

Weeks Rains Total 1.05 Inches Moisture

Total moisture from the past week's rains amounts to 1.05 inches according to the gauge kept by Arthur Barton at Higginbotham-Bartlett Co. here. Although the ground is very muddy on the surface farmers report that it isn't wet down very far and that more rain will have to fall before the wheat will be benefitted for a very long period.

The moisture fell as follows: Nov. 13, .54 inch; Nov. 16-17, .38 inch; Nov. 17-18, .08 inch; and Nov. 19-20, .05 inch.

This is the first rain of any consequence since last May. On May 8 of this year 2.8 inches fell and several good showers fell the later part of May. On July 18 .11 inch fell, on August 25, .08 inch fell and on Sept. 12 a trace of moisture was reported.

Most grain crops have been harvested and cotton is about the only crop that the wet weather is hurting. Elevators report that 85% to 90% of the sorghum grains have been harvested. The yield this year averaged about 2500 pounds per acre in the irrigated section. Dry land farmers harvested just bundles with little or no grain. Most of all this has been cut and stacked, however.

The cotton is estimated to be from half to three-quarters harvested. Some Mexicans are leaving for South Texas this week due to the wet weather but others are staying on waiting for the weather to clear so that they can proceed with the cotton gathering.

Wheat farmers are mostly undecided about whether to let their volunteer wheat stand, when it comes up or to plow it under and sow new wheat. Either way the prospects for a wheat crop next year are not very bright.

Work Begun On New Ford Building

The work of digging foundation for the new Ford building to be constructed here has begun. The building will be constructed on the lot just across the street north of the Lockney Baptist Church. "Whitey" Bacus, local Ford dealer is having the building built. The building will be of glass and plastic front with steel side walls. It will be 60 by 110 feet and will contain offices and departments for every automobile service. The Ford dealership is now located in the Pennington building here.

Cemetery Donations Continue To Come In

The following contributions have been received recently by the Cemetery Association for expense of upkeep of the burial grounds, according to Mrs. L. M. Honea, secretary.

Gilbert Bean \$10.00; Don Griffith, \$10.00; Clevo Griffith, \$5.00; Mrs. R. C. Bennett, \$10.00; Anna Sims, \$5.00; Frances Hill, \$5.00; Mrs. W. O. Stuart, \$5.00; Olin Stark, \$3.00; Mrs. Chas. Vanhoy \$3.00; Mrs. Alice Quillen, \$5.00; Mrs. Mildred Wells, \$5.00; Chas. Simpson, \$5.00; J. H. Weathers, \$2.00.

Hospital News

Ann Griffith, daughter of Mr. and Mrs. Melvin Griffith, underwent a tonsillectomy on Nov. 14.

Bennie Mae Grubbs, daughter of Mr. and Mrs. Adolphus Grubbs, underwent an emergency appendectomy Sunday morning.

Born to Mr. and Mrs. Donald Steele, a son on Monday night. He has been named Robert Lea and weighed 8 pounds, 15 ounces. Mrs. Della Willmon of Lockney is his grandmother.

Mrs. W. A. Zilbreath received medical treatment Tuesday and Wednesday.

Born to Mr. and Mrs. R. L. Barnett a boy on Wednesday morning. The young fellow weighed 9 pounds, 6 ounces.

Basketball Players Called To Meeting

Men of this vicinity who are interested in forming an independent basketball team here are requested to meet at the Lockney Legion Home Monday night at 7:30. Revis Harris said Wednesday. All who want to play are urged to be present. The Lockney independent team last year made an outstanding record, winning a good majority of their games.

Mrs. D. J. Jobe of Brownwood is here visiting her mother, Mrs. B. F. Terry who is ill.

Longhorns Play Paducah Tonight For District Title

Game Will Be Called
At 7:30 At Paducah

The Lockney Longhorns will be playing for the district title tonight when they travel to Paducah to take on the tough Paducah Dragons. If the Longhorns win they will be district champions without argument. If the Dragons are able to beat them then the district race will be thrown into a three-way tie and the winner will have to be chosen by lot, provided both Paducah and Spur complete the season without losing another game.

Indications that the Paducah boys have something like this in mind were revealed this week by daily newspaper reports coming out of Paducah talking of "scrambling" the 1A race by defeating the Longhorns.

But Coaches Kelley and Hansord and the Longhorns have another thought about the matter. Proof of this came about this week, as the local boys have been working out in mud and rain getting used to playing in this kind of weather. Then too, the boys are dedicating this game to their coaches, indicating that they aren't figuring on losing it. Mud cleats for the Longhorns received last week are a big help, the boys report.

Comparative scores are not very revealing. The only team to defeat Paducah this year was Spur, who beat them 12-0. The Longhorns defeated Spur 6-0. However other scores don't show that much difference. The Longhorns defeated Floydada 6-0 while Paducah beat them 12-6. Paducah beat Ralls 14-6 last week while Lockney defeated the Crosby county boys 19-12.

According to rules adopted by the district committee at the start of the season, in case of a two-way tie, the team that won when the two tied teams played will be the district champion. In case of a three way tie the three names will be dropped into a hat and the one drawn out will be the winner. In case Paducah did defeat the Longhorns and Floydada beat Spur on Thanksgiving Day, then Paducah would be the district champion, provided they beat Matador on Thanksgiving which they should be able to do.

The game will be played on Paducah's field and more rain has fallen in that vicinity than here, reports state. The game will be called at 7:30. A large crowd of people from Lockney will follow the Longhorns to Paducah, it was indicated this week.

Coach Kelley reported Wednesday night that the Longhorns were in as good shape as they could be in this kind of weather. There are a few "sniffles" in the bunch, he said, but outside of that they are in top condition.

Paducah will play without the services of their team captain, Travis Beck, who was injured in the Armistice Day game with Ralls, news reports stated this week.

Singing At Methodist Church Sunday 2 P. M.

The Fourth Sunday Singing will be held at the Lockney Methodist church Sunday afternoon starting at 2 o'clock it was announced this week by C. L. Record, president of the group. A large crowd is expected, he said, and all those who enjoy good singing are invited to come.

BRIAN AND GRIFFITH GET BIG ONES

Jack Brian and Jake Griffith returned Tuesday from a deer hunt near Hillsboro, N. M., and brought back a couple of big bucks. Jack's buck was especially big. He had 14 points and weighed around 150 pounds, Jake said. The other one had 10 points and weighed about 100 pounds.

FOR SALE—Lots of shoats, 125 and 150 pounds, bred gilts and Hampshire boars, \$30. Also meat hogs, dressed or on foot. O. W. Keester, Lockney. 11-2tp

Vote On Agriculture Committeemen Set For December 8th

Election of Agricultural Conservation Community Committeemen and delegates to the county convention for the election of a county committee will be held in Floyd county during the next few weeks. G. B. Johnston, chairman of the county Agricultural Conservation Committee, announced.

Community elections will be held Monday, December 8, 8:00 a. m. until 5:00 p. m. at the following places:

Cedar Hill Store
Lockney, Beacon Office
Floydada, Court House

Any person who is participating in the 1947 Agricultural Conservation Program, or who had a contract with the Federal Crop Insurance Program, is eligible to vote. This includes owners, operators, tenants or share-croppers. Lists of eligible voters are being prepared and will be used to check votes cast in the elections.

Delegates to the county convention, elected in the community election, will meet with delegates from the other communities in the county and elect a county committee.

"The local administration of the farm program is one of the cornerstones of the program," says Johnston. "It can be made stronger if every eligible farmer will vote in the coming elections and take an interest otherwise in developing the program. This year, with so many problems facing farmers, it is doubly important that able men are elected to administer the farm program."

Funeral Services For Mrs. Stultz Are Held Sunday Afternoon

Funeral services for Mrs. Mary Augusta Stultz, 77 years of age, were held Sunday afternoon at 3 o'clock in the First Baptist Church at Plainview, conducted by Rev. A. Hone Owen, assisted by Rev. E. J. Cobb of Lockney.

Mrs. Stultz died in St. Anthony's hospital Saturday morning at 11:45 after a long illness. She had been in the hospital a week.

Mrs. Stultz was born in Mayfield, Ky., April 6, 1870, and was the daughter of Rev. and Mrs. J. W. Winn. For fifty years her father preached throughout the Plains area and was once pastor of the First Baptist Church in Plainview. He died in San Antonio in 1926 and his wife passed away in 1925.

Mrs. Stultz's husband died in Tennessee in 1913. She lived at Lockney about 10 years ago and made this her home for a period of three years. She had visited her daughter, Mrs. Russell Spence here a number of times and was well known in this vicinity.

She is survived by seven sons and two daughters. The daughters are Mrs. Spence of Lockney and Mrs. Ha Lee Priest of Memphis, Tenn. The sons are: Frank and Marvin Stultz of Plainview; Carl, Clarence and Don Stultz of Amarillo; Albert Stultz of McPherson, Kan.; and Jewel Stultz of Cedar Hill, Tenn. All children were present for funeral services except Jewel, who was ill and unable to attend.

Carter Funeral Home of Lockney had charge of arrangements. A number of friends from Lockney attended the services.

Beacon Will Be Out Early Next Week

The Beacon will be published a day early next week on account of Thanksgiving Day. All advertisers, news contributors and correspondents are urged to remember this and get their copy in to us a day early. The Beacon office will be closed on Thanksgiving.

3-Year Road Program Asked For County If Issue Carries

Please Bring In Those Band Uniforms!

An urgent appeal was issued this week by Mrs. J. B. Seale, president of the Band Mothers Club, to people of this vicinity to bring in the old band uniforms they have in their homes. Mrs. Seale said that 25 or 30 of these uniforms still had not been turned in. The uniforms were last used about four years ago and no check has been made on them since that time. Recently some of the uniforms have been brought in but there are still not enough to equip the present band. Families who had children in the band four years ago are urged to look through their old clothing and see if they have any of these uniforms. If so, they should be turned in either at the high school or at the Plains Theatre.

The band mothers will meet this Friday afternoon at 2 o'clock at the high school. All mothers who have a child in the band are urged to be present. Mrs. Seale said.

O. Jay Anderson Dies Sunday Morn

O. Jay Anderson, a resident of Lockney and this vicinity practically all his life, passed away early Sunday morning in the Lockney Hospital. He had been seriously ill about three weeks and had been in bad health for several years.

Mr. Anderson was born in the Irick community on April 5, 1897. He was a veteran of both World Wars and served his country unselfishly. He was employed at Wofford Wood Shop here when he became ill.

Funeral services were held at the Lockney Baptist Church Tuesday afternoon at 3 o'clock conducted by Rev. R. E. L. Maney, pioneer Baptist preacher of this section. Interment will be in the Irick cemetery today (Friday). Carter Funeral Home of Lockney has charge of arrangements.

Survivors include his mother, Mrs. Beulah Anderson of Lockney, one brother, T. F. Anderson of Lockney, and three sisters, Mrs. Pat Hill, Lockney; Mrs. Grover Freeman of Floydada; and Mrs. Jim Pierce of Mesa, Arizona.

Grade School Work Nearly Completed

Work on the new grade school building is almost completed. The school was dismissed two days this week, Monday and Tuesday, while workmen laid asphalt tile in the halls and hung venetian blinds on the windows. The brick masons lack about one day's work, Supt. Sidney Reeves said Thursday.

New teachers added this week to relieve the over crowded rooms are Mrs. Mary Osborne McIlroon from Canyon who teaches one section of the third grade, and Mrs. J. D. Wood, who teaches part time in the grade school.

DEER HUNTERS RETURN

Lloyd Reidhimer, Lowell Jarrett, Jack Frizzell, Harold Griffith, all of Lone Star and O. H. Cox of Amarillo returned Tuesday from a deer hunt in Mason County. Jack and Harold each got a buck but the other boys came back empty handed. It was raining in that country too, they reported.

90 DAYS IN JAIL

Jack Leaverton, charged with aggravated assault, pleaded guilty this week in 110th District Court at Floydada and was sentenced to 90 days in jail.

WANT ADS GET RESULTS

Muddy Roads Might Cause Light Voting

Highway District Engineer S. C. McCarty of Lubbock informed Judge W. E. Grimes this week that he was recommending to the State Highway Department that a three-year road program be set up for Floyd County, providing the bond issue carries, the bonds are sold and the money made available before January 1. If the State Department adopts this recommendation, as they are likely to do, then Floyd County will be eligible for \$75,000 aid in their present road program instead of \$50,000. Judge Grimes pointed out. It will mean that the State Highway Department will aid in the road building program for a period of three years and will advance the present program considerably.

The extreme muddy condition of county roads will probably cause a light vote in the election Saturday to determine whether or not Floyd County will issue \$300,000 in road bonds. Rains falling over all part of the county since last Thursday have made many dirt roads almost impassable and it will be difficult for some farmers to get to a voting box.

The bond issue is for the purpose of enabling Floyd County to participate in the State Highway Department's farm-to-market paving program. A total of 46 1/2 miles have been set out in Floyd County to be paved under the program where the County pays three-fourths of the cost of paving and furnishes the right of way while the Highway Department pays one-fourth of the cost of paving.

Thanksgiving Service At Methodist Church

A joint Thanksgiving Service of the Methodist and Baptist Churches of Lockney will be held Wednesday evening of next week beginning at 7:30 at the Lockney Methodist church. It was announced this week by Rev. R. H. Campbell, Methodist pastor. The joint service is an annual custom of the two churches.

The program will consist of songs, readings, scripture, prayers and a sermon by Rev. E. J. Cobb, Baptist pastor, Rev. Campbell said.

All the people of the town and community are invited to attend, it was said.

WEATHERS VISITORS

Visitors over the week-end in the J. C. Weathers' home were Miss Thelma Thompson and Miss Mayme Lou Rayborn of Plainview; Mr. and Mrs. Cory Newberry and Harold Thompson of Modesto, California.

Mrs. Newberry is a sister-in-law of Mrs. Weathers. They were enroute home after visiting with relatives in Oklahoma and other points in Texas.

WAR BRIDEGROOM . . . Wilhelm Mueller of Frankfort, Germany, first German war bridegroom-to-be to reach the U. S., is welcomed at airport by his intended bride, Thelma Domerian of Taunton, Mass.

ing, furnishes the engineering and assumes maintenance of the roads after completion.

The roads set out in the program include the Rock Creek road running north from Lockney to Lone Star gin with cut-offs to Sterley and Lone Star, a road running east from Highway 207 to Cedar Hill, a road running west from Floydada to Sandhill thence to Harmony, a road running south from Dougherty into the Antelope community and a short road extending south of Lakeview two miles. The road from Highway 70 to Lakeview will be paved under the old farm-to-market program wherein the state pays the entire cost. The contract on this road is to be let in December.

A "guess" as to how the bond issue will go is hard to make since people aren't discussing the issue very much. Of course, those communities located on the proposed roads are expected to vote in favor of the issue heavily. Whether the communities who are not benefitting directly under this program will favor, vote against the issue or just not vote is not known. The bond issue must carry by a two-thirds majority and for that reason the results are very much in doubt. Only tax-paying voters who are otherwise qualified are eligible to vote in this election.

Election judges and clerks in this part of the county are:

Sandhill: Tom McLain, presiding judge; Walter Kuehl, judge; W. R. Bellington, Jim Holmes, clerks.
East Lockney: J. J. Harris, presiding judge; L. M. Honea, judge; Dee Copeland, Guy Allen, clerks.
Aiken: H. L. Stowe, presiding judge; Will Cooper, judge.
Providence: Pelham Clements, presiding judge; T. H. Boedeker, judge.
Lone Star: G. B. Johnston, presiding judge; H. E. Frizzell, judge.

Cedar Hill: J. S. Lackey, presiding judge; E. E. Wells, judge; J. V. Gilley, C. V. Lemons, clerks.
West Lockney: T. B. Mitchell, presiding judge; Bob Shelton, judge; Frank Roberson, W. C. Wisdom, clerks.
Sterley: Bert Bobbitt, presiding judge; G. A. McCAda, judge.

Local Methodists Attend Conference

Among local members of the Methodist Church who have attended the Northwest Texas Conference at Lubbock this week are Rev. and Mrs. R. H. Campbell, Mr. and Mrs. L. Brown, and Leslie Ford. The conference was held Wednesday and Thursday.

The last phase of the church's world-wide Crusade for Christ campaign, which started four years ago, was discussed at the meeting. Speakers included Bishop Charles C. Selcman and Bishop Angie Smith of Oklahoma City.

NAVY'S JOB EXTENDED

A short time ago Navy Day was officially observed throughout the country. It served to refresh the national mind on the role of the Navy in peace and war. And, though the day is past, the importance of a great Navy in the present troubled world should not be forgotten by the American people whom it serves and protects.

The old concept of a Navy as a collection of surface ships is obsolete today. The modern Navy is a team that operates in the air and below the seas as well as on them. Every element of this team, from submarines to carrier-based fighting planes to battleships, must be strong and efficient. A weakness in any department might prove disastrous.

The Navy's duty is to keep the seas

SCHOOL DAYS

By DWIG

...lanes open and to implement the foreign and domestic policies of our government. The British economic crisis has become a factor here. Of necessity, Britain has substantially reduced her naval force, and we can no longer count on the immediate aid of a great British fleet in an emergency. We must depend almost

entirely upon our own naval strength. Naval development is a fluid, not a static, thing. At present, great changes and innovations are taking place, not only in ships and planes but in such recent discoveries as electronics and guided missiles. In these as in other fields our Navy must be unsurpassed if American security is to be assured. It must be prepared for any eventuality.

WINTER INCREASES FIRE HAZARDS

The approach of winter brings an increase in many fire hazards, particularly in homes where heating and electrical equipment will soon be working at capacity. And this winter we will learn whether the American people are capable of meeting the challenge of a destroyer that has been setting ruinous record after ruinous record.

That challenge has been clearly presented to every individual—and to every community, no matter how small. The President's conference on fire safety, which was held last May, developed a splendid, all-inclusive program for combatting fire. But that program will be worthless without aggressive public support.

One of the principal community duties is to enact fire prevention ordinances that are up to date—and then to enforce them. Thousands of our towns have no ordinances at all. Many other have laws which are completely obsolete. And in others still little or no effort is made at enforce-

ment. The certain result is ever-increasing fire loss. An efficient fire department is equally important. Firemen must be trained, and equipment must be kept in proper repair. Adequate water facilities must be provided. A small town cannot have the kind of fire department that protects a metropolis—but it can have one adequate to meet its needs at moderate cost. Every expert knows that fire can be controlled—and that losses can be reduced to a fraction of their present volume. Positive action will accomplish that.

STUDY ENDING STATE GUARD RULE

Washington, D. C.—Secretary of Defense Forrestal has appointed a committee to begin a study of the possibility of removing the National Guard from control of State governors. Also the Secretary in his directive, directed the committee to consider the feasibility of merging the National Guard and Organized Reserves.

Monroe Farmer Raises Eight Different Crops

College Station—Jack R. West, farmer near Monroe, Lubbock county, sounds like he might be one-man competition for the Rio Grande Valley.

West owns 550 acres of irrigated land, with six wells. He has eight crops on the land, some already harvested, some to be harvested.

Potatoes were put in 162 acres, and produced up to 200 sacks per acre.

Crops yet to be harvested are sugar beets, 70 acres; 22 acres of tomatoes; 40 acres of peas, to be combined; 29 acres of onions and 3 acres of bell peppers.

The surprise crop from the farm was lettuce. Some ten specialized irrigation farmers around Monroe planted a total of 230 acres of head lettuce, and West's 25 acres harvested to the tune of 300 crates per acre.

County Agent D. W. Sherrill says that the cool fall weather in that irrigated area is ideal for lettuce and the crop grossed about \$300 per acre.

Contests include grain judging, crop and weed seed identification, commercial grading of grains, hay and cotton, and determining cotton staple length.

WATCH YOUR EXPIRATION DATE

Longhorns Take Matador 20 to 7

Coaches Curtis Kelley and John Hansord produced a new wrinkle in down-field blocking Friday night against Matador and the Longhorns kept their slate clean by defeating the Matador Matadors 20-7. Effective blocking enabled Robert Quisenberry, Robert Logan, Wyman Guthrie, Bobby Frank Carthel, J. D. Williams and Jimmy Lee McGowen to rack up around 250 yards from scrimmage.

The Longhorns were held in check the first quarter but early in the second quarter Bobby Frank Carthel got loose around end and ran to the 1 yard line before being knocked out of bounds. Fullback Robert Quisenberry made the touchdown twice before it really counted. He carried over on the first try but dropped the ball and someone kicked it back onto the field where a Longhorn fell on it. Robert then repeated the performance and this time it stayed over. A line plunge made the extra point.

On the next series of downs Matador fumbled on their own 24 and Red Daniels, Longhorn guard pounced on the ball. In five plays the Longhorns had another score, this time Wyman Guthrie carrying over. Another line plunge and the score stood 14-0 in Lockney's favor.

A fumble by the Longhorns on their own 20 yard line early in the third period set up the Matador score. The Matadors took over on the Longhorn 20 and pulled a slick one, with Albert Marshall, his half back taking a reverse around left end to the nine yard line. The entire Longhorn team was fooled on the play and Marshall almost got away for a touchdown. Marshall lost one on the next play and then swept left end again for a score. R. L. Gieseche hoisted the extra point.

Lockney received the kick off, a penalty prevented a first down and Guthrie's kick rolled dead on Matador's five. Mixing passes with running plays the Matadors drove out to their own 32 and were apparently headed for another score when the Longhorns, led by big Robert Quisenberry decided to stop them. They lost 4 yards and then lost another 5 yards before they kicked out on the 50. Here Quisenberry decided to ice the game away and started a drive goalward. With the hard-charging Longhorn line opening holes for him, he made three successive first downs on three plays, one to Matador 37, the second to Matador 23 and the third to Matador 11. Here a penalty set the Longhorns back to the Matador

CHEVROLET Lockney Auto Co. Lockney, Texas

But Quisenberry came right back with runs of 12 and 6 yards. Here a penalty set the locals back to the 19 but two end sweeps brought it back to Matador eight from which point Quisenberry smashed right through the middle to a touchdown.

The close of the game found Guthrie intercepting a Matador pass on the Lockney 37 yard line.

First downs were 11 to 3. Numerous fumbles on both sides slowed the game somewhat.

The Longhorns kept little Bonner Nelson, Matadors flashy halfback, bottled up. He only made one good run all evening that for 9 yards up in Matador's end of the field.

Shamrock Wins District 3-A Although the Longhorns aren't claiming the district crown as yet, they couldn't help but be interested in the Shamrock-Wellington game Friday night in which Shamrock won the district 3-A title by defeating Wellington 12-6. The winner of the district will play Wellington for the bi-district crown, with the winner of that game going on to the regional battle.

Providence News

B&PW Club Hosts To Floydada Club Monday

The Lockney Business & Professional Women's Club was host to the Floydada Club in an inter-city meeting held Monday evening in the basement of the Methodist Church. A turkey dinner was served to the group.

Fall colors were used in the decorations with autumn leaves and berries as the beautifully laid center pieces.

District Director Mrs. Margaret Fletcher of Amarillo was present and gave an interesting lecture on "Facing the Future".

Visitors from the Floydada club included Mrs. Winnie Angus, Mrs. C. L. Norman, Mrs. Thelma Jones, Mrs. O. C. Bailey, Mrs. Carl McAdams and Miss Leila Petty.

Hostesses for the occasion were Meses. Clara Copeland, toastmistress, Wanda Baker, Frances O'Hearn, and Faye Messer.

Attend 76th Birthday Celebration Sunday

Those attending the celebration of the seventy-sixth birthday of Mrs. E. V. Shadix at her home in Hollis, Oklahoma Sunday, Nov. 16 included the following:

Messes. and Mmes. J. J. Hill, Lockney; B. C. Harris, Dodson, Texas; Ray Talley, Dodson, Texas; Ray McCormick and boys; Bobbie, Ronnie and Andy, Floydada; Robert Barnett and Carol Dean, Lockney; C. L. McCormick and Charlene, Floydada; Bill Hill and Jimmie, Lockney; Clyde Stowe, Joyce and Billie, Lockney; Jack Barnett and Linda Gail, Lockney; Walter Shadix and Bobbie, Plainview; Amos Shadix, Plainview; T. C. Holsomback and baby, Dodson; Warren Graham and baby, Jimmy, Gary and H. G., Lockney; Mrs. Ella Jackson, Hollis; Mr. Andy Shadix, Lockney; Mr. Clay Shadix, Dodson, Texas; Lewis and Lester Shadix, Hollis, Okla.; Mrs. Emma Price, Hollis, Okla.; Mr. and Mrs. C. L. Price, Dodson, Texas; and the honoree, Mrs. E. V. Shadix.

BILLY BEAN PLEDGED TO TECH SOCIAL CLUB

Lubbock—William L. Bean, son of Mr. and Mrs. Gilbert Bean of Lockney was recently pledged to Centaur, men's social club at Texas Technological College.

Miss JoAnn Reece and Johnny Moody Are Married Sunday

Miss Jo Ann Reece, daughter of Mr. and Mrs. L. L. Reece of Lockney, became the bride of Johnny Moody, son of Mr. and Mrs. B. B. Moody, also of Lockney, on Sunday, November 16 at 2:00 o'clock p. m.

The impressive ceremony, took place in the Broadway Church of Christ in Plainview, with Bro. Brookshire, minister, officiating.

The bride was beautiful in a white wool dress with shoulder length veil which fell from a halo of pink rose buds. Her corsage was of pink rose buds showered with white satin. She wore black accessories. For something old she wore a string of pearls belonging to her mother, for something blue she wore blue ear rings, and for something borrowed she carried a linen and lace handkerchief belonging to her grandmother.

Miss Nimble Foster of Lockney attended as bridesmaid. She was dressed in a brown two-piece crepe dress with brown accessories and wore a corsage of yellow chrysanthemums.

Percy Tate of Odessa was best man.

Mrs. Reece, mother of the bride, wore brown crepe with brown accessories and a corsage of bronze chrysanthemums. Mrs. Moody, mother of the bridegroom, was dressed in navy blue with black accessories, and wore a corsage of bronze chrysanthemums.

The bride was a popular member of the 1946 graduating class of Lockney High, having been named "Miss Lockney High" by her classmates. She also had the honor of being selected as Lockney High's candidate in the beauty contest of the Dairy Show held in Plainview last spring where she won first place and was named "Miss Panhandle-Plains". She is attending Lippert's Business College at Plainview.

Mr. Moody graduated from high school in Oklahoma and served with the Army Engineers in the South Pacific during World War II. He is now employed at a furniture store in Plainview.

For going away the bride chose a three-piece tan gabardine suit with aqua accessories. After a short trip the couple are to make their home in Plainview where they have built a new home.

Those attending the ceremony included Mr. and Mrs. L. L. Reece,

MRS. JOHNNY MOODY the former JoAnn Reece, daughter of Mr. and Mrs. L. L. Reece of Lockney.

Mr. and Mrs. Lloyd Paul Reece, Mr. and Mrs. B. B. Moody, Mr. and Mrs. Kenneth Moody, G. B. Johnston, all of Lockney; Mr. and Mrs. A. B. Stevens, Mr. and Mrs. Jake Brandt, Mr. and Mrs. Paul Diffe, all of Plainview.

Leroy Waters and Louise Stout Wed

The marriage of Miss Louise Stout, daughter of Mr. and Mrs. G. M. Stout and Leroy Waters, son of Mr. and Mrs. W. A. Waters was solemnized Sunday morning, November 9, at 9 o'clock in the Waters home in the Lakeview community, Hale County.

Vows were exchanged in an impressive double ring ceremony read by Rev. O. A. Brewer, pastor of the Lakeview Baptist Church.

The nuptial party was entertained with a reception after the ceremony. The table was covered with lace and featured an arrangement of carnations and baby mums. Miss Peggy Arthur presided at the punch bowl and after the bride and groom had cut the first slice, the wedding cake was served by Mrs. Duane Jordan, sister of the bride and Mrs. T. W. Ritchey, sister of the bridegroom.

Mrs. Waters has been employed for several years in Petersburg. She is a graduate of Petersburg High School and is secretary of the Lakeview Sunday School. Mr. Waters is a prosperous farmer and is superintendent of the Lakeview Sunday School. After a short wedding trip the couple are at home in the Lakeview community. —Petersburg Journal.

Mr. Waters is well known in Lockney, having been connected with the Plaza Theatre here several months during the illness of J. B. Seale, manager.

Robert Willard McCollum, law student at the Colorado University at Boulder expects to spend Thanksgiving holidays with his family and his parents, Mr. and Mrs. Joe McCollum.

DECRIES 'FUMBLING' . . . Testifying in Washington before the senate war investigating committee, Bernard Baruch, 77-year-old adviser of presidents, declared "foot-dragging and fumbling" in World War II cost the U. S. thousands of lives and billions of dollars.

Mrs. Crocker Is Shower Honoree

Mrs. Gordon Crocker of Plainview, a former Lockney resident, was honored at a pink and blue shower given recently in the home of Mrs. J. L. Weathers in Plainview. Hostesses were Mrs. J. L. Weathers, Mrs. Tommy Weathers of Aiken, Mrs. S. A. McGowan of Lockney.

Guests were received and registered by Mrs. J. L. Weathers and the gifts were placed on a bed covered with a bright yellow spread and centered with a large stork. Guests from Lockney attending or sending gifts were:

Mmes. Arch Crager, Ed Whitfill, Leslie Floyd, Gladys Golden, F. L. Brown, J. H. Weathers, Payton Powers, Dwight Jackson, Fritz Schacht, Pont Darnell, Derrell

Wood, Lloyd Wofford, Leon Wofford, L. A. Wofford, Charlie Smith, Barney Manning, Olson Allison, Frank Perkins, L. T. Busby, J. P. Truett, Henry Arthur Taylor, Edward Gross; from Aiken: Miss Virginia Compton, Mrs. Delbur Rose, from Plainview: Mmes. Emory Huggins, Clyde Jackson, Ray Morrison, Geraldine Wilhite, Joe Wilmon, Yinson; Misses Helen Upton, and Patsy Yinson.

CARD OF THANKS

I want to thank each of you who were so nice to remember me during my illness. I pray God will bless you all.

Carolyn Campbell and Peggy Williams visited Carolyn's grandparents at Plainview last Monday night.

El Paso Cotton Farmers Tag Cotton

College Station—El Paso county farmers are proud of their cotton. They want the world to know that it came from El Paso Valley.

At one time cotton grown on irrigated land had the reputation of being weak-fibered and the market for cotton from the county was poor. Then "15-17" cotton was introduced to the area and buyers found out that it is probably the strongest fibered cotton in the United States. The 15-17 Cotton Association was organized and W. S. Foster, county agent for El Paso county, believes that within a five-year period, almost all of the producers of 15-17 cotton in that area will enter the one-variety program.

The producer must plant certified or registered 15-17 cotton seed to be eligible for membership. He certifies that fact to the Association and is issued bale tags covering his estimated production. These tags carry the producer's name and address; one part of the tag is placed in the center of the bale and the other on the outside. The producer pays ten cents per tag to cover cost of the tags and the operation of the association.

Foster says that El Paso county ginners are cooperating 100 per cent with the program. In fact, all of the gins in the El Paso Valley, in Texas and New Mexico, are placing bright red cards in each bale which show the origin of the cotton and the name and address of the gin.

"We want buyers to know where that good cotton came from," Foster said. "This system will identify the cotton, even if the outside tag is lost."

ORDER THAT CHRISTMAS SUIT NOW—If you want a new tailored-to-measure suit for Christmas you must order it by Dec. 1. Don't wait. Come in today. Brown's Cleaners. 1tc

Mrs. Merle Halthcock, her daughter, Carolyn, and mother, Mrs. Trapp, were dinner guests of Mr. and Mrs. J. B. Allen Sunday.

Process for Killing Turkeys Explained

Proper Slaughtering And Bleeding Required

Before killing turkeys, as well as other fowl, see that they have access to water but no feed during the 12 to 18 hours prior to slaughtering. When the turkey shows feed in the crop it will not be graded as quality. To kill a turkey for market, suspend them by shackles, leaving the wings free. Insert the blade of the killing knife in the turkey's mouth

Proper method of killing a turkey as well as other fowl.—Drawing, Cornell university.

and make one clean cut across the upper part of the throat just back of the junction of the head and neck, as shown in drawing.

Hold the turkey head down, with the beak open, until the blood is well started. With the left hand grasp the head in front of where the cut has been made to prevent the pressure of the fingers from checking the flow of blood. Poor bleeding is indicated by visible blood in the veins and by the dark red appearance of the carcass after picking.

When the blood is flowing freely, thrust the knife blade straight back on a line between the eyes and ears, through the cleft in the roof of the mouth and into the lower lobe of the brain. Give the knife a quarter turn. This kills the bird and loosens the feathers.

Herds and Flocks on Successful Farms

Feed bunks for cattle should be 30 inches high for mature stock and 24 inches for calves. Allow 30 inches of trough length for each grown animal, 20 for each calf. Make the grain and silage bunk three feet wide for feeding from both sides. Many ewes die every winter from a condition known as pregnancy diseases. The losses are not as common in flocks where the ewes are kept gaining slightly in weight during the gestation period.

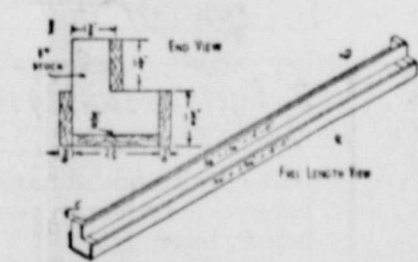

Well-conditioned ewe that should cause no trouble.

Lousy cows, when freed from lice, give 10 per cent to 15 per cent more milk, according to Michigan State college. This means the equivalent of another cow in a herd for \$1, by controlling lice. In winter, which is a bad time for cattle lice, apply a powdered louse killer containing DDT and repeat the application in 10 to 14 days.

Early spring litters of pigs do poorly unless the brood sow has an abundant supply of milk at farrowing time.

Baby Chick Feeders

Preventing waste of feed is always important. Easily-built feeders of wood will help prevent waste of feed. This Washington State college design can be built at little cost. It will serve 100 chicks for their first 10 days.

New Poison Reported More Potent Than DDT

An insect poison four times as potent as DDT against certain insects has been discovered. Called snyderin, it is particularly powerful against such household pests as roaches, ants, moths and carpet beetles. Hordes of grasshoppers in recent years also have bowed to this new chemical. It has proven effective for hard-to-kill German roach as well as weevils, aphids, lice and ticks.

SILVERTON GUEST ENTERTAINED SATURDAY

Miss Betty Gardner of Silvertown, guest of Miss Mildred Rogers here the past week end, was honored at a birthday supper given Saturday night by Miss Rogers. Guests for the occasion were Wilma Foster, James Quisenberry, Doris Tomme, Joe Pinner, Tom Simpson, Charles Simpson, the honoree, Betty Gardner and the hostess, Mildred Rogers. All enjoyed the occasion.

Mrs. Ed Teuton, who has been ill several weeks following a major operation, is showing rapid improvement at this time. Mr. Teuton reported Wednesday.

Mrs. G. L. Sims has been taking treatments at a Lubbock hospital for an acute throat infection. She is reported to be improving.

Mrs. Edgar Hays, Barbara and Janice spent Saturday and the first part of the week in Bowie with relatives.

ALTERATIONS—If you have a suit that doesn't fit, bring it in and let us alter it. We'll make it fit you right. Brown's Cleaners.

STILL ALONE . . . Film star Greta Garbo attempted to arrive in Paris incognito by lowering her head so that her large-brimmed hat partly masked her features.

Mr. and Mrs. Victor Howell of Denver, Colo., visited their mother, Mrs. J. S. Cope and Mr. Cope here recently. W. C. Eiland and Ira Eroyles were also visitors in the Cope home.

George Perkins returned last week from a business trip to Wichita Falls.

Place and Date To Get Drivers License Announced by Hart

The places and dates where auto drivers may take examination for a drivers license have been announced by Sheriff Leland Hart as follows:

Floydada—1st, 3rd and 5th Thursdays of the month, in the County Court room from 9:00 a. m. until 4:00 p. m.

Plainview—Every Monday, Friday and Saturday from 8:00 a. m. until 5:00 p. m.

Silverton—Every second Wednesday of the month from 10:00 a. m. until 5:00 p. m.

Lubbock—Every day of the week except Sunday from 8:00 a. m. until 5:00 p. m. If anyone goes to Lubbock for their license, they are advised to go on one of the last four days of the week, as there are usually two examiners there on those days.

Types of License

The types and charges for license were described as follows:

Operator's license, good two years from date of issue, 50c.

Commercial operator's license, good one year from date of issue, \$1.00.

Chauffeur's license, good one year from date of issue, \$3.00.

Any person who has been licensed in Texas, may renew that license, for the same type of license without taking an examination provided his license has not been suspended or revoked and that he has no physical or mental defects. If the license has expired or the license has been lost, the driver must see a License Exam-

ROUND-TRIPPERS COME HOME . . . George Truman (left) and Clifford Evans, now safely back in the U. S., stand beside one of their flag-bedecked Piper Cubs shortly after landing at Elmendorf field in Anchorage, Alaska, on their round-the-world flight. Flags were painted on each plane for every nation they crossed during the leisurely global jaunt which they began last August.

iner who will renew his license without examination. Any person whose license has been suspended or revoked must pass the examination before his license can be restored.

An operator's license cannot be renewed for a commercial operator's license or a chauffeur's license. A commercial operator's license may be renewed as a chauffeur's license or a chauffeur's license may be renewed as a commercial operator's license or chauffeur's license may be renewed as an operator's license.

You should make application for renewal four weeks before the expiration date of your present license so

that you will have a new license before your present license expires.

SMU Announces Building Program

Dallas, Texas—Following a called meeting of its board of trustees, Southern Methodist University announced November 1 a multi-million dollar building program on which construction is to begin as soon as possible.

Authorized by the board were the following three major projects: relocation of the Perkins School of Theology on a more ample plot of campus ground and erection of six buildings, including chapel, classrooms, library, and three dormitories; construction of a \$2,000,000 Fondren Science Building as soon as contracts can be let by the SMU executive committee; and completion of a Law School Quadrangle, including construction of a legal center for the Southwestern Legal Foundation, established last year at SMU.

The new Fondren Science Building will be financed largely by a gift of \$1,000,000 to SMU by Mrs. W. W. Fondren of Houston.

Four Are Landed In Federal Jail By Curious Cat

Escapes and Charges of Auto Thefts Make Up Big Day In This Town.

HAPEVILLE, GA. — An ex-G.I. with judo training, a curious cat, a sick judge, plus a posse of 76 men, landed two youths and two girls before a U. S. commissioner on national auto theft charges after the two men had escaped jail by overpowering a policeman.

The whole business left this peaceful little city on Atlanta's southern outskirts gasping with surprise and concluded only when the FBI rushed the four off for arraignment, where they were bound over for a federal grand jury.

The four were docketed as Billy James Manis, 20, of Hazard, Ky.; Joseph Burr Fine, 20, of Greenville, Ohio; Zelma Beasley, 18, and Gloria Bennett, 18, both of Jacksonville, Fla. The men were held in lieu of \$7,500 bond each and the girls for \$2,500 each.

How It Started.

It all began when Police Capt. J. P. Dunn noticed two cars laden with costly furs and coats and ordered the occupants held for investigation.

That afternoon Police Chief George Pierson Jr. called in the FBI. While being prepared for transfer to FBI custody, one of the prisoners seized a policeman's pistol, freed his companion and fled, leaving the girls behind.

The escapees ran toward the house occupied by Judge Quincy Arnold as police sounded a general alarm. The judge, in bed with the flu, rose to see what the commotion was about, then ducked as a bullet shattered a window and showered him with glass.

Next the judge rushed toward the front of the house where his wife was admonishing an armed man: "You can't shoot birds or squirrels in my yard."

The Judge Is in It.

The judge flushed a man from behind a tree. The man, later identified as Manis, ran out into the street and jumped on the running board of a car. The driver, Robert W. Bushby, a former G.I. with judo training,

calmly disarmed him and turned him over to police.

Meanwhile, the posse had lost the second man, Fine. They began a search of the judge's yard.

Suddenly Mrs. Arnold exclaimed, "Look at Bessie—my cat!" Bessie, a black tabby, was pointing like a bird dog at a mound of ivy—and Fine surrendered.

Christmas Decorations and Ornaments

PIG ROAST AT TECH

Lubbock—Approximately 600 persons are expected to attend the 20th annual Pig Roast at Texas Technological College Nov. 18, sponsored by the Aggie Club.

agriculturalists from this area, Agriculture division alumni and Tech administrators.

Farm-operator families in the North Central and Southern states spent an average of \$82 per family for medical care in 1945, an increase of \$31 per family over 1941.

New Generation Of Farmers To Be Better Noted Arthur Says

Lubbock—Agricultural practices will probably be improved 75 per cent by the next generation of farmers who, in their youth, have had advantages of specialized agricultural educations in colleges, and of participation in 4-H and FFA activities, according to Louis Bromfield, noted author and proponent of soil conservation.

Bromfield and more than 150 other national leaders in business, finance, industry, nutrition and land saving, visited Texas Technological College recently while on a tour covering Texas agricultural and industrial centers.

Texas Technological College and WATCH YOUR EXPIRATION DATE

other schools that teach agriculture are playing a vital part in furthering soil conservation, Bromfield stated, pointing out that conservation does not end with preventing soil erosion, but also includes building up the soil by sound agricultural practices.

"Only about 10 per cent of today's farmers are really good farmers," he said, "with some 30 per cent more capable of being classed as fair. The remaining 60 per cent, frankly, are very poor."

"It is up to today's youth, with its improving knowledge of sound farming, to step in and save the situation," he continued.

Bromfield stated that Texas appears to rank above the average national level in taking care of the land.

Weekly SURPLUS NEWS WAA

Two cash bids for the purchase of the carbon black plant near Seagraves, Texas, have been received by the Office of Real Property Disposal of Grand Prairie zone office of War Assets Administration. A cash bid of \$1,420,000 from the Columbian Carbon Co., present lessee of the plant, has been opened by WAA officials. The Producers Pipe & Supply Company of Tulsa, Oklahoma, submitted a cash bid of \$97,500 for the purchase only of the treater plant and pipe line conditioned upon the right to remove these items. The two bids have been submitted to Washington WAA officials for final action.

Bids will be opened December 8 on hardware, heating, electric and safety equipment, including 38 heavy duty, hotel type, gas ranges, now being offered to both priority and commercial channel groups through the Customer Service Center of the Grand Prairie zone office of War Assets Administration. Clothing, for which there always has been a good demand, and a limited amount of office supplies are likewise being tendered for sale. The property put up for sale in this offering is variously located at Houston, San Antonio and Texas, Texas; Camden, Arkansas; New Orleans, La.; and Oklahoma City, Oklahoma.

World War II veterans quickly grabbed off 29 Stearman trainers located at the U. S. Naval Air Station, Dallas, last week, at a fixed price sale of surplus planes, the War Assets announced at Grand Prairie. Nearly 200 eager veterans were present when the sale opened. Members of WAA's aircraft disposal division conducted a series of impartial drawings to determine buyers. Several of the

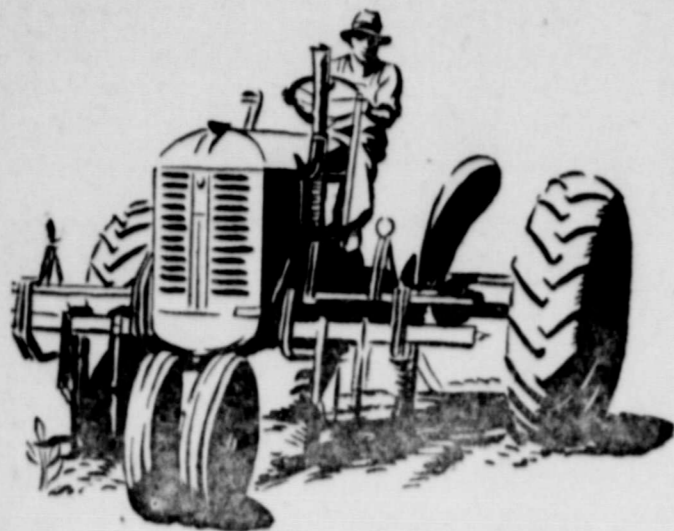

MARTIN BALKS TAX CUT. . . . All hope for passage of an income tax reduction bill during the special session of congress died when Rep. Harold Knutson (Rep., Minn.), left, conceded defeat after Speaker of the House Joseph W. Martin (Rep., Mass.) opposed presenting the bill at this time.

successful purchasers were former army and navy pilots who plan to use the craft for private flying. Others said they are now engaged in GI flight training or plan to complete a flying course in the near future.

Twenty thousand steel cots originally costing \$87,800 located at Camp Maxey, near Paris, Texas, will be marketed in a single lot on a non-priority, high bid basis, according to an announcement by the location clearance branch of War Assets Administration at Grand Prairie. Prospective purchasers are directed to be present for submission of bids at the WAA sales warehouse, North American B. plant, at 10 o'clock a. m., this Friday, November 21. The cots are 76-inch by 30-inch in dimension, and are constructed of inch tubing with hammock-style spring.

Mrs. J. M. Carter and son, Larry and Mrs. Ernest Hayes and Miss Pauline Hayes spent the first part of the week in Fort Worth visiting with Mrs. Hayes' mother.

LOCKNEY LUMBER & SUPPLY
Leon Wofford, Manager

What Is Your Judgment On The Road Bond Vote SATURDAY?

We urge you to consider that our school children, and our industry demand that we go forward. We must have all-weather roads for our REA and our Telephone service maintenance. REA is spending hundreds of thousands, Southwestern Public Service has a million and more at stake, Southwestern Bell Telephone Company is putting thousands into rural service lines, the oil companies are spending millions to prove our oil resources. Do you, too, believe in Floyd County?

Floydada Junior Chamber of Commerce is an organization of young men who believe in the future of Floyd County and its institutions. We want to urge the people of Floyd county to keep permanent road-building construction under way in our county. We believe that we need to supply the funds that will make this possible when we go to the polls on Saturday, November 22.

We are for the program mapped out, after due consideration, by the State Highway Department and the Commissioners Court of Floyd County, because we recognize the fact the authorities have to have a beginning place and a program to work from. There are other important Farm-to-Market roads, of course. We ought to have them built and must have them built. In fact, we ought to have many more miles of good, hard-surfaced roads right now. But we do not have them and never will have them until we make a start. So, in saying we are for these road-building plans we do not say we are against any other roads that the people need. We are for a start on a Road Building program.

At This Time the Highway Department says they can and will help us with continuing a Farm-to-Market road building program. This program will stop when the Lakeview Road is finished, for at least two years, unless we take positive action to prevent it. The Highway Department of the State of Texas pledges the State to (1) Handle all engineering; (2) To make the road contracts and to supervise all work; (3) To maintain the hard surfaced roads that are built; and (4) to pay one-fourth of the construction costs. This means that the county will get the benefit of the services and the partnership of the Greatest Road Building and Maintenance Organization in our nation at half price. We take no chances on losing! We will be big winners!

The State Highway Department is Making Promises for only Two Years Ahead!

This is not an empty statement. It is a fact which any citizen can verify by inquiring. Our state's road building program is only beginning. It will continue to grow as our people permit it to develop. If we want our own communities all to have good roads in our time we must go along with the State Highway Department now. Procrastination will steal away our opportunities.

Fortunately Floyd County Property Valuations for Taxes are Low Regardless of what part of the county our lands are Situated.

With total valuations slightly above 10 million (\$10,000,000) there is not a piece of Farm Land in the county, regardless of how highly developed, that is valued at more than \$9 per acre for taxation purposes. Some of it carries a tax valuation of \$8 per acre, some \$7 per acre, and our rough land is on the tax rolls at \$2 to \$2.50 per acre. Town property also is valued most reasonably for the county and state ad valorem tax. At these values the bond issue to take care of the county's part of the program would be not to exceed \$11.52 per year on the highest priced section of land in the county and would scale down to \$2.56 per section on rough land.

Please check the figures before you decide that they are wrong.

FLOYD COUNTY IS DEVELOPING BEYOND OUR FONDEST DREAMS: OUR COMMERCE and INDUSTRY DEMAND GOOD ROADS; OUR SCHOOL CHILDREN MUST HAVE A WAY TO GET TO SCHOOL.

LET'S START NOW FOR A PERMANENT ROAD BUILDING PROGRAM IN FLOYD COUNTY

(This advertisement underwritten and sponsored by the Floydada Junior Chamber of Commerce, an organization of young taxpayers who want to build a future in a growing and forward-looking county.)

MEET OPENS 63RD SEASON . . . In case you weren't able to get to the Metropolitan opera house in New York for opening of the opera season this fall, this is the way it would have looked if you had been sitting off to one side in the first balcony. The brilliant scene of New York's assembled elite included several kings' ransoms of jewels, assorted ermine, chinchilla and silver fox fur coats, and a few hundred boiled shirts. The performance was Verdi's "Un Ballo in Maschera."

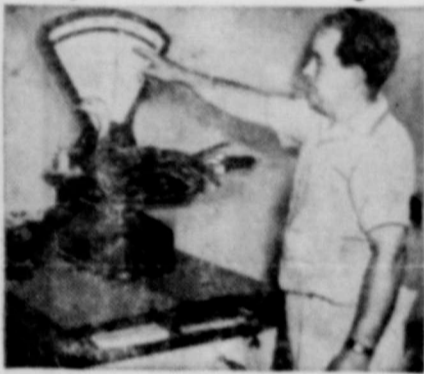

Distiller's Processed Grain Has Feed Value

By-Product Speeds Up Growth of Livestock

By W. J. DRYDEN

Leading agricultural colleges have conducted experiments with distiller's dried grains and have found that for every bushel of grain milled in a distillery the high protein and vitamin by-products recovered are equal to one and one-seventh bushels of grain in feed value when fed with farm-raised grains.

From every bushel of grain processed for alcohol in the distillery, 17 to 18 pounds of highly nutritious animal and poultry feeds are re-

Weighing and checking periodically turkeys fed on stimufay at Walker poultry farm, Peoria, Ill.

covered. The present demand for grain makes it advisable for farmers to substitute distiller's grain or similar product for part of the ration for their turkeys, chickens or

livestock.

The economy of such a method has resulted in increased growth and production at a low cost. Poultry fed this by-product has shown a gain of one pound over chickens raised on a standard farm ration.

Reinforcements Needed To Maintain the Soil

Manure is important in furnishing plant food to the soil, adding organic matter and rebuilding soil structure. But you cannot maintain your soil simply by feeding crops to livestock and returning the manure to the land. The above chart shows the losses that occur when 1,000 bushels of corn are fed to livestock. In making the feed into milk or

WHAT HAPPENS TO FERTILITY WHEN FED?

1000 BU. CONTAIN:	ANIMALS USE:	RETURNED IN MANURE:
28 TONS QM.	17 TONS	11 TONS
800 LBS. N.	250 LBS. N.	750 LBS. N.
170 LBS. P.	34 LBS. P.	136 LBS. P.
190 LBS. K.	19 LBS. K.	171 LBS. K.

beef, the animals use up 60 per cent of the original organic matter, 25 per cent of the nitrogen, 20 per cent of the phosphorus and 10 per cent of the potash. With careful handling the manure (liquid and solid) will return to the soil a high percentage of the fertility originally contained in the feed. But under ordinary methods of handling, manure may lose as much as half its fertility and organic matter. In order to maintain and improve the soil, manure should be reinforced by other good management practices. These should include liming, the growing of deep-rooted legumes in the rotation to open and ventilate the soil, and the application of commercial fertilizer as needed.

LOCKNEY HIGH

By Martel McDonald and Glynn Earle Norman

Greetings to all of you Jack and Jill of L. H. S. How are y'all after that wonderful 20-7 victory over Matador? That is one more game in Lockney's march to district championship. There is one more remaining game to be played and that is at Paducah tonight. It promises to be an exciting game as the Dragons were rated as second power in the district for most of the season.

The event of the night last Friday was the crowning of the queen. Lena Sue Pylant. It took place immediately before the game as the band and pep squad formed a heart in front of the west bleachers with the queen and attendants in the center. Red Daniels, captain of the Longhorn squad, escorted the queen. Bob Carthel, co-captain, escorted Velma Seale. Roy Glover escorted Patsy Harris, and Wyman Guthrie escorted Mervene Patterson. The band played "Let Me Call You Sweetheart" after the queen was crowned. The ceremony was impressive and the queen will long be remembered as queen of the Longhorn Squad (District Champions of '47).

Dear Informer:

I am having a terrible time. Maybe you can help me as my main trouble is men. Too many men to be exact!

There is a boy in Plainview who is madly in love with me and the feeling is mutual. Everytime I see him I just go out of this world.

Then there is another one in Floydada and he makes me have the loveliest dreams.

Maybe I could manage if it weren't for the wonderful guy that lives right here in Lockney. He simply makes me feel cold all over.

Is there any hope?

Mixed-up

Dear Mixed-up,

Go to bed, put hot water bottles on your feet and ice packs on your head. The little guys from Wichita!

will be down to get you as soon as possible. Besides that, any woman who has three men at one time is a menace in anybody's language.

The Informer

Lockney High Wonders:

Did Miss Gardner of Silverton come to Lockney to visit Mildred Rodgers or did she come to see Mr. Simpson? Well, anyway, she came and we hope she enjoyed her week end.

What does Jack do in bookkeeping class that is so irritating to Scrid? Why is Trigger called the official flat-tixer of the Norman family?

Why the bright eyes Friday night Glynne Earl? Could Claude have anything to do with it?

Who is going to win the girl's football game between Lockney and Floydada? (More information on that next week!)

Quips from the Class Room:

Mrs. Degee: Pipe down!
Eldon Love: What do you want us to bring up? Water or oil?

Miss Harris: In the sentence "the ceiling is eight feet high" what part of the sentence is feet?

Joe Keeter: The bottom part, of course!

BELOW is the first of the "SPEEDY" comic strips. Watch for them and follow the good advice that goes with them.

10 ways you can help yourself to good telephone service

Telephoning is easy. But more depends on the user than people realize. What you do when making or receiving a call often has a lot to do with how satisfactory that call is. Here are ten suggestions:

1. Before you call, make sure of the number. If you're not sure of it, look in the telephone directory, and thus avoid wrong numbers.
2. Give the called party time to answer. He or she may be some distance from the telephone. A minute isn't too long.
3. Speak directly into the mouthpiece. About an inch between it and your lips is right for best results.
4. Move the switch hook slowly up and down to recall or signal the operator. "Jiggling" the hook rapidly often won't cause a signal to come in and is useless.
5. Replace the receiver carefully when you have finished talking. A receiver partly off the hook puts the whole line out of order.
6. Answer calls promptly. It's courteous to do so and often keeps the caller from hanging up—thinking you're not at home.
7. Identify yourself when you call or answer. Not everyone recognizes you by your voice. Telling who you are saves time and sometimes embarrassment.
8. Space calls on party lines. If you have a series of calls to make, allow a few minutes between each one so others can use the line to call or be called.
9. Keep calls brief on party lines. Other folks on the line will appreciate your thoughtfulness and—who knows—may follow your good example.
10. Avoid calling in busy hours if possible. Switchboards are usually busiest during midmorning and late afternoon.

CUTTING OUT STEWS!
Washington, D. C.—Stews are about to appear less frequently on Army menus. Food Service School, Fort Sam Houston, Texas, has a new meat-cutting class learning, among other things, how to cut up beef carcasses in such a way that not over 15 per cent will necessarily end up as stew

or hamburger.
Cost of training these specialists is justified by the fact that approximately 40 to 50 per cent of the cost of feeding a soldier is spent for meat, fish and poultry items in his diet.
Try the Beacon office for all your office supplies.

Soil Conservation District News

The Soil Conservation Service technicians assigned to the Floyd County Soil Conservation District ran lines on the farm operated by Leighton Teeple for irrigation of volunteer wheat. Similar lines were run for H. R. Hartman.

High points for irrigation wells were set for A. J. Huckabee, J. C. Roach, W. D. Nance and J. B. Smitherman.

The Board of Supervisors of the Floyd County Soil Conservation District had a special meeting Wednesday, November 12, to set up the "Sure-Stand" grass seeder recently received by the group.

The Board approved applications for soil conservation work for the following: M. M. Julian, Virgil G. George, Isaac Smith, C. W. Bond, Joe Jacobs, Clarence Ashton, J. B. Smitherman, Lee W. Burton, James C. Roach, A. J. Huckabee, W. H. Hulsey and O. P. Cummings.

Agreements with the following cooperators were also approved by the Board: W. H. Hulsey, Bill Jackson, H. R. Hartman, W. A. Boedecker, J. E. Rexrode and A. P. Sanders.

MORE WACS NEEDED IN PACIFIC
Washington, D. C.—More Wacs are wanted by Army Commanders in the Pacific, according to Col. Mary A. Hallaren, Wac Staff Director, who is just back from a tour of the Far East.

Many Army commanders have put in requests in advance for the assignment of Regular Army Wacs, such requests being contingent of passage of the WAC Integration bill to establish a permanent Woman's Army Corps as part of the Regular Army.

Dairy cows must have 3 to 5 times as much water as they produce milk. Insufficient water reduces production, increases costs and wastes feed.

Providence News

PINK AND BLUE SHOWER HONORS MRS. L. B. BRANDES

A pink and blue shower was given on Friday, Nov. 14 at 2:30 with Mrs. Albert Kelm as hostess and Mrs. Walter Boedecker and Mrs. Bill Buth as co-hostesses honoring Mrs. L. B. Brandes. Games were played and refreshments of punch and cookies were served to Meses. Ben Quebe, E. M. Quebe, Helmuth Quebe, Stewart McKallip, George Rupp, Walter Boedecker, Charlie Boedecker, Harold McLaughlin, Robert Harden, Jake Jones, Bill Buth, Morris Nance, Henry Sammann, Ernest Sammann, Pete Hackney, Albert Scheele, Ralph Brown, Bruce Rigler, Ben Brandes, and Sam Newmann; Meses Clara Sammann, Gene and Barbara Nance, and Helen Newmann. The honoree received many lovely gifts.

Party Honors Madeline Schuette

Little Madeline Schuette was honored on her 3rd birthday Sunday with a party given by her mother, Mrs. Martin Schuette. Those present were Messrs. and Meses. Bibb Grabber Sr. of Slaton; Bill Grabber Jr., Lubbock; W. M. Schuette of Plainview; Walter Sammann, Meses Bernadine, Cecelia, Ann and Rosemary Grabber, Delores, Carolyn and Valera Sammann, and little Bill Schuette, and the honoree. Many lovely gifts were received.

Mr. and Mrs. M. C. Scheele and girls and Mr. and Mrs. Walter Sammann and girls visited with Mr. and Mrs. Harold McLaughlin and family Friday evening.

Mr. and Mrs. Ted Boedecker and family visited with relatives in Stamford, Texas Sunday.

Mrs. Ena Lee Reed of Clarendon is here visiting with her parents, Mr. and Mrs. Ben Brandes.

Mr. and Mrs. Arthur Sammann and Yvonne of Tulla visited with Mr. and Mrs. Walter Sammann and girls Saturday.

Miss Madeline Schuette is visiting her grandparents in Slaton this week. Mr. and Mrs. R. C. Matthews and girls visited with Mr. and Mrs. Walter Sammann Sunday.

Rev. and Mrs. H. J. Schauer and daughter have returned to their home after a 10-day visit with her mother and brother in North Dakota.

Mr. and Mrs. Albert Scheele entertained the Luther League members with a social on Sunday evening. Games and refreshments were enjoyed.

We Can Take A Few New Subscriptions To Amarillo News

The Amarillo Daily News has announced that they will accept a few new subscriptions. If you are not getting this paper and want to subscribe, come in to see us at The Beacon office very soon. The offer will probably be held open a few days. The bargain rate of \$10.95 has been extended until December 1. Daily only is \$8.95.

Bargain rate on the Fort Worth Star Telegram this year is \$11.95 for daily and Sunday. The rate for daily without Sunday is \$10.60. Subscribers must bring along a label from paper to be sent in with their subscription.

The Wichita Falls Record News and Daily Times have a bargain rate this year of \$8.25 per year for the daily and Sunday.

Irick News

Mrs. Harrell Dollar, Correspondent

This section received a nice rain last Thursday night. It also received more rain Monday. A large portion of crops have been gathered but there is still quite a bit of cotton in the fields.

The Ladies' Club met last Thursday in their regular monthly meeting with Mrs. John Holmes. The afternoon was spent making plans for a Thanksgiving supper. After a short business meeting, refreshments of ice cream and cookies were served to the following: Meses. Bryon Robertson, Oliver Holmes, Melvin Potts, Andy Jolly, Norman Caldwell, Tom Graham, Travis Dunn, Walter Taack, Farrell Dollar, W. R. Kirkpatrick, Harrell Dollar and the hostess.

Mr. and Mrs. Walter Taack and Mr. and Mrs. Byron Robertson spent the week end in Amarillo attending a Lodge convention.

Grandmother Holmes of Sandhill spent Sunday with Mr. and Mrs. Oliver Holmes.

Mr. and Mrs. Norman Caldwell and girls visited with Mr. and Mrs. Buford Phillips of Hale Center Sunday.

Visitors in the home of Mr. and Mrs. Jack Dollar Sunday were Mr. and Mrs. Earl Poage and boys of Lockney, Mr. and Mrs. John Holmes and family.

Mr. and Mrs. Travis Dunn and girls

girls and Mr. and Mrs. Oliver Holmes were in Lubbock last Saturday.

Mr. and Mrs. Bob Battles visited Mr. and Mrs. Lloyd Withrow and girls of Lockney Sunday afternoon.

Mr. and Mrs. Adkins Phillips and baby of Plainview spent the week end with Mr. and Mrs. George Graham.

Mr. and Mrs. Warren Graham and children and Mr. and Mrs. Walter Shaddix of Plainview visited Mr. Shaddix' mother during the week end.

Mrs. J. F. Dollar spent last Wednesday with her daughter, Mrs. C. E. Hargis of Amarillo.

Mrs. Melvin Potts, Mrs. Dale Lacey and Mrs. Johnnie Terrell shopped in Lubbock Monday.

Ninety five per cent of South Plains land is tillable. The Texas state average is 70 per cent.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

There should be no doubt that prompt treatment is wiser than neglect. Use **Doan's Pills**. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

EVACUATION HEAD . . . Maj. Gen. L. C. Jaynes, commander of U. S. military forces in Italy, is supervising the evacuation of American troops and equipment from the entire Italian peninsula. It will take 90 days.

Card of Thanks

We take this method of expressing to the people in general our heartfelt thanks and debt of gratitude for all their favors in our sickness of many days, some with visits, flowers, cards and inquiries and every way possible. We ask God's richest blessings upon you. As ever your grateful friends,

Mr. and Mrs. T. Z. Reed

Card of Thanks

We wish to express our deep appreciation for the many kindnesses extended us at the death of our mother. Especially do we appreciate the helpfulness of Rev. Cobb and Rev. Campbell.

SMALL BEGINNINGS HAVE HAPPY ENDINGS!!!

From the piggy bank to the big checking account may seem like a big jump. But it isn't so big—when youngsters are taught to save early in life. And what a thrill when they open their own savings accounts. Teach your children a lesson in thrift early in life by opening a saving account for each one of them.

Estes Woodburn has been ill at his home here this week.

The majority of birds have four toes on each foot, three in front and one behind, however members of the woodpecker and parrot families are yoke toed; meaning two toes point forward and two backward.

All members of the ruminant or cud chewing family such as camels, goats, deers, giraffes and cattle invariably rise hind parts first; other four footed animals get up front legs first.

No fish live in Great Salt Lake, Utah because the average salinity is almost six times greater than that of the oceans.
