FIRST PART OF COUNTY SCHOOL MEET TO BE HELD SAT. MARCH 24

The first part of the county interscholastic League school meet will be held in Lockney on Saturday March 24. At this time tennis and baseball will be played off. The main meet will follow on the next week end, Friday and Saturday March 30, and 31. The program for the general meet will appear next week. All member schools are urged to send in their official entries as soon as possible to director general, W. Jones, Lockney.

Schools desiring to enter tennis and baseball should report their entries in these events to the directors at once. The directors are as follows: Tennis, Winfield Fowler, Lockney; Boys baseball, Walter Travis, Mickey; Girls baseball, G. D. Tate, Lockney. Drawings for these contests will be held at Lockney High School at 9 o'clock Saturday morning. Coaches of teams entering should be on hand at that time.

Teams participating will furnish own balls and bats in play ground ball and own tennis balls.

VOLLEY BALL HERE FRI.

The Lockney High school volleyball team will play a game here Friday night with the Spade High school team. This promises to be one of the best volley ball games ever played in Lockney. The Lockney team barely nosed the Spade team out in the finals of the district meet last year to win district championship. From reports Spade has a very strong team again this year and they are coming over to even up the score.

There will be a small admission charge of 10c to everyone. This charge is necessary to defray the expense of the visiting team. The game will start about 7:45 Friday night March 16. If you want to see a real thrilling game be there.

IRICK OUTSIDERS TO PRESENT PLAY FRIDAY NIGHT

The Irick outsiders will present, "Head Strong Joan," three act comedy drama, Friday night, March 16, at 7:45 p. m. The public is invited to attend.

Miss Smith, office nurse for Dr. P. C. Anders, is recovering from the measles this week.

Mrs. J. H. Slaton and Mrs. Bob Hooper of Plainview were here Sunday visiting Mrs. Slaton's brother and family, Mr. and Mrs. E. E. Dyer.

Mr. and Mrs. Norman Livesay of Hereford were here this week end as the guest of Mr. Livesay's mother, Mrs. J. T.

LOCKNEY SEWING ROOM WILL CONTINUE UNTIL MAY 1ST

County CWA Quota Cut—Only Two Projects Left, Court House Work To Continue

At a meeting of the Floyd county Relief Committee at Floydada Tuesday night CWA projects underway in Floyd county were rearranged. Lockney's sewing room for women was placed first on the list, allowing a quota of 30 women. The court house project came second and the sanitation work came third in importance.

The county is now receiving weekly cuts in the number of men that can be worked.

For the week ending March 16, the quota has been set for 145 men, for the week ending March 23 it will be 118 men and for the week ending March 30, the limit will be 92 men.

For the past week, the quota has been 171 men, three reductions having been previously made from the original allotment of 302 men.

According to the schedule in effect, the Floydada and Lockney streets projects will be practically at an end by the close of next week.

Work on the supplemental grant for the county-wide health sanitation was reported 6 per cent complete Tuesday.

Work on all rural CWA projects was ordered stopped with the week beginning March 16, it was stated. To comply with the county labor quota of 145 men next week the Floydada and Lockney street projects were limited to 41 men, 21 to Floydada and 20 to Lockney. The full allotment will be absorbed by the end of the week beginning March 23, and these two projects will be closed.

MISS WILMA COOPER PLEDGES CLUB AT C. I. A

Denton, March 15, Miss Wilma Cooper, daughter of Mr. and Mrs. A. J. Cooper, former residents of this city, will become a member of the Betsy Ross Club at Texas State College for Woman C. I. A. next week following pledge and initiation ceremonies. Preferential bidding was used for the first time in selecting new members for the nine club.

These clubs have as their purpose the furthering of social and literary interest on the campus, taking the place of purely social organizations on other campuses. Miss Cooper, a freshman at the college is majoring in piano.

LOCAL BOY ELECTED TO OFFICE AT W T S T C

Willie Boedecker of this city was recently elected secretary-treasurer of the Cousins Literary Society of the West Texas State Teachers College. The Cousins Society is one of the most active organizations on the campus.

Miss Zona Mae Grubbs spent the week end at Plainview visiting Misses Ruby and Faye Smith. Miss Ruby Smith returned home with her for a few days.

Brice Allen, who is attending business college at Mineral Wells, is here this week visiting his parents, Mr. and Mrs. J. B. Allen.

Mrs. Buck Sullivan and Miss Lynna Jay Graves were in Ralls Friday afternoon. Mrs. Herbert Nicholas returned with them to spend the week end.

Mr. and Mrs. Wesley Jones were Ralls visitors Sunday.

Mr. T. O. Collier of the Plainview South Plains Monuments Co. was here in Lockney Wednesday and called at the Beacon office.

Hervey Champion was called to Channing, Texas, Wednesday

LAST RITES HELD FRIDAY FOR H. O. SHURBERT

Floyd County Resident For 27 Years

Funeral rites were held for H. O. (Oscar) Shurbert, 50, Friday afternoon at 2:30 o'clock at the Lockney First Baptist Church with Rev. B. J. Osborn, pastor, officiating assisted by Rev. Smith of Floydada. He died Thursday morning at his home several miles south west of this city as the result of an attack of pneumonia.

Mr. Shurbert was a pioneer of this county having moved here in the year of 1907. He was one of the most progressive wheat and stock farmers of this section of the county. The last few years he has been associated with Mr. Tab Meywether in the Lockney Impiment Co.

Burial was in the Lockney Cemetery under the direction of the Crager Funeral Home.

Flower girls were:

Glenna Mae Shurbert, Juanita Shurbert, Mary Irene and Ruby Belle Harris, Faye Reeves, Ola Hanna, Ethelne Wofford, Mary Kathrine Hubbard, Kathrine Harris, Mrs. Ned Henderson, Mrs. Bural McPherson, Mrs. Raymond Nelson, and Mrs. Tip Hendricks.

Active pall bearers were: Tab Meriwether, Eates Woodburn, Frank Dodson, W. E. McClure of this city, and N. A. Armstrong, and J. B. Jinkens of Floydada.

Survivors were:

His widow, two daughters, Mrs. Carl Rhodes of Plainview and Mrs. Carl Berry of Jacksboro, Texas; three sons, Hillary, Marvin, and L. V. all of Lockney; his parents, Mr. and Mrs. J. H. Shurbert of Floydada; four sisters, Mrs. Ed Wofford, Mrs. Elbert Harris of this city, Mrs. Weaver of Raymondville, Mrs. Jess of Kennedy; and three brothers: Will of Raymondville, Jess of Floydada, and Jim of California.

All of the relatives were present except his daughter, Mrs. Berry who had just returned home from here, and his brother, Jim Shurbert.

Among the large number of out-of-county friends and relatives here for the funeral were Mr. and Mrs. D. F. Largent, of Eldorado, Oklahoma, Mrs. C. B. Turner of Olton, Mr. and Mrs. A. C. McGavock of Olton, Mr. and Mrs. Avy Dagley of Plainview, Mr. and Mrs. Lonnie Byars of Canyon, Mrs. Paul Bry of Plainview, Mr. and Mrs. Roy Turner and children of Plainview, Charlie Turner of Hale Center, Mr. and Mrs. Clyde Parr of Cone, Mr. and Mrs. John Shurbert and children of Estacado, Mr. and Mrs. Clifton Rhodes, Mrs. W. Miss Ford, model for the best known illustrators of feminine beauty, was chosen "Miss NRA" last fall.

J. W. JONES RE-ELECTED AS SCHOOL SUPERINTENDENT

J. W. Jones who has served the past eight years in the Lockney Public Schools as a faculty member, the past two years as superintendent will head the faculty again next year. He was re-elected to the superintendency Tuesday night of last week at the meeting of the school board there.

The terms of only two members of the Lockney school Board expire this spring, their places to be filled in the school election on April 7. They are Ed Whitely and R. E. Patterson. Hold-over members of the board are Claud Thornton, R. C. McGilvary, Hugh Carroll, Harve Pennington and John Hodel.

MR. AND MRS. S. M. CLARK JUST RETURNED FROM COLORADO

Mr. and Mrs. S. M. Clark, who have been at Colorado Springs, Colo., for the past three weeks at the bedside of their son David Clark, who suffered a broken back in an automobile accident, returned Monday. They reported him still in the hospital but improved at the time of their departure.

The accident happened when an automobile in which he was riding overturned about 10 miles from Manitou, Colo. The driver of the car escaped with only minor injuries.

JERRY MUGDET WITH PENNINGTON MOTOR CO.

Jerry Mudgett, who has been with the mechanical department of the Lockney Auto Co. for the past several years, is now with the Pennington Motor Co. Harve Pennington is proprietor of this establishment and will have supervision of all automobile work done in his shop. He will be assisted by Mr. Mudgett who is an experienced automobile mechanic and needs no introduction to the automobile public of this community. Jerry asks that his friends call on him at his new location.

Henry Ford, son of Mr. and Mrs. Henry Ford, who has been in the Lubbock sanitarium for the past week, returned home Tuesday evening. Mr. and Mrs. Ralph Ashworth accompanied he and Mrs. Ford home.

Mrs. Dan Moseley and Mrs. Winfred Cooper were in Lubbock Sunday looking over the new Spring fashions. Mrs. Moseley purchased goods for the Fashion Shoppe in this city.

Miss Hula Coleman and Mr. Jack Blair of Tulia were here over the week end visiting Miss Coleman's parents, Mr. and Mrs. H. Coleman.

BAPTIST S. S. AND B T S CONVENTION TO BE HELD HERE APRIL 5 AND 6

The Baptist Sunday School and B T S district 9 Convention is to be held here in our city April the 5th and 6th. This assembly is expected to draw between one thousand and fifteen hundred people to Lockney during that brief time. This meeting is one of the greatest honors Lockney has ever received and it is up to the citizens of this town to accommodate and entertain these representatives.

T. C. Gardner, Dallas, State B T S Secretary, George J. Mason, Dallas, Texas Baptist Gen. Con. S. D. Riddle, Lubbock, music director, and Howard Williams, Dallas, Executive Secretary, will be present for this convention and you will have an opportunity to hear each of these noted men speak.

If you have an extra bed room it would be appreciated by the housing committee if you would offer to keep one or more of these delegates overnight.

APRIL 7 DATE SET FOR ELECTION OF TRUSTEES

Election of trustees for the thirty school districts of Floyd County will be held April 7, the first Saturday in April, Price Scott county school superintendent, announced.

Trustee elections for the two independent school districts of Floydada and Lockney will also be held on this date.

Three new members of the county school board will be elected April 7 to fill the places of J. H. Upton, present incumbent of precinct No. 3, Olin S. Miller of precinct No. 4 and E. C. Nelson, Floydada, present incumbent of the county board from the county at large.

DECLAMATION TRYOUTS MONDAY NIGHT

The tryouts in declamation, story-telling, and extemporaneous speech will be held at the Grade School Auditorium, Monday night, at 7:45. This will include the speakers from both the High School and the Grade School. The winners will represent Lockney at the County Meet on March 29.

TAKING OF SCHOLASTIC CENSUS UNDERWAY IN COUNTY

The scholastic census of Floyd County is under way this month. Mrs. Carl McAdams is making the enumeration in this district. She began work about a week ago.

Attention of all parents and guardians in the county has been called by school authorities to the urgent necessity for a complete scholastic enumeration during the month.

The ages included in the taking of the school census are between 6 and 17. Price Scott, county superintendent, stated. If a child is 6 years of age on or before September 1 of last year he is a scholastic and is to be included in the census but if he is 18 years of age on or before September 1 of last year he is a non-scholastic.

Each scholastic which is missed in the census enumeration means a loss of \$16 to the county school fund, Mr. Scott stated. A child not included in the census cannot be transferred from one school to another during the present year.

ATTENDS CHEVROLET MEETING AT LUBBOCK

The Lockney Auto Co. was represented at a salesman meeting at Lubbock Tuesday night at the Hilton Hotel. Those attending were Arthur Barker, John Stapleton, John Mesmer, J. D. Jackson. They reported a splendid meeting with good attendance of salesmen from over this district.

Rev. Sam Morris of Stamford, Texas, was here Monday visiting Howard Cox.

SUBSCRIPTION RATES

One Year—\$1.50 Six Months—75c Three Months—40c

We have noticed in several of our exchanges the past week where the West Texas Gas Co. is going to announce a reduction in gas rates within the next sixty days. We would caution our people not to get their hopes built up too high on a big reduction in their gas bills in the future. If it is like other reductions made by utilities companies it will only benefit the big users of gas and the little fellow will pay the same size gas bill. The reduction more than likely will come in the upper brackets, then the company will tell the world what a wonderful reduction they made in gas rates in West Texas. We are putting the gas company on notice right now that unless they reduce the rate for the fellow that only pays \$2.00 per month "hell is going to break loose in Georgia." We hope a substantial reduction in rates will be made all along down the line. We believe the patrons of the gas company should receive a reduction in rates. Throughout the depression, the gas company along with other utilities received practically the same price for their product. Why should they be shown a preference. One reason they are shown a preference is because they have a monopoly on the products they are peddling, and they just naturally made us "stand hitched." Human nature is just simply made that way I guess. But eventually people will find a way to do without gas, electricity, telephones, etc. and use a substitute if they are not treated fairly in the matter.

We have become thoroughly "regusted" with the way the daily papers play up crime in the United States. Take the Dillinger jail escape. After reading a description of his escape in the daily papers you would think that he had done something wonderful, that he is a great hero and that he should be allowed to roam around over the country and do as he pleases. He had everything crowded off the front pages of the daily press for days. Whata Man! When in fact he did not do a darn thing that was in the least bit smart. He just bribed a few jail guards and dwalked out. One crook is not going to keep another crook in jail. They just had the wrong kind of guards, so why give such a criminal wide publicity as doing something great. They don't do anything great. Everything they do is dirty, low down sneaking things. They are cowards from the word go. They never do anything till they have one hundred per cent advantage. As stated above, we fail to understand why a daily paper with so much other important news to report, news that would and is of vital interest to the people, will shove it off in some inside corner of their paper and spread crime items all over the front page. It gives the im-

pression that crime is going at a premium.

Lockney is fast coming to the front, so to speak. Only one desirable vacant business house in the town. Months ago there were many. We have several new business concerns, others are contemplating locating here. The more business concerns we have the better town we will have, more people will come here to do their trading. You can secure almost anything that you want to purchase in Lockney, and at just as good a price as elsewhere, so why burn unnecessary gas and go to a lot of other expense driving around over the country to buy supplies when you have a source of supply right at your very door.

With cream prices up to 22c the dairy business is beginning to look up in this country. The past 12 months almost every thing produced on the farm has advanced in price. Gradually, step by step things are getting better. When things produced on the farm begins to advance in price everything else begins to move along. The outlook is indeed very promising just now. Wheat is growing off nicely, land is being prepared for row crops, business concerns over the country report a substantial gain in business. Yes, we are going places and doing things.

WOMAN'S COLUMN

(BY JEANE SUITS)

Well, it looks as if this goldarn cellophane is taking the day—it being more sanitary and healthful. Practically everything we use, wear, or eat is first wrapped in cellophane. If we buy a new shirt we look at the pattern through a transparent wrapping, if we wish to purchase powder puffs, white purses, handkerchiefs, silk stockings, chewing gum, cosmetics, men's pajamas, prunes, candy, and thousand of other articles they are always covered with that stuff. I don't suppose it will be long now until our newly purchased automobiles and houses will come in a cellophane package, sanitation being the direct motive.

You know this old world is practically going haywire over germs and its results anyhow. The medical world is about to get the whole thing down to a nat's eye. Practically every malady is contagious if your system happens to be in the right condition at the time you come in contact with the disease. The present day physicians even advise a separate comb, brush, towel, glass, and toothbrush for each member of the family. Now, I know that's a

—and the Worst is Yet to Come

lot of tommy-rot 'cause in them there cow-punching days on these baldy plains, there was only one of each of the above articles to a bunkhouse, and that had to accommodate all cowboys regardless of their pal's dandruff, cooties, diseased teeth, fallen arches and seven-year itch.

Shoot, those guys were rough and tough and could run a bluff on any body's high-sheriff any ole' day in the year. Did you ever hear of a cow-puncher dying of tuberculosis, heart failure, or any of these other common diseases we have today? Course you didn't 'Cause they just didn't do it. Why, when they died they "kicked off" like real men by being shot by their rustler enemy, but as far as catching anything from their old palsy walsy bunk friend's there wasn't a chance in a carload!

Now all of this goes to prove that there ain't no sense in this germ business—If you have discarded the old family "tooth-brush" do not fear to use it hence forth after such adequate proof as I've shown above. Revive that old song, "The Old Family Toothbrush", and carry it out to the letter. Now, if your sister, brother, husband or wife pounces on you for using his particular article just refer him to this convincing argument and be on your way rejoicing. In case they still maintain that certain germs are catching in spite of your careful explanations perhaps you'd better do a little "catching" of air yourself right then and there!!!

Well, well folk, we're having another big free auction sale right here south of the Beacon Office Saturday morning beginning at eleven o'clock. Don't fail to attend this sale. Look over the list of articles to be auctioned in this issue, make out your needs, come to the sale, and let's get those things we've longed for but haven't had the money to buy new. You can't ever tell, if the crowd wiggles their ears just right we might pass around a cup of tea at the close of the sale. Now, don't push in line, please, there is plenty to serve all!!!

Have you ridden down Lockney's new streets within the last two weeks? I mean the one running from the grammar school and the one south of the Methodist Church. Oh, boy, they are really been not a bump in a half mile. You must try them sometime! You will think you are in Plainview, Floydada or some other neighboring seaport!

This being election year this office receives plenty, free literature about the good qualities of these West Texas candidates who strive to sell themselves to you. People are never so good hearted and jolly good fellows as they are during this particular period, according to the guys in the race. You know old farmer Jones, blacksmith Tom, prune peddler Jim, and newspaper John are 4 of the best men he's ever known, and I guess he's known a hundred. When you see a

shaking hands with everybody he sees, smiling, laughing, talking, bowing, and scraping you can just say he is a candidate beyond a doubt.

"Why, hell'o, don't you remember me? I met you several years ago at a farmer's meeting—you are certainly one of our foremost farmers of the country and I con-

HERBERT SMITH

(The Clothing Merchant)
SAYS—

"Too Many Overlook Value In Clothes And Gas"

HERBERT SMITH, the clothing merchant found for a long time that price and style interested his customers more than actual value. No matter how fine a piece of material went into a suit of clothes, some people expected him to sell at shoddy prices. Today, Mr. Smith notices a change in the buying attitude of his customers. They ask, "How much wool is in it—will it wear—does it hold its press?" They have discovered that the biggest bargains are found when buying on value, as well as price and style. Mr. Smith once complained about the price of gas, but his business has shown him a new principle that applies to gas also. Now he realizes that fair compensation is necessary for the fine gas service he is receiving. And he is willing to pay for it because he has compared the value of gas with other fuels and finds it worth several times the highest amount that ever has been asked of him. Few of you who read this advertisement are in the clothing business, but most of you can appreciate conclusions reached by Mr. Smith. The new attitude of his customers will enable him to give better service and to hold his position as a stable factor in the community—

ONE WINDMILL for a Lifetime

Is all you will need to buy if you select with care. The **Auto-Oiled Aermotor** is made to last a lifetime. It oils itself, adjusts itself to the strong winds, and works quietly and efficiently in any wind. Day after day, year after year, you will depend on it to pump the water which you are constantly using.

If you choose an Aermotor of the right size for your well, and a tower high enough to get the wind from all sides, the Aermotor will do the rest. One oiling a year is all that it needs. The gears run in oil in a tightly enclosed gear case.

The improved **Auto-Oiled Aermotor** is stronger and better than ever. It is so skillfully designed and so well made that there is nothing to get out of order. Turn it loose and let it run, and you will always have fresh water when you want it.

WILL REOPEN CAMPAIGN FOR WHEAT REDUCTION

If You Grew Wheat In Any Year From 1930 to 1932 You Can Sign Reopen Wheat Contract

Any farmer who grew wheat in any of the years from 1930 to 1932 sign up in the reopened wheat campaign, states Mr. O. Martin, director of Extension Service of A and M College. The requirements are practically the same, they were in the former campaign except that changes have made in the ruling on the base period to take care of the one-year producer.

A one-year man may get a contract by using his production in the one year as his base, reducing his acreage by the same percentage as other contract farmers do, and accepting an allotment of one fifth of 54 percent of the actual for the year his wheat was produced. He is entitled then to receive 1933, 1934 and 1935 allotment payments on this allotment.

Farmers who actually applied for contracts in the original wheat

campaign but who were unable to complete the contracts and be eligible for all payments, provided their applications were filed with the county allotment committee before January 1.

Farmers who make application under the reopen program, but who do not sign up in the original may also sign contracts, but they will be eligible only for the second 1933 payment, and for 1934 and 1935 payments, Director Martin says.

Farmers who have already planted their wheat and who wish to sign adjustment contracts under the reopened wheat program recently announced, may do so by bringing their acreage down to 85 percent of the base acreage they would have an approved contract, Director Martin states.

Farmers with more than 85 percent of their base acreage, who sign contracts, may take the excess out of production any way they choose. In general, plowing, pasturing, or cutting for hay is advised.

Farmers who have already planted wheat and are interested in the new opportunity to sign contracts, should get in touch with their local community committeeman, members of the county allotment committee, or with the county agent's office.

Under the reopened program, contracts must be in the hands of the county allotment committee by April 15. But there will be no special drive to secure signatures.

FORD TO BUILD HUGE EXPOSITION AT THE 1934 CHICAGO WORLD'S FAIR

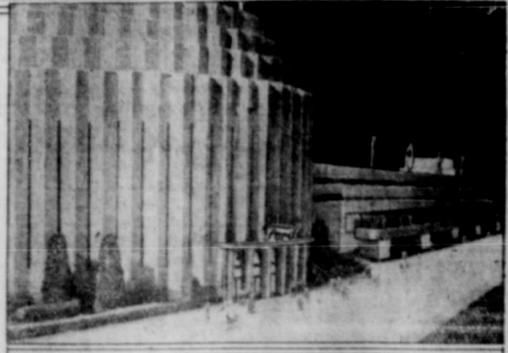

A GREAT Ford Exposition, portraying the tremendous part the arts, sciences and virtually every other industry plays in the manufacture of today's motor cars, is planned by the Ford Motor Company for the 1934 World's Fair.

The Ford Exposition will be housed in a giant building 560 feet long to be built in the heart of the fair grounds on an 11-acre plot bordering Lake Michigan and flanking the main fair boulevard. Construction of the building will start Mar. 1.

In the dominant central building will be housed Henry Ford's "Drama of Transportation," depicting the development of wheeled vehicles from the chariots of ancient Egyptian kings to modern motor cars. Every model of Ford car made since 1903 will be included.

In the smaller building to the left will be housed some of the priceless historic exhibits from the Edison Institute at Dearborn, Mich., including the one-story brick workshop, complete with the original tools, where Mr. Ford in 1893 built with his own hands his first motor car. This first car will be displayed inside the shop.

The main exposition building will

Henry Ford and Edsel B. Ford show to Rufus C. Dawes (center), president of the World's Fair, the scale model of the giant Ford Exposition building to be built at the 1934 Fair. display an imposing array of exhibits, most of them in action, showing steel, aluminum and other metals, soy beans, corn, wool, cotton and other farm products and the products of myriad industries are converted into car parts. The building also will house displays of

cars and a big movie theater. Along the east side will be an open-air balcony equipped with chairs and lounges where hundreds may relax.

Across the drive fronting the lake will be a big Ford Park, beautifully landscaped and also fitted with seats and other comforts for fair crowds.

death of the victim. Most of these deaths occur in winter, when furnaces are being forced and windows are kept closed, when it seems to be easier to start up the car before opening the garage doors. There is only one way to prevent it, and that is never run a car in an enclosed space unless there is a door or window wide open; never to enter or sleep in a room or a house unless certain that the furnace flues are properly working and the sleeping room is well ventilated.

If found soon enough after collapse, man victims can be revived by medical means, but this aid seldom comes quickly enough.

CITATION BY PUBLICATION

In The County Court Of Floyd County, Texas.

George T Meriwether Vs. W. E. McKinney, No. 848. The State Of Texas. To The Sheriff Or Any Constable Of Floyd County—Greeting:

You are hereby commanded to summon W. E. McKinney, whose residence is unknown, to appear at the next regular term of the county court of Floyd County, Texas, to be held at the court house thereof, in the City of Floyd, on the third Monday in March, 1934, being the 19th day of March, 1934, then and there to answer a petition filed in the said court on the 16th day of February, 1934, the file number of which is, 848 in which suit George T. Meriwether is plaintiff and W. E. McKinney is defendant; the cause of action being alleged as follows:

That plaintiff resides in Floyd County, Texas, and that the residence of defendant is unknown; that on or about 24th of Jan., 1928 defendant made his promissory note in writing for the principal sum of \$385.00, payable to plaintiff at Lockney, Texas on or before one year from date, and said note further providing for ten per cent attorneys fees upon principal and interest due if said note is not paid at maturity and is placed in the hands of an attorney for collection. Plaintiff alleging that he remained the legal owner and holder of said note at maturity and the same being past due and unpaid he placed it in the hands of S. H. Millwee, an attorney, for collection and suit and promised to pay him the ten per cent attorney's fees provided for in the note, which is a reasonable sum for such services. And that said note is now long past due and often requested so to do the defendant has failed and refused and now still fails and refuses to pay same or any part thereof, to plaintiff's damage in the sum of \$635.25. Wherefore plaintiff asks that defendant be cited in terms of law to appear and answer this petition and on final hearing he have his judgment for \$635.25 as alleged above, for costs of suit etc.

You are commanded to so summon such defendant, and to serve this citation, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county; but if there be no newspaper published in said county, then in any newspaper published in the nearest county where a newspaper is published. Herein fail not, but have you before said court, on the first day of the next term thereof, this writ,

with your return thereon showing how you have executed the same.

Witness A. B. Clark, Clerk of the County Court of Floyd County, Texas.

Given under my hand and the seal of said court in the City of Floydada this the 16th day of February, 1934.

LOOK OUT FOR CARBON MONOXIDE

We have seldom hear of a more distressing accident than the death of nine Dartmouth students and their pet dog, as they were sleeping peacefully in their fraternity club house on the college campus. Something went wrong with the furnace, and they were killed in their sleep, every one who was in the building, by the deadly carbon monoxide gas.

This is a form of poisoning which is becoming much too com-

mon. More than 50,000 persons were killed last year by carbon monoxide. Some were overcome while in their cars, left running in closed garages. Many died from sleeping in closed rooms with a gas fire going. There were comparatively few who met their death from gases escaping from a furnace, as in the Dartmouth case, but enough to make it seem desirable to utter a warning to everybody who depends upon coal stoves or coal furnaces to look to their heating plants.

Many people have the idea that they can always smell the

gas in time to open a door or window. And many have met their death because they did not realize that the poisonous carbon monoxide which is given off whenever coal or petroleum products are burned is odorless. Its presence cannot be detected by the nose. The unpleasant odor of coal-gas or the exhaust fumes of an automobile misleads folk into thinking that unless they smell something there is no danger.

Nobody can smell carbon monoxide. There is no warning but the sudden collapse and speedy

CHEVROLET LEADS IN PRODUCTION IN FEBRUARY

Produces 43 Per Cent Of The Three Leading Cars In This Price Field

"During the month of February Chevrolet lead the field in the manufacture of the three leading cars in this price field, manufacturing 43 per cent of the number of cars. Also lead their nearest competitor by 12,936 cars," states Mr. Barker of the Lockney Auto Co., dealer for Chevrolet. "The 1934 Chevrolet is a tireless new car embodying all the latest features. If we had modified our 1933 product we could have attained volume production at an earlier date. Now that Chevrolet is in full production we expect to produce 109,000 cars in March, 80 per cent being passenger cars. The Chevrolet Motor Co are allotting their cars to each dealer on as fair and equitable a basis as possible. There will be no partiality shown to any section, for that would entail a sacrifice elsewhere," stated Mr. Barker. Mr. Barker states "that he has assurance that production for March, April and May will exceed any three consecutive months since 1929." Mr. Barker goes on to say "that Chevrolet has built, delivered twice as many cars in the past two and a half months of 1934 as the built in the same period of 1933. April of this year will be the largest production month in all Chevrolet history." Pd. Adv.

AT THE METHODIST CHURCH

Sunday School, 9:45 A. M. Preaching, 11 A. M. Leagues, 7 P. M. Woman's Missionary Society, Monday 3 P. M.

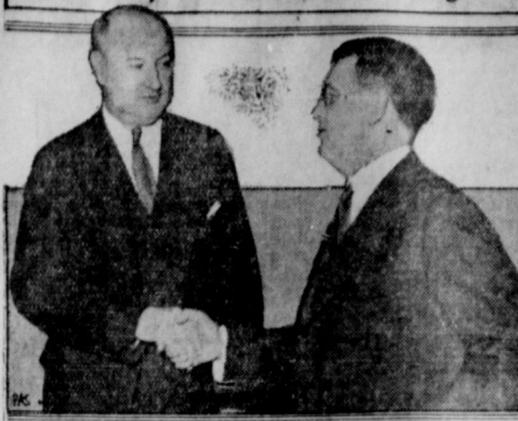

There will be no service at the evening hour. The Revival being in progress at the Baptist Church the evening service will be called, off and give the congregation an opportunity to attend service at the Baptist church.

We were very much encouraged at the attendance last Sunday. We feel like that our work is going to be a success, as both the pastor and the membership pledged each other to take a greater interest in the work of the church, and each of us to do our Best. We certainly appreciate the pledge that was made. God be praised, and pour out His blessings up on us. We take fresh courage and expect Great Things the remainder of the year.

Pattern No. 8130. Designed in 3 Sizes: 2, 3, 4 and 5. Size 4 requires 1 1/2 yard of 35 inch material. To make the collar portion of contrasting material 1/2 yard 35 inch wide. Bias binding 3/4 yard. Dress without collar 1 1/2 yard.

Morning Frock

8121—Not only practical, but comfortable. The yoke is cut with long shoulders, to form sleeve sections on the upper part of the arms.

A small shall collar meets the overlap at the closing. Panel seams end in low place plaid fullness—and servicable pockets complete a very pleasing effect.

This frock slips readily over the shoulders—a narrow belt holding the fullness at the waistline. One may use gingham or linen or tub silk for his style, with the collar and overlap in contrasting material.

For Little Girls

8130—The flares on the collar will ripple like little wavelets when you dance or run, and you may have the dress without the collars, with plain round neck tied in front with a ribbon in your favorite color. Have it in crepe or taffeta, if with collars. Pale blue with he flares alternate pink and blue or white and blue. Without the collar, it will also be nice in the crepe or taffeta. If for play-time you could choose a plaid gingham or a cotton sude.

The drop shoulder is ever so nice now, with the perky puff for a sleeve, and pleats make the skirt fuller.

For PATTERN, send 15 cts in coin (for each pattern desired) your NAME, ADDRESS, STYLE NUMBER and SIZE to Patricia Dow, (Lockney Beacon) Pattern Dep't 115 Fifth Avenue, Brooklyn, N. Y.

Fresh lime kept in the cellar absorbs moisture and freshens the cellar.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and unregular. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Ever-body wants to run from you.

But don't take salts, mineral waters, old laxative pills, laxative candies or sleeping pills and expect them to get rid of this poison that destroys your personal charm. They can't do it. For they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cassia won't help at all.

Only a free flow of your bile juice will stop this decay poison in your bowels. It is a free flow of your bile juice is Carter's Little Liver Pills. We cannot recommend to Carter's. Only the solid vegetable extract that you would bring back your bowels to normal. It is a free flow of your bile juice according to directions today. Get at drug stores. Beware "something just as good" for it may grip, loosen teeth or erode stomach. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C. M. Co.

To open a glass with a glass stopper, ligh a match near the stopper. The bottle will immediately, and very easily open.

Paint or mortar spots may be hardened by water with hot vinegar. If they are stubborn use turpentine and sand.

Beware of too much bluing in the water in which you rene white goods. It will yellow them in time.

Boots and shoes that have been hardened by water will become soft and pliant if soaked in kerosens.

Common soap, lathered, and placed on burns, is more effective than ordinary grease. A bit of salt should be sprinkled on over the lather.

Tinware may be cleaned by a piece of moistened newspaper on which has been put some common soda. Polish tin with a dry piece of newspaper until it looks like new.

Iron rust spots may be removed from any fabric by a mixture of salt and lemon. The spots should be rubbed with the mixture and then held over a vessel of hot water.

Tough meat can be treated by placing it in a sauce pan with a piece of fat or suet and allowing it to brown on both sides. Then fry the meat or cook it, and it will be deliciously tender.

Aiken Purebred Cotton Seed

If the seed you have been planting are making the yield per acre that it should and has a good lint and is storm proof we would suggest that you plant the seed you have but if you are not satisfied with the cotton you have and want to make a change don't you think it will pay you to get a seed that has been tried out on the plains under all conditions one that is climated one that over 400 hundred farmers planted last year here on the plains under the same conditions which you have for making a cotton crop and with very few exceptions these same farmers would not plant any other kind of cotton since they have tried this cotton out under all conditions.

We can give you the names of a number of farmers in a radius of 4 miles of Aiken that made more than a bale of cotton to the acre on land that was not irrigated.

We are selling these seed at a remarkably low price for the quality of seed that we are offering you and are selling them to you outright so that you are not bound to gin your cotton at any certain place but can gin where you can get the best Ginning service and do what you like with your seed this fall.

We will allow you \$25.00 per ton on any good seed that you may care to trade in on our planting seed.

The syrup makes the sauce or the desert, 6 servings.

2 tbsps milk
Sift the flour and baking powder together. Cream the fat; stir in sugar gradually; stir in unbeaten egg yolk and the vanilla. Stir in about 1-4 of the flour; stir in the milk, then the remainder of the flour. Pack the mixture firmly in butter cartons or shape the dough into rolls about 2 inches in diameter, wrap in heavy brown paper, twisting the ends. Chill molded dough thoroughly until very hard. While mixture is chilling, prepare filling:

Simple Stuffed Eggs

6 hardcooked eggs
1 teasp. vinegar
1-2 teasp. dry mustard
1-4 teasp. pepper
1-2 teasp. salt
1 1-2 teasp. mazola

Cut the eggs in half across or length wise, as preferred. Slip out yolks, mash with a fork, add

Old-Time Filled Cookies
1 3-4 cups flour
1 1-2 teasp. baking powder
1-2 cup fat
1-2 cup sugar
1 egg yolk

Two Little Fellers Needin' a Friend

NEW YORK . . . They were captured in the mountain wilds of China; they have traveled more than 10,000 miles; they are still less than a year old . . . and now they are housed in the New York zoo . . . where milk and honey seems plentiful. They are "mystery" cubs, zoologists now trying to decide whether they are Himalayan Browns, Oriental Grizzlies, Black Bears . . . or some rare and unknown species. Photo shows "Scotch" and "Soda" upon their arrival, being fed by Miss Florence La Baze who gained their friendship aboard ship.

other ingredients. Mix until paste is smooth, refill whites. Serve on lettuce or on toast with hot sauce

Candy Easter Eggs

2 cup sugar
1-2 cup water
1-4 cup white karo
Red fruit coloring
1 teasp. vanilla
1 pkg. cocoanut

Boil the sugar, water and syrup to the soft ball stage (238 degree F.) Remove from fire and let it stand until lukewarm (110 F.). Add fruit coloring to make a deli-

cate pink. Add vanilla and shape like Easter eggs. Place on waxed paper to harden. Makes 12 to 18 eggs.

MEDICAL ADVICE

If you want to . . .
relieve constipation safely
regulate the dose to suit your exact need
avoid danger of bowel strain
—use a liquid laxative

Can constipation be safely relieved? "Yes" say medical men. "Yes" declare thousands who have followed their advice and know.

You are not apt to cure your constipation with salts, pills, and tablets, or any habit-forming cathartic. But you can relieve this condition just by gentle regulation with a suitable liquid laxative.

Why Hospitals Use a Liquid Laxative

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Will not irritate kidneys. The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative, read the label. If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drug stores have it, ready for use, in big bottles.

WHAT A.T.&T. means to your telephone service

The men and women who furnish your telephone service here could not do their job so well without the help of American Telephone and Telegraph Company, parent organization of the Bell System.

If a better way of doing a job gives better telephone service on the Pacific Coast, it may work equally well in the cities and towns of this state.

Staff experts of American Telephone and Telegraph Company, parent company of the Bell System, search constantly for these economies and improvements . . . test them . . . study them. The perfected result is offered to aid the 24 Bell operating companies . . . of which the Southwestern Company is one . . . give a nation-wide telephone service, uniformly good, at a fair price.

This is a fundamental policy of the Bell System. It is based upon the belief that what is best for the telephone user is in the end the policy that will bring us the surer, more enduring measure of success.

Baseball's Greatest

NEW YORK... John J. McGraw (above), 60, called baseball's greatest figure, died last week with his beloved New York Giants as world champions. It was McGraw who picked and developed Manager Bill Terry and turned over to him the management when health failed in 1932. No man was happier than McGraw last Fall when the fighting Giants beat Washington for the world title.
