

CHATTERGRAMS

BY JEAN SUITS

Well, of all things! I just noticed where the new fad in jewelry is a divorce ring in the form of a broken cupid's arrow set with gems. Since there's plenty of busted marital affairs in Hollywood, a ring of that sort must be about the most popular. You see they are made of lasting quality and one would probably do John Gilbert or Jean Harlow for several divorce court trials anyway.

The Kimberly mines in South Africa ate the largest in the world. Did you know that the workman will even swallow a precious stone just to get out with it? Some of them even smuggle out stones by cutting themselves on the under part of the foot or under arm. Then they place a stone in the cut and carry it out after the wound has healed.

But it didn't take the officials of the mine long to do away with these tricks. Before leaving each workman is x-rayed and searched thoroughly.

Just thought I'd tell you that to prove how crazy people are for money. They will do anything in the world just to gain a few more bronze coins. Stop for a few minutes and check up on your self. Is your life dominated with thoughts of money or not?

Oh, that's all right, you don't need to answer out loud. I once had secret ambitions.

Imagine your embarrassment over a few innocent snapshots taken years ago in the dark ages. Did you ever look over pictures taken several moons ago and turn a newly born sky-pink?

For instance, if you are entertaining your best love on the sofa in the dimly lighted family parlor and suddenly, little sister busts in like a fresh norther to show your friend the funniest picture she found of sister in the ancestral album. Oh, your chance is gone, you're ruined, because right there before your lover's eyes is a life size portrait of yourself in a ridiculous short dress showing your knobby knees and bow-legs. Your beautiful hair, he is always raving about, is screwed up in a wad at the nape of your neck with a pert little bow setting on it just to tantalize onlookers.

Horrors! Why didn't you destroy that pose long ago? That picture was okay in its day but its day's gone. You'd better take lessons from the experience told above and take inventory of your album ere many more years roll by.

Hired and Fired. That's what happened to a novice not long hence according to a joke I heard recently. The boss told his assistant that he had to fire the secretary he hired that morning. Upon asked why, he said she absolutely had no experience—He told her to sit down and she looked around for a chair.

Some pretty mean jokes have been aimed at the boss and his secretaries as well as, traveling salesmen and Scotchmen. Since these three subjects are about worn out, I think movie star marriages and stale radio broadcasts would be rather good targets. They might even let the absent minded professor rest and turn loose on high school and elementary teachers for a change!

HOME ECONOMICS ORGANIZES CLUB WEDNESDAY

Miss Harriet Dickerson, Home Economics teacher in Lockney high school, called a meeting for all of the home Economics girls Wednesday afternoon to organize a club.

Edna Copeland was elected as president, Gladys Gilliland, vice-president, Alice Kuehn, secretary and treasurer, and Melba Simpson, reporter.

A social and program committee was appointed. The club decided to have a meeting the last Tuesday in each month. At the next meeting the members will be initiated into the organization.

THE LOCKNEY BEACON

Dedicated to the Interests of This Section, That No Good Cause May Lack a Champion

VOLUME 34 LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, SEPT. 20 1934 NUMBER 2

LOCAL BOYS AND GIRLS GO TO TEXAS COLLEGES

New and Old Students All A Twit over Prospects of College Life This Winter

Households in this vicinity have been in a hustle and bustle the last two weeks preparing daughters and sons to go away to College. While mothers and fathers are worried over financing the war's work, Mary and John are all a twitter over the very thoughts of campus life.

Those entering as freshmen have a lot to learn about this campus life in the raw—it's seldom mild. New students come to college thinking that everyday is going to be a frolic. Of course it would be, 'cause all courses and picture shows about the higher institutions of learning feature a hotcha time had by all. They think every class is just another circus with the professor as master of ceremonies.

It won't take long to discover the real situation and all disappointments will be forgot. Quite a number from here are going to the West Texas State Teachers College at Canyon, Texas Technological College at Lubbock will enroll several boys and one girl from here, and CIA at Denton Texas, claims two graduates of last spring. Texas University is also on the list.

Weldon Dodson and Buster Broyles left last week for Canyon where they will attend the Teachers' College there this fall.

Those planning to go to Texas Tech College this fall enrolling Oct. 3 are: Wood and Glenn Stevenson, Ben Whitfill, R. C. Mitchell, and Miss Mary Veda McAdams.

Wood will be a sophomore and Glenn a junior. Ben attended college at Canyon last year and will be a sophomore at Tech. Miss McAdams is a former student of Tech and will be a sophomore.

Royce Brooks left Tuesday for Austin where he will enroll at Texas University. He will be a sophomore, having attended Teachers' College at Denton last year.

Misses Patricia Patterson and Agnes Cooper will be at CIA at Denton this winter as freshmen.

Mrs. R. E. Patterson accompanied her daughter to Denton Saturday.

Misses Frankie Dodson; Martella Graves; Leona Shelton; Ruth Stapleton Faye Cook and Virginia Hohlhaus left the first of the week for Canyon where they will be students at the West Texas State Teachers' College.

Miss Estelle Byars is planning to enter business college at Plainview the first of next week.

Chester Mitchell left the first of two weeks ago for Stillwater, Okla., where he is a junior at Okla. A. & M.

Kenneth Hohlaus left Monday for Canyon where he will be a sophomore at WTSTC at Canyon this winter.

LOCKNEY TO HAVE \$50 CASH CONTEST HERE TUESDAY

Next Tuesday will be another Big Fellowship Day for Lockney Trade territory when \$50 will be involved in a cash contest. You may enter this contest by making purchases from the merchants and professional men sponsoring this program. Don't forget to ask for your qualification tickets with each purchase.

Last Tuesday the program committee sponsored a dollar day with good results coming from nearly all specials. A big crowd was in town last Tuesday but even a bigger one is expected this coming Tuesday. Get your tickets, hitch old hobbin to the shay and come to town.

NINE BALES GINNED IN LOCKNEY TRADE TERRITORY

Rainy Weather Prevented Cotton Picking Until Wednesday

Nine bales of cotton have been ginned in the Lockney trade territory this week at the Lockney Gin Co. and the Aiken Gin Co. in spite of the muddy fields caused by extensive rains early Saturday morning. The rain was general in all directions from town and prevented the picking of cotton until Wednesday morning when the fields had dried considerably. If the warm weather continues, the white staple is expected to pop out generously within the next week and everybody will be busy gathering their crops. Although the rain came most too late to be of any use to the cotton crops, the irrigated farms will have a large number of bales to the acre.

According to Ed Whitfill, the Lockney Gin Co. ginned four bales this week; two for C. A. Gloyna who lives 2 miles west of town, one of C. A. Purnall of the Cedar Hill community, and one for C. H. Pitman, 1 1/2 miles north west of Lockney.

H. L. Stowe reported the Aiken Gin Co. as having ginned five bales of cotton since last week. One bale was for C. A. Gloyna, G. J. Perkins, Perry Woods, J. W. Damon, and O. A. Lucas. Stowe says that by this time next week practically all of the farmers in that community will be in their fields pulling bales and hauling cotton to the gins. These next few weeks are going to be busy times for the farmer friends.

A report will be given next week on the number of bales ginned so an accurate check can be made by the readers.

PANHANDLE FAIR HELD AT LUBBOCK NEXT WEEK

South Plains Fair Booters Here Tuesday With Twenty-Five Piece Band

Tuesday morning about 10 o'clock a siren called store employees and dutiful housewives from their dwellings into the streets to view a Panhandle South Plains Fair motored consisting of fifty or sixty boosters from Lubbock.

In the middle of Main street the twenty-five piece Lubbock High School Band struck up a tune while prominent business men and fair officials of that city mixed with the local natives and boosted the annual South Plains Fair to be held at Lubbock next week, beginning Sept. 24 to 29, inclusive.

A circus, a wild west show, a carnival, six daily racing cards, fireworks at night, vaudeville acts a horse show and other amusements are on the entertainment card for this annual Panhandle Fair.

For the first time a display of the late model automobiles popular in this section of the country will be seen.

Tuesday will be a big day when Sam B. Dill's Circus and the Tom Mix Wild West Show will be present to make you laugh the hours away. Wednesday, school day, will be another big attraction. Thursday and Friday night the horse shows will draw a big crowd, while Monday opening day and Saturday closing day, are always good.

Free horse races will be held each afternoon with fireworks at night.

The agricultural building is being enlarged to have about 50 per cent more space than last year because of such large number of reservations. Count exhibits will come from Terry, Bailey, Lynn, Hale, Hockley, Crosby, and Haskell counties and perhaps others. Vocational exhibits will come from Hale Center, Abernathy, Crosbyton, Sudan, Ralls, Seminole, Floydada, Post, Springtown, and other sections.

COUPLE MARRIES AT HIGH NOON SATURDAY

Bride's Father Reads Double Ring Ceremony

At high noon Saturday Miss Juanita Osborn of Lockney and Mr. William B. Dryden of Wellington were married here at the home of the bride's parents with her father the Rev. B. J. Osborn performing the double ring ceremony in a room beautifully decorated with Fall cut flowers.

The bride wore a navy blue crepe afternoon frock with navy accessories. Her only attendant was her sister-in-law, Mrs. Clifton Osborn of Meadow, who was beautifully gowned in a brown crepe dress with matching accessories.

The bride is the daughter of the Rev. and Mrs. B. J. Osborn of this city. Her father is pastor of the Lockney First Methodist Church. She is a graduate of the Ralls High School and McMurry College at Abilene. Last year she taught at Santa Maria, Texas. She has been at home with her parents since June 1.

The groom was reared at Wellington and is a graduate of that high school. He has been employed at the City National Bank at Wellington but at the present time is at Childress as assistant director of Cotton Adjustment.

The couple's courtship began several years ago while the Rev. Osborn was pastor of the Methodist Church at Wellington.

Immediately following the ceremony a wedding dinner was served to the guests.

Out-of-town relatives present for the ceremony were: the groom's mother, Mrs. Dryden, his brother, Logan Dryden, and his sister, Mrs. Reba Young and her daughter, Dorothy, all of Wellington, and the bride's brother and family, Mr. and Mrs. Clifton Osborn of Meadow, Texas. Lockney friends attending were Mr. and Mrs. Arthur Barker, Mrs. Earl Wilson, and Mr. and Mrs. R. C. McGilvary.

The couple left Saturday afternoon for their home at Childress.

FLOYD COUNTY GETS GENERAL RAINS SATURDAY

Lockney Reported 1 Inch, Sterley 4 Inches, Muncy 1 1/2 Inches Pleasant Valley and Aiken 2 Inches

A general rain was reported all over Floyd County early last Saturday morning lasting from two to three hours and falling as much as four inches in some parts.

John Hammonds reported Lockney as having received one inch of moisture immediately after midnight Friday. It rained approximately two hours and at Sterley it about three hours four inches was reported, however that record is not authentic but only guessed at by the people in that community. Pleasant Valley and Aiken received good rains, each getting about two inches.

Although all directions from Lockney received moisture, the rain seemed to be much heavier north and east of town than any where else.

LAST RITES HELD FOR FRANK LONG TUES.

Funeral services for William Franklin Long, 43 were held Tuesday afternoon at the Floydada Methodist Church conducted by Rev. R. E. L. Muncy and Rev. G. W. Tubbs.

Mr. Long was the son of Mr. and Mrs. R. W. Long deceased pioneers of Lockney, who came to this country in 1892. He has lived in this country from the time he was a year old until the date of his death, Saturday, Sept. 15. He had been in ill health for the past two years from a cancer on the left side of his face.

Surviving him are his wife and five children, Mrs. Flora Thörn of Sand Hill, J. R. Willie Frank, Katherine, and Marvin all of Floydada.

Mr. and Mrs. Albert King and Mr. and Mrs. Herman King of Lockney are relatives of Mr. Long. They were present for the funeral.

WEDDING SOLOMNIZED FOR COUPLE SATURDAY

The wedding of Miss Ruby Threet of Amarillo and Mr. Scott McGhee of Lockney was solemnized Saturday evening at 10 o'clock at Lubbock in the home of the groom's brother Douglas McGhee. The Rev. C. J. McCarty, pastor of the Lubbock Calvary Baptist Church, read the ceremony in the presence of a few friends and relatives.

The bride was beautifully gowned in a navy blue dress and carried matching accessories. She is the daughter of Mrs. Threet of Lockney and was reared here. She was graduated from the Lockney High School in 1924 and attended Amarillo Business college in 1927 and 1928. The past five years she has been employed by the Henneman Grain Co. of Amarillo as stenographer.

The groom is the son of Mr. and Mrs. Tom McGhee of Lockney. He has also attended the Lockney schools. Last year he worked at the R. E. Patterson Gin Co. in this city. He is now manager of the Olton Gin owned by Patterson.

Those present for the wedding were Mr. and Mrs. Temple Thornton, Boots Bryant, and the bride's brother, Homer Threet, of Lockney. Miss Mary Virginia Hall of Amarillo, and the groom's brother, Douglas McGhee.

The couple left Tuesday to make their home at Olton, Texas.

SOUTH PLAINS TO HAVE A PIE SUPPER

The South Plains P. T. A. will sponsor a pie supper Friday evening, Sept. 28, at the South Plains school house. Everyone is invited to attend.

The proceeds will be used to buy playground equipment for the grammar school.

WINNERS OF BAKER'S 3 FREE PRIZES

Mrs. Morgan Lawson was the lucky winner of the \$35.00 woolen rug given away last Saturday by the Baker Mercantile Co. Mrs. Lawson lives in Childress.

B. T. S. YOUNG PEOPLE HAVE BANQUET FRI.

Mr. and Mrs. G. W. McDonald, Mr. and Mrs. Z. T. Huff, and Guy Woods Of Plainview Guests

Strips of pink and green crepe paper and cut flowers in a multitude of colors and hues decorated the basement of the First Baptist Church Friday evening at a banquet given in honor of the young people of the church with the B. T. S. as hosts. They were assisted by members of the W. M. S.

Placecards were in pink and green and favors were little cupids nestled in pink sashes. About 59 guests were present.

The banquet was served by Frances Humphries, Thelma Joe Shaw, Louise Woodworth, Tress Allen, Larry Allen, and Carole Woodward.

The Rev. A. L. Shaw, pastor of the church, was toastmaster for the evening and he began by introducing the special guests; G. W. McDonald, president of Wayland College, and wife, Mr. and Mrs. Z. T. Huff, and Guy Woods of Plainview. Z. T. Huff is dean of Wayland and Guy Woods is head of the music department.

During the program different phases of a christian's life was compared to the growth, development of a flower. Musical selections and solos were also given bearing on this theme.

The following was the program rendered:

Hungarian Rhapsody—Guy Woods

Perfect Bud—A. L. Shaw

Roses of Picardy, solo—Mrs. Huff accompanied by Woods

Blooming Flower—Mrs. McDonald

I come To Thee, solo—Miss Lena Moore accompanied by G. D. Tate

Withered Flower—Z. T. Huff

Annie Doesn't Live Any more, piano, solo—Guy Woods

Flower in Full Bloom—G. W. McDonald

Mrs. J. T. Marr's aunt and her husband Mr. and Mrs. Lee J. Lowe of Tulsa, Okla., have been here visiting. They left Friday for Plainview where they will visit few days before going home.

Miss Velma Reeves of Estancia, New Mexico, arrived Tuesday to visit her cousins, Misses Veda and Vaude Weaver.

Hollis Harper of South Plains attended the Tri-State Fair at Amarillo the first of the week.

Miss Evelyn McDonald of Plainview spent the week-end with her parents, Mr. and Mrs. Robert McDonald.

Miss Estelle Byars is planning to enter business college at Plainview the first of next week.

Chester Mitchell left the first of two weeks ago for Stillwater, Okla., where he is a junior at Okla. A. & M.

Kenneth Hohlaus left Monday for Canyon where he will be a sophomore at WTSTC at Canyon this winter.

Misses Patricia Patterson and Agnes Cooper will be at CIA at Denton this winter as freshmen.

Miss Estelle Byars is planning to enter business college at Plainview the first of next week.

Chester Mitchell left the first of two weeks ago for Stillwater, Okla., where he is a junior at Okla. A. & M.

THE LOCKNEY BEACON

Established 1902

Published Every Thursday

TOM SUITS, PUBLISHER
J. L. SUITS, EDITOR
JEANE SUITS, ASSOCIATE EDITOR

Entered April 14, 1902, as second class matter at the postoffice at Lockney Texas, by act of Congress, March 3, 1879.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Beacon will be corrected gladly upon its being brought to the attention of the publisher.

Brown Tooth Stain
I noticed in the paper where Surgeon Hugh S. Cummings assured Rep. Marvin Jones Monday that he is willing to cooperate fully in an effort to determine the cause of the widely prevalent brown tooth stain among children in the Texas Panhandle, and eradicate it when the cause is found.

Hooray! At last the people of this section have become vitally concerned over the brown stain found on so many children's teeth. Several pupils in this school are bathed with the ugly coloring and feel embarrassed around the other children. Old Tackless Tack in the Amarillo Daily News and the people of Amarillo have done a great deal toward bringing the attention of the United States Surgeon to the stained condition.

When Tack starts out to get a thing done, he'll do it or bust 'o button on his best bib and tucker trying. This whole Panhandle should give a rising vote of thanks for his influence in getting the question before the authorities for analysis.

The brown stain not only mars one's appearance, but in a short time decays the teeth. It really is a serious problem to work out because it means so much to the younger generation. What would you think about it if every six people out of ten had false teeth were twenty-five years of age in the Panhandle by the time they

Some dentists say the stain is caused by the water and some say from milk, diet or climatic conditions. As soon as a definite check is made on the available

funds to the public health service, a study will be begun to ascertain the real cause.

Liner Morro Castle
It certainly looks as if there were plenty of rotten schemes brewing on the Ward liner Morro Castle when it was destroyed by fire last week with the loss of 132 lives. Yes, sir, the steamboat inspection service is uncovering a lot of foul play just before the fire and during the biggest disaster in many years. William F. Warms, commander of the liner after the death of Captain Robert Willmott, several hours before the fire, is about to be found wanting along certain lines. According to records he is charged with having failed to hold fire drill on another Ward liner several years ago.

Of course the crew was unorganized or else so many lives would not have been lost. Whose fault it was, has not been discovered. Even the real origin of the fire has not been accounted for, but since so many officers and crew members are concerned, the investigating committee is going to find it rather difficult to unravel the mysteries. Where there's numbers there's goin' to be fumbles in the play by somebody unless cooperation is supreme.

Fumbles made by them caused the death of 132 people and untold misery and grief to hundreds of relatives and friends.

There is not any use in lamenting since it has already happened. The only thing to do now is to interrogate the crew and passengers and attempt to find out the whys and wherefores of the terrible

---and the Worst is Yet to Come

SUBPOENA SERVER WHO HAS JUST MISSED CATCHING HIS MAN IN THE TUB.

disaster.

WAR PREPARATIONS

According to the senate committees investigating committee it looks like practically all of the foreign nations are smuggling or manufacturing ammunition in spit of the Versailles treaty in the beginning it seemed that only Germany was guilty of equipping themselves with cellophane gas masks, planes and guns, but will decide to start a war and he the last few days nearly all foreign countries and even the United States are featured as doing the same thing. War! War! War! It seems that a conflict of some kind is ever in the minds of the people. Each country fears his neighbor will decide to start a war and he won't be ready for the battles. It may be a matter of protection and a boy scout trait, but as long as the manufacturers produce powder, guns and gas masks there is going to be war some time because the idea is always before the people. I say where there's smoke there's goin' to be fire. That's an old saying but it still works.

Allred Next Governor

I always thought this was a free country and that the governor of Texas was elected by the people, but that idea must have been another illusion in life grandmother always told me about. A temporary injunction has been filed by opponents forbidding the entering of Attorney General James V. Allred, Democratic nominee for governor of Texas, on the ballot November 9. The enemies are charging that Allred's primary campaign expenditures exceed the \$10,000 statutory limit. That's a pretty raw deal for the people of Texas who have shown by popular vote that Allred is the man they wish to be the next governor. He won by such an overwhelming majority in the primary and run-off that the anti-Allreds just can't take it, and refuse to admit they're whipped. They can't die without making a final effort to overthrow the present nominee. Texans elected Allred for next governor and Allred they're goin' to have inspite of Hell and high water. That's the voice of the people of this great Lone Star State.

More power to the Democratic nominee and down with the anti-Allreds!

nee for Governor of California. He will have a hard battle to be elected in November, but since he promises the people so much he will probably be elected in spite of the opposition of both the Democratic and Republican wheel horses. Empty promises sometimes bring in the votes where sound logic fails. Canyon News.

Agricultural and livestock agencies in Texas have preached the culling of herds for many years. In many instances some herds had been partially culled at the expense of the owners. To day the herds are being culled closer than ever and the owners are being paid for it.

More than 1,000,000 head of cattle will be either slaughtered or moved from Texas herds. Farmers and ranchers have accepted the opportunity to cull their herds.

Texas and the Southwest will have foundation herds of sturdy animals, of the best of the breeds in every instance. In addition to his farmers and ranchers of Texas will have between \$15,000,000 and \$20,000,000 in ready cash with which to help business continue to be good in this section.—The Tulsa Herald

Maybe we people out here on the south plains have been overlooking a bet. These old "tumble weeds" or Russian thistles grow here most luxuriantly, and we have always regarded them as nothing but a pest. But according to our neighbors just to the north these tumble weeds make excellent hay. "Many farmers are cutting the Russian thistle and either stacking or bailing it for winter hay," says the Canyon News. "It is reported that a little salt scattered in the thistle will help preserve it, and cattle will relish it much more during the winter months." Say, Brother, we'll bet we could raise twenty tons of that stuff to the acre here on the south plains. If our merchants quit advertising entirely we may decide to go in to the tumble weed business.—Lynn County News.

The average weekly publisher grabs an exchange, reads the heads, looks at the date, turns to the editorials (if any), tears out something and throws the 'corpse' on the floor.—Clarendon Leader

New Budget Head

WASHINGTON... Daniel W. Bell (above), is now acting Director of the Federal Budget, on appointment by President Roosevelt following the resignation of Lewis Douglas of Arizona.

is securing from his home town merchants, which makes the 'mare go'. Large, juicy, well-set advertisements make interesting reading, and any town deserving of a newspaper should be supported by advertising from local business firms.—Miami Chief.

CITATION BY PUBLICATION

THE STATE OF TEXAS. To the Sheriff of Floyd county—Greetings: You are hereby Comanded, That you summons by making Publication of this Citation in some newspaper published in the County of Floyd four consecutive weeks previous to the return day hereof, Willie Mae Barnard whose residence is unknown, and to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Floyd on the 8th day of October, 1934 at the Court House thereof in Floydada then and there to answer a petition filed in said Court, on the 27th day of August A. D. 1934, in a suit numbered on the docket of said Court No 2673 wherein Pat Barnard is plaintiff and Willie Mae Barnard is defendant.

The nature of the plaintiff's demand being as follows, to-wit:

A suit, wherein it is alleged that plaintiff and defendant were lawfully married in Hale County, Texas, on or about February 4, 1929, and the contract so created still exists. That on or about March 15, 1929, without cause or provocation on the part of plaintiff, defendant abandoned plaintiff, since which time they have not lived together as husband and wife,

and under oath, that the residence of th defendant is unknown to plaintiff, plaintiff praying that he be divorced from the defendant.

Herein Fail Not, And have you before said Court, on the said first day of next term thereof, this writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada this the 27th day of August A. D. 1934.

ROY O'BRIEN (Seal) Clerk, District Court Floyd County, Texas.

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell the decay coming out of our mouth and call it bad breath. We feel the poison of the decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 1/2 of our food decays in our 25 feet of bowels. This decay sends poisons all over our body every 15 minutes. When our friends smell our bad breath that we don't see, we feel like a kicked mule. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a salmiel (mercury) pill, which loosens teeth, gripes and scalds the rectum in many people. Ask for Carter's Little Liver Pills by name and get what you seek for—25¢. C1924, C.M. Co.

Grocery Prices Are Now Rising Rapidly

Notwithstanding the recent rains in various parts of the country, the long continued drought in practically all of the food producing states of the nation has caused a sharp reduction in the supply of foodstuffs.

Watch the price of wheat! Flour cannot be replaced at even our retail prices of today.

Corn and corn products are advancing nearly every day. Hogs topped the market a few days ago at \$7.50 per hundred pounds, which means an advance in lard, lard products and pork of all kinds. Cottonseed prices are climbing rapidly, which also means a distinct rise in shortenings. In fact, practically everything in the food line is due to be higher in the near future.

We urge our customers to anticipate their needs for several weeks or even months ahead and buy now!

Telephone No. 10 Hamilton Bros. GROCERY

Irrigated Farm Equipment

Our crews are busy every day in the week drilling wells and installing irrigation equipment. If you anticipate putting down a well and installing a pump, it will be to your advantage to figure with us.

After experimenting with several makes of pumps, we believe, after thorough tests, that we have the best pump on the market. A test always tells the story.

The Daily Miracle
 Newspapers are full of articles
 saying how to live on a certain
 amount of money, and these
 articles always rise a proved
 interest and excitement.

We have seen essays, "How to
 Live on 8 Shillings a Week", but
 we've never seen an essay, "How
 to Live on 24 Hours a Day." The
 saying, "Time is money", under-
 states. Time is a lot more than
 money. If you have time you can
 work and obtain money, usually.
 But if you had the wealth of a
 King, you can not buy yourself a
 minute more time than the cat by
 the fire has.

Philosophers have never yet
 explained time, and yet it is
 everything. For if we have time,
 everything is possible, but without
 it nothing is possible.

The supply of time is a miracle.
 You wake up in the morning and
 somehow you find that your pock-
 etbook is filled with twenty-four
 hours of some kind of material.
 It is all yours, and the most pre-
 cious thing you have.

No one can steal it from you.
 Another good thing about it is
 that you can never draw on the
 future supply, and it is impossible
 to get in debt. You can only waste
 the passing moments. You can
 not waste tomorrow or the next
 hour as it is kept for you. I have
 said that this is a miracle. Is it
 not?

Touchdowns for the Witty
 "It is better to be silent and
 thought dumb, than to speak and
 remove all doubt".

Teacher: Billy, make a sen-
 tence using politics.
 Billy: Our porrot swallowed
 a watch, and now polly-ticks!

The father of a radio child
 once asked his little son to say
 grace at the table. The response
 of the child was this: This food
 is coming to you through the
 courtesy of God Almighty."

Sports

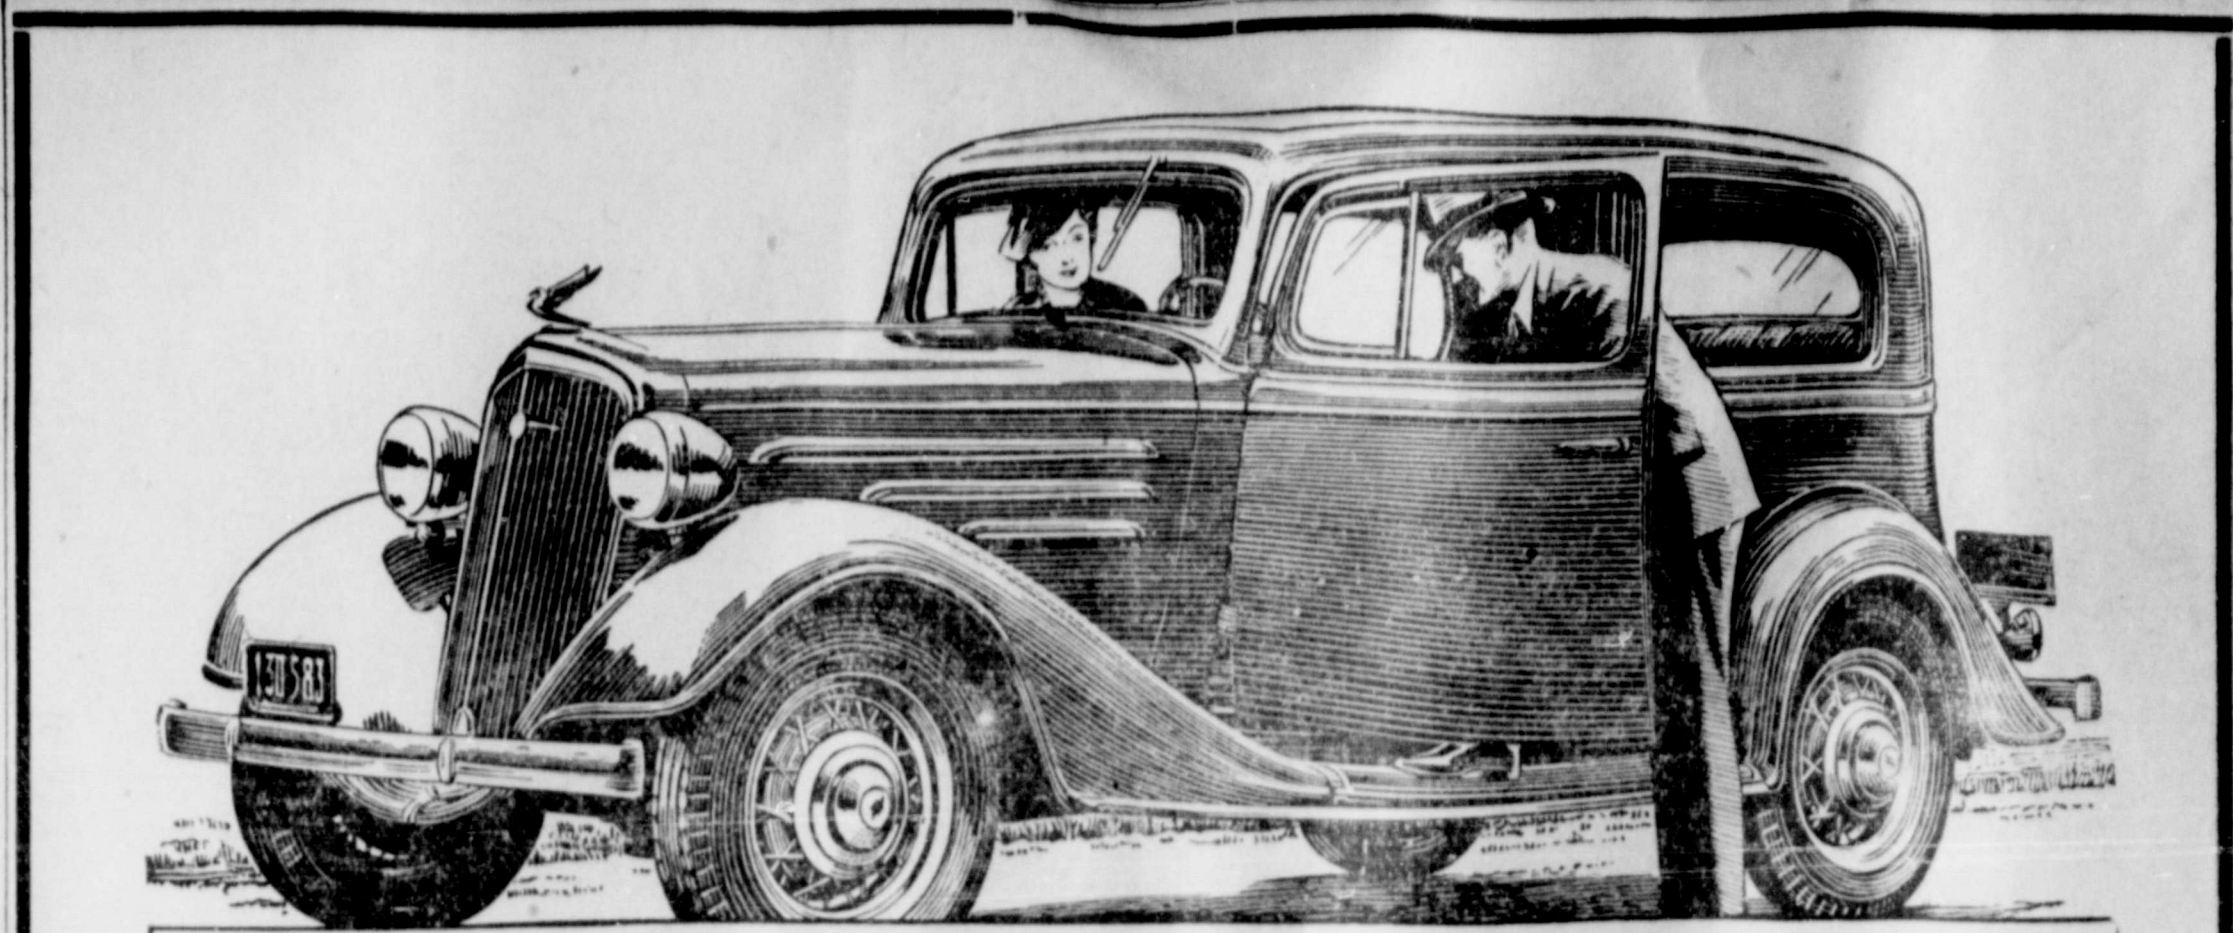

The Sterley boys and girls are
 preparing to have a successful
 year of ball playing. The volley
 ball girls, in charge of Miss Leona
 Griffith, have their court in good
 condition. They plan to have a
 good team by the time the season
 opens.

Wesley Jones has charge of the
 basketball boys and they have
 been working on their court.

The school is going to get more
 equipment soon and start practic-
 ing they will have the best ball
 team in the county by the time for
 the interscholastic league meet.

Let Chevrolet tell its own story
 of riding and driving comfort

Make the ownership
 test

CHEVROLET When all is said and done,
 the best way to get at the
 truth behind the fine things you hear and read
 about the new Chevrolet, is to get in the car
 and drive. Take this car (your Chevrolet
 dealer will gladly loan you one), drive it over
 the same routes, in the same way you drive
 your present automobile, and let the results
 you can see and feel tell their own story. You
 have heard that Knee-Action makes bad roads
 good, and good roads better. A ride will prove
 it. You have heard that Chevrolet provides
 shock-proof steering, Synco-Mesh gear-shifting,
 a remarkably flexible 80-horsepower engine,

and cable-controlled brakes. A few minutes at
 the wheel will show you what a difference these
 advancements make in safety and driving ease.
 And when the ride is over, and you step out
 refreshed and ready for more, you will know
 why so many thousands have found it impos-
 sible to return to ordinary driving after an
 experience like this. That is the Ownership
 Test—simple, easy, enjoyable, and the most
 practical way to choose a car. Your Chevrolet
 dealer has a car waiting so that you can make
 this test. How about today?

Club Organized

The primary department of the
 school organized a Tell a Tale
 and Listen A-While Club Thurs-
 day of last week. The member-
 ship includes the second and
 third grades.

Officers elected were: President
 Albert Martin; vice-president,
 Allen Jo Ford; Secretary, Mary
 Clayborn; Assistant Sec., Alfred
 Clinton; Sterlette reporter, Anna
 Gulledge; Program committee,
 Clinton Mitchell, Sidney Neal,
 Miss Crouch.

The following is a little poem
 composed by a sixth grade student
 Howard Mosley, Sterley Texas

BILLY AND ME

Here we sit all broken-hearted
 Sent for school, but only starte-
 But when the bell rang, we ran in
 in glee.
 That's the way with Billy and me
 We sit and pine and look so blue.
 But we have to get our lessons
 too.
 We have to work, don't you see?
 That's bad luck for Billy and me.
 We sometimes laugh aloud in
 school,
 Which is surely against the rule.
 Sometimes we are as mean as can
 be.
 That's the way with Billy and me
 We pester the frolicsome girls
 By pulling their little dangling
 curls.
 Then we quickly run and flee,
 That's just like Billy and me.
 Then when we get into a fuss,

And the teacher calls for us.
 We run and climb up in a tree.
 That's one way for Billy and me
 The teacher will whip us every
 day
 If we don't stop our foolish play.
 We hope we are as good as can
 be
 That's the BEST for Billy and me

Thursday afternoon, Sept. 13,
 Mrs. Melvin Shaw, wife of the
 pastor of the Sterley Baptist
 Church, was given a Love shower
 at the home of Mrs. George
 Beedy. Members of the Baptist
 Church were the hostesses.

The program consisted of a
 humorous reading by Mrs. Bill
 Johnston and two contests. The
 winners of these presented the

gifts to Mrs. Shaw. Punch and
 cake were served.

The guest list included Misses
 Celia Mae Wicker, Evelyn Bob-
 bitt, Agnes Johnston, Dorothy
 Byars; Mesdames Aaron Shaw, of
 Lockney, John Buth, A. McAda,
 R. F. Golden, Bill Buth all of
 Providence, W. S. Rexrode, Zack

**HOW WOMEN
 CAN WIN MEN
 AND MEN WIN**

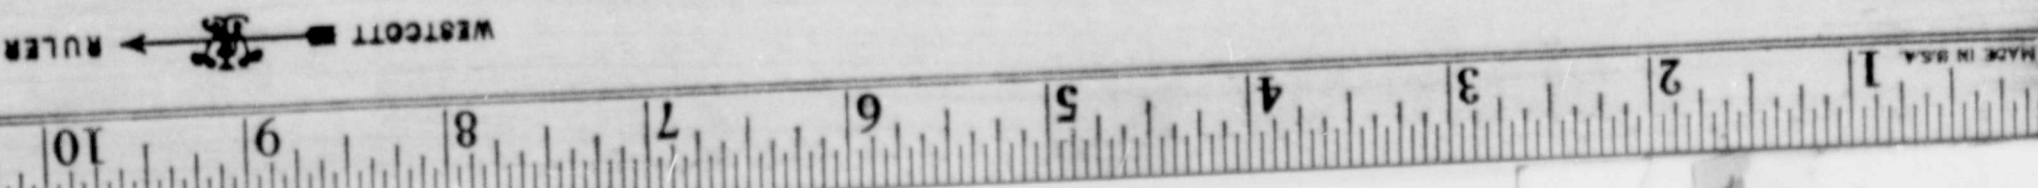

The Favor of Other Men

Unless two pints of bile juice flow daily
 from your liver into your bowels, your
 food decays in your bowels. The poisons
 your whole body. Movements get hard and
 constipated. You get yellow tongue, red
 low skin, pimples, skin eyes, bad breath,
 bad taste, gas, distention, headache. You
 have become an anti-looking, foul-smell-
 ing, sour-thinking person. You have lost
 your personal charm. Everybody wants
 to run from you.
 But don't take salts, mineral waters,
 oil, laxative pills, laxative candies or
 chewing gums and expect them to get rid
 of this poison that destroys your personal
 charm. They can't do it, for they only
 move out the tail end of your bowels and
 that doesn't take away enough of the de-
 cayed poison. Cosmetics won't help at all.
 Only a free flow of your bile juice will
 stop this decay poison in your bowels. The
 one mild vegetable medicine which starts
 a free flow of your bile juice is Carter's
 Little Liver Pills. No rational (mercury)
 in Carter's. Only pure, mild vegetable
 extracts. If you would bring back your
 personal charm to win men, start taking
 Carter's Little Liver Pills according to
 directions today. Buy at drug stores.
 Refuse "something just as good" for it
 may grip, loosen teeth or scald throat.
 Ask for Carter's Little Liver Pills by name
 and get what you ask for. © 1928, G. M. Co.

AUCTION SALE!

How much do you bid on this new 1934

Florence Range

Come in and look it over, then set your own value on it. You may be the lucky owner, even though your bid may be way below the actual selling price. There is absolutely no "catch" in this; no obligation to buy a Florence (or any other merchandise), or you may withdraw your bid at anytime. You write out your bid, place in sealed envelope, no one will know your bid until the bids are opened by (3) three Lockney citizens at 3:30 p. m.

SATURDAY SEPT. 22nd

Come in, Look over this new Florence and make your own bid.

FLORENCE Oil Range

Come in and see this Amazing Value

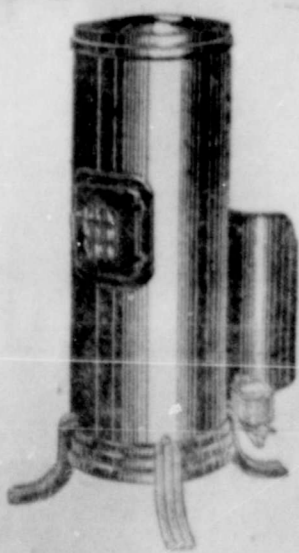

"Better looking—better cooking" describes the new Florence Oil Range. Its modern rounded-corner design and gleaming green and ivory porcelain will grace any kitchen. Its clean, wickless "focused heat" means comfort and economy, with best results in cooking. Its rock wool insulated oven has a new Fingertip Heat Control that means success in all your baking. And there are other features that you should have—and can have at a big saving if you buy now.

Come in and let us show you the greatest value ever offered.

AHEAD OF THE PROCESSION

Both in Appearance and Heating Efficiency

The AMERICAN OIL BURNING HEATER

WE wanted a heater that should be ahead of all others in both appearance and heating efficiency. We found it and now we are offering it to you—the AMERICAN Oil Burning Heater.

To really appreciate its beauty you must see it. Its rich walnut brown crystalline enamel with gleaming chromium trimmings will make it a pride in any home. And for convenient satisfactory heating service it can't be beat.

The AMERICAN Oil Burning Heater is built on the principles of the warm air furnace so as to give rapid circulation of warm air. Giant heating surfaces (nearly 90% larger than other heaters) and long fire travel enable it to give more heat from the same amount of fuel. Large water pan helps to humidify the air, making it not only comfortable but also healthful.

We have a complete line of heaters to choose from, with a size and model to fit both your requirements and your pocketbook. Be sure to come in and look them over.

LUTHERAN NEWS

Mrs. Ben Quebe entertained Wednesday afternoon with a miscellaneous shower in honor of Mrs. Albert Samman, formerly Miss Gertrude Shriner.

It was given in the form of an old fashioned quilting bee. Each of the guest quilted until all arrived. Then Mrs. Quebe lost her spool of thread. Mrs. Samman was asked to hunt it, and upon finding the spool she discovered a note stuck inside saying, Follow me. She followed the thread all over the house and finally came to the end which was pinned to the dining table cloth. The honored guest found the table laden with gifts.

A toast was given to the bride "Congratulations to the Groom," and "Deepest Sympathy to the Bride," by Mrs. W. M. Samman of Irick, Mrs. Clarence Brandes helped her repack the gifts.

Punch and cake were served to the following guests: Mesdames Albert Golda, Clarence Brandes, Walter Boedeker, W. M. Samman of Irick, F. A. Samman, Willie Samman, Albert Shriner, Reeves, Henry Samman, Loyde, Marvin Sheel, Freda Boedeker, Ben Braden and Leo Boedeker.

AIKEN NEWS

Rev. Ollie Apple filled his appointment at the Methodist church Sunday. Good crowds attended both services.

Mr. and Mrs. Weaver Mitchell and family of Pampa visited Mr. and Mrs. Baylor Byars and family Sunday.

Mr. and Mrs. Blanks of Lakeview visited the Rev. and Mrs. Apple and family Sunday.

Mr. and Mrs. G. J. Perkins and Betty Jo visited Mr. and Mrs. Bird of Prairie Chapel Sunday.

Mrs. J. E. McAvoy and children left Monday for Terrell, Texas, where Ernest will enroll in Military School for Boys. They will visit friends before returning.

Miss Faye Morrison, who teaches school at Sandhill, spent the week-end with her parents, Mr. and Mrs. John Morrison.

Miss Lucille Kittrell, who has been visiting Mrs. Floyd Dorman, returned to her home at Petersburg Sunday.

Mr. and Mrs. Floyd Dorman entertained the young people with a party Friday evening. Everyone reported a good time.

Mr. and Mrs. A. A. Brock are the processors of a new Maytag washer.

CARD OF THANKS

We wish to thank our many friends who have been so kind and thoughtful of us during our time of sorrow. We appreciate the floral offering and only ask that your friends may be as thoughtful of you in your time of need as you have been in ours.

Mrs. Howell Bennett and children
Mr. and Mrs. R. C. Bennett and family.

SOUTH PLAINS NEWS

The Rev. Landsdown of Freona preached here Sunday morning and evening.

A large crowd attended the literary program given at the school Friday afternoon.

Quite a few ladies in this community attended the quilting at the home of Mrs. Childress last Thursday.

Miss Beulah Davis of Los Angeles, Cal. arrived Friday for a visit with her father, John Davis.

HIGHEST PRICE PAID

for old Gold, Silver, Platinum, Diamonds, etc., today but, by tomorrow, the government may stop buying at the present high rate. Thus it is to your advantage to sell your old trinkets, dental work, unuseable jewelry, broken bits of gold silver and whatnot, today. Never was there such a high price paid for old gold—and perhaps there shall be never again a price like this offered. It is to your advantage to sell your old gold, diamonds, silver, dental work, containing gold, today—tomorrow the price may drop to its old level.

Ship your old gold, jewelry of every description, bridgework, silver and diamonds today to the GOLD SMELTING AND REFINERY COMPANY, 253 South Broadway, Suit 221, Los Angeles California. (Satisfaction with purchase price guaranteed. If not satisfied, return check sent out in ten days from its date and you can have your shipment returned at once.)

THE METHODIST CHURCH

Sunday School, 9:45 a. m. Preaching, 11 a. m. and 8 p. m. Young Peoples' Services, 7:15 p. m.

Prayer Services, 7:15 p. m. Woman's Missionary Society, Monday 3 p. m.

Prayermeeting, Wednesday at 8:00 p. m.

There was an increased attendance at all the services last Sunday. This is encouraging, and as it should be. Let everybody be in place at the church on time next Sunday. Rev. W. L. Tittle, the Presiding Elder, will be with us next Sunday at 3:30 p. m. to hold our Fourth Quarterly Conference. This is one of the most important confereense of the year. Every official member is expected to be present, and all reports ready to read. We invite, and insist, and shall expect the entire membership to be present. Please do not fail us. This is the Lord's business and he expects each and every member to be in his place. "Round about the camp", where Israel stood on an epochal occasion, when the Lord showed his mighty arm.

Yours, in His service
B. J. OSBORN, Pastor

Rev. I. N. Demy says: "I have found nothing in the past 20 years that can take the place of Dr. Miles Anti-Pain Pills. They are a sure relief for my headache."

Sufferers from Headache, Neuralgia, Toothache, Backache, Sciatica, Rheumatism, Lumbago, Neuritis, Muscular Pains, Periodic Pains, write that they have used Dr. Miles Anti-Pain Pills with better results than they had even hoped for.

Countless American housewives would no more think of keeping house without Dr. Miles Anti-Pain Pills than without flour or sugar. Keep a package in your medicine cabinet and save yourself needless suffering.

How To Build Up Your Credit At The Bank

Practically every business man has frequent need for banking credit. Sometimes, especially among younger businessmen, the customary steps followed in establishing good banking connections are not clearly understood.

Here are a few of the most important points:

1. To be a borrower, you should first be a depositor.
2. Adequate balances should always be maintained.
3. Deposit accounts should never be overdrawn.
4. Withdrawals against deposited checks should not be made until the checks have been collected.
5. A reputation for good business management should be established.
6. Financial statements should be presented frequently to your banker so that he may be able to watch your progress. His advice often proves to be very valuable.
7. If the loan application is not for a commercial purpose, sufficient collateral or property of value should be provided to warrant the credit desired.
8. Loans should be met promptly on due dates.

These simple standards of good business practice will meet the cordial cooperation of every banker charged with the responsibility of safeguarding the funds of his depositors.

Mr. and Mrs. Frank Jones are sole owners of a new Coleman Range, a new Maytag washer and a new American Oil Heater. And Frank wants it to turn cold so he can try it out.

Mr. Owner of milk cows, You are paying (2 times daily) for a cream separator whether you have one or not, with the cream you are losing. Why not go to Bakers and buy a De Laval, \$1 a week, pays for it. 2-tfc

Mrs. Noah Smalley of Turkey, Texas, returned to her home last week end after spent a few days as the guest of her parents, Mr. and Mrs. D. C. Lowe.

Miss Imogene Roberson is spending this week visiting her aunt and uncle at Tulia and attending the Tri-State Fair at Amarillo.

J. S. Seago of Eric, Okla., is here visiting his daughter and her husband, Mr. and Mrs. Austin Dollar. He is planning to make Lockney his home if he can locate a farm in the near future.

GEORGE MAHON TO SPEAK AT PANHANDLE FAIR

Voters of the new created 19th congressional district who by an overwhelming majority, gave George Mahon, Colorado, the Democratic nomination for congress, will have their first opportunity to hear the nominee speak at a district wide crowd at the Panhandle South Plains Fair at Lubbock Saturday afternoon, Sept. 29.

A Texas Tech suit, similar to the one presented to President Franklin D. Roosevelt, and Vice-President John Nance Garner, will be presented to this district's first congressman at the fair with appropriate ceremonies.

Immediately following presentation of the suit, Mahon will address the people. The suit will be made from wool and cotton produced on the Tech campus where it is likewise remined and made into cloth.

EMERGENCY CROP AND FEED LOAN OFFICE

Beginning November 1, 1934, farmers and stockmen in the primary drought area may get feed loan allowances for this year's heifer calves, ewe lambs, and female kids in addition to the allowances being made for mature stock, according to Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan office at Dallas.

Mr. Sherrill said that feed loan allowances will be made only on such stock which are retained primarily for breeding purposes; and in no event will allowances be made to feed a large number of young and mature stock in their respective classes than the number of mature breeding stock that were owned and possessed by the borrower on April 1, 1934, or on sheep owned within six months prior to that date.

The emergency feed loans which are being advanced in the primary drought areas are disbursed from the drought relief appropriation approved June 19, 1934, and made in monthly allowances. Applications are received by the local crop and feed loan committees operating in counties throughout the drought areas begun early in July, to date more than 32,000 such loans and supplemental advances have been made for over \$2,000,000.

"An inspection service covering emergency drought feed loans granted in primary drought areas is being established at this time with accredited field inspectors in practically every county," Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan Office at Dallas, announced.

Inspectors are under the direct supervision of the regional office field supervisor in the County. Personal inspection of all feed and forage loans granted will be made rapidly as inspectors can cover the counties, for the purpose of preventing misrepresentation and misuse of funds for any other purpose than stated in the application and to prevent waste and fraud. The emergency feed and forage loans are being made in primary drought areas of the three States, Texas, New Mexico and Arizona, which are under the supervision of the Dallas Emergency Crop and Feed Loan Office.

The time for considering applications for loans for planting for age crops under the Act approved June 19, 1934, authorizing Emergency Drought Feed Loans, has been extended to the close of business October 15, 1934.

There is no closing date for loans for purchasing feed.

Applicants making second applications for feed loans must have receipts for money spent of first loans, also have agreements to have herds culled according to AAA Cattle reduction program, before applications for second loans can be accepted. The slip of paper that is sent with the checks, must be presented in making the second application also. Applicants must wait until 25 days are up from the date of their checks before making the second application.

Mrs. Ael Cope is spending the week at Lubbock visiting her sisters Mrs. A. W. Smith and Mrs. Collier Smith.

Mr. and Mrs. Pont Darnell and daughter were at the Tri-State Fair at Amarillo Tuesday and Wednesday. They were accompanied by Mrs. Darnell's aunt and cousin, Mrs. C. W. Biller and daughter, Ruby, of Amarillo, who were here attending the funeral of Howell Bennett Saturday.

The cottons with a wool look are real fabric news. They are so attractive and so inexpensive that they are just right for your daughter's school dresses. They have also the added advantage of being washable. Plan her school wardrobe now, pick out several dress lengths when you come into the store, because the school season will soon be here.

BAKER MERCANTILE Co

GOOD THINGS TO EAT

Cranberry-Chicken Sandwiches (A Fried Sandwich)

Prepare French toast first, by frying slices of bread dipped in beaten egg in mazola. On half the slices put sliced chicken (canned or fresh-cooked) and on top this put cranberry sauce. (canned variety for convenience). Serve hot.

Another good combination for use in this way is boiled ham and currant jelly. "Frizzle" the boiled ham in a little mazola, and spread the currant jelly on top.

Golden Glow Salad

1 pkg. orange gelatin
1 cup boiling water
3 tbsp. lemon juice
3-4 cup cold water
1 seedless orange
1-2 cup diced celery
1-2 cup pasturized milk

Dissolve the gelatin according to directions on package; add the lemon juice and cold water; chill until the mixture shows signs of jellifying. Stir in the orange sections cut in halves, the dates (sliced), and the celery. Pour in to individual molds; chill until firm; unmold and serve with mayonnaise or cream dressing. 5 or 6 servings

Pineapple Coconut Bavarian

1-2 tps. gelatin
1-4 cup cold water
1 cup hot pineapple juice
1 cup cream
1-2 pkg. pasturized dates
6 slices of pineapple
1-2 cup coconut

Soak the gelatin in the cold water. Add the hot pineapple juice to dissolve the gelatin. Let cool until the consistency of egg white. Fold in cream (whipped), coconut and sliced dates. Pour into

individual molds. When firm, unmold on a slice of cannellin apple. 6 servings

Savory Eggs on Toast (A hot creamed dish for cool nights)

1 tbsp. minced onion
3 tbsps mazola
2 tbsps cornstarch
1-2 teasp. nutmeg
1-2 teasp. salt
1-2 teasp. paprika
2 cups milk
6 hard boiled eggs
1 (2oz.) jar pimiento
6 slices of French Toast
Cook onion in mazola until it is yellow, but not brown. Add cornstarch, nutmeg, salt and paprika, stir until well blended, cook 2 minutes. Add milk gradually, stirring constantly. Cook until smooth and thickened. Boil 3 min. Cut eggs into quarters lengthwise and pimiento into strips. Arrange eggs on toast, pour sauce over all, and garnish with strips of pimiento.

Rarebit Sandwich

(Open-faced delights)
Toast slices of bread on one side; spread with cool Welsh Rarebit. Place the slices of toast on baking sheet and put under broiler under low heat until browned. Serve hot.

EASY RAREBIT: In the top part of double boiler, over direct heat, put 2 tablespoons mazola, add 1 tablespoon flour and mix well; remove from stove and add a cup of milk, put back on fire, add 1-4 teaspoon dry mustard, 1-4 teaspoon salt, and pepper to taste. Bring to boil then place over hot water and stir in about 1-2 lb. grated cheese. Stir until cheese melts and mixture is

smooth. To keep it, pour into a glass jar and store in refrigerator.

Chicken Mousse

1 cup chicken stock or milk
3 egg yolks
1 tbsp. gelatin
1-2 teasp. pepper
1 (2 oz. jar pimientos
1-4 cup water
1 cup chicken, cut fine
1 teasp. salt
1 cup cream (whipped)
1 doz. ripe olives

Scald the stock, pour over the beaten egg yolks, return to the double boiler and stir until custard coats the spoon. Soak gelatin in the cold water 5 minutes; dissolve in the hot custard. Season well. Add the chicken which has been cut fine but not chopped. When mixture begins to thicken fold in whipped cream and pour into a mold garnished with ripe olives and pimientos cut in fancy shapes. Unmold, garnish with watercress or lettuce and serve with or without a sauce or salad dressing 8 to 10 servings.

Three-in-one Sandwiches (A quick but novel sweet sandwich)

Spread one slice of lightly buttered bread with peanut butter. Cover with a layer of chopped pasturized dates. Spread a second slice of buttered bread with currant or cranberry jelly. Put the slices together in pairs.

ZIMMERMAN - ALEXANDER

Miss Hazel Zimmerman and Mr. J. B. Alexander of Plainview were married at Panhandle, Texas, Monday, Sept. 10. Following the ceremony they left for Pampa where Mr. and Mrs. Tom Alexander and Mr. and Mrs. Kirby Smith entertained with a wedding dinner.

The couple has gone on a trip through Colorado and New Mexico. They will make their home at Plainview, 900 Broadway.

The bride is employed at the Shepard Chevrolet Co. and the groom is manager of the meat department at the Helpy Selfy.

Mrs. Alexander is the daughter of M. T. Zimmerman and sister of J. A. Zimmerman of the Providence Community.

OF INTEREST TO WOMEN

Designed in sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 44 requires 5 1/2 yards of 35 inch material and 1/4 yard of contrasting.

A Slimming Ensemble

Pattern 8315: Jacket ensembles hit the high note of the season, and are in great demand for the fall days when it is too warm to wear a coat and too cool to go without. This style has been designed for the larger woman. Notice how the double points on the skirt slenderize the hips. The contracting yoke repeats the lines of the skirt, and with the flattering V neckline, lessens the width of the shoulders. Of course, the length of the jacket adroitly conceals the tendency to widen hips and gives a willowy silhouette.

This ensemble may be made in plain or printed crepes, satin or sheer woolsens. This may be made with short or long sleeves. This pattern is so easy to make that the larger woman can make this at home with complete satisfaction in its style and fitting.

If your felt house slippers are soiled and shapless but still good, wash them in the washing machine. Then dry them on shoe trees. They will be almost as good as new.

A simple method of removing

ANNOUNCEMENTS

The Beacon is authorized to announce the following named persons for the office under which their names appear, subject to the action of the Democratic Primary to be held July 28, 1934:

- Congressman, 19th Congressional District: George Mahon, of Colorado
- District Judge, 110th Judicial District: A. J. Folley
- For District Attorney of 110th District: Alton B. Chapman
- For County Judge: Tom W. Deen
- County Treasurer: Mrs. Maud Merrick
- For District Clerk: George B. Marshall
- For County Clerk: A. B. Clark
- Sheriff Of Floyd County: E. S. Randerson
- For County Attorney: Winfred F. Newsome.
- For Tax Assessor And Collector: Frank L. Moore
- For County School superintendent: E. C. Nelson
- For Commissioner Precinct No. 2: E. R. Harris.
- For Commissioner Precinct No. 3: Walter Wood.

cod-liver oil stains from children's clothing is to rub talcum powder in and out of the spot several times, then wash as usual. This works on woollens as well as cottons, even after the stains have been set by washing.

When you open a glass of jelly to find it sugared or tough or not quite up to the mark of perfection demanded, turn into a saucepan, add one-fourth cup of butter and set over slow fire. Beat with fork until well mixed and light colored. Pour into jelly dish. Serve with hot biscuits. You'll find this butter-jelly creamy, smooth and delicious. Grand on pancakes, and waffles too!

When hanging turkish towels to dry, use three clothes pins instead of the usual two. They will dry straighter and will require no ironing.

Jars, covers and rubbers must all be sterilized in boiling water immediately before using—in fact they should be lifted one by one from the boiling water bath and promptly filled.

Two or three stalks of celery boiled with cabbage lessens the disagreeable odor when cabbage is boiling and improves the flavor.

PIONEERING, SUBJECT AT W. M. U. MONDAY

About twelve members of the Baptist W. M. U. met at the church Monday afternoon at 3 o'clock for a mission study concerning pioneering.

The devotional was led by Mrs. L. Buchanan and the following program given:

Europe Needing Baptist Pioneers Mrs. Kennedy; Pioneering in Sweden, Mrs. Smith; Southern Baptist Pioneering in Europe, Mrs. R. L. Maggard; Training Baptist Pioneers, Mrs. N. H. Humphries; Europeans in America, Mrs. J. B. Harper; A Personal Question, Mrs. E. E. Dyer.

The Giant Rift of Africa is the largest valley in the world.

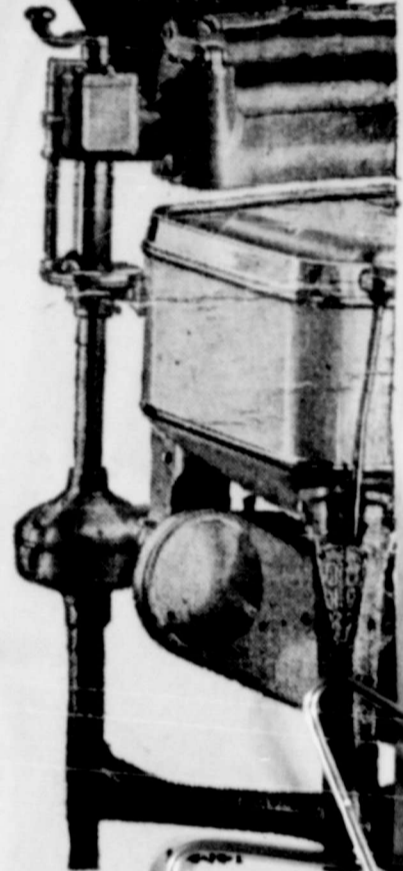

More than 61,190 copies of the Bible were distributed in China last year.

BUYING OF SHEEP IN TEXAS UNDER ORDERS FROM THE AGRICULTURAL ADJUSTMENT ADMINISTRATION

Buying sheep in Texas under orders from the Agricultural Adjustment Administration at the rate of 12,000 head per day in 44 counties was started today, it was announced by C. Z. Crain, head of the commodities distribution department of Texas Relief Commission, which will act as agent in the shipping of the animals from pens to processing plants.

probably by the end of this week. All sheep bought will be processed by commercial canneries under contracts with the Federal Surplus Relief corporation. None will go to the government canneries in Texas, as has been the case in the cattle program.

Crain said applications for the sale of 2 1/2 million head of sheep to the government had been made at the last count and he said he expected that many or more to be taken in the program.

Bureau of animal industry inspectors will not be used in the sheep program, as a flat rate of \$2 per head will be paid. Only ewes one year old or older will be bought.

Crain said he had not yet received definite word concerning the government's projected goat buying program.

Counties in which sheep will be bought are Bandera, Bell, Brewster, Brown, Bosque, Burnet, Coke, Coleman, Comanche, Crockett, Concho, Edwards, Glascock, Irion, Kerr, Kendall, Kimble, Kenney, Lampasas, Llano, McCluoch, Mason, Maverick, Menard, Mills, Nolan, Pecos, Precidio, Reagan, Real, Rennels, Reeves, San Saba, Schleicher, Sterling, Sutton, Taylor, Terrell, Tom Green, Upton, Uvalde, Val Verde, and Williamson.

The pulse of a new born infant is from 130 to 140 beats a minute; in adults it is 70 to 75.

Bricks made from sawdust by a western firm can be used for fuel. The sawdust is placed in a machine which exerts an enormous pressure on the fine wood particles, pressing them into bricks which have the efficiency of 3 3/4 pounds of coal.

A New Perfection Cook stove is now cooking for Mrs. W. M. Stovall of Sterley.

BANKHEAD CERTIFICATES WORTH 4c POUND

Producers may keep their surplus Bankhead Certificates and use them to obtain tags on cotton next year if the Bankhead Bill is still in effect. Or they may sell their surplus certificates locally or through the National Pool.

All sales or transfers must be made subject to the rules and regulations proscribed by the secretary of Agriculture.

Producers may sell, barter, or exchange their surplus certificates at the proscribed government rate which is 4c a pound at present. However, no sale or transfer is valid unless the transfer is recorded with the Cotton Adjustment for the County in which the certificates were obtained. A proscribed form must be made out and signed by the Producer, in which he states that the transaction was at the proscribed government rate and that the certificates he is selling are surplus ones. Moreover, the sales or transfer must be from one Producer to another Producer.

If the producer wishes to turn his surplus certificates into the National Pool, he may do so by surrendering them to the Assistant in Cotton Adjustment, after he has filled out the correct form. This National Pool will receive surplus certificates from the farmers who do not need them and sell them where they are needed. All Certificates sold from this Pool will be at the rate of 4c a pound until the Secretary of Agriculture sets a different rate.

At the close of ginning season those who participated in this pool will be paid at the rate at which they turned in their certificates. Any unsold certificates will be re-issued to the original owner in proportion to his interest in the Pool. The Secretary may cancel any certificates if he finds that the producer surrendering it speculated in acquiring such certificates, or obtained it through sharp practices, or fraud, or coercion.

The above rules are official. J. S. PORCHER, Assistant in Cotton Adjustment, Floyd County.

BOY SCOUTS HAVE NEW SCOUT MASTER

The Lockney Boy Scouts have a new scout master, A. P. Barker, elected Friday evening in the basement of the Methodist church. Sam Miller and Dr. P. C. Anders were elected to serve as master in case of the real scout master's absence.

About a month ago the scouts went for an outing to Linguist Falls and three weeks ago they hiked out a few miles from town and the assistant master, Guernes Baker, passed eight of the boys on their knot tests.

The officers for the organization are: Buck Bullman, secretary, J. E. Pierce, reporter, and Billy Ed Whitfill, treasurer.

There are twenty-seven in the troop.

George Newman said it with a Maytag washer this week.

EUGENE HARRIS says:
