OFFICIAL PAPER

VOLUME TWENTY-SEVEN

The Cateway to the Magic Plateau

Lockney, Texas, Thursday, April 12th, 1928

Heart of the Best Farming Section of the Plains

# **Denver Road Now** Laying Switch Yards

Rail Laying Gang Reached City Tuesday Morning and Layed Rails Across Santa Fe Tracks

feet south of the Santa Fe track in ly at the close of the show at Plainthe southwestern part of town, the view line being laid across the town that In recognition of what these men laying crew begun the laying of the dustry in Floyd county the members switch yards in Lockney, and are now of the Floydada Lunchesn club, which busy laying these tracks.

that the material for the erection of Sims was outstanding at the dairy the brick depot would be brought in show with seven first places. Mr. That as soon as side tracks could be laid King, a recent student of Texas Tech, and that work would begin on build- although just a beginner in the dairy ing the depot just as soon as the material could be brought in.

The camps of the steel laying gang the yards are so that they can handle the cars, so we are informed. After the tracks are finished for the switch yards, we understand that the steel laying ging will proceed toward Broyles, Stevenson and Ewing Named Lubbock.

The steel has been laid on the Plainview line to the Santa Fe track in the eastern part of that town, where they discontinued work Monday and came to Lockney to work on

When the track laying gang crossed the corporate limits Tuesday morning with the steel, whistling of the fire siren welcomed the entry of road into town, and the popula-tion was very jubilant over the fact that at last the Denver road in Lockney was a reality.

#### LEADING LAY LEADERS TO HOLD SERVICES AT AIKE!

All, and especially, the laymen an ladies of the Methodist church on th Lockney Circuit, are cordially invited to attend the all day services at Aiken next Sunday, in which the leading Lay speakers of the Plainview dis-Fict, will speak on the following very CONTRACT FOR PLAINVIEW'S important church subjects: Lay Evangelism; Stewardshin; The Methodist Dollar: The Methodist Lay-

# After 50 Years of Service

# De Laval Points the Way to Still Greater Dairy Profits

THE De Laval Company is celebrating its 50 years of unparalleled service by offering to the public the finest line of cream separators ever made. They are known as the "Colden Series" and we believe you will agree after seeing them that they are the most beautiful, convenient, and easiest running separators you

But the best of it is that these Anniversary Series De Lavals will soon pay for themselves. They have the wonderful "floating bowl"-the cleanest skimming

In order to show exactly how much money is being lost by poor separators, De Laval Dealers in 17 states during the past year held hundreds of tests, in which the skim-milk from some separator chosen at random in each community was run through a new De Laval and separated again.

In all these tests De Laval Separators never failed to recover butter-fat from such skimmilk. The butter-fat recovered in this way was immediately weighed and tested at the local creamery or cream station, and varied in value from a few cents to over a dollar.

The average results from all the tests showed that the separators from which De Laval skimmed the skim-milk were losing butter-fat at the rate of \$78.00 a year.

We shall be glad to demonstrate a "Golden Series"

#### MORE THAN 25 COUNTIES ARE STAGING FIDDLERS CONTESTS

Amarillo, April 12 .- More than 25 counties in the Panhandle, Eastern New Mexico and Western Oklahoma, are staging old fiddlers contests, the winners to be entered in the championship old fiddlers contest to be staged by the Amarillo Tri-State exposition in Amarillo, April 27. The entrants in this big event in which \$250 is offered in prizes must be winners of county contests

Milt Trout, Castro county, winner of second place here recently is the first county winer to be announced. All county contests are to be finished by April 17 in order that the winners may be entered in the fair contest. The big event in Amarillo bids fair to surpass the first contest held in March in every respect. Twenty fiddlers competed before 2,000 per sons at that time.

The hand of opportunity knocks at the door of the thrifty, and is oftimes welcomed, and great successes result. # Bring this complete automobile show into your own home

THE national automobile shows in New York and Chicago were too far away for most Americans to attend. But by clipping the coupon below, you can bring a representative automobile show into your home.

At the shows General Motors exhibited a complete line of automobiles - a car for every purse and purpose." They are the quality cars of their respective price classes. They range in priceat-the-factory from \$495 to \$5,500. They include 89 models of every type and kind. They embody improvements tested and proved at General Motors' Proving Ground, which, together with the Research Laboratories, is maintained to assure continuous progress.

# "A car for every purse and purpose"

The General Motors cars are briefly described below. The new models offer more performance, more comfort, more beauty than ever before in automobile history. All have 4-wheel brakes. All closed bodies are by Fisher. All have Duco finish. All are built of quality materials. And for their convenient purchase, General Motors has provided the standard low-cost GMAC Plan.

CHEVROLET. 7 models, \$495 to \$715. Bigger and better than ever before, 4-wheel brakes. Longer wheel base. Still more powerful engine. Luxurious Fisher Bodies. Shock absorber springs. New hood. New Duco colors. New instrument panel and other aprovements. ALSO truck chassis: 1/4-ton, \$395, 1-ton, \$495,

PONTIAC. 8 models, \$745 to \$875. The lowest-priced quality "six." Improved from radiator to tail-light. For example: 4-wheel brakes, new GMR cylinder head, increased power, locking device, more luxurious Fisher Bodies. Finished in Duco in new colors.

OLDSMOBILE. 7 models, \$925 to \$1085. Entirely redesigned by General Motors, the new Oldsmobile has earned the title of "The Fine Car at Low Cost." Longer, roomier, more powerful—and the last word in styling. Fisher Bodies. 4-wheel brakes.

OAKLAND. 9 models, \$1045 to \$1375. The All-American Six. Advanced engineering and precision construction. Longer, lower and more beautiful. Bodies by Fisher. Every convenience. 4 wheel brakes. New Duco colors. Harmonic balancer.

BUICK. 16 models, \$1195 to \$1995. The largest value in Buick's famous history. Beautiful low bodies by Fisher. Getaway like an arrow from a bow. Vibrationless beyond belief. Famous 6-cylinder "Valve-in-head" engine. Sealed-in chassis.

LASALLE. 16 models, \$2350 to \$2975. This beautiful car was designed as com-panion car to Cadillac. Has V-type 90 degree 8-cylinder engine which has made Cadillac the standard fine car of the world. Built in Cadillac factory. Continental in

CADILLAC. 26 models, \$3295 to \$5500. "What," General Motors asked last year, "can possibly be done to improve Cadillac?" The result is embodied in the new models now on display, representing the high-water mark of Cadillac's long history. Sumptuous bodies by Fisher and Fleetwood. 500 color combinations to choose from.

FRIGIDAIRE-The Electric Refrigerator. General Motors has applied the processes which have made the automobile available to every family, to the production of electric refrigerators. Frigidaire is the refrigerator made by General Motors and it is now the world's largest selling product in its field.

DELCO-LIGHT Electric Plants. Provide the conveniences and labor-saving devices of the city for the farm. Electric light and power plants, water pumps, etc. Used in more than a quarter-million homes.

(All prices F. O. B. at the factories)

### CLIP THE COUPON

Mark on the coupon below the General Motors product or products that you would like to see. Check all of them, if you wish, for the illustrated catalogues are so detailed as to form a show in themselves. In your own home you may examine the whole General Motors line, point by point, at your leisure. With the catalogues will be sent free a little book entitled "Principles & Policies." You will find it unusual reading, for it takes you behind the scenes and shows just what General Motors is and what it is doing to continue to merit public goodwill.

## LOCKNEY HATCHERY

Grady Crager, Manager Concrete McCollum Building The average boy has 3,000 hours

These leisure-time hours Scouting seeks to fill with useful activities.

Why the Boys Need Scouting Scouting turns the boys of the community from an unorganized group to an organized force for community service and good.

Scouting will make better citizens through having served as citizens while boys. It is non-miltary, nonsectarian, non-political.

Scouting turns the activities of the gang into safe and useful channels. Scouting provides adult comradeship in the plastic years whence crime and religion alike recruit their greatest numbers.

What boys do build their habits and character. Scouting provides attractive interest gripping activity of the right kind.

craving for adventure.

Scouting gives the boy a concrete Oath and Law, to reinfoce the teachings of home, church and school. Community Boy Institute to Be
