

Hotel For Lockney Practically Assured

PROSPECTS BRIGHT NOW FOR GETTING WORK ON HOTEL UNDER CONSTRUCTION

Lockney has been building a hotel building with hot air for the past five years, and while every attempt so far has exploded within itself, the prospects for getting actual construction started at an early date are at this time very promising. A deal has been made and contract drawn for a site for the hotel, and the committee is now at work on the matter of raising the balance of the money to insure the erection of same. The committee has reached the point where they lack about \$5,000 of having the necessary amount of stock sold to insure the erection of a \$50,000 hotel, which will cover a ground space of 90x150 and will have forty nice large bed rooms on the second floor.

Mr. Artie Baker, who has been boosting the building of the hotel for several years, and has been intensely interested in getting the building started during the past year, has offered to go fifty-fifty with the committee in the building of the hotel, no matter where the hotel building might be erected in Lockney, just so Lockney would have a first class hotel.

Kerr & Wald of Amarillo have been employed as architects on the new hotel, and plans for the construction of the building are now being drawn. The plans now under consideration are for the overhauling of the McCollum building on the corner of Main and Locust streets, west, and a sixty-foot building on Main street adjoining the McCollum building on the north, giving a 90x150 foot floor space. The ground floor will be used for mercantile establishments, hotel lobby and coffee shop, giving room for about five mercantile establishments on the ground floor. The second floor will have forty guest rooms with fully half that amount of rooms supplied with baths. The hotel part is to be as modern as can be found in any hotel in this section of the country.

Lockney has needed a hotel for a long time, but it is a hard matter to get a first class hotel built here. A mere handful of men, who are all of limited circumstances, compose the business institutions of the town, and if any of them fail to do their part in putting over propositions of this sort, it makes it almost impossible to make a go of same. Lockney has held together one of the strongest commercial organizations in all West Texas in the way of co-operation for the past five years, and with our limited capital to work on, we have accomplished some wonderful things. Now, we want the whole town to back the organization with whatever capital they can spare to help put this hotel proposition over, and we believe that all the business men, and many of the citizens will join in on the proposition, now that it does not like very much capital of being an assured fact.

HIGHWAY WORK IN HALE COUNTY TO START SEPT. 1

Plainview, Aug. 19.—Work on Highway 9 from the south line to the north line of Hale county will begin about Sept. 1st, according to Wamack, head of the Wamack Construction Company, who was awarded the contract for construction of drainage structures and the establishment of the grades on the highway, preliminary to laying the concrete.

Wamack expects to be back in Plainview about the 27th, of this month bringing with him implements, horses, tractors, etc., and will establish camp shortly thereafter.

Mrs. B. D. Hill was called to Hedley, Texas, last week, by a message saying that a sister was very seriously ill.

BAPTIST MEETING NOW IN SECOND WEEK OF REVIVAL

The Baptist meeting is now in the second week of their great revival, and good crowds are in attendance at each service. During the absence of Evangelist Coffman, Brother McCarty assisted by Rev. R. E. L. Muncey and others are carrying the meeting forward, and a great revival and much beneficial work is being done.

The Evangelist, Rev. Hulén Coffman, received a message Sunday night, that his mother was dying. He and his family left immediately for her bedside at Josephine, Texas. They have our sympathy and prayers. The meeting is going right on. The pastor will do the preaching until the evangelist returns. We are having fine crowds and good interest. There are conversions and additions to the church almost every night. The Lord is giving us gracious services and to his great name be all the praise!

C. J. McCARTY, Pastor.

PETERSBURG SCHOOL DISTRICT DIVISION ORDERED RESCINDED

Plainview, Aug. 17.—The action of the Hale County school board in creating a separate district for the northern twenty-five sections of the Petersburg district was set aside and the board ordered to rescind the action and recognize the Petersburg Independent District with former boundaries by S. M. N. Marrs, state superintendent of public instruction. The bonded indebtedness is to remain as originally formed.

The separate district was formed by order of the county board May 7. The new district was called Lakeside and comprised the north twenty-five sections of the sixty sections originally in the Petersburg district.

The board was asked by the people of the Petersburg district a few days later to rescind the action and when this was not done they filed notice of appeal with the state superintendent on May 12.

On May 19 the county board appointed trustees for the Lakeside district and ordered it to pay \$15,000 of the outstanding bonds of the Petersburg district.

Lakeside filed notice of appeal from this decision on May 21.

The matter was presented to Superintendent Marrs and he reached the above ruling August 10. Reasons for his action were that investigation that there were only sixteen children in the northern district and as the trend was for larger instead of smaller districts it would be inadvisable to make the separation. Also the bonded indebtedness was not satisfactorily adjusted and the board was not unanimous in its decision to create the new district.

COMMISSIONERS SET RATES OF TAXATION

Highway Bond Tax Increased Twelve and One-Half Cents; Small Liberty Tax Added

Plainview, Aug. 17.—The county commissioners in session Monday and Tuesday fixed the rate of taxation for the county. The following rate of school district taxes were ordered levied and collected: Happy Union, \$1; Center Plains, 75c; Prairieview, \$1; Liberty, \$1; Science Hill \$1; West Side, \$1; Hooper, \$1; Mount Vernon, 50c; East Mound, \$1; Iowa Avenue, \$1; Stoneback, \$1; Mayfield, \$1; Belle view, \$1; Ellen, \$1; Valleyview, \$1; Sunshine, \$1; Cousins, \$1; Reed, 75c; Wilson, \$1; Stansell, \$1; Clements, \$1 Eagle Springs, \$1.

The county tax rate for 1928 was fixed as follows: Advalorem, 25 cents on the \$100 valuation; Road and Bridge, 15 cents; Jury fund, 5 cents; Highway bonds, 3 1-2 cents; County public library, 2 1-2 cents. A special road tax of ten cents on the \$100 valuation was levied for commissioners precinct No. 1. A special road tax for precincts 3 and 4, was set at fifteen cents.

The jury tax not was assessed last year as there was sufficient available funds to take care of the work. Last year the highway bond tax was twenty cents. The two and one-half cent library tax is new. All told the taxes are twenty-cents per one hundred dollars valuation greater than they were last year.

The commissioners also ordered a demonstration of two different makes of motor controlled graders with probable purchase in view.

CHURCH OF CHRIST MEETING AT LONE STAR WILL START

A Church of Christ meeting will begin at Lone Star, Saturday night, August 25th, with Elder W. A. Bentley doing the preaching, and B. R. Bassell will have charge of the song services.

Basket lunch will be spread on the grounds each Sunday during the two weeks the meeting is to last.

Every one is invited to come.

NOTICE TO SUBSCRIBERS

We ask that each subscriber, upon receipt of this issue of the Beacon give their attention to the date opposite their name at the top of this page. We have just finished making corrections on our mailing galley, and have added all the new names to our list of subscribers that were turned in during the contest, and we want each subscriber to look the date over, and in case the date is not correct to notify us of same. As an example as to how the date should read "1-1-29" this would mean that your subscription expires on January 1st, 1929; the first figure meaning the month, figure after the first dash meaning the day, and the figure after the second dash (or last figure) meaning the year your subscription expires. Please take notice of this at once and if there is an error in any way let us know so that the correction can be made before the error becomes an old one. Phone 92, or drop us a card if you find the date incorrect.

GETTING READY FOR FLOYD COUNTY FAIR

The Floyd County Fair will be held in Floydada Sept. 26, 27, 28, 29. This was the decision of the officials of the fair after more than \$1000 of the \$1500 necessary to finance the event had been subscribed by the Floydada business men in less than ten hours time. Plans, that for sometime had been halted on account of the opinion that it would not be possible to secure money enough to finance the fair, have been taken up again and everything will be in readiness for the annual county fair.

Some very important changes were also made during the re-arrangement of the plans. Many of the competitive features that have been a part of the past fairs have been eliminated in an effort to secure a more representative exhibit of products from every community in the county. With the exception of the parade to be held on Saturday there will be no competition between the various communities.

The new arrangement calls for the payment of fifteen dollars to every community that fills the score card in the agricultural exhibits. The same amount is being offered to the exhibitors of home demonstration clubs, thus making it possible for every community entering both exhibits to win \$30 in addition to any money won by individuals in the general exhibit or the communities in the parade. Miss Blanche Bass, county demonstration agent, is this week issuing a letter to the members of the county clubs requesting that they prepare their exhibits at once and encourage the preparation of the agricultural exhibits. Contracts for space in the fair building are being mailed out this week by the secretary. Previous plans for the Grand Champion Community Contest have been dropped and that event will not be a part of the 1928 Fair.

In the parade a special inducement

to every community to make an entry is being offered in that a prize of \$5.00 will be given to every community entering the parade and a premium of \$15 will be given the winner of this event. Only one premium will be given and the judges will be selected from disinterested people.

Already a number of communities have announced their intention of entering both agricultural and home demonstration exhibits and it is believed by the fair officials that the new plan will enable the county to have the largest and most representative fair ever held. With every community assured of winning either fifteen or thirty dollars the interest in both events is much greater than on the previous plan where only those winning the leading places were awarded cash prizes.

The catalogue, which will include the score cards for both the agricultural and demonstration exhibits, will be printed this week and mailed to interested parties immediately after closing of the press.

RUN-OFF PRIMARY IN HALE COUNTY, AUGUST 25TH

Plainview, Aug. 17.—The Democratic second primary will be held Saturday, Aug. 25th. The principal local contests are for the office of judge of Hale county and for county tax collector. E. C. Abernathy and George L. Mayfield are pitted against each other in the run-off campaign for county judge. In the tax collector race B. H. Towery, present incumbent is running against J. M. Johnson.

Purchased Pace Laundry Elmer Shackelford has purchased the Home Laundry from Perry Pace and will conduct the same at his home in the Eastern part of Lockney in the future.

Mrs. Z. T. Riley has gone to Canyon for a visit of several days with relatives and friends.

TEMPER

(Published at the request of Rev. Hulén Coffman)

When I have lost my temper I have lost my reason too.
I'm never proud of anything which angrily I do.
When I have talked in anger and my cheeks were flaming red
I have always uttered something which I wish I hadn't said.

In anger I have never done a kindly deed or wise.
But many things for which I felt I should apologize.
I'm looking back across my life and all I've lost or made,
I can't recall a single time when fury ever paid.

So I struggle to be patient for I've reached a wiser age,
I do not want to do a thing or speak a word in rage.
I have learned by sad experience that when my temper flies,
I never do a worthy deed, a decent deed or wise.

HALE COUNTY MAN IS KILLED BY LIGHTNING

James Tapscott Meets Instant Death While at Work in Wheat Field Early This Morning

Plainview, Aug. 17.—The body of James Grady Tapscott was found at 8:30 this morning on a tractor which he had been operating on the Dowden place six miles southwest of Plainview. The coroner's verdict was that the man had been struck by lightning which caused his death. Tapscott lived in the Iowa Avenue community.

The bolt of lightning is thought to have struck Tapscott about three o'clock this morning. Examination that he had been killed instantly and of the scene of the tragedy indicated that the tractor was in operation at the time, continuing about fifty yards when it stalled.

Another man was plowing in an adjacent field when the storm struck he went to a nearby house. He stated that he saw the tractor with the lights still burning but thought that in his hurry to escape the storm Tapscott had run to cover forgetting to turn his lights off.

Tapscott with his brother-in-law, Charlie Parish, were operating the tractor for J. A. Sawyer. They had completed some plowing for Charles Saigling a few days ago and moved to the Dowden place. Tapscott had taken charge of the tractor at two o'clock this morning relieving his brother-in-law.

The body of Tapscott was found at 8:30 this morning by E. E. Slaughter, who was passing in an auto. He stated that Tapscott's body was leaning over the machine as though he were repairing it. He did not intend to stop but thought that assistance might be required and honked his horn several times. He became alarmed when there was no movement from Tapscott and investigating found him dead.

The lightning had evidently struck him behind the right ear resulting in instant death. His ear drum was broken and his hair singed. His body bore unmistakable signs of having been struck by the bolt. Tapscott's hat was found fifty yards from the tractor almost torn to pieces by the lightning.

HAIL SOUTH AND WEST LOCKNEY FRIDAY NIGHT

During the storm Friday night a severe hail fell to the south and west of Lockney, over a narrow strip of land. Mr. J. H. Mann and George Traylor report that their cotton and feed were badly damaged by the hail.

Rain on Friday night has been reported all the way from 1 1-2 inches to 2 1-2 inches in and around Lockney. The rain was local, no rain falling as far as Plainview on the west that night.

Crop conditions are fine in this section of the country at this time, and with several weeks of dry weather a big yield is expected from the acreage planted to cotton and feed. The ground is in fine condition for preparation for wheat planting.

MEETING AT CEDAR HILL

The first services of a protracted meeting at Cedar Hill will be held next Sunday afternoon at 3:30. The Sunday school will meet at 2:30. On account of the meeting at Lockney no services will be held Sunday night. There will be services at 11 a. m. and 8:15 p. m. Monday and each day thru the week. You are urged to attend this meeting and kindly requested to pray for it if you can not attend. Rev. C. J. McCarty of Lockney will do the preaching and it is thought that Bro. Herbert Findley of Lubbock will lead the music. Come every service.

Harley Sadler Shows Here All Next Week

BIGGER AND BETTER THAN EVER, WITH ALL NEW PLAYS FOR THIS YEAR

The Harley Sadler shows will pitch their tents in Lockney next Monday morning, and will furnish the people of the Lockney country amusement in the way of good, clean plays for one solid week. The show is under the personal management of Harley Sadler, and is not the "average" tent show. It is so far above the common tent show that it makes the ordinary show resemble a 1910 model Ford.

All theatre men who know Harley Sadler respect him and frankly admit that his show is one of the best of its kind, if not the best, on the road today. This show make a tour of the state every year, and is well known in practically every section of Texas. It has been spending a week in Lockney each year for the past several years, and always commands a large crowd each night during its stay here.

Harley Sadler, a born showman, tolerates nothing but the best in equipment and personnel. Thousands have had the pleasure of seeing the show each year and eagerly anticipate a return date.

Out of the show company Sadler can organize a base ball team, band, orchestra and most anything else of an amusement and entertaining nature. The base ball team boasts 45 games won and 16 lost this year; the orchestra is of 14 pieces and the performances are clear and of a high type.

They will open their week's stay in Lockney with a brand new play, entitled "Patsy," starring Billie Sadler, in "The Cutest Part Ever Written," and none of those who like a real good show can afford to miss this performance Monday night.

SCHOOLS TO OPEN AT FLOYDADA ON SEPT. 3RD

Floydada, Aug. 19.—Floydada public schools will open Monday, Sept. 3, according to W. E. Patty, superintendent, with all of the faculty for the three schools present with the exception of a fifth grade teacher, a vacancy created by the resignation of Miss Fayola Warren of Plainview. Teacher's institute will be held Friday and Saturday preceding the opening of school.

Troy H. Jones, Baylor University football star, will arrive in Floydada this week from Ann Arbor, Michigan, where he has been attending a coach's school. The Whirlwinds will be given their first work-out by the new coach next week.

CROPS GOOD IN OKLAHOMA

We have a letter from Larry Baker, son of Mrs. Smith, and brother of Artie, Robin and Dorsey Baker, of Lockney, and who now lives at Altus, Okla., in which he states that crops are looking mighty good in that section of the country, but that they are in need of rain at this time. He says that worms are now in the cotton, and in some places are eating the cotton fields completely out, that there has been about three weeks of hot, dry weather an dit is helping out lots.

SCOUTS HAVE OUTFIT AT CLAUDE CROSSING

The Boy Scouts of Lockney spent three days last week in camp at Claude Crossing, north of Lockney on the Tule Canyon. There were sixty-three scouts from Floydada, Silverton, Quitaque, and Lockney present, and the boys had a big three days picnic. Mr. J. W. Monroe had charge of the Lockney boys, and those attending from this place were Carl McAdams, Jr., Wayne Greer, Carver Monroe, Rowan Ward, Weidon Dodson, and Douglas Adams.

MISS BILLIE SADLER

A charming ingenue of Harley Sadler's own company of players, who will be in Lockney all next week.

SMITH AND NEGRO EQUALITY

"Under Governor Smith's administration, negro equality is practiced in the public schools in New York and it is an open secret that Gov. Smith believes in equality among the blacks and whites. The Woman Voter calls upon the Southern delegates and asks them can they conscientiously vote for a man who would try to force upon the people of the South negro equality, as Gov. Smith has indicated he would do on more than one occasion.

"Harlem 'Nigger Heaven', the lowest section of New York City, is over two-thirds owned by Tammany. The night clubs, gambling joints, speakeasies and bootleggers are financed by Tammany. In return for this Gov. Smith got one of his largest votes from the whole city out of Harlem. Half a million negroes, mostly yellow, live in Harlem, and not only declare themselves equal of the whites but are permitted to live as man and wife with the whites and their children allowed to attend the white schools. They have been so encouraged in Harlem under Smith's administration that they are breaking

their bounds and permeating the whole city. Broadway plays are entirely given over to colored actors and they are the chief entertainers in the night clubs. Are we going to allow them to spread from New York City throughout the country? No, let us stop this while there is yet time."—The Woman Voter.

RELIGIOUS INTOLERANCE

Those who claim that Roman Catholicism has changed, and that the persecutions and hatred of former times has gone from the Roman mind, are referred by the Protestant Press Bureau, Ilford, England, to the following from the Sentinel, Toronto, Canada, of March, 1928, which the Press Bureau prefaces with this quotation from the Roman Catholic Western Watchman, St. Louis, Mo., for April 23, 1914:

"Protestantism, the murderous hog, is slowly dying of corruption and congenital rottenness, and she will not much longer encumber the earth."

The Sentinel says: "In England the idea is prevalent that the old Roman Catholicism is dead, and that it is unfair to keep raking over the ashes of past cruelties. But has the Roman church repented of its past intolerance? Listen to some words spoken in the year just gone by the Jesuit Father Orla, preaching in Turin, Italy:

"When the church," he said, "has exhausted all its sources of Christian patience, when every attempt to persuade and every spiritual and material stimulus fails, and the guilty one deprived of his goods and separated from society, which he infected by his contagion, headstrong in his evil ways, continues in his heretical propaganda, stubbornly persisting in wishing to compromise public order and the peace of Christian consciences, then there remains nothing else for the church to do in order to defend herself and her subjects, and to compel the heretic to accept the true interpretation and obedience of the Catholic church, except to inflict the penalty of death.

"The Catholic state has the right and the duty to defend its religion, the only religion which it recognizes as true, namely, the Catholic, and to dissident faith, and to banish all that impede the diffusion of every other concerns their public manifestation. And for this purification the penalty of death may become necessary.

"Remember, brethren, that a heretic is worse than the greatest criminal, remember that the Thirty Years' War destroyed half of Europe and was due to the heresy of Luther, and your conscience will not be any

more disturbed by the necessary effort to eradicate from the world every bad germ of moral and material infection!"

"That is worth quoting when Roman Catholics say the temper of their church has changed."

AL'S MORAL RECORD

There is an old saying that "a hit dogs howls." There must be something in it, judging from the yelp that Al Smith let out when the celebrated New York preacher, Rev. Dr. John Roach Stratton, characterized the New York Governor and Presidential candidate as the "deadliest foe in America today of the forces of moral progress and true political wisdom."

Evidently, Al's political foes have found his weak spot. Whether he wishes it or not, he is the leader of the immoral and the unmoral forces of the country. However, such he would like to dissociate himself from that crowd, it can't be done. He has been linked with them, has been the recipient of their votes too many times to shake them off, even if he wished to—which we do not believe, although we feel quite certain he would like to have it appear that he had done so in order to try to lend some semblance of respectability to his candidacy.

When Governor Al, with such haste and heat, demanded of Dr. Stratton that he be permitted an opportunity to reply to the charges which the latter had made from his pulpit, he gave the most glaring demonstration of the weakness of his candidacy that has yet been revealed.

It is the second time that Smith has been hit in this spot, first by William Allen White and then by Dr. Stratton. Each time he let out a yelp that could be heard from coast to coast. That is unlike the "happy warrior" who has been the hero of so many New York State campaigns. I. is so different from the Al whom the propagandists made out to be such a "fine sport" and fearless antagonist who could stand up in the ring and slug it out with all comers, and ask no odds.

What Gov. Smith objected to was Dr. Stratton's statement that however clean, personally, the Governor may be, even however innocent he may have been of such intention, nevertheless the fact remains that as a public man he is the "deadliest foe in America today of the forces of a moral progress and true political wisdom."

If Smith demands that Dr. Stratton prove what he has charged, we have no doubt the doctor will easily be able to do so, for it is in the record, and it is just that record that Smith would like to have the people of the country forget or ignore. It was that record to which William Allen White, referred, the record made by Al Smith during his early days in the New York General Assembly, a record that is a blot that will not out.

If Smith demands that Dr. Stratton show wherein he is today the enemy of the forces of moral progress, Dr. Stratton has only to cite some of the things for which Smith stands, and to mention some of the gang and interests that are supporting him. He has only to point to the fact that every ex-distiller, every ex-brewer, every ex-saloon keeper and every ex-bartender, almost without exception, is in the Smith camp, hoping, yelling for Smith's election, and the only reason that they aren't praying for it is that so few of them have remembered how to pray.

As we have pointed out a number of times, in the pending campaign the people are going to divide very largely on moral issues, and the Stratton-Smith incident is but further proof that this is so. More and more will it be so as the campaign goes along and grows in warmth. Nearly everybody realized long before Smith was nominated that his nomination would throw the country into probably the most bitter campaign in history, a campaign in which the liquor question, the religious question, neither of which should never be in a political campaign, would be of paramount importance. In the face of this certain knowledge, the Houston convention nominated Smith. That the nominees of that convention now find the country dividing along religious and moral lines is the fault of those who made the nominations. They have nobody but themselves to blame. Whatever chance there was, if any, to keep the liquor question out of the campaign after Smith's nomination, went glimmering when he sent to that convention the insolent telegram which, in effect, nullified the Houston convention plank on the subject of law enforcement and made the Democratic party, for the time being, at least, the party of Rum and Romanism.

If Governor Al is going to challenge to debate every minister of the gospel, every reform and social service worker, every prominent man and woman who indicts him, and that upon his public record, as the "foe of moral progress and political wisdom" he is going to be an extremely busy individual between this and election week. But somehow we have an idea that after his encounter with Dr. Stratton, he will be a little more careful to whom he sends his challenges.

HOOVER MEETS FARM PROBLEM

Urges Expenditure of Hundreds of Millions on a Workable Program

FAVORS HIGHER TARIFF WALL

Farmers Must Control and Administer Federal Farm Aid, Says Candidate.

HOOVER ON FARM RELIEF:

An adequate tariff is the foundation of farm relief.

Working out agricultural relief is the most important obligation of the next Administration.

The object of our policies is to establish for our farmers an income equal to those of other occupations.

Farming is and must continue an individualistic business of small units and independent ownership.

If the farmers' position is to be improved by larger operations it must be done not on the farm, but in the field of distribution.

Our platform lays a solid basis upon which we can build. It offers an affirmative program.

Nature has endowed us with a great system of inland waterways. Their modernization will comprise a substantial contribution to mid-west farm relief and development of 20 interior states. There is no more vital method of farm relief.

PALO ALTO, Calif.—Herbert Hoover met the farm question fairly and squarely in his Address of Acceptance at the Stadium of Stanford University.

Nearly one-third of his address was devoted to this subject, which Hoover termed "the most urgent economic problem in our nation today." He declared bluntly that farm relief must not be delayed by any monetary considerations, urging that "a nation which is spending ninety billions a year can well afford an expenditure of a few hundred millions for a workable program that will give to one-third of its population their fair share of the national prosperity."

The candidate pledged himself to a farm-aid plan in which farmers shall themselves control and administer the federal financial assistance which he proposes to put into effect.

"The most urgent economic problem in our nation today is in agriculture," he said. "It must be solved if we are to bring prosperity and contentment to one-third of our people directly and to all of our people indirectly. We have pledged ourselves to a solution.

"In my mind most agricultural discussions go wrong because of two false premises. The first is that agriculture is one industry. It is a dozen distinct industries incapable of the same organization. The second false premise is that rehabilitation will be complete when it has reached a point comparable with pre-war. Agriculture was not upon a satisfactory basis before the war. The abandoned farms of the northwest bear their own testimony. Generally there was but little profit in midwest agriculture for many years except that derived from the slow increases in farm land values. Even of more importance is the great advance in standards of living of all occupations since the war. Some branches of agriculture have greatly recovered, but taken as a whole it is not keeping pace with the onward march in other industries.

Cause and Effect

"There are many causes for failure of agriculture to win its full share of national prosperity. The after-war deflation of prices not only brought great direct losses to the farmer, but he was often left indebted in inflated dollars to be paid in deflated dollars. Prices are often demoralized through glut in our markets during the harvest season. Local taxes have been increased to provide the improved roads and schools. The tariff on some products is proving inadequate to protect him from imports from abroad. The increases in transportation rates since the war has greatly affected the price which he receives for his products. Over six million farmers in times of surplus engage in destructive competition with one another in sale of their product, often depressing prices below these levels that could be maintained.

"The whole tendency of our civilization during the last 50 years has been toward an increase in the size of the units of production in order to secure lower costs and a more orderly adjustment of the flow of commodities to the demand. But the organization of agriculture into larger units must not be by enlarged farms. The farmer has shown he can increase the skill of his industry without large operations. He is today producing 29 per cent more than eight years ago with about the same acreage and personnel. Farming is and must continue to be an individualistic business of small units and independent ownership. The farm is more than a business; it is a state of living. We do not wish it converted into a mass production machine. Therefore, if the farmers' position is to be improved by larger operations it must be done not on the farm, but in the field of distribution. Agriculture has partially advanced in this direction through co-operatives and pools. But the traditional co-operative is often not a complete solution.

"Differences of opinion as to both causes and remedy have retarded the completion of a constructive program of relief. It is our plain duty to search

out the common ground on which we may mobilize the sound forces of agricultural reconstruction. Our platform lays a solid basis upon which to build. It offers an affirmative program.

Tariff and Waterways

"An adequate tariff is the foundation of farm relief. Our consumers increase faster than our producers. The domestic market must be protected. Foreign products raised under lower standards of living are today competing in our home markets. I would use my office and influence to give the farmer the full benefit of our historic tariff policy.

"A large portion of the spread between what the farmer receives for his products and what the ultimate consumer pays is due to increased transportation charges. Increase in railway rates has been one of the penalties of the war. These increases have been added to the cost to the farmer of reaching seaboard and foreign markets and result therefore in reduction of his prices. The farmers of foreign countries have thus been indirectly aided in their competition with the American farmer. Nature has endowed us with a great system of inland waterways. Their modernization will comprise a most substantial contribution to mid-west farm relief and to the development of twenty of our interior states. This modernization includes not only the great Mississippi system, with its joining of the Great Lakes and of the heart of mid-west agriculture to the Gulf, but also a shipway from the Great Lakes to the Atlantic. These improvements would mean so large an increment in farmers' prices as to warrant their construction many times over. There is no more vital method of farm relief.

"But we must not stop here. An outstanding proposal of the Party program is the whole-hearted pledge to undertake the reorganization of the marketing system upon sounder and more economical lines. We have already contributed greatly to this purpose by the acts supporting farm co-operatives, the establishment of intermediate credit banks, the regulation of stockyards, public exchanges and the expansion of the Department of Agriculture. The platform proposes

I am convinced this form of action, as it has done in other industries, can benefit farmer, distributor and consumer.

I am convinced this form of action, as it has done in other industries, can benefit farmer, distributor and consumer.

Greater Opportunities

"The working out of agricultural relief constitutes the most important obligation of the next Administration. I stand pledged to these proposals. The object of our policies is to establish for our farmers an income equal to those of other occupations; for the farmer's wife the same comforts in her home as women in other groups; for the farm boys and girls the same opportunities in life as other boys and girls. So far as my own abilities may be of service, I dedicate them to help secure prosperity and contentment in that industry where I and my forefathers were born and nearly all my family still obtain their livelihood.

"The Republican Party has ever been the exponent of protection to all our people from competition with lower standards of living abroad. We have always fought for tariffs designed to establish this protection from imported goods. We also have enacted restrictions upon immigration for the protection of labor from the influx of workers faster than we can absorb them without breaking down our wage levels.

"The Republican principle of an effective control of imported goods and of immigration has contributed greatly to the prosperity of our country. There is no selfishness in this defense of our standards of living. Other countries gain nothing if the high standards of America are sunk and if we are prevented from building a civilization which sets the level of hope for the entire world. A general reduction in the tariff would admit a flood of goods from abroad. It would injure every home. It would fill our streets with idle workers. It would destroy the returns to our dairymen, our fruit, flax, and livestock growers, and our other farmers."

Prohibition

On the subject of prohibition, Mr. Hoover repeated his recent declaration: "I do not favor repeal of the 18th Amendment. I stand for efficient enforcement of laws enacted thereunder. Our country has deliberately undertaken a great social and economic experiment, noble in motive and far-reaching in purpose. It must be worked out constructively." And he added the following comments:

"Common sense compels us to realize that grave abuses have occurred—abuses which must be remedied. Investigation can alone determine the wise method of correcting them. Crime and disobedience of law cannot be permitted to break down the Constitution and laws of the United States.

"Modification of the enforcement laws which would permit that which the Constitution forbids is nullification. This the American people will not countenance. Change in the Constitution can and must be brought about only by the straightforward methods provided in the Constitution itself. There are those who do not believe in the purposes of several provisions of the Constitution. No one denies their right to seek to amend it. They are not subject to criticism for asserting that right. But the Republican Party does deny the right of anyone to seek to destroy the purposes of the Constitution by indirect

PICTORIAL LIFE OF HERBERT HOOVER

No. 5 By Satterfield

1. After the death of Herbert Hoover's mother in 1884, he went to live with his Aunt Millie in Cedar Rapids, Ia.

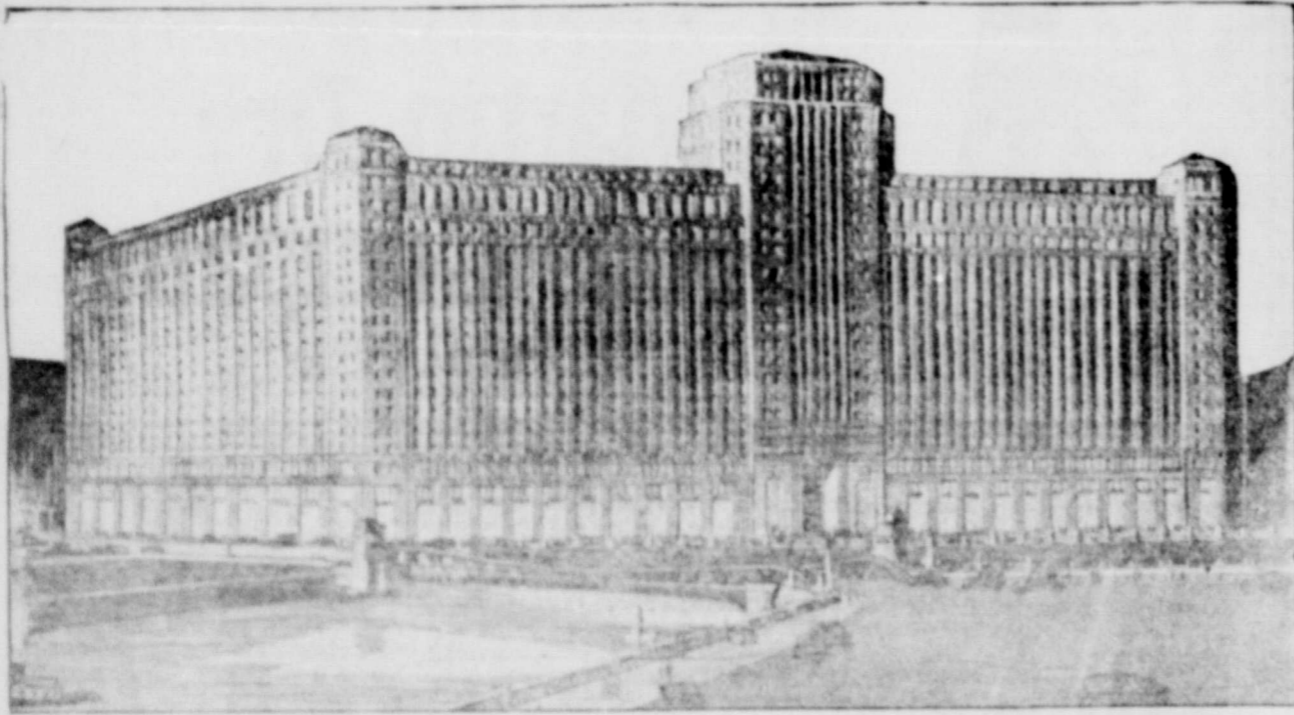

2. He was now ten years of age—old enough to assume an important share in all manner of farm work.

3. In winter Herbert and his cousin rode on horseback to school two miles away.

4. The future engineer constructed a mowing machine out of an old cross-cut saw, using a heifer for power.

The Merchandise Mart of Chicago. Twice the size of the World's Largest Business Building, to cost \$30,000,000.

GIGANTIC MERCHANDISE MART TO BE TWICE SIZE OF WORLD'S LARGEST BUSINESS BUILDING

New Project for Chicago's Great Central Market to cost \$30,000,000—Involves the Greatest Single Development of Air Rights in the West.

Foremost Manufacturers, Wholesalers and Importers Will Be Housed Under One Roof in New Wholesale District; Inbound and Outbound Freight Station on Ground Floor of Building; Club in Tower for Nation's Merchants.

Chicago, (Special).—Chicago is to have a gigantic Merchandise Mart housed in its own building, which will be twice the size of the largest business building in the world.

The project will be the largest single development of air rights. The property of the new building except for caissons begins 23 feet above "datum."

The big business of the country is now done mainly in concentrated market places, as evidenced by the Garment Center and Cotton Goods Center in New York City, automobile rows in all leading cities, financial buildings, and the Furniture Mart in Chicago, where more than 700 furniture manufacturers show their products side by side.

nearer they are to the centers of these market places, the greater is their opportunity for volume and profit.

The establishment of the Merchandise Mart is a dramatic development in the program to make Chicago the Great Central Market, a movement which the Chicago Association of Commerce started a number of years ago and a goal toward which it has been devoting its energies continuously ever since, under the leadership of its Foreign and Domestic Commerce Committee.

Located on River Front. This great Mart, which will house sales quarters and merchandise displays of several hundred of the country's foremost manufacturers, wholesalers and importers, will be located in the rapidly developing new river district, and will occupy a distinctly conspicuous position just across the river from Wacker Drive at Wells street, where the southern facade of the structure will be visible for blocks. The site was formerly that of the Chicago and North Western Railway Company's passenger station. The building will extend 724 feet on Kinzie street, 577 feet on the river front and 324 feet on Wells street, with a

diagonal frontage facing Orleans and Franklin streets. It will be set back from the river about 80 feet to accommodate a broad upper level drive extending from Wells to Franklin. The main entrance of the building will face the river and the drive.

The Merchandise Mart will have a total floor space of about 4,000,000 square feet as compared with slightly less than 2,000,000 square feet, which is the floor area of the Furniture Mart, the next largest building. Each of the eighteen main floors will have an area of more than 200,000 square feet.

Within the walls of this huge edifice the retail merchants of the United States, Canada and foreign countries will be able to see, under one roof, hundreds of lines of the world's best merchandise. The manufacturers' exhibits will include textiles, ready-to-wear, toys, laces, gloves, corsets, millinery, silverware, glass, rugs, knit goods, hosiery, shoes, men's wear, fancy goods, sport goods, art and antiques, jewelry, trunks, toilet articles, house furnishings, office equipment and scores of other merchandise displays. Among the largest tenants will be the wholesale and manufacturing sales departments of Marshall Field & Company.

Time Saver for Merchants. Every possible facility will be provided for the comfort and convenience of the retail merchant, who under one roof will be able to see hundreds of lines, thus saving time and money by doing in a few hours what ordinarily would take him days to accomplish.

On all floors of the Mart will be great corridors, with all the appearance of boulevards, more than 450 feet in length, on either side of which will be the shops displaying their varied lines—veritable "business streets." These great corridors will be impressively treated architecturally and with the large space available it will be possible to house the selling activities and warehousing of many allied concerns on one floor, thus attaining the advantages of concentrated groupings.

The facilities for handling merchandise within the building will embody the best and most modern achievements of engineering science, including fast elevators, freight conveyors of both the gravity and endless chain type and quick horizontal distribution

Fights Tammany

ALDERMAN RUTH PRATT, whose fight against Tammany Hall in the New York City Board of Aldermen has brought her wide-spread recognition, has entered the national field to fight for the Hoover-Curtis ticket.

Probably no building in the world will have such facilities for receiving and shipping merchandise as the new Merchandise Mart. The entire ground level below the street floor will be a modern freight station. Private tracks for incoming carload freight will extend under the center of the building. The Chicago and North Western Railway will operate an inbound freight station for less than carload lots, as well as an outbound station, which will connect with all other roads through its new Proviso yards. The merchandise as it comes into this big freight station will be loaded into high-speed conveyors and transported immediately to the exact floor and aisle of the merchant for whom it is intended.

Connection will be made with the Illinois Tunnel Company's system of freight transportation, which has more than sixty miles of tracks beneath the streets and buildings of the city, reaching all other railroad terminals. A river dock for vessels will connect with the south freight elevators of the building.

Club Planned for Tower. One of the interesting features planned for the Mart will be a Merchants' Club in the tower of the building, with lounging rooms, reading and smoking rooms, where the retailer may relax and meet his friends. The Mart will provide the retailer with everything but a place to sleep. He can go direct from the train to the Mart with his baggage. Here his hotel reservations will be taken care of, his baggage transported to his hotel and placed in his room. Restaurants, lunch rooms and grills in the Mart will further economize his time. He will have the facilities of a barber shop, and a branch postoffice, telegraph office and public stenographers will afford him the opportunity to handle his correspondence without leaving the building. One of the biggest telephone exchanges in the world will be installed in the Mart.

Many other unique features are being considered for the Mart, including an Assembly Hall, where trade meetings, business conferences and fashion shows may be held from time to time. As the plans are worked out, many other features may be decided upon.

Within recent years Chicago's central business district has been developing northward across the Chicago river. East of State street, along north Michigan avenue, Cass, Rush and other streets, this development has reached impressive proportions, evidenced by more than twenty large buildings. To the west of State street, a comparable development is under way. The site of the new Merchandise Mart is in the direct path of this new northward movement.

In the new river district where the Merchandise Mart is to be located, many great buildings have been erected, and others soon will be begun. The Builders' Building, the Engineers' Building, the Chicago Evening Post Building, have been completed opposite the new Mart on Wacker Drive. The new Chicago Daily News Building and the great new opera house of the Chicago Civic Opera Company are being constructed on the river three blocks south.

Ten Largest Business Buildings in the World

Comparison of the cubage of the largest buildings in the world shows the Merchandise Mart, to be erected in Chicago, will be more than twice the size of the largest business building ever constructed. Here are the figures in cubic feet:

- 1. The Merchandise Mart, 53,000,000.
2. Chicago Furniture Mart, 25,370,000.
3. Equitable Building, New York City, 24,000,000.
4. General Motors, Detroit, 20,411,000.
5. Union Trust, Cleveland, 20,000,000.
6. Railway Exchange, St. Louis, 18,898,000.
7. Illinois Merchants' Bank, Chicago, 17,850,000.
8. Continental & Commercial Bank, Chicago, 13,200,000.
9. Woolworth Building, New York City, 13,200,000.
10. Straus Building, Chicago, 10,000,000.

Cream Increases Cash Income and Boosts Bank Balance — Skimmilk Lowers Production Costs —

MIXED FARMING MOST PROFITABLE

Feeding Skimmilk and Shipping Cream Yields Greatest Cash Income.

On farms where diversified farming is practiced and the weekly cash income is largely derived from milking good cows, fattening hogs and producing eggs far more happiness and contentment can be found than on farms where other types of farm animals are raised or where cash grain crops are depended upon for quarterly or yearly returns. This is the conclusion of experts in the Blue Valley Creamery Institute of Chicago who have just concluded a careful study of diversified farming practices.

Profits on the products of the cow, the sow and the hen have been higher in recent years than those of any of the other farm crops, the Institute finds. Unlike many other farm products, cream, milk, pork, eggs and chickens have been relatively high, and high enough to pay market value for the feeds used, to cover other elements in the cost of production and return a fair wage for the labor expended. Farm owners who invest their money in good, heavy producing milk cows, in good producing brood sows and in good strains of heavy laying hens, and who will continue to use production-bred sires and who feed according to proven practices can feel assured of the reward of a dependable income.

On the farm where alfalfa and corn furnishes the bulk of the feed for cows and sows and where corn and skimmilk feeds the poultry, the diversity of the system provides a complete and profitable farming job the year round.

enterprises conducted on the individual farm fit into each other has much to do with the success of the total operation. From this standpoint, farming with the cow, the sow and the hen is very nearly ideal. Milk cows consume hay, silage and other rough feeds in large measure, while hogs make use of much grain or other concentrates. The poultry flock glean part of its living in the form of waste grain from the field and barnyard. Legumes, of which a substantial acreage must be included in any sound cropping system, are suitable for hogs, particularly in the form of pasture, and for milk cows. Skimmilk is the perfect protein feed for growing and fattening hogs and chickens and for laying hens. Family labor can be used effectively, particularly in caring for poultry. And the milk, butter, pork, eggs and poultry consumed on the farm make a large contribution to the family living in the form of the most desirable foods.

In counting the profits from "cream farming" with good dairy cows, the indirect forms of profit cannot be overlooked. Cream production does more than provide a regular cash income, assure a bank account and greater buying power. It does more than supply a constant source of skimmilk to grow calves economically and lower the cost of producing pork, eggs and chickens. Cream production makes agriculture permanent! It enriches the soil and maintains the high crop yields so necessary for profitable farming on the same fields year after year. On the farm where there is an acre of alfalfa growing for every cow-sow-hen animal unit and where the crops leave the home place in the form of cream, pork and eggs—on such a farm soil fertility is maintained to a high degree. The dairy cow also utilizes waste feed, waste land and waste time and this adds to the productivity of the farm and farm family. These indirect returns make profits from dairying much larger than can be shown by direct calculation.

Mrs. D. F. McDuffee and son, Whorton, returned Monday from a week's visit with friends and relatives in Ft. Worth and Dallas.

NEWLAN

Aug. 20.—Since our last letter we have had over four inches of rain.

People are still learning we are still having Sunday school at Newlan. Maybe we are not talking enough telling people about the Newlan Sunday school, as there are people around who don't seem to know that the Sunday school is still alive at Newlan. There are not very many in number each meeting, but we are glad to say there are a faithful few who won't suffer the Sunday school to die, but keep it going by their faithful attendance. So just remember there is a hearty welcome awaits all who come to Newlan, either to visit the Sunday school or to be one of our number.

Mrs. Scott's mother, Mrs. Newell, has been visiting her the past week. Mrs. Scott took her home Sunday morning.

Brother Davis filled his regular appointment at Newlan Sunday evening.

Mr. Carey Hilling and family spent awhile Sunday evening in the Corden home.

Mr. Guy Beckham's mother of Crosbyton, also his brother, Charlie, and sisters, Mrs. Emma Bishop and Miss Marlie Beckham, spent the day at his home Sunday.

This community was pretty well represented at the reunion at the Old Rock House last week.

Mr. John Custer and family spent the day at the Furrow home Sunday.

Miss Stella Furrow is planning a visit to Amarillo this week.

Mr. Henry Bloodworth and family have returned home from Clay county and report a nice and enjoyable time. They left again Sunday for a few days visit at Canyon, where Mrs. Bloodworth's brother-in-law and sister are in school.

We learn Mr. Walter Newell has begun his new residence at Dougherty.

Miss Lou Ella Lincoln visited her sister, Mrs. Walter Newell, at Floydada last week.

We are informed Dr. Freeman is planning to build and put in fixtures for a first class dairy on his ranch.

Mr. Tom Carlton took dinner with Mr. Edd Lincoln Sunday.

Doughterty can boast of a meat market now, but Dougherty is not all the place that is on the boom. Tom Carlton and family are riding around in a new Whippet car.

PICTORIAL LIFE OF HERBERT HOOVER

No. 5 By Satterfield

1. After the death of Herbert Hoover's mother in 1884, he went to live with his Aunt Milla in Cedar Rapids, Ia.

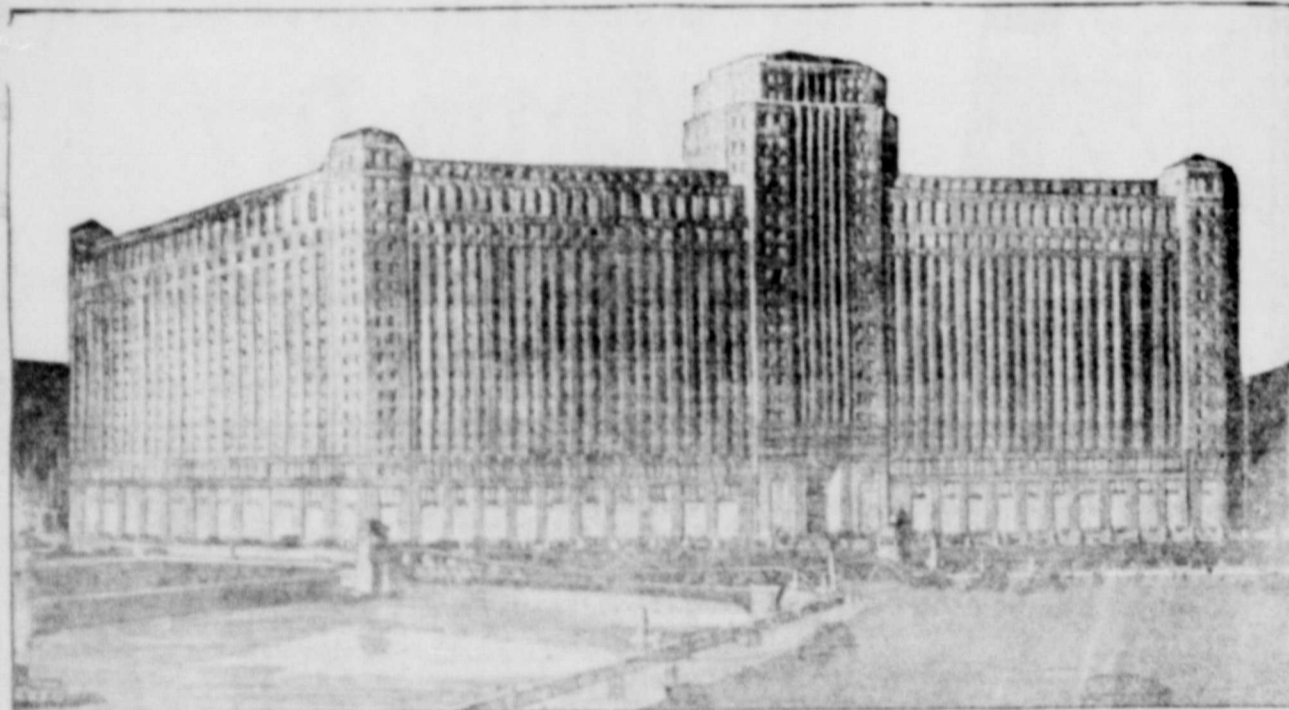

2. He was now ten years of age—old enough to assume an important share in all manner of farm work.

3. In winter Herbert and his cousin rode on horseback to school two miles away.

4. The future engineer constructed a mowing machine out of an old cross-cut saw, using a heifer for power.

The Merchandise Mart of Chicago. Twice the size of the World's Largest Business Building. To Cost \$10,000,000.

GIGANTIC MERCHANDISE MART TO BE TWICE SIZE OF WORLD'S LARGEST BUSINESS BUILDING

New Project for Chicago's Great Central Market to Cost \$30,000,000—Involves the Greatest Single Development of Air Rights in the West.

Foremost Manufacturers, Wholesalers and Importers Will Be Housed Under One Roof in New Wholesale District; Inbound and Outbound Freight Station on Ground Floor of Building; Club in Tower for Nation's Merchants.

Chicago, (Special).—Chicago is to have a gigantic Merchandise Mart housed in its own building, which will be twice the size of the largest business building in the world.

The project will be the largest single development of air rights. The property of the new building except for caissons begins 23 feet above datum.

nearer they are to the centers of these market places, the greater is their opportunity for volume and profit.

The establishment of the Merchandise Mart is a dramatic development in the program to make Chicago the Great Central Market, a movement which the Chicago Association of Commerce started a number of years ago.

diagonal frontage facing Orleans and Franklin streets. It will be set back from the river about 80 feet to accommodate a broad upper level drive extending from Wells to Franklin.

The Merchandise Mart will have a total floor space of about 4,000,000 square feet as compared with slightly less than 2,000,000 square feet, which is the floor area of the Furniture Mart, the next largest building.

Within the walls of this huge edifice the retail merchants of the United States, Canada and foreign countries will be able to see, under one roof, hundreds of lines of the world's best merchandise.

Time Saver for Merchants. Every possible facility will be provided for the comfort and convenience of the retail merchant, who under one roof will be able to see hundreds of lines, thus saving time and money by doing in a few hours what ordinarily would take him days to accomplish.

On all floors of the Mart will be great corridors, with all the appearance of boulevards, more than 650 feet in length, on either side of which will be the shops displaying their varied lines—veritable "business streets."

The facilities for handling merchandise within the building will embody the best and most modern achievements of engineering science, including fast elevators, freight conveyors of both the gravity and endless chain type and quick horizontal distribution

Fights Tammany

ALDERMAN RUTH PRATT, whose fight against Tammany Hall in the New York City Board of Aldermen has brought her wide-spread recognition, has entered the national post to fight for the Hoover-Curtis ticket.

Probably no building in the world will have such facilities for receiving and shipping merchandise as the new Merchandise Mart. The entire ground level below the street floor will be a modern freight station.

Connection will be made with the Illinois Tunnel Company's system of freight transportation, which has more than sixty miles of tracks beneath the streets and buildings of the city, reaching all other road terminals.

Club Planned for Tower.

One of the interesting features planned for the Mart will be a Merchants' Club in the tower of the building, with lounging rooms, reading and smoking rooms, where the retailer may relax and meet his friends.

Many other unique features are being considered for the Mart, including an Assembly Hall, where trade meetings, business conferences and fashion

shows may be held from time to time. As the plans are worked out, many other features may be decided upon.

Within recent years Chicago's central business district has been developing northward across the Chicago river. East of State street, along north Michigan avenue, Cass, Rush and other streets, this development has reached impressive proportions.

In the new river district where the Merchandise Mart is to be located, many great buildings have been erected, and others soon will be begun. The Builders' Building, the Engineers' Building, the Chicago Evening Post Building, have been completed opposite the new Mart on Wacker Drive.

Ten Largest Business Buildings in the World

Comparison of the cubage of the largest buildings in the world shows the Merchandise Mart, to be erected in Chicago, will be more than twice the size of the largest business building ever constructed.

- 1. The Merchandise Mart, 53,000,000. 2. Chicago Furniture Mart, 25,370,000. 3. Equitable Building, New York City, 24,000,000. 4. General Motors, Detroit, 20,411,000. 5. Union Trust, Cleveland, 20,000,000. 6. Railway Exchange, St. Louis, 18,898,000. 7. Illinois Merchants' Bank, Chicago, 17,850,000. 8. Continental & Commercial Bank, Chicago, 13,200,000. 9. Woolworth Building, New York City, 13,200,000. 10. Straus Building, Chicago, 10,000,000.

Cream Increases Cash Income and Boosts Bank Balance — Skimmilk Lowers Production Costs —

MIXED FARMING MOST PROFITABLE

Feeding Skimmilk and Shipping Cream Yields Greatest Cash Income.

On farms where diversified farming is practiced and the weekly cash income is largely derived from milking good cows, fattening hogs and producing eggs far more happiness and contentment can be found than on farms where other types of farm animals are raised or where cash grain crops are depended upon for quarterly or yearly returns.

Profits on the products of the cow, the sow and the hen have been higher in recent years than those of any of the other farm crops, the Institute finds. Unlike many other farm products, cream, milk, pork, eggs and chickens have been relatively high, and high enough to pay market value for the feeds used, to cover other elements in the cost of production and return a fair wage for the labor expended.

On the farm where alfalfa and corn furnishes the bulk of the feed for cows and sows and where corn and skimmilk feeds the poultry, the diversity of the system provides a complete and profitable farming job the year round.

enterprises conducted on the individual farm fit into each other has much to do with the success of the total operation. From this standpoint, farming with the cow, the sow and the hen is very nearly ideal. Milk cows consume hay, silage and other rough feeds in large measure, while hogs make use of much grain or other concentrates. The poultry flock glean part of its living in the form of waste grain from the field and barnyard. Legumes, of which a substantial acreage must be included in any sound cropping system, are suitable for hogs, particularly in the form of pasture, and for milk cows. Skimmilk is the perfect protein feed for growing and fattening hogs and chickens and for laying hens. Family labor can be used effectively, particularly in caring for poultry. And the milk, butter, pork, eggs and poultry consumed on the farm make a large contribution to the family living in the form of the most desirable foods.

In counting the profits from "cream farming" with good dairy cows, the indirect profits of profit cannot be overlooked. Cream production does more than provide a regular cash income, assure a bank account and greater buying power. It does more than supply a constant source of skimmilk to grow calves economically and lower the cost of producing pork, eggs and chickens. Cream production makes agriculture permanent! It enriches the soil and maintains the high crop yields so necessary for profitable farming on the same fields year after year. On the farm where there is an acre of alfalfa growing for every cow-sow-hen animal unit and where the crops leave the home place in the form of cream, pork and eggs—on such a farm soil fertility is maintained to a high degree. The dairy cow also utilizes waste feed, waste land and waste time and this adds to the productivity of the farm and farm family. These indirect returns make profits from dairying much larger than can be shown by direct calculation.

NEWLAN

Aug. 20.—Since our last letter we have had over four inches of rain.

People are still learning we are still having Sunday school at Newlan. Maybe we are not talking enough telling people about the Newlan Sunday school, as there are people around who don't seem to know that the Sunday school is still alive at Newlan. There are not very many in number each meeting, but we are glad to say there are a faithful few who won't suffer the Sunday school to die, but keep it going by their faithful attendance. So just remember there is a hearty welcome awaits all who come to Newlan, either to visit the Sunday school or to be one of our number.

Mrs. Scott's mother, Mrs. Newell, has been visiting her the past week. Mrs. Scott took her home Sunday morning.

Brother Davis filled his regular appointment at Newlan Sunday evening.

OKLAHOMA-TIMES EDITOR-
PUBLISHER FOR HOOVER

Oklahoma City, August 21.—E. K. Gaylord, publisher of the Daily Oklahoman and the Oklahoma Times, two of the largest Democratic papers of the state, announced today in a front page editorial that the papers would support the candidacy of Herbert Hoover rather than that of Governor Smith.

Mr. Gaylord said the papers "will not join the Republican party, but neither are they going to join a liquor movement."

Qualifications of the two candidates were compared in the editorial, with Mr. Hoover's described the most favorably. Gov. Smith, if elected would "concentrate his efforts on the modification of the Volstead act," the editorial said, and Mr. Hoover "will waste no useless efforts on prohibition modification." The newspapers, Mr. Gaylord said, "will not assist in building up a purely liquor party nor undertake a campaign to overthrow the eighteenth amendment."

The Tulsa Tribune, another of the largest Democratic newspapers of Oklahoma, declared for Hoover almost immediately after Smith's nomination.

Preserves and Marmalades

Frost lessened the fruit crop in so many parts this year that we shall have to make what we have go a long way. We need a generous supply of spreads for the school lunch basket so try these recipes.

Pear and Pineapple Marmalade—Prepare the pears and the pineapple as in the preceding recipe, then add nine pounds of sugar and boil until the juice is a thick syrup. This makes a splendid spread and is some thing different.—Mrs. E. R. Hall, Texas.

Rhubarb Conserve—Take four lbs. rhubarb, five pounds sugar, one pound seeded raisins, two oranges, one lemon. Cut rhubarb in one-inch pieces, add sugar, raisins, grated rind and juice of oranges and lemons. Mix, cover and let stand 30 minutes. Place on stove, bring to boiling point and let simmer 45 minutes, stirring frequently. Seal in sterilized jars.—Mrs. J. C. S., Logan County, Okla.

Carrot Jam—Wash, pare and grate five pounds of carrots. Add eight cups of sugar and the juice of six lemons. Cook slowly until the carrots are tender and the juice is thick. Pour into jars while hot and seal.

TAMMANY SHOWN TO BE
NEGRO EQUALITY PARTY

That the real political friend of the negro is not the Republican party, but is Tammany Hall, has developed fully during the past week. When Al Smith Democrats have been busy trying to bluff dry Protestant Democrats into line by using the cry of "nigger," investigators have found that in Tammany-controlled New York City alone there are at present 276 negro men holding offices that pay \$1,800 or more each. These are in political or civil service positions under Al Smith George Olvany control.

The Tammany wing of the Democratic party, long recognized as the dominant Roman Catholic party, the party of whisky and of alienism, is also found to be the party of negro equality.

It is even claimed that negroes hold more good and lucrative jobs under Tammany control in New York City than in all the United States under Federal jurisdiction.

F. Q. Morton, member of the New York City civil service commission and perhaps the highest paid negro officeholder in the entire country, is a Tammanyite. With other prominent negroes Morton has been making a tour of the country organizing Smith-Robinson clubs among the negro voters. Even in Arkansas, one of the Solid South strongholds of white supremacy, such a club is under project.

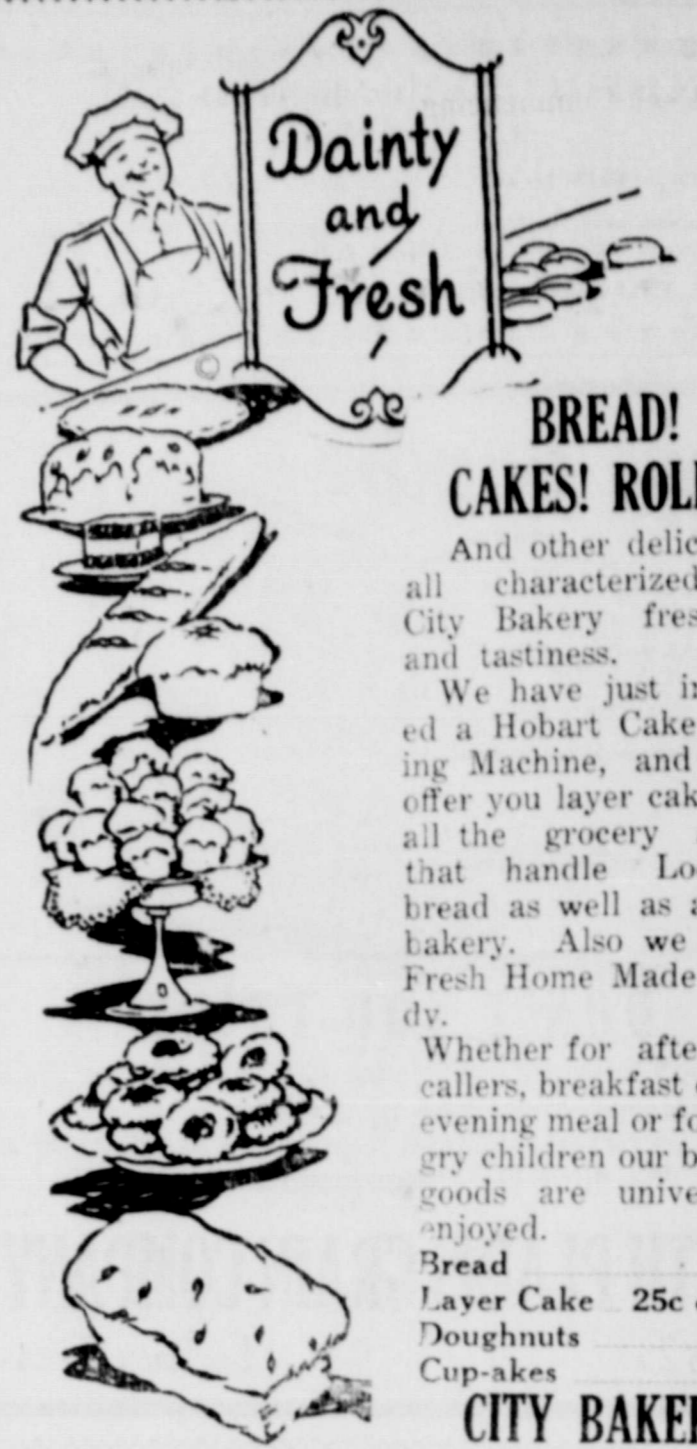

Negroes are reported to be disgruntled with treatment received from the Republican party, claiming that there has been constant decrease of positions held by negroes. Of 3 Southern negroes who were members of the Republican national committee, Cohen, of Louisiana, and Ben Davis, of Georgia, have been dropped from the committee and Perry Howard, of Mississippi is in serious trouble with the Republican Administration.

Cecil Cope spent the week end and the first of this week in Lockney, vis-iting his parents, Mr. and Mrs. Tom Cope, and at the bedside of his grand mother, Mrs. W. S. Cope, who is very ill.

Rev. Hule, Coffman and wife and Mr. and Mrs. Lofton left Sunday night for Josephine, Texas, in re-sponse to a message, saying that Rev. Coffman's mother was critically ill, and not expected to live.

Mr. and Mrs. J. H. Hohlaus and children returned Monday afternoon from Texline, Texas, where they had been visiting Mrs. Hohlaus' mother, Mrs. J. A. Abney, and family. Miss Willie Abney returned home with them, and will visit here for several days.

Mr. and Mrs. Lawrence Gruver, and daughters, Hazel and Helen Ruth came in last week from Gruver, Tex., on the North Plains, and are pre-paring to move to Lubbock, where they will live while Miss Hazel is finishing her education in Tech. Col-lege.

W. J. King and Sam Virden have gone to Coleman county, and Temple, Texas, on a visit, and expect to fish, hunt and boost Floyd county and Lockney, by telling the facts about the conditions up here and the good prospects for a big crop we have at this time.

Isham Goen, has been here the past week, visiting his parents, Mr. and Mrs. J. A. Goen, east of Lockney. Mr. Goen was nominated in the July Primaries in Love County, Oklahoma as the democratic standard bearer for county judge. He graduated from the Oklahoma University last year, and began the practice of law in that county.

Luther League

Aug. 11.—The first annual conven-tion of the North Texas Luther Le-ague met at the Ev. Lutheran Church at Providence.

Six pastors, and a large delegation from Wichita Falls, Winters, Sager-ton, Southland, Wilson and Posey were present.

Saturday evening, after a short devo-tion, the house was called to order and the following officers elected:

Edwin H. Boedecker, Lockney, presi-dent; George W. Pruser, Winters, vice president; Miss Gladys Becker, Southland, secretary; and Erich F. Gebert, Wichita Falls, treasurer.

Saturday night a social was given at which refreshments were served.

Sunday morning services were held at the church, Rev. Roth delivering the sermon.

Sunday evening a joint program was rendered by the various leagues and many interesting talks and beau-tiful musical numbers were given.

Several short talks were given Sunday night and the convention closed. Everybody reported a good time and hoped to be present at the next annual convention, which will be at Sager-ton, Texas.

GRUVERS ENTERTAINED WITH FAREWELL PARTY

Members of the Methodist Mission-ary Society and friends gave a sur-prise farewell party to Mr. and Mrs. L. H. Gruver and family Monday night at the Gruver home in West Lockney. Each member of the Mis-sionary Society, with their family, was invited to attend and take with them a watermelon, and a watermelon feast was held on the lawn at the Gruver home. Mr. and Mrs. Gruver and family are moving to Lubbock this week, to make their home, while Miss Hazel is a student in the Texas Technologi-cal College. Probably after Miss Hazel finishes at the Tech College, the family will move to Gruver, Texas, in the North Panhandle, to make their home.

The Gruvers have been residents of Lockney for many years, and have been prominently identified with the workers in the Methodist church, also until last year, Mr. Gruver was in the insurance business in Lockney, and was a leader in all business and civic progress, being a good worker in Chamber of Commerce work. It is with regret that their many friends see them leave Lockney, and they go with the best wishes of all for a long and prosperous life wherever they may decide to reside in the future.

CHIEF MURRAY IS BILLED BY GRAND JURY FOR MURDER

Plainview, Aug. 17.—H. H. Murray chief of police, was indicted for murder by the grand jury this week. The indictment followed investigation of incidents surrounding the fatal shoot-ing of O. J. Thompson on the night of June 7, Thompson is said to have re-sisted arrest and attempted to es-cape from Murray when he was shot by the chief. He died a few days lat-er.

The grand jury returned thirty-five indictments on felony charges and forty misdemeanors. The misde-meanors were practically all gam-bling charges. Among the felony courts were charges against Lee Smith and Mrs. Lee Smith for unlaw-ful possession of intoxicants; H. T. Miles, forgery and passing a forged instrument; J. L. Welch, unlawfully transporting intoxicants and posses-sion of liquor for sale; R. E. Gifford, theft of more than fifty dollars; Herbert Shumard, burglary; Elmer Cook, unlawful possession of intoxi-cants for purpose of sale; Lee Hamil-ton, unlawful possession for purpose of sale; Clyde Roper, burglary; W. E. (Bill) Keller, M. S. Keller and Jack Mauk, unlawful possession for purpose of sale; Lloyd Fleming, for-gery and passing a foreign instru-ment.

LET CONTRACT FOR LIVE STOCK EXHIBIT BUILDING

Lubbock, August 21.—Keeping a pledge made to the live stock exhibi-tors here last fall, the Panhandle South Plains Fair Association has let a contract for a 90 by 130 foot building that will be used this fall, Oct. 1, 2, 3, 4, 5, and 6, as a live stock barn at the fair.

"The live stock department was filled last year with the biggest display of live stock that has ever been gathered in the Plains section," Dr. I. E. Barr, president of the fair association stated today, "and after the fair was over, we made a pledge to the live stock breeders who exhibited their cattle, hogs, horses, mules sheep and other stock that we would provide a new live stock barn for the 1928 fair. "The letting of this contract is keeping faith with these exhibitors and we are expecting an increase in the number of entries in this depart-ment this fall. With this new build-ing, we can solicit the stock of any breeder in the Southwest, assuring him that his stock will have adequate protection and barn facilities."

Fair officials are especially anxious that Plains stock breeders exhibit their stock here this year.

URGES DEFEAT OF SMITH IN NOVEMBER

Committee Attended Republican and Democratic Conventions—Ex-amples Are Cited

Washington, Aug. 21.—Voters of the United States are called upon to defeat Gov. Alfred E. Smith, Demo-cratic presidential nominee in the re-port, made public today, of the special "dry" committee which attended the Republican and Democratic na-tional conventions.

The result of the Republican con-vention was satisfactory, the report de-clared, adding that "Herbert Hoover is committed not only to enforce-ment but also against the repeal of the amendment." This, save for one other reference equally brief, is all the space devoted to Hoover, most of the report being an attack on Smith.

The report, submitted to and ap-proved by the executive committee of the national conference on prohibi-tion enforcement planks, urges "all men and women of this nation, who believe in the integrity of the consti-tution of the United States to defeat Governor Alfred E. Smith at the polls in November." The committee which attended the conventions was named by the conference at a meeting last February in Washington.

"In each convention the militant liquor forces were beaten in the res-olutions committee and on the floor," the report said but the committee feels, so far as the Democrats are concerned, that "this achievement was nullified by Governor Smith in a telegram or repudiation of the spirit of this enforcement plank, read to the convention just at the moment of adjournment."

After exciting what is asserted to be examples of his support of the in-terests favoring liquor, the report sums up its attack on the New York governor.

"His whole record in public life has been consistent as the servant of the saloon and liquor traffic interest and in the most corrupt political organiza-tion in the history of this republic, Tammany Hall. His election would, in our judgment, be the greatest victory for the saloon and liquor traffic since the foundation of the republic."

THE STATE OF TEXAS,**

To the Sheriff or any Constable of Floyd County—GREETING:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Floyd if there be a newspaper published there in, but if not, then in the nearest county where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, Fay Dell Doggett, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada on the 24th day of September, A. D. 1928, then and there to answer a Petition filed in said Court, on the 19th day of July, A. D. 1928, in a suit numbered on the docket of said court No. 2359, wherein George Doggett is plaintiff and Fay Dell Doggett is defendant. The nature of the plaintiff's demand being as follows, to-wit: That plaintiff has been an inhabitant in good faith of the State of Texas, for twelve months, and has resided in Floyd County for more than six months next before the filing of this petition, and now resides in Floyd County. That plaintiff and defendant were married on July 15, 1925, at Clayton, New Mexico, and lived together as husband and wife until April 15, 1926. That while they lived together plaintiff provided for defendant, and was in all things a good and dutiful husband, but defendant, disregarding her duty, and the kindness of plaintiff, soon after they were married, without cause or provocation, became extremely jealous of plaintiff, and violently resented even the polite civilities of plaintiff towards other ladies, and would fly into a rage and violently abuse plaintiff in public and in private. That defendant developed a cruel and nagging disposition, and would continuously, on plaintiff's entering his home after a hard day's work, would without cause chide, nag at and quarrel at plaintiff, and make false accusations against plaintiff, keeping up such treatment until far into the night, and until midnight, and to such extent that plaintiff could not sleep and could not rest,—thereby incapacitating him from the work of the next day. That plaintiff begged defendant to desist, telling her on many occasions that he could not endure her conduct, but defendant persisted in such treatment, and same continuously grew worse day by day, rendering plaintiff's life miserable, incapacitating him from work, and rendering their further living together as man and wife insupportable. Plaintiff prays for citation by publication, and for judgment dissolving the bonds of matrimony, and for general and special relief. Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Floydada, Texas, this, the 21st day of July, A. D. 1928.

**Proposed Constitutional Amendment
Authorizing Legislature to Grant
Confederate Pensions Regarding
Date Pensioner Came
To Texas or When Widow
Married Pensioner Or
When She Was Born**

H. J. R. No. 15.
HOUSE JOINT RESOLUTION
Proposing an amendment to Section 51, Article 3, of the Constitution of the State of Texas, authorizing a tax levy for Confederate soldiers and sailors and their widows, and providing for submission of same to qualified electors of this State at any election to be held on the first Monday in November, A. D. 1928, Tuesday, after the first Monday in November, A. D. 1928, and providing the necessary proclamation and appropriation to defray expenses of proclamation, publication and election.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 51, of Article 3, of the Constitution of the State of Texas be amended so as to read as follows:
"The Legislature shall have no power to make any grant or authorize the making of any grant of public moneys to any individual, association of individuals, municipal or other corporations whatsoever; provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors under such regulations and limitations as may be deemed by the Legislature as expedient, and to their widows in indigent circumstances under such regulations and limitations as may be deemed by the Legislature as expedient; to indigent and disabled soldiers, who, under special laws of the State of Texas, served in organizations for the protection of the frontier against Indian raids or Mexican marauders, and to indigent and disabled soldiers of the militia who were in active service during the war between the States, and to the widows of such soldiers who are in indigent circumstances, and who are or may be eligible to receive aid under such regulations and

limitations as may be deemed by the Legislature as expedient; and also grant for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided for by law; provided the Legislature may provide for husbands and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas, a State ad valorem tax on property of seven (.07) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the legislature may reduce the tax rate herein levied, and provided further, that the provisions of this section shall not be construed so as to prevent the grant of said aid in cases of public calamity."

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon "For the constitutional amendment authorizing aid to the Confederate soldiers and sailors and their widows in indigent circumstances, and authorizing tax levy therefor," and "Against the constitutional amendment authorizing aid to Confederate soldiers and sailors and their widows in indigent circumstances and authorizing tax levy therefor." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment.

Section 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The sum of \$5,000.00 or so much thereof as may be needed is hereby appropriated for the expense of publication of said Amendment.

**Proposed Constitutional Amendment
Providing for a State Board of
Education and Relating to
Terms of School Officers**

H. J. R. No. 14)
Proposing to amend Article 7 of the Constitution of the State of Texas by adding thereto Section 15, providing that the term of all officers of the public free school system, including State institutions of higher education, may be fixed not to exceed six years; proposing to amend Section 8 of Article 7 of said Constitution, authorizing the appointment or election of a State Board of Education to serve not to exceed six years; requiring said amendments to be submitted to the people for adoption and making appropriations therefor.

Section 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Section 15 as follows:
"The Legislature shall fix by law the terms of all officers of the public school system and of the State institutions of higher education, inclusive and the terms of members of the respective boards, not to exceed six years."

Section 2. That section 7 of Article 7 of the Constitution be amended so as to hereafter read as follows:
"The Legislature shall provide by law for a State Board of Education whose members shall be appointed or elected in such manner and by such authority and shall serve for such terms as the Legislature shall prescribe not to exceed six years. The said board shall perform such duties as may be prescribed by law."

Section 3. The foregoing constitutional amendments shall be submitted to a vote of the qualified electors of this State, at an election to be held on the first Tuesday after the first Monday in November, A. D. 1928, at which all ballots shall have printed thereon the following:
(1) "For the amendment to Article 7, adding Section 15, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."
"Against the amendment to Article 7, adding Section 15, providing that school officers, including boards of institutions of higher education, shall serve for a term not exceeding six years."
(2) "For the amendment to Section 8 of Article 7 of the Constitution providing for the appointment of a State Board of Education."
"Against the amendment to Section 8 of Article 7 of the Constitution, providing for the appointment of a State Board of Education."

Section 4. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election to determine whether or not the proposed constitutional amendments set forth herein shall be adopted, and to have the same published as required by the Constitution and laws of this State. And the sum of five

thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

**Proposed Constitutional Amendment
Authorizing Legislature to Ex-
empt from Taxation Parson-
ages, and Certain Prop-
erty of Associations for
Religious, Educational
and Physical Develop-
ment**

H. J. R. No. 20.)
HOUSE JOINT RESOLUTION
Proposing an amendment to Section 2, Article 8 of the Constitution of the State, so as to authorize the Legislature to exempt from taxation any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society, and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; providing for an election upon such proposed Constitutional Amendment, and making an appropriation therefor.

Be it resolved by the Legislature of the State of Texas:
Section 1. That Section 2, Article 8 of the Constitution be so changed as to read hereafter as follows:
All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places for burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively, and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions, of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages that such exemption of such land and property shall continue only for two years after the purchase of the same, at such sale by such institutions and no longer, and institutions of purely public charity; and all laws exempting property from taxation other than the property above mentioned shall be null and void.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1928 at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words "For the Amendment to the Constitution of the State of Texas exempting from taxes property owned by churches or strictly religious societies for the exclusive use as dwellings for the ministry;" and all those opposed shall write or have printed on their ballots the words "Against the Amendment to the Constitution of the State of Texas, exempting from taxes property owned by churches or strictly religious societies for the exclusive use as dwellings for the ministry."
Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution and existing laws of the State.
Section 4. The sum of two thousand dollars (\$2,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

**Citation by Publication
THE STATE OF TEXAS,**

To the Sheriff or any Constable of Floyd County—GREETING: You are hereby commanded, that you summon, by making Publication of this citation in some newspaper published in the County of Floyd if there be a newspaper published there in, but if not, then in the nearest county where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, Benjamin Franklin Swaffar whose residence is unknown, to be and appear before the Honorable

District Court, at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada on the 24th day of September, A. D. 1928, then and there to answer a petition filed in said court, on the 30th day of July, A. D. 1928, in a suit numbered on the docket of said Court No. 2072, wherein Pernie Jane Swaffar is plaintiff and Benjamin Franklin Swaffar is defendant. The nature of the plaintiff's demand being as follows, to-wit: Plaintiff is and has been an inhabitant in good faith of the State of Texas for more than twelve months before filing this petition, and has been a resident in good faith for more than six months next before the filing of this suit. That Plaintiff and defendant were married in Cole County, Okla., Nov. 11, 1918, and lived together as husband and wife until about Feb. 1, 1923, when defendant, without any cause, deserted and abandoned plaintiff, and since which time he has failed and refused to live with plaintiff, and has failed and refused to contribute anything toward the support of plaintiff and the three minor children of plaintiff and defendant, born to them while they lived together as husband and wife.

Plaintiff prays for Citation as the law directs, for judgment for a divorce from defendant, and for the care and custody of said three children of plaintiff and defendant, viz: Roy Elmer, Ella Elizabeth, and Russell Lee Swaffar.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Floydada, Texas, this, the 4th day of August, A. D. 1928.

COUNTY BRIEFS

PLEASANT VALLEY

Aug. 20.—The rains that feel last week put a fine season in the ground for the wheat farmers, also will make the row crops grow off better. Mrs. W. M. Ferguson and son, Hall, spent the day in Turkey Sunday. On their return Mrs. Ferguson was quite surprised to find her cousin, Mr. Lee Lain of Nashville, Arkansas, sitting on the porch. Miss Lucile Marr came in Tuesday of last week, for a short visit with her parents, Mr. and Mrs. J. T. Marr. Mr. and Mrs. Vernon Shaw are also visiting their parents, Mr. and Mrs. J. T. Marr. Mrs. Stokes Rosser and family of Plainview visited her sister, Mrs. W. Jean McClure returned home with E. McClure Sunday. Beulah Fay and their aunt, for a week's visit. Mr. and Mrs. T. B. Mitchell spent Sunday with Mr. and Mrs. C. E. Martin. Elvin Lewis of Nolan county has been visiting his sister, Miss Fay Bloxom. Miss Fay returned home with her brother. Katherine Harris spent the day

with Anna Mae Bloxom Sunday. Mr. and Mrs. T. B. Mitchell have returned from a visit to Winters, Texas, where they spent a few days with Mr. Mitchell's parents. Miss Lucile Marr spent Sunday with Miss Leota Hyars. Mrs. D. E. Smith and family of Chillicothe visited her sister, Mrs. Alf Watson, last week. Mr. and Mrs. C. E. Harris returned last Thursday from a week's visit in Wise county. They report a most wonderful trip. Mr. and Mrs. Fleet Byars spent Sunday with Mr. and Mrs. N. T. A. Byars. Brother and Mrs. Coffman and daughter and son-in-law, Mr. and Mrs. Lofton, were called to the bedside of Brother Coffman's mother Sunday night. A message came that she was not expected to live and they left at once. We extend our love and sympathy to these dear people in this dark hour. They have been staying at night with Mr. and Mrs. F. U. Payne. Mr. W. H. Fields and son, Jimmie, went to Plainview Monday on business. Mr. and Mrs. W. O. Shurbet have returned from a visit with their son, Memory, in Amarillo.

I wish you could have come out last time, Jane," said Nancy, as they drove to the home of a Kitchen Club member. "We worked out the most adorable color scheme for Mrs. Collins' kitchen. That's the place we are going this afternoon, to see how she's finished it up, and to get some new recipes. There's an inside story to her kitchen which will explain some of the things you see there.

"Mr. and Mrs. Collins have just recently married. He was a widower with the worst little boy you ever saw. Mrs. Collins is one of those motherly souls who can't let anything go hungry. Stray cat, tramp or whatever it is, it gets fed if it goes to her. She hasn't said anything about it. But we all think that her real reason for fixing up her kitchen is to get hold of that boy. Her theory seems to be that if she can make him comfortable and feed him properly, he won't be such a problem."

LEAVES FROM NANCY'S KITCHEN CLUB NOTEBOOK

Mrs. Collins' kitchen is really beautiful! She has tinted the walls a delicate gray, woodwork white. Black and white tiled linoleum on the floor. Refrigerator and table, white. Kitchen cabinet, delicate gray. Sink and oil range in white porcelain enamel. White Swiss sash curtains with red dots! Coffee, sugar, flour, salt and other containers lacquered red. There's a red geranium in the window that completes the color scheme. It worked out beautifully!

Mrs. Collins has the prettiest oil range I ever saw. It is all white porcelain enamel, with a design and burner arrangement like a modern gas range. She says she uses simply a damp cloth to clean it. I want a range like it!

Red Containers

These were all home-made. Mrs. Collins says. She took old coffee cans, lard cans, etc., and lacquered them herself. The lacquer dried almost at once; but she aired the cans before using them.

Blackboard on Wall

This was put in especially for the boy, so that Mrs. Collins could help him get his lessons. She has it on a corner wall, with a good light near it and a table. Now he can have doughnuts with his fractions! Mrs. Collins uses the board, too, to make notes of groceries she needs to order.

Fruit Mousse

Large can fruit salad
Pint of cream
2 1/2 cups of sugar
1 teaspoon vanilla
Pour off juice and chop fruit. Add sugar, cream and vanilla. Pack in freezer and chill for two to three hours. Dish is good without chilling; but if served this way, use less sugar.

The fruit mousse was served with the "Crisps" described below.

"Crisps"

3 eggs
Flour enough to make stiff dough
Pinch of soda
Cinnamon or nutmeg
Powdered sugar
Beat eggs thoroughly. Add flour sifted with soda. Roll thin as paper. Cut out with large saucer. Fry delicate brown in deep, boiling hot fat. Drain on paper or cloth. Sift powdered sugar and cinnamon or nutmeg over each crisp.

New Fruit Drink

Mrs. Collins' cooking vessels look like snow. She says the outside of them doesn't get dirty since she has a long-chimney oil stove. She uses a long-handled wire cloth mop on the inside of the vessels.

Take the juice from a can of fruit salad, or from a can of pears, peaches, apricots, pineapple or cherries. Mix with juice of two lemons and two oranges. Four cups water. Sugar to taste. Serve in glasses with sprig of mint.

Mrs. Collins says the boy often comes in with hands so badly chapped she can hardly get them clean. She puts a handful of meal, with soap shavings, into a pan of warm water. After he soaks his hands in that for awhile, they come out clean and with the skin much soothed.

MAYVIEW

Aug. 20.—Mrs. J. R. Cardwell, who has been quite sick for the past ten days, continues to improve.

The Baptist revival began Saturday night. Rev. Chambless of Plainview did the preaching Saturday night and Sunday. Good crowds attended the services and enjoyed the sermons. Rev. R. L. Shannon, pastor, and helper Rev. Etheridge, will continue the meeting this week. We are looking forward to a great meeting. Come out and help us.

R. L. McNeill and family have gone to Denton county for a two weeks' visit with relatives.

Several from this place attended the Old Settlers Reunion at Blanco Canyon last week.

The Misses Holladay visited Mary Lou Cardwell Sunday.

Those visiting in the C. A. Smith home Sunday were Rev. and Mrs. Chambless, Mr. and Mrs. J. W. Miller and H. L. Handley and family.

Charlie Perry and Lillie D. Robertson of Campbell and Frank, Bill, Mable and Vernie McNeill of Fairview visited Thelma and Jewel McNeill Sunday.

ANTELOPE

Aug. 20.—Mr. and Mrs. J. M. Aston returned Sunday of this week from Abilene.

Miss Lora Belle White and Morene Ardy have been visiting friends in Ralls.

Misses Donna Mae and Marguerite Aston, who have been spending a week in Crosbyton, returned home Monday of this week.

Mr. and Mrs. Bob Hinsley and family left Friday of this week for Pilot Point.

A large crowd from here attended the Old Settlers Reunion at the Rock House last week.

Mr. Roy Cappingler and Henry Thomas spent Monday in Roaring Springs.

Miss Mavis Tilson and H. B. Barnett were married Sunday. Mr. and Mrs. Barnett will make their home near Wake.

Mrs. Lizzie Thomas spent Monday with Mrs. J. M. Aston.

RAMSEY

Aug. 22.—Mr. and Mrs. Claude Mixon of near Clarendon, were the guests of Mrs. Mixon's aunt, Mrs. J. R. Davis Sunday.

Mr. Maurice King, who has been up near Tulla breaking land the past two weeks, returned home Saturday.

Several of the Ramsey people attended the Old Settlers Reunion at Blanco Canyon last Thursday.

In one minute all the mosquitoes in a room can be killed. Simply take a FLY-TOX Hand Sprayer, fill with FLY-TOX and fill the upper half of the room with the fine atomized spray. It will slowly settle to the floor killing all the insects in the room. Spray the ceiling, hangings and closets where the mosquitoes hide, and also spray on the screens. FLY-TOX will not stain the walls, draperies or the most delicate fabrics. It has a pleasing fragrance, is absolutely harmless to people but sure death to insects. Does not matter whether windows and doors are open or closed. FLY-TOX is the scientific product developed at the Mellon Institute of Industrial Research by Rex Fellowship. Every bottle guaranteed.—Adv.
