

## Have You Done Your Part?

Some twelve or fourteen months ago, eight or ten men from another town, who were trying to build a hospital, met with the Board of Directors of our hospital. They asked us if the business men of Lockney were helping us or going to help us. We told them that everyone would help. They were surprised. Well, I guess we were wrong. Hubert Frizzell and myself made the rounds Tuesday. If I counted right there are 59 business houses in Lockney. Eleven helped on the hospital. That makes us real proud of Lockney.

Last year \$23,000 was paid out by the hospital in salaries and approximately 90% of this was spent in Lockney. When we get the new hospital open, the salaries will total over \$45,000 per year. Of course, that won't help the business of Lockney.

Oh, yes, all of you say, "We need the hospital and it will help the town but I can't help." It's awful nice if the Lockney people buy things at home and other people come to Lockney to buy but let the other guy help build the hospital. Now I know that most of you are able to help as some of the farmers that have helped and all of you could help some.

On the opening day there will be a big poster in the lobby with the names of everyone who has helped and how they have helped. Do you want your name on that poster?

If we have missed any of you and you want to help, don't wait for us to come to you. Give your money to J. D. Copeland.

The hospital is yours as well as the next guy's. Come on and do your part. If everyone would do his part we wouldn't owe anything when we get it built.

BERNARD HARRIS

## Floyd County Students Graduate From Tech

A number of Floyd County students will receive degrees from Texas Technological College, Lubbock, at 22nd annual commencement exercises on June 7. The graduates from this county include:

Dorothy Jane Moore of Aiken with a BS degree and a major in Mathematics.

Mary Thomas Blanchard, of Lockney, BA degree with major in Sociology.

June Marie Carthel of Lockney, BS degree with major in music.

Elizabeth Lanelle Griffith, of Lockney BS in home economics with major in clothing.

Bernhard Herman Quebe of Providence, BA degree in agriculture with a major in Agronomy.

Derward Thayne Amonette of Floydada BS in education with a major in physical education.

Hugh J. Ayres of Floydada, BS degree with major in music.

Donald J. Cornelius of Floydada, BA degree with major in marketing and salesmanship.

Floris Cornelius of Floydada, BS in home economics with major in clothing.

Guy Harve Haverstock of Floydada, BS degree with major in electrical engineering.

Emmett E. Hinson Jr. of Floydada, BS degree with major in industrial engineering.

Mary Avanelle Moss of Floydada, BS degree with major in chemistry.

## Memorial Service Will Not Be Held This Year

A memorial day service at the Lockney cemetery will not be held this year. It was announced this week by the directors of the Association. The usual plan is to have a get together, general clean-up and a service in the afternoon. However since the day falls on Sunday this year it was decided to omit it.

The cemetery is in fine condition now, the directors report, and is ready for decoration for all those who care to visit and decorate their graves.

The directors expressed their sincere appreciation for the fine co-operation and solicit continued support of those people who have loved ones buried in the Lockney cemetery.

## ASSEMBLY CHURCH LADIES TO HAVE BAKE SALE

The ladies of the W. M. C. of the Assembly of God Church here will hold a bake sale on Saturday at the Frozen Foods building. It was announced this week. The sale will start at 1 p. m.

Pies and cakes will be offered for sale.

## Floyd County REA Gets \$540,000 Loan

The Floyd County Rural Electric Cooperative has been given a loan of \$540,000 for improvements and 335 miles of new lines, 143 miles of which will be in Floyd County according to information furnished The Beacon by Congressman George Mahon Wednesday.

The new expansion program of the Floyd County co-op will include installing equipment to serve some 300 rural consumers and about 100 irrigation wells, according to a Lubbock engineer who is handling the work. Materials have been ordered for the job and work will probably start next fall, the engineer said. It will take from 6 to 12 months from the present time to complete the work, depending on the availability of materials, it was said.

L. W. Chapman, manager of the rural electric cooperative informed The Beacon Thursday that three sub-stations are included in the expansion program. One will be built at Harmony in southwest Floyd County, one just east of Floydada and one in Crosby County near Crosbyton.

A sub-station for the Lone Star area has already been cared for in previous allocations, Mr. Chapman said.

New lines to be built will be principally extension of lines that are already built, Mr. Chapman said. These taps will be made in the areas where the new sub-stations are going in for the most part, it was said.

The Floyd County co-op serves areas in Hale, Briscoe, Crosby, Dickens and Swisher counties as well as Floyd County.

The extension program will also include relocation and re-phasing some lines, Mr. Chapman said. Re-phasing will consist of converting some single phase lines into three phase so that they will be able to serve irrigation wells.

Shortage of conductor is already slowing down work on previous expansion programs, it was explained. In some areas poles are up but there is no wire to string on them.

Application for the half million dollar loan approved this week was made about a year ago, Mr. Chapman said.

## Mrs. McCollum Seeks Office Of Tax Assessor-Collector

TO THE VOTERS OF FLOYD COUNTY:

I am a candidate for the office of assessor-collector of Floyd County. In making this announcement I feel I can say that I am qualified as to education and have had considerable experience in serving the public, so I think I can serve you well in this position.

I will need to work to carry on and will appreciate the help of the people if they will make it possible for me to realize this ambition of becoming your assessor-collector.

My candidacy is subject to the Democratic primary. Any help you feel you can give me will be deeply appreciated.

Sincerely,  
Mrs. Elizabeth McCollum

## Joe Rogers Will Open Barber Shop

Joe Rogers will open a new barber shop in the building just south of the Darnell Grocery, he announced this week. Charlie Smith, who has been operating a real estate office there for some time will continue to use the same building, it was said.

Renovating work on the building is in progress this week. Associated with Mr. Rogers will be Thomas Ivey, an experienced barber who comes from Falls. The shop will have three chairs and all new equipment, Mr. Rogers said. Opening date has been tentatively set for next Monday.

## MRS. FARNSWORTH HERE

Mrs. Bertha Farnsworth, a former resident of Lockney, but who now lives in Sacramento, Calif. was here Wednesday visiting friends and relatives. She is also visiting her children in Lubbock and Amarillo.

## Wheat Loan Rate Set At \$1.96 For Floyd County

The temporary loan rate on No. 1 hard winter wheat in Floyd County will be \$1.96 per bushel until July 1 when the permanent rate is set, it was reported unofficially to The Beacon Thursday. The price is net to the farmer, it was said.

The loan program is designed to support grower prices.

## White Auto Store To Open Saturday

The new White Auto Store in Lockney will have their grand opening tomorrow (Saturday). The new store is located in the building formerly occupied by Watson Hardware & Furniture. It will be a home owned and operated store with J. B. Seale and Clyde (Bunt) Jester in charge.

A special feature of the opening day is the giving away of a number of prizes, the proprietors have announced. Prizes listed to be given away include one Stewart-Warner radio, one 36 piece dinner set, one steering wheel spinner knob with gear shift knob to match, ten ball point pen key holders and ten pen knives. Those over twelve years of age may come to the store and register anytime between 9 a. m. and 5:30 p. m. without charge or obligation, Mr. Seale said. Free balloons will be given to the kiddies. The drawing will be at 5:30 Saturday afternoon.

In their advertisement in this issue of The Beacon and also on a large circular they are distributing the new store is advertising a large number of special prices. They handle automobile parts and accessories, home appliances, some hardware items, and other things.

## Byrd Area Wells Running High

A report from the four tests in the Byrd area in eastern Hale and western Floyd County indicated that all were running high in formation in comparison with the producer, A. F. Byrd No. 1.

Tuesday of this week, a report from wells gave the information: Byrd No. 2 bottomed at 6,294 feet. Setting casing at 5,790. This is a general American Oil Co. test.

Bob Donnell No. 1 Carmichael was drilling ahead at 5,377, and reported as 50 feet high to the No. 1 A. F. Byrd, which is producing at 5,869 to 6,000 feet.

H. E. Childs Jr. et al No. 1 Strickler was drilling ahead below 5,110 and unofficially reported as 80 feet high to the No. 1 Byrd.

Lario Oil & Gas Co. No. 1 Mayo was reported unofficially as 50 feet high at a depth of 5,910 feet.

## Old Settlers Gather Today At Floydada

The annual Old Settlers reunion will be held today in Floydada. This annual event observed each year the founding of Floyd County.

The days program will begin at 11 o'clock this morning with a parade through the business district of Floydada. A number of prizes are offered for participants in the parade. Among these are:

Mrs. Maud Hollums is offering a special prize for the young couple in the parade in the best pioneer costume. The first prize on this is \$10 and the second \$5. Other prizes offered are:

For the best float, \$5.00, second \$4.00.

For the best dressed pioneer man \$5, second \$2.

For the best dressed pioneer woman, \$4, second \$2.

For the best dressed old time cowboy, \$4, second \$3.

For the oldest pioneer man in the parade, \$4.

For the oldest pioneer woman in the parade, \$4.

For the best dressed explorer in the parade, \$4, second \$3.

Oldest married couple, \$4.

A number of talks by pioneer school teachers of the county will be heard at noon. Mrs. George Smith will also make talk on early times, it was said.

A first prize of \$3 and second prize of \$2 will be given for the best bouquet of wild flowers. This may be left with Miss Lella Petty, county home demonstration agent, and will be used to decorate the table at the dinner.

The dinner at the noon hour will be furnished by the Home Demonstration clubs of the county and will be served free to all residents of the county who are at least 50 years of age and who have been in the county 40 years. The wife or husband of any eligible pioneer may also eat at this table.

In the afternoon a potato race for youngsters under 12 offers a first prize of \$3 and a second of \$2. A cracker eating contest for the same age group will award prizes of \$2 and \$1.

A rodeo in the afternoon at the Floydada rodeo grounds will also entertain the crowd.

## Rev. Vaughn Retires From Ministry

Rev. W. B. Vaughn, for the past two years pastor of the Pine Street Methodist Church in Dalhart, and former pastor of the Lockney Church, is retiring from the ministry.

Rev. Vaughn preached his farewell sermon Sunday night. He and Mrs. Vaughn have moved to Matador where he was pastor for four years and where their son, Marvin, lives.

## Sox Supper And Candidate Speaking At Irick June 2

Everyone is invited to attend a sock supper and a candidate speaking at the Irick school house next Wednesday evening, June 2, it was announced this week. The meeting will start at 8:30.

A special invitation is extended to all candidates, it was said.

## Teachers Elected To Fill Vacancies

The board of trustees of the Lockney Rural High School district in a meeting Wednesday of this week elected a number of teachers to fill vacancies in the local school faculty caused by resignations.

Teachers elected and their positions were announced by Supt. Sidney Reeves as follows:

F. M. Smith, graduate of WTSC, Canyon, as high school principal. He comes here from New Deal.

Metz Lafollette, who is getting his degree this year from WTSC, as head baseball and basketball coach and assistant football coach in the high school. Mr. Lafollette was captain of the basketball team at WTSC and is now under contract to play professional football for the New York Yankees.

Harlan D. Wright, graduate of WTSC, to teach commerce in high school. He comes here from Prairieview.

O. B. Wilbanks, graduate of Hardin-Simmons University, as principal of the grade school. Mr. Wilbanks was formerly connected with the local schools. He has been at Seymour the past four years.

Robert F. Foote, graduate of Oklahoma University, to teach math in the elementary school and elementary coach. He comes here from Petersburg.

Mrs. Velma Cox, first grade.  
Mrs. Claude Myers, second grade.

## Bob Millers Return To Lockney To Live

Mr. and Mrs. Bob Miller and son, Maurice Robert Jr., who have been living in California for the past year, have returned to Lockney to live. Bob is associated with the Lockney Drug here and will help in the operation of that store. He is a veteran of World War II and has been employed with an aircraft company in California.

## Methodists Attend Conference At Lubbock

The annual meeting of the Northwest Texas Conference of the Methodist Church is being held this week at Lubbock. A number of local members of the church are attending the sessions. Among these are Rev. and Mrs. R. H. Campbell, Leslie Floyd, delegate from the local church, W. J. Griffith, reserve delegate, and probably others.

Time of the annual conference was changed last year from the fall of the year to latter part of May.

The conference represents an estimated 90,000 members and 240 churches in the Panhandle of Texas.

## Local Bus Schedules Cancelled By Strike

No busses have been operated through Lockney since last Friday due to the strike of the drivers employed by the Texas New Mexico and Oklahoma bus lines.

The company is operating a partial schedule through Plainview. It was reported here. Some violence has been reported and the busses were operating between Lubbock and Amarillo, Thursday with a guard armed with a sub-machine gun accompanying the driver.

The company is planning to start the east and west busses as soon as drivers can be employed, it was said.

Mr. and Mrs. Lee R. Viall of Amarillo visited her parents, Mr. and Mrs. Walter Beall here Sunday.

DON'T LOSE YOUR MONEY. We can replace those worn pockets at small cost. Brown's Cleaners, 11c

## Plains Drouth Broken By Rains

The drouth on the plains was definitely broken this week when rains fell ranging from showers up to 2 1/2 inches. The moisture began falling Sunday night and it has rained at intervals since. For the most part falling slowly, very little water run off, most of it soaking into the parched land.

The moisture at Lockney for the week totaled .84 of an inch according to the gauge kept at Higginbotham-Bartlett Co. Reports from the Irick community indicated that 1 1/2 inches had fallen there while the South Plains area reported around an inch. Most other areas in this part of the county had about the same as Lockney.

Floydada moisture was reported as 1.25 inches while heavier rains were reported from the Dougherty area.

Mainview had about one inch of rain, two inches were reported at Abernathy and Lubbock had 1.15 inches.

While the rain came too late to benefit wheat, it will be of considerable benefit to farmers who plant row crops. The opinion was expressed here that the moisture was sufficient to get up cotton and feed in the dry land areas.

Clouds were still heavy Thursday with indications that still more moisture might fall.

A temperature drop to the low fifties here Tuesday and Wednesday sent most people scurrying for a coat and increased the consumption of gas for heating purposes. The low temperature was blamed by some with the stopping of more rainfall.

## School Report Cards To Be Given Today

Report cards for all students of Lockney schools will be given out today (Friday). Supt. Sidney Reeves has announced. The busses will run at 12 noon and make the return trip at 2 p. m., he said.

Final exercises of the school year were held Thursday night of this week when diplomas were handed to 34 members of the senior class in commencement services at the City Auditorium. Dr. J. W. Marshall, president of Wayland College, was the principal speaker.

On Wednesday night of this week 32 students were graduated from the grade school in exercises also at the City Auditorium. J. W. Channell, minister of the Main Street Church of Christ, was principal speaker on this occasion.

The commencement sermon for the high school graduates was preached last Sunday night at the City Auditorium by Rev. E. J. Cobb, local Baptist pastor.

Attendance at these services was cut down because of the rainy weather.

## Miss Ruth Campbell Graduates at McMurry

Rev. and Mrs. R. H. Campbell left Monday morning for Abilene where they attended the graduation exercises at McMurry College Tuesday morning. Among the graduates was their daughter, Ruth who received her BA degree with a major in speech.

QUITS CABINET TO RUN FOR SENATE... Clinton P. Anderson, who has become almost a household word among U.S. farm families as the secretary of agriculture, has resigned that cabinet post to run for the U.S. senate in New Mexico. President Truman formally accepted his resignation and Anderson started to pack his things to leave the office for good. During his tenure as secretary of agriculture farmers of the nation experienced their greatest period of prosperity in history.

## West Texas Gas Co. Announces Expansion Program

An announcement of personal interest to every user of natural gas throughout the area served by West Texas Gas Company, has just been made by R. F. Hincey, Labbock, president of the company.

Hincey disclosed that his company has entered into an agreement with El Paso Natural Gas Company to purchase natural gas from that company at two points in west Texas. This new supply of gas, he said, should be available before next winter and will enable West Texas Gas Company to meet winter peak-day needs of its customers throughout the area.

After these two connections are made, West Texas Gas Company will be drawing gas from five sources of supply. Multiple sources of supply of course minimize the incidence of temporary gas shortages which may occur when pipe lines break or when there is mechanical failure of compressor station engines.

El Paso Natural Gas Company last year built a gas transmission line from Eunice, New Mexico, to California, and this year is extending a 24-inch line from Eunice northeastward to the Panhandle Gas Field. This new extension crosses West Texas Gas Company's transmission lines at two points: between Amherst and Sudan, and between Hereford and Umberger. It is at these two points of intersection that natural gas will be purchased by West Texas Gas Company and fed into its transmission network. The gas so purchased will be natural gas from the Panhandle Gas Field and is expected to be available

by November 1, subject to coal or steel strikes or other events which might delay completion of El Paso Natural's line.

"There still remain some few local bottlenecks", the gas company president said, "because the towns have grown so rapidly that some sections of transmission line have become too small to handle the greatly increased demands. We are intensifying our efforts to iron these local deficiencies. We believe all will be taken care of one way or another before snow flies. If it's humanly possible, we'll certainly do it because we sincerely want to take care of the fuel needs of our territory."

The gas company is operating, Hincey explained, under a long-range expansion program calling for the installation of added facilities year by year as needs are anticipated. This program, he said, has been accelerated due to the demonstrated inadequacy of transmission facilities under the severe weather conditions of last winter. This inadequacy of transmission facilities from the gas fields, of course, is now overcome by the signing of the agreement with El Paso Natural Gas Company.

"Facilities to be added in the immediate future", Hincey said, "will include enlargements to several compressor stations, replacement of sections of the transmission lines with larger-sized pipe, and constant extensions to and modernization of the distributing plants."

The toughest obstacle to be overcome by the gas company's organization at this time is the obtaining of sufficient steel pipe, even at premium prices. Hincey said, however, that his people are combing the markets throughout the Southwest and almost daily are buying pipe as widely scattered points. These purchases consist mostly of small stocks of assorted sizes, but occasionally a really substantial purchase is made. For instance, a company crew is now at Camp Bowie removing some 45,000 feet of pipe purchased there from War Assets Administration. Sufficient progress has been made in this manner that company officials are encouraged to believe enough pipe will be secured to extend service this year to a great many new customers who want gas service, and to remedy the local bottlenecks mentioned.

Expansion work now underway, or to be started in the immediate future, includes the following items, Hincey said:

(1) Installation of a 300 horsepower booster compressor near Fritch, Texas, to increase suction pressures to the Turkey Creek (Field) Compressor Station. Part of material now on hand compressor unit to be received in August; estimated completion September, 1948.

(2) Installation of three 400 horsepower compressor units at McSpadden Compressor Station (near Canyon, Texas). Nearly all materials on hand, one unit received, two to be received

**COLD WAR FARES...** Max Vogel, a New York cab driver, is distributing to the people who ride in his taxi 5,000 allegiance buttons which read, "I pledge allegiance to my flag—Fight Communism."

during June. Construction about 60% complete; estimated completion July, 1948.

(3) Installation of one 300 horsepower compressor unit at Plainview Compressor Station. All materials now on order; compressor is promised for October; estimated completion December, 1948.

(4) Installation of an 80 horsepower compressor unit at Littlefield Compressor Station serving Levelland and Whitbarral. Construction about 60% complete; shut down waiting on materials which are expected in June; estimated completion August, 1948.

(5) Replacement of nine miles of 3-1/2 inch (outside diameter) pipe with 6-5/8 inch pipe between Littlefield Compressor Station and Whitbarral. Approximately four miles will be completed during June, 1948. Contractor will start work as soon as War Assets Administration salvage pipe from Camp Bowie is received. Remaining 6-5/8 inch pipe is on order.

(6) Replacement of ten miles of 4-1/2 inch pipe with 6-5/8 inch pipe between Tahoka and Brownfield. Construction will be started as soon as pipe now on order is received.

(7) Installation of a 300 horsepower compressor unit at Plainview Compressor Station. All materials now on order, compressor unit is promised for July, estimated completion September, 1948.

(8) Replacement of 10-1/2 miles of 4-1/2 inch pipe with 8-5/8" pipe extending from Littlefield northeastward to the point of intersection with El Paso Natural Gas Company's line between Amherst and Sudan. Pipe now on order and promised for June delivery;

will be installed as soon as received.

(9) Installation of new 6-5/8 inch takeoff line to Odessa No. 1 Town Border Station and a new line to a new Odessa Town Border Station No. 2 has been completed except that a portion of the 6-5/8 inch line is laid on top of the ground. This line will be buried in June, 1948.

(10) Numerous extensions of distributing mains and services to meet franchise requirements within the 44

cities and towns served are being completed each week as the pipe is received and as contractors' crews can make installation.

Fuses are safety valves for the electric system. It is dangerous to replace a blown fuse with a coin or a wrong-size fuse.

"Money is the root of all evil"—that's why we have to dig for it.

## CO-OP DELUXE

CONTROLLED: QUALITY — PRICE — CONSTRUCTION

Here is an outstanding tire selected by Co-op for its exceptional value—it has extra stopping power because of its 6,340 saw tooth edges on the tread. It is one of America's most modern tires because of its broad, flat tread that puts more rubber to work to share the wear and adds miles of safe, dependable service. The Co-op Deluxe features greater strength through the strong construction resulting from cords insulated and bonded in liquid latex. It runs cooler, another great protection against blowouts.

Consumers Fuel Association

## Insurance FIRE

AFTER 10 MONTHS REST, I am again writing Fire Insurance, now with EXTENDED COVERAGE also, for Farmers Union County Mutual Insurance Company, our own Texas Company. We now operate state-wide under good Texas Laws. We personally ask for your business.

First: Because the premium is less.

Second: Because we pay more. (No \$50 or \$100 deductible Clauses).

Third: Because The National Farmers Union says: "We are behind Texas—both morally and financially—to the limit." That means security for you. When you know you are safe you simply won't continue to send your money to out-of-state stock companies and pay the first \$50 or \$100 of your own loss when you find that a smaller premium in your own Texas company will pay all your losses in full and pile up a reserve that still belongs to you. Investigate now.

NOW a word about Hail Insurance on growing crops with our own Texas Panhandle Mutual Hail Association (Paid over \$700,000 in crop losses in Texas last year).

I'm begging you to insure your cotton with us the minute it comes up to a stand. It will sell for about 30c per pound this fall if it don't hail. If it does hail, we pay you and you can replant to feed or do as you please. About 10 pounds of lint insures you for more than \$20 per acre. It's just plain good business.

Listen to a Farmers Life as He Lives it—KVOP every Saturday 12:30 to 12:45.

### Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**DOAN'S PILLS**

## more plowing with less power

Actual field tests have proved that the Krause One-Way has up to 30% less draft than other plows. There are several reasons for this... lighter weight, Timken bearings on discs and wheels, rubber tires. There are a lot more reasons too. And they all add up to a lot more plowing with less power, less cost. But this is only one of the many advantages and features you get with a Krause One-Way. See it at your dealer's store. Compare. Talk to your neighbors who use Krause. If you do, it'll be Krause for you.

**KRAUSE one-way**

### Providence News

A surprise farewell party honoring Mr. and Mrs. Lee Payne and daughter Kaylene was given Sunday evening at the school. Special Piano selections was played by Miss Mildred Scheele, Maebeth McLaughlin, Delores and Carolyn Sammann and Bobby Butch. A short program given by school children. Mr. and Mrs. Lee Payne who have taught here the past two terms are moving to Plainview. Although the community are sorry to see them go, we are wishing for them success and happiness in their new surrounding, and as a farewell gift the community presented them pieces of Reid and Barton Sterling in appreciation for the wonderful work and kind deeds during their stay in Providence. Refreshments of punch, cake and cookies were served to Messers and Mmes. M. C. Scheele, Ted Boedeker, Harold McLaughlin, Walter Sammann, Charlie Boedeker, E. M. Quebe, Robert Harden, Russell Crouch, R. C. Matthews, Dave Mathis, Bill Butch, Marie and Mildred Scheele, Don, Pat and Maebeth McLaughlin, Delores, Carolyn and Valera Sammann, Cecil Larry, Merlin and Foncine Boedeker, Janice Boedeker, Doyle Lray and

Gaynell Crouch, Rosa Lee, Arlene, Gladys and Robert Matthews, Janice and Warren Mathis, Payne, Martha and Glenda and Henry Lee Harden, Bobby, Billy and Jimmy Butch and the honorees Mr. and Mrs. Lee Payne and Kaylene.

Mr. and Mrs. Sam Neumann and Helen were dinner guests in the home of Mr. and Mrs. M. C. Scheele Sunday.

Mr. and Mrs. Albert Scheele, David and Linda, Mr. and Mrs. Martin Schuette, Madeline and William, Mr. and Mrs. Helmut Quebe, and Myra Sue, Mr. and Mrs. Bruce Rigler, Lyn, and Stanley and Mr. and Mrs. J. Mathis and baby, and Mr. and Mrs. Gordon Latti and baby of Kress were dinner guests Sunday in the home of Mr. and Mrs. Ernest Sammann.

Mr. and Mrs. Karl Sammann of Plainview and Mr. and Mrs. E. M. Sammann and Vera Mae of Hale Center and Miss Lois Garmis of Littlefield visited Sunday with Mr. and Mrs. Walter Sammann and girls.

Mr. and Mrs. Lee Payne and Kaylene were dinner guests in the home of Mr. and Mrs. Walter Sammann on Sunday evening.

Miss Shirley Brown entertained friends with a weiner roast on Friday evening at the home of her parents Mr. and Mrs. Ralph Brown. The eve-

ning was spent roasting weiners and marshmallows and later playing games. About 30 young folks were present.

Mr. and Mrs. Lee Payne and Kaylene visited relatives in Tulsa the past two weeks.

Miss Janice Mathis visited with Miss Maebeth McLaughlin on Sunday night.

Miss Carolyn Sammann spent the night with Miss Arlene Matthews Sunday.

A candidate Pie Supper was held at the Providence School on Wednesday May 19. An interesting 5 minute talk was given by each candidate present. Pies were then auctioned. Proceeds went to the "Soft ball League" of Providence.

The Soft Ball League again played Kress on Friday. The score being 8-20 in our favor. Again we say "keep up the good work boys."

#### Card of Thanks

To the many friends who sent flowers and cards and have been so nice during my illness I take this means of expressing my sincere appreciation. Especially do I want to thank the entire hospital staff for their kindness.

R. L. Maggard

### Two From This Area To Graduate At WTSC

CANYON, May 26. (Special)—Elizabeth Daniel Bergess and Roy Ellis Lyles are among the 109 members of the 1948 graduating class at West Texas State College.

Commencement exercises will be held next Thursday morning at 11 o'clock. Nine of the class will receive Master of Art degrees, 13 Bachelors of Art, 76 Bachelors of Science, and 11 Bachelors of Business Administration.

Miss Burgess and Mr. Lyles will receive Bachelor of Science degrees.

Dr. D. M. Wiggins, president of the Texas College of Mines and Metallurgy, will deliver the commencement address.

### Consumers Announce Sale Of New Tire

A new type of passenger car tire, designed for service and not for profit, has been announced this week by the farmers of the mid-west who own and control 5,810 cooperative organizations and their regional and national distribution and manufacturing agencies. More than 3,000,000 farmers own and control this vast and wide-spread Co-op procurement system. The new tire is the Co-op Deluxe, which features a broad, flat tread that puts more rubber to work, adds miles of safe dependable driving and the multiple rib pattern assures a cushioned ride. The 6.349 saw tooth edges on the tread bite through road film to a dry surface giving the users of this great new tire safe stopping without side skidding. The specially built shoulder adds safety and strength on turns and emergency braking.

S. F. Barber, manager of Consumers Fuel Association, a local cooperative, states that this new tire minimizes danger from blowouts due to the extra construction that is built into the carcass. Mr. Barber points out that the cord in this tire is insulated with a special bonding of liquid latex and then allowed to set for positive adhesion for uniform and perfectly balanced construction.

The Consumers Fuel Association, the local organization of farmers, is a member and part owner in the regional and national cooperative organizations that make this tire and distribute it. The price is in line or lower than competitive brand tires, but the quality of this tire is far superior, since this tire is made for service, not for profit, by the people who own and control its manufacture through cooperatives, Mr. Barber said.

The U. S. Navy has developed a new steel cutting torch using electricity and an oxygen jet to operate. The new torch avoids the dangers inherent in using the highly explosive acetylene torch.

The home garden can be protected from insects with the use of a small dust gun and a small quantity of good dust material.

#### DOES SHE GET HOT?

A heating motor is a sure sign of a partially clogged radiator. Better bring that radiator in today and let us clean it out, repair the leaks and put it up in good shape. A little money spent on radiator repair may save you a lot of money on motor repair.

Don't delay. Come in today.

## H. D. Club Observes National Music Week

The twenty-fifth annual observance of National Music Week was observed with a fine musical program by the Lockney Home Demonstration Club on May 13. The meeting was in the home of Mrs. Joe Parrish. Theme of the program was "Touches from Three Countries of Music in America."

The leader of the program discussed the origin of National Music Week. A step toward the international observance of this week has been made, it was brought out. She also quoted President Truman in saying that music has come to play an increasingly important role in Ameri-

can Educational, recreational and cultural life. He said further, "I hope that all Americans will come to a greater appreciation of the significance of music as a universal language."

Mrs. Troy Ray entertained the group with various musical numbers. Special guests for the occasion were members of the Pleasant Valley club as well as several new members and visitors. Lovely refreshments were served by the hostess, Mrs. Parrish.

Next meeting of the club will be in the home of Mrs. E. M. Whorton Thursday, May 27, at 3 o'clock. A demonstration on "Foods" will be given by the county agent, Miss Leila Petty. Visitors and new members will be welcome. All members are urged to be present it was said.

## Sterley News

By B. A. HOWELL

Mrs. Addie Woolsey is spending a few days visiting her daughter, Mrs. W. B. Mitchell. Mr. and Mrs. Mitchell with Mrs. Woolsey visited near Clovis, New Mexico, with their daughter and family, Mrs. Emmitt Johnson.

Mr. and Mrs. W. B. Mullins have recently enjoyed a visit from their children from Abilene, Mr. and Mrs. James Mullins and Carl Mullins who are all students at Hardin-Simmons College.

Mr. A. M. Newman is spending a few days with his daughter, Mrs. L. L. Rhodes.

Mrs. M. O. Buchanan and children visited Mr. Buchanan in Dalhart over the week end, and Mr. Buchanan is spending this week at home on his vacation. Mr. Buchanan is employed by the Fort Worth and Denver railroad.

Mr. and Mrs. Doug Graham visited in Amarillo over the week end. Miss Evelyn Bobbitt of Amarillo visited over the week end with her father and brother, Bert and Jim Bert Bobbitt.

W. Clyde Reeves of San Bernardino, California, came last week for a few days visit with his sister, Mrs. L. A. Howell and brother, Joe Reeves. Mr. Reeves departed for Western parts Tuesday but expects to be several days on the road as he is representing a men's wear firm out of Los Angeles and will have to work every town as he returns as he did on his way out.

Mrs. L. A. Claborn who has been visiting her mother and other relatives in California and Arizona for the past three weeks returned home Friday and reports a very enjoyable visit. I think if Mr. Claborn would listen to reason they would likely follow the advice offered by Greely and "Go West"—except Claborn is not a YOUNG man anymore.

A. H. Suiter is building an addition on his box car dwelling and will move his wife and their daughter and family here when it is completed.

Layafette Mooney and family from Clarendon has been visiting with his sister, Mrs. Huey Davidson, and transacting business here for the past few days.

Kenneth Melton is in Lockney Hospital where he underwent surgery a few days ago and is planning to come

ONCE UPON A TIME... Jonas Cerminus was once the premier of Lithuania and chief of staff of the Lithuanian army. Today he is a factory hand in Newark, N.J., working for \$30 a week. He plans to teach in a Midwestern college this fall, but high cost of living got to him in the meantime.

home Wednesday. Joylene Weatherly was admitted to the Lockney Hospital Tuesday for medical treatment and will likely be there for a few days.

G. E. Russell, who has been our night operator for the Denver for quite some time has bid in the agents job at Turkey. Where he will report Thursday. Mrs. Russell and Ronnie will visit in Jayton relatives for a few days before moving to Turkey. The operators place at Sterley has not been announced as yet, and is being filled by an extra operator until it is announced.

Everett Rivers is doing extra work for the Denver at Dalhart for a few days. Mrs. Rivers and Ruth Ann accompanied him to Dalhart for his assignment and returned Monday of this week.

Sterley community is smiling very broad at this time as we are experiencing some muddy weather again—that is every one except A. K. Glover who wants to bale some hay. I think however, he appreciates the moisture.

### CARD OF THANKS

For all the nice cards and letters I received while in the sanitarium at Savannah, I am truly thankful.

I appreciate everyone of them. I am now at my son's in Wichita, Kansas.

Mrs. C. C. Mason

### LONE STAR HOME DEMONSTRATION CLUB

Mrs. Herman R. King was hostess to the Lone Star Home Demonstration Club on Tuesday afternoon May 18th.

Mrs. Clyde Farish lead the program for "National Music Week." Others on the program were Mrs. Herman R. King, Mrs. Ben McGhee, Miss Nina Lee Foster, and Miss Betty Sue Farish.

Refreshments were served to Mrs. W. D. Nance, M. A. Martin, C. L. King, Clyde Farish, Herman R. King, Ben McGhee, Raymond Temple, Reed Lawson, Vestal Hastings, H. E. Frizzell, T.

S. McGehee and Misses, Nina Leo Foster, Betty Sue Farish, Sandra Lawson and Carolyn Hastings.

The meeting for June the 1st on "Home Improvement" will be in the home of Mrs. Reed Lawson.

### CARD OF THANKS

We wish to express our deep appreciation to everyone who helped us in anyway during the recent illness. Your friendship and love as expressed to us has meant more than you will ever know. May God bless each of you.

Fred Hardage and Family

Executive Loses 18 Pounds After Eating Grass for One Month

TAYLOR, TEXAS.—Elmore Torn, executive vice-president of the Texas Chemurgic council, is looking toward a square meal after more than a month on a grass diet.

Torn went on the diet of dehydrated cereal grasses as a means of expressing his individual support of the European aid plan.

He vowed to remain on the diet until the plan became a law. But even though the aid bill has been passed, Torn is still "tapering off" his grass diet.

He says whole milk will be supplemented and lean steaks added gradually until his daily calory intake is stepped up from about 200 to 1,200.

Torn said his loss of weight during the entire experiment was only about 18 pounds from his original 200.

After a month of eating very little but dehydrated grass pills, Torn said chlorophyll from now on "will have a prominent place in my ration for cutting away the fat and hardening the muscles."

Eight Acres of Farmland Slip Into Sixty-Foot Hole

GREENSBORO, FLA.—During an inspection of his farm, D. W. Pitts found that eight acres of his land fell into a sixty-foot hole.

Neighbors recalled hearing a loud noise, but because of continuous, heavy rains, Pitt didn't investigate.

State Geologist Robert N. Vernon said the collapse probably resulted from water eating out underlying limestone foundations.

Animal Foundation Blames Enteritis for Slim Hogs

DES MOINES.—Finger of suspicion was pointed at the hog who eats his head off and still fails to put on the profitable pounds.

The American Foundation for animal health warned that such boarders not only waste feed, but also may be victims and carriers of one of the dangerous types of swine enteritis.

"Even though they eat heartily, hogs with certain types of enteritis become thinner and thinner. Scouring may be severe. If they recover after several weeks, they suffer considerable loss of weight," the Foundation statement explained.

"One of the worst dangers is that alling hogs may spread the disease through the herd before they show marked illness. This makes it extremely important that a diagnosis be obtained at the first sign that anything is wrong.

"Sanitation and good management are the best precautions against enteritis losses. Newly-purchased pigs should be segregated until they are proved free of disease. Clean pastures, movable houses, and scrubbed concrete floors will reduce the chances of infection."

Veterinarians find that medical treatment for enteritis is more satisfactory when the farmer has practiced preventive sanitation and segregation, the American Foundation said.

Antarctic Whaling Industry Helps Meet World Food Needs

PALO ALTO, CAL.—The world's Antarctic whaling and whale oil industry is experiencing a healthy postwar revival through increased use of whale oil for human consumption in oleomargarine.

That statement with facts assembled from governments throughout the world, is set forth in a pamphlet by Dr. Karl Brandt, Stanford university professor of agriculture economics.

Brandt wrote that in 1938 the governments of Europe felt tensions of the coming war and began to stockpile whale oil. It became a top priority item of basic war essentials, along with wheat and sugar.

He pointed out that its remarkable adaptability to storage made it even more sought after. One cargo of Antarctic whale oil was stored in the United States in 1941 and used in England in 1947. The oil was enough to supply the British population with their daily margarine ration for five weeks.

In the 1938-39 season the world's fleet of whaling vessels reached its peak in number of vessels and tonnage of oil produced. Brandt wrote. At that time there were 36 factories afloat, 14 land stations in operation and 353 catcher boats being used. They caught 45,679 whales, which were converted into 3,007,409 barrels of oil.

Auto Parkers Deposit Foreign Coins in Meters

COLORADO SPRINGS, COLO.—Coins of many nations reach the desk of City Treasurer A. N. Wyman, though they're of no help in meeting the payroll. Parking meters here have disgorged coins from Canada, Peru, Argentina, Nicaragua, Guatemala, Ecuador, Palestine, Norway, Switzerland, Austria, Germany, China, Japan, the Philippines, Ceylon, Netherlands East Indies and Turkey.

True Stories of West Texans

An air of peacefulness permeated the Old Stone Ranch on that April morning of 1867. Located in an open valley that was crossed by the Clear Fork of the Brazos, its nearest neighbor was Camp Cooper, five miles to the east. It was a primeval setting, uncluttered by people; for neither Fort Griffin nor the later County seat of Albany had yet been founded.

But there was no peace for the agitated man pacing the stone enclosed yard of the old ranch. Two days before two of his sons, George and William, had joined other settlers going in pursuit of a band of marauding Indians. And last night he had dreamed that one of his boys was severely wounded. Now, he was waiting for a messenger, fearing the worst.

He was still pacing the yard when William and John Anderson, weary with an all night's ride, came with the news.

George had been shot. The arrow, entering his body above the navel, had broken when the shaft was pulled out, and its head could not be found. They thought that perhaps it might have become lost in the loose sand when jerked out.

While their elders were making preparations to receive the wounded boy, should he still be alive, the children took turns acting as look-outs; but a full hour before the party's expected arrival the boys were all on the smoke house together. As the scouting group wound slowly into sight, a shout of joy went up and the news was called to the anxious parents. The full number of horsemen had been counted! George Reynolds was indeed sitting his horse. But it was only from grim determination, he wanting to reassure those waiting loved ones. As they had come into sight of the Old Stone Ranch he had insisted that he be taken from the litter. This litter was made of the men's kayaks or cowhide packs swung between two horses. The horses were tied together, heads and tails, and led by two men on foot. Thus they had traveled the 35 or 40 miles, except when the horses had had to go single file; he was then laid across his saddle.

Dr. James D. Ray soon arrived from Weatherford, having been

brought by Sam Newcomb, a brother-in-law of young Reynolds. They had ridden night and day to cover the hundred and some odd intervening miles.

George Reynolds, future cattle baron and assistant founder of the First National banks of both Albany and Oklahoma City, regained his health. But his father's psychic premonition of death was not without foundation. Sixteen years and three and a half months after that fateful shot, an iron arrowhead, blunt and sealed with rust, was removed from George Reynolds' back.

BRUMMETT HAS NEW SON ALSO

Dudley K. Brummett, candidate for the office of state senator from the 30th district, was in Lockney last week and revealed to the editor that he, too, had just become the father of a son.

Brummett is now practicing law at Lubbock. He is a native of Dickens County and is a veteran of World War II.

## Weekly SURPLUS NEWS WAA

Production equipment such as machine tools and industrial machines are in the war surplus spotlight again during the month of May. In Texas and the southwest such equipment has been held from sale pending a screening by a special armed forces committee which earmarked a considerable portion for an emergency reserve. Some, however, now has been released and is to be offered on a competitive bid basis to all buyers. Sales of a total of \$690,000 worth of such equipment have been

scheduled to be held at the McAlester, Okla., Naval Depot and the Grand Prairie Dal 6 Warehouse during the latter part of May. In each case a thirty day inspection preceded the sale to allow priority claimants ample time to select items needed and also to allow the armed forces to make additional withdrawals. Another smaller machine tool sale is to be held at Camp Gruber.

Congressional proposals for the withdrawal from surplus and reactivation of Camp Maxey, Camp Gruber and Shepard Field will halt indefinitely any further disposals of real property at these sites. Any personal property deemed unneeded for the possible reactivation will probably be disposed of by the War Assets Administration. In many cases, WAA officials have pointed out, it is a greater sav-

**MATRIMONY...** Sooner or later everyone is bound to see a picture of the much-wedded Lana Turner and the much-wedded Henry J. Topping, now wedded to each other. This one was snapped as they left New York for an extended honeymoon in Europe.

ing to the government to market and remove small, scattered stores of surplus property, than to continue the cost of storage, maintenance and warehousing.

A sealed bid offering of approximately \$330,000 worth of electrical machinery and industrial equipment is being announced this week by WAA's Grand Prairie regional office. It is the first catalog offering by the regional office in several weeks and includes 199 different types of tools and equipment located at the Longhorn Ordnance Works, Karnach, Texas. Vibrators, warehouse trucks, pumps, presses, mixers and hundreds of other items are offered in small listings of similar goods. Final date for receiving mailed in bids from all classes of buyers is May 31. Catalogs are available at the Grand Prairie Customer Service Center.

Need for furniture and equipment to launch the mammoth Chance Vought Aircraft Corporation in operation at its new location in the navy's Grand Prairie plant will probably result in withdrawal of some materials from a War Assets sale planned for the Dal 6 warehouse May 26, 27 and 28. The WAA's location sales crew is hurrying however, to include everything possible in the \$200,000 offering to as to remove its warehouse facilities to the A plant.

The army-navy munitions board is moving toward a gradual relation of the general freeze on disposals of real property in the southwest region. War Assets Administration this week received notice to put back in its sales hopper the following surplus installations: Camp Wallace, Hitchcock, Texas; Baton Rouge Engineering Depot, Louisiana; Shreveport Quartermaster Depot, Louisiana; Key Field, Meridian, Mississippi, and the Tarr School of Aeronautics, Ponca City, Oklahoma.

Utility facilities for removal from Camp Berkeley, near Abilene, are now on sale to the highest bidder, subject to priority claims. The materials include more than 5,000 feet of galvanized water pipe in addition to poles, copper wire, transformers, insulators, and related equipment. Under the disposal of the Grand Prairie regional office of real property, applications from priority groups will be considered until May 21, and purchase offers from the public until June 1.

Your hens are probably lousy again if they have not been treated for lice since last fall. The county agent has information on poultry lice treatment.

Recently discovered early-day photograph of first Burlington Lines "up-town" ticket office in Fort Worth, made about January 1, 1890. The "Denver, Texas and Fort Worth Railroad" and the "Denver, Texas and Gulf Railroad" later became the Colorado and Southern Railway. The corporate name "Fort Worth and Denver City Railway Company" has remained the same since its origin in 1873. Identification of the men is unknown.

### Hospital News

Mrs. Otto Poe underwent minor surgery last Friday.  
Clyde Stapp was released Friday.  
Mrs. F. O. Schacht and baby son were released Saturday.  
W. D. Rowell continues to improve.  
Kendis Julian underwent a tonsillectomy Friday.  
Joe Keeter was a medical patient Friday and Saturday.  
Bobby Tiner of Lone Star underwent an emergency appendectomy Sunday.  
O. W. Keeter was released Monday.  
Ruby Lee Grubbs of Kress was admitted Monday for medical treatment. She was released Thursday.  
Mrs. Charles Smith was admitted Monday and released Thursday.  
Jimmy Howell underwent minor surgery Sunday. He was dismissed Tuesday.  
Mrs. Aubrey Kent underwent a major operation Tuesday.  
Kenneth Melton was released Wednesday. He had an operation last week.  
Mrs. W. I. Holt of Silverton was admitted Tuesday night for medical treatment.  
Joylene Weatherly was admitted Tuesday for treatment.  
Carolyn Campbell was admitted Tuesday for medical treatment.  
Betty Ann Nance was admitted Wednesday for medical treatment.  
Mrs. H. F. Frizzell was admitted Wednesday night.

Some people learn how to relax. Others never learn how to do any thing else.

Assistant Secretary of the Navy John Nicholas Brown has described Naval Aviation as "the heart of the Navy, and upon the Air Arm rests the burden of maintaining the seapower we now have. The Navy, as a combat organization is as strong as its aviation."

There is a very narrow margin between keeping your chin up and sticking your neck out.

MOTH-PROOF BAGS protect your winter clothing during the summer months. We have them. Brown's Cleaners. t/c

### Whitaker's Son In Waco Vet Hospital

A Floyd County boy who was in the 26th Infantry of the First Division in North Africa, Sicily, France and Germany before he got caught by the luck of battle and was shell shocked was admitted to the Veterans' Hospital at Waco this week. He is Howard E. Whitaker Jr.  
At home for two years with a service connected mental disability, Howard was taken to Waco hospital last week end by his father and will remain there until such time as the Veterans' hospital authorities deem it wise to release him.  
Mr. Whitaker senior returned home

## SPECIAL!

Starting  
**MONDAY, MAY 31ST**

NOW that school is out you will probably want to have a real clean-up. From Monday, May 31 through Friday, June 4, you may do your laundry here for only

**30c per Hour**  
1c per minute for Overtime

No extra charge for quilts or blankets

REMEMBER—Only one week of this special clean-up price, so come early and take advantage of it.

A nice cool place to wash.

Open 7 a. m. to 5 p. m. Monday through Friday.

**U & I LAUNDRY**

Roy and Gladys Ragle, Owners Across from The Beacon office

the first of the week from Waco. He has a letter from the Chief of professional services at the hospital which says that the boy will undergo examinations of various kinds and receive such treatment as his condition requires.

The Whitaker's have been under considerable strain since their son's return home, the father reports. A good boy when he went away to the army, the returned soldier has been writing cold checks and making other

trouble which he wouldn't do had he been normal. The Whitakers have hopes that the treatment now pending will clear up the boy's condition.

Things we stub our toes on today are ones we laid around carelessly yesterday.

WE FIX 'EM. Minor repairs made without charge when your clothes are cleaned and pressed here. Brown's Cleaners.

### CLEANUP TIME

The spring and early summer community clean-up is one of the oldest and most valuable of American institutions. It makes for attractive homes and towns. According to medical men, it helps fight disease, by getting rid of germ-filled refuse. And it is absolutely essential to fire prevention.

Many fire departments have on hand self-inspection guides prepared by the National Board of Fire Underwriters. The advice given is simple—and it is also vital to domestic and industrial safety. All rubbish in and out of buildings should be gathered up and disposed of. Heating equipment of all kinds should be inspected by experts in order to ready it for hard use next winter, and needed repairs should be made at once. Electric cords, lamps and appliances should also be checked for possible dangers. Flammables, such as paint and cleaning liquids, should be carefully stored, and rags which are used with them should be kept only in closed metal containers.

Careful clean-ups were never more needed than now. Last March alone, fire destroyed over \$74,000,000 worth of property—a jump of about 25 per cent over the same month a year ago. Unless it is checked, a new high record of waste will again be established this year. Those dollars are represented by lost housing buildings, food, raw materials, manufactured goods, and everything else that can burn. And along with property fire takes more

## SCHOOL DAYS

By DWIG

than 10,000 lives annually. The spring clean-up can be one of fire's most effective enemies.

Excessive tidiness is said to indicate a mild form of insanity, for which most newspapermen are happily immune.

When daughter completes her courses at the finishing school, it may be the daughter who gets the diploma, but it is dad who gets the finishing.

The fellow who used to walk a barbed wire fence barefoot, with a wildcat under each arm, is now married to a little red-headed woman who makes him do the dishes three times a day.

A good broiler mash is just as good as starter mash for starting young chicks, and often less expensive. Also plan now for plenty of green feed for growingU pullets this spring.

### DON'T HOLD YOUR BREATH

You still hear people talking about buying something or other "when prices go back to normal."

Anyone has a perfect right to defer his purchasing in hope of a price millenium. But, judging by the evidence, he's going to have a long wait indeed.

The inflationary pressures are as strong as ever. The usual upward wage adjustments are taking place. The national income is still at or near its peak. The government is showing little disposition to economize in any direction. The cost of the European Aid Program and the preparedness program will turn more dollars loose and lead to more competition for scarce goods. Nothing, in fact, indicates the probability of important price drops for any kind of commodity in general use.

The work of retailers, in aggressively fighting inflation, is a measure of the difficulties encountered. Stores have voluntarily cut their profit margins, discouraged consumers from buying high priced wares, worked with manufacturers to improve qualities and lower prices, reduced their overhead to the last nickel, and so on. This has helped enormously to retard increases—but it hasn't caused a swing back to the 1941 price level. There is a definite point past which retailers or any other group can't go and stay in business. They have to make both ends meet like the rest of us.

We all hope for lower prices. But don't hold your breath while waiting.

Pity those who have no children. The only way to be sure of friends in your old age is to raise your own.

A lot of men waste a lot of time trying to find a match; and a lot of women waste a lot of time trying to make a match.

Most any business man can handle a big deal, but it takes an executive to dispose of the little deals.

Men put off things they ought to do, and women put off things they ought to wear.

### War Surplus News

The clearance of surplus in the El Paso area by WAA and slated for June 10 will involve materials originally costing \$200,000. In addition to about \$100,000 worth of machine tools released by a government defense committee, some auto parts, cafe equipment, tents, heaters, coolers and medical furniture and supplies will be among 88 lots to be offered the various classes of buyers. Veterans will be invited to bid on two setside items at this big clearance: a revolving truck-mounted crane and a laundry trailer complete with equipment. Inspection will continue through June 9 at Warehouse No. 22 Fort

Bliss. The selling period for veterans, all other priorities and commercial purchasers will commence at 9:00 a. m. June 10.

Some odd things still come up from time to time in WAA's inventory of government owned surplus. Buyers are now being solicited for 117 oil paintings and original water colors by leading American artists. This internationally famed collection was assembled by the government in response to requests from foreign countries for a showing of contemporary American art. Sale will be by sealed bid on each piece, subject to the standard priority sequence. The collection is on display at the Whit-

"You just can't beat Electric Cooking"

For good cooking, and cooler cooking, you just can't beat an electric range...it's the easy and low cost way to prepare better meals with less effort. Electric cooking is best because you can control the heat you're using exactly, make sure that every dish gets just the right amount of heat for the right amount of time.

Better still, you'll have more time to "get out," for the new electric ranges require no watching...cooking is practically automatic.

Plan now on doing better cooking...electrically... You'll get more and more enjoyment from cheap electricity in the Panhandle Plains, Pecos Valley Area.

We have nothing to sell but good electric service. You'll find a choice of electric ranges, and other electric cooking equipment at a nearby appliance dealer's.

### Seniors Present Trophy Cases As Parting Gift

The 1948 Senior Class is leaving two trophy cases as a parting gift to their Alma Mater, it was revealed this week. The cases will be placed on either side of the entrance hall of the high school. They are to have a blonde finish and lined with maroon velvet with the letters of L. H. S. in white. They contain adjustable plate glass shelves and are to be lighted with fluorescent lights. The present trophy case is small and over-flowing.

The Senior class hopes that the school will enjoy the use of these new trophy cases and will soon fill them, it was said.

### Seniors Enjoy Senior Day At Lubbock

The Senior Class of Lockney High observed Senior Day on Friday, May 14, by spending the day in McKenzie Park, Lubbock. They left Lockney about 9 a. m. and spent the morning playing on the swings, see-saws, etc.

At noon a delicious meal was served consisting of fried chicken, potato salad, pickles, angel food cake, and iced tea. The hit of the day was a huge angel food cake decorated around the edge with the names of all the seniors and the top having the words "Best Wishes Seniors of '48", with the names of the superintendent, principal and senior sponsors. The cake was baked by Mrs. Ross Cooper.

The amusement park was next with the seniors riding everything on the grounds. Next all went to the skating rink and skated until they were exhausted. Then all returned to Lockney to assemble in the back yard of Mrs. Fred Hall for a picnic supper. The Class voted the day a big success.

Those accompanying the Seniors were Mrs. Harris, Mrs. Hilburn Casey, Mrs. Fred Hall, Mrs. Joe Rogers, Mr. and Mrs. F. L. Montandon and Mrs. Sid Thomas.

Dim lighting, slow heating appliances and poorly running motors may be the signal for the need of a new rewiring job on the farm.

Soil Conservation District News

The Soil Conservation Service technicians ran several laterals for contour irrigation to the District were on the D. J. Phillips farms and located high points for wells on two quarters.

The Soil Conservation Service technicians ran several laterals for contour irrigation on the Rollow land which is being farmed by Calvin Poteet and is located in the McAllister conservation group.

W. H. Mayo has finished drilling his irrigation well and has set casing and run the foundation for the pump which he hopes to install very soon. Mr. Mayo has done some leveling and has most of his land ready to irrigate.

The weather man seems to be in a cooperative mood (at last) and at this writing we are enjoying a nice rain. Remember that after a rain is often a good time to irrigate unless the rain is great enough to supply the needed moisture. Very often, however we get only about half of the needed moisture in a rain and will then have to supply the other half through irrigation.

Contour irrigation lines were run on the W. D. Nance farm which is in the King Conservation Group.

A. V. Ridgway, who lives in the Providence group, is expecting to drill an irrigation well and the Soil Conservation Service boys were on his farm assisting him in finding the high point

of the farm. Coming back to this rain we are having. We understand that one of our good farmers happened to stick his neck out of the door early this morning and feeling drops of moisture, began to raise cats with the fired hand for falling to shut off the sprinkler irrigation system. We don't claim to be any experts on precipitation, but either these sprinklers are pretty efficient or some people just plain forgot what rain looks like. Maybe the Old Settlers will tell us all about it Friday.

Bud Casey, who lives in the South Sterley conservation group, is expecting to put down another well and the district technicians were out to his place on Friday to see how big an elevated ditch he would have to construct to handle the water.

Applications for assistance were approved for the following at the meeting of the supervisors on Tuesday of this week: Ray Pinner, W. C. Price, D. J. Phillips, A. V. Ridgway, R. E. Young, E. V. Godfrey, Calvin W. Poteet and C. L. Hagood.

Agreements between the District and the following cooperators were also approved at this meeting: E. E. Joiner, W. W. Buckner, E. W. Turner, E. H. Burk, Calvin W. Poteet, C. L. Hagood, W. T. Rankin, Bailey Henderson, Kendall Cummings, Ray Pinner and Thomas E. Warren.

A chip on the shoulder indicates there is wood higher up.

COINED... Phyllis Brotsman of New York is holding the two new coins struck by the Philippine Islands to honor Gen. Douglas MacArthur. They are the peso and the 50-centavo. Both bear the legend, "Defender and liberator of the Philippines."

Nationwide Registration Of All Babies is Suggested

WASHINGTON. — A nationwide system of assigning serial numbers to all new-born babies has been proposed with the approval of the United States public health service. Herbert R. Dunning, administrative officer for the services national office of vital statistics, told of the system. He said it has been recommended by state and national compilers of vital statistics to achieve uniformity in the numbering of birth certificates.

"No federal agency is committed to the use of the number," Dunning told a reporter, "but it is conceivable that any agency could make use of such a number."

Under the "birth number" a number like this would be placed on the birth record: 125-48-1250000. The "1" would stand for the United States. The other two numbers in that segment "25," would stand for the particular state, each being assigned a two-digit number. The "48" would stand for 1948.

The third segment "1250000" would mean that this birth record was the 125,000th filed in the records of that particular state.

Faith will not die as long as seed catalogues are printed.

A good dead gets about as much attention these days as a homey face.

MADE TO MEASURE SUITS—For either ladies or men. Come in and let us measure you up. Brown's Cleaners. 2tc
