

Training Meeting For H. D. Leaders Held

Training meetings for Leaders in Home Demonstration Clubs were held Monday and Tuesday by Miss Lella Petty, County Home Demonstration Agent. Meeting was held in Lockney on Monday and in Floydada on Tuesday. Training was given on the Care of the Landscape and the Home Improvement. Club Leaders attending will give these demonstrations in their clubs at their regular meetings during the month.

The Lockney meeting was held at the home of Mrs. Henry Bollman. Some shrubs and roses were pruned, pruning shears of different types, spraying and dusting equipment were shown, and insects and diseases of shrubs discussed. Cuttings were made from the prunings.

In Floydada the yard of Mrs. W. C. Sims, member of the Sunnyside Club, was visited. Later the group went to the Fuqua-Barber Farm Supply, where an exhibit of dusting and spraying equipment for all sizes of jobs, insecticides, fungicides, and other equipment for the care of the yard had been assembled. The group then visited the greenhouses of Park Florist.

Those attending the Lockney meeting was the hostesses, Mrs. Henry Bollman and Mmes. Mannie Ramsey, Kate Collier, R. J. Clark, and W. L. Morgan of the Lockney Home Demonstration Club; M. C. Scheele and Ben Quebe, Providence; A. M. Dorsey and Wesley Hay, Pleasant Valley; Clyde Farish and W. T. Rankin, Lone Star.

Those attending the Floydada meeting were the hostess, Mrs. W. C. Sims and Mmes. D. W. Burko and W. A. Lovell of the Sunnyside Home Demonstration Club; C. A. Williams of Harmony; Herschel Green of Baker; C. A. Caffee, Tate Jones, and W. S. Poole of Dougherty; Orvus Shearer of Lakeview; F. F. Stephens of Starkey; W. B. Jordan and C. L. Ashton of Center; R. M. Stovall of Friendship; Joe Dunn and Floyd Fuqua of Homeholders; L. J. Welborn and John Stapleton of the Floydada Garden Club, and Miss Petty.

Grimes Announces For Re-Election As County Judge

To the people of Floyd County: Having been solicited by people from all parts of the County, I have decided to again offer myself as a candidate for re-election to the office of County Judge.

During my tenure of office I have done my best to give the County a good business administration, and I refer you to the financial report of the County recently published as evidence of our success in this matter. The general finances of the County as you will see are in excellent shape and in spite of the fact we have passed through one of the highest inflationary periods of history. Taxes have been raised very little, and no taxes to speak of have been raised without a vote of the people.

The people have recently voted a large road building program for the County, and I promise to do my best to carry out the wishes of the people as indicated by such election, and as most plans of this program will be worked out this year I believe that I will be in a better position to work with the highway department than I would if I have not planned it out with them.

I have given the duties of this office and the interest of the County my first attention at all times since I have been in office, I am not being supported by any special interest, clique or clan, and if you desire me to continue as your County Judge, I will be free to give you the best service I am capable of rendering.

W. F. GRIMES,
Candidate for County Judge,
Floydada, Texas.

School Lunch Room Needs Cup Towels

Mrs. Carl McAdams, supervisor of the school lunchrooms, asked this week that ladies of the area shower the lunchroom with cup towels. Mrs. McAdams said, "We are desperate for cup towels and if anyone has one or two to spare we would sure appreciate getting them."

The lunchroom at the grade school is off to a fine start, Mrs. McAdams said. They have been feeding about 270 each day and the number continues to increase.

Mrs. McAdams also expressed appreciation for the plates, glasses, forks and spoons brought to the school by the pupils. The lunchroom has plenty of plates and glasses but is still in need of forks and spoons, she said.

NUMBER 26

Tahoka Fighters Coming Here Thurs.

The leather-slingers from Tahoka high school will come to Lockney Thursday night, March 11, for a return bout with the local high school boxers and make an effort to even the score. The Lockney fighters defeated the Tahoka boys eight bouts to four at Tahoka about three weeks ago.

The bouts will begin at 8:00 o'clock and about 15 fights are on the card. Supt. Sidney Reeves said. The Lockney high school gymnasium will be the scene of the match. Seats have been provided for 300, or 400 fans.

Locals Split With Shamrock
Twelve bouts here Tuesday night between the Lockney school fighters and the Shamrock team resulted in a six to six draw. Most of the fights were good ones and the fans showed their appreciation with lots of applause.

Results of the fights were as follows:
Bill Jones of Shamrock decided Tommy Ferguson of Lockney at 75 pounds.

Ford of Lockney decided Hall of Shamrock at 70 pounds.

Ronald Reecer of Lockney decided Woods of Shamrock at 80 pounds. O'orman of Shamrock decided C. L. Turner of Lockney at 75 pounds.

Settle of Shamrock decided Griffith of Lockney at 90 pounds.

Eugene Collingsworth of Shamrock decided Red Horston of Lockney at 105 pounds.

Miles Clark of Lockney decided Gene Sanders of Shamrock at 95 pounds.

Donald Reecer of Lockney decided Travis Bursom of Shamrock at 100 pounds.

Harold Hall of Lockney decided Walter Wall of Shamrock at 95 pounds.

Van Pennington of Shamrock decided Teddy Carthel of Lockney at 108 pounds.

Ted Livesay of Lockney decided Ray York of Shamrock at 130 pounds.

Eural Ramsey of Shamrock decided Don Eybee of Lockney at 155 pounds.

In an exhibition fight Tom Landrum of Shamrock won on a knock over Beedy of Floydada. The fight was stopped at the end of the second round because of a cut on Beedy's cheek.

Flying Farmers Plan Breakfast Here

Floyd County Flying Farmers will be hosts to all flyers who will attend at a breakfast here Sunday morning. The breakfast will be held at the Baker Hotel, and will start at 8 o'clock, according to announcement this week, by Herman King of Lone Star, president of the group.

Preparations are being made at the Lockney airport to handle between 75 and 100 planes, it was said. Facilities to carry the group from the airport to the hotel will be provided and everything possible will be done to make the visit a pleasant one for those of other towns, it was said.

Firemen Call Special Meeting Tonight

Members of the Lockney Volunteer Fire Department are called to a special meeting to be held tonight (Friday) in the City Hall. The meeting will start at 7:30.

Matters of business include the election of officers and a general reorganization movement, it was reported. All members of the department are urged to attend. Anyone else interested in the welfare of the department will be welcome, it was said.

City Election Set For Tuesday, April 6

Three city aldermen will be elected at the City election called for Tuesday, April 6. The terms of J. D. Wood, F. L. Brown and J. D. Copeland expire. It was reported to The Beacon Thursday that all three men would offer for re-election. Candidates may file for these offices with City Secretary Faye Messer at the City office.

The REA has approved \$295,000 for 164 miles of electric line to serve 447 rural consumers and for system improvements in Kaufman county, and \$126,000 for 93 miles of line to serve 167 rural homes in Clay county.

Legion Plans Free Barbecue March 15

The Landrum Post of the American Legion is planning a free barbecue for all ex-service men in this area including former members of the Merchant Marine, it was announced this week.

The barbecue will be held at the Legion Home on Monday night, March 15, starting at 8:00 o'clock. All ex-service men, whether a member of the Legion or not, are invited to attend. Matters of importance will be discussed, it was said.

A musical program will furnish entertainment for the occasion, it was announced Wednesday.

Bootlegger Draws Heavy Sentence

Clarence Christ Loving, a colored man of Floydada, was assessed a \$500 fine and given nine months in jail Tuesday of this week in a trial before Judge W. F. Grimes in County Court at Floydada on a charge of having sold liquor to J. N. Poteet of Crosby County. This is the heaviest sentence given a bootlegger in Floyd County in years.

District Attorney John Stapleton prosecuted the case in the absence of County Attorney S. H. Millwee, who is ill in the Lockney Hospital. The defendant was represented by Shelby Boling of Lubbock, a member of the firm of Smith, Cunningham & Boling. The complaint was filed by Sheriff Leland Hart. Loving, it was charged, sold the liquor to Poteet, a deputy sheriff of Crosby county, on February 21.

Loving has given notice of appeal and posted an appeal bond. The case will be reviewed by the Court of Criminal Appeals at Austin.

Six or seven other charges of liquor law violation have been set for trial on March 16 in County Court, it was reported.

Jones Trial Set For March 29 At Crosbyton

The trial of Fred Jones, charged with murder, has been set for March 29 and will be tried at Crosbyton on a charge of venue. No further efforts to obtain Jones' release on bail have been made. District Attorney John Stapleton said this week.

Juniors Win First Place In Follies Monday Nite

The Junior class of Lockney High School won first place in the follies which were presented last Monday night to a full house at the City Auditorium.

The follies are an annual activity wherein each class presents a one-act play. Judges determine the best play, the best actress and best actor. This year the Junior play, "I'll Eat My Hat" won top honors and received the \$10 reward. It was directed by Miss Minnie Lou Harris. The cast was composed of Herbert Watson, Janelle Ferris, Agnes Gloyna, Mildred Rogers Doris Tomme. The Senior class won second place with their play, "The Perfect Gentleman," starring Vera Jo Rogers, Bob Logan, Harold Hall, Glyn Earle Norman and Erma Hall. Mrs. Sid Thomas directed the seniors.

Vera Jo Rogers won first place as best actress in her role of "Margaret Ames," the bobby soxer, of the senior cast. This is the second consecutive year she has taken top honors as actress. She is the daughter of Mr. and Mrs. Joe Rogers. Sid B. Thomas won the honor of best actor in his role as Willie in the freshman play "Wild Cat Willie".

The Sophomore play "Of All Things" made a big hit with the audience also. All the plays were well directed and forcefully presented. The proceeds from the follies each year go towards the high school library.

The three judges were from Plainview, Miss Street and Miss Kline, both teachers, and Mrs. Willie Merle Heathcock, Hale County School Superintendent.

COOK RECEIVES NEW TESTING MACHINE

K. W. Cook, local watch repair man and jeweler, has received a new machine, the Watchmaster which is used to test the accuracy of a watch and diagnose its troubles, he announced Wednesday. The machine is an electronic device and enables the watch repairman to be much more accurate in his work, it was said.

Charles A. Guy To Speak Tuesday

Charles A. Guy, editor and publisher of the Lubbock Avalanche and Journal, will make an address at the City Auditorium in Lockney next Tuesday night on present conditions in Germany and other mid-European countries Guy was among 20 American newspaper men who recently visited the European countries with full permission from General Lucius D. Clay to see and report their findings without restrictions. His visit here is under the sponsorship of the Parent Teachers Association and no charge will be made to hear him speak.

Guy spent several weeks visiting the European countries, and primarily Germany. He not only talked with men in high places in that country but also visited the average man in his home, talked with him and obtained his view of the present situation of that defeated country. Some of Guy's reactions to the European situation have been published. His talk here is expected to be fully as interesting as were the newspaper articles he published concerning his European visit. Guy has already appeared at a number of towns over the South Plains and his talks are very informative, reports say.

Farm Bureau Water Hearing Is Expected To Draw Large Crowd

The water hearing to be held in Plainview on March 8, sponsored by the Texas Farm Bureau Federation, is expected to draw a large attendance of farmers from all sections of the state, according to J. Walter Hammond, president of the organization. Representatives from other interested groups and state legislators will participate. Water engineers and geologists have been invited to be present and furnish information to the group.

The meeting will begin at 10:00 a. m. in Plainview's City Auditorium.

The hearing is scheduled for the purpose of studying the underground and surface water situation in Texas, and to discuss the desirability of underground water control legislation. "We are seeking information as to the available supply of surface and underground water," Hammond said, "with an eye to making the best possible use of the water supply to meet the approval of the present and potential water users."

W. L. Broadhurst, District Geologist of the U. S. Geological Survey, Department of the Interior, will submit progress reports on the ground-water resources in the High Plains of Texas have been prepared by his office in cooperation with the State Board of Water Engineers.

Others expected to be on hand for the hearing are: Senator Grady Hazelwood of Amarillo; Representative I. B. Holt, Olton; D. A. Banden, manager of the West Texas Chamber of Commerce, Abilene; W. O. Fortenberry, Lubbock county, chairman of the Plains Water Use and Conservation Association; A. B. Tarwater and Captain Winfield Holbrook, both of Plainview.

Farmers will be given an opportunity to make known their desires with reference to water control and development projects. All counties are invited and urged to bring a group of interested farmers, Hammond said.

W. R. Tilson of Meadow, state Farm Bureau director of District 2, will be host for the hearing. Co-chairmen will be Farm Bureau Directors Joe M. Hatton of Amarillo and C. H. DeVaney of Coahoma.

Dr. Harbough Speaks At Farmers Night

Dr. F. G. Harbough, doctor of veterinary medicine at Texas Technological College, Lubbock, spoke last night at the annual Lockney Rotary Club farmers night held in the basement of the Methodist Church.

Places were laid for about 100 men. Rotary club officials said. The affair is an annual meeting of the Lockney Rotary club in which farmers of the area are invited in to hear a program along agriculture lines.

Mr. and Mrs. Mack Johnson of Lone Star community moved to their new home in East Lockney Monday.

GO TO CHURCH WEDNAY

Icy Grounds Cover Area Thursday

Icy grounds covered this area Thursday after a fine mist fell Wednesday night and froze as it fell. The mist was still falling Thursday morning with the temperature below freezing.

Moisture the past week totaled three-quarters of an inch with 26 falling last Wednesday night, 41 falling Thursday night and .08 falling Sunday night, according to the gauge kept by Hammond & Company.

What is showing some improvement, farmers report, and if moisture continues prospects for a wheat crop will be somewhat brighter.

Polio Campaign Closes With Total Of \$1,722.36

The Floyd County infantile paralysis drive, under the direction of Garland Glover of Floydada, has come to an end with a total collection of \$1,722.36. Mr. Glover announced this week. The drive was for the purpose of providing funds to fight infantile paralysis both in the county and on a nation-wide scale.

Following is the list of donations by communities as reported by Jewell Elza, county campaign treasurer:

Floydada	\$526.33
Floydada Theatres	\$1.95
Jaycees	13.83
1929 Study Club	11.55
Fire Department	54.38
Jays Over Town	161.69
Floydada Schools	47.87
South Plains	80.00
Lockney	106.64
Lockney B & P W club	18.43
Antelope	25.00
Baker	44.85
Blanco	20.00
Campbell	18.50
Center	5.00
Cedar Hill	28.00
Dougherty	65.80
Fairview	24.80
Harmony	53.25
Irick	8.63
Liberty	2.00
Lone Star	30.39
Lakeview	32.50
McCoy	26.80
Providence	105.92
Pleasant Valley	39.75
Prairie Chapel	20.50
Sand Hill	8.00
Starkey	72.40
Total	\$1,722.36

Mr. Glover expressed his thanks to those who worked so faithfully to reach the goal.

Commissioners Court To Meet With Highway Engineer Saturday

The Floyd County Commissioners Court will meet with District Highway Engineer S. C. McCarty at Lubbock Saturday of this week to discuss plans for Floyd County's road building program. Judge W. E. Grimes said Thursday. Mr. McCarty has been out of town and this is the first opportunity the Court has had to meet with him since the road bonds were voted, it was said.

After talking with Mr. McCarty the Court plans to attend a meeting of the State Highway Commission at Austin whenever that body meets in order to lay before them the road building program and secure as much aid as possible in the program. A group of citizens from the county will accompany the court to Austin, it was said.

No action has been taken as yet on disposition of the bonds recently voted by the county, due to the illness of Commissioner Fred Clark of Precinct 1, Judge Grimes said.

Billy Terrell's Lambs Won In Amarillo Show

Lambs belonging to Billy Terrell, son of Mr. and Mrs. W. E. Terrell, who live just south of Lockney, won several places in the Amarillo Fat Stock Show, according to newspaper reports.

In the fat mutton lamb class Billy's lambs placed seventh and eleventh and he won first place for the best group of 5 lambs. Billy is a student in Lockney grade school.

Sheep were in better condition this year than in several years according to reports and competition was keen especially in the fat mutton class.

Red Cross Drive Starts This Week

The 1948 Red Cross Fund Drive which began March 1 is off to a good start in Floyd County. John Rene, Fund Drive chairman announced Wednesday. Many of the rural communities are well on their way toward completing their individual goals with one or two communities showing nearly complete reports.

The drive in Lockney began Wednesday with Mrs. Estelle Powers as fund drive chairman. She is being assisted by other members of the B & P W club. Although no totals were available the response was reported to be good here.

An intensive drive will begin in Floydada the latter part of this week, Ralph Johnston, Floydada chairman, stated. All community chairmen were reported to be anxious to complete the drive for Floyd County's goal of \$3,000 at an early date.

Last year when so many natural disasters struck the nation, Texas was virtually the worst afflicted state in the country. The Texas City explosion, of course, was the worst in destructive effects. There 9,000 people were aided and the Red Cross to date has spent more than \$1,361,000 there. Fires were the most frequent type of disaster in Texas last year. Tornadoes also added their destructive blight to the state's misfortunes on six occasions. Aid extended to the victims of all these tragedies, excluding that of Texas City has amounted to over \$250,000. In accordance with the Red Cross policy, this aid was given, not loaned, on the basis of need, not loss, to those without adequate resources of their own.

But the humanitarian service of the Red Cross is a two-way activity. If the Organization was privileged to be the agent of mercy to these thousands it was because of the whole hearted support of other thousands who gave their time and their dollars to advance this humanitarian activity. It is this volunteer service which makes the Red Cross a vital force in community living. If it succeeds, the American people succeed, because in all it does the Red Cross is merely an expression of man's willingness to serve his fellow man in time of need.

City Places Order For New Fire Truck

The City of Lockney, acting through the Mayor and board of Aldermen, this week placed an order and signed a contract for a fully equipped fire truck. The new truck will be a Chevrolet chassis with the body and equipment furnished by E. J. Curry Co. of Amarillo. The truck will be a cab type and will be fully equipped when delivered. A quantity of new hose has also been ordered by the City for use on the truck, it was said.

The Ford chassis, recently purchased by public donations here, will be sold and the money received applied on the new truck, city officials said.

The new fire truck will have a hose rack, a pump and a 200 gallon storage tank. The cost is estimated at over \$5,000.

Two School Trustees To Be Elected

Two school trustees will be elected in a trustees election set for Saturday, April 3, according to school officials. Terms of Raymond Rucker and J. H. Belt, Jr. both expire. No one has as yet offered for the places but efforts will be made to get Belt and Rucker to allow their names to be placed on the ballot for re-election, it was said. Both have served very efficiently, along with other members of the school board.

DISTRIBUTING THE POVERTY

Writing in American Affairs, Dr. M. J. Bonn presents an objective and thoughtful discussion of socialism in England. His last paragraph sums up his conclusions: "It would be a great pity were the Socialist Labor Party to be released from power and responsibility before a majority of its followers has learned the lesson that leisure is the result of plenty and plenty is the result of work."

The favorite catch-phrase of socialism in all countries is its pledge to "divide the wealth." This at once conjures up heavenly visions of a society in which everyone will live in luxury with a minimum of effort. What actually happens—and England today is a living breathing example of that—is that the wealth is destroyed, and what is distributed is the poverty. When we arbitrarily attempt to lift all men to the top we only succeed in pushing all men down toward the bottom.

The capitalist system, by contrast, is based on the principle of incentive. There is a minimum of government meddling in our affairs. A man can go as far as his energies and abilities allow. And if the proof of the pudding lies in the eating, this system has produced more leisure, more wealth, more

SCHOOL DAYS

By DWIG

luxury for the masses of people, than any other since the world began. In Russia, for example, we have the socialized state in the extreme. And the average Russian's income, measured in terms of what it will buy, is about ten per cent of the average American's.

Furthermore, the class distinctions and abuse of special privilege the socialists are always talking about are far more flagrant in the socialized state. Again, Russia is the best example. The ruling class and their favorites live in luxury of Czarist proportions. Everybody else lives in comparative squalor.

Lastly, and most important, the abuses of capitalism can be corrected—as the whole history of the United

States illustrates. The people are top dog, and when they become enraged they get remedial action. The abuses of socialism and communism, once they are firmly entrenched, can be corrected only by revolution—the state is all-powerful, and it is ruthless when it comes to perpetuating itself. That is just another way of saying that the total state must be a police state, making full use of guns and clubs and concentration camps to hold the people in line. It always happens when a nation trades freedom for dubious promises of security.

THE GRAY MARKET

Much has been heard of late concerning the "gray market" in steel. In that market, unscrupulous dealers sell the product to buyers who are in desperate need of steel, at extortionate prices.

No one knows how extensive the steel market is, though it obviously accounts for but a very small percentage of total sales. In any event, the industry has long been taking positive action to combat it. The largest American steel company, for instance, sells steel only to those who have a bona fide use for it; refuses to sell steel to so-called brokers; will not "tie in" sales of steel with purchases of scrap or other scarce materials and, where tangible evidence has been produced that its steel has reached the gray market, has refused to take further orders from that source. The industry, in short, isn't just talking about the gray market—it is doing everything in its power, by direct action, to dry it up.

It is clearly impossible to completely stamp out rackets of this sort in steel or anything else. When goods are in short supply, there are always those who will take advantage of the con-

dition and cash in while the going is good. The ultimate solution will be sufficient steel production to handle the demand in a normal fashion. The industry is involved in a major expansion program now, and the gray market will be a temporary phenomenon.

Disease Spread By Carelessness, Cox Says

Austin, Texas.—"Carelessness and ignorance represent two of the most powerful factors in spreading communicable disease from man to man. No more emphatic example of this fact exists than the continued ravages of tuberculosis. In spite of the knowledge of its causes and spread, and of curative methods, tuberculosis is still a very serious problem not only in Texas, but throughout the United States," states Dr. Geo. W. Cox, State Health Officer.

"It is true that tuberculosis no longer is first on the list of killing diseases as it was formerly," Dr. Cox said, "but despite having been reduced to fifth place in Texas, it still is responsible for more deaths between the ages of fifteen and forty-five than any other disease. And this fact exists even though the majority of tuberculosis patients could have their condition arrested if it were recognized early and proper treatment applied."

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be sagging backache, persistent headache, attacks of dizziness, getting up night, swelling, puffiness under the eye—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOANS PILLS

"Treatment of the early recognized through close and prolonged contact case is essential. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more intelligent appreciation of this fact would result in the saving of thousands of lives."

"When a diagnosis of active tuberculosis has been made, examination of all of the other members of the immediate family should follow as a matter of course. Tuberculosis runs in families, not because it is communicable, being usually transmitted

Mrs. Leon Wofford and son, Jerry Lynn, returned Sunday from a 10 day visit with relatives at Marion, La.

Warns Against Soil Blowing On Plains

COLLEGE STATION —Cotton farmers had a good year in the Panhandle and South Plains. Yields were higher than many of the early crop estimates, even though the summer was dry. This, according to Fred C. Elliott, cotton work specialist of Texas A. & M. College, pointed out again the value of storing moisture during the winter.

Conditions on the Plains are looking up and the supply of moisture in the soil before planting time is encouraging. As usual, land listed on the contour caught and held more water.

Elliott that recent snows and freezes have left the finer soil particles on top of the ground where they are likely to start blowing.

Many Plains cotton farmers are standing by with chisel plows, and others will use them for the first time if blowing starts. Still others will stop blowing with lister equipment. "No matter how they do it—just so they do it," Elliott says.

"Right now prospects are good for another big cotton crop on the Plains — if blowing is kept down."

Mr. and Mrs. Berry Hooten and family left Tuesday for a two weeks visit with relatives at Mesa and Phoenix, Arizona.

President Truman Congratulates 4-H Clubs Of America

President Harry S. Truman has issued a letter of congratulations to the 4-H Clubs of the United States on the occasion of National 4-H club week, March 1-7. The President's letter follows.

TO THE 4-H CLUBS OF THE UNITED STATES:

You are to be congratulated on the theme chosen for this year's National 4-H Club Week, March 1-7, "Creating better homes today for a more responsible citizenship tomorrow." It is a message that is deep-rooted in the American way of life.

In the family circle we learn by daily experience that liberty carries with it some essential obligations that each of us must respect if we are to insure harmonious family living. In a highly scientific age like ours, this concept is one that should extend beyond the family into the larger community and the human society of which all of us are a part. I hope you will succeed in reaching every rural boy and girl with your message.

(Signed) HARRY TRUMAN

ATHLETES FOOT GERM HOW TO KILL IT, IN ONE HOUR.

IF NOT PLEASED, your 35c back. Ask any druggist for this STRONG fungicide, TE-OL. Made with 90 percent alcohol. IT PENETRATES. Reaches and kills MORE germs faster. Today at LOCKNEY DRUG CO.

FASHIONABLE . . . While not as famous as Anatole of Paris, Daniel Loreski of Pittsburgh, only 15, is coming right along as a fashion designer. He casts a critical eye at one of his creations.

LOCKNEY HIGH

By Martel McDonald and Glynn Earle Norman

The Dirt Storm

In the interests of curiosity, do Arlene and Bill ever step out on each other?

Is "Shoulders" really losing his touch in Floydada or is it just hearsay that June is going steady? Who knows? ? ? ? ? ?

Girls, how does it feel to have Bob Logan on the loose again? I bet that he can give these boys some rugged competition.

What senior girl acquired the name "Whiney"?

Since when did Coach become Mr. Kelley?

Does Scrid still spend her time picking flowers when she goes to Spur? And Glynn Earle picking inkwells? Need we say more?

What senior and sophomore girl seem to think that Tom Bob Jarboe

from Floydada is just about it?

Why was the girls basketball team accused of starting spring football training on the basketball court Friday night?

Don't you all think that Eldon and Bobby Lou are about the right "big" for each other?

Do you think that we ought to name Robert Huckabee, DeJuan Strickland and Melba Weathers the vicious triangle?

Who were the "uninvited" at Scrid's Tuesday night? Did they learn anything that they didn't know before?

What makes these freshmen so much more educated than we seniors?

Is Ewell Dee going to give Jimmie Lee some rough competition? (Looks like he made a good start from where we sat on the bus going to Crosbyton).

Betty Joan, do you really have a fickle eye or are you just stepping out on that good looking boyfriend of yours just to see if you can get by with it?

Are Glynn Earle and Claude on or off? Is anyone quick enough to keep up with that changeable couple?

Is Betty Jean Myers really plan-

ning on getting married as soon as school is out? One just never knows, does one?

Why does everyone give a big laugh when they see a Cadillac stop at a red light?

Are Mary Pearl and Herman well on their way to a new romance?

Melba, was that you I saw stepping out on De Juan?

Kay, do you and your Tech boyfriend still love each other? (That was silly, wasn't it?)

May we be so bold as to inquire if Billy Applewhite always takes speed tests without any paper in his typewriter?

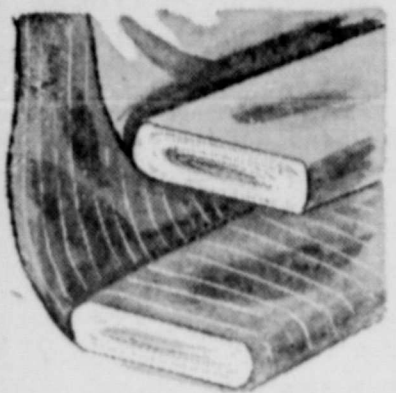

What is there that is so similar about Larry Godfrey and Vera Jo Rogers? (Lightning and Tidbit respectively)!

CARD OF THANKS.— We take this means to thank our many friends for the many kind deeds, floral offering and sympathy extended to us at the death of our loved one.

Mr. and Mrs. Johnson Honored By Friends

Mr. and Mrs. M. S. Johnson, long time residents of Lone Star community, were honored with a farewell party Wednesday night, February 25 in the home of Mr. and Mrs. Albert King of Lone Star. The Johnsons moved this week to their new home in east Lockney.

The honorees were presented with a beautiful floor lamp by their many friends in the community. Nine tables

of '42" furnished the entertainment. Refreshments were served to 63 guests.

Hostesses for the occasion were Mes. Albert King, Clyde Baxter, T. V. Rankin, J. T. Griffin, C. D. Merrick, W. T. Rankin, Ben McGhee and Mrs. Herman Huffman.

The slogan adopted for the 1948 spring clean up effort is "Clean Up... Don't Burn Up."

The thief of time robs us of a lot of accomplishments.

Fred Huggins Weds Matador Girl Feb. 22

Miss Billie Frank Skaggs, daughter of Mr. and Mrs. V. J. Skaggs of Matador and Fred Huggins, son of Mr. and Mrs. O. J. Huggins of Lockney were married in a double ring ceremony Sunday, February 22, at 6 o'clock at the home of the bride's parents, with Rev. Clifford Potts, pastor of the First Baptist Church of Matador reading the ceremony.

The home was decorated with white gladioli and stock, woodwardia fern and white tapers. The tapers were lighted by Mr. Harold Allen.

Mrs. Ira Turner of Chillicothe, aunt of the bride, sang "Because" and "Oh, Promise Me." The traditional wedding marches were played also by Mrs. Turner.

The bride, given in marriage by her father, wore a powder blue afternoon dress with beaded lace yoke. She carried a white gardenia bouquet and a white Bible belonging to Miss Jan Barton. For something old she wore an old fashioned lovelier belonging to her sister, Mrs. Allen, and a wedding band belonging to her Grandmother Turner.

The bride's sister, Mrs. Harold Allen, was matron of honor. Mrs. Allen wore a black afternoon dress and a white carnation corsage. Miss Sara Springer, maid-of-honor, wore a navy blue afternoon dress and a white carnation corsage.

Johnny Huggins of Lubbock served his brother as best man. McElton Skaggs of Lubbock and brother of the bride, served as groomsmen.

Mrs. Huggins has attended both grammar school and high school in Matador and at the time of her marriage was a very popular member of the 1948 graduation class.

Mr. Huggins attended Lockney high school. He entered the United States Navy, April 1, 1946 and received his discharge January 2, 1948.

For the wedding trip to points in Texas and New Mexico the bride chose a navy blue suit with black accessories and a white gardenia corsage.

After March 1, the couple will be at home in Lockney.

Reception

A reception was held immediately following the ceremony.

The dining room was decorated throughout with white carnations. The table was laid with a lace cloth and lighted candles. The three tier wedding cake topped with a bride and bridegroom formed the centerpiece and was cut by the couple.

Mrs. McElton Skaggs of Lubbock and Miss Emaloyce Huggins of Crosbyton poured coffee and Mrs. Gerald Clark of Sweetwater served the cake.

Out of town guest included: Mr. and Mrs. M. R. Strinzer, Mr. and Mrs. Dub Davis, Mr. and Mrs. Edward Turner, and Cheryl; Mr. and Mrs. Ira Turner, and Miss Janet Thomas of Chillicothe, Mr. and Mrs. M. C. Turner of Quansah; Mr. and Mrs. O. J.

UNWILLING . . . Just 10 years after he sailed away on what he thought would be a brief visit to his native Germany, Johannes Koch, naturalized U. S. citizen, returned to his home in Cloquet, Minn. He had been forced by Nazis to serve in German army.

Huggins, Mr. and Mrs. J. D. Huggins, Mrs. Vaneta Handley and Mrs. Jessie Barton of Lockney; Miss Emaloyce Huggins of Crosbyton, Johnny Huggins, Mr. and Mrs. McElton Skaggs and Sherilyn of Lubbock; and Mrs. Gearld Clark of Sweetwater; Mr. and Mrs. E. F. Springer and Sara; Mr. and Mrs. C. M. Barton Jr. and Mr. and Mrs. Harold Allen, Larry and Dean of Matador.

Mrs. Collins Walker Hostess To P. V. Club

Mrs. Collins Walker was hostess to the Pleasant Valley Home Demonstration Club Tuesday afternoon, February 24.

An interesting talk on marketing was given by Mrs. F. L. Brown of Lockney. Other guests from Lockney were Mrs. E. M. Lawson and Mrs. Gene Whitaker.

Members present were Mrs. Harmon Handley, Mrs. Robin Byars, Mrs. A. M. Dorsey, Mrs. Joe Toney, Mrs. Cargill, Mrs. Ralph Thayer, Mrs. R. L. Pope, Mrs. D. Johnson, Mrs. Lonnie Pope, Mrs. Wesley Hay, Mrs. Stearns, and the hostess.

MR. AND MRS. FRED HUGGINS HONORED AT DINNER

Mr. and Mrs. O. J. Huggins honored their son and daughter-in-law, Mr. and Mrs. Fred Huggins, with a post-nuptial dinner Sunday, February 29.

Guests were Mr. and Mrs. V. J. Skaggs, of Matador, parents of the bride; Mr. and Harold Allen, Larry and Dean of Matador; Miss Emaloyce Huggins of Crosbyton; J. E. Huggins of Lubbock; Mr. and Mrs. Harold Huggins of Colorado City; Mr. and Mrs. Emory Huggins, Caroline and Norman of Plainview; Mr. and Mrs. Clarence Dinguid and Helen of Plainview; Veneta Handley, Mr. and Mrs. B. J. Wofford and Billie, Mr. and Mrs. J. D. Huggins, all of Lockney, the honorees and the hosts.

The amount of wheat either shipped or apparently available for shipment by both government and commercial firms so far in this fiscal year is 374 million bushels.

Pulling the shades down over a dark past makes it easier to find a bright future.

Hospital News

Bill Rigdon entered the hospital Tuesday for medical treatment. Allen Dew is under medical treatment. He entered the hospital Monday. Nadine Graves, daughter of Mr. and Mrs. C. W. Graves of Lone Star was released Tuesday after medical treatment. County Attorney S. H. Millwee was released Monday after undergoing treatment several days. Three children of the B. W. Hobbs family have been under treatment the past week. They were released Monday. Joe Copeland, son of Mr. and Mrs. T. V. Copeland was released Tuesday after medical treatment. An 8 pound baby girl was born Thursday afternoon of last week, Feb. 26 to Mr. and Mrs. Hubert Griffith of Lone Star.

WANT ADS GET RESULTS

Soil Conservation District News

The Supervisors of the Floyd County Soil Conservation District held their regular meeting Tuesday, March 2nd. Among other business transacted the following applications for assistance were approved: G. E. Assiter, A. O. Foster, J. M. Tye, L. M. Baker, R. D. Kellison and V. H. Kellison. Agreement between the District and the following farmers were also approved: E. L. Brownning, J. E. Stover, M. M. Julian, Glenn Jarnagin, W. E. Roach, C. B. Carmack and Glenn C. Lewis.

Farmers interested in getting bees for pollination of alfalfa and vetch can contact the District office for a list of sources of bees.

The best pastures contain elements of legumes in addition to grasses. Legumes add organic matter and nitrates to the soil, making it, thereby, more suitable for perennial grasses than for themselves. Grasses can compete more favorably than the legumes can.

Ralls, Floydada Lose First Round In Tournament

As predicted, the Ralls Jackrabbits, District 3-A basketball champs, and the Floydada Whirlwinds, runners-up in the district, lost their first games at the Region 1-A tournament held at Canyon the past week end.

In the first game Friday afternoon the Dimmitt Bobcats licked the Whirlwinds 53 to 23 and in a following game the Sudan Hornets drubbed the Jackrabbits 42-25. Since the tournament was a "sudden death" affair one loss eliminated the teams. Dimmitt went on to win the regional crown by defeating Sudan 28 to 26 in the final game Saturday night. Levelland won the third place honors by defeating Perryton.

Mr. and Mrs. Ed Whitfill returned Thursday of last week from Temple where they went through Scott and White Clinic. While there they visited with Mrs. Irving Bennett who underwent major surgery several weeks ago. She is able to sit up some now but will remain in the hospital for about four more weeks.

Card of Thanks

We wish to thank the Baptist Church for the Bibles given to the hospital and also we thank the ladies of the Church for the much needed sewing they did for us. Lockney General Hospital

Of all the things you wear, your expression is the most important.

Texas veterans received new assurance this week that their preference rights in acquiring war surplus materials will not be discarded in War Assets Administration's rush to finish its disposal job. Site liquidation sales which include initial offerings of surplus goods will provide for a period of inspection by priority groups, with World War II veterans receiving next to the highest priority. In the southwest, sales now being planned will also give veterans at least fifteen days advance notice, according to Colonel Karl Wallace, head of the Grand Prairie office.

Local, county and state purchasing agents in need of fire protection apparatus are invited to investigate a national sale of fire extinguishers begun this week by War Assets Administration. Sale will be restricted to government units, which generally are entitled to public benefit discounts from prices asked for the devices. There are about 23,000 hand extinguishers in surplus inventory, mostly in excellent condition and available through mail orders to WAA's Salt Lake City, Utah, office. Samples and complete information are on hand at the Grand Prairie Customer Service Center.

In plenty of time for the spring wheat harvest comes news that 600,000 bales of top quality binder twine have turned up among Uncle Sam's war surplus. This Mexican Henequen twine is stored at various War Assets depots, much of it at New Orleans, Louisiana. The WAA is seeking buyers at low, fixed prices per bale, although the minimum purchase to be considered will be a carload consisting of 1,500 bales. Orders should be sent to WAA's Washington, D. C. office before the March 16 closing date.

Following this week's clean-up sale of Camp Bowie buildings, WAA's record-breaking war housing sales crew will move their operations into Arkansas for the first time. In the past eight months, the crew from the Grand Prairie office of real property disposal has marketed approximately 30,000 camp buildings in the southwest. On March 9, 10 and 11 the crew will stage another location sale at Camp Robinson, near Little Rock, Arkansas. More than 4,000 Camp Robinson structures, mostly huts, will be offered to the public in the three days of bidding.

A complete steam plant, along with various utility facilities to be removed from the premises, is on the market this week at the Pecos Army Airfield. Besides the steam plant and building housing it, electrical, water, gas and telephone facilities of the camp are to be sold on a sealed bid basis. Priority holders will have until March 15 to make good their purchase claims on the property. Remaining equipment will then be available to be bought by the general public until March 26. Transactions will be handled by WAA's Grand Prairie office.

For those who are interested in building bargains, the WAA has 21 surplus structures at North Camp Hood, near Gatesville. Since this is a residue of buildings to be cleared from this Texas camp, the sale will be by sealed bid on a non-priority basis. Dental wards, officers mess, guest-house and standard GI construction are included. The camp will be open for inspection between March 1 and March 12, final date when bids are acceptable. Special forms and other details are available at the awarding office, in the WAA plant, Grand Prairie, Texas.

The best way to remove scorch stains from cloth is to rub the spots as soon as they are made with diluted peroxide. For linens, use a piece of cut onion.

E. H. Whitaker Dies Wednesday In Arizona

Eli H. Whitaker, age 59, a former resident of Lockney, died of a heart attack Wednesday of last week at his home in Scottsdale, Arizona. Funeral services were held Saturday at 2 p. m. from the Carr Mortuary chapel in Tempe. Burial was in the Double Butte cemetery. Survivors include his wife, a son, Glen Allen of Scottsdale; his mother, Mrs. T. S. Whitaker of Dallas; two brothers, Homer of Easyland, Texas, and Howard Whitaker of Floydada, and an uncle, T. D. H. Whitaker of Lockney.

BROTHER DIES

Mr. and Mrs. G. B. Johnston were called to Ponder, Texas, Wednesday because of the sudden death of Mrs. Johnston's brother Bob Cope, age 65. Mr. Cope was found dead in his bed early Wednesday morning, relatives here were informed. Others going with the Johnstons were G. B. Johnston Jr., Mr. and Mrs. Hubert Erizell and Miss Edith Johnston of Lubbock.

ARMY INADEQUATE GENERAL COLLINS DECLARES

NORTHFIELD, VERMONT—The Regular Army is unable to maintain its required strength through voluntary enlistments, General J. Lawton Collins, Army Deputy Chief of Staff, said in a recent address here.

Only slightly more than two divisions, which are under strength, are available for defense of the country now, the General stated.

Anyway, the fellow who is always at the foot of the class should make a good chiropractor.

The fellow who said all that goes up comes down must have been referring to the stock market.

Experts say that most accidents happen in the kitchen; but wise husbands eat them anyway.

Aiken News

Mr. and Mrs. Baylor Byars was notified that their little grandson, Baylor Floyd Maupin, had undergone a major brain operation at the Naval hospital in Tacoma, Washington. His condition is serious.

Nell Hampton visited Mrs. C. D. Kelley of Lockney last Wednesday.

Rev. and Mrs. Threadgill and Don, Mr. and Mrs. H. E. Seago and Charlotte were Lubbock visitors last Saturday.

Little Cora Jean Thomas was ill the past week.

Mr. and Mrs. M. B. Salmon were dinner guests of Mr. and Mrs. Floyd Compton last Sunday.

The Rev. Broughton pastor of the Methodist Church preached at the Baptist Church last Sunday night.

Mrs. Wiley Moore was ill last week.

Mr. Hampton visited two days with Mr. and Mrs. Joe E. Hampton and children of Amarillo this week.

Mr. and Mrs. Jess Starkey and children visited relatives at Cedar Hill last Sunday.

Mary Bennett Elam was ill last week.

Mr. and Mrs. Thurman Thombs have moved to their new home.

Mr. and Mrs. Baylor Byars spent Monday night with Mr. and Mrs. Duane Byars. They attended the stock show at Amarillo Tuesday.

Mrs. Elam is in Tulla this week receiving medical treatment.

Rev. Threadgill is conducting a meeting at the Fairview Baptist Church in Crosby County.

Wallpaper can be made washable as soon as it is put up by going over it with sizing and covering it with clear shellac.

EARLIEST CHURCH — MAYBE . . . Excavation of this stone structure at Newport, R. I., may prove it to be the earliest Christian church in the western hemisphere. Research now is being undertaken by the Preservation Society of Newport to investigate the claim that it was built by Norsemen more than 100 years before the arrival of Columbus. Counter contention is that structure is simply an old windmill built in the 1660s by Benedict Arnold, then governor of Rhode Island.

Land Should Be Soaked Thoroughly In First Irrigation

LUBBOCK—Farmers who begin irrigating land in March preparatory to spring planting should be careful to use sufficient water to penetrate well below the surface, thus preventing needless loss through evaporation, according to Dr. A. W. Young, head professor of plant industry at Texas Technological College.

Dr. Young suggested that better soil be soaked to the caliche layer, several feet down. Pointing out that the water is to be used three or four months later, he explained that moisture applied now to the first foot of soil is sure to evaporate long before time to plant crops.

Cotton Production Up 60 Pounds Per Acre

COLLEGE STATION—Texas cotton farmers pocketed an additional \$176,220,000 in 1947.

That's what an average of 60 pounds of lint cotton per acre increase over the average of 1946 meant in dollars. In 1947 an average of 190 pounds of lint cotton per acre were harvested in comparison with '46's figure of 130 pounds.

"The increase in '47 was 39 pounds over the 10-year average of 160 pounds per acre", Charles A. King, extension entomologist of Texas A. & M. College, says. "In comparing '46 and '47 figures, we must take into account the weather, as a great deal of the increase in '47 can be attributed to the weather which was such that the normal increase in insect population did not occur, while in '46 it was favorable to cotton insects and the damage was high.

"You would think that in 1947, when the insect population was relatively low, the use of insecticides would drop he continues. "On the contrary, 31,929,290 pounds were used in 1947 in comparison with only 22,000,000 pounds in 1946. For this reason alone, we feel that a good part of the increase over the 10-year average in cotton yield can be attributed to successful insect control."

Mr. and Mrs. Claude Brown, Mr. and Mrs. John Spradlin and Miss Roynita Martin spent Sunday in Roaring Springs in the home of Miss Martin's parents, Mr. and Mrs. Roy Martin.

ARMY SEEKS NEW SHOE

LOUISVILLE, KENTUCKY—Experiments are being conducted at Fort Knox to design a shoe for the Army which will reduce the strain on the bones of the feet and make marching easier.

The experiments toward improved design of military clothing are part of a research program being conducted by the Medical Department's Field Research Laboratory.

Research is also being made to find better and less bulky clothes for use in Arctic regions. As an example, plastic earphones have been developed to fit the individual ear and shut out cold, so protecting the ears of field radio operators.

EMPLOYED HERE

... Put shades on lamps that "swallow" light. Use clear translucent shades that utilize every bit of light given by your bulbs.

... Sit under a light that does not throw sufficient illumination on the book or paper you are reading. Eye strain is the result.

... Allow a child to study under the wrong type of lamp. Some lamps put too much light on books and papers and cause back reflections.

DO

... Open lamp shades and bulbs frequently. Much light can be wasted in dirt and grime.

... Place lamps so that equal and sufficient light is given for everyone who uses the lamp.

... Make sure that children have the proper type of study lamps, giving clear even light on the work they are doing.

Simple rules for good lighting that will add comfort and enjoyment to your living. They are important rules to follow that will protect the precious eyesight of every member of your family. Better light means better sight.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

We have nothing to sell but good electric service.

CO-OP PRESENTS A GREAT NEW OIL

This great new oil that is big news to oil users is the new Furfural Solvent Refined oil... it is available in two types: CO-OP PREMIUM and CO-OP HEAVY-DUTY.

Furfural is an amazing new filter, now being used in the Co-Op refinery to purge oil of Naphthenes—those elements in ordinary oils that cause sludge and carbon to form in your motor.

That's why the Co-Op Solvent Refined Oil is big news for your engine. It means the virtual elimination of motor-wearing carbon and sludge. It means instant lubrication on starting. It is the oil that will retain full 'oiliness' under greatest heat and flow freely even in coldest weather.

You'll like the great new Co-Op Solvent Refined Oil... your engine will like it too! Buy it at your local Co-Op.

Furfural is made of oat hulls, rice hulls, cottonseed hulls, corn-cobs, and other farm by-products. It cleanses oil of impurities that refiners have sought for years to get rid of, the impurities that cause sludge and carbon to form.

Optional Road To Be Built On Curve East Of Floydada

AUSTIN, FEB. 72—The State Highway Commission Friday ordered a \$2,725 project to remove a hazard on US 70 which has been responsible for several traffic accidents during bad weather.

The work will consist of building a gravel road on the outside of a heavy-

ly banked curve on US 70 above the Caprock, one mile East of the Motley-Floyd County Line.

Super elevation of the curve has made it dangerous during wet and icy weather, especially for trucks with high loads, it was explained. The gravel road ordered will provide a convenient by-pass for traffic when weather conditions make the curve hazardous.

R. F. Hinchey New President W. T. Gas Co.

R. F. HINCHEY

R. F. Hinchey of Lubbock, for the past twenty years Vice President and General Manager of West Texas Gas Company, is now President and General Manager of the company. As President he succeeds R. E. Wertz of Amarillo who relinquished the post to become chairman of the board of Amarillo Oil Company, an administrative affiliate. The change, designed to enable Mr. Wertz to devote more time to special work for all the affiliated companies, was announced following a meeting of the board of directors of the company held in Kansas City on Tuesday.

Mr. Hinchey came to West Texas from Okmulgee, Oklahoma, on June 1, 1927 to be in charge of the construction of a gas transmission line from the Panhandle Gas Field down into the South Plains, and distributing plants in the various cities and towns which were to be served. First offices of the company in Amarillo, but early in 1930 after the initial construction work was complete, the general offices of the company were moved to Lubbock, where they have remained.

Mr. Hinchey has spent his entire working life in the natural gas business. His father and grandfather had likewise been employed in the natural gas industry. He started in his teens as water boy for a construction crew building a natural gas pipe line from Bradford, Pennsylvania, to Buffalo, New York. He has stayed with the gas industry ever since with the exception of about one year spent serving in the armed forces during World War I. His work led him from New York and Pennsylvania to Ohio, West Virginia, Oklahoma, and finally to Texas. Known as "Ray" to many friends throughout West Texas, he has been actively identified with the progress of this area.

Starting with the company as its first employee, Mr. Hinchey has seen it grow until now it serves approximately 45,000 accounts and has more than 1500 miles of pipe in its transmission and distributing systems. The company serves 44 cities and towns from Canyon on the north to Odessa on the south and from Muleshoe on the West to Crosbyton, Floydada and Turkey on the East.

Teachers Assn. To Meet In Lubbock

"Education as a Joint Enterprise" is the theme of the annual convention of the West Texas Teachers Association which will meet in Lubbock on March 12, with headquarters at the Lubbock Senior High School building. Twenty-seven counties and one independent school district composes the WTTA, district four of the Texas State Teachers Association.

Officers for the 1948 session of the teachers' group are: Floyd Honey, Lubbock president; W. A. Miller, Odessa, vice-president; Clarence Guffee, Floydada, treasurer; Mrs. W. O. Low, Big Spring, secretary; and O. J. Laas, Plainview, membership chairman. Members of the State Executive Committee from West Texas are Murry Ply, Odessa; J. W. Jones, Denver City; and Roy Boyd, Lubbock.

Principal speakers for the convention will be Dr. A. J. Stoddard, superintendent of schools in Philadelphia, Pennsylvania, and Willard E. Goslin, superintendent of schools in Minneapolis, Minnesota. Dr. Stoddard will address the opening session on the convention theme, while Goslin will speak on "The Responsibilities of American Education."

Special committee meetings and luncheons will take up the morning and noon hour period of March 12, according to Honey, president, with the first general session scheduled for 1:15 P. M. in the Senior High School auditorium. Sectional meetings will be held at 3:30 o'clock Friday afternoon, and the evening session at 7:45 P. M. Concerts prior to the general session will be given by the Odessa Senior High School Band, directed by Robert Maddox, and the Lubbock Senior High School Band, directed by Lewis L. Stoelzing.

Mr. and Mrs. E. C. McLeod of Floydada were in Lockney Friday visiting with friends.

CHARLIE MCCARTHY REENLISTS
 DALLAS, TEXAS—Charlie McCarthy was given the honorary rating of Sergeant in the Recruiting Service by Lt. Colonel F. W. Maxwell, Commanding Officer of the Dallas Recruiting District, Edgar Bergen, Charlie's boss, jokingly pointed out that Charlie had been reduced in grade as he had been a Staff Sergeant during the war; but Colonel Maxwell replied that Charlie had stayed out of the Service too long to enlist in his former grade.

Pension Group To Meet At Floydada

The Floyd County Pension Federation will meet at the County Court room in Floydada Sunday afternoon at 2:30. It was announced this week by S. H. Wright of Floydada. Everyone who is interested is urged to attend the meeting, it was said.

Mrs. J. J. Smith is in Amarillo for a visit with relatives.

THE MEMORIES HE HAS . . . Charles E. Taylor of Los Angeles, who was left \$800 a year for life by Orville Wright, holds book of the Wright brothers and recalls thrilling days when he assisted in the building of the first airplane engine the brothers used in 1903 at Kitty Hawk, N. C., in their epochal flight. Ill of a serious heart ailment, Taylor, when told of the bequest, said he was "grateful to Orville."

Texas cabbage dropped to a new seasonal low of 50 to 55 cents per 50 pound sack, and carrots, broccoli and spinach also fell. Sunday's markets were about steady.

Lubbock VA Office In New Location

West Texas Veterans Administration Regional Office is now located in its new modern office building at 1600-24 - 19th Street in downtown Lubbock, Robert W. Sisson announced.

The regional office, serving 79 West Texas counties, has been located at the Lubbock Army Air Field, 12 miles west of the city since it was activated June 1, 1946.

The office began full operation in its new quarters March 1, 1948. Office hours will be from 8:00 a. m. to 5:00 p. m., Monday through Friday, it was stated.

"Opening of the new VA building will afford veterans of West Texas a more convenient and accessible service. It will provide them with the most modern medical and dental facilities for out-patient treatment and ex-

amination. It will enable VA to render the type of service which veterans of this area so richly deserve.

According to the regional manager an official opening, combining open house and dedication ceremonies, is planned for March 6. At that time, all veterans, all service organizations, city, county and state officials, newspaper and radio men, district medical and dental society officials from the region will be invited to inspect the new building.

An extensive program is being planned for the occasion, to which Congressmen from West Texas, both United States Senators, and VA officials from Washington and Dallas are expected to attend.

OLDEST GRAD DIES

WASHINGTON, D. C.—Colonel George Horace Morgan, oldest living graduate of the U. S. Military Academy, West Point, N. Y., and oldest living holder of the Congressional Medal of Honor, died here recently at the age of 93. He was awarded the country's highest decoration for distinguished conduct against the Apache Indians in 1882.

Swing Of Southwest Farm Markets

(USDA)—Most farm products sold steady to stronger during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sheep and lambs maintained a fairly steady tone, with some markets showing slight gains and others small losses. Good and choice lambs brought \$21 at Kansas City and \$20 to \$20.50 at Oklahoma City. Medium and good wooled lambs sold from \$18.50 to \$19.50 at Denver and from \$19 to \$20.50 at Fort Worth. Mohair sold at Kerrville and Del Rio, Texas, at around 45 cents per pound for adult hair and 65 cents for kid. Scarce fall Texas wools were offered at around \$1.20 clean basis.

Hog prices fluctuated sharply from day to day last week and opened higher Monday for net gains of \$1 to \$2 at most markets, with San Antonio ending up near the starting point. Top hogs ranged from \$23 to \$24.75 in Monday's trade.

Extreme unevenness on steers featured the week's cattle trading, with most steers and yearlings following the generally strong trend and heavy fed steers barely steady to weak. Common and medium steers and yearlings brought \$17 to \$24 at Houston Monday, when medium and good yearling heifers sold at \$23.75 at San Antonio. Medium and good steers, yearlings and heifers returned at \$22 to \$25.50 at Fort Worth and \$21 to \$25 at

Oklahoma City. Wichita and Denver moved medium and good steers from \$22 to \$25.50. Kansas City struck a top of \$29 on choice steers.

Eggs prices went up a little last week, but weakened Monday, when Dallas and Denver bought current receipts mostly at 40 cents a dozen, and Fort Worth 41 to 42 1/2. Poultry moved in rather dull trade at slightly lower prices. Dallas and Fort Worth paid from 22 to 25 cents a pound for heavy hens and 33 to 35 for fryers and broilers.

Cotton strengthened during the past week in fairly active trade. Prices rose about \$5 a bale. Dallas quoted spot middling 15-16 inch Monday at 33.85 cents.

Grain sorghums advanced 22 cents per hundred pounds and corn 12 to 20 cents a bushel, as barley rose 12 cents and wheat eight cents. Gains reflected smaller offerings rather than increased demand. No. 1 hard ordinary wheat closed Monday around \$2.61 at Texas common points, and white corn \$2.87 to \$2.89.

Rice markets barely held steady last week, in slow demand. Feeds showed a steadier tone, and millfeeds gained \$2.50 to \$5 per ton. Demand for hay slackened and prices eased downward. Farmer's stock peanuts remained at support levels.

Southwest vegetables went through another dull week, and many prices slipped downward. Colorado potatoes continued weak through Sunday, when San Luis Valley shipping points loaded 100 pound sacks of U. S. No. 1, Size A, washed Red McClures at \$3.85 to \$3.95. Louisiana sweet potatoes held about steady in light demand. South

A little care saves a lot of wear!

A Spring change from contaminated, old winter oil to Nth Motor Oil protects from grit and dust that can ruin the inside as well as the outside finish of your car!

Conoco Nth Motor Oil (Patented)* contains a special added ingredient that fastens an extra film of lubricant so closely to metal that metal surfaces are actually OIL-PLATED!

This OIL-PLATING stays up on cylinder walls while you're running hot and when you're not... won't all drain down into the crankcase even overnight! That's why Nth Oil extra-protects from "dry-friction" starts... from sludge and carbon caused by wear.

So, for extra-cool, extra-powerful, extra low-cost miles...

Make a date to OIL-PLATE!

© Copyright 1948, Continental Oil Company * U. S. Pat. Nos. 1,944,941 and 2,218,132

LOCKNEY HIGH

By Martel McDonald and
Glynn Earja Norman

The annual High School Follies were held Monday night at the City Auditorium. A large crowd attended and were well rewarded for coming. The Junior class won first place and a prize of ten dollars. They presented a hilarious comedy, "I'll Eat my Hat". The cast was composed of Herbert Watson, Jane Be Ferris, Mildred Rogers, Doris Tomme, and Agnes Gloyne. Miss Minnie Lou Harris directed the play, aided by Eldora Jameson. Sid B. Thomas won the coveted title of best actor of the year and Vera Jo Rogers won that of the best Actress. Sid B. appeared in the Freshman play and Vera Jo was presented in the Senior play. It is Vera Jo's second year to be selected as best actress. We wish to congratulate all the members of the casts and the directors of these plays on the success of the plays, and they will long be remembered.

The Dirt Storm

Who let the news slip about Geraldine Saturday night?
Why was Harold Neil's entrance so entrancing at the Follies Monday night?

Glynn Earja, now that you have gone with Plainview and Floyddada too, which do you like best? (That is a silly question!)

Mary Pearl, Melba, Margaret, what is there at Flomont that is so interesting? (Especially when it is in Lockney!)

Who is trying to break up the happy couple of Simpson and Gardner?
Speaking of the Gardner family, Mildred tells us that her Benny is going to come home in April, but he looks cute in that uniform!

Are Joe and Betty Joan really crazy about each other and both too stubborn to let anybody know about it? (Personally, we are inclined to think so.)

Are Calvin and Irene on again? They change their minds entirely too fast for anybody to keep up with them.
What junior girl is considered the most conceited girl in school by all the girls in school, but apparently not by the male population? (Me-o-o-ow!)

Malnutrition and TB Peril
Navajos, Investigator Finds

CHICAGO. — Malnutrition and a tuberculosis death rate almost six times greater than that for the rest of the United States, are among the health perils menacing Navajo Indian tribes in this country, according to an article in the Journal of the American Medical association.

Dr. Ozro T. Wood of Dallas, Tex., who headed a team of six physicians sent in September by Interior Secretary Krug to inspect the Navajo reservation at Window Rock, Ariz., reports that many Indians arrive at the reservation's hospitals in a dying condition.

During part of the year, Dr. Wood relates, most of the Navajos do not have access to any kind of medical care because of impassable roads. Hospital death rates are high, he says, and inadequate medical care the Indians are receiving can be ascribed to poorly qualified and insufficient medical personnel, including older physicians unversed in modern methods of treatment.

Student in Fashionable Art
School Kills Self in Class

PHILADELPHIA. — Twenty-two pupils sat horrified as a 14-year-old boy shot himself to death in an art class at fashionable Bala-Cynwyd.

Donald Peabody Sargent fired a revolver bullet into his abdomen, walked from his seat to within a few feet of the woman instructor and fell dead.

Before class, Donald told a fellow student:

"I am going to shoot myself. I haven't any friends and I just don't seem to have anything to live for."

Uncle Sam Says

If you don't mind blending romance and good business sense, Leap Year Day, February 29, offers the opportunity to take a look at the growth in value of United States Savings Bonds. For example, here is what happened to the value of Savings Bonds as measured by the Leap Years: \$25 Savings Bond — 1940, \$18.75, purchase price; 1941, \$20.00 and 1948, \$23.00. \$50 Savings Bond — 1940, \$37.50, purchase price; 1941, \$40.00 and 1948, \$52.00. \$100 Savings Bond — 1940, \$75.00, purchase price; 1941, \$80.00 and 1948, \$92.00. Buy Savings Bonds through the Payroll Savings Plan where you work, or the Bond-A-Month Plan where you bank if you are self-employed. Watch your nest-egg grow safely, surely, profitably.
