Sodbusters and cattlemen are the characters in the production "Texas" being staged nightly in the amphitheatre in Palo Duro Canyon. Some very fine amateur acting portrays the inherent dislike of cattlemen for sodbuster and vice versa, and the names of pioneer cattlemen and farmers gives a sense of reality to situations that were common during the early day settling of the Panhandle.

Many scenes are made realistic by sound and lighting effects that would do credit to the major movie producers. Undoubtedly the grass is greener and the water in the Palo Duro Creek is higher after each production when the flashes of lightning and roll of thunder and patter or rain causes the audience to look skyward and bend an ear for the sound of the severe storm warning.

Although trying to give a bit of Texas pioneer life as it was before the turn of the century, and hoping that it would apply to all parts of the huge state, the writer of a necessity was restricted to portraying life as it was in the Panhandle in most instances. While the early day farmer was referred to as a sodbuster in the Plains country, he was a nester below the caprock. But it is alright with me for the production to represent and be Texas, in the main it does and is.

The story is told in song and dance as well as all but perfect dialogue. The high canyon wall forms a perfect backdrop for a spectacular with a subject as big as Texas. The lighting effects from the top to the bottom of the canyon wall are breath-taking and the wooded, or brush, area between the pavilion and the canyon wall provides ample space for the lurking Indians and racing horses of the cattlemen.

The fight of the sodbuster, against the elements and all of the hazards of pioneer life, to develop the country into a thickly settled productive area triumphed over the objections of the cattlemen, who wanted the country to remain just like he found it. The arrival of civilization was assured when the train for which the sodbuster had worked pulled into the town named after the leading cattlemen and his wife.

People will drive to California, North Dakota, Michigan or wherever to attend productions pale and listless compared to Texas, being enacted nightly except Tuesday nights, from now until September, in Palo Duro Canyon a gulch packed with Panhandle history and lore. You see it.

Friday and Saturday nights were Founders nights at the Palo Duro Canyon amphitheatre. The News couple is indebted to Mr. and Mrs. Goodwin Miller for tickets to the Saturday night show. I lost Viola's ticket just before we got to the entrance, but a nice lady found it and brought it to me when she heard the commotion the gatekeeper was making. For a little bit it looked like Viola would have to miss the show.

Castro County has on its Sunday clothes. The finest crop prospects we have seen in many a year. Cotton, milo, sugar beets, beans, peas, carrots, cucumbers and all the rest are the finest we have ever seen. And from all reports the wheat crop just harvested was a good one. This is indeed fine farming area, thanks to the sodbusters, both past and present.

One of these days the City of Dimmitt or the State Highway Department or somebody, will have to install some traffic lights on downtown Dimmitt Streets. The situation is getting impossible. Let's either have some traffic lights or declare the main streets expressways and let the faint-hearted stay at home.

There hasn't been, nor will there be, any relief in the downtown parking situation until the courthouse square is made into a parking area. The powers that be can sit on their hines until one day they will be looking out of courthouse windows at vacant buildings. Merchants can't operate a business without some customer parking and the only available place to create a parking area is the courthouse square. If it is put off too long merchants will move to shopping centers where they can provide parking facilities for their customers. This is a serious matter and it should get serious consideration.

Gaston Recognized At Lubbock Seminar
Ernest Gaston, local agent for Bankers' Life and Casualty Insurance, was recognized as one of 15 outstanding West Texas agents in the Lubbock Branch Seminar held July 1 and 2 at the K&K Inn in Lubbock. The Lubbock Branch covers all of the West Texas region.
Gaston was recognized by Gene Roman, Southwestern Regional Manager from Chicago.

FROM COAST TO COAST on bicycles is a lot of peddling but Akika Nagakura, 18, and Chivo Inoue, 20 of Shizuoka, Japan, are nearing the half-way point as they continue to cycle along. The two young Japanese girls spent Sunday night at the Colonial Inn Motel and left Monday morning, expecting to spend the night in Memphis, Texas. After a month's visit in San Francisco with friends they headed east on

their Japanese-made bicycles. They have been in the road for the past month, riding their bicycles all the way from San Francisco with the exception of a bus ride from Lordsburg to Clovis, N.M. Averaging 10 miles per hour, or 80 miles per day, the girls expect to be in New York City at the end of July. They plan to return home by boat in September.

STAR YOUNG FARMER, Ben Holcomb, displays his 6-row fertilizer rig that he recently completed. The two tanks have a 400 gallon anhydrous capacity. Ben is proud of his new farm work shop, where he is shown tuning up his lawn mower.

County Star Young Farmer Is Headed For Area Competition

The Dimmitt Young Farmer Chapter has a hardworking individual to represent it for the Area I Star Young Farmer of Texas competition. The candidate is 25-year-old Ben Holcomb who farms 14 miles west of Dimmitt. Ben was elected to represent the Dimmitt Young Farmer Chapter last December. He will enter the first competition above the local chapter level in September at the Area Young Farmer Convention in Tulla.

This is Ben's third year to farm. He has 890 acres rented of which 854 acres is cultivated and irrigated. His crops include grain sorghum, wheat, cotton, soybeans, carrots, barley and cucumbers. He is preparing wheat ground to plant 15 acres of lettuce. This is the first time for Ben to try barley, cucumbers and lettuce. His barley averaged about 45 bushels but hail hit just before harvest or he estimated that he would have made an 80-bushel average. He is storing the barley to sell as seed this fall. Hail also caused his wheat crop to fall to a 25-bushel average. Ben had to replant his cucumbers and most of his grain sorghum and cotton. Even though hail has made most

of his crops late, he is optimistic about his chances for a good year. Young Holcomb has one permanent hand hired to help him. When he needs extra help, he hires day labor. His farming equipment includes one 1963 4010 John Deere and one 1964 4020 John Deere. Both tractors are equipped with 6-row tools.

Ben keeps these tractors and his pick-up in top operating condition by giving proper maintenance in a new 30 X 40 shop building that was recently completed. His landlord had enough faith in Ben's ability that he paid for the concrete floor being poured and Ben bought and erected the building. He did the wiring and plumbing himself.

Conservation farming rates high in Ben's philosophy of farming. He has planned two complete irrigation systems to make better use of his water. To further save water, he has planned and installed two lake pumps. As another aid to water conservation, he plows under all available organic matter. Although Ben has 854 acres in cultivation and only one permanent hand, he finds time to participate in the county fair. (Continued on page 8)

1966 Little League All Stars Will Play In Hereford Area Tournament

The 1966 All-Star Team selected to represent the Dimmitt Little League in the area tournament held July 21 and 22 in Hereford are: Perry Floyd, Gary Webb, Jim Frazier, Mark L. Simpson, and Bo Myers of the Cardinals; Ricky Battles, Joe Wiggins, Mike Baldridge and Fred Bennett of the Yankees; Jerry Matthews, Steve Birdwell and Jim Hodge of the Dodgers and Ray Johnson and Glenn Bruton of the Braves. Alternates are Jim Patton and Craig Vandiver of the Dodgers and

George Vasquez of the Braves. Bob Myers of the Cardinals is manager and Jerry Cokerham of the Cardinals is coach. The final standings for the 1966 season are: Cardinals Won 13, Lost 4; Yankees Won 10, Lost 8; Dodgers Won 9, Lost 9; Braves Won 4, Lost 13. In two games played June 30 the Cardinals defeated the Braves 7-5 and the Yankees won over the Dodgers by a score of 6-4.

Dimmitt FFA Members To Attend State FFA Convention In Austin

Three members of the Dimmitt Future Farmers of America Chapter will attend the State FFA Convention in Austin, July 13, 14, and 15, according to Tommy Martin, president of the chapter. Members of the Dimmitt Chapter who plan to attend the convention are: Tommy Martin, son of Mr. and Mrs. W. J. Martin, Darrell Pope, son of Mr. and Mrs. G. C. Pope and David Seale, son of Mr. and Mrs. J. O. Seale. Tommy has been selected by Chapter members as delegate to the Dimmitt FFA Chapter to the state convention. Darrell and David will serve as alternate delegates. The three day meeting of representatives of over 900 FFA Chapters throughout the state will include the awarding of advance degrees, scholarships, and awards to outstanding members of the

organization. The highest award of the Texas Association of Future Farmers of America; the Lone Star Farmer Degree will be presented to 785 members of the 41,156 member organization. Honorary degrees will be conferred on adults who have contributed in many ways in helping the organization in its accomplishments. The Star Green Hand Chapter Farmer, Lone Star Farmer, and American Farmer of Texas will also be selected at this convention. Among important business to be transacted at the convention will be the election of a new state president, election of voting delegates to the National FFA Convention in Kansas City in October, and a sweetheart to represent the state association will be elected by the delegates.

Final Plans For Recreation Association Near Completion

The Castro County Recreation Association Steering Committee met July 5 with the architect and engineers to finish plans and discuss possible changes in the plans for the proposed recreational facilities. Such changes as enclosing the swimming pool and adding tennis courts have been suggested to the committee, according to committee member Don Newman.

The committee is within a few of the needed 250 memberships, some of which have not yet been collected. The memberships are now selling for \$250. The Steering Committee wishes to thank the newspaper and the general public for cooperation and assistance in subscribing the necessary number of members before the June 30 deadline.

Grecian Girl Will Live In The A. C. Hays Home For The 1966-67 Year

Dimmitt's American Field Service foreign exchange student for the 1966-67 school year is Marthia Nitsa, 18, of Trikala, Greece. Miss Nitsa will live with the A. C. Hays family. Her American brother and sister will be John and

Mary Hays, both juniors in Dimmitt High School. Her hometown of Trikala is located in a farming area of Greece. Miss Nitsa's father, however, owns three pastry shops in the Trikala area. She comes from a large family, having three brothers and two sisters.

PRODUCER CERTIFICATION
Certification of your cotton, feed grain and diverted acreage may be made anytime until August 15, 1966. All participating producers in the County must certify their acreage regardless of whether they are receiving the measurement service or not. The sooner you make your acreage report, the sooner we can compute final payments under the programs. We urge you to make your acreage report as soon as you have completed planting and your crops are up.

1966 WHEAT PRICE SUPPORT PROGRAM
The 1966 Castro County Loan Rate for Grade No. 1 Wheat is \$1.25 per bushel, less storage charges.

COMMITTEE ELECTIONS
You will be electing Community Committeemen to serve for the coming year within the next three months.

Also pictured from left to right are Boys State Deputy Commission Ken Logan of Longview, Texas, Deputy Commissioner William Pieratt, and Edmund L. Nichols, Texas Assistant Deputy Commissioner.

Kuntz Elected To Boys State Office

Charles Kuntz, delegate to Texas Boys' State, was elected Commissioner of Agriculture in the Boys' State elections held recently in Austin. Also representing Dimmitt at Boys State were Rodney Hutto, senior counselor and Jack Flynt II as junior counselor. Kuntz was elected in the Boys' State general election by the Boys' State delegation. He ran against several opponents from all over the State.

"Grant Street Patriots" Celebrate July 4th With Picnic And Parade

The "Grant Street Patriots," as "The Battle Hymn of the Republic" of ten, red, white and blue - bedecked children, three mothers, and a small black dog, avidly celebrated the Fourth of July with a parade and picnic lunch. The parade, headed by flag bearer Gary Wise, travelled Grant Street and the surrounding neighborhood while a stereo on the front porch of the Frank Wise home blared patriotic music such as "The Battle Hymn of the Republic." The children rode bicycles, tricycles and even a baby carriage, brightly decorated with red, white and blue crepe paper. The grade school Americans wore paper hats they had painted with red, white and blue. They climaxed their celebration with a picnic lunch served by their leaders, Mrs. Frank Wise, Mrs. Bill Birdwell and Mrs. Dan Heard.

Local Postmaster Attends State NAPUS Convention In Odessa

Postmaster and Mrs. Ernest L. Davis returned June 30 from a postal promotion. He also stated some facts that few postal patrons are aware of. "The department returns to the treasury through its revenues almost 90 per cent of the sums appropriated for its operation," Carr said. Only ten per cent of departmental operation costs are paid by the taxpayers. In his Monday night address, William M. McMillan, assistant postmaster general, urged postmasters to support bills to change restrictions on size and weight of mail. He claimed that the present laws are "unfair and confusing."

MR. AND MRS. SAM BUTLER will celebrate their sixtieth wedding anniversary Friday. They invite all their friends to call at their home between 2 and 6 p.m. They were married in Arapaho, Oklahoma in 1906.

EASTER NEWS

Mr. and Mrs. Grover Moss and Mrs. Lois Taylor and son, Dennis of Memphis visited recently in the William Moss home.

Loy Stone suffered painful although not serious injury Tuesday when he was working on a power lawn mower. He had the mower started and was adjusting the carburetor when the mower started moving. Before he could move his foot the mower had slashed his toe. The doctor put several stitches in and he will have to stay off his foot for a few days.

Mrs. Trent Downing and Laura visited with Mrs. Dorris at Arney Thursday morning.

Carolyn Scarborough is visiting this week with her sister Ann in Amarillo.

Mr. and Mrs. Steve Stowe spent Tuesday night in the Trent Downing home on their way back to their home in Franklin, Louisiana.

Don Scarborough visited his parents for ten days following his basic training at Fort Bliss. He left Sunday by jet for Fort Rucker, Alabama where he will attend helicopter training.

Mrs. W. A. Epperson visited her brother Shorty Smith in the Deaf Smith County Hospital Monday.

Laura Downing attended a birthday party for Jeffery Moss Saturday afternoon.

Mrs. John Burnett visited Mrs. Trent Downing Wednesday morning.

Mr. and Mrs. Sam Scarborough and girls, and Janet Roe spent Sunday with his brother and family at Petersburg.

"Sometimes you think you have reached the end of the road, when you have only come to a turn beyond which you may find a more beautiful way."

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE AT DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879

Sen. Yarbrough's Washington Report

Dear Fellow Texan:
The Fourth of July weekend marked the 190th anniversary of our Declaration of Independence in America from that historic July Fourth in 1776, at Philadelphia.

Because of its meaning to Americans, the Fourth of July has always been a festive occasion. In former days, this national holiday was the time when families gathered together in town and country for family reunions, picnics, parades and fireworks.

Modern living has changed some of these ways of celebrating our nation's independence and its freedoms. But in many of our communities today, people are turning back to the old ways of family reunions, family gatherings — of flying that Flag which symbolizes Liberty — and of some reflection upon what it means to be a part of this great nation.

Perhaps Thomas Jefferson — who wrote the Declaration of Independence and was the 3rd president of these United States — put in words what our liberty means as well as any other man ever has.

Inscribed for all to see, they appear not only in the Declaration of Independence but they are repeated in white Georgia marble in the Jefferson Memorial in Washington. These words are familiar to every schoolboy: "That all men are created equal, that they are endowed by the Creator with certain inalienable rights — that among these rights are Life, Liberty and the Pursuit of Happiness."

Jefferson wrote these words at

Savings Bond Sales Are At All-Time High

Sales of Series E and H Bonds are at an all-time high according to Raymond Wilson, chairman of the Castro County Savings Bonds Committee. Savings bond sales in Castro County during May were \$12,536, while sales for the first five months were \$40,230. This represents 80 per cent of the yearly sales goal of \$50,000.

Texas E and H bond sales for the month of May totals \$12,792,623 which represents a 9 per cent increase over May, 1965. Nationally, new sales of Series E and H bonds during May of \$113 million were the highest amount purchased in any May for the past ten years, 16 percent higher than a year ago.

The cash value of Series E and H bonds outstanding reached \$49,585 million, another new record high. The investment growth since the commencement of the year was \$336 million.

a time when this was but a struggling collection of 13 colonies with divergent ways and beliefs. He could not know that they would bear greater significance as this small collection of colonies grew through the years until collectively we have become the most powerful nation on earth — the most powerful nation ever to exist in history — and the Leader of the Free World.

In a real sense, however, America today faces the same tests that it faced in the days of Washington and Jefferson. Freedoms are always challenged, and Liberty is ours only when we are prepared to save it.

This is why our troops are stationed around the world, guarding the perimeters of the Free World — in the Arctic and in the desert. This is the reason our diplomats meet around the conference tables with Heads of State and at the United Nations — that this Nation and this world may know Peace and true Freedom.

It has been said that "The Price of Liberty is Eternal Vigilance." This freedom-loving Nation and its 25 million veterans of both Hot and Cold Wars know this truth full well. Many others paid the supreme sacrifice in the name of Liberty.

Perhaps it is the meaning of Liberty that we need to recall in this frantic modern world.

We need to remember in these fast-moving times, what it was that Jefferson wrote about. For Jefferson was the early champion of the natural and civic rights of the individual. He was a leader of the common man, who believed in the simple democratic form of government — in free speech — a free press — and education for all.

It was Jefferson who wrote that he was "Well aware that Almighty God hath created the mind free."

It was Jefferson — the defender of Liberty — who adopted as the heart of his personal philosophy, this motto:

"I have sworn upon the altar of God eternal hostility against every form of tyranny over the mind of man."

Bible Thoughts

"SO LONG AS YOU BOTH SHALL LIVE"

By Ronnie Parker

There is no more solemn moment in the lives of two people than that moment when before God they pledge to one another their love and willingness to take one another as husband and wife, "until death do us part." These are vows made in good faith before almighty God, and should be regarded in the light of their sacred character.

In marriage you vow your undying love and fidelity to each other. It is not a marriage that should last until mental cruelty, someone more attractive, or adversity should break it. It is a solemn vow that this man and this woman pledge to live together until death shall sever the bonds which made them husband and wife. Love made them want to marry each other but consent in their vows to each other before God and in the presence of witnesses made them husband and wife. "What God hath joined together, let not man put asunder". Matt. 19:6

LETTER PERFECT

SATISFIED . . . because of a job well done.
The last check . . . reveals a well organized, carefully typed letter, and now she is ready to present it to her boss for his inspection and signature.
Each of us needs to periodically check our lives, making sure that all is in order and would stand an inspection by the Lord. Are we letter perfect? Would He be satisfied with us? It is true that none of us are perfect, but if we study God's word and strive to follow God's will, He will be satisfied with us.

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Rogers Expects House Committee To Report Auto Safety Bill By July 20

Congressman Walter Rogers predicted Saturday the House Committee on Interstate and Foreign Commerce will approve "A meaningful, effective, workable" auto safety bill "not later than July 20."
Congressman Rogers, who is ranking majority member of the Committee, said members of the 33-Congressman panel will concentrate this week on researching legal questions and other implications of proposed sections of the bill.

"Although the Senate has passed a bill and sent it to the House, there is a great deal of controversy among House members as to the effectiveness and practical application of a number of its provisions," Congressman Rogers said.

"Having held lengthy hearings during which witnesses were heard on all sides of the issue, the House Commerce Committee is preparing to resume exhaustive executive sessions in an effort to present the best possible bill for consideration by the full House," Congressman Rogers said.

The Congressman described the Committee's objective as to draft legislation that is "fair, effective, and reasonable - and with teeth in it."

"The House Commerce Committee is probably the most knowledgeable group on Capitol Hill in this field," said Congressman Rogers, who was a member of the committee's Subcommittee on Traffic Safety which, in the mid-1950's was the first Congressional body to study the problem. "A number of helpful suggestions made by the Subcommittee later were adopted by the automobile industry, including safety belts," Congressman Rogers said.

"The research and study to be undertaken in the coming week by Committee members would prove to be of great value when the Committee reconvenes its deliberations," Congressman Rogers said.

"With legislation of such importance to every citizen, whether he drives or not, and of such potential impact on an industry em-

MRS. HOWARD H. SCHULTE
nee Susan Dobmeier

Susan Dobmeier And Howard Schulte Are Married In Nuptial High Mass

Susan Louise Dobmeier, daughter of Mr. and Mrs. Leo Dobmeier, and Howard H. Schulte, son of Mr. and Mrs. Ray Schulte, were married June 28 in the Holy Family Catholic Church in Nazareth. The Nuptial High Mass and double ring ceremony were solemnized by Rev. Wilmer Reichel.

The bride, given in marriage by her father, wore a lovely floor length formal gown of imported organza and Chantilly lace. Lace appliques formed the scalloped neckline and capped the long traditional pointed sleeves. The fitted bodice fell into a full A-line organza skirt which dropped in the back to form a full chapel train. The entire gown was accented with applied lace and iridescent sequins. Her fingertip veil of silk illusion fell from a double tiara of seed pearls. She carried a bouquet of white carnations and stephanotis centered with a white orchid.

Janice Dobmeier was maid of honor. Bridesmaids were Raelene Schulte and Gail Dobmeier. They wore identical floor length gowns of pink moire, and carried bouquets of pink carnations and baby's breath.

Kenneth Schulte was best man and Allen Dobmeier and Marvin Schulte were groomsmen. Richard Dobmeier, David Irbeck, Joe Venhaus and Gene Gerber served as ushers.

Miss Drerup is a graduate of Nazareth High School and is presently employed with Irvin Jaffe & Associates in Dallas. DeCardenas is a graduate of Woodrow Wilson High School in Dallas and is employed with the Blue Diamond Company of Dallas.

Other relatives included Mr. and Mrs. E. O. Battles of Sudan, Mr. and Mrs. Errell Holly and children and grandchildren, and Phil and Clara Childers of Dalhart, three children and nine grandchildren.

LETTER TO THE EDITOR:
Dear Editor:
This one I would rather pass up but I must cultivate a good conscience. I lay awake at night and think about what a farce our preparedness program is compared with what it should be. Too often the men who get the most out of our American way of life contribute the least to make it what it is.

The president has ordered a double fist investigation of how the Selective Service is working. The name is suggestive "Selective." I have one grandson that will be a half soldier when he finishes high school and I hope the other three will be that fortunate. Oh he might get killed in military service. That might have been half true half a century ago but not in our day. He is safer in the combat zone now days than on the modern highway. If we wait till he is out of high school it is then a tug of war between serving his country, college career, or getting married, the latter usually wins.

Why all the gravity? General Eisenhower had seven executions in W.W.2 One was for criminal assault on a non age French girl. Out of three and half million men that is a precedent for the ages. When the heathen invades us it will be the reverse to that. It will be just one that got by. I ask every man is it worth fighting for?

Whipping the heathen over the head with a Sunday School quarterly won't get the job done He doesn't know what that is.

Use All The Food You Buy

One way to keep your food dollar from shrinking is to use all the food you buy. Throwing food away because it's spoiled, dried, or wilted does about the same thing to the food budget as tearing up dollar bills.

The extent of food spoilage and quality loss depends directly upon the quality of the food purchased and the way it's stored, says Miss Frances Reasonover, Extension foods specialist at Texas A & M University.

She suggests that you can get a dollar's worth of food value for each dollar spent by following these pointers:

Temperature, light and air are the three important factors to consider when storing any foods. In general, low storage temperatures mean better flavor, texture, and nutritional value — even for canned foods.

Between the temperatures of 50 and 120 degrees Fahrenheit, bacteria will grow very rapidly in meat, milk products, poultry and egg dishes. If these foods stand at such temperatures for only four hours, they may develop dangerous toxins or bacteria that cause common food poisoning.

Don't let cooked foods stand on the kitchen table after a meal — refrigerate immediately. Use leftover meat within a week after refrigeration. Use foods cooked in gravy even sooner.

Store milk and milk products in covered containers in a clean, cold place. Milk should be the first thing in the refrigerator after a meal because bacteria grow rapidly in milk at room temperatures.

Sort, wash and drain most fruits and vegetables and refrigerate as soon as drained. Berries are the exception. Store in the refrigerator without washing.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Everyone in the State from Gov. John Connally on down to each rookie patrolman, did his best to hold down July 4th holiday deaths and accidents.

Now, with the long, tension-tied weekend behind, the State is taking a look at what's ahead for the 1967 Legislative session.

Among other things, Governor Connally wants a new, tough code of traffic laws somewhat like the uniform traffic code. He wants money for more highway patrolmen, the present force of 725 being about one-third the number needed.

He also wants stringent penalties for convictions of driving while intoxicated, speeding and reckless driving — and one-year license suspension "without opportunity for redemption" on second offense.

Atty. Gen. Waggoner Carr says the 1967 Legislature may want to take another look at the 1965 law change in college building appropriations.

As it now stands, seven state colleges will receive less revenue from the new 10-cent per \$100 ad valorem tax allocation for college construction than they did under the old five-cent rate.

These are Texas A&I, Texas Southern, Texas Woman's University, East Texas State, Sam Houston, West Texas State and Sul Ross. None can start new buildings in the next two years with what's now allocated to them.

State Water Pollution Control Board approved a committee of the Cattle Feeders Division, Texas and Southwest Cattle Raisers Association, which plans to ask the 1967 Legislature for a feed lot licensing law, tying in with water pollution control.

Committee members are Grady Shepard, Hale Center; James W. Witherspoon, Hereford; Alfred Negley, San Antonio; Fred Wulff, Brady; and Jack Curruthers, Friona.

Hereford Feed Yards, Inc., which Witherspoon is associated, just received the first Water Pollution Control Board permit for disposal of wastes from cattle feed lot. It provides that the company retain waste runoff waters from all rainfalls of two inches or less in a day, and lots must provide for dewatering retention facilities between rainfalls by spray irrigation.

OTHER POLLUTION PLANS — Pollution — Multiple Use Legislative Study Committee, headed by Sen. Culp Krueger of El Campo, will hold public hearings in early fall to check into salt water disposal problems in oil and gas fields — and pollution problems resulting from feed lot operations, plus septic tank problems that could lead to water pollution.

LIVESTOCK WORLD HIGH-LIGHTS — Animal health in Texas comes to the front ranks in agricultural - livestock concern nowadays.

At the sterile fly plant in Mission stepped up eradication efforts in the Brooks-Goliad-Beeville area where six cases were reported last week and in the stretch from Culberson County to Eddy, N.M., where 12 cases were confirmed.

Dr. B. B. Vail Jr. told the Animal Health Commission that they need more reports from ranchers.

Dr. S. B. Walker of the Commission and Dr. S. C. Gartman of the U. S. Department of Agriculture's Animal Health Division asked livestock producers also to report promptly any signs of sore

mouth condition or blister-like sores on udders or above hooves of animals to combat a recent outbreak of vesicular stomatitis.

In similar farm reports, State Agriculture Comm. John C. White announced an emergency quarantine on movement of some fruits and vegetables from Cameron County — to prevent spread of Mediterranean Fruit Fly.

Dr. Walker recommended a more flexible program for accepting petitions for Type II control testing for brucellosis — now done only from counties next to test counties after a break from the "contiguous county" requirement has been tested. He said it worked hardships on area veterinarians.

STUDENT BONDS TOP RATED — Learning that two top national investor services rate Texas College Student Loan Bonds, authorized by voters last fall, as "triple A" investments (highest rating possible), the Coordinating Board for Texas College and University System decided to sell ten million dollars of the eighty-five million dollar authorized bonds at its July 18 meeting.

Institutional agreements now are being prepared by the Board so loans will be available to students in September.

SPORTS AFIELD

By Ted Kesting

A spectacular conservation feat has been achieved across the top quarter of the nation. To the American sportsmen it is comparable in importance only to the introduction of the Chinese pheasant 80 years ago, announces Zack Taylor, Boats Editor of Sports Afield Magazine.

The mighty and unpredictable muskellunge is experiencing a population expansion of fantastic proportions. Huge muskies, less than ten years ago termed "a relic species doomed by time," are slashing lures of astonished fishermen from the Mississippi to the Susquehanna and in Canada's province of Ontario.

Not only have such traditional musky states as Wisconsin and New York recharged their native populations, but areas in Virginia, North Carolina and eastern Pennsylvania — where anglers still say "Good Gawd! What was that?" when the baleful shapes loom out of the deep — are producing fabulous musky fishing, with the certainty of more to come.

A "guesstimate" puts the number of musky fry and fingerlings stocked in 1960 at 200,000. These have become the 10- to 15-pound fish causing all the excitement today. Last year almost seven million fry and fingerlings were set free to grow up and scare bass fishermen.

The search for a voracious predator fish whose appetite could keep forage species in check led fish biologists unerringly to the pikes. And of these the musky, the supreme fresh-water trophy, was a natural choice. Muskies have a wide tolerance for varying water temperatures. They are among the fastest-growing fresh-water fishes. Under natural conditions musky fry are subject to severe predation by pike, mostly because the northern spawn several weeks earlier, and the three-inch pike fry gobble up the two-inch musky fry with ease. But in the absence of northern muskies are tough enough.

MRS. RALPH GRUNHOLF, JR.
nee Carolyn Godfrey

Carolyn Godfrey And Ralph Grunholf
Wed July 2 In Baptist Church

Carolyn Godfrey became the bride of Ralph Grunholf, Jr. in a double ring ceremony read by Rev. Bob Ware of Littlefield at 8 p.m. July 2 in the First Baptist Church.

Parents of the couple are Mr. and Mrs. J. W. Godfrey and Mr. and Mrs. Ralph Grunholf, Sr. of Gardena, California.

The bride, given in marriage by her brother, Ted Godfrey of Guymon, Okla., was attired in a floor length gown of white bridal satin which featured an empire waistline accented with Cantilly

lace sleeves that extended to petal points over the hands. Her only jewelry was an heirloom diamond and pearl pendant belonging to the groom's grandmother. Her chapel train of Cnantilly lace was attached to the empire waist. Its scalloped edges were caught by pearl teardrops. The elbow length veil of silk illusion was accented with teardrops and white stephanotis. The entire bridal ensemble was designed by the bride.

For something old the bride carried a penny of the year of her birth in her shoe. Something new was her bridal gown. She borrowed a white Bible from her friend, Sherry Klatt, and wore the traditional blue garter.

The bridal bouquet, carried atop the white Bible, was a Catelega orchid nestled amid tulle and leaves intermingled with white stephanotis.

Traditional wedding selections were played by Janice Mooney. Mrs. Truman Touchstone and Mrs. Maxie Horton sang "Whither Thou Goest," "Till," and "The Lord's Prayer."

Mrs. Maurice Powell served her sister as matron of honor. Bridesmatron was Mrs. Mike Goodwin of Canyon. They wore identical dresses of yellow peau de soie and carried cascades of yellow glads surrounded by greenery and ribbon. Their headpieces were veils of silk illusion caught with clusters of yellow flowers. Junior bridesmaids were nieces of the bride, Jayne Godfrey of Guymon, Okla., and Vicki Smith of Roswell, New Mexico. Daylene Godfrey of Guymon, Okla. dropped flower petals on the white carpet which was unrolled for the bride by her nephews, Eddie Godfrey and Billy Smith of Roswell. The girls wore identical floor-length gowns of yellow sabbone accented with yellow satin buttons and bows.

John Barrett of Roswell served as best man. Maurice Powell was groomsman. Junior groomsmen were Eddie Godfrey and Billy Smith. Terry Powell, also a nephew of the bride, was ring bearer.

Candlelighters were Keith McDonald of Belen, N. M. and Judy Godfrey, nephew and niece of the Godfrey, brother of the bride.

A reception followed the ceremony in the Fellowship Hall. The serving table was centered with a candelabrum bearing five white cardles and the bridal party's bouquets. A five tiered colonade wedding cake topped with a spray of yellow miniature mums and baby's breath over satin bells was served to the guests. Scaya Godfrey and Argie McDonald served the cake and punch.

For going away the bride chose a navy blue suit and navy accessories. She wore an orchid from the bridal bouquet.

Mrs. Grunholf is a graduate of Dimmitt High School and Lea's College of Cosmetology in Roswell, N. M. She also attended West Texas State University.

The groom is a graduate of Canoga Park High School in Canoga, California. He recently served five years in the Air Force.

The couple will make their home in Gardena, California where the groom will continue to attend Northrup Institute of Technology in Los Angeles.

MEMBERS OF THE YOUTS FAMILY enjoyed a reunion in the homes of Mr. and Mrs. Elmer Youts and Mr. and Mrs. Lester Gladden last week end. The Youts brothers and sisters, pictured above from left to right are Elmer Youts, Dimmitt; Harvey Youts, Shawnee, Okla.; Elward Youts, Oklahoma City; Mrs. Clara Gladden, Dimmitt and Mrs. Dolly May of Shawnee, Oklahoma. See story.

FOOD WAS UPPERMOST in the minds of the Youts family when they held their reunion last week-end as was evidenced by the six-pound loaf of bread proudly displayed by Janet Mooney and Julia Greathouse. The huge loaf of bread was baked by Arman O'Neal, brother of Mrs. Elmer Youts, of Norwalk, California. O'Neal is a chef at a large restaurant in Norwalk. See story.

Youts Family Holds Reunion

Visiting in the homes of Mr. and Mrs. Elmer Youts and Mr. and Mrs. Lester Gladden during the past week-end and enjoying a family reunion were the immediate members of the Youts family, including: Mr. and Mrs. C. E. Youts, Oklahoma City, Okla.; Mr. and Mrs. H. A. Youts, Shawnee, Okla.; Mr. and Mrs. Ed May, Shawnee, Okla.; Mr. and Mrs. George Youts, Borger; Mr. Chester Youts, Borger; Mr. and Mrs. J. B. Moore and Larry, Dimmitt; Mrs. Donald Hestand and Donna, Dimmitt; Mr. and Mrs. Bob Mooney, Janice, Jane Ann, Susie, Joe and Janet, Dimmitt; Pat Great-house, Carrie, Debra, Cindy and Julie, Monohans and Mr. and Mrs. Chuck Youts of Lubbock.

Travel Tips For Parents Of Preschoolers

Are you planning a long trip this summer with your preschool youngsters? If so, here are ideas which should help make the trip more fun for both you and your children.

Small children need planned activities to occupy their time on long drives, says Mrs. Patsy R. Yates, Texas A & M University Extension specialist in family life education. Puzzles, pencils and paper, word games and counting games all help pass the time and prevent frayed nerves.

Plan ahead for the trip. If your children are quite small, take them out to eat several times before the long trip so they will know what to expect. Several shorter excursions also will help prepare them for the longer summer trip.

If your child is a baby, he may still need to have his formula sterilized. You'll be wise to take along equipment for doing this. Take most of the baby foods you'll need so that his meals will be familiar.

An insulated carrier for food is a must for a summer trip. You can use frozen juices to cool other foods while you travel. Of course, you'll find ice available at many service stations along the way.

You can reduce the amount of spilled beverages while the car is in motion by providing straws. Many of the new baby mugs are spillproof. Other indispensable items are paper towels, napkins, plastic bags and wet washcloths. A pillow or two may help your youngster get more comfortable for short naps during the trip. You may want to include their favorite cuddly toys if the children are quite small.

Use Family Life Cycle To See Family's Money Needs

It doesn't take a crystal ball to predict a family's future money needs. Most families can get a fairly accurate prediction with a little study of the "family life cycle" according to Mrs. Doris Myers, home management specialist with the Texas A & M University Extension Service.

For example, during early marriage the husband's income may be small, and the wife may work. The family will probably be long on needs but short on money to supply them all.

Specifically, young marrieds' need for furnishings and household equipment is great, but need for new clothes is small. Couples are likely to spend less for recreation than during courtship. They may be trying to decide whether to continue renting or to make a down payment on a house.

In the child bearing or preschool stage, income usually remains low. The wife may stop working and husband may look for ways to supplement income as the first children arrive.

Families can expect to spend more on medical needs in his stage of the cycle. Housing costs will go up if more space is needed. At the same time, savings and life insurance take on more importance.

At the third big stage — Child rearing — the family approaches a peak in its need for time and

Other relatives attending the Youts family reunion were Mr. and Mrs. George Lawrence, Pomona, Calif.; Mr. and Mrs. Armon O'Neal, Norwalk, Calif.; Mr. Carl Bullock, Hobbs, N. M.; and Mrs. Monty Hamilton, Ft. Sumner, N. M. Mrs. Lawrence and Mr. O'Neal is a sister and brother of Mrs. Elmer Youts

VFW Auxiliary Installs 1966 Officers In May

The ladies' auxiliary of V.F.W. Post 8056 met in May for installation of officers. They are Eupha Mae Griffin, president; Hazel Britt, secretary-treasurer; Joyce Leinen, senior vice president; Melvina Witt, junior vice president; Hazel Calhoun, chaplain; Margaret Waggoner, conductress and Eula Brown, guard.

Installing officer was District President Alpha Davis of Hereford. She was assisted by Karal Rettman of the Hereford auxiliary.

First Christian Church News

Even with several Christian Church families out of town for the July 4th celebration, enough visitors were present at the 10:50 Sunday morning worship service on July 3rd so that attendance totaled the resident membership. Visitors present included Mrs. Sid Taylor, Mr. and Mrs. Kent Gabel of Lubbock; Mr. and Mrs. Gabel and little daughter of Lamar, Colorado; Mr. Jim West of Dumas; Mr. and Mrs. H. O. West Mr. and Mrs. Bill West and little daughter; Kathy and Perry Graham of Dimmitt.

Minister Bedford W. Smith is preaching a series of sermons on the "Seven Churches of Asia" at the morning services and on "The Sermon on the Mount" at the 6 p.m. hour. Next Sunday sermon topics are: "The Poor Church That Was Rich" at the 10:50 a.m. service and "Except Your Righteousness Exceed" for the Vesper hour. Wednesday Bible Study is at 8 p.m. continuing the study of Exodus; but a new study will be chosen soon as this one is about completed.

The Church's summer Daily Vacation Bible School will be conducted by the Minister's wife. Tentative dates are for the week of Aug. 15-21 unless we can have more of our church families present Aug. 8-20.

Folk not now active in other churches of Dimmitt are invited by the church to visit First Christian on Western Circle Drive at the end of Grant Street. Sunday Bible School is at 9:45 a.m.

The child launching stage — when the children leave home for marriage, college, or jobs may be the costliest stage of all. The final stage in the family cycle is described as the "empty nest," or "back to two." Needs and family values will differ at each stage, the specialist adds.

Young Farmer . . .

(Continued from Page 1)
Ben has taken an active part in community affairs. He became a member of the Dimmitt Young Farmer Chapter and has served as president, treasurer, and program chairman. At the Area I convention, he was elected Area I Vice President and appointed a member of the Area I Executive Committee. He was elected the Dimmitt Star Young Farmer and as a delegate to the State Young Farmer Convention in Austin. Ben is serving the second year as General Superintendent of the Castro County Activities Committee.

Holcomb has maintained test plots of new grain sorghum varieties in cooperation with Lindsay Seed Company. He has a plot of a variety for field testing that Lindsay had producing over 15,000 pounds per acre on their experiment station test plot. Ben also has a five-acre plot entered in the Young Farmer Grain Sorghum Contest.

When he catches up with the work on his own farm, Ben has taken his tractor and helped his neighbors catch up on their farms many times. He practices the Golden Rule: "Do unto others as you would have them do unto you." Even though he is busy, he can find time to give aid to some worthy cause. "You can depend upon Ben," was Glenn Odum's comment.

Wilkes designed the bed shaper and precision planter. The planter has a furrow opener that slices into the soil and leaves a neat, clean seed trench. He says the bed shaper and planter last year boosted yields some 13 percent.

This year, cotton planted by the conventional method took 14 days to reach a complete stand. That planted on the flat beds had a complete stand in only 6 days.

Now, says Wilkes, there are three plants per row-foot in the precision planted cotton compared to one plant per row-foot in the conventionally planted cotton.

Wilkes says the flat beds catch more sun and have a higher temperature — accounting for the faster germination and stand. He says with the precision planter there is minimum soil disturbance resulting in a good soil-to-seed relationship.

This means healthier plants — less susceptible to seedling disease and other rigors. Also, the flat beds and precision planting conserve moisture.

Cotton planted at Texas A & M University was a precision planter on flat, he-shaped beds is over a foot high now. Adjacent cotton on flat, pre-shaped beds is over a conventional planter is only a bout 6 to 8 inches high.

According to Lambert Wilkes, the test is part of a project to determine how much better precision planting is than conventional planting.

Federal Land Bank Observes Anniversary; Commends Farmers

For some 5,000 people who make their living from agriculture in Castro County, July will be a month-long testimony to the fact that they — and most other farmers — have turned out to be good businessmen.

It will be "Land Bank Month," the 50th Anniversary of the Farm Loan Act which helped put farming on a business basis in the U. S. for the first time in history. Farmers at last were able to borrow money on reasonable terms and put it to work as a production tool.

Billy Hackleman, manager of Federal Land Bank Association of Dimmitt, said that farmers at the turn of the century were regarded as poor business risks. "No one would lend them money to operate the way a businessman must if he is going to grow and contribute to his community," he said.

"Interest rates for farmers were twice as high as for city business men, and the loans were for very short terms.

"Three Presidents — Theodore Roosevelt, Taft and Wilson studied the problem, and finally the Farm Loan Act was signed by Woodrow Wilson on July 17, 1916. This Act created the Federal Land Bank System, through which farmers could make long-term, low-cost real estate loans from their own organizations."

The Federal Land Bank Association of Dimmitt was created in 1917. It is one of seventy-three associations in the Federal Land Bank district of Houston, which in turn is one of 12 Federal Land Banks that serve the 50 states.

"Altogether," Mr. Hackleman said, "The Federal Land Bank System nationally has loaned its farmer-members more than \$12 billion. The Land Bank of Houston has loaned Texas farmers more than 1.1 billion dollars. Our own association has loaned millions of dollars over the 49 years it has been in business."

Not only have farmers proved to be outstandingly good loan risks — Land Bank foreclosures are almost unheard of today — but, given money to work with they have proved to be production geniuses of a quality rarely found anywhere in American business, Mr. Hackleman said.

"There are half as many farmers today as there were 50 years ago, and they're feeding a population that has doubled in this century," he said. "They rank among the greatest users of technology the world has ever known. Anyone who doubts it should visit a modern farm today."

"What goes on there — in new breeding, feeding, and other production techniques — makes

many of the rest of us look as if we and not the farmers are living in the horse-and-buggy days."

"I don't know of another industry in the country that is producing today with 1975 methods and selling — for the most part — at 1955 prices"

Mr. Hackleman said that 321 farmers currently hold Land Bank loans in this county his association serves. Most of the loans have been used to expand, improve and modernize farm land and equipment. The largest category of borrowers are Association members that produce grain sorghum. Second are producers of cotton and wheat. The average size of the loan made by the Association in 1965 was \$18,600.00, compared with an average loan of \$19,200.00 in 1964.

ASCS Office Gives—

(Continued from Page 1)

"Farmers who are eligible to vote in the Committee Elections have the right to nominate as a candidate any farmer who is eligible and willing to serve as a committeeman. Such nominating petitions, each one nominating one farmer and signed by six or more eligible voters, may be filed at the Castro County ASCS Office anytime before August 12, 1966. Eligible voters may sign as many petitions as they wish."

SPORTS AFIELD
By Ted Kesting

In these days when good hunting areas are growing hard to find, some sportsmen solve this problem by leasing the hunting rights on tracts of land of considerable size. A small group bands together to form a club, posts the property, and launches a land-use improvement program — planting bird-feeding plots, clearing out the undergrowth in thick places and so forth. Many of these gunners are city folks whose businesses and homes are a considerable distance from the hunting property. Overnight stays are in order, so a clubhouse or shack is constructed and comfortably furnished.

"Then comes the matter of a place to house their hunting dogs. Recently I saw a simple kennel on one such hunting lease in Florida that is easily constructed and amply adequate as a temporary or permanent installation," states Henry P. Davis, Sporting Dogs Editor of Sports Afield Magazine.

Shelley's Chatter

Hello there — I received a letter from Mrs. Vernon Simmons who with her family moved from here to Everton, Mo. She reads the Chatter and all the Castro County News. She sends Greetings. Mrs. Simmons was burned pretty bad when a pan of hot grease fell on her legs. She walks with a crutch now and is doing much better. Mr. Simmons is a son of John, and a brother of Mrs. Maurine Henderson.

Saw Percy Merritt in town Saturday. He has business here once in awhile and visits his brothers John, Glen and sister, Hazel Merritt and a sister at Hart, Ina Dee. His wife, Patsy is a daughter of Mrs. Dora Houtchens. They live on a ranch west of Clovis.

Mr. and Mrs. Dale Carmichael, Mr. and Mrs. J. C. Newton and Mr. and Mrs. Jimmy Preston attended the Will Rogers Range Riders Rodeo in Amarillo Friday evening.

Brother Weldon McCormick and

Mrs. Mary, son Kris are visiting his parents at Roby this week.

Mr. and Mrs. Sam Butler will celebrate their 60th wedding anniversary at their home Friday, July 8 from 2 until 6 p.m. Sam says he wants all of his friends to come by the house and visit awhile, and Mrs. Butler wants all of her and Sam's friends to come by. Will see you there Friday.

Mr. and Mrs. Roy Cluck, Mr. and Mrs. Loyd Farris, Mr. and Mrs. Elmer Scott and Jewell Farris attended the funeral of a brother, Mr. Farris at Rosevelt, Oklahoma. (Mr. Farris belonged to the Church of Christ. The funeral was at the auditorium.)

I met Jerry Warren of the Family Mart. (He and wife Sandy and three children moved here awhile back from Plainview. They attend services at the Church of Christ.

Mr. and Mrs. N. F. Cleavinger, Mr. and Mrs. M. E. Cleavinger, the Dutch Cleavingers and Millers of Canyon, the other sisters and brothers from off, will meet this week at Tres Ritos for a reunion.

Lucille Price of Earth and Pauline Huff and son of near San Francisco, Calif. were Monday guests of Mr. and Mrs. P. L. Cunningham.

Mr. and Mrs. George Bradford and their friend Mrs. Robbie Roberts of Amarillo, Mr. and Mrs. Tom Davis attended the home coming of former residents at Blossom, near Paris, this week.

Carolyn Shelton left Clovis by plane Friday for Fort Campbell, Kentucky to visit with her husband, Don Shelton, who called that he had a 4-day pass from the Army. She had a hard time getting reservations from any of the airbases on such short notice.

Mary Frances and Dexter McGaughy and sons, Tim and Joe went to Lubbock for the week end at the KoKo Motel where the boys can swim. They plan to visit friends there — and the Herbert Mayfields and children will stay at the Sands in Plainview and visit his sister, Mrs. Freeman Curtis and family the week end.

Mrs. Carl Kemp and daughter, Ginger are visiting her brother, Rev. Whitlow at Springer, N. M. for a few days.

Quite a few people went up to Conchas Lake for the 4th for boating, swimming and water skiing. Jean Byrnes went with a group of young folks, her daughter Poppy, Chris James, Dorna Dehtan, Tommy Stafford, Stanley Byrnes, Ronnie Kemmore and his friend, Dale.

Mr. and Mrs. Roy Stafford visited their friends Harold and Lou Knex at Portales Sunday.

Mrs. Dora Houtchens and son Charles visited her sister Mrs. Joe Baker at Canyon Sunday.

Don and Ellen Gregory are the parents of a little girl baby born Sunday. I have not learned her name yet.

Woodrow Killingsworth and son Jerry attended a family reunion at Wellington Sunday.

Dale and Peggy Prather and sons Ronnie, David, Mike and Greg, spent a few days at Conchas Lake. Dale said he rested, the boys fished and Peggy probably cooked food — with that many boys.

Don and Gail Parsons were business visitors in Kansas City last week. Don said they combined pleasure and saw the city sights and went to the "Young Rabbit Club."

Mrs. Harry Brown visited her mother in Abilene over the weekend.

Mrs. Jay Lee Touchstone is visiting her son and friends in Dallas this week.

Mr. and Mrs. Glen Render and daughter Paraly visited his mother, who is quite ill in Eldorado, Oklahoma Sunday.

Mrs. R. O. Moran of Mineral Wells is here for a visit with her son Russell Moran and family and Mrs. Bennett of Stillwater, Okla. is also visiting her son Bill and family — Mrs. Sides of Meadow is here to visit the George Sides. All were visitors at the morning services at the Methodist Church.

Clyde Shuford of El Paso is here for a visit with his sister, Mrs. Leola Haberer. He grew up here, south of Dimmitt.

The Ted Sheffy's visited Don and Karen and the L. F. Sheffy's in Canyon Sunday.

Bo and Jennie Jackson and children from Kansas flew back home after a visit with his parents Mr. and Mrs. Francis Jackson and brother Kenneth and family.

Charlene Vaughan is in Washington, D. C. employed as a nurse at Walter Reed Hospital.

Valeria Millsap Will Wed Roger Davis August 19

The engagement of Valeria Millsap to Roger Davis is announced by her parents, Mr. and Mrs. Claude Millsap. Davis is the son of Mr. and Mrs. Harvey C. Davis of Hart.

The candlelight vows will be read at 7:30 p.m. August 19 in the Fourth and Bedford Church of Christ.

Miss Millsap is a 1965 graduate of Dimmitt High School. Davis graduated from Hart High School in 1965.

Charlene is the daughter of Mr. and Mrs. Charles Vaughan.

Joe Benson, Norvell Birdwell and Dale Winders cooked the hamburgers and other foods in the Benson back yard for 44 MYF youngsters and their sponsors, Bo Merrell, director.

A group of 15 children and their parents on Grant and Cleveland Streets remembered the 4th of July by having their own parade. The bicycles and tricycles were covered with red, white and blue paper, all having flags. The parents helping and having fun were, Dan Heard's, Mr. Coleman and son Garland of Paducah, Doris Lindsey, Kent Birdwell's and the Kenneth Cleavelands and her mother Elizabeth of Fort Worth. A pick-up full of mothers followed the parade picking the fallen tricycles.

Dear Editor and Chatter:

A man named Red of Dimmitt wants to know why the speed laws are not enforced in the residential part of the City? Probably not enough cops to check on everyone — No. 2, Way is it impractical to put speed signs on Front Street on Highway 86 going south to the end of the pavement south of the cemetery — No. 3, Would it be an impractical idea to cut the court house lawn back to provide customer parking for business reasons? Why doesn't someone write to the Editor their ideas on these issues?

Name on file

Mr. and Mrs. Bob Storrs of Denver, Colo. and their son ob of Berger and Dricilla Dehtan of Wayland were Sunday guests of the Rex Sheffys.

Hazel Britt was hostess to a swimming party Tuesday afternoon for her group of Campfire girls. Refreshments were served to Janie Sheffy, Patti Brooks, Donna Henley, Darla Crum, Karen Hutto, Camille Taylor, Sharon Miller, Norma Lindsey and Vicki Britt.

A group of friends, probably 30 went to James and Mildred Burnhams house Friay evening to help warm the new place on West Maple Street. You know Mildred collects antiques such as clocks, chairs, china cubbards — lots of things, makes for interesting conversation. Mary Joe Brown and J. R., Carl and Bernadene Easterwood, Doug and Wynema Adams, Alma and Gene Kenmore, Dewayne and June Brown of Hart and Ruth adn Bill Hackleman. The G. L. Willis' served homemade ice cream and cake. Yum! Yum! — A nice gift was presented to the Burnhams.

The Troy Langfords and Leon Gunns spent the week end at Lake Altus water skiing and camping out. Sounds like fun.

Mr. and Mrs. R. H. Gunn and granddaughter, Carolyn Turner, visited their parents, Mr. and Mrs. R. L. Gunn and Mr. and Mrs. E. W. Parmer at Sudan Sunday.

The Elzie Teagues spent the week end at Walsenburg, Colo. visiting their daughter, Mrs. Bob Mapes and family.

"TEXAS" IN PALO DURO CANYON

"Texas," Paul Green's musical romance of Panhandle history was presented to full capacity Saturday night when about 30

people from Dimmitt went to the Pioneer Amphitheatre in the Palo Duro Canyon. The Dimmitt folks were guests of "founders" Mrs. Ray Sheffy, Mr. and Mrs. Goodwin Miller. The almost unbelievable scurd and lighting effects which are displayed against the 1,000 foot high cliff comes from rillecne dimmer consoles with 36 dimmer patterns. The sound is effected by 160 watts of reflected power, much more about watts and stuff in the little book.

But when the thunder and lightning came, we felt we needed rain coats, it is so real — and one beautiful and real scene was the prairie fire, done by beautiful ballet dancers in flowing red gowns and cowboys fighting the fire.

The old settlers will remember these dreadful fires — that took the cows food and grass.

Gary Wyatt, a former Dimmitt boy and speech teacher at Dalhart; this fall, portrays the role of the legendary chief of the Comanches, "Quannah Parkier." Gary is an experienced actor with a BA Degree from West Texas and Dallas Theatre Center. The train which finally came through was the brain child of Fete Cowari and his helpers; Pete's wife is the former Cash girl, pioneers of Castro County.

This play or musical production was directed by Mr. and Mrs. William A. Meere of WTSU, also sponsored by the college. Margaret Harper is the woman whose dream has brought this theatre into being.

Pies Harper has helped and teaches at the college. This play is well worth seeing — from July 7th until September. No show on Tuesday nights.

The main wheels of the EVERSMAN 329 have been moved further ahead... and combined with NEW SPRING tension on the blade give faster, more accurate leveling and dirt moving action through greatly increased cutting and filling performance. Here is a big machine for dirt moving and leveling—longer, heavier, stronger—yet built to sell at a LOWER COST. For 3 plow tractors.

OUTSTANDING FEATURES—Length 22'6". Width 12". Blade capacity 1 1/2 cubic yards. Blade vertical travel 13". Weight 2010 pounds. Front V smoother blade for clod busting and use on heavy dry soil. Front Dolly Assembly for use in loose, moist and trashy soil conditions. Screw adjustment on front clavis provides simple, fast regulation for load in cutting blade. Rear Smoother Blade adjustable to all soil conditions.

There are Eversman models to fit all standard farm tractors.

MR. AND MRS. KELTON CATES

Baldrige - Cates Vows Exchanged In June 24 Candlelight Ceremony

A double ring ceremony in the Northside Church of Christ united in matrimony Janice Lynn Baldrige and Alvin Kelton Cates June 24. The bride is the daughter of Mr. and Mrs. William Baldrige and the groom is the son of Mr. and Mrs. Deroy Cates.

D. C. Lawrence of Shallowae officiated the candlelight ceremony.

The bride, given in marriage by her father, wore a white strapless sheath with a removable coat of silk faced peau de soie and

French re-embroidered Alencon lace. Inserts of lace graced her cappercci sleeves and chapel train. Her veil was attached to a jeweled crown. The bridal bouquet consisted of a white orchid surrounded by white carnations and stephanotis.

Kay Bradley served the bride as maid of honor. Genita Aldridge and Karen Baldrige, sisters of the bride, were bridesmaids. They wore sheaths of light blue lace over satin and blue hats with beaded veils. They carried bouquets of white pom poms.

Rex Wooten, brother-in-law of the groom, was best man. Groomsman were Gene Bradley of Dimmitt, and Mike Reed of Hart.

Tommy Hogue, cousin of the bride, served as ring bearer. Jerry Baldrige, brother of the bride, and Dud Wooten, nephew of the groom, were candlelighters.

Donny Nelson, Max Swinburn, Gerald Summers and Lyn Ellis served as ushers.

Mrs. Ann Touchstone sang "One Alone" and "The Wedding Prayer" accompanied on the organ by Mrs.

H-D NOTES

By Irene Albrecht
County Home Demonstration Agent

This is the day! See "Paraphernalia - Past and Present." The Castro County Girls 4-H dress revue will be staged at 8:30 p.m. in the Junior High School Auditorium in Dimmitt. You can see 75 years of fashion in one short hour - we will see you there. Choosing Lace Fabrics

This is the year for lace and swing, many will choose lace for the occasion.

It isn't difficult to sew with, but it is helpful to follow certain guides. In pattern selection choose one with a minimum of seams, darts, and special details. Let the lace show its beauty. Consider the weight and type of lace. Is it a one-way design, all-over pattern, or a panel?

Lace may be worn unlined over a slip or lined completely. The personal preference, the lace used and your pattern. Lining is usually required for sheer laces with lightly embroidered patterns on net-like backgrounds like Alencon and Chantilly. Lining adds strength and body, reducing the strain on the lace. Sleeves may be left unlined for the transparent effect. Heavier or re-embroidered laces such as Cluny or Venise may be lined for an opaque effect. Nude color lining gives a sheerer effect than a darker color. In selecting lining use taffeta silk for softly draped lines; china silk for crisp buffant effects.

Cotton is good for cotton lace. Cold Cuts of Meat

Most luncheon meats today are sold in small packages containing 6 to 12 slices, although considerable bologna and other sausage (whole rolls) or in chunks.

Each package must be accurately labeled to show the product name; and accurate statement of the ingredients by their common name in descending order of predominance; the net weight, not to include the weight of the package; the name and address of the manufacturer, and the meat inspection mark for those products produced under the continuous supervision of USDA's Consumer and Marketing Service.

Here are some of the more common types of luncheon meats that can add variety to your sandwiches or cold cuts plate:

Cheese and meat loaf - Made from extra lean, finely chopped pork trimmings. The seasoned meat mixture is poured into a molded pan to fill it part way; a layer of cheese is added, and the remaining space is filled with more meat mixture.

Corned beef, jellied - precooked, lean, corned beef is shredded and mixed with pure gelatin and formed into a loaf and cooked.

Ham, cooked - sometimes called boiled ham, it is a boneless, cooked product that is cured but not smoked. It is usually sold thinly sliced.

Head Cheese - a cured mixture of hog head meat and meat by-products which is cured and stuffed into casings about 4 inches in diameter.

Honey Loaf - a meat mixture similar to franks and bologna which contains about equal amounts of pork and beef. Flavorings include honey, spices and sometimes pickles and/or pimientos.

Liver sausage - finely ground and mildly seasoned with onions and spices, this is a combination of liver and pork. It is cooked; may be smoked, in which case it is called Braunschweiger, and is sometimes cured to achieve a pink color. Also, it may be shaped in loaf form and covered with white pork fat to keep it moist.

Luncheon meat - pieces of cured pork pressed together, some large or chopped or ground. It is all meat, and often times more highly seasoned and labeled as "spiced" luncheon meat.

Macaroni and cheese loaf - Finely ground pork and beef with

cheese and macaroni. Olive loaf - a blend of lean pork and beef, it is finely chopped, seasoned, and mixed with whole stuffed olives.

Pastrami - made from flat pieces of lean beef which have been spiced, dry-cured, and smoked.

Peppered loaf - made from extra lean, coarse beef chunks which have been cured, and the loaf covered with cracked, black peppercorns.

Pickle and Pimiento loaf - is finely chopped lean pork and beef to which has been added sweet pickles and pimientos.

Salami, cooked - made from highly seasoned ground meat, it is softer than the "hard salamis" because it is first cooked and then air-dried for only a short time or not at all.

Souse - similar to head cheese (the names are often used interchangeably), except for the addition of a vinegar pickle which gives it a sweetsour flavor.

Tongue, Jellied - either beef, pork, or veal tongue which is trimmed and cured, and then cooked in a pan in its own juices with gelatin added.

Remember, not all luncheon meats are federally inspected - only those which are processed for distribution across state lines. This mark automatically tells you the product is wholesome, was de-

rived from healthy animals, was processed under sanitary conditions, and is honestly packaged and labeled.

VISITS OVER 4TH WEEKEND

Mrs. J. F. Davis of Hale Center spent the Fourth of July weekend in the home of her son, Ernest Davis and family.

HERE FROM LUBBOCK

Kathy Huckabay was home last week end from Tech, Lubbock for a visit with her parents, Mr. and Mrs. Bob Huckabay.

Bride-Elect Is Honoree At Tea And Shower

Jean Nelson, bride-elect of Dan Petty, was honoree at a tea and shower in the home of Mrs. Frank Mears June 29 from 3 to 5 p.m. Donna Dehtan registered the callers; Beth Sheffy and Ginger Kemp directed them to the serving table covered with white cut-work linen. The centerpiece was

composed of yellow and white glads. Crystal appointments were used in the serving.

Mrs. Joe Wright and Molly Bradley assisted by Sue Hendrix and Kathy Graham served cake

and ice cream punch. Many nice and useful gifts were on display.
