner. He is also one of Runnels' favorite passing targets. Against Wheeler,

Brown made a diving catch for 42 yards, then turned around a couple of plays later and plunged in from a yard out for the touchdown.

Finis Barker (6-1, 185) also is a threat from the backfield. The all-district fullback likes to run up the middle. Memphis uses him on the option and he's good at what he does, according to Price.

Runnels also likes to throw to receivers Cosme Duran (5-8, 170) and Junior Torres (5-10, 160).

The Cyclones feature several returning starters on offense, and among these are Runnels, Brown, Duran and Barker, along with center Val Gonzales (5-10, 160), guard Haydon Maddox (5-10, 170) and tackle Terry Widener (5-10, 220).

The Cyclones field a strong, experienced defensive squad, led by Duran, who Price says is the "heart and soul" of the Memphis defensive unit. Duran is the inside line-backer and "he gets to the ball," no matter where it's headed. Lamonte Dickson (5-8, 190) is a strong anchor on the line from the tackle position and Price says he's quick. Both are returning starters. Others back from last year's team are linebackers Barker and Jerry Jurado (5-8, 150); safety Jerry Combs (5-7, 160), Gonzales at end, Widener at tackle, and Jeremy Cabler (5-9, 170) at cornerback.

Price said his team is going to have to run the ball to open up the seams in the Memphis defense so the passing attack will be effective.

Good luck to the Nazareth Swifts against Memphis in the bi-district football game Friday night at Canyon. We're pulling for you, fellows.

If you haven't already marked your calendar to attend Dimmitt's Christmas Open House next Thursday evening, do it now.

It will be fun to use our new Centennial Plaza for Christmas carols and Santa for the first time, and to see all the downtown decorations and the new Christmas things at the stores.

Brenda Bruton is planning the Christmas decorations for the gazebo. And when Brenda does something, it's done right.

The gazebo will have its new sound system, too. Charles Axtell, Jerry Frazier, Johnny Vick and Richard Young drew up the specs and put together a 200-watt, four-speaker, six-channel system with monitors, that will handle anything from a politician to a full band or choir, plus input from tape, compact disks or electronic keyboard.

Five months ago we received an advertising order by phone from an outfit in Miami, Fla., with a mailed follow-up. They wanted to run a full page ad every week for a month.

"APPROVED CREDIT! Personal Loan/Debt Consolidations. Up to \$50,000. No Collateral or Credit Needed. Visa and MasterCard Available. 24-Hour Approval."

The light went on between my ears and I called the South Plains Better Business Bureau in Lubbock, which in turn contacted the

Better Business Bureau in Miami.

Sure enough, it was a scam.

"The company has an unsatisfactory business performance record, due to a pattern of no response to customer complaints brought to its attention by the Bureau," the BBB reported.

"Extreme caution is advised when dealing with an advance-fee loan broker in another state. You may be told that sources of funding are readily available and that the loan is practically guaranteed. You are asked to wire or Federal Express a processing fee to start preparing the paperwork without delay. When the loan application is received, asking for very detailed personal information, you realize that the company is not the lender but that your request will be submitted to one for review. The funds rarely materialize and the advance fee is seldom refundable.

"Before becoming a victim, ask yourself why a stranger would lend you money on the basis of a telephone call when your local financial institution will not take a chance on you."

So you didn't see those ads in this paper.

I guess we trash an average of one or two ads a week that are obviously scams.

There was another one here recently—a telephone scam by an outfit calling itself the "Texas Municipal Police Association." The caller asked for a \$50 donation to help "publish and distribute crime prevention literature to young people."

William and Rosetta Bellinghausen went to Ovilla for a long weekend and while there, they watched their grandchildren, Jordan and Canaan, while the children's parents were on a medical convention in New Orleans, La. While there, they also visited some of their friends.

Charles and Betty Vaughan spent the birthday weekend with their daughter, Dr. Beth Vaughan Wrobel in Fayetteville, Ark. Beth and Charleen met them in Tulsa and they had a lovely drive into Fayetteville. They visited the Blue Bird factory, where they watched glass blue birds being made. The blue bird is the Arkansas state bird.

They had a Halloween bazaar on the downtown square. Charles enjoyed seeing and visiting Joe's Ranch and his registered herd of cattle. It was a beautiful place. Charleen drove them back to Little Rock, Ark. to catch the plane. She works in Little Rock and they enjoyed seeing where she works.

This week Charleen is in Tampa, Fla., where she will be installed as international president of Sigma Theta Tau, her nursing honor sorority.

She also has been in New York and Philadelphia, giving lectures and holding seminars.

They had a great time during the trip, but they said the foliage wasn't yet turning.

Troy and Stacy Golden were in Dimmitt last weekend visiting Betty and Charles Vaughan and Sherri, Kevin and Mike Wilkerson. Troy is in turf management school in Snyder.

Visiting recently with Cletha George were her sister and brother-in-law, Ella Mae and O.V. Barker from Bells. They were here to help Cletha and the rest of the family celebrate Cletha's 93rd birthday on Nov. 2. The family took Cletha to K-Bobs for lunch, then they went to Jim and Floyce's for dessert, opening gifts and visiting.

Chollis and Jack George brought the lovely birthday cake decorated with one large candle. Peach cobbler, vanilla and strawberry homemade ice cream were also served. Others visiting with Jack and Chollis were their daughter, Nancy English, and her daughter, Courtney. Other out-of-town guests were Charlene Roessler of Richardson, Greg George of Wichita Falls, Camille Summers of Amarillo and her friend, Lee Ballard of Claude.

Other relatives from here attending were Dub, Pauline and Danny George; Sharon Bradley, Patty and Kurt Summers; Roy, Carla and Chance Schilling; Danny, Shelly, Tisha, Brandi and Ramey Rice; Martha and Lonnie Rhynes; Irene Carpenter, Oleta Hance, Bobbie George; and Jean and Wayne Newton of Plainview.

Cletha had a nice visit with all her family members that were able to attend. She received many cards and gifts. All the grandchildren had chipped in and made arrangements to have her house painted.

Her sister, Ella Mae, and O.V. Barker stayed for a few days visit. They had come in Wednesday on the icy roads. They ran into more ice at Childress and had to battle it all the way to Dimmitt. They stayed until Monday, and returned home with nice weather.

Elicz and Serena Teague entertained their daughter, Lavelle Mapes of Walsenburg, Colo., during the cold, snowy weather. She stayed here an extra day because of the snow, even though she is from a state that is used to a lot of snow. The Teagues talked to their other daughter who lives in Bernard, Maine. She reported they had strong winds during the recent storm in Maine, but they didn't sustain any damage from it.

"Festive Foods, '91" was presented by Mary Blinderman, SPS economist from Amarillo on Tuesday evening at Rhoads Memorial Library. Her theme was "Gift Ideas for the Kitchen." She prepared several delicious recipes that she served to a large group of women attending.

After getting married in August, honeymooning in September and returning to work, Mrs. Rubye (Annen) Hubbard-Musser (her new husband is Mr. Robert Allen Musser) of Fort Worth interrupted her busy schedule to visit her dad, Raymond Annen, for two days last week. She visited several friends and the museum while she was here.

Other out-of-town visitors at the museum last week were Fred Howard of Plainview and Newt Goodwin from Lubbock. The museum held its October meeting—which had originally been postponed because of bad weather—with just four board members on Nov. 7.

Neva Hickey was hostess to the Thursday Bridge Club that met at the Senior Citizens Center for lunch and a day of bridge. Susie Reeves won high score and Johnny Vannoy won second high. Others playing were Dude McLauren, Elizabeth Huckabay, Helen Braafladt, Ina Rae Cates, Bernice Hill, Loranell Hamilton, Edith Graef, Emily Clingsmith and Louise Mears.

When the preacher is away, the church members will play, and that's just what happened at the First Baptist Church Sunday evening. Richard Young led in several hymns and Nikki Kenley sang "Proclaim the Glory of the Lord." Billie Kirby gave an inspirational testimony along with Justin Shultz. On one occasion, when Justin gave his testimony, a girl handed him a oie with KISS written on it, but when he talked to her later, she said it meant, "Keep It Simple, Stupid!"

Walter Maynard and Jerre Shultz played a beautiful offertory, "Just Praise the Lord," and the men's quartet (minus one man and plus one lady), Jerry Heller, Richard Young, Wayne Proffitt and Debra Ball sang "Living Sacrifice."

He weighed 8 pounds and 11.2 ounces and was 21-1/2 inches long. Gay went down to Seminole, along with Karla, and they got to be there when the baby was born. Melody and Walter have a girl and two boys now.

James and Patricia Powell and Tresa Sirmans, Ken, Amber and Tiffany, all of Canadian and Amarillo, came Friday evening for the weekend with Ezell and Verba Sadler. Cheryl Norman and Brett of Fort Stockton also arrived later, coming by to see Melody and Walter's new baby. David Sadler went down Saturday after he got off work at noon to see his new grandson.

Willie Mae Sadler stubbed her toe on the sidewalk and fell at Plains Memorial Hospital Monday morning, and injured her shoulder. She was kept overnight for observation, and was dismissed Tuesday. She was able to go to church Wednesday night.

They also visited his two brothers and their families in the San Jose area. They traveled from San Francisco to Medford on 101 Highway. It took them through the Redwood Forests. They traveled to Medford, Ore., to visit a cousin. They had a wonderful trip and saw lots of new country. They came back through Salt Lake City, Utah, and then traveled on to Four Corners and stopped by their cabin at Guadalupe, N.M. They were met by Dean and Belinda Kirby, Bob and Phyllis Mooney and Willis Hawkins and wife.

Gale and Verna Sadler and Embree Roy and Willie Mae Sadler attended a "Honey-Do" sandwich supper and shower Saturday night in Lubbock honoring Gregory Sadler and his bride-to-be, Holli Drago.

Cotton began to come in Saturday with the threat of another round with the weather. It wasn't raining Sunday, but sure looked like it could.

James and Patricia Powell and all their grandchildren and all but one of their children were visitors in the Sunday morning services and spent the day with Ezell and Verba Sadler.

Hart PAC to present flag to HISD during education week

The Parent Action Council (PAC) is a part of the Hart ISD Chapter 1 program whose function is to support education through parental involvement and training. PAC meets once each month for an hour, their business is varied and includes information about the school as well as volunteer projects to help the school. In their last meeting they discussed the Success in Schools program. This program trains parents to teach other parents to build their children's self esteem and help children achieve in school.

The PAC purchased a Flag of Education and plans to present it to the school during National Education Week.

CPS gets \$1,500 grant

The Castro County Child Protective Services board has been awarded a \$1,500 grant from the General Board of Global Ministries of the United Methodist Church.

The grant is to be used for the "We Help Ourselves" (WHO) program.

The WHO program is an educational program designed to teach elementary through high school students how not to be victimized. Topics such as peer pressure, date rape and abuse are dealt with along with running away and abusing drugs or alcohol.

The board is excited about the opportunity it has to teach Castro County children how to remain safe and to fend off personal attacks.

Last year the board implemented the WHO program in the seventh and ninth grades. With the grant, WHO will be made available to elementary students this year.

Once materials arrive, volunteers will be trained to implement the program.

Anyone who is interested in being a volunteer should contact a member of the CPS board.

Child Protective Services meets

Frances Duke told members of the Child Protective Services Board about a \$1,500 grant awarded to the county group from the General Board of Global Ministries of the United Methodist Church at the board's November meeting.

The money will be used to complete the purchase of the elementary level WHO program and will aid in training volunteers to implement the program.

In other action, the board reviewed minutes and financial reports, and Donna Stump reported on the status of the children under the care of the county.

The board discussed providing Christmas presents for the children receiving services from Child Protective Services. No action was taken on the matter, pending an investigation of need.

Randy Smithson, board treasurer, raised questions about bylaw compliance. He has visited with Bill Gardner, regional director, about updating the bylaws. Mr. Gardner will attend an upcoming meeting of the board to consider the possibility of changing the bylaws.

The group's next meeting will be held on Dec. 12.

Members present at the November meeting included Toni Robertson, Frances Duke, Donna Stump, Randy Smithson, Jerry Bailey and Jimmy Davis.

We Salute

Our senior gridders

"My main regret about this season," Dimmitt High School Football Coach Bill Rogers said, "is losing this bunch of seniors. I told them Friday, 'You'll always be special because you were my first seniors during my first year as a head coach.'"

All coaches have a special place in their hearts for their senior players. They depend upon those seniors to help teach the younger ones, to set an example and provide team leadership.

It's usually the seniors who set the goals and establish the character of a team, and who inspire the younger players to live up to their potential.

In football, the common goal is to either win the district championship or at least be one of the top two teams in the district and make it into the state playoffs.

Seniors on this year's Hart Longhorns squad had that experience last year. The Nazareth Swifts' seniors are getting to experience the playoffs this year. The Dimmitt Bobcats' seniors barely missed the playoffs again this year, but if their little brothers make it during either of the next two seasons, they can claim some of the credit for it.

We salute these seniors who played their final game Friday night for:

THE DIMMITT BOBCATS—Back Billy Ray Thomas, back Coby Heller, back Chris Cowen, back Lincoln Stewart, guard Monty Moore, guard Zach Smith, end Freddy Fernandez, end Casey Summers and end Shawn Christian.

THE HART LONGHORNS—Center Carlos Velasquez, quarterback Richard Garcia, end Johnny Barron, back Rudy Ramirez, tackle Tony Montemayor, tackle Eduardo Herrera and end Coby Emery.

And we wish the best of luck in the playoffs to the seniors of:

THE NAZARETH SWIFTS—Back Lynn Nelson, back T. J. Garza, lineman Jeff Hacker, tackle Rick Leavitt, tackle Mac Annen and end Travis Schulte.

We're proud of all of you!

Holiday bazaar set in Nazareth

A Thanksgiving dinner and a holiday arts and crafts show will be held in Nazareth on Sunday, Nov. 24.

The arts and crafts show, which will be held at the Nazareth School Cafeteria, will be open to the public from 10 a.m. to 4 p.m.

The Thanksgiving dinner, which will feature turkey, dressing and all the trimmings, will be served by the Christian Mothers Society in the Nazareth Community Hall.

The Nazareth Art Club is accepting reservations for booths at the holiday arts and crafts show and each 8 x 10-foot area will be rented for \$15. One table and two chairs is included with each booth and those wishing to reserve spaces are asked to state if they will need the table or if they will use their own display racks, etc.

Booths will be assigned on a first-come basis and when reserving booths, exhibitors are asked to specify if they prefer a wall or center area. They also must specify what will be on display in their booth. Checks should be made payable to the Nazareth Art Club and the group must receive money in order to reserve a booth in an individual's name. The deadline for booth reservations will be Saturday, Nov. 16.

The cafeteria will be open at 8 a.m. on the day of the show, so that exhibitors may set up their booths.

Sister Frances Anne Braddock recently visited with her son, Bruce Braddock, and his family, as well as with other relatives living here. She has returned to Clarksville, Ark.

Ashley, Courtney and Lindsey Hoelting, K'Lynn and Nickolaus Gerber and Dustin Ramaekers, who are part of the Honors Choir, attended the Vienna Choir Boys presentation at the Amarillo Civic Center. The choir was composed of 23 boys, ages 9 through 14. The

two-hour program was very inspirational. Others attending were Bill and Bernita Hoelting, Leola and Vera Ramaekers, Dolly Schulte, Dolores Heiman and Karen, Mary Beth and Virgie Gerber.

On Sunday, the Faithful Friends Choir was invited to sing during mass at St. Lawrence Cathedral in Amarillo. After lunch, some enjoyed watching the moving Curly Sue, and others chose to see a Christmas movie. They had an enjoyable day.

Sponsors going with the choir were Bernita Hoelting, Vicky Klemman, Mary Beth Gerber, Becky Book, Monette Schilling, Mary Verkamp, Beverly Schulte, and Bobbi Schmucker. They were happy to have their pianist, Winifred Wagner, able to accompany them at church.

radiation treatment and may even be at her home here for the week-end. We all wish her well.

Marilyn Wilson was honored with a surprise 50th birthday party Saturday evening at the Olton Country Club. The event was hosted by her daughters, Kim, Kelly and Kristie, and their husbands. Attending from here were her mother, Louise Braddock; her brothers, Cecil, Raymond and Jerry and their wives; and her sisters, Joan, Dorothy and Susie, and their husbands.

Pam and Chris Bogle of Center, Colo. spent the weekend here with LeRoy and Dorothy Pohlmeier and their families. They enjoyed the football game between Nazareth and Bovina Friday night.

Winifred Wagner had arterial surgery last week at High Plains Baptist Hospital in Amarillo. She has been doing fine, and is now at the home of her sister, Doris Jones, at 8003 Samson St. in Amarillo, 79121.

Lillian Venhaus has been released from the Lubbock Methodist Hospital and is at her daughter's home in Shallowater. She goes back to the hospital each day for a

Defensive driving class is offered

A defensive driving class will be held Saturday, Nov. 16, at 8 a.m. in the City Council Chambers at the Dimmitt City Hall.

Fee for the class is \$25 and is payable by cash or money order. Individuals who wish to pre-register for the class should call the Dimmitt Counseling Center at 647-2409.

The eight-hour course is being offered by Central Plains Mental Health/Mental Retardation Center in cooperation with the Texas Safety Association.

CARD OF THANKS

On behalf of the residents and staff of Canterbury Villa, we wish to thank all the businesses, individuals, friends and everyone who contributed cakes or other baked goods, and those who bought baked goods at our cake auction on Monday, Nov. 11.

We are truly grateful for all the support that the people of Castro County have given which helped to make this a great success.

We also wish to thank each and every one who helped with our Thanksgiving supper, especially our staff, family members, friends and all who had a hand in making this a special meal for our residents. They will remember and talk about the day for a long time.

A special thank you to Jack Howell for being our auctioneer. He really conducts a great auction and makes this a great success and an enjoyable time for all who attend.

Over \$2,500 was raised from the auction. The money will be used for resident Christmas gifts, activity fund and other resident parties and activity supplies such as Bingo prizes and craft supplies.

Again, many thanks to all who helped in anyway to make this such a success, including the local paper, radio and cable coverage. There are so many people who care about our older people in Castro County. God bless you all.

Darla and Pete Stewart

Pair to celebrate silver anniversary

Pete and Darla Stewart will celebrate their 25th wedding anniversary Sunday with a reception from 3 to 4 p.m. at Lee Street Baptist Church in Dimmitt.

Friends and relatives of the couple are invited to attend and the couple requests that no gifts be given.

The reception will be hosted by

their son, Brian Stewart of Lubbock; and by Darla's sister, Brenda Gardner of Morton.

The couple married on Nov. 18, 1966, in Morton.

Other children and grandchildren of the couple are Pam and Bill Rowe and their daughters, Lyndi and Lesli of Plains; and Janet and Mike Farrell of Enid Okla.

Singers to highlight Thanksgiving service

The Castro County Centennial Singers will perform the full-scale musical version of *Liberty*, a musical celebration of freedom, for the Ministerial Alliance Community Thanksgiving Service on Sunday, Nov. 24, at 7 p.m. at the Dimmitt High School Auditorium.

The choir will meet at 6 p.m.

Nov. 24 for final preparations.

Another feature of the special service will be a performance by the Dimmitt Middle School music department under the direction of Avie Lewis. Ranging from fourth through sixth grades, the students will sing familiar Thanksgiving selections.

Christmas Open House slated Nov. 21

The holiday season will officially kick off in Dimmitt on Nov. 21 with the Chamber of Commerce's annual Christmas Open House.

The theme for this year's open house is 1991 — Our 100th Christmas, in observance of Castro County's Centennial celebration.

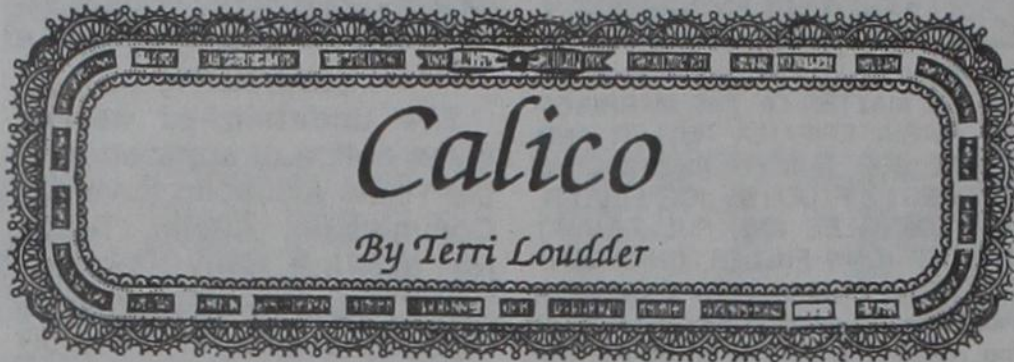

Stores will be open from 6 to 9 p.m., featuring their Christmas gift ideas. Stores participating in the open house will display luminarias.

Santa Claus will make his first visit to the county during the open house, and he's scheduled to arrive by firetruck at 6:30 p.m. in downtown Dimmitt.

The Centennial Singers will perform Christmas carols at the gazebo at 7:30 p.m. and Santa will return at 7:45.

Another holiday "shop-at-home" promotion sponsored by the chamber will be four drawings for Dimmitt Dollars.

The first drawing will be held on Monday, Nov. 25, and subsequent drawings will be held on Dec. 2, Dec. 9 and Dec. 16. To be entered in the drawing, customers must

I don't know if you've noticed, but today we live in a world full of stuff — stores and malls and catalogs and Home Shopping Networks of stuff.

There is stuff we use everyday, and stuff we use once a year and stuff we never touch once we get it home, but we had to have it because it was on sale.

We have antique stuff, clothes stuff, toy stuff, tax audit stuff, knick-knack, bric-a-brac, and doodad stuff. But no matter how much stuff we get, you can bet it's never enough stuff.

Yes, we, my friends, are a nation of stuff gatherers. Everyday we face the same burning questions. How much stuff can I accumulate? Who has better stuff than me? Where can I get stuff like that? Where am I going to put all this stuff?

In my house, I'm in charge of the stuff management and frankly, I'm lousy at my job. Part of the problem is that my house was built in the fifties, when closets were made to hold a poodle skirt and a pair of penny loafers. I approach these closets with an armload of nineties stuff and then start to visibly shake. Believe me, Fibber McGee had nothing on me.

Also, I'm a last-minute stuff organizer. That means I tend to frantically put things away as company is pulling into the driveway. In a last-minute panic like that, I might end up with the tube socks in the pantry, Cheetos on the bookshelf behind the World Books (Vol. C of course), Visa bill in the toaster. . . anything is possible. The only sure thing is that I won't be able to find much of what I hid when I need it later.

Oh, I can usually recall enough to impress the children—the blue crayon is on the third rung of the bunk bed ladder, your left black Ked is in the laundry room and your right one is on the towel shelf—that sort of thing. A few little feats of magic like that and the kids are dazzled.

My husband though, is a bit of a hard sell. He wants the maintenance manual for the Bush Hog mower we bought two years ago or the Publishers Clearinghouse envelope that he wrote two very important phone numbers on last Tuesday. And he'd like them immediately, thank you.

The worst stuff crisis occurs, without fail, during the first snow storm of every year. He can't get out and we're stuck with enjoying some quality time with him, so he decides to get out the project stuff — model plane, sewing cabinet plans, doll house kit. . . something like that.

He ritualistically takes the dining room table hostage and proceeds to issue his list of demands.

"I think I'll put the doll house together. Where is it? How about the glue gun? Can you get that? We'll need some newspapers and sand paper. We've got some paint somewhere? I'll need one of those skinny little brushes. Some chocolate chip cookies would sure make this job more fun."

He remains stationary during this oration and is ever-so-slightly put out that it takes so long to get his stuff together.

In fact, it usually takes so long to gather project stuff that when it's all in front of him, he has to take a break. A break lasts three days, or until the snow melts and he can go back to work. At that point, I

reclaim the dining room table and try, once again, to find a place for all that stuff.

This year things got a little heated over the first snow project. I found the doll house kit, the glue gun and even baked the cookies. But I couldn't find the instructions. My husband was stunned—livid. How could I misplace the instructions? Of course, having never put anything away himself in 12 years of marriage, you can understand his confusion.

I finally explained that during his break last year, company pulled into the driveway. Heaven only knows where that stuff is now.

WTSU weather hotline is set

West Texas State University has established a special phone number that may be called to find out about cancellations or closings due to bad weather or hazardous road conditions.

The university's 24-hour weather hotline may be reached at 806-656-2010 to find out about school closings, class cancellations or schedule revisions.

Shirley Barnes

Barnes serving on state panel

Shirley Barnes, administrative assistant and high school counselor with the Hart Independent School District, is serving on a discussion panel at the upcoming Texas Association Concerned with School-Age Parenthood state conference, underway in Corpus Christi.

Barnes initiated an innovative single parenting program in HISD several years ago. It is designed to teach employability skills to students. It meets the needs of the infant children of students as well as the educational and emotional needs of the new parents.

Christmas bazaar scheduled Dec. 7

Alpha Chi Omega of Dimmitt will hold an arts and crafts bazaar Saturday, Dec. 7, from 9 a.m. to 5 p.m. at the Expo Building in Dimmitt.

Only 39 booth spaces are available for rent and each will be \$30. Booth fees must be received by Nov. 10, and booths won't be reserved until paid for.

Each booth contains two banquet-size tables. Booths are 8 x 10-feet. Walls are metal and no nails can be used. Electrical outlets are available, but exhibitors must provide their own extension cords. If you will need electricity in your booth, please indicate so on the booth reservation form, which may be obtained from Sherri Wilkerson, P.O. Box 201, Dimmitt, Texas 79027.

A concession stand with food, drinks and snacks will be available during the day.

Alpha Chi Omega also will sponsor a lasagna dinner during the show. It will be served from 11:30 a.m. to 1:30 p.m. at the Expo Building. The menu will include lasagna, breadsticks, salad, tea and pie. Costs for the meal is \$5 for adults and \$2.50 for children 12 and under.

Everyone is invited to attend the meal and bazaar.

Nominations are sought for CofC directors

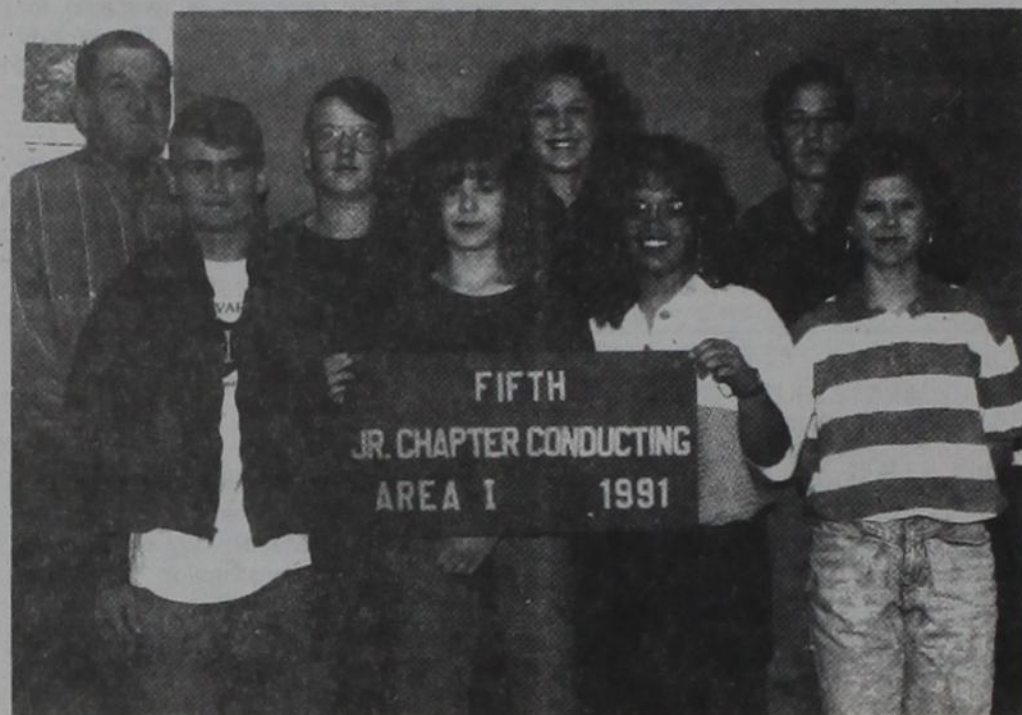

The Dimmitt Chamber of Commerce is accepting nominations for chamber director positions.

A nominating committee will submit a list of four names for four positions at the annual meeting, which will be held Dec. 19. Nominations also will be taken from the floor.

Anyone who wishes to nominate an individual for director should do so by calling the chamber office by Nov. 25.

The terms of Don Nelson, Carol Schroeder and Reta Welch are expiring this year. When their terms expire in December, Nelson and Schroeder will have completed six years of service. According to chamber bylaws, directors serve three-year terms and can only serve two consecutive terms.

Other members of the board include Gail Bruegel, Stan McDaniel, Donna Stump, Richard Stahl, Danny Newton, Danny Rice, Acie Boyd and Ray Bain.

DISTRICT CHAMPS—The Hart FFA's Junior Chapter Conducting team recently captured first place at the Plainview District contest. The Hart team scored 921 out of 1,000 possible points to earn first place. The win earned the team a berth in the area judging contest at Clarendon Junior College. They finished fifth in area, scoring 907 out of a possible 1,000 points. Team members include (back row, from left) Chapter Advisor Jerry Mathis, Shea Bennett, president; Andy Bennett, treasurer; and Travis Bennett, advisor; and (front, from left) Clint Emery, sentinel; Dana Wilhelm, reporter; Monica Perez, secretary; and Kim Grossman, vice president.

Singers set rehearsals

Rehearsals for this performance will continue at Dimmitt's First Baptist Church this Sunday at 3 p.m. Dress rehearsals at the high school auditorium will be held Nov. 22 at 7 p.m. and Nov. 23 at 4 p.m.

The Singers will also participate in an evening of Christmas caroling at the Centennial Gazebo Nov. 21 at 7:30 p.m., with the public invited to sing along.

The final performances of the Centennial group will be in conjunction with the 100th Birthday celebration for Castro County Dec. 6-9.

Karmen Pohlmeier is top overall winner at food show

Karmen Pohlmeier earned High Point Overall honors at the Castro County Food Show Saturday in Nazareth.

Pohlmeier also earned High Point Senior honors and won the Senior Nutritious Snacks and Desserts category.

Special awards were presented to the High Point Individual in each division, and Rookie Awards were given to the top boy and girl newcomers.

Winners of the special awards were Justin Hawkins, "Rookie Boy Award;" Kodie Bagley, "Rookie Girl Award;" Susan Book, High Point Individual in Junior I; and Jason May, High Point Individual in Junior II.

The first place winners in Junior I, Junior II and Senior divisions all advance to the district food show, which will be held Nov. 23 in Levelland.

In the Senior division, Pohlmeier's entry was judged the best in Nutritious Snacks and Desserts; and her sister, Karmen Pohlmeier's entry was the top Breads and Cereals entry. The remaining two categories were won by the Rice sisters—Tisha and Brandi. Tisha won the Fruits and Vegetables category while Brandi captured first with her Main Dish.

Junior II winners were Kami Jo Hand, Main Dish; Dustin Dyer, Nutritious Snacks and Desserts; Justin Hawkins, Fruits and Vegetables; and Jason May, Breads and Cereals.

Junior I winners were Matthew Kern, Main Dish; Mitchell Brockman, Nutritious Snacks and Desserts; Mandy Annen, Fruits and Vegetables; and Susan Book, Breads and Cereals.

Prizes, awards and ribbons were given to the first place winners. The Extension Homemakers Council presented each participant with a set of measuring spoons.

The food show is the highlight of the six-week 4-H Food and Nutrition study project, completed earlier by 4-H members. A total of 31 4-H'ers entered food items in the county show. 70 guests were present at the show.

"One of the highlights of the day was the interest of our younger 4-H Clover Kids," said Carolyn Osborn, county Extension agent-home eco-

nomics. "We had six who participated, but they were not judged on as high of a competition level as

the older 4-H'ers were, but the experiences they gained was wonderful."

MODIFYING HOLIDAY RECIPES FOR SODIUM

The holidays will be coming soon. Plan now for special guests who do not need excess sodium.

If you are suffering from hypertension, your physician may have told you to reduce sodium in your diet.

Sodium is found in salt (40% sodium); leavening agents (baking soda and baking powder); monosodium glutamate (MSG); condiments such as soy sauce, bouillon, pickles, and olives; cured meats; many canned vegetables and frozen dinners; and most cheeses, sauces, soups and salad dressings.

The general function of sodium in a recipe is that it:

- ☞ Provides flavor.
- ☞ Acts as a preservative in cured meats and in brined vegetables, such as pickles and sauerkraut.
- ☞ Controls action of yeast.
- ☞ Once you have found what the sources are of sodium in the recipe, you can:
 - ☞ Eliminate it completely.
 - ☞ Reduce the amount.
 - ☞ Substitute more acceptable flavor or spice.

To choose the best approach, follow these guidelines to decrease sodium:

- ☞ Salt may be omitted or reduced in most recipes. Do not reduce the salt in cured meats or pickled or brined vegetables, because it acts as a preservative. It is best not to omit the salt in yeast breads, because it helps control the

rising action of yeast.

☞ Start with a gradual reduction. For example, if a recipe calls for 1 teaspoon of salt, try one-half teaspoon. If you reduce the amount of salt gradually, you'll soon adjust to the less salty flavor.

☞ Choose fresh or low-sodium versions of products. For example, choose low-sodium soups and broths, soy sauce, canned vegetables and tomato products.

☞ Rely on herbs and spices rather than salt for flavor.

☞ Use garlic or onion powder instead of garlic or onion salt.

☞ Try fresh juice or wine for cooking liquid instead of broth or bouillon.

Bobcats SWAT Hornets 36-12 in finale

By DON NELSON

The Bobcats ended their '91 football season here Friday night with all guns blazing as they put together one of their best games of the year to defeat the favored Tulia Hornets, 36-12.

With the victory, the Bobcats finished in third place in District 2-AAA and completed a winning season (6-4).

Meanwhile, Littlefield upset Floydada 28-24 for the district championship and Friona defeated Muleshoe 14-6 for fifth place.

The Bobcats proved early and often that they wanted to go out as winners. They struck for three touchdowns in the first quarter to take a 22-0 lead while allowing the stunned Hornets only 19 yards and one first down in the opening period.

"I told them all week, and again before the game, that we were going to get on the scoreboard first and fast—that we'd have to play the kind of game we played against Slaton and Denver City," Bobcat Coach Bill Rogers said.

Monty Moore knocked Tulia fullback John Brookins loose from the ball on the sixth play of the game and Zach Smith fell on it at the Dimmitt 49 to set up the Bobcats' first scoring drive.

The Bobcats covered the 51 yards in just eight plays, including two dives by Chris Cowen for a first down, an 11-yard sweep by Billy Ray Thomas, and a 30-yard pass play from Tait Crow to Billy Ray Thomas.

Lincoln Stewart got the first TD on a four-yard sweep around left end, carrying two Tulia defenders the final three yards into the end zone. Crow passed to Jeremy Casey for a two-point conversion to make it 8-0 with 5:53 remaining in the first quarter.

After the ensuing kickoff, the Hornets kept the ball only four plays. On fourth-and-11, Tulia's punter was still trying to find the handle on a low snap when Dimmitt defenders hit him and covered the ball at the Tulia 24-yard line.

Two plays later, the Bobcats got their second TD when Stewart ran wide right, outraced the Hornet secondary 16 yards and went into the end zone untouched with 3:26 remaining in the first. After a roughing-the-kicker penalty against Tulia on the first PAT attempt, Crow hit Casey again for a two-point conversion to make it 16-0.

After holding the Hornets to three runs and a punt again, the Bobcats marched 42 yards in five plays for TD No. 3.

Billy Ray Thomas started the drive with a nifty 17-yard run, bouncing back and forth off of four Hornet defenders before being dragged down at the Tulia 25. Stewart gained nine, Cowen two and Stewart one to advance the ball to the Tulia 13.

From there, Crow completed his third pass in a row to Casey as he found the speedy wide receiver open in the end zone for the score as the first-quarter buzzer sounded. The extra-point kick was off, leaving the score at 22-0.

The Bobcats barely missed another touchdown early in the second period when a fourth-down pass from Crow to Casey in the end

zone was barely off of Casey's fingers.

The score still stood at 22-0 after a scoreless second quarter.

A high punt by Stewart that bounced backwards and netted only six yards gave the Hornets their best field position so far at the Dimmitt 41 early in the third. And the Hornets made the most of it with a five-play scoring drive.

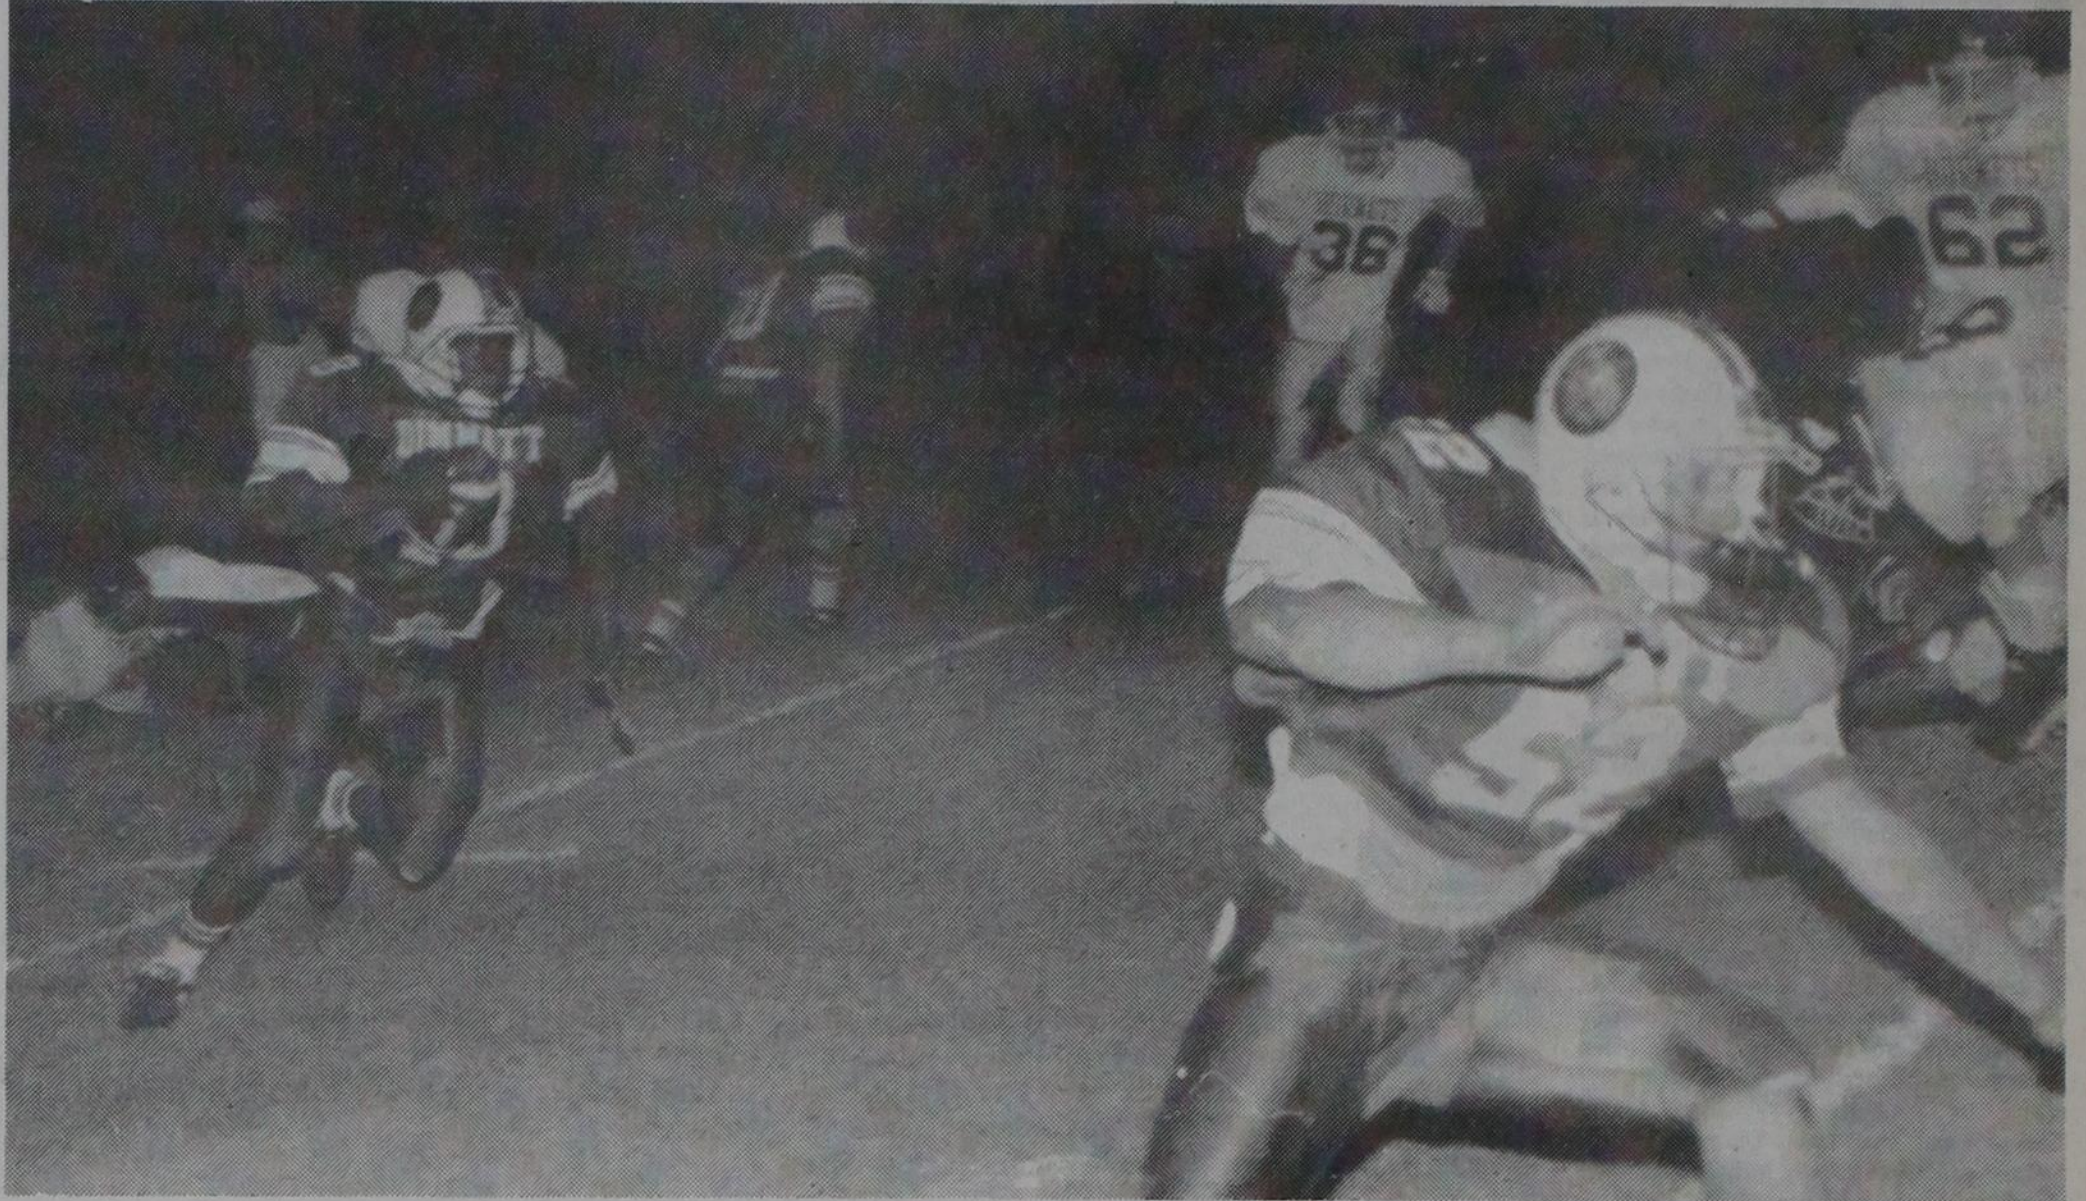

The biggest play in the drive was a 31-yard pass from quarterback Ryan Prater to tight end Tyson Willis that advanced the ball to the Dimmitt 11. Three plays later, tailback Cory Sanders scored from six yards out on a left sweep. A two-point conversion pass fell incomplete, leaving the tally at 22-6 with 8:01 remaining in the third.

The Bobcats retaliated, but it appeared for a time that they wouldn't.

Facing fourth-and-nine at the Dimmitt 38, Stewart dropped back to punt, got a bad snap, raced right to avoid the Hornet rush, then turned upfield 15 yards to give the Bobcats new hope at the Tulia 37.

Crow was shaken up while gaining eight yards on a keeper two plays later, and Billy Ray Thomas took over at quarterback. Thomas ran the quarterback reverse twice in a row, gaining 15 yards the first time and going 18 yards untouched into the end zone the second. The extra-point kick failed, leaving the score at 28-6 with 2:28 remaining in the third.

The Hornets—who were five-point favorites going into the game—fought back with a 60-yard scoring drive. Prater closed out the third quarter by getting a pass away with two Bobcat linemen hanging

TOUCHDOWN, COMING UP!—With senior guard Monty Moore (52) leading the way, Dimmitt's Billy Ray Thomas turns the corner on a quarterback reverse and goes 18 yards untouched for the Bobcats' fourth touchdown against Tulia here Friday night. The TD

came with 2:28 remaining in the third quarter and gave the Bobcats a 28-6 lead over the favored Hornets. The Bobcats went on to capture third place in District 2-AAA with a convincing 36-12 victory.

onto him, and split end Ryan McCaslin caught it and ran to the Dimmitt 7 to complete a 17-yard play.

Four plays later, with the fourth period only 1:27 along, Brookins went the final yard on fourth-and-goal to make it 22-12. A two-point conversion run came up short.

Tulia caught the Bobcats off guard with an onside kickoff and covered the ball at the 50-yard line. The Hornets drove to the Dimmitt 31 but drew a 15-yard penalty. Then Coby Heller sacked Prater for a six-yard loss to bring up fourth-and-32, and Casey Summers and Jeremy Strickland sacked the Tulia QB again for a five-yard loss to put out the fire at the Tulia 42.

The Hornets stopped the Bobcat drive at the Tulia 23, but couldn't move and turned the ball back over at the same spot after an incomplete fourth-down pass.

After Derrick Thomas was stopped for no gain, a Billy Ray Thomas-to-Stewart pass netted 12 yards, then Guy Lewis raced to the right on a sweep, cut back in and went all the way for the final touchdown of the season.

Thomas passed to Casey Summers for a two-point exclamation mark to make the final score 36-12 with 3:18 remaining in the game.

The desperate Hornets tried to take to the air, but Stewart broke up one pass and Summers, Chris Hudson, Jimmy Casas, David Maxwell

JV Bobcats lose, 60-0

Tulia's Junior Varsity defeated the JV Bobcats 60-0 in the final regular-season game last Thursday at Tulia.

The JV Hornets ran up a 42-0 halftime lead, then coasted to the lopsided win with their starting quarterback, fullback and tailback doing all the scoring.

The JV Bobcats committed seven turnovers—five fumbles and two interceptions—inside their own 30-yard line.

The loss left the JV Bobcats with a 2-7 season record.

"We had a very young bunch, and many of our sophomores were moved up to the varsity squad this year," Coach Bobby Feaster said. "I felt like our kids scrapped like warriors against bigger teams all year."

Swifts stymie Bovina to claim playoff berth

DECISIONS, DECISIONS — Nazareth quarterback Michael Schmucker (10) looks for an open receiver, then hands off to tailback Lynn Nelson, who carries the ball to the Bovina 42 during fourth quarter action Friday night in Nazareth. Schmucker completed 12 of 16 passes for 94 yards, and rushed for a two-yard touchdown Friday night as the Swifts defeated Bovina 24-7 to earn a spot in the state playoffs.

By KIM DOBMEIER
The Nazareth Swifts clinched a spot in the state playoffs for the second straight year with a 24-7 victory over Bovina Friday night at Swift Stadium.

The Swifts improved their record to 9-1 and finished second in District 2-A with a 4-1 record. They will take on Memphis Friday night in the bi-district round of the playoffs. Game time is 7:30 p.m. at Canyon High School Stadium.

The game was a defensive battle in the first half, with each team allowing only one touchdown and they went into the locker rooms tied at 7 at halftime.

The Swifts struck first when T.J. Garza sprinted 12 yards down the sideline for the score. Nick Johnson added the extra point and the Swifts were in the lead, 7-0, with 7:44 left in the opening stanza.

Bovina retaliated with a score of its own with 2:05 left in the quarter.

The Swifts had Bovina stopped in Nazareth territory and Corey Kirkpatrick dropped back to punt for the Mustangs. Garza attempted to block the punt for Nazareth, but Kirkpatrick got the kick off, and Garza's momentum carried him into Kirkpatrick. The referee flagged Nazareth for roughing the punter, and the Mustangs got the ball back with a first down. A few plays later, Kirkpatrick took the hand off, then completed a pass deep inside Swift territory, setting up Bovina's first and only score of the game. With 2:05 left in the quarter, Kirkpatrick fired a 14-yard pass into the arms of Hector Guevara, giving Bovina six points. The extra point was good and the score was tied at 7.

The teams fought to a defensive stalemate in the second quarter, but the story changed in the second half.

The Swifts scored twice in the third quarter and once in the final stanza to seal the win.

Nazareth quarterback Michael Schmucker charged through the line to pick up a 2-yard TD and

Johnson kicked the point-after try (PAT) to give the Swifts a 14-7 lead early in the third stanza.

Garza picked up his second TD of the game later in the quarter when he snuck in from a yard out. Johnson's PAT was on the money again, and Nazareth was up 21-7. That's the way the score stayed until the clock showed 5:41 left in the game.

Nazareth worked its way down inside the Bovina 20, but couldn't convert a third down play. The Swifts decided to try for a field goal and the gamble paid off.

Garza's 25-yard attempt split the uprights, giving the Swifts a 24-7 lead.

Nazareth's defense limited the Mustangs to 114 yards total offense—90 on the ground and 24 through the air. The Swifts picked off two Kirkpatrick passes and forced a fumble.

Leading the defensive effort for the Swifts was senior linebacker Mac Annen, who recorded eight tackles. Brandon Schilling brought down six Mustangs and Lynn Nelson garnered five solo tackles.

The Swifts dogged Kirkpatrick all night long, and Russell Huckert and Schilling each were credited with solo sacks. Schmucker and Adrian Farris intercepted a pass each.

The Bovina defense held Nazareth to 227 yards, but the majority of the Swifts' drives started in good field position. Nazareth gained 133 yards on the ground and 94 through the air. Garza gained most of the Swifts' ground yardage, picking up 99 yards on 16 carries. Nelson gained 26 yards on 15 carries.

Through the air, Schmucker was accurate on 12-of-16 passes and gained 94 yards. Schilling caught four of the passes for 41 yards.

DIVING CATCH—Nazareth's Adrian Farris (40) dives to the ground and comes up with a pass from quarterback Michael Schmucker as Bovina defender Angel Porras (14) rushes in to make the stop during action Friday night in Nazareth. Farris's catch moved the Swifts to the Bovina 47. Nazareth won the District 2-A matchup 24-7 and earned a spot in the playoffs for the second straight year.

Pohlmeier qualifies for state

Nazareth's Jill Pohlmeier posted a time of 12:53 at the Region 1-A cross country meet Saturday at Mae Simmons Park in Lubbock, and that

time was good enough for sixth place and a berth in the state meet.

Pohlmeier will travel to Georgetown, where she will compete in the Class A state meet. Her race is scheduled to begin at 10 a.m. at Southwestern State University.

Pohlmeier knocked 27 seconds off of her district time to place at the regional meet, according to Swiftette Head Coach Ritchie Tarbet.

He said that his team ran well overall, and that each team member posted their best time of the year.

At the regional meet Saturday, the Swiftettes finished fourth overall, just a place shy of earning a team berth in the state race. Nazareth's team total was 106, and it finished behind regional champion Claude, which finished with 56 points; second-place team Gruver, 81; and third-place finisher Guthrie, 89.

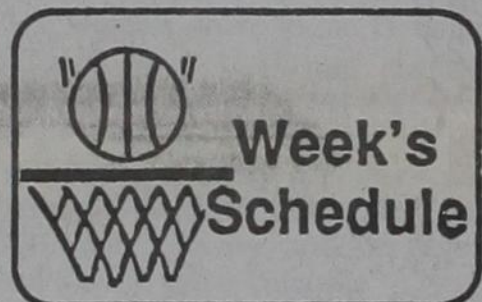

The top three teams and top 10 individuals qualified for state.

Other Swiftettes running in the meet, and their respective places and times, included Peggy Huseman, 21st, 13:34; Denia Durbin, 22nd, 13:34; Lynette Kleman, 23rd, 13:42; and Mary Ellen Ramaekers, 34th, 13:58.

LENORA RAMEY, a sophomore at Quincy College, Ill., is attending college on a soccer scholarship. Her team has finished a full season of play and finished ninth in the nation. They traveled to Miami, Fla., Tulsa, Okla., Little Rock, Ark., St. Louis, Mo., and St. Joseph's College at Florida to play other teams. The coach and Quincy reported Ramey did a great job assisting and scoring.

Teams to tip off Tuesday

The 1991-92 basketball season in Castro County gets underway Tuesday night, with each of the county's six varsity squads playing their first regular season game.

The Dimmitt Bobcats and Bobbies will open the season at home, taking on River Road. The junior varsity games will be played early, then will be followed by the varsity girls' game, which is scheduled to begin at 6:30 p.m. The varsity boys' game will follow the girls' contest.

The Longhorns and Lady Horns will travel to Farwell Tuesday night for a four-game lineup which starts off with the junior varsity girls' game at 4 p.m. The JV Longhorns will play after the girls' contest. Then the varsity girls and boys will take to the court, at 6:30 and 8 p.m., respectively.

Action gets underway in Nazareth Tuesday night when Randall High comes to town. The junior varsity teams will play beginning at 4 p.m., then the Swiftettes will take on the Lady Raiders at 6:30. The boys' game is scheduled to follow,

unless the Swifts are still in the football playoff race.

The Swifts' game with Randall will be cancelled if Nazareth defeats Memphis in a Class A bi-district football matchup Friday night.

Booster Club plans pie meal

The Dimmitt Booster Club will sponsor a pie supper to "tip off" the 1991-92 basketball season in Dimmitt.

The pie supper will be held tonight (Thursday) at 6:30 at the Dimmitt High School cafeteria.

The 1991-92 Bobbies and Bobcats will be introduced along with their respective coaches. Introductions will include all members of the high school squad, from the freshmen through varsity teams.

Everyone is invited to attend.

IT'S A FUMBLE! NO, IT'S A TOUCHDOWN!—Hart's Bryan Welps (77) spies a loose ball near the Morton end zone after teammate Gilbert Galan (68) blocks a Morton punt with 1:22 left in the third quarter Friday night in Hart. After Galan

blocked the punt, Welps chased the ball down and fell on it in the end zone to give Hart six points. That gave the Longhorns a 13-8 lead, and the victory.

Blocked punt propels Hart past Morton, 13-8

By ADAM ARANA

Hart's Gilbert Galan blocked a Morton punt in the third quarter, and teammate Bryan Welps fell on the ball in the end zone to lift Hart over the Indians Friday night in a District 3-AA game.

When Galan blocked the punt, Morton was holding on to a narrow 8-7 lead. After Welps recovered the blocked kick in the end zone to give Hart six points, he added the extra point to give the Longhorns their final margin of victory, 13-8.

Friday night's game concluded the 1991 season for both teams. The Longhorns finished with a 5-5 record overall, 3-4 in district play.

The blocked punt was Galan's second big play of the game. In the first half, the Indians were driving down toward Hart's goal line, but their drive was halted when Galan stepped in front of Morton's Chris Woods, picked off a pass and re-

turned the ball for 40 yards to set up Hart's first touchdown.

The Hart offense moved the ball to the Morton 23-yard line, then quarterback Jayson Wilhelm connected with Jerry Moroles in the end zone for the score. Welps booted the extra point to give Hart a 7-0 lead.

Morton took the lead in the second quarter when Mark Hawkins broke through the Hart defense for a two-yard score. Hawkins caught a pass from Woods for the two-point conversion to give Morton an 8-7 lead at half time.

After the Galan-Welps touchdown in the third quarter, both teams battled to a stalemate in the remainder of the game, and Hart came away with the win.

But the Indians threatened to score on the Longhorns late in the game, but that drive was halted when Carlos Velasquez picked off

a pass and returned it 47 yards before he was brought down by the Indians. The Longhorn offense took over and ran out the clock.

Coach reflects on grid season

When the football season started, the goal of every coach and player was to make it into the playoffs.

Dimmitt's Bobcats just missed it by a few plays. And in the process, they defeated the District 3-AAA champion, Denver City.

The best team the Bobcats played this year?

"Floydada, definitely," DHS Head Coach Bill Rogers said.

And the Bobcats' best game?

"The Slaton game, by far," he said. "And the kids played a real good game against Denver City, too, and against Tulia."

Dimmitt defeated Slaton 21-15, Denver City 24-12 and Tulia 36-12.

Littlefield's 28-24 victory over Floydada for the district championship "surprised me, like it surprised a lot of folks," Coach Rogers said. "Did you see how many yards Floydada had? Almost 500. It was the big play by Littlefield that beat them. That's how Littlefield beat us, too."

Overall, Coach Rogers is pleased with his team's 6-4 season.

"We went 3-2 in district, just like last year. But this year we had to bring up so many young kids and make so many adjustments. We used nine sophomores this season."

The players finished the season in a good mood when they defeated Tulia — and when they pulled Coach Rogers into the shower with them after the game.

New foes in '92 for DHS?

If you don't look forward to driving 268 miles round-trip to Denver City next football season, or 194 miles to Brownfield and back, you're not alone.

Dimmitt High School's coaches and players agree with you. And Head Coach Bill Rogers is trying to do something about it.

Dimmitt High School has finished its two-year, home-and-home football agreements with Brownfield and Denver City, and Coach Rogers is looking for opponents closer to home for next season.

"I'm looking at Canyon (of District 1-AAA) as a replacement for Denver City in our fifth game next year," Coach Rogers said. "I've talked with Coach (Mike) Wartes at Canyon, and there's a chance we'll get Canyon on our schedule. They're in favor of it, but they'll have to do some rescheduling themselves. I think they'd like to replace Littlefield with us."

The six teams in District 2-AAA — Dimmitt, Littlefield, Floydada, Friona, Muleshoe and Tulia — have to book five non-conference opponents to fill out their 10-game schedules. And they all prefer to get those five non-conference games behind them before beginning district play. Scheduling those

first five games with reasonable opponents can sometimes be hectic.

Distasteful games affect the players and their families at both ends of the line on Thursdays and Fridays. When the varsity plays at home, the junior varsity and freshmen travel. And when the varsity goes on the road, so do the seventh and eighth grade teams.

Coach Rogers would like to line up two new opponents closer to home, but right now his first priority is to find a replacement for Denver City.

"I'd rather replace Denver City because it's our longest road game," he said, "but I'd like to replace Brownfield, too. It's not the challenge or anything (the Bobcats were 1-1 against both the Cubs and the Mustangs during the last two seasons). It's just that we'd like to play someone closer to home."

He said he's looking both north and south for a possible replacement for Brownfield.

"I'm looking at Shallowater, Abernathy, Lubbock Cooper and Amarillo Caprock," he said. "Shallowater is a large AA school and may go AAA before long. Abernathy is a strong AA school. Caprock is a small 4-A school. They're all possibilities."

The Bobcats' second most dis-

tant football opponent now is Slaton, 99 miles away. Next year's Dimmitt-Slaton game will be played here. Lubbock Cooper would be about the same distance as Slaton.

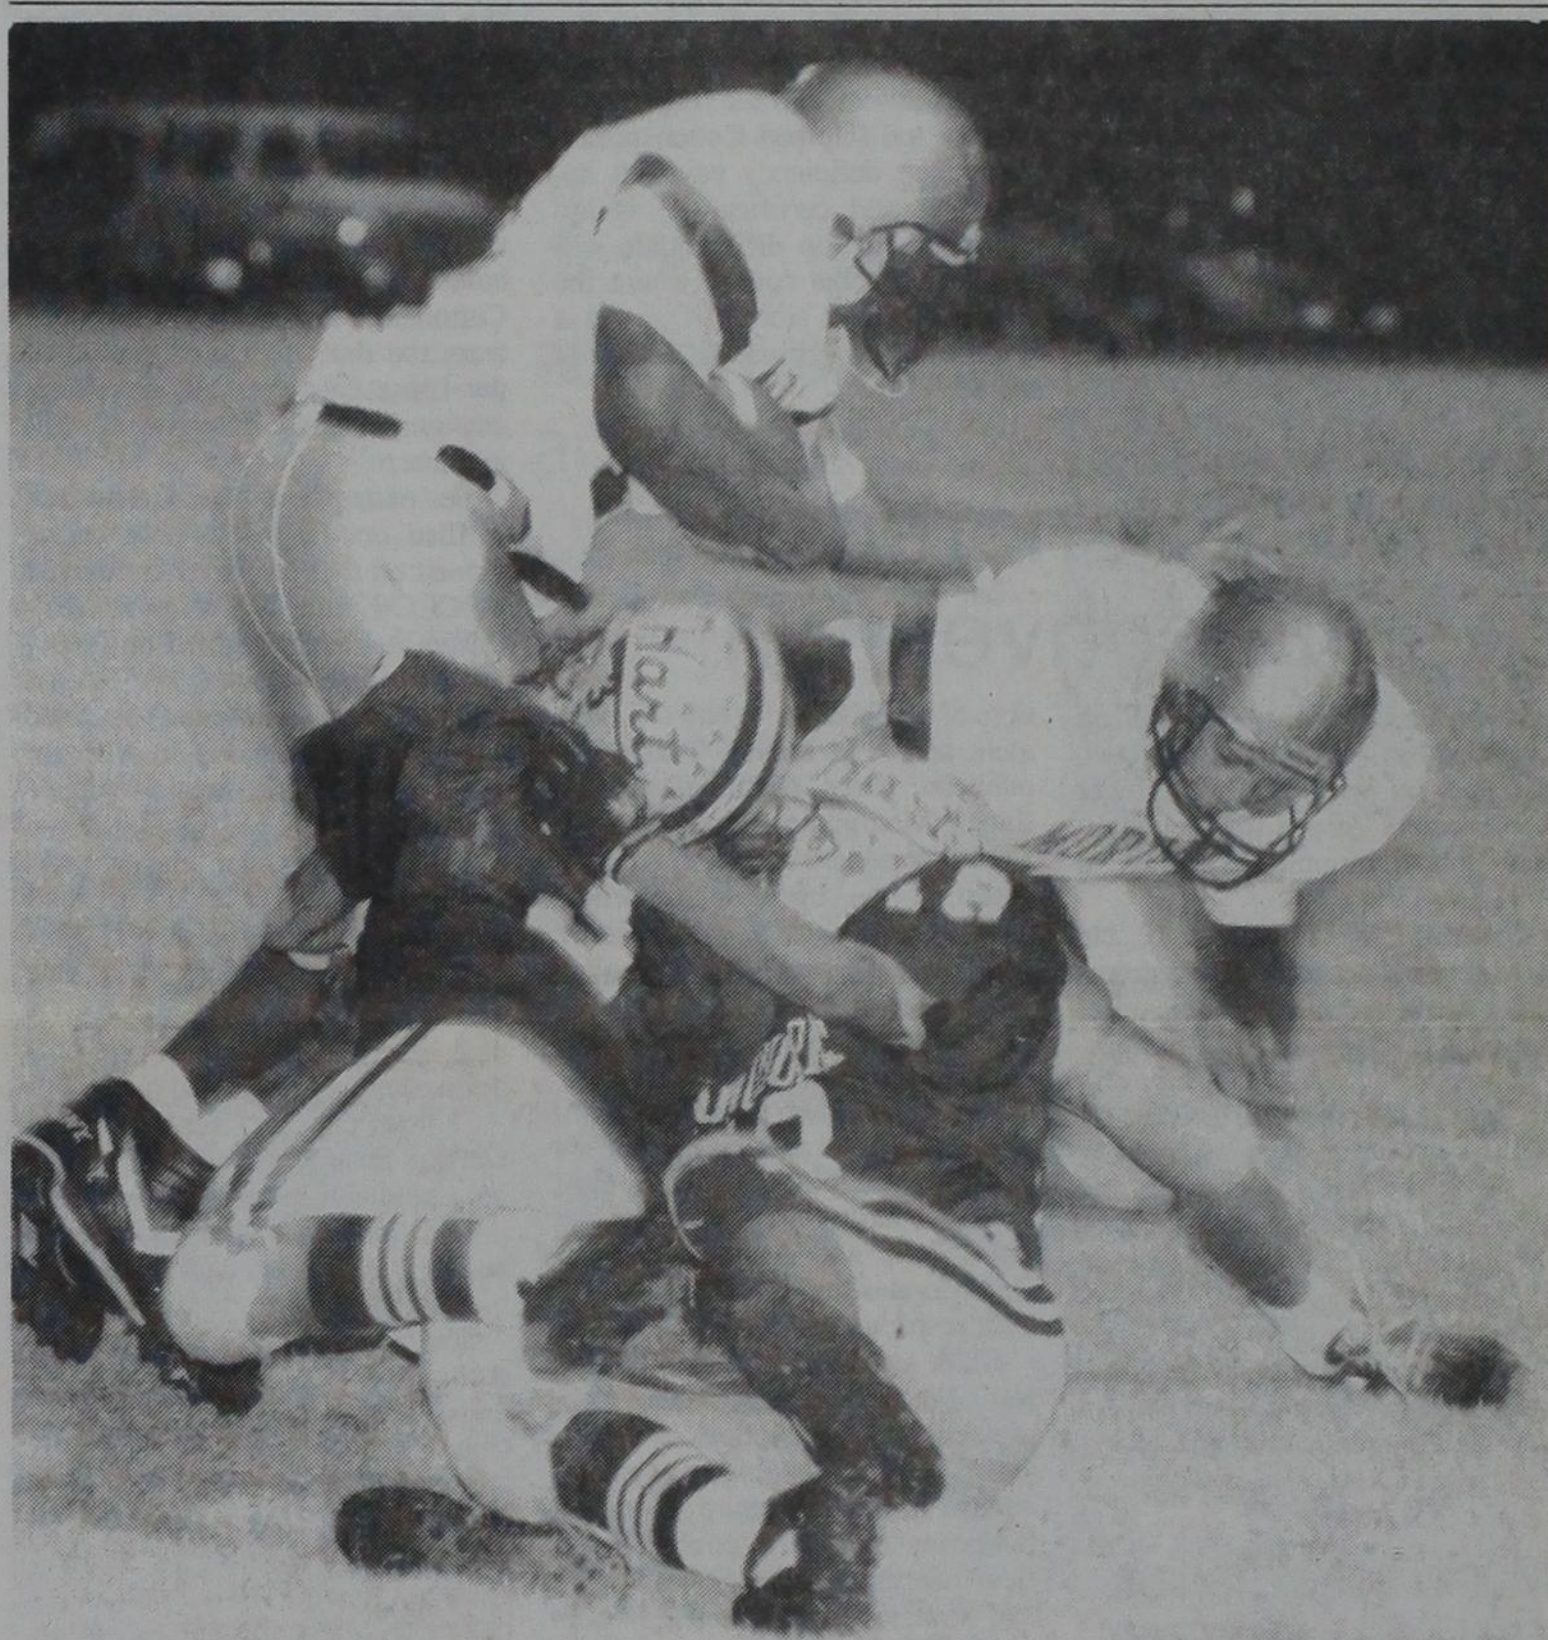

Chamber asks for pheasant land leases

Landowners who wish to lease their land to pheasant hunters this season should sign up now at the Dimmitt Chamber of Commerce office.

The Chamber office receives many requests for places to hunt, and it hopes to provide prospective hunters with an accurate list of landowners who wish to lease their land.

Members of the Chamber of Commerce may place their land on the list for no charge, but non-members will be charged \$20 to have their land included.

Anyone who wants to sign up, or who needs more information should call the Chamber office at 647-2524.

HART'S ANTHONY WASHINGTON (18) and Carlos Velasquez (3) drag down Morton's Chris Williams (17) after the Indian runner gains a couple of yards in the third quarter Friday night at

Hart. Hart and Morton clashed in the final game of the regular season, and Hart came away with a 13-8 victory to finish out the year with a 5-5 mark.

ASCS News

The Castro County Agricultural Stabilization and Conservation Service is now accepting applications for cotton loan deficiency payments.

The Adjusted World Price of cotton has fallen below the national average loan rate, which is \$.5077 per pound.

The Adjusted World Price, in effect through today (Thursday) is \$.4879 per pound. That means that cotton that has been ginned is eligible for a loan deficiency payment.

Producers and cotton must meet the same eligibility requirements that are used for a regular upland cotton, CCC-Cotton A loan, except cotton does not have to be stored in a warehouse, according to Scotty Abbott, ASCS county executive director. Any portion of the production on which loan deficiency payment is not requested, is eligible for a loan, if it is stored in a warehouse.

For cotton stored in a warehouse, production evidence must include acceptable warehouse receipts and acceptable class data which includes AMS class cards (HVI) CN-117-2 or ginner prepared punch cards if punched in the same format as AMS-issued cards and approved for use by the Texas State ASCS office. For non-warehouse stored cotton, production evidence must include acceptable class data and gin tags.

Other provisions that apply to loan deficiency payments are:

* 1. The producer still must have control and have a beneficial interest either as owner, operator, landlord or sharecropper.

* 2. Warehouse receipts and class cards must be submitted to county offices to be stamped (Ineligible for loan).

* 3. Research and promotion fees apply.

* 4. Producers can request loan deficiency payments from the time loan rates are announced through May 31, 1992.

The loan deficiency payment rate will be equal to the difference between the national average loan rate, as adjusted for premiums and discounts, strength and location differential and the higher of the loan level determined for such bales multiplied by 70% for 1991 and subsequent year crops; or the Adjusted World Price, adjusted for premiums, discounts, strength, course count, and location differential, in effect on the day CCC-Cotton AA (Upland Cotton producer's loan deficiency payment application and certification) is approved. Location differentials will be based on the county where the cotton is either stored, if not in a warehouse; or ginned, if it is not stored.

For cotton not stored in a warehouse, the CCC-Cotton AA will be approved on the day the producer presents applicable gin tag lists showing the gin weights. The CCC-Cotton AA must be signed by all producers sharing in the cotton before it can be approved. The loan deficiency payment will be processed when the classing data is presented using the Adjusted World Price in effect the date CCC-Cotton AA was approved.

For cotton stored in a warehouse, the CCC-Cotton AA will be approved on the day acceptable warehouse receipts are presented, if all producers sharing in the cotton have signed it. Loan deficiency payments will be processed when the classing date is presented using the Adjusted World Price in effect the date it was approved.

Producers who lose beneficial interest in the ginned cotton immediately after the ginning process occurs, may file CCC-Cotton AA at the county office where the farm records are kept, on or before the day ginning begins.

CCC-Cotton AA must be signed by all producers sharing in the cotton to be considered valid. The bales covered by the filed CCC-Cotton AA are those bales ginned from the date it is filed, including the filing date through the Thursday immediately following the filing date.

For example, if CCC-Cotton AA is filed on Thursday, only cotton ginned on that Thursday is covered by CCC-Cotton AA. A new CCC-Cotton AA must be filed on Friday for any bales ginned on Friday. CCC-Cotton AA must be filed before cotton is ginned, in order for it to be eligible for loan deficiency payments.

Gin tag lists for those bales ginned must be provided no later than the close of business on Friday immediately following the date CCC-Cotton AA is filed. Classing data must be provided before loan deficiency payments will be made.

If the gin tag lists and gin weights for the bales ginned during the applicable period are not submitted timely, those bales will not be eligible for loan deficiency payments.

The loan deficiency payment rate will be based on the average world price in effect on the day the CCC-Cotton AA is approved.

If the producer retains beneficial interest in the cotton after the ginning process is completed, the producer must request loan deficiency payments under the normal procedure for cotton that is either stored in a warehouse or not store in a warehouse.

Eligibility for participation in all programs administered by ASCS is established by law without regard to age, color, disability, national origin, marital status, race, religion or sex.

Cotton Talks

The 1991 Plains Cotton Growers boll weevil control program's fourth spray application was just getting underway last week when frigid temperatures swept into the area.

The cold temperatures effective-

MultiVision sets 'Holiday '91 Campaign'

MultiVision recently announced the beginning of the "Holiday '91 Campaign" that will give customers a discount on selected services and will also provide holiday treats for needy families in the community.

The campaign was announced by Devin McNeal, sales and marketing supervisor. It is scheduled to continue through Dec. 21, 1991.

Customers who donate a new toy or non-perishable food items with at least a value of \$10 to the "Holiday '91 Campaign" will receive installation of basic cable television service or may upgrade their present cable service for a discounted price of only \$10. The donated items will be distributed back into the community by a volunteer organization.

ly ended the 1991 growing season on Oct. 30 and stayed in the area for several days with temperatures falling to a record low of seven degrees on Sunday, Nov. 3.

According to Dr. Don Rummel, a research scientist at the Texas Agricultural Experiment Station, the generally low temperatures that persisted for the two- to three-day period should have a very positive effect. When combined with the record low temperature on Nov. 3, the freeze may result in as much as a 50% mortality rate among the weevils that managed to make it into overwintering habitat.

Comparing final acreage figures for the 1991 and 1990 programs show that almost twice as many cotton acres were sprayed this year. A total of 224,264 acres received treatment during the recently completed program. The 1990 program only treated 114,051 acres.

The dramatic increase in treatable acres from 1990 has been attributed to heavy migration of weevils from Rolling Plains counties that adjoin the PCG control zone.

The 1991 program was one that will be remembered for many reasons. Chief among them was the outstanding level of precision attained by the contractor Aero-Tech Inc. of Clovis, N.M. Aero-Tech

personnel used two turbine-air tractor airplanes to make the spray applications.

"This was the first time in the history of the boll weevil program that turbine aircraft had been used and the results were really outstanding," notes Roger Haldenby, PCG boll weevil program coordinator.

Another program first was the use of a state-of-the-art electronic guidance system. The wet ground conditions became a blessing in disguise during the first application on Sept. 23-25. The soggy ground gave program officials an unexpected chance to evaluate the system installed in the two airplanes contracted to the program.

The program is a cooperative venture between Lubbock's PCG and the US Dept. of Agriculture. The 1991 program employed a total of 107 people and had several USDA employees directly involved with the program.

Funding for the program comes from a 10-cent per bale checkoff program paid by area cotton producers that covers 70% of the program's annual cost. The remaining 30% is paid through federal appropriations. The grower contributions are collected by compresses in the 25-county area served by PCG.

ROW is honored at state convention

The Castro County Republican Organization for Women has been awarded the John Goodwin Tower Achievement Award for their political and community activities in 1991.

Based on a point system, the local women garnered 1,075 points and shared honors in this senatorial district with two clubs in Amarillo.

Bonnie Maynard of Amarillo was re-elected as a state director for the 31st district at the convention.

Deanne Clark, alternate; and Ann Ethington, delegate, both of Dimmitt attended the convention in El Paso over the weekend.

Speakers at the convention included Sen. Phil Gramm, State Treasurer Kay Bailey Hutchison and Ag Commissioner Rick Perry, along with Huda Jones, National Federa-

tion of Republican Women's president and Fred Meyer, Texas' Republican party chairman. Judges Enoch, Montgomery and Cook also were represented as they are candidates in the upcoming election, running for Texas Supreme Court. Also present were Carole Rylander, former mayor of Austin, and Barry Williamson, both candidates for Railroad Commissioner.

Resolutions were passed commending Perry and Hutchison for cutting their budgets while Gov. Ann Richards, State Comptroller John Sharp and Attorney General Dan Morales had large increases in their respective budgets.

Clark and Ethington learned "the rest of the story" about recent elections across the nation in which New Jersey Republicans gained control of the legislature there; Republicans elected a governor and lieutenant governor in Mississippi and won seven top county leaders in New York.

Approximately 442 delegates, 40 alternates and 29 guests attended the convention. There are 100,000 members of the Republican women in Texas and 191 federated clubs. \$3,633,955.78 was given in money and man hours to Republican candidates in the last election.

Music scholarships offered at McMurry

McMurry University in Abilene is offering a \$5,000 per year scholarship to a student pursuing a bachelor of music degree in church music with an emphasis on either organ or choral directing.

The Gordon McMillan Scholarship in Church Music was endowed by friends of McMillan, who is minister of music at the First United Methodist Church in Lubbock.

"The scholarship was a great surprise to me. They (friends at FUMC of Lubbock) wanted to do something very special to honor me, and they decided to endow a scholarship in my name," McMillan said. "I was particularly interested in having the scholarship at a Christian institution like McMurry. I felt there would be a chance for nurturing and building character as well as musicianship."

McMillan hopes the new scholarship will allow church music students to continue to learn in the traditional style of Christian cathedral music. He is also working on an internship for the scholarship recipient at FUMC of Lubbock to get "hands-on" experience in directing a church music program.

"I would hope that in today's world, where the emphasis is on the quick and the easy, we could have students who are caught up with the idea of quality and excellence in church music," McMillan said. McMillan hopes the scholarship at McMurry will help to continue this tradition for many years to come.

Advanced course to benefit computer spreadsheet users

Farmers and ranchers who are advanced spreadsheet users will be offered an opportunity to sign up for a special course, Lotus 1-2-3 Macros, which will be offered at the Texas A&M University System's computer training and education center at Halfway.

The one-day course will be offered Monday by the Texas Agricultural Extension Service. Extension agricultural economist and veteran Lotus user Jackie Smith, will conduct the course.

The course is intended for the experienced Lotus user who is ready to learn how to utilize macros to automate Lotus spreadsheets. It will include an introduction to macros, review of range names and the development of keyboard and command macros. Participants will be-

gin by building very simple macros, but will progress to more advanced applications. Participants need not have previously developed macros, but must have a fair knowledge of the basic Lotus commands to fully utilize this course.

Training will be from 9 a.m. to 4 p.m. Registration will be \$50, which will include lunch and educational materials. Registration will be limited to 14 to ensure hands-on participation. Couples are encouraged to attend, and if sharing a computer will pay only one registration fee.

For more information or to register call Jackie Smith at the Texas A&M Agricultural Research and Extension Center in Lubbock at 1-746-6101.

Bakers selected for team traveling to Soviet Union

Benny and Donna Baker have been asked to join a teaching team which will travel to the Soviet Union over Thanksgiving.

The Bakers will travel with a group from the Herald of Truth, an international media ministry supported by Churches of Christ across the country. The group's primary effort will be in Kiev in the Ukraine, which is the second largest republic in the Soviet Union with a population of over 53 million people.

The group will be conducting follow-up work from television broadcasts that began last Thanksgiving in Kiev and other efforts that have been going on throughout the year. These included the distribution of Bibles and correspondence courses. They will hold town hall meetings using a 1,000-seat auditorium at the Medical University in Kiev.

The Bakers said the area they will be working in has a direct relationship with the West Texas, because the Ukraine is known as the "Bread Basket" of the Soviet Union, because it has a major pro-

Moscow Balalaikas to perform for Hereford Community Concerts

The Moscow Balalaikas will perform in Hereford Saturday, Nov. 23, at 8 p.m. at the Hereford High School Auditorium.

The instrumentalist and vocalist group from Russia is on a US tour, and is performing Soviet classics on traditional Russian folk instruments. The group's concert appearance in Hereford is being sponsored by the Hereford Community Concert Association and admission to the concert is by membership in the association.

The Moscow Balalaikas was founded in November 1988 by Alexander Tsygankov, who plays the domra; Yuri Sidorov, who plays the accordion; Alexander Marchakovsky, who plays the balalaika; Inna Shevchenko, on psaltery; Konstantin Avksentiev on balalaika-alto, Pavel Schevchenko on balalaika-bass and baritone Evgeny Polikanin. They have gained acclaim among folk music enthusiasts throughout Moscow.

The group's major goal is to promote Russian musical heritage, but its repertoire and method of playing also embrace a large variety of different styles from all over the world, accounting for a most unusual program of universal appeal.

Each member of the group is highly regarded in the Soviet Union

and contributes his or her own distinctive creativity towards an exhilarating and unique performance.

CPS asks for help

Volunteers are needed to help take up part of the load for Child Protective Services workers of the Texas Dept. of Human Services.

Individuals are needed to act as a big brother, big sister, or a sponsoring family. Help is also needed with filing and other office work.

Donations that would be helpful include money, clothing, furniture or storage room for these items.

Emergency items often needed include disposable diapers, cloth diapers for babies with sensitive skin, infant clothing, and shoes.

Minimal food storage would also be a big help, according to the local group, for times when persons are found without food, and occasionally transportation is needed for sick persons who need to go to the doctor.

Those interested in volunteering or making donations may contact local CPS board member Clara Patton at 647-2488. Local case-worker for the CPS is Donna Stump.

County acceptance of roads delayed

representative of the winning firm, was present to explain her company's proposal.

McDonald told the commissioners that her firm would be more than willing to work with the county auditor to simplify any future audits. She noted that travel would not be a problem in the performance of the audit, and she added that the firm would be available for any consultations during the coming year, as well.

The commissioners also discussed starting negotiations with the City of Dimmitt on a new contract between the city and county for the provision of jail services for the city.

The city does not have its own jail facility, and has been paying the county \$15,000 per year plus

meals and medical expenses for the past 12 years, with the contract automatically renewed annually unless notice is given by either party.

Davis told the commissioners that the city has objected to paying meals for misdemeanor offenders who are held for any length of time before arraignment, particularly those held over the weekend to await appearing before the county judge on a Monday. Misdemeanor cases are heard in county court.

Davis said that weekend arraignments may need to be arranged in the future in some cases, because of potential problems in holding prisoners longer.

Sheriff Lonny Rhynes said the county also needs to increase the amount charged to the city for each prisoner meal. He noted that the current charge billed per meal is

\$2.50, but he added that the actual cost per meal is around \$3.

Simpson said that increased costs for operating the teletype and computers in the dispatch office, which also benefits the city, have gone up, too. Rhynes remarked that the jail standards have been made stricter during the 12 years of the contract, and it is becoming more costly to meet those standards.

Smith proposed to let the cities in the county house their prisoners for free, since the citizens of the cities are also taxpayers of the county.

Guggemos pointed out that legally the cities are required to provide their own jails. The cities haven't maintained separate facilities because of the costly jail standard requirements.

Simpson inquired about a work program for inmates to give the prisoners a means of repaying their debt to society and reducing labor costs for the county.

Rhynes said the regulations governing the use of prisoner labor could prove costly for the county. He said the law requires any overseers of the workers to have jailer certification. Davis concurred that it could be a potential area for liability as well.

In a vote of 3 against 2 in favor, the court declined Smith's request for \$2,000 for asphalt for First Street in Hart. Smith and Winders voted in favor, with Guggemos and Robertson against, and Simpson breaking the tie by voting against. Simpson recommended that Smith fix the drainage problem on the street before adding asphalt.

Simpson told the other commissioners that she had received complaints about Smith's attempt to repair the drainage problem by adding culverts to the road. The other commissioners told Smith he needs to clean out the drainage ditches along the road. Robertson said in places the ditch is higher than the road.

Simpson has also received complaints about the drainage along a road abutting property owned by Jerry Peterson in Smith's precinct. Smith said he would look into the problem further, saying he might consult the Soil Conservation Service.

The commissioners voted to seek bids on the sale of one of the County Extension Agents' pickups and also a 1979 half-ton pickup from Precinct 2. New county agent J.D. Ragland has said he would prefer to be paid mileage and drive his own vehicle, so the older CEA pickup will be sold.

The commissioners tabled any action on moving things around in the courthouse to accommodate a computer lab for the probation of-

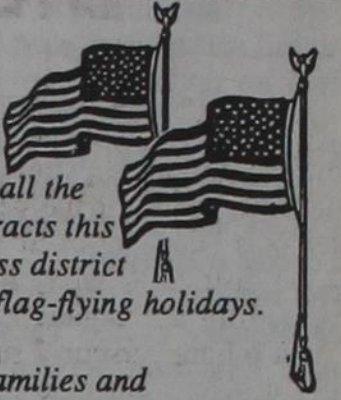

ice. Probation officers Hank Warren and Sherri Spiser told the commissioners that new state regulations require that provision be made for literacy training for probationers, as well as computer competency training.

They suggested that the coffee room on the upstairs floor of the courthouse be converted for a computer lab, which would also be contiguous with the other probation offices. However, relocation of the coffee supplies to an area with a sink or available plumbing pipes would be a problem.

Simpson said they will look into the matter further before making a decision.

A budget amendment was approved to provide supplies and miscellaneous costs for the new computer labs being installed throughout the district. A salary had been budgeted for a computer coordinator, but school personnel suggested that aides be trained to supervise the labs. Salary funds of \$17,250 will be transferred for the other expenses.

School nurses requested that official school policy be reworded to specify that children sent home because of lice infestation may not return until receiving a treatment with medicated shampoo, and until they are found to be free of nits (eggs).

Richardson Elementary Principal Les Miller said there has been a problem in a few cases of infected students receiving a treatment but

not being completely free of the pests upon their return to school. The board agreed to amend the policy.

Named to the 1991-92 textbook committee and their subject areas are: Nancy Greer, US history, 8th; Keitha Hogan, Susan Schulz, Cheryl Smith and Jane O'Kelly, English I-IV, respectively, and composition and language arts; Mary Ontiveros, ESL, grades 9-12; Libby Cleveland, pre-algebra, grades 9-12; Leslie Philipp, Paul Fry, Physics I, grades 9-12; Dana Beck, US history, grades 9-12; David McCormick, comprehensive agriscience, grades 9-12; Charles Cotter, industrial technology, production systems, power and transportation systems, grades 9-12; and Becky Allen and Michael Johnson, band, grades 4-12.

A Chapter I improvement plan for Richardson Elementary was approved as requested by Miller. He said he would like to pilot the plan for two classrooms per grade level for one year to see if improvement is measurable before extending the program to all classes.

The plan would put students with the greatest risk factors in smaller reading classes, rather than having two separate reading teachers—one for regular reading and one for Chapter I.

Board members voted to appoint George Sides, representing Precinct 3, and W.J. Hill, representing the City of Dimmitt, as members of the board of directors for the Castro County Appraisal District for the 1992-93 term.

Expansion of parking at the middle school game gym was discussed. It was suggested to move the fence between the gym and the middle school field house to run parallel with the north edge of the field house.

However, board members commented that allowing parking in the area would necessitate some improvement to the surface, and possible expenses were not known.

Action on the matter was delayed until costs could be investigated.

Approval was given, however, for installation of handrails on entrances on the north side of the middle school.

Seminar scheduled Monday in Amarillo

When do you switch from the windmill to solar energy? That is the question to be addressed Monday at the Texas Agricultural Research and Extension Center, 6500 Amarillo Blvd. West, Amarillo.

Registration will begin at 10 a.m. with several commercial solar companies having their systems on display until 1 p.m.

Speakers will begin at 1 p.m. Topics to be covered will be: (1) The Economics of Wind vs Solar Water Pumping Systems, (2) The Lift and Horse Power Needed, (3) Cost of Solar Pumping Systems, (4) Performance of Existing Systems, (5) Understanding Photovoltaics, (6) Using Falling Water to Pump Uphill with a Hydro Pump, and (7) Chopping Ice Alternatives.

The program will conclude by 4 p.m. Jimmie D. Walker, county

extension agent and John Graves, district conservationist, Soil Conservation Service are chairing the seminar. Walker said, "We decided there was a need for such a program because of the numerous calls we get concerning the solar energy possibilities. When making major repairs to their windmills or drilling a new well, producers are making a financial decision of the type of pumping system to use. We have planned the seminar to help in those decisions."

The seminar is sponsored by the Oldham County Extension Office, Oldham County Soil and Water Conservation District, Tri-State Solar Association, and the Oldham County Solar Associates.

For further information, please call the Oldham County Extension Office (806) 267-2692.

he said he was busy but asked for a number to call back, and was given an 800 number. He then contacted the Better Business Bureau in Amarillo, which reported that the "Texas Municipal Police Association's" address was just a drop point, and that the organization had refused to return its standard BBB form.

The number of scams has been growing with the recession, and you'll encounter even more of them as the holiday season approaches. Most of the pitches will be made to you by telephone, by people who are well-trained in counter-argument selling techniques. They get a collection of phone directories, lease an 800 line, rent a mailbox or drop-point cubicle somewhere, and go to work.

So be extremely cautious anytime a stranger calls you with an offer of any kind. Here are some tips from professional financial advisors:

—In loan scams such as the one from Florida was, most such outfits

either take your money and send you a list of banks, or charge you a hefty fee for filling out an application form. They don't loan money.

(Incidentally, have you noticed how many of these scams seem to originate in Florida?)

—No company can "fix" your credit rating. Only you can do that.

—Most "make money at home" addressing offers are scams. The rule of thumb here is that if you have to pay money to get a time-wage job, you won't make any money.

—Don't ever give money, your Social Security number, your bank account number or your credit card number to anyone you don't know.

—If a mailing offers you a "gold card" and it isn't from American Express, Visa or MasterCard, trash it. All you can buy with a no-name gold card usually are items from their catalog, which usually cost two to three times as much as at retail stores.

Police Calls

A 24-year-old Dimmitt man remained in jail Tuesday under \$1,500 bond on felony DWI charges and \$750 bond on misdemeanor charges of driving with license suspended. He was arrested early Sunday by a Dept. of Public Safety trooper.

An 18-year-old Dimmitt youth was arrested the afternoon of Nov. 5 for allegedly assaulting two members of his family. Reportedly, family members said they were in fear for their lives. An investigator in the case also revealed that the youth had not been taking his medication.

Three Dimmitt youths, ages 12 and 13, reported to police last Thursday evening that another youth had threatened them with a knife.

Judy Nix told police the afternoon of Nov. 6 that someone had broken into her home and taken a VCR valued at \$400. Entry was apparently gained through a window which was broken out, with damage estimated at \$50. The burglar or burglars must have also been hungry, because Nix first realized someone had been in her home when she saw some snack chips on the kitchen floor.

The driver's side window was broken out on a Suburban owned by Garry Huffines of Dimmitt, apparently sometime Monday before 1:30 p.m. Replacement cost was estimated at \$100.

Saturday morning, another broken driver's window was reported on a Plymouth owned by Jerry Heller. The vehicle had been parked at Allsup's when the damage occurred. Replacement value was set at \$150.

On Nov. 6 between 9:45 and 10:30 p.m., someone took down a storm window and broke it at the home of Rhonda Mixson, causing an estimated \$35 in damage.

Robert Lee Kelley, 62, of Dimmitt told police that he suspected an acquaintance of removing some money from a purse in his bedroom. He reported the money missing early Friday.

A 48-year-old Hart man was arrested for public intoxication Sunday night at the Star Dance Hall.

Stealing condoms couldn't be classified as very "safe," but apparently the thief must be wanting to practice "safe sex." A suspect was observed just after midnight Sunday taking two boxes from the Town and Country Store in Dimmitt. The items were valued at \$1.85 per box, and a description was given of the suspect.

Both drivers were ticketed in an

accident around 12:55 a.m. Monday on Halsell Street in Dimmitt. Daniel Gallegos, 19, of Dimmitt was driving west on East Halsell and failed to yield right of way at the stop sign at the intersection with Broadway. He reportedly lost control of his vehicle, which struck a vehicle driven by Ernesto Gonzales, 47, of Dimmitt. Gallegos was ticketed for unsafe speed, as well as failure to yield. Gonzales was cited for no proof of liability insurance. Gallegos and a passenger in Gonzales's vehicle both had possible injuries, and damage to both vehicles was rated moderate.

Last Thursday, two vehicles traveling south on North Broadway had an accident around 8:46 a.m. A car driven by Louise Cathey, 73, of Dimmitt reportedly made an unsafe lane change and struck a pickup driven by Kevin Gerber, 36, of Dimmitt. Damage was rated heavy to both vehicles, but no injuries were reported.

Pamela Bell, 40, of Dimmitt suffered possible injuries in an accident Nov. 5 around 2:15 p.m. when her 1987 Buick was struck in the back by a 1984 Suburban driven by Katrena Wethington, 38, of Nazareth. Both vehicles were heading south on South Broadway, and Bell was attempting to make a left turn onto East Jones. Damage was moderate to the Buick and light to the Suburban.

HISD is commended for drug-free emphasis

The State Board of Education and Lionel Meno, commissioner of education, have passed a resolution commending Hart Independent School District for its outstanding drug prevention use program.

The State Board of Education considered resolutions honoring all schools selected for state and national awards in the drug-free school recognition program.

Phil Barefield, HISD superintendent, attended the Oct. 12 meeting of the State Board of Education and accepted the award on behalf of HISD.

Carolyn Crawford, chairman of the State Board of Education, presented the resolution to Mr. Barefield. It states the magnitude of the drug problem in Texas, the steps the US government and the State Board of Education have taken to curb drug abuse and the schools with successful drug-use prevention programs. The resolution commends administrators, teachers, students, parents and community members for recognizing the need to address the growing problem of tobacco, alcohol and other drug use among Texas youth and for establishing a comprehensive program to help make the schools drug free.
