town be given a thorough cleaning up, being so conspicious in Lockney this ing held.

Arrangements are being made to give all the streets a thorough working at this time, and the new administration desires to start in with clean town, and expect to make an effort to keep it clean.

To those who have chickens running at large the mayor asks that they pen them and keep them penned, as a great many complaints have been registered. It is now gardening and flower planting time, and it does not meet with the approval of those who have flowers and gardens for their neighbor's chickens to come in and scratch up what they have planted. Please take notice of this and save the necessity of the city marshal to call on the chicken owners and demand that they put their chickens up

Moore county has quite a few young fellows batching on farms where they are breaking land. Word reached our office that two of these, Donald Threet and Ansley Fox, encountered severe difficulties in the culinary department. It seems these boys got a hankering for pie so Ansley made a pie. The pie was just fine and his strongest point was the pie crust, in fact that was so strong and held together so well that they brought to down to the blacksmith shop, had a hole drilled in it and are now using it in place of a fly wheel that broke off of their tractor. It is a little heavy on one side and causes the tractor to lope, so Donald plans on replacing a broken disc in the tiller

# **Lockney Wins Ten Loving Cups**

The winners of the Interscholastic | Despite the fact that Floydada Meet which was held at Floydada last won the Class A championship cup week-end will go to Lubbock April this year in the Interscholastic Lea-Floydada High, Floydada Grammar, 19 and 20 for the District Interschol- gue Meet. Lockney brought back with her ten loving cups, two of which are her permanent property.

The cups won are the Sub-junior, Junior, and Senior Spelling cups, the track cup, cups for boy's tennis singles, and girls' doubles, boys' and grils' basket ball cups, one declamation cup, and the music memory cup. The permanent cups are the Tennis the girls, basket ball cup.

It is true that Lockney is only bent, not broken, and will redouble her efforts next year to bring that big

## THE GRAIN-SAVING COMBINE THAT'S EASIEST TO OPERATE

Here are some of the features you'll like about the John Deere:

- 1. Easy to Operate. Controls are grouped on the operator's platform in such a manner that one man has complete and instant control of his machine.
- 2. Saves the Grain. Cutting, elevating, separating and cleaning units are constructed with a great margin of safety for saving grain\*
- 3. Sturdily Built. John Deere quality in materials and workmanship assure long life and good work

4. Roller and Ball Bearings. Light draft and long life result from the use of high-grade bearings at all friction points.

5. Easy to Oil. High-pressure & grease gun oiling system makes oiling a swift and easy job. 6. Powerful Motor. The motor

that operates the John Deere has a surplus of power for the pinches. 7. Easily-Emptied Grain Tank. Less than a minute is required to

empty the 65-bushel grain tank on the John Deere No. 2. This feature means more hours for cutting.

Stop in and see the John Deere-we kn ow you'll like it and want it for harvest.

We had entries in most of the literary events and won places in most of the ones that we entered Two first places, two second places, and three third places being won for our school.

The trustee election was held or Saturday. Mr. Walter Griffith was re-elected and Mr. G. B. Johnston was elected as third trustee.

### AIKEN

April 8 .- Every thing is progres ing nicely in our community

Our community is very much pleas ed with the progress our school made at the County Meet at Floydada Friday and Saturday.

We entered 14 events and won nine first places. No other school can boast of the Literary wrok as Aik en. We won first place over the entire county in Junior Essay. Aiken lost the County Championship only few points. Even though we lost y a few points we feel that our chool is on the map.

Mr. Wheeler and family are leaving this week for Brownwood, where they will visit relatives.

Mrs. Eddie Greer received a message this week that her father is seriously ill. The Greer family left Wednesday to be with her father.

Mrs. Mullings entertained a few of the neighbors at her home Tuesday night. All report a nice time.

The P. T. A. of Aiken are giving a social for the parents of the entire community Thursday night, April 11. The social is being given at this time as school is closing next week and all the week will be full with other entretainments.

# MARTIN DRY GOODS COMPANY

Our new location is California at Fifth Street

The wonderful rains of the past week have increased the prospects for a fine wheat crop. The unusually early growth extends the time in which the crop might be damaged by hail. We are prepared to render the same dependable service in writing hail insurance that the wheat farmers of this section have been accustomed to for many years.

We are glad to announce that Mr. W. R. Childers will be associated with us in the writing of hail insurance during the coming season. Mr' Childers' experience in this line will be of value to our many clients.

Some changes have been made in the hail insurance contract since last season. We will be glad to explain these changes to those interested.

The Companies with which we will write this season are: Home, Aetna, St. Paul, Hartford, and Providence Washington. These companies have been writing in this section for many years. Their adjusters are personally known to many in this territory. Their fair treatment can be attested wherever they have adjusted losses.
