# BUILDING BEING REMODEL. ED FOR DRUG STORE AND OFFICES

The building formerly occupied by the Dyer Hardware and Fur niture Company is being remodel ed and painted this week. A stair way is being built with a street entrance leading to offices on the second floor to be occupied by Dr. N. E. Greer and Dr. P. C. Anders. The lower part of the building will be used by the Greer Drug Company.

It is not known exactly when the building will be completed and the new store and offices moved in, but probably within the next week or so.

# WOMAN DIES OF HEART ATTACT TODAY

Mrs. W. R. Kendall, 36, died of a heart attact this morning at her home one mile north of Lock ney while standing up ironing. Her husband was in the same room with her and she told him she felt as if she were going to faint. By the time he carried her to the bed she was dead.

The deceased is survived by her husband and three children. The body is at the Crager Funeral Home pending funeral arrangements.

Mr. and Mrs. S. E. Staggs of Slaton were here today as the guests of Mr. and Mrs. D. E. Cox.

David Bates of Dennison was a Lockney visitor Sunday.

BACKSTAGE TELEPHONE SERVICE

he telephone service this company furnishes you could not be as uniformly good, as quietly accurate, as far-reaching and inexpensive, if the (nation-wide organization of the Bell System did not stand behind it.

There is American Telephone and Telegraph Co., the parent organization, furnishing technical and business guidance to the 24 operating companies.

There is Bell Laboratories, the research organization, constantly seeking better and more economical methods and equipment.

, , , There is Western Electric, the supply unit, buying and manufacturing at a cost in most cases below what would be paid in competitive markets.

Cach of these units stands behind the men and women who give you your local telephone service, Each is dedicated to the fundamental and enduring Bell System policy of giving good telephone service, at a

fair cost to the user. Back of this policy lies our belief that in an undertaking such as ours, planned for the long run, what is best for the telephone user becomes in the end the course that will bring us the sounder, more enduring success.

The Tow send Plan seems to be the favored plan of almost all of our people that have or soon will reach the age of 60 years. Perhaps the reason for looking on the Townsend Plan with favor is because his plan recommends a pension of \$200 per month. Dr. Townsend, author of the proposed bill makes his home in California. We are sure that we will have some kind of old age pension legislation enacted at the coming session of Congress, but it will not be \$200 per month, that is too much money to be paid out in the way of a pension. In reality, our people do not wish to draw a pension from our Government when the reach the age of 60 years, but instead want an opportunity to accumulate sufficient funds by work and lanning to keep them in their old age, that makes them indepen
