

After Fatal Accident

Murder Charge Filed

The Texas Highway Patrol has filed a charge of murder with a motor vehicle against one of the drivers involved in a three-car accident that killed two Dimmitt girls on US 385 Sunday.

Patrolman filed the felony charge Monday against Arcadio Arrando Hernandez, 20, a Hart laborer who was driving one of the three vehicles involved in the multiple-fatality accident 11 miles north of Dimmitt.

Hernandez was arraigned Monday before Justice of the Peace

Earl Harrison after patrolmen transferred him to the Castro County Sheriff's Office from Deaf Smith County Hospital.

Hernandez is now free after posting \$2,500 bond. He will face prosecution in District Court.

The patrol's "murder with a motor vehicle" charge against the 20-year-old Hernandez also carried the stipulation, "while intoxicated."

Patrolmen said Hernandez' car, was in the wrong lane when it crashed head-on with a 1966 Pontiac driven by Mrs. Gene Wright of Dimmitt and a late model Chevrolet pickup driven by Hugo Beyer, also of Dimmitt.

Two passengers in the Wright car were killed. They were Mrs. Wright's 3-year-old daughter, Twila Jo, and 19-year-old Mrs. Nancy Martin Hickman. Both were dead on arrival at Deaf Smith County Hospital.

Mrs. Wright's husband, Gene, and Mrs. Hickman's husband, Doug, both are employed at the Western Ammonia Co. plant in

Dimmitt.

The accident occurred about 4 p.m. on a curve 11 miles north of Dimmitt.

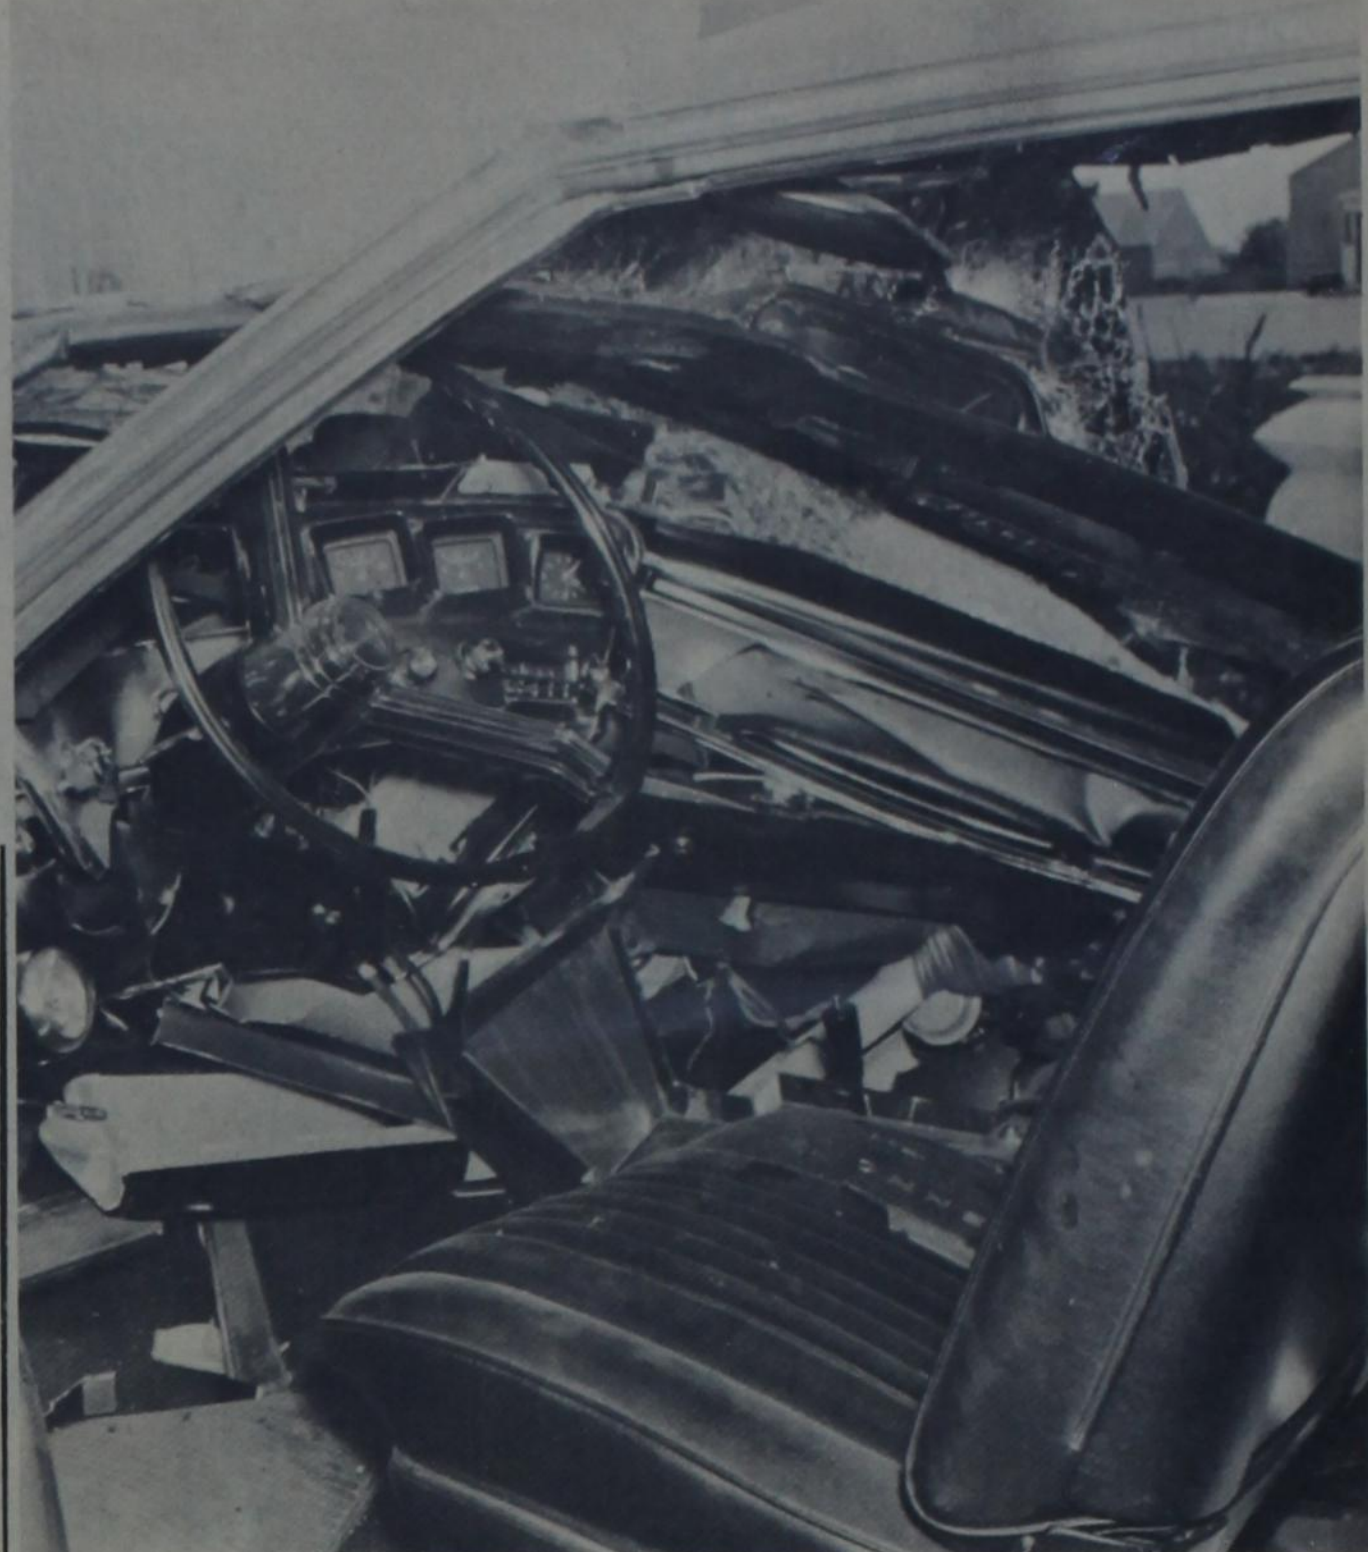

Mrs. Wright was taken to Deaf Smith County Hospital with serious injuries, but is now reported in satisfactory condition.

Harry Dennis White, passenger in Beyer's pickup, was also admitted to Deaf Smith County Hospital in serious condition after the crash. He, too, is now reported to be in satisfactory condition.

Beyer was treated and released at Plains Memorial Hospital.

Funeral services for Twila Jo Wright were held Wednesday morning in the Cactus Avenue Church of Christ in Levelland. Besides her parents, she is survived by her grandparents, Mr. and Mrs. H. B. Wright of Levelland, Barney Lewis of Levelland and Mrs. Hazel Aubrey of Odessa.

Funeral services for Mrs. Hickman were held at 2 p.m. Wednesday in the First Baptist Church of her hometown, Buffalo, Okla.

about dimmitt and castro county by b. m. n.

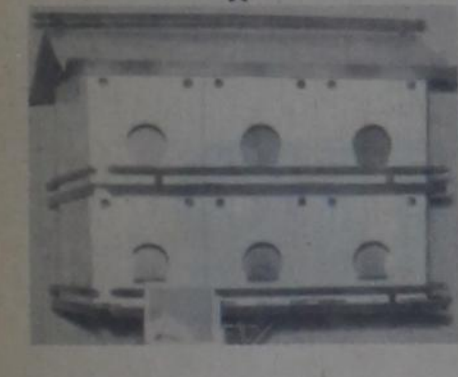

We usually run letters to the editor on an inside page in a Letters to the Editor column, but when the following letter was called to my attention I decided that it qualified for this column, the most important in the paper. The letter follows:

Dear Editor:

Few people in this town realize the policy you have on home-town advertising. While working for your newspaper and even now, I observe that you hold only Dimmitt merchants as important. I know that time after time you have turned away advertising in your newspaper from out-of-town advertisers for the sake of your home town advertisers. Although I realize we "homesteaders" need a little competition, I for one, do VERY MUCH appreciate your loyalty! Thanks again!

Jeannine Wimberley
Blue Room Coiffures

Thanks, Jeannine, you were a very efficient employee, and from your letter you prove that you were very discerning and learned your newspapering lessons well. We do try to hold out-of-county advertising to a minimum, that is if it is competition with county businesses, and in my opinion it is a sound policy that has paid off for our town and county, as evidenced by our steady and continuous growth.

PURPLE MARTIN HOUSE

I bought one. Everybody in the county should buy one — a purple martin house, that is. The houses are not purple; the martins are purple so the purple martin houses are for purple martins.

I bought my purple martin house from Bill Waldrop at Community Grain at Easter. I don't mean that I bought it; what happened was that Bill sold it to me. I guess of all the things I ever bought I am proudest of my purple martin house.

Selling purple martin houses is an ideal project for the Easter Lions Club. They are a bunch of guys who want to get something done — something helpful, constructive and profitable.

The Easter Lions Club project is a dual-purpose thing. By selling purple martin houses, Easter Lions hope to attract the migrant birds in large numbers to this area, with the hope that the insect-eaters will rid the Panhandle-Plains of mosquitoes, flies and other pests that annoy humans and livestock.

According to Bill and an outfit called the "Griggsville Wild Bird Society," purple martins migrate to the United States each spring from Brazil. These two authorities say that the birds send out scouts early in the spring to locate and make arrangements for housing facilities. They relay the message back to the wagon train and the transients move and raise a family, while all the time

Young Farmers Win Top Award At Area Meet

The Dimmitt Young Farmer Chapter won the first place Chapter Publicity Award trophy at the Area I Young Farmer Convention in Tulsa Saturday night.

It was the second straight year for Dimmitt to win the scrapbook award.

Other honors for Dimmitt went to Ben Holcomb, who was named third place winner in the Star Young Farmer competition. He was also elected Area I Reporter for the coming year.

The scrapbook has been sent to Austin where it will compete with the state's other nine area winners for the State Chapter Publicity Award. Last year, Dimmitt placed its scrapbook in the top four in Texas.

Young Farmers from Dimmitt attending the convention in Tulsa were Glenn Odum, Monty Boozler, Ben Holcomb, David Cole and Don Robb and their wives. Also attending were Elroy Otte and John Quinby, Dimmitt vo-ag teachers, and their wives.

New Deadlines Now In Effect

In an effort to give you a more complete and convenient newspaper, the News has departmentalized five pages for different news and advertising categories.

The departments are Sports, Society, Business and Industry, Modern Agriculture (new this week) and Church Notes (to be added later).

New deadlines for these pages are listed under the News masthead on Page 8. Please observe these deadlines. The News staff can't assure publication of any item submitted after the deadline for its category, although we will make every effort in special cases. Early copy, generally, will be given preference.

Advertisers may request any departmental page and, depending on space available, these requests will be honored by the News advertising staff.

CAP Group Sets Sights On 472 'Poor' Families

Castro County's Community Action Committee learned last week that 692 families in the county have incomes of less than \$3,000 a year.

Director Frank Latimer said the county's "War on Poverty" program will attempt to help 472 of these families raise their incomes through self-help and training programs.

The other 220 families in the \$3,000-or-less bracket are retired people who are not considered deprived, Latimer said.

"Our chief efforts will concern the participation of these 472 families, mostly residing in East Dimmitt and three areas in and near Hart," Latimer reported.

The Community Action Committee is studying programs in the "anti-poverty catalog" of the Office of Economic Opportunity to tailor a self-help campaign for these 472 families.

Latimer noted that the current total of 692 Castro County families in the \$3,000-and-less bracket is less than was shown in the 1960 census, which reported 768 families in this income group.

Of the 472 County families currently classified as impoverished, Latimer said, 73 earn less than \$1,000 a year, 160 earn between \$1,000 and \$2,000, and 239 make \$2,000 to \$3,000 a year.

In its quarterly meeting last week, the Community Action Committee also adopted a resolution calling on adjoining counties without CAP programs of their own to join Castro County's program.

to provide and insure the creation of an adequate resource base, and to provide the surrounding communities and/or counties a organization from which to receive benefits for their respective counties.

Next quarterly meeting is scheduled Dec. 6 in the courthouse community room.

Farm Wife Now Midwife

A farm owner's wife was forced to do the honors Tuesday when an employee's baby arrived before the doctor did.

Mrs. W. T. Autry delivered a 7-pound daughter for Mrs. Hector Reyna on the Autry farm eight miles south of Dimmitt, while Dr. Ray W. Stanley relayed instructions by telephone.

Although the baby girl was the Reynas' 11th child, the midwife delivery was "first" for Mrs. Reyna — and for Mrs. Autry.

The mother, baby and emergency midwife are all reported doing fine.

PTA Schedules 'Back to School'

Dimmitt's Parent-Teachers Association will start its year with a "Back to School Night" Tuesday at 8 p.m.

South Grade School cafeteria will be the meeting site. The program will feature a panel discussion of the school budget, health program and physical education program.

An old-fashioned pie supper will be staged after the program to enable PTA members to meet their children's teachers. Parents are requested to bring one of their favorite pies to the meeting.

PTA membership is open to all interested parents, school patrons and teachers, with dues of \$1 per person. Tuesday night's meeting is open to the public.

To Visit AFS 'Sisters'

(Editor's Note: Two Dimmitt girls, Jane Cleavinger and Pat Moran, completed a long-drawn-out trip to Europe to visit their former American Field Service "sisters" who attended Dimmitt High School as exchange students — Francoise Sturbelle of Brussels, Belgium, who lived with the M. E. Cleavingers here, and Michele Bertunneau of Loudun, France, whose American parents were the Russel Morans. This is the first of two articles by the girls telling of schoolmate reunions across the Atlantic.)

BY JANE CLEAVINGER

Our dream trip to Europe began soon after our European "sisters" returned to their homes in Belgium and France, following a year's stay in Dimmitt.

Pat and I plotted, planned, and finally presented the idea to our parents. They were willing to listen to our fantastic idea, but it was difficult, a first, to believe that such a dream could eventually materialize.

Following the investigation of numerous tours, our final decision was an arrangement with the Methodist Youth Tour, whereby we could travel with the tour group to Paris, meet our respective European families, and again join the tour group in London for

the return trip home.

We left Lubbock via Braniff Airlines for Dallas Aug. 4, then from Dallas to New York (changing to a much larger jet). Following an hour and a half layover at John F. Kennedy Airport, we departed via Francoise's Air-France Airlines, landing in Paris at noon the next day, which was the point of separation for Pat and me.

Pat, Michele and her father left the next day for Loudun. Antoinette, Francoise's sister, and three Belgian friends and I cured Paris, traveled along the Loire River, visiting famous castles, cathedrals, monuments, and beautiful parks.

During this time, we had many picnics along the river banks. We would stop by the patisserie (bakery), purchase huge loaves of bread, toss them in the back of the car and head for the nearest scenic spot for a picnic. (Incidentally, in France, unlike the US, sell their breads unwrapped!)

It took us two days to get to Michele's home in Loudun, only 150 miles away, for with the small cars and poor roads, travel is much slower. From Loudun, we headed for Brussels, a little over 300 miles north. We spent the first night in historical Chignon, and

other night in Paris and arrived in Brussels about 5 p.m.

This was the moment I had been waiting for! — Francoise, my Belgian "sister," and I would be reunited.

It had been a little over a year since we had seen each other and we were both wondering if we could merely begin where we had left off, or if we would have difficulty making conversation. Needless to say, we could hardly talk fast enough.

From the moment I walked in the door of the Sturbelle home, I felt that I was definitely one of the family. Her mama and pa-pa took me in as one of their daughters and were gracious hosts throughout my stay.

Fatal Crash Spurs Drive To Get Road Improved

Employees of Western Ammonia Co.'s Dimmitt plant started a letter campaign this week to get US 385 from Dimmitt to Herford improved, after two members of WA families were killed in a three car head-on crash on the highway Sunday.

The campaign quickly spread to service clubs and organizations in the town, and support will also be sought from Herford.

Backers of the drive are seeking:

1. Straightening of the curve 11 miles north of Dimmitt where the three-car crash occurred.

2. Removal of trees and other visual hazards along the curve.

3. Addition of paved aprons to each side of the highway.

"If we get enough people interested, we can at least get someone to listen to our appeal and consider the problem," said Mrs. Dennie Hilger, an office employee at the Western Ammonia plant.

Past appeals by the County Commissioners' Court and the Chamber of Commerce to have the highway widened have been vetoed by the state highway commission.

"We realize the state highway commission goes mainly by traffic counts and statistics in deciding which roads to improve," Mrs. Hilger said. "But it seems that if 1,000 people traveled over one road with no accidents, and 100 people went over another road and experienced 10 accidents, the lesser traveled road would be the one that needed improving."

She added that "when an accident such as the one Sunday hit as close to home as this one did to us, it makes you want to do something about it. We hope all the people of Dimmitt feel the same way."

ASC Delegates Will Ballot For Committeemen Wednesday

Farmer-chosen delegates will elect county committeemen Wednesday morning in the convention of the Castro County Agricultural Stabilization and Conservation (ASC) Committee.

The convention will start at 9 a.m. in the ASCS office, Bedford and Broadway, and is open to the public.

Jim Elder, ASC county committee chairman, said any interested person may observe Wednesday's balloting, but that only farmer-delegates to the convention may vote.

Election will be by secret ballot and plurality vote. After the county committeemen are elected, delegates will choose a chairman and vice-chairman for the coming year.

ASC committeemen at the county and community levels are in charge of administering locally such farm action programs as agricultural conservation, feed grain program, voluntary wheat program, upland cotton diversion, acreage allotments and marketing quotas, national wool program, sugar program, commodity price support loans, and storage facility loans.

To be a qualified candidate for the county committee, a farmer must be a resident eligible to vote in a community election. Eligibility is not restricted by race, creed or national origin, Elder explained.

Mrs. W. B. Swim of Plainview, conference treasurer of the Women's Society of Christian Service and the Women's Society Guild, reported on the recent Seventh Assembly of WSCS at the Methodist Women's meeting Monday afternoon.

The assembly was held in Portland, Ore., May 12, with more than 8,000 ladies from all 50 states attending.

Mrs. Swim, a former Dimmitt teacher, said open discussions were held on such questions as women's involvement in the international community, interest in local and national government,

education for leadership, and the ecumenical movement.

The assembly also included a speech by Oregon Gov. Mark Hatfield and Holy Communion administered by Bishops Copeland and Grant, Mrs. Swim said.

Mrs. Norman Cleavinger presided at Monday's meeting, and Mrs. Betty Huckabay presented a short devotional on "Perfection In Our Lives."

During a social period, Mrs. Alice Anthony, Mrs. George Webb and Mrs. Ruby Webb served punch and cookies to 26 ladies. Reses formed the serving table centerpiece.

MRS. JAMES RANDOLPH RIALS
... Nee Sheila Gayle

Gayle - Rials Vows Read In Oklahoma

Sheila Gayle, daughter of Mr. and Mrs. E. D. Gayle of Owasso, Okla., became the bride Sept. 3, of James Randolph Rials, son of Mr. and Mrs. H. B. Rials, 618 NW Eighth St., Dimmitt. The double ring ceremony was performed by Rev. Fred L. Williams in Bethel Baptist Church, Owasso.

Attending the bride as matron of honor was Mrs. Glenda Bailey of Berryhill, Okla. Best man was Lynn Campbell of Dimmitt.

Ushers were Verdaine Gayle, brother of the bride, and Jim Alldridge of Dimmitt. The altar was decorated with tall baskets of flowers and tall candelabra with a cascade of greenery. Pews were marked with white satin bows.

Organist Karen Williams played traditional wedding music. Given in marriage by her father, the bride wore a gown of chantilly lace over white taffeta, with long pointed sleeves. A matching length veil. She carried a crescent shaped bouquet of Vanda orchids with pale yellow lacy ribbons.

For something old the bride wore a coin in her shoe; something new was a necklace, a gift from the groom; something borrowed was an antique family bracelet, and for something blue she wore a blue garter. The matron of honor wore a two-piece suit with cutaway jacket and wide collar, three-fourths length sleeves ending in a deep ruffle with matching straight skirt, all in blue satin under white lace. Her bouquet was yellow daisy mums with yellow ribbons in the traditional pose. Following the wedding a reception was held in the home of the bride's parents. A three-tiered wedding cake topped with a miniature bride and groom, and trimmed with blue bells and roses was served with pineapple punch. After a wedding trip to Atoka, Okla., and north central Texas the couple is now at home at 612-B Eighth St., Levalland.

Art Gallery Perspective

BY ALICE COWEN

Several Dimmitt artists took pictures to Amarillo Sunday to the show and sale sponsored by the High Plains Art Galleries. It was an outdoor exhibit and quite interesting. Pictures were displayed all around inside a large fenced enclosure. The Castro County Art Guild exhibited pictures by Eddie Lee Smith, Helen Richardson, Theo Campbell, R. B. Strother, Helen Braafladt, Tommie and Harold Bischoff, Ethel Jones of Olton, and myself. One of Theo's sold.

Larry Hilburn was there and visited with the Dimmitt group for a bit. He will be here for classes again the first Thursday in October.

Leona Turner's portrait classes continue. She did a pastel of Amy Taylor last Tuesday before her class that night.

Eddie Lee and Anna Gabel have been working at the Gallery, rearranging and getting things in order for fall activities. Eddie Lee says they have improved the lighting, with R. B. Strother's help.

Mrs. Turner still has an opening or two on Tuesday afternoons to do portraits.

H-D NOTES

By Irene Albrecht
County Home Demonstration Agent

Saturday was our Youth Fair. Those of you who didn't come by the courthouse to see the exhibits sure missed seeing many nice things. Our girls certainly can cook, can and sew. This was proven to us Saturday. The judges, Glenda Rickard and Argen Draper, had hard decisions to make. The results of the Fair are in another article in this week's paper.

Diana Adams had a very good bar cookie that won her a blue ribbon. She has let me share it with you.

Seven Layer Cookies

Melt 1/2 stick margarine in a 9 x 12 inch pan. Add 1 cup graham cracker crumbs and mix well, making a smooth layer. Then add, forming a layer of each, the following:

- 1 can coconut
 - 1 cup chocolate chips
 - 1 cup butterscotch chips
 - 1 cup pecans
 - 1 can sweetened condensed milk
- Bake 30 minutes at 350 degrees F. or until the candy chips are melted. Cut in squares.

Now let's talk a few minutes about clothing care. Here are some questions and answers that may be of interest to you.

1. Should the new Durable Press sport shirts be drip-dried? They don't have to be. Let them go through the whole wash-rinse-spin cycle and put them on hangers to dry. Though they won't look as good as when dryer-dried, hanger-drying on many fabrics gives about as good results as drip-drying. And you won't have to step the washer before the final spin to remove the shirt.
2. Are madras shirts machine washable? Usually madras shirts can be machine laundered, but be sure to wash them separately. Genuine madras dyes will bleed — they're supposed to. Some fabrics, however, are woven to look like real madras, but are dyed with colorfast dyes that will go through machine laundering with no color change. You will usually find an assurance of colorfastness on hangtags accompanying these shirts.

Milady Club Has Initial Meeting

Milady Garden Club held its first meeting of 1966-67 last week, with Mrs. Myrtle Sheffy presenting a discussion program for young gardening enthusiasts.

Twelve members were present. Hostesses were Mrs. Sue Boozer, vice-president, and Glenda Rickard. They served refreshments from a table centered with Peace roses.

Mrs. Boozer presided at the meeting and presented the schedule for the coming year.

Charm-Chatter Has Wig Program

The Charm and Chatter Club and guests met at the home of Mrs. Gail Bruegel for coffee Monday morning at 9:30.

Hostesses for coffee were Mrs. Reta Welch and Mrs. Glenda Rickard.

Program on wigs and hair pieces was presented by Mrs. Jeannine Wimberly and Mrs. Violet Barton of Blue Room Coiffures.

Reta Welch gave her entertaining hat skit. All her hats were named and each had its own personality.

Twenty members and guests attended.

Vietnam Vet Returns

John R. Canfield, US Navy, returned home on 21-day leave Tuesday to visit his parents, Mr. and Mrs. Durant Canfield. He has been serving in Vietnam.

Miss Weatherford

Former Resident Feted at Coffee

Mrs. Elizabeth Huckabay hosted an informal coffee recently for her daughter, Mrs. Johnny Goodwin of El Paso, who has been visiting in Dimmitt for the past two weeks.

Coffee, sausage rolls and fruit pieces were served to 13 guests during the hour event.

MODERN AGRICULTURE

Freeman Urges Fair Share

Secretary of Agriculture Orville Freeman last Thursday pointed to "significant gains in the cost-price-surplus arena, but said he won't be satisfied "until the farmers of America get what they rightfully deserve — full parity of income with their city cousins." "And they don't have it yet," he said.

Speaking to a record crowd of 8,000 at the annual field day of the High Plains Research Foundation at Halfway, the former Minnesota governor drew his biggest applause when he said current farm income "is not good enough," and that a "fair share" for farmers is his department's goal.

His hour-long speech was bundled with a strand of optimism. "In Texas," he reported, "farm income in 1965, as compared with 1960, was up \$371 million gross, \$77 million net, over \$1,000 net per farm on a statewide average basis."

"We're proud of this record. But we're not satisfied. Not by a long shot. . . . Despite the fact that the income gap has been narrowed by 16 percent since 1960, farmers today still earn only two-thirds of what non-farmers earn," he said.

"Nevertheless, the gap is narrowing and the income advances made have been most encouraging," he said.

Freeman said the reasons for a brightening agricultural picture are (1) carryover surpluses being reduced to "prudent" levels; (2) greater exports of American farm food for Freedom and Food for Peace programs; (3) market flexibility to establish a national food budget through five major farm bills, and (4) cooperation by the nation's farmers in diverting acreage until the demand can catch up with the supply.

Freeman, who first became Secretary of Agriculture under President John F. Kennedy, said his department inherited "a tremendous mess" from the Eisenhower administration, "with uncontrolled production piling up surpluses we didn't need, and with the agricultural industry going six directions at once."

But he said surpluses are now being pared; that farm income is going up faster than costs; and that the Department of Agriculture is finally making headway toward "creating the first balanced agriculture in half a century."

"In five and a half years, price-depressing surpluses have been all but eliminated," he said. "Surpluses of grain, milk, vegetable oil and rice are nearly gone. In 1961 we had 1.4 billion bushels of wheat on hand. Today carryovers are down to a prudent level of less than 540 million bushels."

He had no encouragement for worried elevator men, whose storage bins have dropped to 30 percent of capacity. "We realize that some of the middle men are being hurt, and this is painful," he said in a press conference before his speech. "But we can't fill all the storage bins."

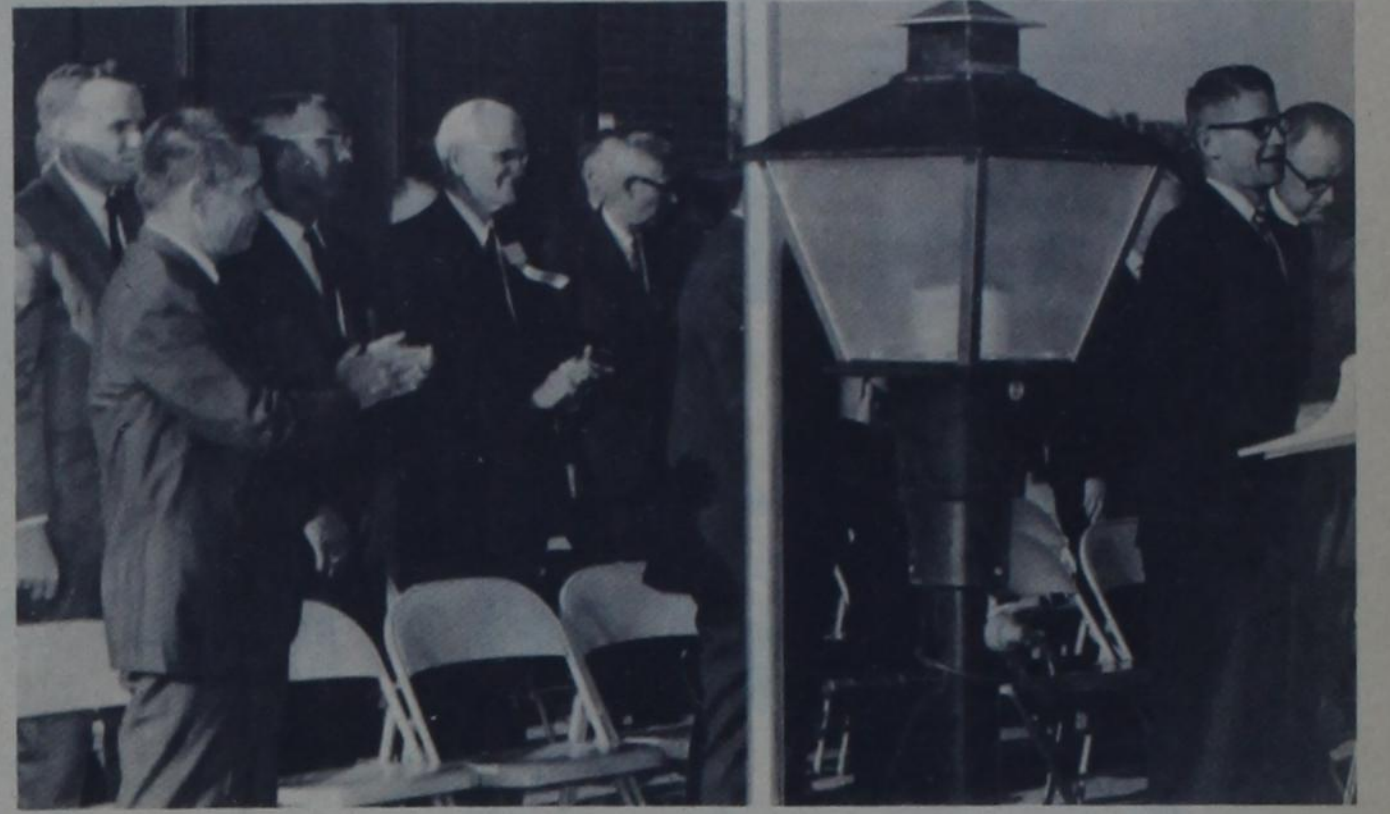

He claimed the main function of a farm program is "to provide a way for the producers of a given commodity to work to-

gether to stabilize supplies and prices, so the producer — that family farmer — can get a fair price."

He said surplus cotton stocks will be reduced by about four million bales by next August, better than the most optimistic estimates that we could make before our new diversion program went into effect, and that the grain outlook has "brightened considerably" with the sorghum surplus cut to half its 1961 level and the wheat carryover pared to one-third its 1960 volume.

"Since 1960, farm prices have increased 14 percent," he said. "But farm cost rates have risen 12 percent during the same period."

After observing that the two percent difference "isn't much of a margin," he reported the "significant" fact that "for the past 12 months the increase in prices received is more than double the increase in prices paid by farmers."

FREEMAN, SECOND FROM RIGHT, GREETES 8,000 AT HALFWAY . . . Drew ovation when he urged "full price" for farm products

Substitution Policy Outlined

BY CHARLEY HILL
ASCS OFFICE MANAGER

Substitution between wheat and corn — grain sorghum will be permitted in 1967 as in 1966, with this difference:

(1) Wheat acres planted to corn or grain sorghum will not earn a diverted acreage payment, since the diversion would be from wheat and there will be no wheat diversion payment;

(2) Grain sorghum or corn may be planted on wheat land but if less than 35 percent of wheat is planted, domestic wheat certificates will be reduced, based on acreage planted.

In order to substitute, a farm must have both a wheat allotment and corn-grain sorghum base, and must be signed up to participate in both programs.

Soybeans on Diverted Acres must be destroyed by Sept. 30. Other crops on diverted acres such as forage, sweet sorghums and grasses may be left standing for cover but must not be grazed prior to Nov. 1, and may not be harvested either in 1966 or 1967.

Future Farmers Joey Hammonds Has Projects In Calves, Hogs and Row Crops

This week's FFA projects belong to Joey Hammonds, a vocational agriculture II student. Joey is the son of Mr. and Mrs. W.B. Hammonds, 600 W. Jones, and is a sophomore in Dimmitt High School.

Joey has two Angus calves which he plans to show at the Castro County Junior Fat Stock Show. He paid \$125 apiece for them, and estimates he has invested around \$500 in them. Joey raised two calves last year and says this year's are looking better than those.

Castor beans and cotton are Joey's other projects. He owns half interest in the crops and shares the rest with Perry Graham, a Vo-Ag I student. Joey has 25 acres of castor beans and cotton which he is testing for the Rowland and Gordon Co.

He plans to buy four pigs for showing at Denver and Dimmitt. He said he wants to get a cross-bred barrow and three other kinds of pigs for the shows.

Last year Joey took his barrows to Denver, and won breed champion with his cross, but didn't do as well with his Hampshire. He showed two calves at the Castro County Junior Fat Stock Show. He also won breed champion with his Chester White barrow at the county junior show.

AND THE DECISION — TOUCHDOWN!

... To give hard-fighting Bobcats a 6-6 tie in opener Friday

Bobcats Corral Mules In 6-6 Tie

BY JIMMIE CHAPMAN

The Muleshoe Mules rolled into Dimmitt Friday night expecting to find easy pickings with the AA Bobcats, but had to fight for their lives to gain a 6-6 tie in an opener that saw the Bobcats lead in every statistic except the score.

Both touchdowns were last-minute heartstoppers.

The Mules got on the board with just 25 seconds remaining in the first half as end Paul Swint grabbed off a Dimmitt pass and reared 74 yards to reverse a Bobcat drive and give Muleshoe a 6-0 lead.

The Bobcat marker came just 29 seconds before the final horn as fullback Joe Bob Sanders punched across from the 1-yard line to cap an interrupted 80-yard drive by the Cats. The touchdown gun was a sweet sound to

the Bobcats, who had had three earlier scoring drives halted by Muleshoe's goal-line defense.

Muleshoe could manage only one first down the entire first half and that came on the third play of the game as halfback Bobby Julian scampered around left end for 18 yards during the first series after kickoff. Muleshoe had taken the kick, only to have its return runner stopped by the entire Dimmitt forward wall on the Mules' 17-yard line.

After the first down, Mule halfbacks Rawson Jones and Julian tried to pierce the Bobcat line, but managed to gain only five yards in three attempts. Dimmitt's Beelee Goodwin stopped Jones for a oneyard loss on third down, forcing the Mules to punt.

The Bobcats failed to move and had to punt back, but after holding the Mules in the next series of downs, the Bobcats were off and running from their own 34.

With Tommy Stafford and Joe Bob Sanders plunging into the line time after time, the Cats moved the ball to the Mule 31 for a first down. But on the next play, Ronnie Hutton fumbled and Mule tackle Ronnie Kuntz fell on the ball to kill the Bobcat Drive. This play ended the scoreless first quarter.

The second quarter went about the same, as the Mules could not go against the Dimmitt line and were forced to punt from behind their 30 every time they had the ball. After every exchange of punts the Bobcats ended up in better field position, but could never get a sustained drive going until late in the second period.

The Bobcats threatened after the Mules had punted out to their own 45-yard line. Hutton and Sanders rammed the line for sizable gains, then Kent Lindsey hit Ronnie Kenmore for 10 yards and the Cats seemed to be on their way. With 25 seconds left in the first half, Beelee Goodwin tossed a pass to the right flat that was intended for either Don Moore or Sanders, but it was picked off by Mule end Paul Swint on the Bobcat 26-yard line. There was

no one between Swint and the goal line, and the interception went for a 74-yard touchdown for the visitors. Andy Stovall's extra point kick was short and the first half ended two plays later with the Mules in the lead, 6-0.

The Bobcats took the second half kickoff and looked as though they were going to run the Mules off the field. Fullback Joe Bob Sanders, halfbacks Ronnie Hutton and Tommy Stafford and quarterback Lindsey moved the ball almost at will until Swint again intercepted a pass, this one in the end zone.

From their own 20-yard line, the Mules started their only sustained drive of the night, taking up most of the third quarter. With quarterback Johnny Embrey and halfback Rawson Jones alternating the ball-carrying chores, the Mules pushed downfield to the Bobcat 6 as the third period ended. The Mules were helped in this series of downs by a 15-yard penalty to the Dimmitt 6-yard line.

When the fourth quarter started, the Mules resumed hammering away at the Bobcat line, but the entire Cat defense rose to the occasion, and no matter whether Muleshoe tried the right side, left side or the middle, the determined

Cats held. The Mules gained only two yards in three carries, then went for a field goal. But Andy Stovall's place kick was wide, and the Cats took over on the 20.

Then Dimmitt launched a drive of its own with Ronnie Hutton and Tommy Stafford doing most of the toting, but when the Cats got close to the Mule 20, up went the barrier.

With a little less than five minutes left to play, the Bobcats took over on their own 41. The determined Bobcat line opened holes almost at will for Sanders, Stafford and Hutton and moved the ball to the Mule 9-yard line with a minute and a half left to play. Then Muleshoe was penalized five yards to the 4. Fullback Sanders tried twice to smash over, but was stopped on the 1.

With 29 seconds left, Lindsey sent Stafford over right guard on a fake, then handed the ball to Sanders, who went in to score after the hole was made by Stafford and the right guard.

Kenmore attempted to kick the point and at least three Mule defenders were offside and blocked the kick. With the ball just 1 1/2 yards from paydirt, the Cats tried to send Sanders through the same hole at right guard, but he

Showdown on Tap Friday As Bobcats Go to Farwell

Two grid squads that proved themselves strong competitors in their first outings will stage a showdown at Farwell Friday night when Dimmitt's Bobcats travel to battle the District 3-A Steers.

The interclass bout will start at 8 p.m.

The Bobcats, displaying a bone-bruising ground game, surprised many Monday morning quarterbacks when they pounded the District 1-AAA Muleshoe Mules all over the field Friday night in a 6-6 tie game.

Coach Brown L. Smith's Cats served notice that their opponents are in for a hard day's night when Dimmitt comes up on the schedule this season.

But Farwell's Steers proved to be strong in their opener, too — perhaps even stronger than they were expected to be. They ran,

passed and kicked their way to a 20-7 victory over the Friona Chiefs who are rated as one of the top four teams in District 3-AA this year.

Even before the season's opening whistle, Farwell was ranked as the cream of the District 2-A crop.

Coach Toby Booth's Steers have six regulars back from the squad that posted a 6-4 record last season. Leading their attack will be quarterback Bobby Fields, who has been listed as a potential all-star. Friday night he scampered 45 yards for Farwell's first touchdown. He's supposed to be a fine passer, too, if the Steers can develop a target man.

Steers to Host Mules' B Squad

Hart's Longhorns will play their first home game Friday night when they host Muleshoe's B squad. Game time is 8 p.m.

It's expected to be a rugged encounter for Coach Don Ewing's Longhorns, who dropped their opener to Silvertown Friday night, 14-8.

However, the Steers weren't found wanting in their first game as they built an 8-6 lead over the Class A Owls before losing in the final seconds, so they could prove more than the Muleshoe boys can handle Friday.

Steers Give Owls Fright In 14-8 Duel

BY LARRY BATES

The Silvertown Owls eked out a 14-8 win over a young Hart Longhorn team Friday night. The game was won in the last few seconds as the Owls of Silvertown overcame a strong, enraged Longhorn defense.

During the first two quarters both teams deadlocked in a defensive battle. With only seconds remaining in the first half, Silvertown drove all the way to the Longhorns' one-yard line — and there Hart made a fantastic goal-line stand. The half ended scoreless.

Silvertown came out after the half and launched a drive that ended with Cletus Grady scoring from the 15. The try for extra points failed. There was no other score in the third quarter.

The fired-up Longhorns came back in the fourth quarter determined to score. They were forced to punt and the punt was blocked, but on the next play the Longhorn recovered an Owl fumble and scored as W. A. Hawkins passed to George Ed Bennett. The try for extra points was good as Gary Rambo passed to George Edd Bennett, and Hart led 8-6.

The teams again locked in a defensive battle until, with 49 seconds left, the Owls started a last-chance drive. John Montague scored with 24 seconds remaining and the conversion was good as Tim Mathews carried the pigskin over on a run up the middle for two points to salvage a 14-8 victory for the Owls.

Coach Ewing of Hart said he felt "all the boys did an outstanding job, especially on defense."

Swifts' Win Is Costly

The Nazareth Swifts won their first game Saturday night, but it was an expensive victory. Two starters left the game with broken bones as the Swifts downed Friona B, 21-14.

Senior left end Douglas Wilhelm received a broken leg during the home bout and will probably be out most or all of the season. Junior right guard Tommy Conrad broke a collar bone and will be sidelined indefinitely.

Left halfback Clyde Venhaus scored all 21 of Nazareth's points, using two passes, an interception, a line buck and a place kick.

The strong Nazareth crew started the scoring with a first period touchdown pass, gave up a score, then built a 21-6 icing before Friona could get on the scoreboard again late in the fourth.

The Swifts' first tally came on a 15-yard pass from quarterback Mark Gerber to Venhaus, capping a strong offensive drive. The conversion attempt failed, and Nazareth led 6-0 at halftime.

Friona got on the board in the third with a two-yard plunge by Ronnie Rider to tie the score at 6-6.

But the game changed complexion quickly as the Swifts struck for two more touchdowns in the fourth to overpower the Chieftain B squad.

Gerber fired another pass to Venhaus, and the speedy halfback scampered 65 yards to paydirt, then kicked the extra point to give the Swifts a 13-6 advantage.

Later in the period, Venhaus picked off a Friona aerial and ran it back 30 yards for Nazareth's third TD, then plunged over for a two-point conversion to make it 21-6.

The Friona B squad kept fighting, though, and chalked up a second touchdown late in the fourth period when Rider punched four yards for the game's final score. The conversion run was

Bible Thoughts

"PASSING THE BUCK"
By Ronnie Parker

Will Rogers once said: "There have been three periods in American history: the passing of the Indian, the passing of the buffalo, and the passing of the Buck." He then added, "we are living in the third period."

The alibi habit plagues us all. Instead of blaming ourselves, we blame heredity, environment, handicaps, social pressure and even God. The student does not say, "I failed the course", but rather, "the teacher failed me." The man that loses his job does not say, "I was incompetent," but he confesses, "the boss didn't like me." Management and labor blame each other. The congregation blames the preacher and the preacher or the congregation. "It is his fault" when marriages fail.

There is little hope for reconciliation anywhere unless we stop confessing other people's sins and start confessing our own. A in, whether of the flesh, of the mind, or of the disposition, which is not called a sin, and death with as sin, remains. God's ability to help and forgive depends upon a frank, and realistic confession of sin. "If we say that we have no sin, we deceive ourselves, and the truth is not in us. If we confess our sins, he is faithful and just to forgive our sins, and to cleanse us from all unrighteousness" 1 John 1:8-9.

An investment in Your Future

ATTEND CHURCH

☆ Be ever mindful and thankful to GOD for ...

HEALTH and FOOD

In our nation today, the majority of us have so much to be thankful for. Sure we lose a tooth or two in growing up, as the one pictured here, but these will soon be replaced. Health and Happiness are generally ours, and through our abundance we should share with others who are less fortunate. God's word and the church encourage sharing with others. There are many areas of service to others within the churches, and these we should not neglect, but God has said that we should take advantage, as we are able, of all opportunities to give aid.

"As we have therefore opportunity, let us do good unto all men."

GALATIANS 6:10

THE CHURCH ENCOURAGES LOVE AND COMPASSION FOR OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Speaking Out!

What's Your Opinion On These US Issues

Those of you who read last week's article under this heading, received the author's view point. This week, the editor of "Speaking Out", interviewed some of our leading citizens, seeking their view point on questions such as: (1) What do you think about the Viet Nam situation? (2) Where would you point an accusing finger? (3) Do you think the coming generation will have as much on its shoulders as yours did, in the light of world responsibility? (4) If so, how do you propose they ready themselves for this responsibility? (5) How is the Viet Nam War affecting the home-

front?

You may want to ask yourself these questions and see if your opinion agrees.

The first person who was interviewed was a successful business man. When asked what he thought about the Viet Nam situation, he answered by saying, "Something should have been done earlier. The United States should have done then, what it is doing now. We should have been tough at the first instead of waiting until now."

If he were to point an accusing finger he would point it at the men around the treaty table after World War II.

This person feels the coming generation will have it much worse than the present, because of the Big Brother policy that many of the smaller countries in Africa and around the world are taking up. He strongly urges our young people to be prepared for the struggle ahead by "being educated on what is happening today so the task tomorrow will be apparent. To be prepared for the future, college would develop your mentality, but plain old horse-sense is the main factor."

The next person to express her views was a housewife in Dimmitt. Her feelings towards the war in Viet Nam was illustrated by saying, "A serviceman asked me once, 'Would you rather us

to go over there and fight the Communist, or for them to come over here and fight us?" As do many housewives, she feels strongly about the war and its effects. "If the war ever ends it will end much like the Korean War. I don't believe the United States will have any influence over the people after the troops leave there."

"I don't know much about Communism, but I do know how I feel. I believe it started when I was growing up. But as far as pointing an accusing finger at any one person, I don't think you can."

When asked whether or not the coming generation will have it harder than hers concerning the world situation she answered, "Definitely, because you will have the Russians to deal with." In order to cope with this problem she stated, "I think if you would just turn to the Good Book, He will show you the way." She concluded, "These riots against the Viet Nam war aren't going to help settle it."

One of our teachers in Dimmitt Public Schools submitted her view point: "I fully support the President's policy in Viet Nam and I realize why he has chosen the States is pursuing, but, it is my personal opinion the war effort should be stepped up not only to save both American lives and dollars, but also to convince the Communists we mean business. I think it is an unpleasant and painful task which, in view of Communist aim of world control, must be completed. I believe it is much better to fight a war in Asia now than to fight one in this country a few years from now."

"I do not think there is any one person or group of persons to be blamed. The history of mankind has always been filled with struggles for survival and power. This is just another cycle in our history. It seems to me the difference in all the crisis which have

risen since World War II, and those before, is that in the Communist we have a more dedicated, therefore a more potentially dangerous enemy."

"Yes, I think the young people of today and the succeeding generation will have even more responsibility because of lack of understanding among peoples, improved transportation, communication, and, last but not least, the accomplishments of science in producing weapons of total destruction."

By educating themselves and seeing that other people become aware of the problems of other nations. I truly believe that is our only hope for survival."

The author would like to convey his gratitude to those who made it possible to complete this article. Thank you.

Bobcat of the Week: Beelee Goodwin

Our Bobcat of the week is Beelee Goodwin. He is a brilliant senior in Dimmitt High School, taking courses such as English IV health ed., physics, and algebra II. This 5 ft. 11 in. senior is extremely sharp looking on the football field as well as in the classroom. Our battling linebacker is a two-year letterman for the Bobcats and is doing a marvelous job this year. Beelee is a member of the Student Senate and band as well as the football team. At the present Beelee is mainly interested in sports. He plans to attend the A&M Maritime Academy in Galveston after high school and, according to W. W. Cooper, who teaches chemistry and physics, Beelee should make a good student in this type of college endeavor because he is a serious, quiet and studious student in his high school science courses.

Shadow Follows New DHS Student

The Shadow has really been on his toes this week. Our victim has been on the go constantly.

Thursday night began relatively calm. Our girl rode around town with Mary Hays and Debra Summers.

Saturday night "Miss X" went to Palo Duro Canyon to see "Texas" with a Sunday School party. She was escorted by Joe Bill Butler.

Sunday afternoon brought fun and frolic while "dragging Main" with Mary Hays, Debra Summers, Sue Lust, Juanelle Conard, Vikki Otte, and Cecilia Vandiver. She attended Training Union and church Sunday night and enjoyed watching "The Silencers" with "Windy" Bill Hunt.

Monday was Labor Day and the first school holiday enjoyed by this young lady. She rode around town and then went to band practice. After practice she went to the carnival with Mary Hays, Juanelle Conard, Elaine Davis, and Shirley Leinen.

Tuesday brought school and dinner at Hereford with Mary Hays and relatives of Hereford. After

an enjoyable meal she came home and studied.

Thus ends an exciting week tailing Miss Martha Nitsa. Thank you, Martha, for being such an interesting subject, and congratulations on adjusting so quickly to our student activities.

Around the Campus

Lunch Period Revamped

The second week of school has come and as a whole, things have pretty well been set into action. This last week the classes met and elected their officers. Posters proclaiming the upcoming game with Muleshoe and the hootenanny afterwards bedecked the halls. Of course, by the time you read this, we will all know the outcome of the game.

Some of this new action has been a shifting of part of the lunch periods. These shifts are as follows: Miss De La Corda's fifth period English I was changed to fourth period and fourth period lunch to fifth period. Mrs. Kountz's fifth period reading was changed to fourth period and fourth period lunch to fifth period. Miss Littlepage's fourth period American history class was also changed so that her class has fifth period lunch. Mrs. Smith's World History class of fifth period was also affected as were the other fifth period classes stated previously. Miss Sharp's English I class was the only fourth period class affected. It was changed to fifth period and the students have lunch fourth period.

A group that will promote much of the action this year will be the Pep Club. In the past week the Bobettes, as they are known by their new name, have had a ser-

ies of meetings. The fifty-two new members have become an organized group ready to "Do their best for DHS." Their dues have been set at \$1.00 per semester, and should be paid by the second game. The uniforms are to be purple hip-hugger skirts and white poor boy sweaters.

TO PEP CLUB MEMBERS: Committees and pattern numbers will be posted on the bulletin board by the gym. Officers for the 1966-67 Bobettes are as follows:

President — Mary Lee Stone
 VicePresident — Mary Kirby
 Secretary — Doricelle Oldham
 Treasurer — Beth Stickland
 Reporter — Anita Cameron
 Sponsor — Mrs. Kountz
 Linda Davis, a former annual staffer, visited the Journalism class Wednesday and explained the duties and obligations of a Journalism major in college. Through this the members of the class got a new insight as to their future in the field of Journalism.

A small reminder to everyone to get out and back our 'Cats against the Steers of Farwell this week. Our boys need and appreciate the support only you can give.

THOUGHT FOR THE WEEK:

When words lose their meaning, men lose their freedom!

How Is Your Appellation?

There happens to be a few English words for which we do not know the meaning. A few people were asked a question this week about one of these words which seems to be relatively unknown. The question: "If some one told you that you had a pretty appellation what would you say?"

Would you believe that:
 Deanna Morgan — "Why thank you! Now what does that mean?"
 Pam Buchanan — "Go ask my boyfriend about it."
 Kenneth Oldham — "Where did you see it?"
 John Howell — "I wouldn't say anything."

Janice Mooney — "Thank you. That must be the only thing pretty I have."

Juanelle Conard — "Thank you for the compliment."
 Vikki Otte — "Thank you."

Paulette Templeton — "I'm glad someone thinks I have something pretty."

Beth Moore — "I'd blush!"
 Junior Hargrove — "Get lost."

Last but not at all least we shall ask Daniel Webster what he has to say. "Appellation, why that is my name!"

We wrap more QUALITY, VALUE for you!

Welcome Newcomers

DHS is just bulging with new students. Among the throng are a few we would like to tell everyone about this week. Perhaps you've seen a blond, green-eyed boy in the halls. He is Mark Brooke, previously of Plainview. Mark is a senior this year, and plans to attend Texas Tech University in Lubbock after graduation. His favorite subjects are power mechanics and civics. His athletic interest is tennis. Mark, we welcome you to DHS.

Susan Walker heads the list of new senior girls this year. Susan came to Dimmitt from Hart. When asked what she thought about Dimmitt she said, "I do not know much about Dimmitt, but what I do know I like. I like the people here, they're nice and have been nice to me!" She enjoys history and journalism most. When you see Susan in the halls welcome her to DHS for all of us.

All the way from Chicopee, Mass. comes Yvonne Webb. Yvonne is staying with her aunt and uncle and plans to finish school and go to Arlington State College. She plans to major in drama and English. Her hobbies are reading, dancing and dating, what else? Yvonne has already joined Drama Club, F.T.A., and Pep Club.

Another student has also come a long way to go to school with us. Louis Rendon comes from Moose Lake, Wash. He says if he gets out of high school, he would like to attend Washington State University. He thinks that Dimmitt is a very friendly place to live.

Rob Upfold, a green-eyed, brunette, hales from Canyon, Texas. He plans to go to college, but is undecided as to what school he will attend. His hobby is all outdoor sports. He finds chemistry as his most interesting subject. Rob is a sophomore this year and is interested in athletics. We hope you will like our school and will feel at home here very soon.

A new "Fish" this year is Darrell Walker. Darrell is the younger brother of Susan, as you might have guessed. He thinks DHS is a very good school. Darrell is one of the drummers in the Bobcat Marching Band, and seems very efficient. His most interesting subject is power mechanics. Among his many hobbies making model cars is his favorite. Darrell is just a freshman this year, so he has many good times ahead of him. Welcome to Dimmitt High School.

'The Things We Did Last Summer'

As the new school year goes on we still hear of things that went on the past summer. Here are a few interesting facts about some of the summer activities that kept things going.

Mary Kirby stayed home most of the summer, but she was busy as a bee when a boy named Anthony was in town.

If you ask Mrs. Dollar about her summer, all she will say is "I WORKED!"

Two of our cute little freshman girls, Vicki Vaughan and Deloris Wilke, went to visit their former basketball coach, Mrs. Jo Nan Miller. I wonder if they had fun?

I guess we could say that Benny Hastings was really busy this summer. I wonder why he did that?

That little junior girl everyone calls Shelly was a busy gal this summer. It seems as though she was always on the go-go.

Attending the FFA State Convention at Austin were Tommy Martin, Darrell Pope and Joey Hammonds.

Anita Cameron made some new acquaintances this summer. If I'm not mistaken, one of them was Vickie Bond.

Keith McMahon is learning a new trade. Believe it or not, he built engines for Cessna Aircraft in Wichita Kan.

Miss Griffing worked six weeks on the production of "Texas" in Palo Duro Canyon. He spent his

Girl of the Week:

Genita Aldridge

This week a girl who has a bright smile and a personality to match it, has been chosen as our senior of the week. She is Genita Aldridge, who was born on Friday 13th. Genita says this "bad luck day" hasn't been a handicap so far.

In high school she is known as "Pug". Genita has been very active in her high school days. She is a member of the Bobcat Band, of which she is secretary. She is also one of the Bobbie captains, a member of FHA, where she has served as president, and Lyre Club.

Genita's honors in high school include "Most Valuable" her sophomore year and "Most Likely to Succeed" her junior year. She has helped to lead her class by being parliamentarian and reporter.

She plans to attend college, but "where" is a big if.

When one of the teachers was asked his opinion of Genita, he made this statement: "Genita is dependable, cooperative, and pleasant. And I think, most of all, active."

whole summer working on buildings and building classrooms. We appreciate our Porter.

Gadding About

'Mod Look' Takes Over

Well, here I am to visit with you every week, and to fill you in on the latest society news around our campus with a few hints and reports on the latest fads at DHS. I also hope to share with you interesting experiences of your fellow classmates at our alma mater — DHS.

There haven't been too many social events yet at DHS, but boy, let's get them rolling. I had the pleasure of attending a birthday party in honor of one of our seniors and two Dimmitt graduates given a month early. The guests of honor on Saturday, Aug. 27, were Keith McMahon, Jacky Dunn, and Bob Bradford. Several of the graduates and others were members of Dimmitt High. As the conversation buzzed of returning to school, I heard the graduates discussing college.

I heard that one of the guests of honor, Bob Bradford, is attending the University of Missouri, and he is honored to play in the band up there. The University is honored to have him too, because he is just a freshman and he rated to play fifth chair cornet in the "Big Missouri Band." Jacky

Dunn is planning to attend East Texas State University in Commerce. He hopes to play basketball down there. Terry Hill is also going to ETSU on a track scholarship. Keith McMahon is presently a senior here on our campus. Jack Flynn is a freshman at Texas A&M this fall. Ginger Kemp is going to Baylor University in Waco. Kathy Leinen, who was one of the hostesses, is attending WTSU this fall. The other hostesses were Shirley Leinen, Elaine Davis, and Darlene Dodd. They did a fine job serving dips and chips, Cokes, and cake. Others who enjoyed the party were Sharon Dunn, Carolyn Simpson, Carolyn Dunn, Genita Aldridge, Mike Bruegel, Mary Lynn Hays, and Ronnie Hutton. As all had a good time dancing, the party seemed to be a real success.

Another party was given Saturday, Sept. 5, by the high school I group of the First Baptist Church. The group invited guests and they went to see "Texas" as presented in Palo Duro Canyon. I hear that a few of the group got very wet as it rained on them. The students who attended were: Carla Robertson, Susan Thornton, Sharon Barker, Cindy Hopson, Janice Annen, Linda Bruton, Mary Kirby, Joe Bill Butler, Martha Nitsa, Rodney Hutto, Vicki Otte, John Hays, Karen Lytle, Jacky Nichols, Chris James, Ronnie Kenmore and Jaunelle Conard.

Also Danny Battles, Janet Whitten, Danny Land, Venita Branaman, Debra Summers, Lint Merritt, Ronnie Hutton, Mary Hays, Gary Moss, Darla Underwood, Bruce Fuller, Doricell Oldham, Ronnie Johnson, Delores Wilke, Donny Johnson, and Janice Mooney. From what I hear, everyone had a good time.

As another method of finding our happenings out, I have a line tapped on the grapevine. I heard

that the Teachers Association was presented with a very nice reception by the merchants of our fair city. Teachers from Hart, Dimmitt and Nazareth were present. The reception was given on Aug. 31 and was hosted by the First State Bank. Each of the teachers seemed to have had a good time as they were in unusually good moods at school on Thursday. Each was presented with a convenient case filled with useful supplies.

As most of you have undoubtedly noticed, a new type of dress has become popular in DHS. It is called the Mod Look. It looks very neat. It consists of the poor boy sweaters, hip-hugger skirts and pants for the girls, and for the boys — well — it's mostly hip-hugger pants, wide belts, paisley prints (incidentally — paisley prints and granny prints are "in" for the girls, too!), and extremely wild shirts. These are definitely "in." Girls' and boys' hair are mostly the same — straight — (some boys are partial to bangs) and long. Teasing is definitely out for the girls. The Mod Look is natural!

To give some examples of the Mod Look in clothes this fall, a few of the well dressed of DHS have been dressing in this style. Juanelle Conard wore a strikingly attractive outfit composed of a poor boy blouse accompanied by a blue plaid skirt. Also Vickie Powell had a pretty blue granny style dress on the other day. It was made of denim blue and was accented with red smoking around the neck and around the sleeves. Miss York had on a colorful ensemble of green and white. It was a two piece bright green with a white collar. Mrs. Smith has a pretty paisley print dress of bright orange with blue and green paisley designs in her wardrobe this fall. Teachers are in the groove this fall, too.

If you have made any observations around our campus, you have seen the nice displays in our showcases. In the home ec showcase, I spied a display of the new fall look in clothes as well as colors. Plum and green are great this fall. The display was a courtesy of Harman's Department Store. The other showcase is still up and is done in purple and white and says, "Do Your Best For D.H.S. in 1966-1967." I think these showcases are a great addition to the beauty of our campus. The showcases will be changed often, so be sure to go by and look at them. You might like them.

Well, I guess that is just about all for now. I'm sure I'll be seeing you at the parties and in the halls, so watch out! I might prey on you in "Gadding About" next week. See ya!

Here's What We Hope to Attain

This year under the direction of Miss Bernice Littlepage, and Editor Garland Jarvis, we, the students of Dimmitt High School Journalism Class, hope to present the school and the public with an interesting and informative newspaper.

The purpose and aim of this newspaper is to serve as the eyes of its readers, focusing attention on the interesting, important, and thrilling events of the week.

Our paper will inform the parents, the public, and the students of changes that have been made, and the present and future events that will occur.

The "Bobcat Tales" this year will include such stories and write ups as: "Around the Campus", that will tell what is happening in DHS; several interesting editorials; a society write-up that will include all parties and other social events; and also we hope to put some kind of entertainment in each issue.

We hope our paper will influence students to be more interested in keeping our school beautiful by suggesting and supporting all clean-up projects.

We also desire to bring the students and teachers to a closer understanding. This year we hope the students will fully cooperate with the teachers in every way. In turn, the teachers will generously help the students throughout the year. The teachers will also have their hands full this year.

Our paper will recognize outstanding scholarship and leadership. This, in turn, will make other students desire to work harder, and to be recognized as leading students also.

Student interest must be aroused by our paper to help in worthwhile projects. This will also create interest among the parents and public.

We will emphasize departments in the school such as band, sports, and the clubs, and this will encourage the students to improve their clubs and grades. The newspaper write-ups will keep the students informed of the school activities. We hope this will help in keeping a close student body.

Most of all, we hope to boost and generate school spirit by supporting the Bobcats, the Bobettes the Bobbies, the band, the drama club, the student council, and any other worthwhile organizations. We hope the public and this Journalism class will benefit from these write-ups.

We hope this gives you some idea of the intents and purposes of our newspaper.

Student Groups Elect Officers

The Future Teachers of America met in the auditorium on Sept. 2. All students wishing to join F.T.A. were invited to attend. The purposes and by-laws of the club were explained to the prospective members. Miss Betty Griffing is the F.T.A. sponsors this year.

The Pep Club met nearly every day these past two weeks, both during the two activity periods and after school. Mrs. Kountz is the sponsor this year. New officers for '66-'67 are:

President — Mary Lee Stone
Vice President — Mary Kirby
Secretary — Doricell Oldham
Treasurer — Beth Strickland
Reporter — Anita Cameron

The uniform for the club this year will be white, long sleeved poor boys and purple wool hip-hugger skirts.

The Pep Club has come up with a very good motto for this year. It is "To do my best for D.H.S. in '66-'67". I think this is a very good motto for the entire student body to follow. The Pep Club has done a very fine job of promoting school spirit in D.H.S. and I'm sure it will do an even finer job in the future, but the members can't do it all alone, they need our help and support, too!

The Hart riding club went to Lubbock Sunday and participated in the District I Playday finals, with points being given for the finals all the riders had to have won a ribbon in one of the five previous playdays in that event to be eligible to ride in the finals. All the Hart club members were eligible to ride in some event.

Trophies were given for the year. These were awarded on a point system according to the way riders had placed in all six playdays, with points being given for the top five places.

This is a real good project for the children of Americans employed by United States companies attend school. The service was very similar to ours, and because of this, Francoise became homesick for her many friends in Dimmitt.

Pat and Michele spent the last two days of our visit in the Surbelle home. All of the girls accompanied us to the airport, where we boarded a plane for London.

We have many fond memories of our visit with Michele, Francoise, and their families. Our trip was very educational and indeed, enjoyable.

We returned home via New York, Washington, D.C. and Dallas, landing in Lubbock about 8:30 Aug. 23.

(Next week: Pat tells of her problems with French; Michele and Francoise write letters to the people of Dimmitt.)

I was very fortunate to have the opportunity to attend the American Methodist Church, located near a school where the children of Americans employed by United States companies attend school.
