The Senate rejected the Bankhead billion dollar farm tenant bill Monday by a vote of 44 to 37. This bill was designed principally to help tenant farmers of the South. The bill proposed to loan tenant farmers and share croppers money to buy small farms with, ranging from 40 to 160 acres, on long time at low rate of interest. 21 Democrats, mostly from the East, voted against the bill. The only trouble with this kind of a bill is the fact that it might put the government in the farming business on a large scale. Still it would be a big help to a class of farmers that will perhaps never own farms of their own any other way. You will remember that in the years past we had homesteading laws that permitted a man to file on from 160 acres to a section in the Western States and if he lived on the land three years and improved it, the Government would give him a deed to it. Thousands and thousands of homes were obtained in this way by farmers, but in so many instances just as quick as they "proved up" they placed a mortgage on it and in a few years lost it to the mortgage holder and they were homeless again. The only way this bill would be of any benefit in case it should come up again and is passed, is to make it "air tight" in regard to mortgages. The bill should be so drawn that in case a man attempted to place a mortgage on his farm it would revert back to the Government, or the mortgage would be void and the mortgagee would lose his money.

Approximately 4,200 school districts await an Act of Congress to make it possible for them to remain open for the rest of the school year of 1934-35. These schools are located in 25 states, and embrace 5,420,000 pupils, 102,116 teachers, and thousands of custodians and other employees. About \$100,000,000 is needed to keep these schools open in districts where the school deficits total nearly \$38,000,000. Although the World Relief Appropriation Bill sets aside \$3000,000.00 for "educational, professional, and clerical personnel" none of this sum can be made available to teachers only who, because of unemployment, may be given work and then be paid from the above appropriation. Effort is being made to remedy the situation by direct means. This may be done by a Congressional joint resolution authorizing the President to allocate enough funds from the Work Relief Appropriations to satisfy the immediate needs of the distressed schools, many of which are located in cities with a population of 10,000 and less. It would be well for those who are interested in federal aid to education to request their representative members of the Senate and House to pass such a resolution "pronto," since time is the essence of the situation.

Mr. Morgenthau, secretary of the treasury, warned a flock of Senators Tuesday that if any of plans now pending for the payment of the soldiers bonus were finally passed, it would call for additional taxes. It seems funny to us that if a piece of legislation is suggested that does not have the endorsement of the administration, the first thing some cabinet officer does is to howl about taxes will have to be hiked upward, but if it is an administration measure "we will just issue bonds" and pay the bill. Why not figure out some plan whereby all legislation can be placed on the same footing as near as possible. We are pretty well in the bond business now, so a few more bonds might be all right to pay off the soldier boys, but still, why not issue new currency and pay the boys off and forget it, and stop the interest on a few bonds. It seems the "bond buyers" have us going down hill.

What in the world is going to

be invented next. A Chicago inventor has invented a machine to take the "hangover" out of liquor. In other words after the night before, you will feel just as good as if you had been drinking so much water, instead of having that heavy head feeling the next morning and that desire to swear you will never touch another drop, etc. These machines will have to be peddled to the boys with a "hangover" and what we mean is the inventor can get practically any price he will name if he can get to the victim just at the right time.

"Alfalfa Bill" Murray, one time governor of Oklahoma, has stepped out on the stage again and the spot light has been turned on "Alfalfa Bill" is a pessimist. He thinks this good old U. S. is going to the bow-wows under the Roosevelt administration. His vision is as blue as indigo. But we must remember Bill never did and never will agree with anybody on anything. He is a lone wolf and he will have to howl a little now and then. He had his chance while governor of Oklahoma, but accomplished very little, outside of calling out the Militia everytime things did not go just to his fancy. Bill has had his fling, and will gradually pass out of the picture.

If you want to get sold on irrigation take a little drive around over the territory surrounding Lockney. Look at the dry land wheat fields. They are almost as nude of vegetation as the Main Street of Lockney. High wind, dust and sand have collected their toll. Then drive around and take a look at the irrigated farms. Wheat green and half knee high and looking good. That is real preventative of soil erosion. The soil will "stay put" where it is irrigated. All in the world we need in this country is money to put down wells and buy pumps with and we will stop this soil erosion caused by high winds, and crop failures will be unknown. Three new wells are going down this week, but we need about a hundred or so more.

"BRAIN JEWELS" FROM OUR EXCHANGES

Skidmore Argus—Announcement by the Editor—If the Texas editor who used to shoot his subscribers in the leg to remind them that their unpaid subscription was due is still living and open for a proposition, there is a job waiting for him at this office.—Quitaque Post.

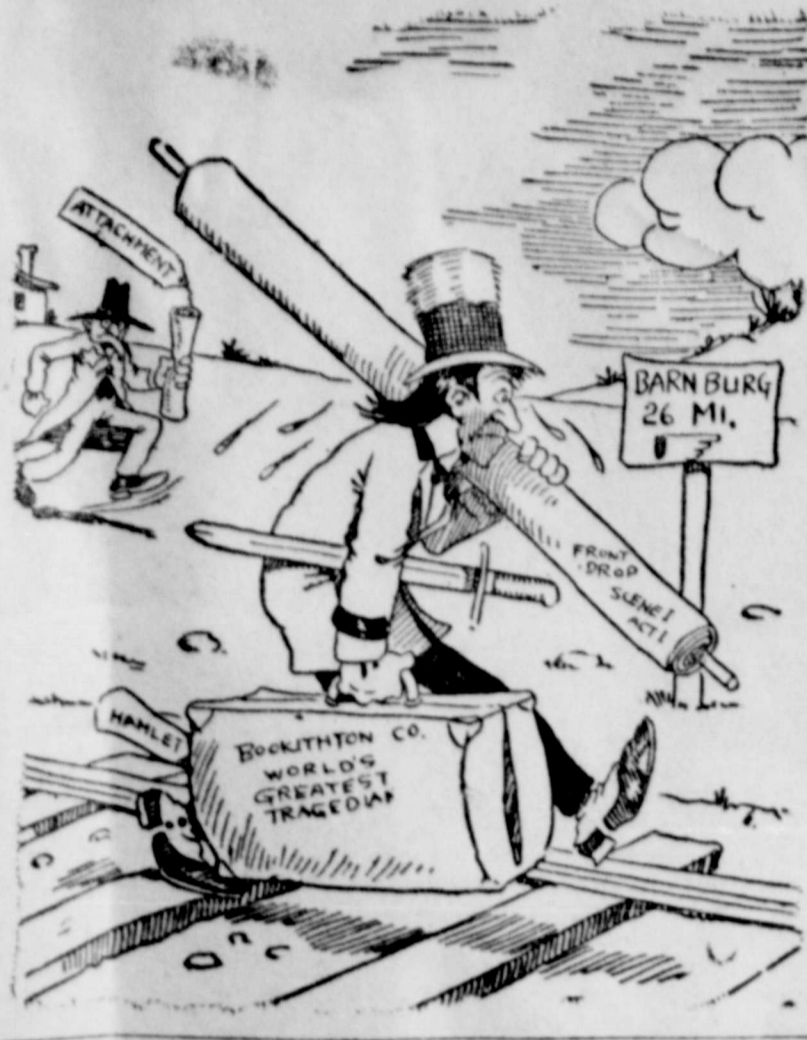

During the World War Germany employed an army of 100,000 men to wreck a railroad in France. And here in the good old United States it takes only a little bunch of five directors to wreck a railroad.—Briscoe County News

A Congressman wants to eliminate bunk from the Congressional Record. But that would cause a lot of unemployment among government printers.—Floyd County News

Old-timers who believed that the grapevine would go out of existence with the coming of radio, telephone and television have a new belief coming. The famous news and gossip works in full swing across the Snyder square every hour of the day. But we advise you to divide its message by two, subtract a million or so—and then go to the source of information before you believe anything.—Scurry County Times.

According to a statement in the Congressional Record, the World War took the lives of 30,000,000 men and women and cost the nations engaged four hundred billion dollars. Is there any wonder that

---and the Worst is Yet to Come

students in the colleges and universities of the world have decided that they are opposed to war and will not participate in war. The war lords always rely upon the enthusiasm of youth for a scrap when considering war. Of course the youth of any nation may be aroused to fight in a war of defense, but it is well for them to consider the cost which war always heaps upon their shoulders and the terrible loss of life entailed. After all war is the most foolish method of settling an argument between nations.—The Canyon News.

This part of the country is getting a break. Nowadays all you have to do is sit at your window and watch the rest of the world blow by.—"Cracker Crumbs" In State Line Tribune.

Trees and shrubs are having a hard time putting on their greenery this spring. Not even the spring rains have yet budded out.—Tahoka News.

And what must the small Newspapers of the country expect next? Some months back this editor received a CODE BOOK, saying we must charge \$4.75 for 500 20-pound bond letter heads, printed. Only last week this editor was offered the job of printing up 500, 20-lb. bond letter heads, 8 1/2x11 inches, the same kind of a job which the CODE SAYS MUST BE charged for at the rate of \$4.75 for 500. The Relief Agency of Armstrong County, who ardered this job had quotations from State Headquarters saying the 500 20-pound bond letter heads must be printed by the local printer at ONLY ONE DOLLAR AND SIXTY-ONE cents, a few cents more than the ACTUAL COST of the blank paper. The local appointees of Armstrong County Relief are in NO WISE responsible for this dirty double crossing deal handed out to the smaller papers throughout the state. Newspapers throughout Texas have given, unsolicited, and without any charge whatever, thousands of dollars worth of advertising to relief work and toward the dole system and for pay for this FREE advertising they are ask to print up 500, 20-pound bond letterheads, 8 1/2x11 inches for ONLY \$161. In all fairness, the local printer should have ALL THE PRINTING, that is put out by the County Relief Agency, at a live and let live price. If not, why not.—Claude News.

THE "RACKET" SEASON IS NOW OPEN

Spring brings not only the birds and flowers but the first of a long and continuous string of house-to-house canvassers with rackets to separate the public from its hard-earned cash. You can now expect salesmen with Irish lace that never saw Ireland, Turkish rugs that never saw Turkey and new schemes you never heard of before.

A new "racket" which may soon find its way to Floyd County is worked by the motorist who explains he has some high-grade linoleum he was to deliver to another customer, but the customer changed his mind. So he is ready

to sacrifice it rather than carry it back to the city. Later the real purchaser discovers she has paid a stiff price for about the cheapest grade of linoleum that can be produced. The trancient salesman of "Oriental" rugs is another annual spring nuisance. His wares often turn out to be made of cheap cotton materials, and machine made. It is difficult for an inexperienced person to detect a fraud in rugs, so this is one of the most successful of all "rackets." But these are only two of the countless gyp schemes that will be promoted from now until the first frost drives the operators into winter quarters. Possibly the best way to avoid being victimized by any of them is to buy all the things you need or want from a reputable dealer.

HENHOUSE PROGRESS—MAKE 'EM LAY MORE EGGS

Citizens around Lockney who have cause for complaint when their chickens show a tendency to curtail egg production might try this stunt, reported to an Ohio weekly paper by one of its reporters. An enterprising poultryman attached a spool of heavy thread to the stem of an alarm clock. The other end of the string he fastened to a penny mousetrap. From the mousetrap a twine is fastened to an electric light switch in the henhouse. The alarm is set to go off at 4 a. m. every morning and when it does the spool winds the string and trips the mousetrap. Then the mousetrap jerks an electric switch and turns on the lights in the henhouse. The chickens think it is daylight and they start on the job of laying eggs. The result is increased egg production. Old necessity still seems to be the mother of invention—even in the henhouse.

CURTAILED SERVICE TO SILVERTON AND DIMMITT PROPOSED

An application has been filed with the Texas Railroad Commission by the Fort Worth & Denver City Railway to discontinue the passenger service between Dimmitt and Plainview and between Sterley and Silvertown and reduce freight trains operating over these lines to a minimum of two trains a week. At present the road operates mixed trains over this portion of its lines.

A hearing has been ordered on the application. It will be held at the court house in Plainview on May 2 at 10 a. m. before some representative of the commission.

Many a big shot doesn't feel successful if he can't go back and show off in the old home town.

Some suckers in Lockney won't believe it, but a business that has great profits in sight doesn't offer shares to the public.

You can always tell which Lockney relatives are being helped—the others of the family. They are the ones who are always mad or insulted about something.

It won't be long now until trees will be all of nice red cherries and also full of birds to eat them.

Fourth of a Series of Statements on the New "Ultimate" Rate for Residential Service

Here's What YOU Can Do With Additional Electricity at No Increased Cost

The added current will help pay for the extra lamp, the new refrigerator, and other electric appliances you have always wanted and needed. Put in higher wattage lamps and see what a big difference good lighting really makes.

The inauguration of the new "ultimate" rate not only brings better lighting, but opens wide the door to a fuller use of electric service by any person who wants it. More readily possible now is convenient and healthful refrigeration. Automatic electric cooking—and the pleasures of cooking in a clean kitchen, comfortable both in winter and summer—is within the reach of every woman.

We want you to know how the new "ultimate" rate is at your service in a practical way, not in theory. If you have read our announcements in previous issues of this paper and desire further information, please inquire of our local office for complete details.

Application of the new rate will be reflected in your service bill received May 1st and thereafter. We know that when you appreciate the benefits under the rate you will avail yourself of its advantages more and more.

Sterley School Closes Friday
Friday, April 19, marked the end of an eight month's session of school at Sterley. The day was celebrated by an informal program in the morning when several interesting addresses were made.

Things in Your Favor

Your seeming obstacles to success are the very things that make success possible. Every successful person has to fight for every inch of ground he gains, and he has to fight harder to maintain it.

Because you are poor; because your parents are just ordinary ones and not people of honor and fame; because you were not born social uplifters; or because you have even the least hobby.

Occasionally a person confronted with obstacles becomes a pessimist, but luckily, there are many who become optimistic at the sight of the horizon. And thus it should be. The time in life when things are in our favor should not be the only time when life is worth living.

WEDDING SOLEMNIZED HERE EASTER SUNDAY AT 9 O'CLOCK

Miss Charlotte Canning, daughter of Mr. and Mrs. K. L. Canning of Lockney, and Johnny Reasonover of Lockney were married at 9 o'clock Easter Sunday at the home of the bride's parents with Rev. A. L. Shaw, Baptist pastor, officiating at the ring ceremony. Only a few friends and the family were present for the wedding. The bride wore a Copenhagen blue crepe dress and carried white accessories. She did not have any attendants since the ceremony was a simple home wedding.

The groom is the son of Mr. and Mrs. L. R. Reasonover who reside seven miles west of town. He has made this his home since childhood and is a former student of the Lockney High School.

Mrs. Reasonover was graduated from the Lockney High School in 1932 and has been living here for the past five years. She formerly lived at Goodnight here her father was the Fort Worth and Denver depot agent before being transferred here.

The couple left Sunday afternoon for Lubbock where they were the guests of the groom's sister and husband, Mr. and Mrs. Truitt Cranford, and returned Tuesday. They will be at home here in Lockney.

Those present for the wedding were Mr. and Mrs. Emory Huggins, Mr. and Mrs. Charley Collis, Mr. and Mrs. Glen Carroll, Mrs. A. L. Shaw, Miss Lena Moore, the bride's parents and her brother Raleigh Canning.

Mrs. Glen Carroll, Mrs. Charley Collis, and Miss Lena Moore will be hostesses this afternoon at a shower for the bride in the basement of the Lockney First Baptist Church.

JOE NALL WEDS ELECTRA GIRL EASTER SUNDAY

T. Corder, brother of Mrs. Haynes, and elder of the church of Christ at Tulia officiated in the ring ceremony.

The bride was attired in blue with white accessories. Miss Elvora Nall, sister of the groom, attended the bride as maid and Mr. Cecil Haynes brother of the bride was best man at the ceremony.

Those attending the wedding were Mr. and Mrs. J. H. Nall of Lockney, the grooms parents, his sisters Miss Elvora and Mary Annie also of Lockney, Mr. and Mrs. H. H. Haynes the brides parents, Mr. and Mrs. Otis Luttrell and children, Mr. and Mrs. Homer Haynes and children, Raymond Cecil, Elwood, and Paul Haynes, Miss Lena Corder of Tulia.

A wedding dinner was served to those present.

The bride and groom left Sunday afternoon for a two weeks trip to San Antonio and other points of interest in Southwestern Texas, after which they will return to their farm home near Crosbyton, Texas, where the groom has extensive farm interests.

The bride graduated from Electra High School with the class of

1930. For the past four years she has kept books and assisted her father in the General Merchandise business and the International Implement Agency north of Electra. Her father is also county Commissioner of Precinct 4 in Wichita County.

The groom is well and favorably known at Electra, having been engaged in the grocery, lumber, and gin business here during the past five years. He is a graduate of Lockney High School and The Plainview Business College.

CELEBRATES FOURTH BIRTHDAY WITH EASTER PARTY

Little Mary Ellen Langfeldt celebrated her fourth birthday with a party and Easter egg hunt at her home Sunday afternoon.

FATHER OF F. U. PAYNE DIES APRIL 10

On Wednesday, April 10, at 6 o'clock, near the close of the day, Uncle Dan Payne, 85, of Josephine, father of F. U. Payne of Lockney, came to the end of his earthly life and went peacefully to rest in his heavenly home. Even though he had been failing in health for several months, serious illness for a number of weeks, when the end came it was a great shock to his wife, children and friends.

Funeral services were held at the Caddo Mills Baptist Church Friday afternoon at 2:30, conducted by Rev. Hulen Coffman, long time close friend, assisted by Rev. Milton Greer, Rev. Lindsey of McKinney, Rev. Taylor, his pastor, and Rev. C. B. Williams, Meth Rev. Bradley Allison, pastor of odist pastor at Caddo Mills, and the Baptist church at Royse City.

He is survived by his wife, four daughters, and five sons, F. U. Payne of Lockney being among that number. All were present for the funeral except one grand-daughter who failed to get the message in time to attend. He is also survived by twenty-one grandchildren and five great-grandchildren.

DR. ANDERS MOTHER DIES TUESDAY NIGHT

Dr. P. C. Anders and son, P. C. Jr., left here Sunday night for Tuscaloosa, Ala., after receiving a message to the effect that Dr. Anders' mother was suffering from a stroke of paralysis. She died Tuesday night and it is not known whether they had reached Tuscaloosa by that time or not.

E. J. HOFFMAN IS FOUND DEAD AT HIS HOME

E. J. Hoffman, 48, resident of the Fairview Community for twenty years, was found dead at his home yesterday morning by his son, John, and Frank Kinnard.

A .25 calibre pistol lay by his side and a gunshot wound was in his right temple. The body was fully clothed with the exception of his shoes. There were no indications of foul play and a verdict of death, self-inflicted, was reported by the justice.

He is survived by one son, John Hoffman of the Hillcrest Community, and one daughter, Mrs. Dorman Clanton of Channing.

Funeral services will be held today at the Floydada First Methodist Church at 4 o'clock with Rev. F. O. Garner of Petersburg officiating.

Burial will be in the Floydada Cemetery beside his deceased wife as requested by him in a note to his son.

TUMBLEWEED PICK-UPS

Well, here I am folk. Yes, Siree and I'm not all wet either. I thought several times I was going to get a good soaking but, tut, tut, such moisture was never meant for a dry land plant like me, who is accustomed to nothing but heaps of sand cactus and dry stubble grass! But what care I what tomorrow brings (I'm just talking now) for today is my time to tell all I know about you less fortunate people who happen not to have a publication in which to circulate gossip concerning this Wee... ENE and Howard Cox, now of Muleshoe and one time managers of the official Loafers' High-Out, were here to spend the week-end visiting their parents and friends. The town loafers really miss these two people for they maintained a swell resort for such people as Martha-

Vaude, Demos, Wayne, Marjorie, June, Cannon and Inez who were either hiding from their employers during working hours or desired a retreat from the life of a school teacher. But their hide-and-go-seek days are over and their employers now get me work for the money paid and the teachers are getting more violent every day! WHEN you feel the need of Bing Crosby's soothing rhythm or Dick Powell's melodious harmony, just tune in on Austin Meriwether, the town crooner, for ten minutes and any such desire you might have entertained for harmonizing series of tones will be more than satisfied for the next six months! I too once had ambitions to listen to the mimicking of such outstanding screen and radio crooners. J. ED Parson says he has one of the louisiest jobs in town, or maybe he said drowsiest, but he that as it may, he is a sort of somnolently inclined person and all the time does nothing but sleep and sleep at the fire station while waiting for a fire to break out in this vicinity. Lockney has had about five fires within the last year, so figure it out for yourself. Ho, Ho, Hum—Life is just one

big slumber! ROWENA Ewing, (Local Girl Makes Good) spends every week-end here in spite of the fact that she is now teaching at Plainview. She has invited some of her girl friends to come up and see her some time, but up to date they haven't been able to catch her at home. WITH the sound of the next discord it will be exactly twenty-five words, past time for me to have signed off. WHY do you suppose everybody goes to the bright lights of Plainview every Saturday night like country gentlemen??? It must be the metropolita n in them.

Miss Lynna Jaye Graves attend ed the annual spring and summer beauty convention held at Lubbock Monday. She was accompanied by her father, C. R. Graves, who attended to business in that city. Miss Rachell Graves, who has been attending the Sherrill Beauty School in Lubbock returned home with them.

Mrs. Erma Fisher and Mrs. Earl Wilson attended the beauty school convention held at Lubbock the first of the week returning Tuesday.

NINE PERSONS OF LAMB COUNTY NAMED IN FEDERAL INDICTMENT

Sheriff J. L. Irvin and Son Placed Under \$2,500 Bond At Fort Worth—Charged With Dealing in Untaxed Liquor

Nine persons, two of them women, pleaded not guilty of a federal charge of dealing in untaxed liquor in preliminary hearings conducted by United States Commissioner Olive Fluke at Lubbock Monday afternoon.

Of 28 men and women including Sheriff J. L. (Len) Irvin of Lamb county, named in a "blanket" indictment returned by a United States district court grand jury at Fort Worth, 14 had not been arrested.

Nine Arraigned
Mrs. Fluke conducted arraignment for the following named Lamb county residents:

Sam Hutson, 36 year old Littlefield constable.

Mrs. N. T. Dalton, 42, a widow who owns a farm 1 1-2 miles northwest of Littlefield.

J. J. Little, 66, a farmer.

Star Haile, alias May Haile, 31

Star Haile, 36 year old barber.

Jack (E. E.) Page, 30, former operator of a school bus and a cafe employe.

Roy Campbell, 47, cafe employe.

Felix Silhan, 19, farm youth.

Jim Etter, 35, truck operator.

Bonds of \$2,500 each were posted Monday afternoon at Fort Worth by Sheriff J. L. Irvin of Lamb county, his son, Drisco Irvin, and the sheriffs chief deputy, Lawrence Walraven, after an indictment charging them and 25 others with dealing in untaxed liquor was made public.

Arraigned before United States Commissioner Lois Newman, all three pleaded not guilty and waived preliminary hearing.

Sheriff Irvin also was accused of protecting bootleggers, of "selling" liquor privileges in Lamb county from 1926 to 1935, and of having threatened federal agents.

The indictment charged the defendants on 11 counts with violating the U. S. internal revenue law through possession of a still, carrying on the business of distillers, manufacture of liquor, possession of mash, transportation aid in transporting, concealing, aid in concealment, carrying on the business of retail liquor dealers, carrying on the business of wholesale liquor dealers, and conspiracy.

In 1927, the indictment alleges, the sheriff agreed to allow Bill Herman to set up and operate a whisky still "for consideration to be paid in money," and the paper lists occasions on which the officer allegedly received payments from Mrs. Bill Herman and Vernon Herman.

After the death of Bill Herman, Sheriff Irvin asked Vernon to take over the bootlegging racket in selling and handling whisky under the officer's protection in the county, the indictment sets out.

The indictment also declared that on several occasions Sheriff Irvin threatened federal officers, making the statement in a public place on one occasion that he would give \$100 to get a certain federal man out to a place where he (Irvin) could "set a gun on them."

A perjury indictment against Vernon Herman charged that he had first stated, and then denied, that he and his father had agreed to pay Sheriff Irvin and Deputy Sheriff Walraven the sum of \$600 a month and \$2 a gallon for "protection."

Vernon Hodel and Demos Eller spent last week-end at White Deer visiting friends and relatives.

LAST RITES FOR J. W. GINN ARE HELD

Funeral rites were held Saturday morning at 10 o'clock for J. W. Ginn, 64, at the Floydada First Methodist Church with Rev. I. A. Smith in charge, assisted by Rev. G. W. Tubbs. Interment was in the Floydada Cemetery.

The deceased moved to Floydada with his family in 1922 from Oklahoma and was in the grocery business there until 1928 when he moved to the Cedar Community where he was in the mercantile business.

He had been receiving medical treatment at a sanitarium in Santa Anna, Texas, for the past two weeks but his condition was not considered serious at the time of his death on Tuesday night, April 16.

He is survived by his wife, four sons, W. V. Ginn of Los Angeles, California, H. O. and C. W. of Lockney, and J. C. of Cedar Hill, and one daughter, Mrs. Emmett Johnston of Lockney. He is also survived by two sisters and three brothers.

Pallbearers were: J. B. Wigginton, J. S. Lackey, T. S. Brown, Bass Cypret, Walter Merrell, Walter Wood and Clarence Strickland.

Doris Cypret, Elrine Brown, Emogene Lackey, Ernestine Dillard, Geraldine Brown, and Mrs. Walter Merrell were flowergirls.

Mr. and Mrs. Clyde Williamson and Mr. and Mrs. Raymond Meriwether and baby spent last week end at Abilene visiting relatives. They returned Tuesday.

Mrs. Delmar Ashworth left Monday for Garmon where she will be the guest of her mother, Mrs. W. R. Eppler, until school is out.

JOE GITH

THE DADDY OF ALL ALMA MATERS IS EVIDENTLY THE OKLAHOMA COLLEGE WHICH FEATURES A COURSE IN NUT CULTURE.

Mr. and Mrs. Ezelle Fox of Dumas came down Monday to spend the night with his parents, Mr. and Mrs. J. W. Fox. They went to Lubbock Tuesday where Ezelle Fox will receive an X-Ray examination and treatment for stomach trouble.

Dr. N. E. Greer returned the first of the week from Mineral Wells where he left Mrs. Greer for medical treatment.

Wood and Glenn Stevenson, students at Texas Tech at Lubbock, spent the Easter Holidays as guests of their parents, Mr. and Mrs. O. E. Stevenson.

Herman Thornton of Texas Tech and Owen Thornton of WTSU were here over the week-end visiting their father, Peter Thornton.

KEROSENE

THIS refrigerator is not a makeshift. It's the same nationally advertised Electrolux that is serving thousands of city homes so satisfactorily. It's the famous air-cooled refrigerator that has won the endorsement and backing of the great gas industry.

In the city Electrolux operates on gas. In the country it uses inexpensive kerosene. A wickless glow-type heater replaces the tiny gas flame used in cities.

In every important respect this rural Electrolux has the identical cabinet—sturdy and gleaming white—that's found in the finest

city apartments. Electrolux offers the same money- and time-saving conveniences, gives full protection for foods . . . speeds the preparation of crisp salads and delicious dinners.

Electrolux has no moving parts. This means that it has nothing to wear and become noisy—nothing to need costly repairs. Electrolux uses no water.

It costs remarkably little to run . . . its five-gallon tank holds enough kerosene for more than a week, needing only occasional attention.

WILLIE BOEDEKER ELECTED TO CAPTAIN BUFF CAGERS

CANYON, April 23—At the annual banquet in honor of the West Texas State Teachers College basketball team Monday in the school cafeteria, Willie Boedecker, junior from Lockney, was elected to captain the 1936 edition of the Buff basketball team.

Boedecker is 6 feet 4 inches tall, is 20 years old, and weighs 185 pounds. This was his second year on the ball club, and he played an outstanding game throughout the season.

Captain Ed McMinn of Kirkland who graduates this summer to take the coaching job in his home town, was elected by unanimous vote of his teammates and coach as the most valuable man to the club the past season.

An honor guest at the banquet was W. H. Blain, who coached the first basketball team West Texas had back in 1912. His reminiscences were very interesting. D. A. Shirley, chairman of the athletic committee, was toastmaster at the banquet.

SUNDAY SCHOOL DEPARTMENT HAS PICNIC

The Junior Department of the Methodist Church had a weiner roast at the home of Mr. and Mrs. F. L. Brown, west of town Tuesday evening. The refreshments and games were furnished by Mrs. Wells and Mrs. Grimes' Classes.

About thirty children were there and the following adults: Mr. and Mrs. E. R. Harris, Mr. and Mrs. Bryan Wells, Mrs. John Stalcup, Mrs. R. E. L. Stutta, Mrs. R. C. McGivary, Mr. and Mrs. Frank Perkins, Mr. W. E. Grimes, and Mr. and Mrs. Brown.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning 'Rarin' to Go

If you feel sour and rank and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly alert and buoyant and full of spirit.

For they can't do it. They only move the bowels and a more morose, downy get at the cause. The reason for your down-and-out feeling is your liver. It should pour out one ounce of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just clogs in the bowels. Gas builds up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel drowsy and sore. Your whole system is poisoned.

It takes three good, old CARTER'S LITTLE LIVER PILLS to get those two ounces of bile flowing freely and make you feel "up and up." They contain mandarin, barberry, gentian, vegetable oil, and other natural ingredients which stimulate the liver when it comes to making the bile flow freely.

But don't look for free pills. Ask for Carter's Little Liver Pills, look for the name. Carter's Little Liver Pills on the red box. Lowest retail price, 25¢ a box of six. *Wm. S. Carter, Inc., 1111 N. 1st St., St. Louis, Mo.*

American Designers Challenge Paris Styles

NEW YORK... American dress designers staged their first fashion forum at Atlantic City in a challenge to Paris styles this week. Above are two ensemble models which won great favor of the critics. On the left, ensembles pink and mahogany were the colors in the plaid ensemble and repeated in the felt hat. On the right, American colors, red, white and blue were used. The fitted short jacket was navy and white. Red dots were knitted into the white blouse.

LIBERTY NEWS

A large crowd attended church at Liberty Sunday. Luke Priba of Lockney held the services. The children enjoyed a little Easter egg hunt in the afternoon.

Mr. and Mrs. Prince Brown and baby of Silverton were visitors here Sunday.

Mr. and Mrs. Yancy Moore and family were out from Floydada last week.

Liberty enjoyed a nice rain Monday afternoon accompanied by some hail, but it is believed that the hail did little damage.

The community is glad that Mrs. Barton is getting along so well since her operation.

Mrs. Glen Watson had an attack of appendicitis and was taken to a hospital for an operation, but upon arrival was better and did not undergo an operation.

The Liberty school will close Friday of this week. All of the pupils will be glad since they are tired of going to school.

Prayer meeting will be Wednesday night.

There was a group who meet at the home of Mrs. Ginn, last Sunday evening for singing. They plan to meet every week at each other's home and practice singing.

Actuaries estimated that the tax for old-age annuities would be \$560,200,000 in 1938, and increase gradually to \$1,877,200,000 in 1950. They calculated the unemployment insurance levy would bring in \$504,000,000 in 1938 and \$906,000,000 in 1950.

OLIVER W. STEWART WILL DELIVER AN ADDRESS AT METHODIST CHURCH

His Subject Will Be "Oncoming War With the Liquor Traffic" Assisted by Miss Norma Brown

Mr. R. S. Middletown, of Indianapolis, known throughout the country as the veteran advance man of the Flying Squadron Foundation, is again in these parts. He appeared in our city on Wednesday offering the services of the Honorable Oliver W. Stewart, and Miss Norma Brown for two public addresses on the "Oncoming War with the Liquor Traffic."

Local friends of prohibition were quick to recognize this opportunity and arranged for a gathering to be held in the Methodist Church on Friday May 10 at 3 P. M. and 8 P. M. Mr. Stewart has been heard often in every section of the land over the last thirty years during which time he has been a figure of prominence and large influence in the reform he has unceasingly served.

Miss Brown is nationally known as a lecturer. It is said that her discussion is comprehensive and illuminating, free from shallow emotionalism and vituperation. She will speak at 8 p. m. The local churches are uniting in this series of meetings in the interest of the Texas State Campaign for the retention of the State Prohibition law.

Public is invited.

OIL FLOATING IN DUST CLOUDS OVER PLAINS AREA

TOPEKA, April 19—There's oil floating around in the dust clouds that have tormented the great plains region in recent weeks.

Gov. Alf H. Landon, himself an oil man, told of examinations he made of dust deposits while on a tour of Western Kansas this week.

"Many residents in the affected area called my attention to the oily consistency of the dust. You could feel it by rubbing the dust between your fingers. The dust would leave an oily spot where it fell," he said.

Others have made similar observations. The governor said he had no explanation for presents of the oil. He pointed out, however, that oil wells dot much of the plains region in Southern Kansas, Oklahoma and Texas.

"However the entire plains territory has been considered potentially rich in oil and gas," the chief executive said. "This oily

As Dust and Sand Swallow Up Western Farm Crops

KANSAS CITY... The increased violence of the sand and dust storms sweeping the plains of Wyoming, Colorado, Kansas, Oklahoma and Texas and affecting all mid-western states, brings succeeding stories of the great damage done to farms and agricultural lands. . . . Upper photo shows a ridge of blown sand and silt as high as the barn on a Western Kansas farm. Lower left, women shoppers at Alva, Okla., braving the dust storm. Lower right, two residents of Boise City, Okla., wearing the newly designed dust masks to protect health as the storms continue.

ESTABLISHES PERMANENT AGENCY FOR SOIL EROSION

Measure Is Sent To White House For Presidents Approval

The House completed congressional action Tuesday on legislation to make permanent President Roosevelt's emergency soil erosion measures and sent it to the White House for his approval. "This bill establishes a permanent agency or service," Chairman Jones of the House Agriculture Committee and author of the measure, said.

"It translates the temporary orders already in effect into something permanent." The president by executive order, consolidates all soil erosion activities in the Agricultural Department three weeks ago when severe dust storms became

serious in the West and Midwest. The new agency would be empowered to conduct surveys and maintain erosion demonstration projects and make any plans to meet all erosion problems.
