South Plains Post Master Passes Away

John Barton Jarnagin, postmaster at South Plains for the past 20 years, passed away Saturday night after an illness of several months. Mr. Jarnagin suffered a stroke of paralysis several months ago and never recovered from it. He was 69 years of age.

Funeral services were held at the South Plains school auditorium Monday afternoon at 3 o'clock, conducted by Rev. R. C. Guest, assisted by Rev. Joiner.

Burial was in the Floydada cemetery. Pallbearers were Gilbert Bean, John Smitherman, Paul Snodgrass, George West, Raymond Upton and Lanton Lanham.

Survivors include his wife, four sons, John M. of Silverton, Roy B. of Carvallis, Ore., Glenn of Floydada and Lloyd of South Plains; four daughters, Margaret E. of Los Angeles, Calif., Mrs. Harry Hartman of South Plains, Mrs. Betty Jeffcoat of South Plains, Mrs. Lloyd Horn of Lubbock; two brothers, R. V. of Anahuac, Texas, and R. E. of Hayward, Calif.; two sisters, Mrs. Ed Dougherty of Port Lavaca, Texas, and Mrs. Will Proctor of Belton. Also 13 grandchildren survive.

Loretta Peugh Has Operation At Dallas

Miss Loretta Marie Peugh, 12-year-old daughter of Mr. and Mrs. Martin O. Peugh of the Lone Star community, was admitted to the Texas Scottish Rite Hospital for Crippled Children at Dallas for treatment on Wednesday, April 14.

She was scheduled to undergo an operation for stabilization of her foot on Monday of this week. Her mother accompanied her to Dallas and returned home the latter part of last week.

Loretta suffered an attack of infantile paralysis when she was 5 years old.

Irrigation School Set Here Today

The annual Floyd County irrigation school will start sessions here this (Friday) morning at 9:30 o'clock in the Plains Theatre. The school, which is an all-day affair, includes discussions by a number of outstanding agriculture men of this area. Lunch at noon will be through courtesy of the Lockney business men.

Sponsors of the school are A. L. Hartzog, county agent and the Lockney Business Men's club.

The following program will be followed:

9:30 Welcome address—
 9:45 "Irrigated Yields and Mechanical Harvesting of Cotton"—John Box, agronomist, Lubbock Experiment Station.
 10:30 "Grain Sorghum Breeding Work"—Dr. R. E. Karper, agronomist in charge of grain sorghum investigations, Texas Experiment Station.
 11:15 "Pre-planting Moisture Requirements for Cotton"—Ray Dickson, superintendent, Spur Experiment Station.

12:00 Lunch—Courtesy of Lockney Business Men's Club.

1:00 "Wheat Varieties and Yields"—Kenneth B. Porter, agronomist, Amarillo Conservation experiment station.

1:45 Fertilizers in Irrigation—Dr. A. W. Young, head, Department of Plant Industry, Texas Technological College.

2:30 "Weed Killers at Work"—C. E. Fisher, agronomist, Spur experiment station.

3:15 "Irrigation Lines and Application of Water"—Ray Grace, irrigation specialist, Soil Conservation Service.

In addition to the farmers of this area who are expected to attend, the veterans agriculture school at Floydada will attend and the local PFA boys with their instructor, F. L. Montandon, have been invited.

County Council Hears Good Reports

Members of the Floyd County Home Demonstration Council met in regular session Saturday, April 17, at 2:30 p. m. in the County Court Room. The chairman, Mrs. Carick Snodgrass presided over the assembly of twenty-one council members, three visitors and the County Home Demonstration Agent, Miss Lella Petty. Fourteen clubs were represented.

The enthusiastic reports of club presidents were proof of the interest which is being shown by club members in their work. They reported fifty-seven pairs of gloves completed or near completion as a result of a recent demonstration on leather work which was given by the agent, Miss Lella Petty.

Mrs. C. L. King, chairman of the Education-Expansion committee, presented final plans for a county wide tea which is to be given at 2:30 p. m. Friday, May 7 in observance of National Home Demonstration week.

Mrs. W. A. Lovell, member of the Exhibit Committee asked for an exhibit of gloves, comforts and drawn-work to be presented at the tea, May 7.

Announcement was made that members of the Floyd County Chorus would meet for practice next Saturday afternoon, April 24 at 2:30 in the basement of the Baptist Church. The chorus, under the direction of Miss Raymond Williams has been asked to give three numbers at the District II meeting of the Texas Home Demonstration Association which is to be held in Plainview, April 28.

Council members and officers present for the meeting were: Mrs. Carick Snodgrass, Harmony; Mrs. Hershel Green, Baker; Mrs. A. G. Cardinal, Baker; Mrs. J. V. Greer, Center; Mrs. M. J. McNeill, Center; Mrs. C. A. Caffee, Dougherty; Mrs. F. O. Connor, Friendship; Mrs. Mather G. r. Harmony; Mrs. John Lloyd, Homebuilders; Mrs. G. W. Smith, Lakeview; Mrs. J. E. Tierce, Lockney; Mrs. F. Holmes, Starkey; Mrs. R. I. Harless, Starkey; Mrs. W. A. Lowell, Sunnyside.

Longhorns Play Abernathy Here

The Longhorn baseball squad will take on the Abernathy high school nine here this (Friday) afternoon. The game will be played on the high school grounds just southwest of the high school.

The locals dropped a game last Friday to Floydada and one Tuesday to Ralls.

Grand Jury Returns Four Indictments

The Floyd County Grand Jury in session Wednesday returned four indictments, according to District Attorney John Stapleton.

Three of the indictments were against a woman named as Mozell Chowning who is now in jail at Floydada. She is not a resident of Floyd County and not related to anyone of that name in this county, Mr. Stapleton said.

Miss Chowning was indicted on one count of passing a forged check, one count of passing a hot check, and one count of swindling Commissioner Fred Clark of Precinct 1 out of \$50.

The woman has already been convicted in Wichita County of hot checking and given a two year jail sentence. Several other counties are wanting her. She was formerly a nurse in one of the hospitals at Lubbock.

Also indicted was Alfred Clanton of Quitman, Texas, on charge of passing a \$400 hot check to a Floyd County farmer for grain during last wheat harvest. Clanton is in the hospital for insane at Wichita Falls now, Mr. Stapleton said.

Farm Bureau Meeting Set For Friday Night

A county-wide meeting of the Floyd County Farm Bureau will be held at the courthouse in Floydada tonight (Friday) according to announcement by Ben Quebe, president of the organization.

Bill Tilson of Amherst will be the principal speaker at the meeting which will begin at 8 p. m.

Principal item of business on the calendar is the election of officers and the setting up of a county organization. All farmers, regardless of whether a member of the farm bureau or not, are invited and urged to attend the meeting.

Refreshments will be served and a general goodtime expected, Mr. Quebe said.

Meriwether Sells Interest To Harris

A. R. Meriwether, who has been in the real estate business in Lockney for 35 years, has sold his interest in the firm of Meriwether & Hall to E. R. Harris, he announced Thursday of this week. Mr. Harris, and Fred Hall will continue to operate the business in the same location, it was said.

Mr. Meriwether will continue to reside in Lockney and will do some trading, he said. He expressed his thanks for the nice business given him during the time he was in business.

Band In Final Concert Tonight

The final concert of the season will be presented by the Lockney High School band tonight (Friday) at the City auditorium under the direction of George Atwood. The band will be assisted in the program by the Lockney High School choral club, the girls chorus, George Moore, guest violinist from Lubbock and a number of grade school children.

At the conclusion of the program a new International freezer will be auctioned off by the Band Mothers Club. The freezer was donated to the club by Claude Hammond of Hammond & Co., local International Harvester dealers. A 7-foot Frigidaire refrigerator will be given away.

The following program will be presented:

Readings will be given by Lawana Ann Taylor, Gayle Rucker, Charlyne Brown, Loyce Morgan.

The band will play "Fair Way Queen" and the program will be concluded by the girls chorus leading the audience in the national anthem.

Rain Here Totals .38 Wednesday

Rain began falling again Thursday afternoon in spasmodic showers. Clouds continued heavy.

Enough rain to bring momentary relief from the drouth and a good promise of more was the story of moisture here Thursday.

Rain falling Wednesday afternoon and night totaled .38 of an inch according to the gauge kept by Hammond & Co., and heavy clouds hung in the sky Thursday promising more rain.

Although the moisture was probably too late to benefit dry land wheat, still farmers are needing a good ground season for row crop planting and are anxiously scanning the sky hoping that the rains will continue.

Floydada reported .25 inch of moisture and Plainview reported one inch. The rains covered most of West Texas.

Softball Players Asked To Meet

All those interested in playing softball are asked to meet at the ball park Sunday afternoon at 2 o'clock, according to Winifred Hargis. A number of games will be scheduled if a team can be organized, he said.

SULPHUR DUSTING BY AIR... This Bell 47-D utility helicopter is dusting a citrus grove near Houston, Tex., with sulphur. Until recently, dusting with sulphur had been considered highly dangerous. Now, however, aircraft of this model are permitted to do so, thus paving the way for expansion of helicopter dusting to Southwest states where sulphur is widely used to fight insects and disease.

Pot Luck Supper At South Plains

A pot luck supper and candidate speaking with games of "42" to follow is scheduled tonight (Friday) at South Plains. The Home Demonstration Club of South Plains is sponsoring the event, which will be held in the school auditorium.

Plates will be sold for \$1.50. Plenty of food and a good time is assured for all, the ladies said.

Grand Jury Warns Farmers Against Dishonest Truckers

TO THE CITIZENS OF FLOYD COUNTY

Your Grand Jury has recently had under investigation certain alleged law violations by a ring of truckers who have been operating throughout Floyd County and this area of West Texas. While the evidence so far obtained is insufficient to warrant the return of any indictments against any particular persons, it is sufficient to convince any reasonable man that the farmers of Floyd County have been defrauded of many thousands of dollars by illegitimate truckers within the past two years. Many instances have been discovered where truckers have bought grain and hay in Floyd County and then trucked it several miles down the State and sold it for the same price they had paid for it in Floyd County.

We think it reasonable to assume that these truckers made their profit, and a good profit too, by cheating the farmers of Floyd County on weights. We had before us a confession of one of the members of this ring which told of one of the truckers boasting that he made \$30,000.00 by his illegitimate operations last wheat season. Many others were able to buy big, fine automobiles and new trucks. This particular ring was making its illegitimate profits by cheating on weights, and the ways they have of doing this are so many and devious that they cannot be outlined in this report. However, the only sure way a farmer can deal with a trucker he does not know is to go with him when he weighs his empty truck across the scales and then stay with him until he has weighed the loaded truck back across. We know, of course, there are many honest truckers, and we would not want to hurt them, but our investigation convinces us there is a very high percentage of dishonest truckers operating in this area. Unless you know your trucker, you cannot be too careful in dealing with him, and we urge you to use every precaution.

Another matter we feel should be called to the attention of the farmers to be considered in dealing with unknown truckers is that of accepting checks. A great many hundreds of dollars were lost by farmers last year through bad checks. Our officers warn us that it will probably be worse this year unless the farmers use more precaution. It is just not safe to take checks from truckers you do not know. Find out before you load a man's truck whether he is going to give you a check, and if he is, ask him to accompany you to see your banker who can probably determine whether the check will be good.

The Grand Jury believes that honest truckers will not object to investigation. If a trucker objects to investigation, the wise thing to do is not to deal with him. This report is respectfully submitted in an effort to be of assistance to the citizens of Floyd County.

Hospital Expresses Thanks For Shower

We wish to express to the Lockney Business & Professional Women's Club and to the people of this area who responded so nobly, our sincere thanks for the very nice shower given to the hospital last Friday night.

The unselfish work of the B&PW members is responsible for the great success of the shower and to them goes our deep appreciation. To the people of the area we extend our thanks and promise that we will use your gifts to the best of our ability for the purpose you intended—for the relief of suffering.

Floyd County Co-Operative Hospital

DR. HESS WILL JOIN HOSPITAL STAFF JULY 1

Announcement was made at the annual membership meeting of the Floyd County Co-Operative Hospital here Tuesday that Dr. Wallace Hess, now of McKinney, had accepted a place on the staff of the hospital and would be here July 1.

An interesting fact about Dr. Hess is that he was born in Lockney. He is the son of Mr. and Mrs. Ivan Hess, former residents here but who now live in Amarillo. He is a grandson of Mr. W. L. Whitt and the late Mrs. Whitt, pioneer residents of Lockney.

Auditor Claude White of Lubbock reported to the membership on the past year's operation. His report showed the following interesting items: The hospital did a gross business in the fiscal year April 1, 1947 to March 31, 1948 of \$45,882.52, including all dues, hospital income and clinical services. Operating expenses totaled \$39,676.44 leaving an operating margin of \$6,206.09. This gross income does not include membership fees which are set apart for building and equipment.

Some of the larger items listed as operating expenses include: salaries, \$22,606.10; rent, \$1,505.00; depreciation, \$913.31; medicine and drugs, \$5,531.34; supplies, \$2,819.86; laundry, \$1,615.62; linens, \$490.17; food, \$1,614.34.

The auditor listed current assets including cash on hand and accounts receivable totaling \$20,161.67. Fixed assets, including land, equipment, etc. totaled \$11,034.64. Other assets, including organization fees and building in process were listed as \$5,109.61. All assets including deferred charges of \$187.71 totaled \$36,492.63. Net worth including membership fees, patrons equities and donated surplus totaled \$24,258.51.

The report showed that a total of \$11,082.65 had been expended for equipment for the hospital and clinic. Hospital officials report that another \$5,000 to \$6,000 worth of equipment is on order.

In the business session following the auditor's report, Berry Hooten and Hilburn Casey were re-elected to the board of directors of the hospital.

The membership voted to set the date for the collection of dues as Oct. 1 of each year. Dues now coming due at another time of the year will be adjusted to this date. The hospital will operate on a fiscal year of October 1 to September 30 hereafter.

The membership also voted to give the board of directors authority to set the date of the annual meeting some time during the month of December.

Reports to the membership stated that the new building is now in process of remodeling. Partitions are almost complete in the front building, the plumbing is nearly all in and work is expected soon to begin in installing the heating and cooling system.

It is expected that it will six weeks at least before the building will be ready to occupy.

County agent A.L. Hartzog was present and talked on the subject of rural health. He complimented the Floyd County hospital on the substantial growth made the past year and urged a continuation of the efforts to build a worthwhile hospital here.

W. C. Wisdom and sister, Mrs. Bernice Wisdom, accompanied their mother, Mrs. C. T. Wisdom to Lubbock Friday of last week where she is being treated.

Mr. and Mrs. Leslie Ferguson and Joneta, accompanied by Mrs. James Miller of Plainview, spent Wednesday in Amarillo.

DRAFT OR UMT?

Several million young people are now wondering just what influence the pending preparedness program will have on their personal destinies. An exact answer now is impossible but the trend of Congressional thinking is becoming clearer. The United States News recently published an excellent summing up of what is and what is not likely to happen.

First of all, the prospects for universal military training now are exceedingly dim. The idea of it goes against the grain of national sentiment and, from a purely political point of view, it is considered too hot to handle in an election year.

On the other hand, a limited draft has a better than even chance of getting by Congress. The armed forces have made a good case of their need for manpower, and Congress seems to be reluctantly coming to the conclusion that at least a temporary return to selective service is unavoidable.

If a draft law is passed, it will probably call for two years of service for those chosen. During the coming year, the forces will need about 900,000 men, of whom 720,000 will go to

SCHOOL DAYS

By DWIG

BARRELIN' MUS'RATS UP IN THE ALDERS

the Army. It is believed that voluntary enlistments will account for all but 220,000 of that number. That means that one out of each six young men who are eligible for selection will go into uniform.

The pending law will probably demand the registration of all men from the ages of 18 through 30. However, only those in the 19-25 age group will be called to the colors at this time. And a great many of these will be exempt. The exemptions will include veterans of World War II. If they saw a year or more of service, and high school students. It is expected that married men and industrial workers with important skills

and trades will be at least temporarily deferred by local draft boards, even though the law does not specifically exempt them from the draft. And physical qualifications will be substantially higher than they were in wartime when, as the saying went, anyone who could chew mush, see lightning and hear thunder was considered grist for the military mill.

The reserved both commissioned and enlisted, will be asked to volunteer for service, and a good many of them will be needed to train the new draftees. However, it is unlikely that those who do not volunteer will be ordered back into service. One rather curious anomaly exists here. Under the law, the Army reserves cannot be ordered to active duty for more than two weeks a year unless Congress declares a state of emergency. This is also true of the Air Force and Coast Guard reserve. On the other hand, Navy and Marine reserves can be ordered back by the President without Congressional action.

At the beginning, therefore, the probability is that the draft will affect a relatively small number of people, and place only a minor drain on the manpower resources of the country. It is possible that it will stimulate enlistments to the point where an even lesser number of men will have to be taken than I now anticipated. From the long-term view, on the other hand, the situation is not bright. It is unquestionably true that if the international situation continues to worsen, the military forces will ask for more and more personnel—and Congress will reluctantly go along with them. By the same token, an improvement in U. S.-Russian relations might lead to an early ending of peacetime selective service, and that is a hope which is almost universally held.

Substantially increased appropriations for national defense are now inevitable. It will cost between two and three billions a year to pay for the manpower jump in the armed forces. And look for very heavy appropriations for expansion of air force.

TRUTH STRANGER THAN FICTION

The public knows that the Federal Bureau of Investigation is a great deterrent to crime because of the efficiency with which it runs down lawbreakers. But too few know what an aid it is in noncriminal investigations that affect people in many walks of life.

In the mammoth files of the Identification Division of the Bureau in Washington, therefore more than 107,000,000 sets of fingerprints. Over 80% of such prints are in the non-criminal file which includes members of the armed forces, government employes, persons fingerprinted in applying for

jobs in important national defense plants, and persons who voluntarily had their fingerprints recorded as a means of identification.

A typical case is that of an old man who in April, 1946, asked the Los Angeles Police Department for assistance in locating two sons and a daughter from whom he had not heard since 1903. He believed his sons had served in World War I. An appeal was made to the FBI. In its files it found fingerprint cards bearing names and dates of birth reasonably agreeing with the information furnished by the father, together with information as to places of employment of the individuals in 1942 and 1943. The father was thus enabled to contact his sons, through whom he located the missing daughter. Three months after he first called on police, he gratefully acknowledged the help that had been given him.

This closed one of the thousands of incidents in which the FBI has helped in identification or location of missing persons.

Tulia Lady Gives \$50,000 To Wayland

From a pioneer plains family has come a \$50,000 gift to the Pioneers of Wayland College. Ivy Boggs, economic advisor for the college, revealed the life-long interest of Mrs. S. F. Flores, Tulia, in "the preachers down at Wayland", and the unselfishness of her pastor, Rev. C. G. Seawell, who contacted Boggs to arrange for the gift to go to Wayland, were responsible for the generous donation. The \$50,000 is from the personal estate of Mrs. Flores.

"I've wanted for a long time to do something for Wayland, and it looks like the Lord brought this opportunity," Mrs. Flores said to Wayland President J. W. Bill Marshall, when making the gift.

Mr. and Mrs. Flores both came to

the plains in the late 1880's and have lived in this area for 60 years. A prominent ranchman and former president of the Tulia bank, Flores started his first ranch with \$100 and 30 head of cattle earned while homesteading near Dimmitt.

Active workers in First Baptist Church, Tulia, Mr. and Mrs. Flores have made several substantial gifts to the church. These include a baptistry painting, a public address system with seven loudspeakers, and a receiver set for the hard-of-hearing in the congregation.

Mrs. Flores also gave a carillon bell system costing \$3,000 and an organ. Flores has made a large contribution for a \$110,000 educational building being erected by the church.

Edgar Allen Poe wrote the Fall of the House of Usher.

THE CITY BEAUTIFUL... Philadelphia, Pa., instituted a clean-up, paint-up, fix-up campaign come spring this year, and the first thing anybody knew there were crowds of people outside scrubbing the streets and sidewalks. Fired by the vision of a clean and shining city (maybe in anticipation of the forthcoming Republican and Democratic national conventions there) Quaker City residents shouldered brooms and buckets and went to work on the Philadelphia beauty treatment.

Card of Thanks

We wish to express our appreciation for your sympathy and kindness during the illness of our husband and father and we especially want to thank Dr. Foster and the nurses who were so helpful and kind. May God bless each one of you.

Sidelights From Washington

By George Mahon

Most West Texans will approve the action of the House of Representatives last week with respect to two important subjects, public roads and the U. S. Air Force.

The House approved a new three year public roads program to succeed the program which is now being completed. Under the new law a total of \$1 1/2 billion dollars will be expended by the Federal government over a three year period. The money will be spent in cooperation with the states for various phases of public road construction including farm-to-market roads.

The bill approved by the House for the Air Force provides funds for a total of 2909 modern military aircraft. An additional 1500 planes are provided for the Navy. The number of additional planes for the Air Force is far in excess of the number originally requested by the President. This increase was provided in view of the unsettled world conditions and refusal of Russia to cooperate in our effort to promote peace. I spoke in favor of the program for the expansion and modernization of the Air Force and served as a member of the committee which wrote the legislation and presented it to the House for action.

The passage of this legislation for an expanded and improved Air Force is one of the most significant and important steps taken by Congress since V-J Day. Undoubtedly the American people favor such a program. We had some difficulty in the House in securing passage of an important amendment but on final passage of the bill the House was almost unanimously passing the measure with only three dissenting votes.

HAVE YOU SEEN THE NEW

JOHN DEERE LINDEMAN LAND LEVELLER?

Come in and let us show you and tell you about this new machine. The tricycle design of this land leveller eliminates side tilting of the scraper blade because action of ground irregularities on the front wheels is applied only to the center of the machine which prevents tilting of the frame.

REAR BLADE POSITION

The blade of the land leveller is located well toward the rear. This is an exclusive feature that means better work because blade fluctuation is cut by 50% over the conventional design. At the same time this leveller gives you the same bridging effect of machines which are 50% longer. Less weight, less original cost and lower power requirements are other direct advantages of this design.

Edward Davis Weds Maggie May Jones

Miss Maggie May Jones, daughter of Mr. and Mrs. Dock Jones of South Plains, became the bride of Edward O. Davis, son of Mr. and Mrs. M. O. Davis, in a ceremony performed Saturday, April 10, in the home of Rev. H. B. Hill of Plainview.

Attendants were Gladys Hall of Plainview and Jim Bert Bobbitt of Sterley.

The bride was dressed in a tan linen suit with red accessories. Miss Hall wore a gray suit with red accessories.

Mrs. Davis is a graduate of Silver-

ton High School with the class of 1945. The family formerly lived in the Lone Star community.

Mr. Davis is a 1940 graduate of Lockney High School. He served three and a half years in the Army Air Corps during World War II. He is employed here at Pennington Motor Co. and also drives a school bus for the Lockney schools.

After a brief wedding trip to Amarillo the couple are home in Lockney.

RETURN FROM TRIP

Mr. and Mrs. Payton Powers returned the past week end from a two weeks vacation trip to Austin, Dallas, Fort Worth, Mineral Wells, Stephenville and other points in East Texas.

Mrs. Kenneth Thornton Is Shower Honoree

Mrs. Kenneth Thornton, the former Sue Jane Blendon, was named honoree at a bridal tea, April 14 in the home of Mrs. W. A. Stearns of the Pleasant Valley community.

During the afternoon Miss Joyce Carthel entertained with piano music and Miss Mary Louise Manning read.

The serving table was covered with a lace cloth and decorated with seasonal flowers and a crystal punch service. Mrs. R. L. Pope presided at the table. Seasonal flowers, were placed at vantage points throughout the entertaining rooms.

Hostesses for the occasion included Meses. Loran Reece, Arthur Roberson, Barney Manning, W. A. Stearns, R. L. Pope, Glen Watson, and Luther Rhine.

Approximately seventy-five guests called or sent gifts.

Mrs. Ross Cooper Honored At Tea

Mrs. Ross Cooper, the former Kathryn Hall, was honored with a bridal tea shower Tuesday afternoon from 3 to 5 p. m. in the home of Mrs. Ed Chandler.

Assisting Mrs. Chandler as hostess were Meses. Harmon Handley, Leslie Ferguson, Hilburn Casey, R. L. Hearne, B. L. McAninch, Arthur Roberson, C. L. Record, Jack Jernigan, Delbur Rose, C. H. Rose, Clarence McCandless and Carl Chandler.

The entertaining rooms were decorated with red roses and seasonal flowers. The refreshment table was decorated with an arrangement of lilacs and bridal wreath in a large glass basket tied with a white satin bow and resting on a crocheted center piece. Assisting with the serving were Mrs. Handley, Mrs. Hearne, Mrs. Casey and Mrs. Ferguson.

Mrs. Clarence McCandless presided at the bride's book. Mrs. B. L. McAninch and Mrs. Jack Jernigan, presided in the gift room.

A large number of friends called or sent gifts.

Large Crowd Attends REA Meeting

With perfect weather, farming operations not too rushing, and the prospects of seeing a nice display of electrical merchandise, combined to give the co-operative the largest attendance ever experienced in their 10 years of operation.

Beginning at 10:30 a. m. members and visitors were able to see a display and demonstration of every ordinary electrical household device. Some 14 electrical appliance dealers cooperated to furnish the best showing of electrical merchandise that Floyddada has ever witnessed. With the exception of the business part of the meeting, the entire day was devoted to the demonstration and showing of appliances.

There was no official count made of those attending, but various conservative estimates place the figure between three and four thousand people.

The business session was attended by upwards of five hundred members from parts of a five county area served by the cooperative. The members made two changes in the Board of Directors to serve the cooperative for another 12 months. In District Number 1, W. H. Ratheal, McAdoo, was replaced by W. L. Keith, of the Wake community. In District Number 5, T. E. Cowart, Lockney, was replaced by J. B. Johnston, Sr., of Lockney. Those re-elected for the year were Mal Jarboe, Lee Trice, Walter Patterson, J. S. Lackey, and A. M. Battey.

After reports of the president, secretary-treasurer, and manager, Capital Credits plan was discussed by Howard Helmers of the R. E. A. and project attorney, W. E. Grimes. A resolution was adopted authorizing the Board of Directors at their own discretion to take action upon the Capital Credits plan.

A board meeting followed in which the following officers were elected:

President, Mal Jarboe; vice-president, Walter Patterson, secretary-treasurer, Lee Trice.

Frank C. Cole Passes Away

Frank C. Cole, a pioneer resident of Lockney and this vicinity, passed away in Canyon hospital last Thursday. Mr. Cole had been ill for two and a half months previous to his death.

Funeral services were held at the graveside in the Lockney cemetery Saturday afternoon at 3 o'clock, conducted by Rev. E. J. Cobb.

Mr. Cole was born on November 13, 1871, in Damascus, Virginia, being 76 years, 5 months and two days old at the time of his death. He came to Texas with his parents in 1889. The family settled at Vernon, Texas, and four years later moved to Lockney where he resided until 1936 when he moved to Canyon.

He was a charter member of the Lockney Baptist Church. He was preceded in death by his wife on December 7, 1928, and by one daughter, Vivian on August 9, 1943.

Survivors include two sons, Levi and James; three sisters, Mrs. M. E. Lewis of Martinez, Calif.; Mrs. Martha Alley of Santa Ana, Calif.; Mrs. Mary A. Barnett of Canyon; two brothers, Guy C. Cole of Canyon and Jessie R. Cole of Damascus, Virginia; two grandchildren, Bobby Cole of Canyon and Frances Jo Bowen of Fullerton, Calif.; several nephews and nieces and a host of friends.

Ted Crager's Own Composition Played At Recital Thursday

Ted Crager, son of Mr. and Mrs. Arch Crager of Lockney, and now a student at Texas Technological College, Lubbock, has become a music composer. One of Ted's compositions, "Pastel Moods" was played by The Plainview High School band in a concert last Thursday night. Ted was the guest director of the composition.

The number was given its first presentation at Palestine by the Texas Tech band on tour with Ted also directing it there. J. E. Davidson, director of the Plainview band stated that Ted shows a lot of talent.

Ted is completing his musical education at Tech. He is a graduate of Plainview High School and attended high school here previous to entering at Plainview.

Barbecue Planned By Floydada Lions

The Lions Club of Floydada is sponsoring a farmers and business men's barbecue to be held at Western Field in Floydada on May 6 starting at 7:30 p. m. according to announcement this week by Lions Club officials.

Principal speaker for the occasion will be Dooley Dorsey, president of the Second National Bank of Houston. His subject will be "Save the Soil and Save Texas." Mr. Dorsey is one of the outstanding figures in soil conservation in Texas.

Plaques will be presented at the meeting to outstanding farmers in soil conservation and also to soil conservation districts of the county.

Music will be furnished and a general good time promised those attending. It was said. Plates are \$1.00 and tickets may be secured from any member of the Lions club.

Hospital Shower Is Huge Success

The "Fun Frolic" and hospital shower held at the City Auditorium last Friday night was a huge success. Not only did the hospital benefit from the many useful gifts brought to the shower but the large audience greatly enjoyed the program of the evening. If applause was any indication.

The program made up mostly of humorous skits, readings and songs, was applauded freely. It was wound up in good order by the very comical "Womanless Wedding" put on by the local Legion post.

Among the many gifts given to the hospital was a pledge from Mr. and Mrs. Bud Brunner to furnish the furniture for one hospital room. This brings the total pledges to furnish a room to eight.

Other donations included: 56 sheets 75 towels, 32 pairs of pillow cases, 20 huck towels, 41 wash cloths, 2 electric clocks, 2 skillets, 2 wool blankets, 3 electric heating pads, 9 pillows, numerous other items and a total of \$63.45 cash.

Mr. and Mrs. Floyd Jackson and Betty, Mr. and Mrs. A. M. Jackson, Judy and Lynn, and Mrs. J. W. Jackson all attended the wedding of Miss Bobby Childress to Mr. Jayson Allen which was performed in the Presbyterian Church at Tulia Saturday night.

Guests in the home of Mr. and Mrs. Floyd Jackson of Lone Star Sunday were Mr. and Mrs. Buck Sams, Mr. and Mrs. Marvin Sams, Mr. and Mrs. Eb Rankin, Mr. and Mrs. Tom Rankin, Mrs. Theo Griffith.

WHERE FIRE PREVENTION SHOULD BEGIN

Any long range fire prevention program which will get results must include educational work in the school systems. Traffic safety instruction is part of the curricula of most modern schools. Fire safety is equally important.

The work should begin in the early grammar grades, and be carried on to the university level. In many instances, it could be profitably and interestingly combined with other instruction. It is susceptible to dramatization. It could be varied from season to season. For the Fourth of July, as an example, the dangers inherent in improper use of fireworks,

and the fire carelessness of picnickers and campers could be stressed.

The basic attitudes we carry through life become established at an early age. A child who has been given entertaining, intelligent instruction in fire hazards and their elimination will soon develop ingrained habits of carefulness and attention to dangers. He will turn into the kind of adult who doesn't take stupid, unnecessary chances. He will grow up equipped to play a continuous part in the fight against a relentless destroyer, suited to our schools.

Based on the trailer-truck principle, the plane will be capable of flying with or without its fuselage. Since the packs can be constructed in several different shapes, they present numerous possibilities for the transport of supplies and personnel. Such facilities as flying surgical units, portable mess sections and statistical control units can be designed without a detachable fuselage.

Lockney High

By Martel McDonald and
Glynn Earle Narman

We might as well start off this week's Lockney High with news of the Senior play as anything else. It has much promise and under the able direction of Mrs. Thomas it will probably be a success. As you know it is called "Feeding in the Hills" and it is a story of the Martins and the Pruitts who are blood enemies from generations back. There is a lot of corn and a lot more laughs in store for all of you who attend. Don't forget May 7.

Joe Keeter and Joyce Carthel went to Canyon Friday to represent Lockney in the Queen's Court and Personality Pageant, Lockney was one of the

20 schools from which participants were invited.

The annual Junior-Senior banquet will be held in the Grade School lunchroom Saturday night, April 24. This banquet has been under supervision of Miss Annie Lou Harris who is Junior class sponsor. We Seniors are anticipating a night of merriment which we will remember long after we leave dear old LHS.

The track team is entering regional meet in Lubbock tomorrow as a result of placing third in the district meet at Floydada two weeks ago. This was an exceptional showing as Lockney's participation in track for the last few years has not been stressed. Bob Logan is entered for a lap in the mile relay. Bob Carthel is entered for the broad jump, mile relay team and the 220 dash. Glen Worsham is entered in the broad jump, 110 high hurdles, lap in the mile relay, Jack Cole is entered in the mile, DeJuan Strickland is entered in the mile relay and Larry Godfrey in the 220 dash. These boys are expected to run up against some stiff competition as most of the Class A schools in the Panhandle are entered. Winners will go to Austin to the State Meet.

Edwin Langford is entered in the ready-writing contest at which he won first place in the district meet. Bobbie Lou Casey, Mary Louise Manning, and Edwin Langford are entered in the typing contest.

Probably the shortest, most informed hike I take is to school each morning. To begin the narration: I leave via the backdoor, bidding a fond, last, farewell to kitty, who is in definite sympathy with me and expresses it eloquently by murmuring "Meow!" My wandering path takes me through a street primeval, past trees imbued with the new life of spring. The sounds of last, short minutes of freedom running out, my feet reluctantly trudge on. Then!!! behold the tree lined av-

enue which leads to the place of my confinement. Bold, dark battlements frown upon me from dizzy heights; mentally I can see lightning playing about ramparts of the super-juggernaut structure. The welcome mat is out; the drawbridge no longer draws to keep away enemies which include post graduates, hooky players, and babbling idiots. Fellow sufferers are now approaching the entrance, which yawns like an unguarded cavern before these glazed eyes of mine; some have been known to break down, only the hardest can take four years of it. My hike draws to a close as the portals open to admit me, and I dream of that last hike, May 28.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging headaches, persistent backache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Doan's Pills, Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

TELEPHONE "CAPITALISTS"

*250,000 Telephone Employees
Are Buying Telephone Stock*

They work for the telephone company and they are buying American Telephone and Telegraph Company stock through regular payments out of wages—in accordance with a special company offer.

All regular Bell System employees who had six months' service on August 31 were eligible to participate, except officers of A. T. and T.

More than 13,000 of these tele-

phone men and women work for the Southwestern Bell Telephone Company.

They have a stake in the business beyond their jobs. They are partners as well as employees.

These are the "capitalists"—hundreds of thousands of them throughout the United States—who help to make the telephone company a good company and America a great country. "It could only happen here."

Weekly SURPLUS NEWS WAA

The War Assets Administration hoisted a stop sign at all surplus industrial real property installations this week. The freeze on this type of war surplus came as a result of a request by the joint army-navy munitions board...

GARDENIA TIME . . . Down South in Cypress Gardens, Fla., Alice Mooly gathers fragrant white gardenias. Here America's Gardenia Festival is held every year when acres of the flowers bloom.

Next on the schedule of WAA's surplus housing sales will be an offering of 267 Pampa Army Airfield buildings. And people making inspection of the buildings with an eye to future dwellings will be aided by a new WAA brochure containing scale-drawn floor plans for the low cost conversion of barracks into two and three bedroom homes.

World War II veterans will get first crack at some surplus consumer goods during a War Assets clearance of Love Field, Dallas, on April 28, 29 and 30. Merchandise stored in Lockheed Hanger No. 1 includes cash registers, office desks, truck tires and nails among a variety of other equipment.

One place where war surplus is being put to valuable, novel usage this month is the Veterans Administration hospital at McKinney War veterans now patients in the hospital there are filling their waking hours with radio listening over a unique three channel bedside hookup system, first of its kind in the country.

LIGHTNING STRIKES TREE, SHOCKS TWO

In the wind flurry which struck here late Monday afternoon, lightning struck a large elm tree in the front yard of the Fred Hall home and jolted Mrs. Hall and also Claude Hammond, who lives next door. The bark on the tree was split and the dirt around the roots rumbled up. It is feared that the tree will die. Neither Mrs. Hall or Mr. Hammond were hurt.

Mr. and Mrs. Mitt Bullard of Lub- bock were among the out-of-town relatives attending funeral services for Frank C. Cole here Saturday after- noon.

Soil Conservation District News

The Floyd County Soil Conserva- tion District is making plans for their annual tour on Thursday, May 6th. A free barbecue will be held at the Lockview Farm during the noon hour. A few stops are planned before the barbecue and a few in the after- noon.

The Soil Conservation Service technicians assigned to the Floyd County Conservation District have set a high point for an irrigation well on the R. I. Teeple farm south of Floydada which has recently been purchased by E. W. Turner.

The technicians recently ran lines for B. R. Childers of Aiken and D. S. Patty, southwest of Floydada, for row crop watering.

Lines and row directions have been run on the Lon Davis, Jr. and Joe Brown farms southwest of Floydada and for J. B. Stevenson and Charley Merriek of the Lone Star community.

Lines to water wheat were run for W. E. Sims of South Plains.

J. W. Moore of Aiken has had lines run to water improved pasture and barley.

An elevated ditch was staked for Lee Pope.

Mr. and Mrs. R. T. Spence visited her mother, Mrs. F. A. Ellison at Kil- leen over the week end. They were accompanied by Mr. and Mrs. Charles Ellison of Plainview. On the return trip they spent Monday afternoon and night with Rev. and Mrs. Raymond Spence at Fort Worth.

Mrs. J. B. Harris of Belen, New Mexico accompanied her daughter, Mrs. Arthur Roberson, and Mary to Lockney for a visit Tuesday after the local people had spent ten days visit- ing in New Mexico.

Mrs. Harve Pennington was taken to the Plainview hospital Tuesday for treatment.

Mr. and Mrs. Norvel Raper were in Plainview Tuesday.
