

Lockney Beacon

FLOYD COUNTY LEADS ALL WEST TEXAS IN VALUE OF CROPS PRODUCED. LOCKNEY IS IN THE HEART OF THE BEST FARMING SECTION OF THE PLAINS, AND IN THE GREAT SHALLOW WATER BELT

VOLUME TWENTY-FIVE

Lockney, Texas, Thursday, September 16th, 1926

Number 52

PICKERS ARE WANTED HERE

BIG COTTON CROP OF FLOYD COUNTY WILL DEMAND MANY PICKERS

Yes, we are going to need many cotton pickers, and the time is drawing near at hand. There will be a demand for at least five hundred outside men and their families to pick cotton in Floyd county by the first of October, and by the middle of October the demand will be doubled. Floyd county needs cotton pickers, and all those who know where cotton pickers can be obtained should write them now and start them on their way up here to help gather the cotton crop. The farmers of Floyd county expect to pay pickers in accordance with the prevailing prices in other cotton counties in this section of the country. The picking will be good here this year as most all our cotton crop will make a half bale or better per acre, and men and their families can make good wages picking cotton in this good cotton we have this year. Every farmer should have every pound possible picked, before he allows snapping or pulling, as the picked cotton will make a much better sample, and he will get a better price for his picked cotton than he can hope to obtain for snaps or pulled bollie cotton.

Another thing, now is the time for the farmers who have cotton to pick, to begin arranging for quarters for their pickers to live while they are picking this year's cotton crop. Every farmer who need pickers should build some small shacks or houses on his farm, where men with families can live while picking cotton this year. We have been informed that Mr. Geo. T. Meriwether has already erected a number of small houses on his farms for the pickers to live during the picking season. Such houses should be built by every landlord in the county who expects to raise cotton each year, as pickers can not live in covered wagons and sleep out upon the ground during the cotton picking season on the Plains. A good workman and his family need protection, if you expect him and his family to do good work and be satisfactory laborers.

All people in the Lockney country are requested, when writing relatives and friends, to let them know that we are in need of cotton pickers here, and that cotton will be open and ready for picking by the first of October, so that in the sections that have been less fortunate than us in the cotton raising this year, your friends and relatives can tell people who are hunting cotton picking of the big yield that we are raising out here, and that they can find plenty of cotton to pick in this county.

Bear in mind you can get the best results from having a place to keep your pickers, a house for them to live in, and encourage whole families to come here and pick cotton. This providing for the family in the way of houses to live in will mean more than you might think. First, you will have little or no trouble in securing good families to gather your crop; second, a great many of these families will rent or buy land and stay here, and become good citizens of this great empire. Arrange to take care of good laborers and the whole country will profit by it.

MRS. W. R. SAMS DEAD

Mrs. Elizabeth Sams, wife of W. R. Sams, died at her home in Lockney Saturday morning of a lingering illness, at the age of 50 years, 6 months, and 24 days.

Mrs. Sams was born in Fountain Head, Sumner County, Tennessee, on September 18th, 1876, later moving to Dallas County, Texas, where she was married to W. R. Sams in 1890, her maiden name being Miss Elizabeth Osbrook. Mr. and Mrs. Sams moved to Lockney immediately after their marriage and have since made this their home. To this union seven children were born, of which four survive their mother. Mrs. Sams joined the Church of Christ in Lockney thirty years ago, and has been a devoted Christian and mother.

She is survived by her husband and one son and three daughters, Guy Sams, who lives near Roseland, Mrs. Frank Busby, and Misses Nora and Dora Sams of Lockney.

Funeral services were conducted at the College Auditorium, by Elder Liff

EXHIBIT MUST BE COMPLETE SATURDAY

MUST HAVE EXHIBIT COMPLETE BY SATURDAY AFTERNOON FOR AMARILLO FAIR

The Amarillo Fair opens Tuesday of next week, and Floyd county's exhibit must be assembled in Lockney not later than Saturday afternoon (of this week) September 18th.

All persons who have good specimens of any kind that will do to go into this exhibit are requested to bring them in or phone the Beacon office about them, and we will send after the exhibit you have. We want to make the exhibit the best that has ever been sent out from Floyd county, and the Lockney country has got to do this by themselves, as Lockney is gathering the exhibit unaided by any other part of the county. This exhibit will also be carried from Amarillo to Lubbock, where it will be put in the Panhandle South Plains Fair.

We again run below the list of things that are necessary to make the exhibit complete, and ask that every citizen of the Lockney country assist us in getting up the best exhibit possible for these fairs. The list follows:

- 20 ears Good White Corn.
- 20 ears Good Yellow Corn.
- 5 ears any variety Pop Corn.
- 5 lbs. Seed Cotton (Short Staple).
- 50 Boles Cotton (Short Staple).
- 3 Stalks Cotton (Short Staple).
- 1 lb. Lint cotton direct from gin (short staple).
- 1 gallon Wheat, hard winter.
- 1 gallon Wheat, soft, spring.
- 1 gallon, Oats, Red Rustproof.
- 1 gallon, Rye, any variety.
- 1 gallon Speltz, or Emmer.
- 1 gallon Peanuts.
- 1 gallon Field Peas.
- 1 gallon Sudan Grass.
- 1 gallon Alfalfa Seed.
- 1 gallon Sorghum Seed.
- 1 gallon Millet Seed.
- 1 Gallon Broom Corn Seed.
- 1 gallon Milo, Red.
- 1 gallon Milo, White.
- 1 gallon Kaffir, Red.
- 1 gallon Kaffir, White.
- 1 Gallon Feterita.
- 1 Gallon Hegaria.
- 1 gallon Soy Beans.
- 5 bundles of Wheat, 3 in. at center. Winter and Spring varieties.
- 5 bundles of Red Rustproof Oats, 3 inches at center.
- 5 bundles of any variety Oats.
- 5 bundles of Rye, 3 inches at center.
- 5 bundles Barley, 3 inches at center.
- 5 bundles Speltz or Emmer, (3 in.)
- 12 stalks Broom Corn.
- 5 bundles of Hegaria.
- 12 stalks Sorghum, Red Top.
- 12 stalks Sorghum, Amber.
- 5 bundles Sudan Grass, (3-inches).
- 6 Sunflower Heads.
- Sweet Clover and Flax in bundles.
- 10 heads each of Red and White Milo Maize, Red and White Kaffir, Feterita, Hegaria.
- 1 bale each Alfalfa, Sorghum, Native Prairie Grass, Cow Peas, Peanut Hay, Sudan Grass.
- 1 peck Irish Potatoes.
- 1 peck Yellow Yams.
- 1 peck Yellow Yams.
- 1 peck Onions, any variety.
- 1 peck Turnips, any variety.
- 12 Beets; 12 Carrots; 12 Parsnips.
- 12 Radishes; 12 Tomatoes; 12 ears Green Corn; 6 Eggplant; 3 Cabbage.
- 3 Cauliflower, Gallon String Beans, Gallon Dry Beans, 4 buches Celery, 4 buches Garlic, 12 each; 3 Summer Squash; 3 Winter Squash; 1 Cashaw; 1 Pumpkin, best and largest; 1 Watermelon, best and largest; 3 Cantaloupes; 6 Bell Peppers; 12 Okra; 12 Rhubarb; 3 Collards; 12 Kohlrabi; 6 Horse Radish; 6 Green Cucumbers; 6 Mangels; 1 gallon Lima Beans; 1 gallon Pinto Beans.
- 10 Large Sugar Beets.

And any other garden or field product you may have that is of good quality, including all kinds of fruits. If you have any extra fine can goods you would allow us to display let us know or bring them in to us.

Sanders, pastor of the Lubbock Church of Christ, Sunday afternoon at 3 o'clock, and interment was in the Lockney cemetery.

Mrs. Sams was a pioneer in the Lockney country, and during these many years she has made many warm friends who will cherish her in their memory for her noble Christian character and her many good deeds. The family have the heartfelt sympathy of the entire community.

Dollar Spent at Home Comes Back

GAS CONTRACT WILL BE LET

SURVEY ON GAS LINE THROUGH LOCKNEY HAS BEEN COMPLETED

Surveying has been completed on the gas line that is proposed from Amarillo to Lubbock, with a branch line leaving the main line at Plainview and going through Lockney to Floydada. W. W. Graves, industrial engineer for the McMann interests, holding gas franchises in the cities along the line, and Max L. Cunningham of the Benham Engineering Co., who have the engineering contract on the line, were in Plainview Friday of last week and stated that details were being completed on securing the right of way, and that contracts for laying the line would be let by September 20th.

Mr. Graves says the cities on the line will be served by gas by December 1st. Cities on the main line are: Canyon, Happy, Tulia, Kress, Plainview, Hale Center, Abernathy, Lubbock, and Slaton. A branch line will be laid from Plainview to Lockney and Floydada. A fourteen inch line will be laid from the well to Amarillo, a twelve-inch line from Amarillo to Plainview, ten-inch from Plainview to Lubbock, eight-inch from Lubbock to Slaton, and a six-inch from Plainview to Lockney and Floydada. A boosting station will be placed at Plainview.

The contract with the city of Lockney for the line to be complete to this city by December 1st, and gas ready for domestic use by January 1st.

George Lyder, county surveyor of Floyd county, surveyed the line from Plainview to Floydada.

FIFTH ANNUAL PEDDLERS JUBILEE AT LUBBOCK

Lubbock, September 16.—Saturday, September 18, traveling salesmen from all parts of the Southwest will gather here for the fifth annual "Peddler's Jubilee".

The Peddlers will be the guests of the Lubbock Chamber of Commerce who originated the idea in West Texas of giving the peddlers a big party each year to cement the feeling of friendship between the peddlers and the business men of Lubbock.

The peddlers will register at the Lubbock Hotel at one o'clock Saturday afternoon which will be staged a big parade, a ball game between the peddlers and the Rotarians and a big banquet in the evening to be followed by a meeting of the R. O. R. E. secret organization of the peddlers.

The knights of the Grip have meant much to Lubbock and the South Plains by the favorable comment they have expressed about this section while making their trade calls over the Southwest.

Messrs. Harry Kaylor and Jack Saylor of Plainview were Lockney visitors last week end, the guests of Roseoe Snyder.

FLY CAMPAIGN HAS CLOSED

FLY CONTEST CLOSED WEDNESDAY—DAVID HAMILTON IS CHAMPION FLY CATCHER

The Fly Contest, inaugurated last April by the Chamber of Commerce, closed Wednesday of this week, and the total catch for the summer was forty-nine gallons, three quarts and one pint. The boys complained that fly catching this year was not so good as it was last year, as the flies were much scarcer than they were last year, but still fifty gallons of flies is not such a small item, after all.

David Hamilton won the distinction of being the champion fly catcher of Lockney for this year, bagging twenty-two gallons, two quarts and one pint of the pests, for which he was paid 10c per quart, and given a premium of \$15 as first prize. Gerald Sams claimed second place, with ten gallons and one quart; and received \$10; Ruel Cook won the third prize of \$5, with seven gallons, one quart and one pint.

The others taking part in the contest were: Allen Duncan, 3 gallons, one quart and one pint; Charles Cowart, two gallons and one quart; Virgil Bennett two gallons; Jim Hill, one gallon; Austin Meriwether, three quarts; Wayne Greer one quart.

We consider the money spent in the fly contest was a good investment, as the town has been freer of flies this year than ever before, and if the contest is continued each year, we expect the amount of flies caught to be smaller from year to year.

OLD TIME FIDDLERS NIGHT AT SAND HILL SEPTEMBER 22

An old fiddlers Contest is announced as a closing feature of the Sand Hill Fair Wednesday night, September 22 by A. R. Hanna, general superintendent, who said Wednesday night that an admission to hearers would be charged and the receipts divided between the winners of first and second place in the contest. No entry fee will be charged the fiddlers.

"The contest will not be confined to Sand Hill fiddlers, but will be open to the entire county," Mr. Hanna said. "There will be one requirement. The contestant must be fifty years of age or more. An admission charge of 10 and 15 cents ought to raise a good pot for the fiddlers to work for."

Practically everybody in the Sand Hill community is working on preparations for the fair on the day of Wednesday, September 22. They expect to make it equally as good as the good fairs they have held the past two years.

A feature of the afternoon at the fair will be a mile relay race, in which all schools in the county are invited to take part, and the winning team is offered a \$10 loving cup. Teams entered will be required to meet interscholastic league requirements.

Mrs. Jim Dines who has been ill for some time is now able to be up.

N. W. MORGAN DIED SATURDAY

VETERAN IMPLEMENT MAN IS BURIED AT AMARILLO MONDAY AFTERNOON

N. W. Morgan, age 64 years, 11 months and 7 days, died at his home in East Lockney, Saturday afternoon at 6:50 o'clock, after an illness that had lasted for more than a year, and which had confined him to his bed most of the time for the last three or four months.

Mr. Morgan was born in Trenton, Tennessee, on October 6th, 1861, where he spent the earlier part of his life in Tennessee, moving to Texas in 1900, he joined the sales force of the McCormick Farm Machinery Company, as a salesman. Mr. Morgan traveled for the McCormick Farm Machinery Co. and the International Harvester Company for 22 years, at which time he decided to enter the retail farm implement business in 1916, and selected Lockney as his business and resident home. Since 1916 Mr. Morgan has successfully handled the International line of farm machinery in Lockney. Mr. Morgan's health failed him more than a year ago and he has gradually got weaker and weaker until the end came.

Mr. Morgan was a man of quiet disposition, and had won many warm friends during his ten years in business in Lockney, and was liked best by those who knew him best, as he was big hearted and would do most anything for those he considered his personal friends.

He is survived by his wife and two sons, R. G. Morgan of Lockney, and Eldon Morgan of Hale Center. The sons are both following the implement business, R. G. being manager of the business in Lockney, and Eldon having an implement business of his own at Hale Center. The business at Lockney will continue under the management of R. G. Morgan until the estate is settled off at least.

The remains of Mr. Morgan were shipped to Amarillo Monday morning, where funeral services were conducted at the Griggs Undertaking Parlor chapel at 4:30 Monday afternoon, by Elder O'Malley, pastor of the Christian Church of Amarillo, after which the remains were interred in the Amarillo cemetery, under the direction of Funeral Director Grady R. Crager of Lockney, assisted by Griggs Undertaking Co. of Amarillo.

The pallbearers were composed of six members of the International Harvester Co.'s force in the Amarillo District, headed by Mr. Fisk, manager of the district with headquarters at Amarillo. The floral offering was very profuse.

Those accompanying the funeral party from Lockney were: Messrs. E. L. Bank and J. C. Waldrop of Amarillo, who had come here from Amarillo, at the request of the International Harvester Co., to assist with the funeral; Mrs. W. D. Long, Mrs. Kate Collier, Mrs. Earl Sullivan, Dewey Floyd and O. T. Prickett. The following business men went through in cars to Amarillo to be present at the funeral: Messrs. A. B. Brown, Lester Honea, Artie Baker, Carl McAdams, Roe McCleskey, Lawrence Gruver and H. B. Adams.

COUNTY FEDERATION MEETING POSTPONED TO OCT. 30th

On account of the Floyd County Fair, which is to be held at Floydada next Saturday, the County Federation meeting which was to have been held at Sand Hill next Saturday, has been postponed to the last Saturday in October, which will be the 30th day of month.

NEW BUSINESSES OPENING IN LOCKNEY

A Garage, Beauty Parlor, and Cafe is being opened in the Byington and Middleton building on South Main, by Mr. J. H. Robertson, Mrs. J. H. Robertson, and Mrs. A. L. Thompson all of Plainview. Mr. Robertson will have charge of the garage, and has as he stated in an interview, employed on the the best mechanics to be found in this section of the State. Mrs. Robertson and Mrs. Thompson will have charge of the Cafe and Beauty Parlor.

Ernest Dines of Demming, New Mexico was the guest of Mr. and Mrs. Jim Dines last week.

LEGISLATURE MET MONDAY MORNING

WILL CONSIDER VALIDATION OF BONDS FIRST—INVESTIGATION IS ALSO TALKED

The Texas Legislature met in call session Monday morning, September 13th, for the purpose of validating the much discussed road bonds, to care for the shortage in school funds; for investigating certain departments of the state, and many other things that will come to their attention during the session.

The first thing on docket will be to pass legislation that will take care of the road bonds affected by the ruling of the supreme court some months ago, and which problem figured very conspicuously in the late democratic campaign.

The deficiency in the school department of the state, which caused a cut from \$14 per capita to \$11.50 per capita is also expected to be taken care of by this special session.

Investigation of state officers, especially surrounding the governor's office, looms very big at the present time, and some talk of repealing the amonosity bill, and an attempt to impeach the governor are mentioned frequently. An investigation into the pardon record of the governor is likely, and possibly some legislation tending to take the pardoning power away from governors of Texas will be attempted. Also there is talk about the increasing of the governor's salary from \$4,000 to \$25,000 per year, but this will have to be done in the way of submitting an amendment to the state constitution to the voters of the state.

The special session of the Thirtieth legislature has been organized and are now getting down to business.

Mrs. Ferguson has 164 recess appointments to be confirmed by the legislature, and some warm contests on the confirmation of these appointments may be expected within the next few days, as many of them would serve the major portion of their term under the Moody administration.

JOE LACKEY DIES OF TYPHOID FEVER

Little 9 year old Joe Lackey, son of Roscoe Lackey, who lives in the Cedar Hill community 16 miles east of Lockney passed into the great beyond last Friday after an illness of a month with typhoid fever.

Funeral services were held at the cemetery last Saturday afternoon by Bro. Joiner of Hale Center, interment was made in the Lockney cemetery under the direction of Undertaker Grady R. Crager.

THREE OF LOCKNEY'S FISHERMEN TELL OF BIG FISH

According to W. W. Angel, he, Uncle Charley Wells and Walter Childers hold the world's record in extracting the finny tribe from swift streams of H 2 O on the Tule Canyon. According to Willie they caught them in all shapes and manners, and leaving none for the great fishermen of the future. That the finny tribe is attracted to their hooks, like that of the needle to the north pole, and we presume they did for they said they had they could eat, and that would be quite a number of fish, but where are those they were going to bring home. Can't understand that part. This for the sake of the readers knowledge happened on last Monday, and has almost wrought havoc in the business institutions of Lockney it looks as though the ill effects would last for days. It has already caused the departure of some of the citizens for the fishy streams of the five mile north of Lockney, or near five miles north of Lockney, or near enough to cause the wives to miss their adventurous husbands quite a lot. Those adventurous citizens who departed on the return of the greatest fishermen are: Hugh Trussel, Dutch Ayres, Frederick Ayres, Barlow Hill, Frank Dodson, and John Broyles. We expect that this party will be heard of when it comes to tales of big fish.

Mrs. E. H. Rankin in company with her brother, Eugene Thompson, left for a month's visit with her mother and father, Mr. and Mrs. E. P. Thompson of Long Beach, California.

DON'T SELL YOUR FEED CROP

There is a large crop of feed stuff in the Lockney country this year, and practically every acre planted is going to make from one to two tons of heads, and the quality of the grain is much better than that of last year. At this time there is no market for the feed crops and heads are being put on the market at this time only bringing the farmers around \$6 per ton. The elevator men will buy them at this price, but they really don't want the farmers to sell them at this time at the low price they are getting but would rather the farmer would hold them until the market opens and the price gets better. At this time, owing to the big rains that have come through the summer, the ranges in all parts of the State are good, and there is absolutely no demand for feed, but if the farmers can hold their feed crops until later in the season, say December or January, there is a possibility that they can get at least \$12 a ton for their maize and possibly a higher price than this. This would be a good time for all those who are able to buy a few hogs and feed them out on cheap feed, and probably a good profit could be made out of the hogs, and in this way a good price for the feed crop that is to be placed on the market. Larger flocks of chickens and more dairy cows could also help to make the price of the feed crop advance. Unless a farmer is forced to sell his feed crop, by all means he should hold it off the market until he can sell it at a fair price. There will be a fair market during the winter months if the market is not glutted by dumping the big feed crop on the market at the cheap prices that are now prevailing. Don't sell one pound of feed stuff at this time if you can possibly help it, for you will make money if you hold it a short while.

COTTON CROPS GOOD; PROSPECTS BETTER

The cotton prospects in this section of the country are good, and a big crop is assured. Last Week the Lint-type machine made us say there were 750,000 acres of cotton in Floyd when we intended to say 75,000 acres, and we believe that this 75,000 acres will average a half of a bale to the acre which will run the cotton crop to between 35,000 and 40,000 bales for the county. The cotton crop over the State and the entire south is short this year, only good yields being reported in spots. The worms weevil, lice, fleas, alkali, and most everything else as a toll from the cotton crop of the south for the last sixty days, and the department of Agriculture of the United States, as usual having made monkeys of themselves in reporting the forecasts of the crops and by their reports have kept the price of the crops down. However, they cannot have their estimate cut more than a million bales from what it was a few weeks ago and we are of the opinion that the next report is going to slice off another million bales from what it was a few weeks ago, and furthermore, we are of the opinion that the crop this year will fall to 14,000,000 bales, and a possibility of its falling to 13,000,000. If we have a 14,000,000 bale crop the price should be around 25c per pound, and if we have a 13,000,000 bale crop it should be around 30 and 35c per pound. That the crop is much shorter than the Government estimate shows it to be is very evident. They give Texas better than a five million bale crop, and yet central and East Central part of Texas, where the bulk of the crop is raised each year has suffered from all manners of pests, and very little cotton can be counted on from these sections. Back in the old states such as Georgia, Alabama and Mississippi in most places the crop is short this year and only in spots is a good yield promised this year. We are of the opinion that Texas will be doing well if it gets a three million bale crop this year, and the Central Southern states will be doing well if they get a 50 per cent normal crop. In the Plains country the crop as a whole is good, but as soon as you get off the Cap Rock the sections where the crop is good are very scarce and far between, and the south half of Floyd

and Hale counties on the Plains have suffered in spots from the effects of fleas, leaf and boll worms and other elements and pests, and their crop will not produce with the cotton north of Hale and Floyd counties, south line. If Floyd county has good dry weather for the next thirty or forty days and the frost stay off until its average time to come which is about the 7th of November, there will be many fields in the Lockney country that will make a bale to the acre, and there will be very few fields that will fall short of one half bale per acre. We do not expect to suffer any this year from and early freeze or frost as the cotton in this county is from three weeks to a month earlier than it was last year, and, if we can have as above stated, dry weather for the next thirty or forty days every bloom that is now on the cotton will mature however, the cotton is fully loaded with matured bolls at this time, and within the next week the picking will be getting under headway and several bales of cotton will be reaching the gins each day.

Texas has within its borders some of the best dairy herds to be found in America. No one need go out of the state to secure a good sire or a good cow. Farmers who feel that they cannot afford the initial cost of a good cow can purchase a bull calf of good breeding, and in due time will have a sire that will be of great value in breeding up the herd. A number of farmers could purchase a bull and purchase a proved sire. There are any number of ways that farmers could rid themselves of unprofitable animals and secure a greater production at less cost from fewer animals. Texas could easily double its production of milk and butter fat by systematically going about replacing scrubs with good producers and replacing scrub sires with proved pure bred animals.

WHAT'S DOING IN WEST TEXAS

Cisco—The Lions club will erect a model home here. The club has arranged with builders supply men and lumber companies to furnish the necessary materials for the building. They will finance the labor expense. After a period of advertising and inspection, the building will be sold and the proceeds will be used to pay the lumber men and others for materials. The club hopes by this act to stimulate a building campaign which is very much needed here at present.

Wellington—Traveling men will be honored in Wellington September 10 when they will be special guests at the Collinsworth County Fair. Wellington business men have invited all traveling men who work this territory to be present at this occasion, and every drummer who comes will be the guest of some merchant of the city. A program of entertainment and special refreshments have been provided for the "knights of the grip."

Wichita Falls—Wichita Falls has challenged Amarillo to see who can get the most memberships in the West Texas Chamber of Commerce before October 1. Last year Amarillo led all West Texas towns with a total of 404 members. Wichita Falls was second with 324. Wichita Falls convention city for 1927 has resolved to take the lead and has already signed up 425 members for the ensuing year. Amarillo accepted the challenge of Wichita Falls, and the drive in each city is now under way.

Stamford—West Texas Today, the official magazine of the West Texas Chamber of Commerce, will devote the September issue to the fairs of West Texas. The magazine will be fifty-two pages and will be placed in the hands of numerous out of state concerns who are or should be interested in West Texas opportunities.

San Angelo—Fall shearing of the goats is now under way throughout this section. Reports received here are to the effect that the goats are shearing an average of about three and one half pounds each. Shearers are being paid six cents per animal for the shearing.

Amarillo—The State convention of the American Legion will convene here September 8 for a three day session. Railways have given a special round trip rate for the price of the usual one way fare. A record breaking attendance is being anticipated. Amarillo has plenty of hotel facilities to accommodate the gathering and the big auditorium will be prepared for the

PLAINVIEW, TEXAS

Good taste and good health demand sound teeth and sweet breath.

The use of Wrigley's chewing gum after every meal takes care of this important item of personal hygiene in a delightful, refreshing way—by clearing the teeth of food particles and by helping the digestion.

The result is a sweet breath that shows care for one's self and consideration for others—both marks of refinement.

general sessions. Speakers during the convention will include Major-General John A. Hulen; Brig. General Paul Malone; Brigadier-General Jake Walters, Hansford McNider, assistant secretary of war and former national commander Alvin M. Ousley.

Llano—The Hills country district of the West Texas Chamber of Commerce will hold its first district convention here September 10.

Del Rio—Camp Del Rio on Devil's River near here was voted the permanent camp of the boy scouts of this region; one hundred and thirty-six scouts were camped here the last week of August. The municipal band of Del Rio has been reorganized with A. B. Ewing, secretary of the Del Rio Chamber of Commerce as director.

Big Springs—Options have been secured on several sites which are being considered by business men of Big Springs for the new hotel, plans for which are being made. Officials are hoping to raise enough money to build a four story structure, with all modern conveniences. Plans for the building has been submitted by several architects, but have not been chosen yet.

Baird—The city is in the midst of a big building boom. Nine new residences are going up in the different sections of the city which will be followed by still others. At present there is only one rent house vacant in the city, which is accounted for by the numbers of people who have come into the city for the school term. There is not a vacant building in the entire business of the city. Rupert Jackson is having a new brick garage built on the new bankhead highway, which has recently been completed in this section between Baird and Cisco.

a marvel of handling ease

Take the wheel of today's Chevrolet! Learn the simplicity of its gear shift—experience the flexibility of its velvety acceleration—the amazing smoothness and power of its modern valve-in-head motor—learn the ease of its remarkable steering ease and the quick responsiveness of its big, oversize brakes!

Only then can you possibly appreciate its handling ease and multiple-cylinder performance. Come in today and get a demonstration!

DYER MOTOR COMPANY

LOCKNEY, TEXAS

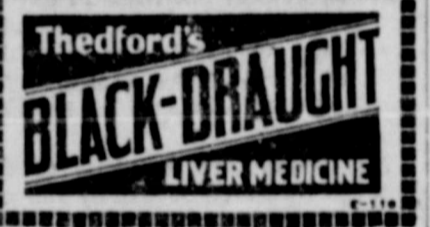

World's Lowest Priced Gear-shift Trucks

Cisco—Cisco is planning to have a big community day dinner as a means of starting off the fall work of the local Chamber of Commerce with enthusiasm. Col. R. Q. Lee, former president of the West Texas Chamber of Commerce has suggested that this festival take the form of a chicken barbecue. A day, preferably in October, will be set later and some prominent Texan will be invited to speak to the guests on this occasion.

Deal—Arrangements have been completed for the opening of a school at Deal, a new town on the Rock Island Railroad, according to Miss Laura V. Hammer, superintendent of the Potter County schools. Although the town was started only a few weeks ago, it shows signs of permanency. Deal is located on the slopes of Antelope Peak, in the center of a productive agricultural and grazing country, on the new survey of the Rock Island Railroad, thirty five miles northeast of Amarillo.

Amarillo—The Board of City Development, Chamber of Commerce and the West Texas Chamber of Commerce have moved their new offices into the City Auditorium. Carpenters have been at work on the offices, getting ready for the removal, which was made a few days ago. An added feature of the new suite of offices is the lounging room, where visitors may rest and inspect literature of Amarillo and the Panhandle placed at their disposal. Officials of these or-

Bilious dull feeling
"My old stand-by is Thedford's Black-Draught—I have used it off and on for about 20 years," says Mr. W. S. Reynolds, of R. F. D. 2, Arcadia, La.
"I get bilious and have a bad taste in my mouth. My head feels dull. I don't just feel like getting around and doing my work. I know it isn't laziness, but biliousness."
"So I take a few doses of Black-Draught and when it acts well, I get up feeling like new—'full of pep' and ready for any kind of work."
"I can certainly recommend it."
In case of biliousness and other disagreeable conditions due to an inactive liver, Black-Draught helps to drive the poisonous impurities out of the system and tends to leave the organs in a state of normal, healthy activity.
Black-Draught is made entirely of pure medicinal roots and herbs and contains no dangerous or harmful mineral drugs. It can be safely taken by everyone.
Sold everywhere. Price 25c.

gnizations have made statements with the change, and with the intent to the effect that they are well pleased improvements already made.

GET READY TO PAY COTTON PICKERS

In a few days you will bring your first bale of cotton to town to be ginned and marketed. You will receive a check for your cotton on some bank, and it is best that you should have an account at the bank where you can deposit your cotton money and pay your pickers and other laborers off by check. Come in and see us and start an account now, so you can handle your crop in a business way. We offer you safety and courteous treatment—could you ask for more.

29. Goodnight, W. F. Cook, and Mrs. W. F. Cook, Quitaque, Texas.
32. Newlan, Miss Reba Woodruff, Floydada, Texas.

**SOUTH PLAINS FAIR
 LUBBOCK SEPTEMBER 29**

Lubbock, September, 15.—Week after next the gates will swing back for the thirteenth annual Panhandle South Plains fair at Lubbock and everything is buzzing around the office of the fair association and at the fair park, getting ready for the big exposition this year which will be bigger and better.

Four big free attractions have been booked from the World's Amusement Service Association and the Western vaudeville managers association which

will show each night of the fair before the Spectacular fire works is started. The stunts include flying aerialists, equilibrist, comedians, and dog stunts and tricks. The acts are high class and the best that could be obtained and they come here with a successful record of performance at the biggest state fair of the State.

A large force of carpenters and laborers have been busy at the Fair park for the past several weeks getting the buildings and grounds in shape. Several of the buildings are being remodeled this year to take care of additional exhibits. A large number of employees have been busy advertising the fair, visiting all South Plains towns handing out catalogues and other advertising material about the fair in each town. Local citizens have displayed a hearty interest in the fair and report that large numbers of local people will attend. All Lubbock will turn out in the next few days to stage the annual trade trips. Big auto caravans will visit all South Plains towns to say hello for Lubbock and to invited South Plains people to attend the Fair, Sept. 29-30, October 1-2.

The fair catalogues are out and have been distributed. Many entries have been received by the association and others are coming in daily.

MILDRED TINER 2ND VICTIM OF VIOLENT DEATH IN 2 DAYS

Lubbock, September 13.—The second violent death of two days for Lubbock occurred yesterday about noon, when a charge of six B shot from a sawed off 12 gauge shotgun, practically decapitated 13-year old Mildred Tiner, daughter of John Tiner farmer, at the latter's home about, eight miles south of Lubbock.

County Judge Charles Nordyke after hearing testimony from Virginia Tiner, sister of the dead girl, and from Hall Hilton, 15, neighbor of the Tiners, gave his verdict that Miss Tiner was accidentally killed by young Hilton.

The three young people had been hunting during the morning, returning to the Tiner house to eat. There in the living room, after dinner, while handling the supposedly unloaded gun it was discharged, the muzzle, according to examining physicians, apparently being close to the back of the head. The entire charge struck her head blowing it nearly off.

The Baker Furniture and Undertaking Company took charge of the body.

The body of Bowden Lacy, book-keeper of the Whaley Lumber Co., who was found shot through the heart in his room at 1613, 15th street Saturday afternoon, was yesterday taken to Ardmore, Oklahoma, the home of Lacy's parents, for burial. The Rix Furniture and Undertaking Company had charge of his body.

SAND HILL FAIR WEDNESDAY OF NEXT WEEK

Remember, Sand Hill Community Fair is Wednesday of next week!

WILL GIVE WINDMILL FOR BEST TEN HEADS MAIZE

Lubbock, September, 16.—A roller bearing windmill is offered to the farmer bringing in the best ten heads of maize to the Panhandle South Plains fair this year, according to recent announcement by the fair board.

The windmill is worth approximately \$75, and is being given by the Atwell Wholesale Hardware Co.

Any farmer wishing information regarding the type of heads and the best method of preparing them for exhibit at the fair should write D. F. Eaton, superintendent of the department of the fair.

The fair dates this year are Sept. 29-30 and October 1-2, and the maize heads will have to be entered by September 28 and delivered to the agricultural building before 9 o'clock September 29 according to Eaton.

Hot competition is expected in this contest.

When your come to the fair why not bring an exhibit of some kind? If you have some fine maize, corn, cotton, or in fact any thing you grow on the farm or anything listed on our premium list, be a sport and bring it.

If you have any kind of live stock that are fine bring them down and beat your neighbor. This is a good friendly way to learn and you will not get the most out of it unless you have some of your own stock in the show ring.

Your neighbor will beat you making money just as long as he has the finest stock. Don't kid yourself, bring them out and let the judge decide. This is your fair if you boost it and bring an exhibit.

Sand Hill and Irick will stage a base ball game along with lots of other excitement.

Your presence at this fair will be worth more to you than a days work at home and you will help some one else. Don't fail to come.

Sand Hill claims they have more fine registered hogs than all the rest of Floyd county. Many fine Jersey cows are also located at Sand Hill. Come to this fair and see.—Reporter.

Mrs. A. J. Crager and daughter Mrs. Ray Light left last week for a month's visit with her daughter in Kendrick's Oklahoma. Mrs. Light has been here for the past several weeks visiting her mother.

Mrs. Low Holstead of Long Beach, California, came in last week for an extended visit with her brother, S. A. Thompson. Mrs. Holstead had not seen her brother in thirty-eight years. E. L. Woodburn returned home last Tuesday from the Plainview Sanitarium, where he had been for several days under the treatment of the doctors. He is able to be up again, and the doctors decided that it was not necessary to operate on him at this time.

W. L. (Uncle Bill) Smith and wife returned Sunday from a two weeks trip to New Mexico and Arizona. While away Mr. and Mrs. Smith visited the Grand Canyon of Arizona, and the Carlsbad Cavern in New Mexico, and also many towns of interest in these two states. Their son, Ira Smith of Lamesa accompanied them on the trip. Uncle Bill says they had a fine trip, and saw many things of interest, especially in the Grand Canyon and Carlsbad Cavern.

Mesdames McAdams and T. L. Griffith Entertain in Honor Their Birthday Anniversary

A well appointed luncheon was served at the Carl McAdams home, in West Lockney, Wednesday at one o'clock sharp with Mesdames Carl McAdams and T. L. Griffith as hostesses, in honor of the two ladies birthday anniversary, at which thirty-five of their friends and neighbors were guests.

The ladies all gathered on time and a delightful and substantial luncheon was served, after which three hours was spent in playing games and conversation.

The hostesses were the recipients of many nice remembrances.

Those present on this enjoyable occasion were Mesdames Ralph Ashworth, H. B. Adams, Jack Adams, Arthur Barker, H. H. Ball, Harold Boyle, E. J. Broyles, John C. Broyles, Floyd Barber, Artie Baker, A. B. Brown, Frank Dodson, E. Guthrie, Watt Griffith, Roy Griffith, Mattie Griffith, J. H. Hohlaus, F. M. Kester, Arch Keys, G. S. Morris, Chas. Merrick, A. R. Meriwether, Wm. McGehee, Tom McGehee, C. J. McGehee, Alex. Norris, Ryan Speegle, G. J. Stapleton,

Buck Sams, R. P. Shelton, T. H. Stewart, O. E. Stevenson, Burton Thornton, Roy Patterson and W. L. Whitt.

30 MEN HAVE PAID DEATH PENALTY AT STATE PRISON

HUNTSVILLE, Texas, —A score and ten men have sat and bid the world goodbye in the death chair in the dark gray room of destruction here behind the aged walls of the Texas penitentiary.

Nine death cells all in a row. Heavy steel bars cast ghastly shadows on the leaden walls of each death crib, from the lone light in the corridor, where it burns low and where the one inside warden walks slowly to and fro, from the blank and dank wall of Cell No. 1 to the iron door of the room where thirty souls have met their God.

Doomed Men Read Bibles. Huddled against the cold, steel-barred doors, white brown, had black read their much thumbed Bibles. They cannot look "with such a wistful eye" upon anything "the prisoners call the sky" and were it not for the change of guards, and the bringing in of food, they would never know when the rose gray dawn creeps over the tall southern pines and rugged walls into the prison yard.

Day by day and night by night as the long hours drag by, the condemned men, slayers though they are, live in memories of the past and ponder of the life to come. They cannot hear a scaffold being built, with nails piercing the heart of the wood with each thud of the hammer. They can only hear the hum of the modern electric generator, as the power energy known as electricity is switched on to test the chair of death.

The chair of death, in the room of destruction, stands high in gruesome silence. Of heavy timber, and very erect, with black leather binders for the neck, arms and legs, the final sitting place of killers stands a picture of persecution. Prison made is this chair, designed and built by a "lifer."

Friday Nights Unwelcome. The binders are not placed to keep the condemned man from escaping. They are to hold the leaping, straining body when the electricity enters and the soul departs.

N. L. Speer, the prison warden, the his stand behind the chair. A curtain is drawn that he may not see the dying man, as the warden closes the circuit with the switch, until the prisoner is dead.

"It is duty," so says Warden Speer "and I try to tell myself that in the performance of duty the executions do not hurt me, but every time I pull the switch and a man dies, a part of me also dies."

Throughout the prison, when the switch is thrown, the lights flicker and the prisoners know that a fellow sinner has joined the horde in the beyond.

"Death is justified only in the extreme," Warden Speer said. Electro-cution in the dead of night is a futile

WHAT'S DOING IN WEST TEXAS

Lubbock—Automobile stickers are announcing the "Peddlers Jubilee", to be held at Lubbock September 18. This will be the fifth annual meeting of traveling salesmen from all over the southwest, who will be the guests of the Lubbock Chamber of Commerce. A big street parade will be held, and a big base ball game has been scheduled which will fill a part of the program after the knights of the grip have registered at the new Hotel Lubbock. Reservations are now being made for the big jubilee.

Stamford — Literature from all towns and cities in the West Texas Chamber of Commerce territory are being sent into the agricultural and Industrial Exhibit at the Sesqui-Centennial Exposition, being held in Philadelphia, to be distributed among the many visitors who will call at the booth. This exhibit is being maintained by the West Texas Chamber of Commerce, and Homer D. Wade, manager of the organization, is urging that every West Texas town take advantage of this opportunity of free advertising in the numerous section of the United States, and in many foreign countries. At the same time, the entire section will be given a boost.

SCHOOL HAS BEGUN IN EARNEST

LIBRARY IMPROVEMENTS OF LAST YEAR TO BE CONTINUED

The work of the Lockney-Public schools has now begun in earnest and with an enrollment of something over 500 students or growth of about 32 percent over last year's enrollment.

The Library work on the expansion and betterment of the High School Library will be continued from the work of last year, and with the coming of another year it is hoped by those sponsoring the work that Lockney High school will have one of the best, most modern and up-to-date libraries of any school on the Plains. To do this work, the Senior class who is in charge of same are charging a small library fee to each student.

The library which now has something over 500 books has been installed in what has been known to former students, who attended Lockney High in years gone by, as the Physics room. The room has been divided in half by a large arch and petitions, and in one end are the shelves, fixtures, and office of the Librarian, and in the other end, or half of the room are the tables, chairs, and desks for students to use while studying in the library. With the coming of another year Lockney High will have one of the best if not the best in this country for it is run on a business basis, and will be a great success as are all other things which are operated on a sound business basis.

The Senior class enrollment has passed the 40 mark and there is a probability that with the coming of another month there will be five or ten more seniors enroll which will make a graduation class of from 45 to 50. This speaks well for a city with the population of 2,200 for the average graduation list of a town of this size is from 20 to 25, and with the ushering in of each new school year, the graduation list increases, and the number of graduates who attend college increases. About 27 of the 40 graduating last year are leaving for the various colleges and higher institutions of learning this year.

According to Coaches Nobles and Denman the Longhorns are now in trim for the season, and will engage in their first game of the season with Spur at the Floyd County Fair Saturday, September 25th. And on Friday of the following week their, or the Floyd County classic of the season. On this date, Friday, October

1st, the Lockney High school Longhorns and the Floydada Whirlwinds will match wits, science and brawn. The Longhorns, now over forty of them, are working harder and harder each day for this game. They realize that they have no walk over with the formidable Whirlwinds, and that they must beat them by headwork science, accuracy, and skill if the game be won. And to that end they are working harder each day. There will be, during the next two weeks, various pep rallies, pep meetings, and in these the citizenship and business institutions of the town will be expected to take part, and push these hard working Longhorns on to victory with the Whirlwinds, because they deserve it, and should have the backing of every citizen and business in Lockney. There will be pep rallies at the school building soon and ever one are going to be expected to take part, so now begin to plan on closing your business for an hour, leave off the chasing of the dollar for a few short minutes, and remember that you too, were once young, and how you liked for your father to brag on you just a little when you did some great deed in your school.

STOP—DON'T BREED YOUR SOW

to that scrub boar now and lose all your pigs this winter! Think! Wait until after Nov. 10th, and then come to the best boar in the Panhandle. You will never make money on scrub winter pigs. It's money for you to "Come and See" or write—

Holmes Bros. Hilltop Farm, Floydada
