

Floyd County Soil Conservation Dist. Wins Third Place

Lubbock, Texas, May 13, 1948.—Taking care of the land is a lifetime job.

The men who are taking the lead in this lifetime job—real heroes of the land—are to be honored at Lubbock on May 25. They are the winners in the Panhandle and South Plains regions of Texas in the "SAVE THE SOIL AND SAVE TEXAS" awards program—a campaign launched by the Fort Worth Press three years ago to bring long-lacking recognition to the leaders of soil conservation in Texas.

The winners in the Panhandle and South Plains regions are outlined below: Hale County Soil Conservation District, 1st Place; Crosby County Soil Conservation District, 2nd Place; Floyd County Soil Conservation District, 3rd Place; Moore County Soil Conservation District, 4th Place.

These soil conservation districts were among the 35 districts of the region which competed for the awards. The selection of winners for the awards and prizes, was based upon percentage of accomplishments of the work outlined by the districts for 1947.

The Dougherty Group, of Floyd County, was the first place winner in the region for its accomplishments of 1947 plans of soil conservation work in one community.

James A. Bobbitt of Sterley was named the outstanding farmer of Floyd County.

Perry H. Browsler, Kress, Texas, was the outstanding farmer within the region and was found to have accomplished more on his individual farm in 1947 than any other operator in the Panhandle section of Texas.

Marvin Carlile, Talia, Texas, was the individual not directly connected with soil conservation work but who contributed more of his time and services toward having such work done on the surrounding farms and ranches.

The program also provided for young people and attempted to emphasize the importance of soil conservation work to them by offering prizes for the best essay on soil conservation. Charles Hudgens, of Crowell, was the winner in this region. His essay was one of the 4,000 entered in the contest this year.

Awards to be Presented

The awards, amounting to \$1200.00 cash prizes and 29 plaques are to be presented to the winners in the 51 county area at a meeting at the Hilton Hotel in Lubbock, at 1:30 P. M. May 25. Mr. Walter R. Humphrey and Mr. Bill Durham, Editor and Regional Editor, respectively, of the Fort Worth Press are to present the awards. Other interesting speakers are to appear on the program and invitations are being extended to all bankers, implement dealers, farmers, ranches and agricultural workers of the area to attend the meeting.

This is the second year that the program was conducted on a state wide basis and participation has covered soil conservation districts in every section of the state. Total awards throughout the state will amount to \$13,900.00 this year. Four other meetings, similar to the one at Lubbock, have been and will be held during May. The state winners attended a meeting at Fort Worth on May 1, 1948.

Soil Conservation District News

The Soil Conservation Service technicians assigned to the Floyd County Soil Conservation District ran some ditch lines and gave row directions for Ray Pinner of Lockney, who is farming land belonging to W. C. Price.

An elevated ditch was staked out for Richard F. Stovall, which is to be built by a County machine.

The Soil Conservation Service crew ran lines for T. J. Cardinal to water wheat and row crop land on the Cecil Hagood farm Southeast of Floydada.

A high point for an irrigation well was set for Oscar Golden on the Obenhaus land north of Aiken.

The Soil Conservation Service farm planner went over Bailey Hendersons farm with him last week. Mr. Henderson is irrigating some summer fallowed wheat with ditch borders, using water from a neighbors well.

A contour irrigation system has been laid out for Leonard Smith of McCoy. Mr. Smith expects to plant milo in twenty inch rows.

Mrs. T. J. Honea, Mr. and Mrs. L. M. Honea attended the Ed Reagan funeral in Petersburg Tuesday.

Mrs. M. M. Day Dies At Clovis, N. M.

Mrs. Marion M. Day Sr., a Floyd County pioneer, passed away at the home of her daughter, Mrs. Marvin R. Jones in Clovis, N. M. Wednesday evening at 6:45. She had been ill about four years.

Funeral services will be held at the Main Street Church of Christ in Lockney today (Friday) at 2:30 p. m. Otis Johnson of Floydada will be in charge. Interment will be in the Floydada cemetery.

Mrs. Day was born in Coryell County, Texas, May 28, 1871. She came with her family to Floyd County in 1885 and settled on Ranning Water Draw, about 7 miles south of Lockney. Her father, the late J. Q. Johnson, was among the first settlers in Floyd County.

It is believed that she and her husband were the first couple married in Floyd County after the county was organized. They were married in May, 1890. They lived in Lockney from the time of their marriage until Mr. Day passed away in November, 1940. Mrs. Day then went to live with her daughter.

Ten children were born to the couple, eight of whom are living. Survivors include the following children: Wiley J. Day of Albuquerque, N. M.; Arthur B. Day of Fritch, Texas; Marion M. Day of Carlsbad, N. M.; Mrs. C. K. Brumley of Houghton, Kansas; Mrs. W. E. Muncy of Portales, N. M.; Mrs. E. J. Yearout of Carlsbad, N. M.; Mrs. Marvin R. Jones of Clovis, N. M.; Mrs. Floyd B. Sims of East Vaughn, N. M. Seventeen grandchildren and five great-grandchildren, a sister, Mrs. John Pawver and a niece, Mrs. Maud Hollums of Floydada also survive.

Leroy Morrison Chosen Soldier of the Week

Hickam Air Force Base, Oahu, T. H., May 5.—Private First Class Leroy Morrison, 19, son of Mr. and Mrs. Roy J. Morrison of Lockney, was named Soldier of the Week when his organization, the 1st Air Police Squadron, Pacific Air Command, was inspected.

He was selected by his commanding officer for his outstanding appearance and soldierly bearing. The honor carries the distinction of being honor guard for Major General Ralph H. Wooten, commanding general of the Pacific Air Command for a week.

Pfc. Morrison enlisted in the U. S. Air Force on Sept. 21, 1946 at Oklahoma City, Okla., and arrived in Hawaii on Jan. 5, 1946 from Camp Stoneman, Calif. Assigned to duty with the military police at Wheeler Air Force Base, Oahu, T. H., he was promoted to private first class on April 1, 1946.

In civilian life, Morrison attended Franklin School at Oklahoma City, Okla., and graduated from Southside School at Altus, Okla. Previous to enlisting, he was employed in Oklahoma City.

Dr. And Mrs. Greer Move Back To Lockney

Dr. and Mrs. N. E. Greer who have made their home in Mineral Wells for the past year, moved back to Lockney this week. They have purchased the Guthrie home on West First street and will remodel the house completely. It was reported.

Dr. Greer practiced here for many years until his health forced him to discontinue his practice. The many friends of the couple will be happy to see them return to Lockney.

W D. Adams Asks For Sheriff's Office

To The Voters of Floyd County:

I wish to announce my candidacy for the office of Sheriff of Floyd County. I am 59 years old and have lived in Floyd County six years, spent 51 years in Collin County and 2 years in Fannin County.

I have never asked for a public office before and have never wanted to seek one before. However at this time I see the need for the strict enforcement of the law in this county without favor and if I am elected to this office I will carry out that policy to the best of my ability and to the fullest extent of the law.

I have been in the service station business in Lockney for the past 5 1/2 years and have a wide acquaintance in the West part of the county.

I elected the employees of the sheriff's office will be above moral criticism.

I invite you to investigate my character and my honesty, from people who know me. I will give this office my entire time and thought if you see fit to elect me. I will deeply appreciate your vote.

New Officers And Directors are Selected

Notification of the final approval of a charter for a new bank in Lockney was received this week from the Comptroller of Currency in Washington, D. C., by W. A. Waldrop, president of the new institution. The charter has been issued and mailed. Mr. Waldrop was informed. It is expected here the latter part of the week.

The new bank has purchased the assets of the First National Bank of Lockney from Artie Baker and will also assume the payment of all deposits and all other liabilities of the old bank. The bank building, equipment and fixtures have been purchased from the First National Company and the new bank will continue business in the same location.

All deposits in the new bank are guaranteed by the Federal Deposit Insurance Corporation as they have been, Mr. Waldrop announced.

The First National Bank in Lockney will take over the operation of the business on June 1, it was said.

Negotiations for the sale of the bank and the organization of a new one started between Mr. Waldrop and Mr. Baker on last December 8, it was said. The negotiations were consummated this week with the approval of the transaction by the government agency.

A meeting of the stockholders of the new bank was held on May 5 at the Plains Theatre here and the following directors elected: Ed Whitfill, L. A. Cooper, Frank Perkins, H. L. Stowe, Ben Quebe, Oliver Savage, Chester E. Beardsley, W. A. Waldrop.

The directors in a subsequent meeting elected the officers of the new bank as follows: W. A. Waldrop, president; Ed Whitfill, vice president; Mary W. Waldrop, vice president; Chester E. Beardsley, cashier; June Pybee, assistant cashier.

Mr. Beardsley has been in the banking business in Cleburne and Odessa for 15 years. He will arrive here next Wednesday to assume his position with the bank. Mrs. Beardsley is a sister to L. M. Honea of Lockney, it was reported.

New furniture and fixtures have been purchased for the new bank and will be installed within 60 to 90 days. Mr. Waldrop said.

Stockholders in the new bank include 67 leading men of the Lockney area, it was reported.

Baker To Stay Here. Artie Baker, who has been president of the old bank for many years, will continue to keep an office in Lockney, he stated Thursday. He will continue his pump company here and his farm loan business.

Fourth Sunday Singing At Methodist Church

The regular Fourth Sunday Singing will be held at the Lockney Methodist Church Sunday afternoon starting at 2:00 o'clock instead of the City Auditorium, it was announced this week.

F. F. A. News

In the Vocational agriculture judging contest held recently at Texas Tech, a cotton classing team composed of Eugene Tanahill, Thomas Bloxom and Gene Collis won fifth place out of ten teams. Eugene was fifth high individual in the group of 30 boys who participated in the cotton contest.

The local F. F. A. Chapter plans to send at least two representatives to the National F. F. A. convention at Kansas City next November. In order to do this the boys are starting a magazine subscription campaign.

The Southern Agriculturist magazine has agreed to pay the expenses of one boy for the trip for each \$100 worth of subscriptions sold by the chapter. The magazine can be had for five years for \$1.00 or for 10 years for \$2. The chapter also gets 29% of

all the subscription money.

A power sprayer has been purchased by the Vocational Agriculture department and is now being used by the boys. This sprayer is to be kept in use throughout the summer and it is hoped that much of the bindweed in this district can be brought under control. The cost of each application of 2-4-D is estimated to run about \$10 to \$12 per acre.

250 Farmers Attend Soil Tour

Approximately 250 farmers, business men, vocational agricultural students and agricultural workers attend the Floyd County Soil Conservation annual tour sponsored last Thursday, May 6, by the Soil Conservation District and County Agent. Part of the group started from Floydada about 9:30 and proceeded to Lockney to meet a group from that vicinity. The group enjoyed a barbecue at Lockview Farm at noon, which was a courtesy of Lockview Farm and the District Board of Supervisors. County Agent A. L. Hartzog acted as master of ceremonies through the day.

At the first stop Leslie Ferguson discussed his improved pasture mixture and remarked that his fall planting was better than spring seedling. He thought it very desirable to have two or more pastures so that one can be watered and allowed to grow while another is grazed.

G. D. Russell pointed out that his terraces have protected the sloping land as well as save the rich flat land that was being damaged by gullies before the terraces were built. He stated that his vetch had done well, considering that it had not been irrigated. His irrigation well was out of operation and if the vetch had been watered he thought he would have twice the top growth.

A short stop was made at the G. F. Wier farm to view a spring planting of alfalfa seeded with barley nurse crop.

Carl J. Muench, Engineer for the District, discussed ditch border irrigation on wheat land at the S. R. Jones farm. He noted that Mr. Jones had little or no trouble irrigating and it was watered uniformly. Part of the wheat had an application of nitrogen fertilizer, while other did not. The fertilized wheat was thicker on the ground and had a better color.

Ben Quebe discussed the wheat variety demonstration on his farm. His remarks were supplemented by Mr. Hartzog who discussed advantages and disadvantages found in various wheats, with emphasis on mill quality of each variety.

During the noon hour R. G. Dunlap, Chairman of the board of supervisors of the District, presented the cash awards to the vocational agriculture boys' winning the window display contest sponsored by the Soil Conservation District. Bob Stewart, Manager of Lockview Farm, discussed operations of that farm.

After the barbecue at noon, the tour was resumed by viewing a field of vetch at Lockview planted in volunteer wheat. Superphosphate had been applied and it has been irrigated, resulting in rank growth.

The second stop of the afternoon was made at the Oscar Golden farm to see an improved pasture. Mr. Golden stated that he is well pleased with his pasture and that he intends to increase the acreage.

A field of vetch on the E. M. Sewell farm and another belonging to Buck Sams across the road were compared. One was being grazed and the other has not.

A controlled grade irrigation system on his rolling cotton land was discussed by Khea Mitchell. He remarked that his field had been very troublesome to water before this system was laid out. The ditch was run on flat grade while the master row was run on five inch fall to one hundred feet. Mr. Mitchell stated that he practiced pre-planting irrigation on rolling row crop land as it is hard to water after cultivation. The land has recently been planted to cotton and fertilized simultaneously. He left a small area unfertilized so that he can compare the value of fertilizing.

Bindweed control work was observed and discussed on the R. C. Mitchell farm. It had recently been sprayed

with 2, 4-D, but had not had time to have much effect.

Ralph R. Cogdell, Work Unit Conservationist in the Floyd County District, lead a discussion on knot grass at the Clark Harris farm. It appears that this grass has some merit for future use in lakes and wet sites.

A spray irrigation system was in operation in an improved pasture on H. R. Pattersons farm. Mr. Patterson gave a very interesting discussion on its operation and uses. Several questions were answered as to the cost, ease of moving, amount of water that can be sprayed, types of land most successfully used on and other information.

A Mother's Day Letter

The following letter was written by Mrs. H. G. Walton of Center Point, Texas, to her mother, Mrs. J. J. Harris of Lockney. Because it so well expresses the Mother's Day thoughts of us all, we reproduce it here with Mrs. Harris' permission:

"Dear Mother:
"Mother's Day has come again. I want to send a special love message to the dearest mother in this world. You have given your very self to me and the other children and to all those who have needed help along the way.

It is literally true you have given yourself that others might be happier. Life has been much richer for many people, because you have given so much. Now that the evening years of life have come, as they surely must come to all of us, may God, our Heavenly Father, give you a peace and contentment in your inner life that only God can give one who has lived so fully and so sacrificially for others.

Truly the world has been made richer and happier by the life you have lived thus far. May the sunset years be happy ones for you, though you can not be as active as you would like to be. God alone can give strength and patience to endure the long quiet days that are yours.

How I wish I were close enough to run in each day or at least each week and do some things for you that would bring happiness to you. I do hope that you and Daddy can come down and stay with us a good long while a little later in the summer. You and Daddy together made such a wonderful

Christian home for us. There are many tender memories of the joys we knew there together as we were growing up.

The Christian lives of each of you through the years and today are a help and inspiration to me. God has been so good to me in giving me a Christian home as a child and through the years in my own home, a husband and two wonderful boys that are giving themselves to Christian service. Truly the lives have fallen for me in pleasant places and too, I have two little angels that beckon us up there.

love,
Lois

FOUR FOREIGN STUDENTS ARE ON TECH HONOR ROLL
LUBBOCK—Four out-of-state, out-of-nation students at Texas Technological College were listed on the college's fall honor roll, the Registrar has announced.

The honor student farthest from home is Isik Pinhas, son of Pinaset Pinhas of Istanbul, Turkey. He is a senior engineering student.

Two of the group are from Mexico City, Mexico, and are junior and

sophomore engineering students respectively, Carl E. Schmidt and Joseph Yakim.

The fourth is Jorge E. Padilla of Alajuela, Costa Rica, a senior engineer.

More than 90 regular Navy and Naval Reserve officers have been assigned as Navy Liaison officers for Scouting, assisting and instructing American Sea Scouts in nautical subjects.

Mrs. Foster To Attend Natl. Club Meet At Portland

Mrs. Joe Foster left Lockney last Friday to join a party of New Mexico Club women for National Women's Club Convention in Portland.

Three club women of the Pecos Valley of New Mexico in her immediate party, expect to leave for an extended tour in which they are to visit the Hawaiian Islands, Alaska, and points of interest on the West Coast.

On the tour will be Mrs. Foster of Artesia and Lockney, Mrs. C. R. Blocker of Artesia, and Mrs. William Glassier of Carlsbad.

Mrs. Foster, president of third district and vice-president of New Mexico Federation of Women's Clubs has made an outstanding record in club work. Mrs. Blocker and Mrs. Glassier are, also, active in clubs and social circles in New Mexico.

They expect to fly from El Paso the morning of May 17, and were to be met next morning in Honolulu by Mr. and Mrs. James H. Jones, brother-in-law and sister of Mrs. Foster, who have made reservations for the party at the Royal Hawaiian Hotel, one of the finest in the world. Plans are under way for Mr. and Mrs. Jones to show the visitors everything of interest possible during their week on the island.

The party expects to return to the states and on to Portland, Ore. for convention May 24-29.

After the convention, Mrs. Foster and Mrs. Blocker will be joined by Mrs. Mauree McLee and Mrs. A. A. Kementz of Hobbs for a twelve day Cruise to Alaska, returning to the states for the Rose Festival in Portland, a day in Victoria and on to Vancouver, B. C.

Mrs. Foster expects to fly from Portland to Plainview to join Mr. Foster and her two children, Eddie Joe and Betty Jean, in time for wheat harvest.

Mrs. Foster is, besides her Woman's club work, President of Council of Church Women and been elected delegate to Milwaukee National Convention in Nov.; President of Council of Club Presidents composed of Presidents or leaders of all ladies organizations and Lodges in town; President of Study Club, and past President of most other organizations she belongs to. Besides the above mentioned she is a member of P. T. A., Eastern Star, White Shrine, Band Aides, American Legion Auxiliary, Rebeccas, Literature Club, Garden Club and Methodist Church.

May 8, 1911, has been selected as the official birth date of U. S. Naval aviation. It was on that date that the order for the Navy's first aircraft was placed with the Curtiss Company.

County Council Has Meeting Sat.

Fifteen clubs were represented when the Floyd County Council members met in regular session Saturday May 15 in the County Court Room. The chairman Mrs. Carrick Snodgrass presided over the group of 24 members, three visitors and the county home demonstration agent, Leila Petty.

The reports of the club presidents showed good attendance at the regular club meetings during the month of April and that the clubs are carrying out one of the recommendations of the Education Expansion committee by entertaining their neighbor club.

Mrs. John Lloyd, chairman of the Marketing committee reported that pineapple for canning would be available and that the price and time of delivery would be announced soon.

Reports on the District Meeting of the Texas Home Demonstration Association which was held in Plainview, April 28 were given by Mrs. Raymond Teeple, Mrs. Arlon Miller and Mrs. C. A. Caffee who were the voting delegates from Floyd County.

Mrs. Raymond Teeple was appointed T. H. D. A. chairman to fill the unexpired term of Mrs. Collins Walker who plans to be away during the summer months.

Council officers and members present for the meeting were: Mrs. Carrick Snodgrass, Harmony; Mrs. A. M. Dorsey, Pleasant Valley; Mrs. Lynn Miller, Sandhill; Mrs. Herman King, Lone Star; Mrs. Hershel Green, Baker; Mrs. J. V. Greer, Center; Mrs. C. A. Caffee, Dougherty; Mrs. Lee Rushing, Friendship; Mrs. T. O. Connor, Friendship; Mrs. Mather Carr, Harmony; Mrs. Zant Scott, Harmony; Mrs. John Lloyd, Homebuilders; Mrs. J. E. Tierce, Lockney; Mrs. C. L. King, Lone Star; Mrs. Lee Pope, Pleasant Valley; Mrs. Jake Jones, Providence; Mrs. Aaron Miller, Sandhill; Mrs. J. B. Smitherman, South Plains; Mrs. D. L. Holmes, Starkey; Mrs. R. D. Robert Crowell Mgr. Floydada C. of C.

Robert Crowell, who since his release from navy service two years ago, has been associated with Floyd County Soil Conservation district as a conservation aide, will be the manager of Floydada Chamber of Commerce. This announcement was made this week by J. W. Reue, president of the organization.

The appointment is effective May 15, when Crowell will take charge of the office, quarters for which have been leased.

Crowell resigned from the conservation service last week-end, effective on May 14.

Reue said that O. M. Watson chairman of the new membership campaign committee for the Chamber of Commerce, anticipates a considerable further enlargement of the membership. Strong bid for an adequate membership base and financial backing is being made.

Barwise to Get Gin Building, Housing

FLOYDADA—A gin building and housing for men and their families to man it are due to go up soon at Barwise and be ready for the cotton ginning season this fall. First construction work already has gotten underway.

Coffman and Hampton are projecting the enterprise. Earl Hampton, who is coming to Barwise from Littlefield, will manage the business. The

partnership has taken a lease on 10 acres of land from the Stringer company and will make an investment of approximately \$100,000. Heavy cotton acreage in the vicinity is indicated for this season.

The first two aircraft ever ordered by the U. S. Navy were Curtiss "Triads." The planes, one a landplane and one a hydro-plane, were ordered by the Navy on May 8, 1911.

A plateau is a high, table land.

One Hundred Twenty Register at County Club Women's Meet

Today's home builds tomorrow's world was the theme of the program at the tea held Friday afternoon at American Legion hall to honor past and present home demonstration council chairmen and home demonstration agents.

This celebration was one of many held over the nation by home demonstration club member in observance of National Home Demonstration week.

Spring flowers decorated the lace covered tea table. Punch and cookies were served by Meses. Tate Jones of Dougherty, Lee Rushing of Friendship, G. W. Smith of Lakeview and W. A. Lovell of Sunnyside. Napkins bore the dates "1923-1948." These cover the period of time that home demonstration work has been supported in Floyd county. Music was given by Mrs. O. G. Glassmoyer of Dougherty during the refreshment hour.

Mrs. C. L. King Presides
Mrs. C. L. King, chairman of the education-expansion committee of Lone Star had charge of the program, which was opened by the group's singing "Somebody."

Mrs. Carick Snodgrass, of Harmony, council chairman, gave the welcome address. Three songs were sung by members of the Floyd County chorus. They were "Wonderful Peace of My Savior," "America the Beautiful," and "Now is the Hour." The chorus was directed by Mrs. Raymond Williams and accompanied by Mrs. O. G. Glassmoyer.

Mrs. Charles B. Smith, of Harmony, gave the talk, using as her subject the theme of the week, "Today's home builds tomorrow's world," a talk appreciated and enjoyed by all.

Highlights of the Years
"Highlights of home demonstration work in Floyd county were given by past home demonstration council chairmen.

Home demonstration work was started in Floyd county in 1923 but a council was not formed until 1927. The first chairman, Mrs. A. R. Hanna, was present and told of some of the work done during its first year.

All but two of the council chairmen (Mrs. Carl McPherson, 1931, and Mrs. M. D. Ramsey, 1933) were present. Some of the events mentioned were taking a play to A. & M. College Short course, the county fair, tours, organization of chorus, mattress making, building and furnishing kitchen, the short course at Lubbock, and the war years.

Throughout each talk the cooperation of the people and the friendships gained by meeting in the clubs were stressed. Council chairmen present were:

Mmes. A. R. Hanna, W. H. Bethel, David Battery, Will Snell, C. A. Caffee, Ed Holmes, S. J. Latta, A. H. Kreis, Clarence Brandes, George Stiles, Raymond Teeple and Mrs. Snodgrass.

Past Agents Heard From
Miss Leila Petty, county home demonstration agent, spoke briefly in tribute to past agents and council and club members. Mrs. King read the regrets of the past agents who are:

Miss Mabel Faulkner (Mrs. Bob Wilson of Hereford); Miss Blanche Bass (Mrs. Jack Polley of Austin); Miss Marie Strange of Austin; Miss Martha Faulkner (Mrs. Smith of Fort Worth); Miss Ruth Grimes (Mrs. Bob Wade of Lamesa) and Miss Edith Lois Wilson of College Station. A beautiful bouquet of gladioli from Miss Wilson adorned the speaker's table.

Special guests were Judge and Mrs. W. E. Grimes, Commissioner and Mrs. R. E. Calhoun, Mrs. Lon V. Smith, Mrs. Joe Smith (of Silverton); and two former home demonstration agents who live in Floydada: Mrs. J. D. Cleveland and Mrs. George Van Wickel.

The exhibit committee had charge of the exhibits which were articles made as results of demonstrations. Drawn work, crochet, comforts, and leather gloves were shown. Members who worked on this committee were Mrs. George Stiles, Mrs. C. H. Ashton and Mrs. W. A. Lovell.

The exhibit and education-expansion committees of the council planned and directed the tea and were assisted by all club presidents and other members. Members of the education committee other than Mrs. C. L. King were Meses. R. S. Harless, Otho Sanders, J. B. Smitherman, and G. W. Smith.

Mrs. Joe Dunn helped the guests to register. One hundred twenty people registered.

Mr. and Mrs. Floyd Jackson have moved into a newly remodeled house belonging to Frank and Robert Thomas.

Mr. and Mrs. J. E. McMeekan spent Sunday visiting relatives in Lockney.

WHERE ELSE WOULD YOU WANT TO LIVE?

Should anyone feel ashamed at boasting about this country? William Henry Chamberlin, one of our most distinguished historians and foreign correspondents, doesn't think so.

In a recent newspaper column, Mr. Chamberlin wrote: "It is easy to sneer at the slogan, against every ism except Americanism as unsophisticated, uncouth, lacking in proper cosmopolitan spirit and whatnot. But, when due allowance has been made for wisecracks . . . the fact remains that Americanism is something pretty distinctive, and is a pretty good ism to live by . . ."

"Perhaps the most decisive proof that Americanism, with all its faults, is a pretty good ism, lies in the question: Where else would anyone familiar with American and world conditions wish to live, or see his children live? Thirty-five years ago, even fifteen years ago many European

SCHOOL DAYS

By DWIG

ARMS AND THE MAN.

countries might have offered attractive alternatives. That this is not the case today is in considerable part the result of the new isms to which Europeans have surrendered part, or all, of their freedom."

The new isms of which Mr. Chamberlin speaks are not milestones in the march of mankind. They mark a desperate and tragic turning back of the clock, and the hands are moving steadily toward another dark age. For two thousand years, peoples fought

for freedom, and millions of lives were sacrificed to the ideal. Now freedom is being thrown away as if it were a cheap and useless thing.

Where else but here would you want to live, or want your children to live? That question bears repeating, and every American should answer it.

DELAYED PROGRESS

Because of inadequate soil conservation, the Mississippi basin is washing away. The major portion of this waste comes from every-day erosion of the soil and not just during the time of spectacular floods.

Advocates of Federal power dams lead the public to believe that large dams in the main river channels will interrupt the flow of valuable top soil from reaching the ocean, but the soil flows and blows from the tilled fields, not from the river bottoms. Proper cultivation is the one thing that will protect the soil. Dams or no dams, the greater proportion of the estimated 735,000,000 tons of good top soil that leave the fields of the Mississippi basin annually will continue until measures are taken to make the soil secure.

Everett T. Winter, vice-president of the Mississippi Valley Association, is urging Congress to make appropriations to further the work of the Soil Conservation Service which seeks to hold the soil on the farms. This type of conservation is not spectacular but it preserves the bread basket of the nation by keeping the fields fertile. Dr. H. C. M. Case, head of the Department of Agriculture Economics of the University of Illinois College, says: "The shortage of food in many parts of the world is the inevitable result of not following an intelligent policy based on sound agriculture."

Making hydroelectric power the main feature of flood control defeats real soil conservation, because the money that should be going for that purpose goes into the construction of power dams that have little or no value in the control of a water shed.

If this country doesn't put soil conservation ahead of government-owned power dams, we will be on the list of nations that suffer a shortage of food. Socializing the electric industry is not only destroying private enterprise with government monopolies, but it is delaying the progress of conservation upon which the nation depends.

ENGAGEMENT IS ANNOUNCED

Lubbock—Mr. and Mrs. Dick Rountree of 1402 Twenty-fourth are announcing the engagement and approaching marriage of their daughter, Miss Betty Rountree, to Joe Rushing, son of Mr. and Mrs. Lee Rushing of Floydada. The wedding will be read Friday, June 4, at First Methodist Church by Dr. H. I. Robinson.

Both Miss Rountree and Mr. Rushing are students at Texas Technological College. Mr. Rushing, who is a member of Kemas social club, will graduate in June.

In order to give full recognition to the two inventors of the airplane, U. S. Navy records recently were changed to honor the memory of both Wilbur and Irvile Wright in the name of the carrier USS Wright.

27 a total of 21 house trailers will be offered at fixed prices to World War II veterans.

One of the largest offerings of surplus camp buildings to schools and other priorities will involve 814 structures of the Amarillo Army Air Field. The buildings are for off-site use only and include mess halls, recreation, storehouses, hutments, warehouses, latrines, lavatories, officers quarters, office buildings, post exchange, administration and similar types. The Grand Prairie WAA office of Real Property will entertain qualified applications until May 28.

Much additional material has been lotted up in readiness for a final clearance of the 6th warehouse in the North American plant. The sale will include 85 lots of machine tools, industrial equipment, general products, office furniture and supplies, a few motorcycles, 10 passenger cars, and two trucks. However, as pointed out by WAA location clearance men in charge of the sale, the armed forces now have overbidding priority rights in withdrawal of any material needed in the interest of national security. It is possible therefore, that some of the equipment and much of the furniture will not reach the regular groups of buyers, including veterans. Awards on the sale will be made

during May 27 and May 28.

More machine tools released from a previous armed forces screening are contained in a sealed bid offering of the regional War Assets Administration. This equipment includes 1,694 articles on 109 separate catalog listings. All is located in the Loughorn Ordnance Works, at Karnack, Texas, where it may be inspected. This special sealed bid offering closes on May 31.

Another big war surplus sale in Texas is being planned at Fort Bliss, near El Paso. Besides some \$90,000 worth of machine tools and similar equipment to be offered the various purchasers, more than \$100,000 worth of consumer goods and veterans set-aside items will be ranged for informal bidding and fixed price awards. STRAWBERRY PRESERVES
 By Leila Petty
 Co. Home Demonstration Agent
 Usually 1 pound of sugar is used for each pound of fruit. If ½ pound sugar is used, the preserves will make a nice product but the syrup will not be as thick. When less than the usual amount of sugar is used, or if corn syrup is substituted for sugar, it is necessary to seal the containers to prevent molding or souring.

- A STANDARD STRAWBERRY PRESERVE RECIPE**
1. Boil 2 cups sugar and 1 cup of water together until it begins to form a thread.
 2. Add 1 pint of strawberries and cook 10 minutes.
 3. Add another pint of Strawberries and 1 cup of sugar sprinkled over the top.
 4. One tablespoon lemon juice added at this time helps retain color.
 5. Boil continuously about 10 minutes, or until it reaches a jelly stage.
 6. Remove them from the fire and

shake the zettle gently until the foam collects in the center and can be easily removed.
 7. Then pour into a flat container and let cool before putting into hot sterilized containers.
 8. Cover with paraffin and seal at once.

FREEZING STRAWBERRIES
 Use only sound ripe fruit.
 Wash, remove hulls and soft berries, wash again in ice water. Leave small fruit whole and slice large fruit. Use sugar syrup or dry sugar. Sugar syrup may be made by 2 cups sugar dissolved in 1 quart boiling water. Chill before pouring over fruit. When using dry sugar use three to five parts of fruit to one part of sugar. Mix sugar with fruit.
 Use only air-tight and moisture-vapor-proof containers. The size of the container should be suited to family needs.
 Leave a headspace in all containers to allow for expansion.

**University Has 285
Foreign Students**

AUSTIN, Texas—Led by 66 students from Mexico, 29 from China, and 14 from Turkey, the University of Texas foreign student population for the spring semester totals 285, Foreign Student Advisor Joe Neal reports.

In former years most foreign students were from Latin-American countries, but those from the Middle East have recently increased in numbers, Neal said.

In the Western hemisphere, there are 161 students from Latin America and 29 from countries other than Latin America. Outside the Western hemisphere there are 95 students registered.

If the Latin American countries, Mexico, Columbia, Nicaragua, and Venezuela have the largest number of students. Countries with seven and

less students are Argentina, Bolivia, Brazil, Chile, Costa Rica, Cuba, Dominican Republic, Ecuador, El Salvador, Guatemala, Haiti, Honduras, Panama, Paraguay, Peru, Uruguay.

Iraq with 12 students, Egypt with six, Palestine with six and Greece with five, are among countries represented outside the Western hemisphere. Students also are registered

from Austria, Burma, Czechoslovakia, Cyprus, England, France, Germany, Greece, India, Iran, Japan, Lebanon, The Netherlands, Norway, The Philippines, Spain, Switzerland, and Syria.

Students are also enrolled from Alaska, British Honduras, Canada, Canal Zone, Hawaii, Puerto Rico, Trinidad, and Netherlands West Indies.

Clinic for Crippled Children at Amarillo

A clinic for orthopedic examination for deformed children will be held on Saturday, May 22, beginning at 8:00 A. M. in Khiva Temple, corner 5th and Fillmore, Amarillo, Texas.

T. P. Collins, Potentate Aide for Floyd County, said, "any child with a deformity under 15 years of age regardless of race, creed, or color, and where the parents are unable to pay, is eligible and welcome." Applications for this clinic can be obtained from Mr. T. P. Collins, Floydada, or any member of Khiva Temple.

"This clinic is sponsored and financed by the Khiva Kendrick Fund and it is their sincere desire to be helpful to any and all unfortunate and deformed children living within the jurisdiction of Khiva Temple. Receptionists, nurses, and orthopedic surgeons will conduct the clinic. They will make examinations and give their recommendations during this clinic. It will be conducted for examination only.

Applications can also be obtained from Khiva Temple, Box 325, Amarillo, Texas," said Mr. Collins.

Ways of Controlling Polio Given by Cox

Austin, Texas—Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is now occurring in some sections of the state.

Strict sanitary measures should be observed in all communities. Eliminate rats, mosquitoes, and houseflies, and destroy their breeding places. Every effort should be made to secure approved garbage collection systems and safe water supplies. Where adequate municipal sewage disposal systems are not in operation, it is vitally important to maintain sanitary septic tanks and outdoor privies.

All swimming pools should maintain standards approved by the State Department of Health, which includes maintenance of proper chlorine level.

Only approved milk should be used, and protected from flies, filth, and insects. All foodhandling establishments should adhere strictly to the State Law concerning the sterilization of dishes and utensils. Those restaurants with insufficient personnel to maintain approved sanitation should close one or two hours a day so that employees can assist in maintaining cleanliness.

Over-exertion in children should be avoided, and they should not visit in homes where there is illness. It is advisable to reduce to a minimum all human contacts, especially in children during an outbreak of this disease. It is not advocated that schools, churches, and theaters be closed.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck and back. When suspicious symptoms appear, a physician should be called immediately.

Eyes set too close together may mean a mean disposition, but lips set too far apart are sure to get you into trouble.

"We always have Ice Cream at our house"

EVERYONE LIKES ELECTRIC REFRIGERATION

ICE CREAM...any time you want it. Yes, it's no wonder the youngsters like electric refrigeration. They know that with an electric refrigerator there's always the chance of having a heaping dishful of home made ice cream or other cool summer desserts.

Mother likes it too, because it keeps all kinds of foods garden fresh and healthful. Makes it easier to have chilled salads and add wide variety to summer menus.

Father likes it because there is always plenty of ice on hand for whatever kind of cooling beverages he wants. AND he knows that cheap electricity in the area we serve makes electric refrigeration more economical than ever before.

We have nothing to sell but good electric service. You will find the new electric refrigerators available in a choice of makes and models at nearby appliance dealers.

Insurance FIRE

AFTER 10 MONTHS REST, I am again writing Fire Insurance, now with EXTENDED COVERAGE also, for Farmers Union County Mutual Insurance Company, our own Texas Company. We now operate state-wide under good Texas Laws. We personally ask for your business.

First: Because the premium is less.

Second: Because we pay more. (No \$50 or \$100 deductible clauses).

Third: Because The National Farmers Union says: "We are behind Texas—both morally and financially—to the limit." That means security for you. When you know you are safe you simply won't continue to send your money to out-of-state stock companies and pay the first \$50 or \$100 of your own loss when you find that a smaller premium in your own Texas company will pay all your losses in full and pile up a reserve that still belongs to you. Investigate now.

NOW a word about Hail Insurance on growing crops with our own Texas Panhandle Mutual Hail Association (Paid over \$700,000 in crop losses in Texas last year).

I'm begging you to insure your cotton with the minute it comes up to a stand. It will sell for about 30c per pound this fall if it don't hail. If it does hail, we pay you and you can replant to feed or do as you please. About 10 pounds of lint insures you for more than \$20 per acre. It's just plain good business.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have won winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

Weekly SURPLUS NEWS

Means by which additional war surplus will be made available on a donation basis to eligible institutions are being announced this week by the Grand Prairie regional office of War Assets Administration. Under the new program, such institutions may make their claim for goods remaining unsold at a location sale immediately following the offering to the standard priority sequence. Thus any property not purchased by veterans and others in the initial sale offering will go to donees free of cost before War Assets makes further attempts to dispose of it. Details of the way to apply for these donations will be explained by the office's priority claimants division, Plant A, the former North American Plant, Grand Prairie.

The government is collecting a

cash price of \$677,777.77 this week for the sale, by War Assets Administration, of the Reed Roller Mill plant at Houston. The purchaser was Hlman H. H. Coffield, of Rockdale and Houston.

Mr. and Mrs. Hershel Carthel and family moved into their new brick home north of town this week.

Mr. and Mrs. Sid Thomas are building a new Ranch Style home on their farm north of town.

A. P. Shugart Jr. arrived Sunday to visit his parents, Mr. and Mrs. A. P. Shugart who live northwest of town.
