ALL-DAY PROGRAM FOR NEXT "FELLOWSHIP DAY" IN LOCKNEY

Program Committee Announces Big Double Feature—Soft Ball Games and Fiddlers Contest

The Program Committee for the "Fellowship Day" in Lockney announce a big double feature program for next Tuesday May 29th. Things will begin to happen Tuesday morning at ten o'clock. First on the program will be soft ball games between the rural school teams beginning at ten o'clock. Every rural school soft ball team that wishes to enter this contest must send a representative to the Beacon office not later than Saturday and register the team. If you can't come write. Tuesday morning teams will draw for place and we will be off to the races. Messrs. Wilford Jones, Superintendent of Lockney schools and G. D. Tate, principal of Lockney Grammar school will have charge of this part of the program. One ball and a bat will be presented to the winning team.

Beginning at 1:30 p. m. on the Main Street an "Old Time Fiddlers' Contest" will be held. All you fiddlers that play old time tunes get your fiddle in shape and be here. The street will be roped off and a big time will be had by all. Your age has nothing to do with the contest. It makes no difference if you are 109 years old or just 6 years old, if you play old-time tunes get in this contest. First prize \$5, second \$3 and 3rd \$1. Cost nothing to enter—Will Brewster will have charge of this program.

The big guessing contest Tuesday of this week proved very popular. The town was crowded with people from eleven o'clock until dark. A big time was had by all. Friends and neighbors met, acquaintances were renewed and everybody went away happy.

Tell your neighbors about the big double program for next Tuesday and remember it starts at ten o'clock a. m. Don't let anything keep you away. Come and have a big time, do your shopping and swapping.

Big Cash Contest at three P. M. Bring your tickets along. Mr. C. K. Rhine was awarded the \$25 last Tuesday.

EXPERT ROD AND REEL MEN ON FISHING TRIP

Harve Pennington and Bob Shelton and some other gentleman that is an expert with the rod and reel hiked off this week down on the Llano to hook a few of the finny tribe. These old boys know just how to get the job done when it comes to catching fish. They will be back about Friday or Saturday.

Chipmonks can sing better than birds.

WAYLAND ALUMNI MEET AT HILTON TUESDAY

Bill Bobbitt Elected As President Of Association

Approximately 100 former students and seniors of Wayland College gathered at the Hilton Hotel at Plainview Tuesday evening for the annual alumni banquet. They came from New Mexico and all parts of West Texas to visit the scenes of their first college training.

At the business session which followed the program, Bill Bobbitt, class of 1927, was named president, Celeste Watson of Plainview was chosen vice-president, and Mrs. Carl Yoakum of Portales, N. M., was elected secretary and treasurer.

Rev. Willis J. Ray, a district missionary of the new division of the State Baptist Convention and former pastor of the Lockney First Baptist Church, served as toastmaster. His last official capacity as president of the Wayland Ex-Students Association. He proved a splendid toastmaster and kept the program moving rapidly to its conclusion.

OFF TO BALLINGER ON FISHING TRIP

Arthur Barker, Bob Muncy and Mr. Sandusky and their families are leaving today on a fishing trip to be gone about ten days. They are going down in the Ballinger country where the fish are plentiful, so they say. Upon their return they will have to listen to a few big fish stories for the next ten days. Of course the big ones will get away, as per usual.

PRIMP BEAUTY SHOP MOVED THIS WEEK

The Primp Beauty Shop operated by Mrs. Ima Fisher moved the first of the week from the resident section into the building across the street from the Baker Hotel formerly occupied by Joe McCollum.

LIGHTNING STRIKES CONDE DAVIS HOUSE

Lightning Monday night accompanied by strong wind and rain struck the home of Mr. and Mrs. Conde Davis following a pipe into the kitchen where the wall paper was torn loose and left sagging. It also struck the street light in front of the house scattering splinters over the yard.

DON'T FORGET ABOUT CEMETERY WORKING

We want to call to your attention again the Cemetery Working that will take place on May 30th. Don't forget to be there at 8:30 A. M. with pick, shovel, hoe and rake. The ladies are requested to bring well filled baskets of good eats and dinner will be spread at the noon hour. Sometime during the day officers will be selected for the coming year.

LOCKNEY BLUE EAGLES WIN

Last Saturday the Blue Eagles beat Providence 6 to 5. Earl Cooper a new recruit to the Eagles, pitched good ball allowing Providence 9 hits.

Sunday the Blue boys were on the Big end of a 11 to 8 score over Hale Center. The game was a feature of home runs each team getting 3.

Bloxom, Reecer and Holmes hit for the circuit on the local team.

New prices go into effect this week end. They are 15c each two for 25c or the entire family for 50c.

The schedule brings Muncy here Saturday. This is a free game.

Quitaque plays here Sunday.

The Brooks tailor shop gave a free cleaning and pressing job on a suit for the first home run. The prize went to Bloxom. Several merchants contemplate giving prizes from now on. Be sure to come out and see the games this week.

A Gracious Gift, A Song and a Rose

NEW YORK . . . Amid a great profusion of beautiful flowers everywhere the beloved Ernestine Schumann-Heink (left), symbolized a fitting tribute to Mrs. James Roosevelt (right), mother of the President, when at the end of her song dedicated to Mrs. Roosevelt, she presented a long red rose to the gracious guest of honor.

MAIN STREET CHURCH OF CHRIST MEETING IN PROGRESS

Evangelist Cled E. Wallace of Georgetown, Texas is preaching twice daily in his fifth series of sermons with this church. Brother Brewster from Plainview is leading the songs. All are urged to enjoy this feast of gospel activity. It will continue throughout next week. Three services and dinner on the ground are planned for next Sunday. All are invited. We hope you will come and leave feeling that you were glad you came.

REGULAR MEETING OF LOCKNEY AGRICULTURAL & DEVELOPMENT ASSOCIATION NEXT WEDNESDAY

Next Wednesday night at 8:00 is the regular meeting date of the Lockney Agricultural & Development Association. Every Business man and every individual citizen and every farmer of this community is requested to attend this meeting. This is your organization and it will be just what you make it. Let everybody attend the meeting and discuss various problems that are of interest to the whole community. This is not a one or two man organization, it takes in the whole community.

Dillinger's Girl

ST. PAUL . . . Photo shows Evelyn Prochotte, half-breed Indian sweetheart of outlaw John Dillinger, as she was lead into court to face a federal indictment charging she harbored the notorious criminal. She had pleaded not guilty at an earlier arraignment.

Rueben McGilvray, local manager for the West Texas Gas Co., attended a Electrolux Gas Refrigerator School at Lubbock the first of the week. The Division Salesmanager for this refrigerator was present and instructed dealers in the installation and servicing of this machine.

Misses Hazel Ford and Patricia Patterson are at Krum, Texas, this week as the guest of Dr. and Mrs. Knox, who are grandparents of Patricia.

"HUB" MASON CHOSEN COM MITTEEMAN AMERICAN LEGION THIS DISTRICT

District Convention Held At Lubbock Saturday And Sunday 500 Attended

American Legion post representatives from the newly created 19th District met at Lubbock Saturday and Sunday and named "Hub" Mason of this city as the first District Committeeman.

Lee T. Stinson of Snyder, unopposed, was chosen assistant executive committeeman; E. C. Kendall of Plainview as Committeeman Mason's adjutant, and Riley F. Huie, commander of Allen Bros. post, Lubbock, district delegate to a national Legion convention at Miami and O. L. Weakly of Post as alternate, delegate.

About 500 Legionnaires and auxiliary members attended the meeting, which began Saturday and had an official registration of 371. George S. Berry, Secretary of the general arrangements committee reported.

Mason, a member of W. E. Landrum post, No. 141, Lockney also is a squadron commander in the 36th division air corps of the Texas National Guard.

In the election of executive committeeman Mason received 45 and Weakly 41 votes, after a third candidate, Jack Thomas of Levelland withdrew.

An attempt to throw out Lubbock votes because they were those of the host Post was defeated. Lubbock had promised to support Mason's candidacy before Lubbock was selected as the place of the meeting. Lubbock Legionnaires said.

A resolution endorsing George Broome of Amarillo as a candidate for the 5th division command was passed. A divisional convention will be conducted at Lamesa, June 22-24.

The divisional area extends from the Oklahoma panhandle to the Rio Grand and eastward to Taylor county.

A resolution that the post commander of the host city hereafter should be sent to the national convention as delegate from the 19th congressional district was defeated. Smaller posts did not feel they could bear their proportion of the expenses, it was said.

Bob Lindsey, executive committeeman of the 18th district, of Borger, presided at the meeting, at which the 19th district Legion shaped an organization.

George E. Hughes, state department adjutant and Dr. Bradford Knapp, president of Texas Technological college, spoke at a joint session of the Legion and its auxiliary Sunday afternoon in the Auditorium.

Among the Legion Membership attending from Lockney were Mr. and Mrs. Clyde Applewhite, Mr. and Mrs. Hugh Counts, and son Garland; Mr. and Mrs. Geo. Newman, Mr. and Mrs. J. C. McCollum, Dr. Anders, "Hub" Mason and Watt Griffith.

FINAL REPORT ON '33 CROP OF COTTON GIVEN

The crop reporting board's revised figures made public Tuesday, show United States cotton production last year amounted to 13,047,000 bales of 500 pounds each.

Ginnings from the 1933 crop as reported by the Census Bureau in bales of 500 pounds gross weight totaled 13,047,262. The yield of lint cotton per acre as revised by the board, was 208.5 pounds and the area picked was 29,978,000 acres. The area in cultivation on July 1, 1933 was 40,852,000 acres.

Mr. and Mrs. Geo. H. Mahon and daughter of Colorado were here over the week end visiting Mrs. Mahon's brother and wife, Mr. and Mrs. O. E. Stevenson. Mr. Mahon delivered the address at the Grammar School graduation exercises Friday evening at the City Auditorium. Mr. Mahon is a candidate for Congress of this new 19th Congressional District.

Relic Committee—Mesdames Maud Hollums, chairman, John Griffith, R. C. Scott, and Tom McLain.

ANOTHER GOOD RAIN MONDAY NIGHT

Just as regular as Monday rolls around we receive a good rain. Last Monday night it amounted to about three-quarters of an inch and in some localities a little heavier. Wheat farmers are still wearing a smile that want come off. It now looks as if we are going to have a pretty fair harvest if nothing happens in the way of hail.

Miss Clara Gunn left Wednesday for Spur where she will be the guest of friends until this week end.

Entered April 14, 1902, as second class matter at the postoffice at Lockney Texas, by act of Congress, March 3, 1879.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Beacon will be corrected gladly upon its being brought to the attention of the publisher.

In a long editorial on the front page of the Amarillo Sunday News-Globe the "Betrayal of the Panhandle" is set fourth in the matter of aid to families of the through area of the upper Panhandle. Harry Hopkins federal emergency relief director at Washington is brought to task for not giving this section of the country the aid that was promised them when President Roosevelt himself signed a Presidential order allocating a special fund of \$8,900,000 to that part of Texas. This money has never been received. The question is asked "What became of this money?"

These autocratic Senators up at Washington are ever watchful that they may become a "rubber stamp" organization. They insist to be told what has been told or made to do and such a thing they do not like the idea of becoming a "rubber stamp" men. Most of them have allowed themselves to become obligated to us and that interest and it kinder goes against the grain when they are called upon to pass a piece of legislation that is not endorsed by our special interests and they begin to holler "rubber stamp."

These cattle inspectors are an efficient bunch of fellows. It is ten of them and a flock of clerical men to find a couple ticks in a herd of seven hundred cattle that were to be shipped in down close to the border to their points. The cattle were ped a couple of times, shipped at was held up for 20 days at the shipper finally sold them a loss of \$3,500. Pretty expensive ticks, if you ask us. When we go to selling for \$1,750 they are getting in competition with Pink Boll Worms in Dawson and Terry counties. Three Pink Boll Worms and in those counties by a couple of college students a few years back cost those counties \$10,000.00.

In New York apartment houses there are 335,000 flea bitten dogs. Just think of it three hundred and thirty five thousand dogs in New York apartments. That is too many dogs. Who would want a dog in a New York apartment? What are they good for? What takes to keep a dog's youngster could be reared, who knows but what he or she would be worth something in this country in a few years. A lousy poodle is nothing but a lousy hound and never will be worth a grain of salt. Some people have foolish ideas they do.

We read in the papers where African Chief has 1,000 wives at an overhead, what an overhead. Just think how much coin it takes to buy a "summer rig" each of the wives. Or do they wear clothes in Africa. If they do this Chief sure does have a

nice sized Nudist Colony on his hands.

The other day a peace office in one of our South Plains towns called up the peace office in a neighboring town and told him that Clyde Barrow was headed that way. "Thanks for notifying me, if he ever passes through here headed your way I will let you know." And hung up. These peace officers are certainly organized when it comes to safety.

"BRAIN JEWELS" FROM OUR EXCHANGES

FAVORITISM IS CHARGED.

Controller General McCarl has caused to be thrown open for new bidding all of the war department recent \$10,000,000 automotive purchases with the exception of one truck award amounting to \$350,000. A situation resembling somewhat that which existed with respect to the awarding of air mail contracts recently cancelled apparently was uncovered according to the reasons given by Mr. McCarl for his rulings making it necessary that new bids be submitted. Awarding of the contracts had been held up pending completion of investigations ordered by some of the house military affairs committee.

The controller found he said that the war department in soliciting bids had drawn its specifications in such a way that competition was eliminated. "This is not a new difficulty," he said in one of his letters to the war department. "Rather, it seems an over-growing one. The tendency toward minuteness in stipulating what will be acceptable in mechanical construction, etc., has increasingly apparent during recent years. It is now openly asserted that it is due, in some measure, at least to high pressure salesmen. It is now openly asserted that it is due, in some measure, at least to high pressure salesmen."

Condemning the tendency, he pointed out that it was wrong "if the government is to continue to look to industry to meet its needs through supplying automotive equipment assembled in whole or in substantial part."—Lubbock Morning Avalanche

We are becoming more and more convinced every day that our government has been manipulated the past few years for a favored few. The above comment by the Avalanche is a very good example just what has been going on. This is nothing more than a high-handed piece of rotten boycott and then we wonder what caused the "depression." No wonder a lot of men high in business and financial affairs of the nation are hollering their heads off about the New Deal. The grapes are not so plentiful. Mr. Roosevelt is looking after the vineyard.

Many people of the smaller cities and communities of this section are beginning to smell a mouse and are openly talking that Lubbock is not pulling for road building other than those that go to Lubbock. It is pointed out here for those that come from the east or south and go into Lubbock, that all recent road meetings back, such as the road to Fort Worth and Dallas. No. 9 from the south, and that they have been as silent as a grave on building 84 and 83, and pulling for 137 that goes to that city. But if the smaller towns on other routes will get right in the harness and show some fight they will get results. Lubbock or no Lubbock. They don't pay all the taxes in this section.—Brownfield Herald

So you are just now finding out that Lubbock is not interested in

—and the Worst is Yet to Come

developing the great South Plains of Texas unless it in some way touches Lubbock. Naturally Lubbock is interested in building Lubbock and not Brownfield. Brownfield is interested in building Brownfield and not Lubbock. Every tub should stand on its own bottom, don't depend on the other town to build your town—that is your job. Don't be fooled when citizens from another town come to your town with a proposition that "they are going to help you to make a greater town out of your town." They are primarily interested in their own town and who can blame them?

Two editors of Panhandle papers that come to the Chief exchange desk took occasion to knock on the Panhandle Press Association in their editorial columns last week. The last session held in Amarillo, May 4-5, was in our estimation the very best convention that has been held in years. Some of the old heads were missing at the meeting including the two editors that handed "slaps" at the fraternity but in our opinion this was all the better as it gave the small country fellow a chance to horn in where otherwise some of the "big boys" constantly have the floor. The press gang officials for next year are live wires, with Dave Warren of the Panhandle Herald, as president, and J. C. Eastlack of the Doley County Leader. Clarendon as secretary.—Miami Chief

Some people take themselves so darn seriously they have come to believe that if they are not in attendance at any kind of a gathering it is bound to be a "flop." Any meeting is better off without them for in most cases they are so narrow between the eyes they can look through a key hole with both eyes at the same time.

In the present unsettled condition of the world, which portends another general war within a comparatively short time, there are certain complacent gentlemen who are licking their beefy chops in anticipation of the "good times to come." They will sell munitions and supplies and pull down rich army and navy contracts. Others will find many ways of getting rich over night at the expense of the poor devils who go out to be slaughtered.

But none of them will do any fighting themselves. Their motto is "safety first and money always." And when the time comes they shout the loudest for war.—Tulia Herald.

We will never have world wide peace until munition manufacturers are outlawed and closed down and quit manufacturing ammunition to slaughter people with. It is natural for munition manufacturers to talk about war and rumors of wars and try to stir one up. War means real business for them. But they are in a darn poor business if you ask us and if one of them should die and by any chance go to Heaven he won't be there three hours until he will be trying to promote a war and land a big ammunition contract.

WOMAN'S COLUMN (BY JEANE SUITS)

All the school children say it's a grand and glorious feeling to be out of school once again after nine months of mental strain—it's vacationing. Hip hooray, and playtime for all. No more books of knowledge to perse— I tell you it is just plain old free and easy weather time for all of us to enjoy in our own individual lazy manner. Some of us will perhaps take a trip into the mountains, go to the World's Fair or Sunny California while others will remain at home, perhaps by choice, to relax, or because of lack of money, but whether tis one or the other those fortunate enough to make a trip will no doubt be envied by us stay-at-homes. Yep! schools out, folk, and "can we take it!"

Since reading that paragraph over I've decided as a committed one that it's about the rottenest thing I ever produced and that's saying sompin'. It simply starts no where and evidently get no where in spite of my good intentions—I don't think I shall strike it out though unless I have a brain storm because it does fill up a little space. Oh, yeah, I know what's wrong with me—it came to me just like that—Pangs of hunger have been haunting me all morning and that horrible habit of eating, acquired while quite a small child is calling me. I really must go to lunch and after satisfying my cannibal instinct of devouring food I shall be with you again for another brief chat.

Well, here I am fittin' as a fiddle and at your command, Oh, say, I saw the funniest thing yesterday at the theatre—searching parties for little kidnapped June Robles of Arizona were shown in a news reel and it went on into detail about how she was abducted from school and that her whereabouts and kidnapers were still unknown—I almost laughed right out loud just thinking about how funny it was 'cause the whole audience knew where she was all the time—You see we read the papers. I think the theatres should be more careful about their showing of current events because of the fact that so many things can happen within twenty-four and what is news today is history tomorrow. The showing of such stale happenings become a farce because people love to be told astonishing things about strange subjects instead of news they have already solved themselves. Here's hoping you get as big a kick out of the comical situation as I did!

The swimming pool opened with a "bang" last Sunday afternoon—they came from far and near to bathe in the cool transparent water. Blue, yellow, green, red, and brown bathing suits dotted the pool—some were basking in the sun on the bank while others chose to dive, swim, and

splash in the water. It was all like very similar to a beach scene one big water carnival. 'Twas minus the sand and beach umbrellas. From all observation I don't think the bathing suits are going to be as extreme as they were last season. The backless type is taboo—the more stylish feature only a lowback, but I believe the boys are getting more risque if possible. Some don a pair of woolen trunks and they are read for a nice dip. Whew! that may go to wear nothing more than be okay but I believe if I were that I would just join the nudist and forget about the trunks. Of course that opinion is just between me and you!

Blushing brides, nervous grooms, and twittering bridesmaids will be all aglow marching down the aisle. June is designated as one of many weddings and any other month in the year is good for a divorce. There is only one popular month in which to be wedded, but every month in the year thereafter is okay for a divorce—now is that right, or is it right? 'Tis better to have wedded and bossed than to have wedded and lost! A bridesmaid thrice, never a bride—so do be careful girls and not get mixed up in three weddings or else you'll remain single the rest of your days. On second thought it might not be a mad idea even at that!

It won't be long now until the marry, marry month of June.

Australia produces about 1-4 of the world's supply of wool.

BEGINNING JUNE 1st CREAM WILL BE BOUGHT ON GRADE BASIS

2-Cent Premium Paid For No. 1 Cream Over No. 2 Cream And No. 3 Cream Not Bought At All

Beginning June 1st cream will be bought in Texas on grade, with a 2-cent premium paid for No. 1 cream over No. 2 cream and No. 3 cream not bought at all. To aid farmers to obtain the premium and to avoid losses the Texas A and M Extension Service announced that county agents will assist creamery road men

in explaining to meetings of farmers the necessary steps to produce No. 1 cream.

The cream grades as set forth by the State Department of Agriculture are: No. 1 sour cream is slightly sour, clean to the taste and free from objectionable odors and flavors and containing not less than 25-per cent butterfat, and shall be free from all extraneous and deleterious matters. No. 2 cream is too sour to grade No. 1 and may contain slightly off flavors and odors and shall be reasonably free from extraneous and deleterious matters. No. 3 cream shall be any cream which will not qualify as No. 1 or No. 2 cream and which consists of all cream containing oily, yeasty, musty, onion or any other similar flavor or foreign fats and scrap butter that would render it unfit for human consumption.

CHECKER TOURNEY SLATED AT RALLS

A West Texas-Plains checker tournament will be conducted at Ralls June 1-2, according to Claude Stephens of Ralls, who will direct the tourney.

The meet, Stephens said, will be a follow-up of a tournament conducted recently by the Dalhart Texan at Dalhart. Players from Amarillo, Borger, Dalhart, Lubbock and other cities will enter.

Cash prizes will be awarded for the first three places. A small entry fee will be charged to help defray expenses. First match play will be at 10 a. m. in the city hall at Ralls.

A state checker tournament will be conducted in Dallas early in June, Stephens said.

BANK CAN'T LOCATE OWNER OF \$6,000

Miss Clara Beacham— address unknown—has \$6,000 on deposit at the American Bank and Trust Company at Ft. Worth which the bank would like to return to her. The account, inactive for three years was placed there by H. D. Beacham, a former Fort Worth barber now believed to be in Mississippi.

The \$6,000 is a part of \$10,000 the bank is attempting to pay depositors to complete liquidation of deposits after a reorganization as a trust institution. Most of the deposits are \$1 or less and are due some 200 depositors, Manager J. F. Jordan said. Unless the money is claimed soon it will be turned over to the State, where it will be held intact for a time. If still unclaimed, it will be used by the State.

TRUTHFUL ADVERTISING

Usually the argument is made that every business concern should advertise, but there are exceptions. In fact, some concerns hardly dare to advertise, because they can not make good according to the requirements of modern business practice.

When advertising is untruthful or misleading it does more harm than good. Only an enterprise which fulfills the promises made in its advertising can stand the spotlight of publicity. Hence, when we find a store or other business establishment boldly advertising its wares or services, month after month and year after year, we may generally conclude that it can and does give real values.

Observing the advertised businesses of any community, large or small, will enable one to identify the most dependable concerns in that community. Only efficient and reputable establishments dare to advertise.—Foard County News.

NEWSPAPER REFLECTS LIFE OF COMMUNITY

The following was taken from a circular sent to retail merchants by a large wholesale house: "The value of your local newspaper to the success of your business cannot be over estimated. Its worth all the support and cooperation you can give it. For the newspaper is a mirror reflecting the life of the community in which you and your store have an important part. Your advertisement is the reflection of your store in the mirror. Everybody sees it there. If it is not there the mirror is dark where your store should be. You are there but you cannot be seen. Your store is open for business as usual, but 'out of sight, out of mind'. To keep in step with the progress of the community, to get your share of business, you must advertise regularly. Take your newspaper publisher into your confidence; he can give you valuable assistance. Establish an advertising budget. Plan a regular schedule for your advertisement. It's a policy that is followed by the most successful stores."

GETS JOB AND REPAYS NEW YORK RELIEF FUND, ONLY ONE TO REMEMBER

In the blackest days of the depression Edward Topek lost his job. His little bank account disappeared. He borrowed a little here and there. He sought desperately but vainly for a job. Then came park benches and bread lines.

Relief officials then sent him to the bowery Y. M. C. A. when the nights became so cold last winter. There he got a cot and two meals a day.

Topek's break finally came. He got a job as porter in an apartment house at \$55 a month.

He has paid back into the city relief fund every cent expended for his room and meals. Of more than 25,000 men cared for this winter Topek was the only one who remembered.

ATTENTION

To the man that wants to know that he can own a home when he buys. We are offering to day 10 tracts of 177.1 acres each located on or near the highway from Littlefield to Morton in Cochran County, Texas, about 12 miles from Morton. Selling this land on the Cotton Plan pay every other bale until you pay 11 bales each year. You are carried when you make a crop failure or part failure. There is no interest on this plan at any time. Put up \$100 cash on each tract; which is paid back to you when you make the first delivery of 11 bales. Break out 150 acres by November first and build a house as good as a box 14x28 and dig a well by Dec. 15, 1934. The water is about 100 ft. deep. Your first crop will be in 1935. Now come on and get you a place this year so that you will know where you are going to live next year. You should look into this Proposition.

JESS MITCHELL ANNOUNCES FOR REPRESENTATIVE 120TH DISTRICT

In this issue of the Beacon Jess Mitchell editor of the Muleshoe Journal at Muleshoe, in Bailey county, makes announcement of his candidacy as representative for the 120th district, subject to the votes as expressed in the coming Democratic primary.

Mr. Mitchell has for several years past, devoted much thought, time and labor toward bettering condition in West Texas in general. He is wide and favorably known through the entire area of this district is generally recognized as a man of large ability, a forceful public speaker, a tireless worker and entirely sincere in all his efforts. His announcement is as follows:

TO THE CITIZENS OF THE REPRESENTATIVE DISTRICT:

"It is only after long deliberation and serious consideration that I have decided to offer my services to the citizens of this 120th Representative district, subject to the action of the voters as expressed in the coming Democratic primary, and in making announcement of my candidacy, I am entirely mindful of the opportunity for service and of the grave responsibility this office entails. To me the holding of public office is indeed a sacred trust. I verily believe that aside from the duties of the Church, there is nothing more serious and more sacred than duties of the State.

"I make no pretensions whatever at being a skilled politician and in no sense am I interested in politics, as such; but I am tremendously interested in the welfare of this great area of West Texas. Though in the past frequently suggested and solicited by various friends and acquaintances, I have never been a candidate for any public office, preferring rather to be a good high private in the ranks and in consenting to office at this time it is purely with a desire born of confidence and past successes in a public way that I may be able to accomplish still greater things in the future for the people of this particular district and this great section of the State.

"I am passed 50 years of age, virtually in the prime of business life, strong physically, alert mentally and sound morally. I am a college and university graduate carrying degrees of bachelor and master of arts, besides some other degrees which I prize just as highly in an educational way. I am married, having a wife entirely sympathetic and helpful in all my aspirations and endeavors. While I am and have been a news paper editor for several years past, I am also a farmer, owning a farm tract of several acres in the upper Panhandle territory, a 320-acre farm tract a few miles west of Portales, N. M., and a diversified truck farm under irrigation three miles from Muleshoe. I have an intimate knowledge of the farmer's problems for I was born on a farm, have lived on a farm and have been an actual dirt farmer most of my life.

"I was a soldier in the Spanish-American war, enlisting as a private and after various promotions in office was for some time private secretary to Brigadier General John A. Andrews before being honorably discharged from service. I also did duty in the secret service department during the World War and was at one time United States Commissioner at Columbus, N. M., under appointment by President Woodrow Wilson.

"I yield to no one in my loyalty to our present great national leader, President Roosevelt, and am proud that I voted for him, proud to continue supporting him and proud to submit my name to the voters as a 'New Deal' candidate for representative in the Legislature from this district. I am not interested in any special groups or factions. I owe allegiance to no clique, clan nor corporation, recognizing the people only as my master.

"My desire is to give consistent, conscientious and constructive service to the State in general and especially to West Texas, looking toward eventually making the Plains area the best part of this great Lone Star Empire. My great wish and supreme ambition is to keep step with the citizens of this district to work in unison with them and to eventually participate with them, in the blessings which will come to all of us because we have fought a good fight—we have kept the faith.

"There are innumerable benefits to which this area is entitled, ought to have and could have in a large measure with the proper representation at Austin. With the representation of this section of the state in the legislative minority, it has always been a case of strenuous fighting for our just deserts and it takes strong, courageous men to give battle and win the victory over such overwhelming odds.

"While this office is not one of an executive or dictatorial nature yet it is incumbent upon one seeking it to set forth his views upon the major matters of state interest. My campaign literature to be broadcasted over the district will contain such statements, I will express them in my public speaking engagements and will be happy to discuss them with the citizens privately.

"Your vote and influence will assure you, be rewarded by faithful service toward securing equal opportunities for all and against special privileges to any."

OF INTEREST TO WOMEN

Pattern 8202

Designed in Sizes: 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 44 requires 4 1/2 yards of 39 inch material with 1/2 yard contrasting.

Designed for Street Wear

Pattern 8202—The gracious and flowing lines of the frock pictured here suggest the windswept motive so important this season. It is a frock designed for the larger woman—slenderizing, dignified but not old, not too mature in short, a most attractive style for a woman of any age who is not small or slim. The windswept motive is very becoming to the larger woman.

The printed silks lead in the latest scene for summer, next in importance are the dark sheers. This dress would be the most effective in a printed silk, but it could be made equally well in voile or a dark sheer.

Corns are caused by pressure or friction of shoes. Give toes plenty of space and the flesh will not build up into hard substance, which causes pains and pangs and frown-furrowed foreheads. Narrow, pointed shoes produce ingrowing nails which can not be corrected if the same shoes are worn. Treatment gives only temporary relief. Women's feet live a hard life. Most of the time they are just booted round. Look at

lady walkers who don't walk, but hobble.

Ink stains may be removed from linen by putting melted tallow on the mark and then washing the article. The ink and grease will come out together.

With tunics and long blouses in style, many an old dress can be given a new lease on life. Perhaps you have a dress that has been spotted or has a worn frontal look? Just make a nice frilly little tunic for wearing over it.

If glass has been broken and you have swept up most of it but see small fragments which you do not want to handle: what do you do? Take some absorbent cotton, wet it and then pick up the shattered pieces. You will avoid nasty cuts that way.

"Hang your clothes on a hickory limb, but don't go near the water" will not be the motto for seashore enthusiasts this year. Beach clothes—whether for swimming or merely sitting around—are also more comfortable.

The fisherman influence, the peasant influence, the coolie influence, the short vogue—all are responsible.

For swimming there are the simplest of "streamline" swimming suits, some of them of rubber or two-way elastic. For a combination of swimming and lounging there are ensembles with suits that are easy on the eye and capes or loose cut coats to harmonize.

There are 400 miles of sewers in London the whole drainage system representing a capital outlay of about \$80,000,000.

THEFT OF \$1 COSTS POSTAL CLERK A PENSION FOR LIFE

For twenty-nine years and 10 months Benjamin A. Heise, 54, has been a postal clerk—in July he was retired on a pension.

But today he was convicted of stealing a \$1 bill from an envelope. One dollar cost him a \$1,200 yearly pension for life and a day in jail.

HEARST CATTLE AT BROWNFIELD TO BE SHIPPED THIS WEEK

8,200 Head Have Been in Feeding Pens For Several Months

Shipment of W. R. Hearst's cattle from Brownfield is expected to begin this week, provided markets are "right." The Babri-cora Development company Chihuahua, Mexico owns the cattle—some 8,200.

Last week J. M. Barbee, general manager of the development company, visited the operations arriving by plane from Kansas City Tuesday and spending several days at Brownfield with H. W. Rowe, superintendent in charge of the operations.

Barbee indicated the cattle would be sold in several markets, the sale depending upon prices. Kansas City, Los Angeles and Ft. Worth were mentioned among other places.

Several weeks ago the cattle were placed in separate pens. The animals went into pens beginning early in December and have been on feed ever since. Some of the animals are reported to have made good gains.

A Federal Customs officer has been stationed at the pens all the time. The cattle came in under bond and in the event they are sold in the United States, a customs duty will have to be paid the federal government. The average duty is expected to be between \$10 and \$12, depending on its arrival at the post of entry, upon the weight of the animal. El Paso.

SPRING LAKE MAN HELD IN COTTON THEFT

C. E. Bland of Spring Lake neighborhood, was arrested at Plainview Thursday on a charge of marketing stolen cotton. He was later taken to Floydada where Saturday morning he admitted to officers he had stolen seven bales over the country.

Bland was operating under the name of Reynolds and said two of the bales were stolen at Lockney, but would not reveal where the others were from. Later he confessed to stealing four bales in

Floyd county. Two of the bales of cotton he sold in Plainview were taken from Olton and belonged to Phillips and Kennedy.

Several other cases of cotton theft have been reported to the sheriff's department—Olton Enterprise.

This man relieved Ed Whitfill of two bales of cotton and Pete Thornton also a bale or so.

GOOD THINGS TO EAT

CANDIED SWEET POTATOES

3 or 4 medium sweet potatoes
1 cup sugar
1 cup white Karo
Butter
Boil potatoes with peelings on. Peel and cut in slices and add sugar and syrup. Dot with butter and bake in oven until syrup is thick.

CANDLE SALAD

For each salad use:
1 slice pineapple
1-2 banana
1 red cherry
Walnut meats
Powdered sugar
Fit banana in hole of pineapple. Dish out top of banana to hold the cherry. Sprinkle nut meats and sugar on pineapple and serve on lettuce leaf.

HOT ROLLS

1 yeast cake
1 tsp. salt
2 cups lukewarm water
3 tsp. melted shortening
7 cups flour
1-2 cup sugar
Crumble yeast, add water, salt, egg, sugar, shortening and flour. When mixed, let rise until double in size. Then place in refrigerator until needed. About 2 hours before baking, make out rolls and let rise. The dough will keep for several days in refrigerator.

BAKED HAM

Wholeham.
1 tsp. mustard
2 tsp. brown sugar

Whole cloves
1-2 cup grape juice
Boil the ham slowly for three hours. Take from water and remove skin. Place in pan for baking with fat side up. Sprinkle mustard over it and rub brown sugar on fat and dot with cloves. Baste with 1-2 cups ham liquor and grape juice and bake until the ham is done.

MARSHMALLOW PUDDING

(Will serve 24)
1 qt. cream, whipped
1 pint sweet milk
1 box gelatine
1 No. 2 can grated pineapple
50 Marshmallows,
1-2 pound pecans,
1 small bottle marschino cherries.
1 orange
2 lemons
1 1-2 cups sugar
1 1-3 cups boiling water
Soak marshmallows over nite in 1 pint milk. Dissolve gelatine in 1 1-2 cups boiling water. Color with fruit coloring. Add sugar and juice of lemons and orange. When this begins to congeal, add marshmallows to which have been added the whipped cream, chopped cherries, pineapple and pecans. Chill. When cold, slice and serve with whipped cream and angel cake.

HARTLEY COUNTY'S DROUTH CONTINUES

Devastating sandstorms continue to sweep over Hartley County, and not enough rain has fallen to register. Much of the grass roots have been killed but some would come back with sufficient rain.
Man of the dairy cows are too weak to stand the sandstorms and drift into the fences and die. The whole country looks like a desert with great sand dunes. Many of the roads are impassable and lots of the farms deserted.

DENIED NEW TRIAL

Joe V. Moore, Amarillo attorney, who recently was given a five-year penitentiary sentence for the death of a child beneath his car, was denied a new trial and his appeal bond set at \$5,000.

Caterpillars on the track recently stopped a train near Wollamai Australia.

BIG PATRIOTIC PARADE AT PLAINVIEW MAY 30TH

Co-operating to make Memorial Day in Plainview a day of patriotic remembrance and reverence the American Legion Ray Blakemore Post and the Friendship Day Board are uniting their efforts in preparation for that day's events.

Since Memorial Day is on Friendship Wednesday the usual morning program will consist of a big patriotic parade, followed by the decoration of graves, the salute and memorial services at which the principal address will be delivered by a prominent visiting speaker.

The parade will form at ten o'clock with a general invitation for persons from all parts of the South Plains to participate. Particularly invited are all ex-service men, Spanish War veterans, Confederate soldiers, Daughters of the Confederacy, Gold Star Mothers and Grand Army soldiers. Transportation in the parade will be furnished all who

desire it.
Memorial services will be held at eleven o'clock at the city auditorium.

In the afternoon at three-thirty o'clock at the bandstand the usual cash contest will be held.

An English automobile builder plans to help solve the traffic problem of cities with taxicabs of short wheel base, having the engine in the rear and the drivers on elevated seats.

Why Doctors Favor a Liquid Laxative

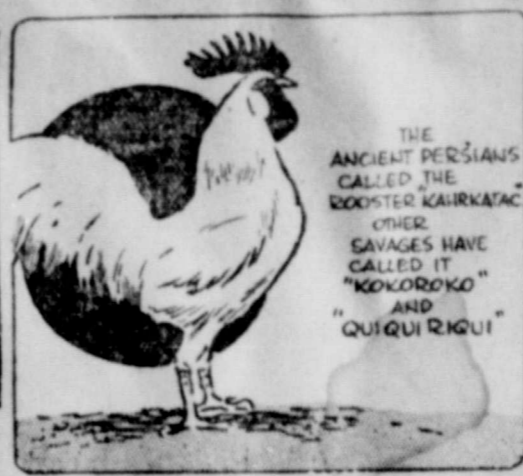

A doctor will tell you that the careless use of strong laxatives may do more harm than good.

Harsh laxatives often drain the system, weaken the bowel muscles, and even affect the liver and kidneys.
Fortunately, the public is fast returning to laxatives in liquid form. The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms no habit; you needn't take a "double dose" a day or two later.

Dr. Caldwell's Syrup Pepsin gently helps the average person's bowels back to regularity. Why not try it? Some pill or tablet may be more convenient to carry. But there is little "convenience" in any cathartic which is taken so frequently, you must carry it with you, wherever you go! Its very taste tells you Dr. Caldwell's Syrup Pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. All druggists, ready for use, in 2-oz bottles. Member N. R. A.

FORD V.8 SETS DIRT TRACK RECORD

A new world's dirt track record for a 250 mile course was established last week at Oakland Calif when Louis Myer, driving a Ford V-8, took first place, covering the distance in 3 hours 13 minutes 4.35 seconds. Twenty stock cars participated in the race which was held on a dry track with excellent weather conditions prevailing.

The first six cars to finish were Ford V-eights piloted by such well known stars of the track as Sam Palmer, Danny De Paolo, Ted Horn, Mel Kenealy and Al Gordon.

Through the grind the winner's car performed consistently and under his masterful handling was able to sweep on to the most impressive victories ever seen at the famous California track. The fact that the first six cars to finish were Ford V-eights was hailed by Ford officials and Ford dealers as another striking indication of the consistent speed and the excellent maneuverability of this car and also demonstrated the manner in which a stock car of this type stands up under the terrific punishment which is the portion of any car which goes this distance on a dirt track.

TWO BRIDGE PARTIES GIVEN FRIDAY AND SAT.

Mrs. Bryan Wells entertained with two parties Friday and Saturday afternoons featuring two tables of contract bridge each day.

Mrs. Jim Dines scored high Friday afternoon and Mrs. Steel second high. Mrs. Sam Miller received high score Saturday afternoon.

Guests Friday were Mesdames Olan Ridings, Alex Norris, Steel, O. E. Stevenson, Jim Dines, Hugh Counts, Frank Perkins, Geo. H. Mahon of Colorado, Texas, and the hostess.

Saturday guests were Mesdames Sam Miller, Carl McAdams, Henry Hodel, R. R. Wimberly, E. Guthrie, Arthur Barker, Mrs. Wardlow of Plainview, and the hostess.

Mrs. C. A. Bell of Birmingham Alabama is here visiting her nephew, Mr. R. T. Spence whom she had not seen for thirty years. She returned home with Mr. and Mrs. Spence Mother's Day from Wichita Falls where they visited Mr. Spence's mother who is 83 years old.
