

Pioneers Elect New Officers

Mrs. Jeffie Smith was elected president of the Floyd County Pioneer Association at the close of the annual meeting in Floydada last Friday. She succeeds Walter Gound, who presided at last Friday's activities.

Other officers elected were I. C. Surgner, vice president; Mrs. Maud E. Hollums, re-elected as secretary; G. L. Fawver, re-elected as treasurer; A. T. Sepston, Tom McClain, Clas Snodgrass, R. C. Scott, Buck Sams, C. L. Anderson, directors.

The meeting this year was celebrating the 58th anniversary of the organization of Floyd County.

The celebration opened with a parade led by the Floydada High School Band and including floats, riders, commercial vehicles and old timers. Mrs. J. B. Harper of Lockney was the oldest pioneer in the parade. She is 91 years old.

Other prizes awarded in the parade included:

Best float, Marble children; second Glover's Barber Shop.

Best dressed pioneer man, Woodrow Badgett; second, S. L. West.

Best dressed pioneer woman, Mrs. Calvin Steen; second, Mrs. Jean Smith.

Old time cowboy, John Fawver; second, Roy Curry.

Oldest pioneer man in parade, R. C. Bennett.

Explorer, Oscar Stansell; second, George Fawver.

Oldest married couple in parade, Mr. and Mrs. R. C. Bennett.

Best wild flower bouquet, Mrs. W. H. Bethel; second, Mrs. A. H. Kries; third, Mrs. C. A. Caffee.

Best window of antiques, first, Mrs. Maud Hollums, second, Ed Johnson; third, Home Builders Club.

Young couple in pioneer costume, Mr. and Mrs. R. L. Martin; second, Mr. and Mrs. Olin Bryant.

Mrs. George Smith spoke to the group on life in Floyd County in an early day. Mrs. Aura Hollis spoke on early day school teaching.

Tom McClain spoke of attending school in Floyd County when it was first organized. Walter Newell also spoke of the experiences of an early day pupil and I. T. Graves, Floydada superintendent, spoke briefly. A number of others made short speeches.

The noon meal was served by the Home Demonstration Clubs of the county, the tables being decorated with wild flower bouquets. John L. West gave the prayer of thanks for the dinner and the association of old timers and friends.

A number of pioneer songs were rendered by Earl Rainer, Garland Glover, Lester Burgett and Clifford Tubbs. Also the High School band rendered several numbers.

Memorial services were in charge of Tom W. Dean, who read the names of the pioneers who passed away in the last year.

A square dance on the court house lawn closed the day's activities.

At a roping contest in the afternoon N. J. Petlock of Aspermont won the jackpot. Jack Skipworth, Cotton Lee, Red Whitley and others gave roping demonstrations.

City To Be DDT Sprayed Soon

The entire city will be sprayed with DDT soon, according to plans worked out by the City Council in a recent meeting. A power sprayer from Lubbock will be employed to do the job, it was said.

Meanwhile, all business houses and residents of the city are asked to clean up their premises, open up all alleys and prepare for the DDT spraying.

Trucks will be employed by the city to haul off the trash, it was said.

Local Swimming Pool To Open Saturday

The city swimming pool will open Saturday, it was announced this week. H. C. Griffiths, who was in charge of the pool last year, will again be in charge of the pool. Ernest Rogers will act as life guard and will be on duty at all times the pool is open.

At present the pool will be open from 2 p. m. until 7 p. m. each day. Considerable renovating and repainting has been done on the pool and the bath houses getting it ready for the summer, it was said.

D. D. Bailey and family of Bonham, Texas, are here visiting the D. N. Joffcoat family. The Baileys are on their way to California for a visit.

MADE-TO-MEASURE SUITS—for either ladies or men. Come in and let us measure you up. Brown's Cleaners.

Baptist Bible School Starts Monday

The annual Vacation Bible School conducted by the Lockney Baptist Church will start Monday morning at 9 a. m. Rev. E. J. Cobb, pastor, announced this week. The school will continue two weeks, through Friday, June 18.

"Every boy and girl from the Beginner through the Intermediate departments are invited to come and enjoy the school," Rev. Cobb said. "This is one school where the pupil does not study. The teacher has to do all the studying for them. We want you to enjoy the school and to learn about God and His Word. The school will start at 9 each morning and will close a little before 12. If you can gather a car load of boys and girls from your neighborhood, bring them to the school," he concluded.

Teachers in the Bible school include the following:

Intermediates: Mrs. Harmon Handley, superintendent; Mrs. W. S. Rexrode, Mrs. E. A. Bonner, Mrs. Hilburn Casey, Mrs. R. L. Hearne, Mrs. C. O. Roberts.

Juniors: Mrs. T. B. Mitchell and Mrs. Sid Thomas, superintendents; Mrs. J. H. Harper, Mrs. Clarence McCandless, Mrs. T. S. Fox, Mrs. Ruth Cox, Miss Bobbie Lou Casey, Miss Margaret Weathers.

Primaries: Mrs. Guy Allen and Mrs. J. B. Allen, superintendents; Mrs. Franklin, Mrs. Jesse Cox, Mrs. Joe Page, Mrs. Clayton Weathers, Mrs. J. P. Truett.

Beginners: Mrs. E. J. Cobb, superintendent; Mrs. Fay Ferguson, Mrs. Wesley Hay, Mrs. Melvin Potts, Mrs. Melvin Cooper, Mrs. Jack Jernigan, Mrs. Robin Byars.

School principal—E. J. Cobb.

General secretary—Mrs. Ed Whitfill.

General pianist—Miss Bobbie Lou Casey.

General choister—Mrs. Ben McGhee.

Refreshment committee—Mrs. Jewell Kenady.

Miss Irene Hall To Graduate June 4 At Scarritt College

Miss Irene Hall, daughter of Mrs. Pearl Hall of Lockney, Texas, will be graduated from Scarritt College for Christian workers on June 4 with the Bachelor of Arts Degree. Before coming to Scarritt, she attended McMurry College at Allamore, Texas.

After spending the summer at home, Miss Hall plans to begin work in a settlement as a social worker.

Scarritt College, which is a part of the University Center of Nashville, is a co-educational senior college and graduate school for the advanced and specialized training of social-religious workers who are greatly in demand by church and social agencies, both in the United States and abroad. Its program is based upon a definitely Christian philosophy. A number of missionaries on furlough enrolled at Scarritt College this year. Their foreign experiences and contacts contribute an international flavor to what the college offers in formal training.

Scarritt graduates go out all over the nation and into all the world as active workers in social, educational, and religious service that helps to advance human welfare.

Mrs. Hodges Died Wednesday Night

Mrs. Blanche Hodges died suddenly Wednesday night at the home of her daughter, Mrs. T. W. Ashburn in the Pleasant Valley community. The deceased lady made her home with her daughter, it was reported. She was 62 years of age. The family had been living at Pleasant Valley since February moving there from the Halfway Community, west of Plainview.

The body was carried to Stamford Thursday. Funeral service will be held Friday afternoon at 2:30 at the Tuxedo Church in Jones county and burial will be in the Fairview cemetery in the same county.

C. L. Record has been ill the past two weeks and has not been able to fill his position at the Rose Food

F. H. A. Officers Installed

Pictured here is a scene during the installation of new officers of the Lockney chapter of the Future Home Makers of America. The beautiful ceremony was held on Monday evening, May 17 at the high school. New officers are Iva Mae Wright, president; Velma Seale, vice-president; Beth Kellison, secretary-treasurer; Mary Louise Manning, reporter.

In the picture is shown, left to right, the retiring officers: Joyce Carthel, reporter; Patsy Harris, president; Wanda Carter, vice-president; Gleyna Earle Norman, secre-

Methodist Church Vacation School To Run Two Weeks

The Methodist Vacation Church School will begin next Monday, June 7th, 1948 at 3 o'clock, and will run for two weeks with daily sessions from 3 to 5 p. m.

Director of the School will be Mrs. Paul Cooper. Heading each department will be: Intermediates, Mrs. R. J. Clark; Juniors, Mrs. Jake Griffith; Primary, Mrs. W. E. Terrell, and Beginners, Mrs. F. L. Brown, Mrs. Troy Ray will be director of music.

Children of the community ages 4 through 14 are invited to attend this school.

MAGGARD'S CONDITION "FAIR"

Mayor R. L. Maggard's condition was reported as "fair" Wednesday. He is in the Plainview Hospital after suffering another heart attack at the home of his son, Leighton Maggard in Plainview last Saturday. He had two previous attacks.

Soil Conservation News

A number of persons were in the District office recently asking about planting grass and pastures. We believe that it is just a little late to be planting now and that it would be better to wait until the latter part of August or September. Spend the next few months getting your land in shape. Kill all the weeds you can, plow and level and float your land, and then water to get a good season of moisture in the soil. After you do all that you will probably find out that you need to do some more float-

ing and leveling to make the land water better. Fall planting will generally give the best results. See that you have a good season of moisture, enough to bring up the grass to a good stand and vigorous growth before you have to water it again. The District has a new Brillion seeder which is for rent. This seeder is especially designed to plant clover and alfalfa and grass seed and should give you a better stand with less seed.

Several people have asked what to plant around the house for a lawn that would be cheap and would also stand a lot of dry weather. There are a lot of good lawn grasses but we have seen some mighty pretty lawns which were nothing more than common mesquite or buffalo grass. Most of your native pastures are buffalo and it grows especially good around lakes. The best way to get this started in a lawn is to sprig it out. Plant sprig about every foot. Find a good plot of this grass and plow up a little and haul it up to the house and we are sure that if you will dig the holes your wife will be glad to plant the sprigs and keep them watered till the grass covers the ground.

Plains Floral Shop Enlarges Quarters

The Plains Floral Shop this week completed the enlargement of their shop, located one block west of the First Baptist Church, Mrs. J. B. Seale, proprietor, said Tuesday.

Adding 250 square feet to their floor space, Mrs. Seale also installed a new walk-in display and storage refrigerator, added a line of pottery, planters and glassware.

The entrance was changed to the north side of the building and the entire shop redecorated. On the interior, working fixtures were added to allow ample working space for two designers.

Moisture Here Totals 1.20 Inches

Approximately 1.20 inches of rain fell here during the recent rains, according to the gauge kept by Hammond & Company. The rains fell over a period of about a week and fell slowly, most all of the water soaking into the ground.

"Soil erosion may be interpreted economically in terms of real dollar values slipping through the fingers of farmers who count and guard to the last penny the cash symbols of value which come their way."

The rain that we were speaking of in our last week's news column continued through out the week. It was rather spotted, some areas getting a good pelting and others very little, however, all reports seem to confirm the fact that most Floyd County citizens now know what real rain should look like. The rain prevented field work most of last week but the Soil Conservation Service boys found plenty to do in the office getting some much needed work done on maps and plans. Most of them have enough cleaned off the top of their desks so that they can at least see what the finish looks like. This makes the stenographers particularly happy as she will not have to fling caustic remarks about jumbled up desks, at least not for a day or so.

The capitol value to be saved through soil conservation in most cases far exceeds the cost of conservation measures. It is a smart dollar that is invested to save five or ten.

Did you know that some soils in Floyd County will take up as much as 8 inches of water the first hour. The physical characteristics of soil are of prime importance when the engineer designs your irrigation system. That is one reason why he recommends runs of 1000 to 1500 feet on hardland but only recommends rows of 400 to 600 feet on light permeable soils. It has been determined, by tests, that all the water you put on a 2x soil after about two hours is wasted.

Campbell Returned To Local Pastorate

Rev. R. H. Campbell was returned to the pastorate of the Lockney Methodist Church in appointments read last Sunday afternoon at the annual meeting of the Northwest Texas Methodist Conference in Lubbock. Rev. Campbell has served the local church for two years.

Rev. W. C. Hines was reappointed as Plainview district superintendent, an office he has filled for five years. This will be the last year in his present capacity because of a limit of six years in the tenure of the district superintendents.

At Floydada, Rev. Lloyd H. Jones was returned for his fourth year at that place. At Alken, L. L. Broughton was renamed; Clifford Trotter was given the Cone-Carr's Chapel charge; P. T. Haynes was named to the Liberty-Sterley pastorate and Rev. L. S. Todd was sent to Petersburg.

Rev. W. E. Patterson, pastor, and R. E. Gilbreath as associate pastor were returned to the First Church, Plainview.

Main Street Church Starts Vacation Bible School Next Monday

A vacation Bible school will be conducted by the Main Street Church of Christ starting next Monday, June 7 and continuing through June 11, it was announced this week by J. W. Channell.

Classes will begin Monday morning at 8:30 and the students will have two hours of class work each morning. All the children of the community, regardless of religious affiliation, are invited to attend these five days of studying the Bible and Christian association, Mr. Channell said.

Following is the faculty of the school as announced this week:

Preschool group: teachers, Mrs. Clyde Baxter, Mrs. Ray Pinner, Mrs. Una Payne Whitfill.

Primary, 1, 2, 3 grades: teachers, Miss Leo Maudie Watson, Miss Billie Earl Ross, Mrs. Myrl Wofford.

Juniors, 4, 5, 6 grades: teachers, Mrs. Mary Glenn Dege, Mrs. Francis Montandon, Mrs. J. W. Mathis.

Intermediates, 7, 8, 9 grades: teachers, Mrs. Nora Ayres, Mrs. O'Wayne Ross, Mrs. Pauline Watson.

Seniors, 10, 11, 12 grades: teacher, Jay Channell.

Thelma Zimmerman To Represent Tech At Nat'l Home Meet

LUBBOCK, May 31—Students Martha Lewis of Dumas and Thelma Zimmerman of Lockney will represent Texas Technological college at the annual American Home Economics association national meeting in Minneapolis, Minn., June 21-23. Miss Margaret W. Weeks, dean of home economics announced.

Miss Lewis and Miss Zimmerman, president and vice president of the college home economics club, are attending the national conference as official club delegates. The association is composed of college club departments and professional groups.

Supper And Candidate Speaking At Lone Star

Everyone is invited to attend a supper and candidate speaking sponsored by the Home Demonstration Club at the Lone Star schoolhouse Thursday night, June 10 at 8:30.

Supper will be \$1.50 a plate and all proceeds will go on the Clubs project, which is to help furnish the Lockney Hospital. Come be with us and help this worthy cause.

A special invitation is extended to all candidates.

To The Citizens Of The Lockney Community:

I wish to take this opportunity of expressing to the people of Lockney and surrounding area my appreciation for the courteous reception given men in the past five months. I have enjoyed very much my association with you and hope to be of service to you as an officer of the First National Bank in Lockney.

W. A. WALDROP

New Bank Begins Operation Here

The new bank, the First National Bank in Lockney, began operations here Monday morning, June 1. The new bank, replacing the old one, the First National Bank of Lockney, assumed all deposits and other liabilities of its predecessor and is continuing business in the same location. Deposits are guaranteed by the Federal Deposit Insurance Corporation in the new bank as they were in the old.

The new charter was granted the bank here with only the one small word "of" changed to "in" in the title since the old bank is being liquidated by Artie Baker, the owner.

The new bank, acting through its board of directors, purchased the bank building and fixtures from Mr. Baker as well as his entire stock in the bank. New fixtures have been ordered for the bank and will be installed within 60 to 90 days, officials said.

Officers of the new bank are: W. A. Waldrop, president; Ed Whitfill, vice-president; Mary W. Waldrop, cash; Chester E. Beardsley, assistant cashier; June Bybee, assistant cashier; Other employees are Joe Wilson and Miss Helen Boedeker.

The directors of the new bank are: Ed Whitfill, H. L. Stowe, Chester E. Beardsley, L. A. Cooper, Ben Quebe, W. A. Waldrop, Frank Perkins, Olive Savage.

"We the stockholders and officers of the new organization will appreciate your banking business either in the form of a deposit or a loan," was the message given the public in an advertisement in The Beacon this week. "It is our sincere desire to give the people of Lockney and the surrounding area not only a pleasant atmosphere in which to do business but also courteous, efficient and satisfactory service."

Also in the advertisement the bank listed its entire group of stockholders as follows:

Lloyd A. Wofford, Ed Whitfill, L. M. Honea, L. A. Cooper, F. L. Brown, Frank Perkins, R. E. Patterson, W. J. Griffith, L. M. Readbiter, W. E. Terrell, Jack Dollar, T. B. Mitchell, T. H. Boedeker, W. F. Faggard, Oliver Savage, Ben Quebe, Eudie Milton, Roy Riddell, H. L. Stowe, E. Cowart, R. T. Spence, J. W. Carter, S. G. Miller, Leon B. Wofford, Carl F. Lemons, Mullins & Howell, J. C. Wilson, "Whitey" Baccus, Maud Hollums, J. B. Wood, Gilbert Bean, George Webster, P. J. Powers, Ted Boedeker, Hershel Carthel, Guy Sams, Raymond Blount, D. D. Tate, C. V. Lemons, C. O. Joffcoat, W. D. Nance, Lowell Jarrett, E. D. Jackson, W. A. Campbell, W. R. Darnell, A. S. Mize, J. H. Hotchkiss, Austin E. Meriwether, Huey Davidson, Edwin H. Boedeker, J. B. Seale, Barney Manning, Claude Hammond, Ed Holmes, Robert W. Smith, Carl McAdams, Chester Mitchell, J. D. Copeland, Harold G. Watts, V. L. Webster, D. W. Bybee, A. S. Grubbs, Luther Hooten, Arch Crazer, Edgar R. Hays, Chester E. Beardsley, W. A. Waldrop.

Artie Baker, owner of the old bank, will maintain an office in the Alford Produce building here, he said Wednesday. He will continue to operate the Baker Pump Company and a farm loan business here, he said.

Stockholders Named

Also in the advertisement the bank listed its entire group of stockholders as follows:

Lloyd A. Wofford, Ed Whitfill, L. M. Honea, L. A. Cooper, F. L. Brown, Frank Perkins, R. E. Patterson, W. J. Griffith, L. M. Readbiter, W. E. Terrell, Jack Dollar, T. B. Mitchell, T. H. Boedeker, W. F. Faggard, Oliver Savage, Ben Quebe, Eudie Milton, Roy Riddell, H. L. Stowe, E. Cowart, R. T. Spence, J. W. Carter, S. G. Miller, Leon B. Wofford, Carl F. Lemons, Mullins & Howell, J. C. Wilson, "Whitey" Baccus, Maud Hollums, J. B. Wood, Gilbert Bean, George Webster, P. J. Powers, Ted Boedeker, Hershel Carthel, Guy Sams, Raymond Blount, D. D. Tate, C. V. Lemons, C. O. Joffcoat, W. D. Nance, Lowell Jarrett, E. D. Jackson, W. A. Campbell, W. R. Darnell, A. S. Mize, J. H. Hotchkiss, Austin E. Meriwether, Huey Davidson, Edwin H. Boedeker, J. B. Seale, Barney Manning, Claude Hammond, Ed Holmes, Robert W. Smith, Carl McAdams, Chester Mitchell, J. D. Copeland, Harold G. Watts, V. L. Webster, D. W. Bybee, A. S. Grubbs, Luther Hooten, Arch Crazer, Edgar R. Hays, Chester E. Beardsley, W. A. Waldrop.

Teachers Association Asks 5-Point Program

AUSTIN, Texas, May 25—A tentative five-point legislative program aimed at improving public schools will be sponsored by the Texas State Teachers Association in the next legislature.

The program was set out in a letter mailed Wednesday by the association to the 41,000 members of the organization. It was signed by Miss Emma Mae Brotze, president; B. B. Cobb, secretary, and Charles H. Tennyson, public relations director.

The letter called attention to the needs of the public school system, as seen by the teachers' association.

as follows:

An extension of the equalization, or rural aid law, to allow a greater number of poorly financed schools to qualify, thus enabling them to pay the minimum salary of \$2,000 for teachers with BA degrees, as provided by the last legislature, and maintain modern school systems.

Increasing the total appropriation for schools receiving equalization aid.

Increasing pay for all teachers on a basis yet to be determined.

Passage of a law providing better teaching certification standards, and teacher tenure.

A mandatory minimum cumulative sick leave law.

FELLER AND FRIEND. Mrs. Wallace Graham, wife of President Truman's personal physician, gives the President's dispossessed pup, Feller, a grooming in preparation for a dog show. The Grahams took over care of Feller when somebody didn't want the dog in the White House.

Mrs. McCollum Makes Statement

Last week I announced my candidacy for office of Tax Assessor and Collector as Mrs. Elizabeth McCollum believing everyone knew that my late husband, Dr. Joe McCollum and myself were the only McCollums residing in Floyd County. However so many people are asking who Mrs. Elizabeth McCollum is and why she is seeking office that I feel an explanation is due the voters.

The late Dr. McCollum was a beloved pioneer of Floyd County and everyone knew him well, but I have only resided in the County twenty one years, having met and married Dr. Joe while we were both in school at Oklahoma City. However, I have worked side by side with Dr. Joe, making his problems my problems and we have steadfastly stood for right and justice to all in the county at all times.

Perhaps many of you remember me best back in the depression years as Red Cross chairman for the north half of the County, when we made our office into a storage space and I measured cloth, fitted the needy families with shoes, clothes and bedding and fed the hungry, while my husband gave of his time and strength to help their physical needs.

Therefore I am not a complete stranger to the County and I believe all of you will recognize my need and I pledge myself to stand true to the ideals and traditions of Floyd County and will always serve you in the same spirit of honesty and justice as I have endeavored to do in the past.

Mrs. Elizabeth (Joe) McCollum

the college, L. O. Buchanan from USDA offices is to be in charge of the laboratory sessions assisted by his professional staff.

The classing sessions are to be held from 9 a. m. until 3 p. m., and the lectures on Tuesday and Thursday will begin at 3 p. m. in classrooms at the college, Mr. Parsons said.

Certificates are to be awarded those

who successfully complete the course. Registration is slated for 8 a. m. to 9 a. m. the opening day, June 21.

Insurance FIRE

AFTER 10 MONTHS REST, I am again writing Fire Insurance, now with EXTENDED COVERAGE also, for Farmers Union County Mutual Insurance Company, our own Texas Company. We now operate state-wide under good Texas Laws. We personally ask for your business.

First: Because the premium is less.

Second: Because we pay more. (No \$50 or \$100 deductible Clauses).

Third: Because The National Farmers Union says: "We are behind Texas—both morally and financially—to the limit." That means security for you. When you know you are safe you simply won't continue to send your money to out-of-state stock companies and pay the first \$50 or \$100 of your own loss when you find that a smaller premium in your own Texas company will pay all your losses in full and pile up a reserve that still belongs to you. Investigate now.

NOW a word about Hail Insurance on growing crops with our own Texas Panhandle Mutual Hail Association (Paid over \$700,000 in crop losses in Texas last year).

I'm begging you to insure your cotton with us the minute it comes up to a stand. It will sell for about 30c per pound this fall if it don't hail. If it does hail, we pay you and you can replant to feed or do as you please. About 10 pounds of lint insures you for more than \$20 per acre. It's just plain good business.

Listen to a Farmers Life as He Lives it—KVOP every Saturday 12:30 to 12:45.

Jeffroy MAKES EVERY DROP PAY

Moisture means money in farming... that is, if the moisture is in the right place at the right time! Jeffroy is the plow that breaks up the soil so that every drop of moisture goes down deep into the subsoil for future plant use. The illustrations below show how Jeffroy makes the soil drink deep... how every drop of moisture will pay in profitable crops!

THIS IS THE WAY THE JEOFFROY PLOWS...

...AND PAYS!

At a width of every foot, the chisels of the Jeffroy bite through the tough, hard layer just under the top-soil and open the way for the moisture to go into the subsoil for storage. This method of Jeffroy plowing kills the vegetation on top. The vegetation then shades the land and contributes additional fertility to the soil.

JEFFROY FEATURES:

Electrically welded frame. Frame is special, heavy-duty 4" H beam. Heavy-duty shocks. Strong, sturdy wheels and axles. Wheels mount on tires.

10-foot complete with Swoops, Chisels, tires and tubes. \$280.00

13 foot complete with Swoops, Chisels, Tires and Tubes. \$295.00

"THE BEST LITTLE TOWN IN TEXAS"

Open House For New Tech Stadium Set For June 7

LUBBOCK—Open house at the new Clifford B. and Audrey Jones stadium at Texas Technological college will be held Monday, June 7, Commencement day, Morley Jennings, Tech athletic director, announces.

Visitors will be welcomed from 10 a. m. until 5 p. m. to every section of the structure, including offices, dressing rooms, class rooms and the press box, he said.

Coaches moved into offices in the stadium a few weeks ago, and completed dressing rooms were used for spring football training. Mr. Jennings points out that facilities for upwards of 150 players have been set up in the dressing rooms, the most exten-

sive accommodation ever available to Tech Red Raiders. In addition to quarters for varsity and freshman gridmen gridmen at the southeast corner of the stadium, smaller quarters have been constructed at the north end of the east stands for visiting teams and for officials. Coaches have offices on the second floor of the east stand, with the ticket office below. The heating plant, laundry room, concession stand, motion picture room and rest rooms also are in the east stands.

The press box, one of the best in the southwest, is at the top of the west stand. Space for 52 press representatives is in the lower deck. Compartments for radio broadcasts, motion pictures, the public address system, and seats for coaches who wish to watch the game and communicate with the bench are in the upper tier.

THERE HAD TO BE A FIRST TIME

Advances in American naval ships and equipment have been marked throughout the century and a half of the Navy Department's history by important milestones of progress. One of these was the first flight from the deck of a ship, made in 1910 by Lt. Eugene Ely, when he took off from a miniature flight deck on the foredeck of the USS Birmingham (upper). Three years later naval aviation had its actual start when Admiral George Dewey signed the report of the General Board, which recommended the establishment of a Naval air arm. Today aviation is one of the elements in the three-pronged American Navy. Flowering of "Navy Air" can be symbolized in such scenes as the lower photo in which an FJ-1 "Fury," a jet-propelled Navy fighter, makes a landing aboard the USS Boxer while the ship cruises off the California coast.

Prospector Who Found Gold Mine Searches For Peace and Quiet

MINNEAPOLIS.—John Laskowsky, 59, a prospector, came here from Arizona to get away from the people who, he said, have driven him mad since he discovered a gold mine that might yield \$25,000 per ton of ore.

He flew here with J. J. Bliss, a Minneapolis metal products manufacturer who took pity on Laskowsky after watching a crowd of people hound him about his gold mine. "The poor guy was swamped by curious people all the time," Bliss said, "so he left the stake guarded by his son and a brother-in-law and came here with me."

Bliss said they were asking geologists from the University of Minnesota and the University of Colorado to go to the mine and examine it.

Laskowsky said he had been panning gold in the Wickensburg, Ariz., area for 15 years before he struck it rich. He had found small deposits often and had supported his family by panning them.

When he finally found the rich lode, Laskowsky said, he packed out \$2,500 worth of ore on his back because "if anyone suspected what was going on, I might have got shot."

He showed photostats of the Wickensburg Sun which quoted an ore market owner as saying "Laskowsky's samples are the richest gold ore I've seen in almost a lifetime in the mining industry." He also had documents headed "State of Ariz-

zona Department of Resources" and "United States Mint, San Francisco" which reported that a 150 pound sampling of ore yielded \$1,051.83 in gold.

"Generally, people figure that ore that pays even \$25 a ton is worth mining," he said.

"I'm going back before long, but those people out there have got to let me alone. I just had to get away from them. They wouldn't let me sleep or eat or anything. They made me pan gold while they watched."

Every day when we arise we're more surprised than ever—when we raise the shades, look out the window and find the world is still present.

Nature is wonderful. A million years ago nobody knew that we'd have to wear glasses; yet look how conveniently she located our ears.

About the most discouraged person we've ever seen was the fellow who had written a long overdue letter, and then lost it before getting it mailed.

Sparing the steering rod never Silence isn't always golden; some spoiled any child. times it's just plain yellow.

Cooling COMFORT ELECTRICALLY

There are lots of places in your home where an electric fan will bring cooling comfort, but none more important than the sick room.

There, during the hot summer days, a quiet electric fan will bring immeasurable comfort to the ill. You'll want to move the same electric fan to other rooms too, for there's nothing to stir up a cooling breeze on a hot summer day like an electric fan. Get yours NOW...and let cheap electricity bring more cooling comfort to you and your family this summer.

We have nothing to sell but good electric service. You'll find a wide variety of electric fans on display at your favorite appliance dealer.

We can hardly wait to show you the '49 Ford!

We're itching to show you the revolutionary, NEW '49 Ford! It's The Car of the Year—and you're going to love it! We can't let you see it quite yet, but here's a hint of some of the features you'll find in the NEW Ford in your future!

Seats wide enough for 3 BIG people!

Plenty of room to see out! We'll show you real "Picture Window" Visibility... more than 20 square feet of "see-ability"—Even the rear window is windshield big!

They rival the finest sofa for comfort and room—57" front, and 60" rear seat! Plenty of hip and shoulder room for 3 BIG people on each one!

You'll love the new "Mid Ship" Ride! You'll travel in a "Mid Ship" Ride... the level center section of Ford's "Lounge Car" interior where the going's smoothest!

The Car of the Year!

The Car of the Year has plenty of other features, too: a "Deep Deck" Luggage Locker with 19 cubic feet of usable space... new "Hydra-Coil" Front Springs... extra strong, extra long "Para-Flex" Rear Springs... new, larger, 35% easier-to-apply "Magic Action" King-Size Brakes. It won't be long before you can see for yourself!

Youngsters of the Texas Scottish Rite Hospital for Crippled Children Dallas couldn't wait to try out the new spinnet piano given them recently by the Last We Forget Club a group of women exceptionally generous in donating equipment for the kitchen and other parts of the hospital. At the piano playing for an impromptu chorus is Betty Nawara. The singers are Sue Plummer behind the piano, Sailor Shipp and Jean Monteith. Friends all over Texas yearly contribute many such fine gifts as well as funds to help carry on the work of the Scottish Rite Hospital.

What Every Texan Should Know About Bindweed

1. The bindweed blooms are white or pinkish and resemble a small morning glory. The leaves have an arrow-like base and are variable in size and shape.
2. Bindweeds are costing the people of the Panhandle more than a million dollars this year. (Surveys show that more than 50,000 acres are infested with bindweeds which means no crop. Suppose it produced 20 bushels of wheat per acre or 1,000,000 bushels at \$2.00 per bushel.)
3. Bindweeds are almost impossible to eradicate or kill.
4. 2, 4-D does not kill the bindweed, but it does keep it from seeding and spreading.
5. Soil sterilization by salt or sodium

- chlorate does kill bindweed.
6. Soil sterilization is very expensive and it encourages erosion.
 7. The chlorates are poisonous to livestock, and they are very dangerous as fire hazards. Chlorates are not available in quantities which would be needed.
 8. Clean cultivation with plow and hoe at 10 to 14 day intervals for two years does eradicate the weed.
 9. Bindweed spreads largely by seed.
 10. Bindweed seed are spread in garden and field seed. Bindweed seeds were first brought to this country from Russia in wheat seed.
 11. Bindweed seed have been known to lay dormant in the soil for 20 years and sprout to a good stand.
 12. Bindweed seed are often spread by transient combines.
 13. The people who do have bindweed should be more interested than

Chevrolet Owners!—Here's a lot of new-car zip for a lot less than new-car cost!

If long years of hard driving have taken the pep out of your pre-war Chevrolet, here's a special you won't want to pass up.

Of course, a new cylinder block assembly in your car is going to mean finer performance and a savings in gas and oil consumption!

So drive in and talk it over. There's no waiting, no complications. We'll work out a payment plan to suit you; and almost before you know it, you can be driving out with the old car so full of zip, you'll think it's a new one!

Chevrolet Sales and Service

Sterley News

By B. A. HOWELL

Mrs. Adelle Dykes from Booker, Texas, has been visiting her sister Mrs. A. C. Nelson and family for several days and returned to her home Sunday.

Mr. and Mrs. J. J. Williamson of Childress came Saturday evening for a week end visit with her brother, B. A. Howell and returned to their home Monday.

Lafayette Boone has been regularly assigned to the Operator's job at Sterley, replacing Mr. Russell who has been assigned the Agency for the Denver at Turkey. Mr. G. Pope from Washburn has been acting as operator since Mr. Russell's departure until June 1st when Mr. Boone is taking over for the regular job.

Mr. L. A. Claborn has been on the sick list for a few days and his duties as round house foreman has been filled by Mr. Woodrow Canady of Childress Shops until Sunday when Mr. Claborn was again physically able to take over.

To our knowledge Jim Bert Bobbitt was the only one from our immediate community who traveled to Amarillo

Thursday to inspect the Freedom Train. Jim Bert reports it was well worth any one's time and that he observed it as being very educational and he was mighty glad he drove up to see it.

Mrs. Everett Rivers and children visited in Dalhart over the week end.

Two of our railroad men are doing special work away from home this week as Marion Buchanan is in Dalhart and Evert Rivers is in Petersburg for a time.

Frank McClure with his family and also his father and mother returned from Wise County Monday where they attended an Old Settlers reunion and reported a very nice time with lots of rain in places. The McClures left that part of the country some 28 years ago and reported a grand visit with old friends.

The A. D. Yarbrough's are enjoying a visit from her sister Miss Glenna Weidner of Memphis and the Yarbroughs also had as guest in their home Sunday his brother, Coy Yarbrough and his family from Hall County.

So many people need sympathy nowadays that you shouldn't waste any on yourself.

O. E. S. Holds Installation Monday

Monday evening at 8 o'clock the Lockney Chapter, No. 437, Order of the Eastern Star, held a public installation of its officers for the ensuing year.

The officers had been elected by popular vote at a previous meeting; preferment to office was not sought, but came to the individuals chosen as an honor, justly merited, because of their qualifications, and freely bestowed.

They were chosen for their reputation, their work and high moral character, commanding the esteem and confidence of the members, and can give us standing and credit before the world.

It is no small mark of esteem to be thus selected, and may it be their aim to make the ensuing year the most prosperous in the history of the chapter.

The session was presided over by Mrs. Bessie Russell, the present worthy matron. The chapter has achieved much under the capable guidance of Mrs. Russell, having initiated 28 new members into the Order.

She welcomed the visitors in her own sweet gracious way. Approximately 75 visitors were served refreshments.

Bettie Counts acted as Installing Officer and did her work well, and in a manner becoming the solemnity of the occasion.

Since this is the beginning of a new year work, let's not forget to pay the small amount of \$2.00 for our yearly dues, that the Chapter may not be embarrassed in its efforts to relieve the distressed and to meet its necessary expenses.

The following officers were installed: Anna Dell Quebe, Worthy Matron; Ewald Quebe, Worthy Patron; Ethel Mitchell, associate Matron; Herman King, associate Patron; Katherine Rucker, Conductress; Ruth Cox, associate Conductress; Ruby Sams, Secretary; Annalou Phenix, Treasurer; Roberta Clark, Organist; Helen Huffman, Chaplin; Fay Messer, Marshal; Myrtle Messmer, Ada; Luciene Jones, Ruth; Lorane King, Esther; Mildred Chandler, Martha; Geneva Cook, Electa; Norene McDowell, Warder; Kenneth Cook, Sentinel; Jewell Kenady, reporter.

At the close of the meeting Mrs. Russell was presented with an electric toaster from the members. Her son, Kenneth Cook, also presented her with an ebony plaque inlaid with silver and showing the star and labyrinth with all officers' names engraved on it. Mr. Cook made the unique plaque himself.—Reporter.

TO SPEND SUMMER IN WYOMING

Mr. and Mrs. H. J. Blanchard will leave soon to spend the summer at Jackson, Wyoming visiting his parents. Mrs. Blanchard, the former Mary Ruth Thomas, completed the course of study and received her diploma from Texas Technological College last August. She will be a member of the graduating class at commencement exercises at the college on June 7, however, since this is the first commencement exercise held since her graduation.

No. 14604
TREASURY DEPARTMENT
Office of Comptroller of the Currency
Washington, D. C. May 17, 1948
Whereas, satisfactory evidence has been presented to the Comptroller of the Currency that

"FIRST NATIONAL BANK IN LOCKNEY
Lockney, County of Floyd, STATE OF TEXAS, has complied with all the provisions of the Statutes of the United States required to be complied with before being authorized to commence the business of Banking as a National Banking Association;

N o w, therefore, I, PRESTON DELANO, Comptroller of the Currency, do hereby certify that the said "FIRST NATIONAL BANK IN LOCKNEY," having complied with the requirements of the Statutes of the United States as aforesaid is authorized to commence the business of Banking as a National Banking Association (to succeed No. 9126 The First National Bank of Lockney, Lockney, Texas) beginning business June 1, 1948.

In testimony whereof, witness my hand and Seal of office this 17th day of May, 1948.

Preston Delano
Comptroller of the Currency
39-9tc

Mrs. Conde Davis spent last week end in Childress where she attended the graduation exercises of her grandson, Gene Lundgrin from Childress High School.

ATTEND CRAFTON REUNION
Mr. and Mrs. C. J. McClure, Mr. and Mrs. F. R. McClure and girls, all of Lone Star, Mrs. R. L. Tomme and Bettie Louise of Lockney, Mr. and Mrs. Jim Poore and daughters, Mrs. J. C. Oden and daughters, Mrs. C. E. Bartley, all of Floydada attended the reunion at Crafton, Texas, last Sunday.

TINKERING WITH COMPETITION

Early in May, the Supreme Court of the United States held in a case involving a salt company that price differentials which may "possibly" injure competitors constitute a violation of the Robinson-Patman Act. Justices Jackson and Frankfurter filed partial dissents, in which they pointed that prior decisions required that the Federal Trade Commission show a "reasonable probability" of such injury.

The majority decision, of course, will obtain. And it may be that a revision of the Robinson-Patman Act by Congress is in order. The purpose of the act was to prevent "unfair" competitive practices, and at the time of its passage there was grave doubt as to the wisdom of some of its provisions. Once we tinker, by law, with the free competitive system there is always a danger that the end result will be to make the consumer pay more for goods.

A prime example of that was the agitation, which reached a peak in the '30s, to fasten punitive special taxes on chain stores on the grounds that the independent was on the brink of extinction. Luckily for the country, the nation bill to that end failed of passage. Since then the independent

SCHOOL DAYS

By DWIG

has shown, in Mark Twain's phrase, that the report of his death was greatly exaggerated. All over the country, in the cities and in the village, the independents have kept pace with the chains. Both kinds of stores are doing more business than they ever did. And both kinds do as well as the energies, abilities and service standards of their managements allow.

Open, honest competition is the heart of a progressive country. We should be mighty careful about limiting it in any way.

Compared with the British inch, the American inch is two millionths of an inch too long; which is the least we Americans have ever stretched anything.

ENVOY OF THE WORLD

The history of the world, since recorded time began, has been blackened at regular frequent intervals by terrible famines. Countless millions have died miserably from hunger. And those cataclysms were not confined to long past, primitive times. In the last quarter century starvation has stalked through China, Russia, and other nations.

Yet, in the United States, we have never had a famine. Some may say short-sightedly that this is because we are blessed with an abundance of resources. But other countries where the standard of living is abysmally low compared with ours, have great resources also. Some may think it is because we work harder. Yet in the hunger-ridden nations the average man and woman work much longer hours, and perform a great deal more manual labor, than does the average American.

The basic reason for our abundance lies elsewhere. It has been in a theory of government that encourages every man to do this utmost and reap the rewards that has stimulated voluntary, individual enterprise and that, finally, has given every man the right to compete with any other in his chosen field.

We see how this system works on every hand. As a simple example, every American can walk into a store and buy all the meat he wants—something that is impossible in most other countries. Free enterprise is responsible for putting that meat in the butcher's showcase—for turning steers, hogs and other animals into cuts that are ready for consumption. To meet the needs of the country, a great packing industry has been developed to bridge the gap between the

livestock producer and our homes. It performs a vital service at a cost which is almost unbelievably small.

So it goes, in every field of enterprise. Free people, working in a free economy, have made the American standard of living the envy of the world.

NEWSPAPER ADVERTISING LINAGE

AUSTIN, TEX., May 30—Texas newspaper advertising rose 5 per cent from March to April, according to reports of 36 Texas newspapers to the University of Texas Bureau of Business Research.

April newspaper advertising totaled 35,964,000 lines, or 18 per cent higher than a year earlier.

BARKERS RETURN FROM TRIP

Mr. and Mrs. Arthur P. Barker Sr. returned last Wednesday from a vacation trip through the midwest and to California. They visited points of interest along the way include the Yosemite National park. At Los Angeles they visited Mr. Barker's brother and family.

The best way to be satisfied with your lot is to build a house on it.

BILL ALFORD

Never too late...
Whatever its birth date... your car will live a longer life if you regularly drain out old oil and Oil-Plate with Conoco Nth Motor Oil.
And here's the reason why. The moment Nth Motor Oil (Patented) enters your engine, a special added ingredient fastens an extra film of lubricant so closely to metal that cylinder walls and all working parts are literally OIL-PLATED!
This protective OIL-PLATING stays right up there... won't drain down to the crankcase, even with your engine idle over night! That's why Nth Motor Oil Extra-protects from "dry-friction" starts... from metal-eating combustion acids... from sludge and carbon due to wear!
So, for full-time protection... for more miles per quart, make a date now...
...to OIL-PLATE!

The first flag officer of the Navy to meet death in World War II was Rear Admiral Isaac Campbell Kidd. When the Japanese attacked Pearl Harbor, he courageously directed the action of his flagship ARIZONA, until she was destroyed by magazine explosions and a direct bomb hit on the bridge, resulting in his death.

The "Lost and Found" column of a Navy Seabee battalion newspaper in the Pacific during the war offered a reward for a Japanese bugle, trophy of one of the mates. However, in this case the reward was offered not for the instrument's recovery but for its disappearance. Complained the men who inserted the notice: the owner practiced too much!

Life is full of ups and downs. But the most difficult of all is keeping appearances up and expenses down.

The gentleman farmer raises nothing but his hat.

VICTIM . . . Tiny victim of ammunition dump explosion at Tsingtao, China, is carried from blasted building by U.S. navy hospital corpsman. Two hundred Chinese died in the explosion and approximately 800 more were injured, many seriously.

Nick names in the Navy are common, but rarely is an Admiral known chiefly by such a name. Rear Admiral Joseph James Clark, however, was asked once by the Secretary of the Navy, at a Press Conference, what his initials were, as he knew him only as "Jocko" Clark.

All men, including statisticians, are interested in figures.

"Stoney" Wall Given Promotion At Lubbock

R. F. Hinchey, Lubbock, president of West Texas Gas Company, has announced two important promotions which have been made to handle the increasing volume of work incident to the rapid growth of cities served by the company.

C. I. (Stoney) Wall of Lubbock, widely known throughout West Texas as has been named vice-president in charge of operations. He will have general supervision over the company's distributing plants, pipe lines and compressor stations. Formerly vice-president and assistant general manager, he also has served since 1935 as superintendent of city plants.

Herman F. Heath of Midland, heretofore manager of the company's Midland District, has been promoted to be superintendent of city plants, with headquarters at Lubbock. The addition of Heath to the general office staff will relieve Wall of the multitudinous details connected with operating 44 distributing plants in 11 company districts.

Wall brings to his new assignment a wealth of experience in the natural gas business, having worked his way through the ranks. He entered the employ of West Texas Gas Company in June, 1927, and served successively as bookkeeper, clerk in purchasing department, purchasing agent, manager of Plainview District, new business manager, and vice-president and assistant general manager.

Heath likewise is a long-time employee, having entered the service of the company in October, 1928. He started as a clerk in the Lubbock office and in April, 1930, was promoted to be manager of the Brownfield District. He handled his responsibilities there to the complete satisfaction of the company and the company's customers. In September, 1945, he was promoted again to be manager of the Midland District comprising Midland, Odessa and Stanton.

Father Brands His Son, 24, As Thief in Crowded Courtroom

NEW YORK.—As tears streamed from his eyes, a father stood in a crowded courtroom and pressed a grand larceny charge against his son whom on six previous occasions he had saved from a possible jail sentence by making good on money allegedly stolen by the 24-year-old youth.

The latter, Thomas Sexton, 24, North Bergen, N. J., stole two of his mother's coats, a mink coat valued at \$2,700, the other a \$350 fur jacket. He had been arraigned in felony court as fugitive from justice and then brought to a higher court for extradition proceedings after his father, William, signed a complaint alleging the theft of his wife's apparel.

Arraigned before Judge John A. Mullen, the youth was said to have been arrested repeatedly since 1941. In 1941 he was sentenced to five years for grand larceny but execution of sentence was suspended after his father had made restitution for the money stolen. Other offenses, his record showed, included passing worthless checks and stealing mail from mail boxes.

As they stood side by side before Judge Mullen, the father turned to his son and asked: "Why won't you be a good boy?"

"I will if you'll give me just one more chance," he replied.

The father remained mute and Judge Mullen put the youth in the custody of the North Bergen police.

"STONEY" WALL

An evil-looking land mine was unexpectedly dug up by Dale Gretton of Lansing, Mich., when he was a machinist's mate, second class, with the Navy's Seabees on Siapan, where he operated a shovel crane.

How did he react to his "surprise package?"

After his initial startled cry of "Wow!", he said, "It seemed like ten years before I got it back on the ground."

Imagination was given to man to compensate him for what he is not, and a sense of humor was provided to console him for what he is.

The head always starts swelling about the time the mind stops growing.

Weekly SURPLUS NEWS WAA

Further contraction of the War Assets Administration in both personnel and functions is being announced this week. In the southwest region, 280 employees, who have already been given discharge notices, will be released from their jobs June 28. Future of WAA still awaits congressional action. Virtually all of the

present stores of personal property surplus in the Grand Prairie region will have been sold by the end of the fiscal year, when the agency is due to expire. But WAA still has \$875,000,000 of real property in its Texas and southwest inventory. If WAA dissolved, some other agency will be assigned the job of carrying on this disposal.

Declining inventories of materials available to veterans, priority groups and the general public will bring about the elimination of the Customer Service Center formerly maintained by WAA at Houston. A center for the purchase of surplus property will

GOD'S PROMISES

OUT of an olden golden book I take
Bright words and weave them into a precious thing:
A bow of promise for my own heart's sake,
A glory for my spirit's comforting.
And when the day is dark I see it there
Where I can see its colors on the air,
Its fabric spun of God's own precious words,
His everlasting covenant to man.
It pierces through the darkest cloud, it glows
The whole of earth and heaven in its span:
These promises that I have set apart
Into a bow of comfort for my heart.

Grace Noll Crowell

continue to operate at San Antonio, serving the entire south Texas area. For north Texas, prospective purchasers will have a service center as now located in the former North American "A" plant between Dallas and Fort Worth.

Among "close-out" sales of war surplus scheduled for the first part of June, the quarter million dollar offering at Fort Bliss now shapes up as the most important to Texans. The El Paso sale, besides nearly \$100,000 in machine tools, will include a number of set aside items for veterans, some textiles, medical equipment, general products and a variety of miscellany. Inspection by the various buying classes is invited June 7 through June 9. Active bidding on the lots will start at 9 a. m. June 10.

Varying effects of withdrawals because of new national defense requirements are being noted on war surplus offerings in the southwest. In Oklahoma, a McAlester Naval Storehouse inventory of half a million dollars was affected only to the extent of \$90,000 before sale time. But at Camp Gruber, most of the materials were claimed by the armed forces, leaving only a few lots for buyers on June 4. At the big Dal 6 clearance at Grand Prairie, withdrawals did not hit most of the main items, but at the Todd-Houston Shipyard, where a \$750,000 clearance was scheduled for June 9, all items have been "frozen" by the military excepting some 20,000 tons of scrap steel.

Big news in real property disposal this week is that the Grand Prairie WAA region is now planning a gigantic "clean-up" sale of all surplus buildings for off-site use. Camps in Texas, Arkansas, Louisiana and Mississippi will be involved in this unprecedented offering. According to preliminary plans, the entire assortment of camp structures will be marketed on a sealed bid, non-priority sale. Details of the plan will be announced in the near future.

Nationally, War Assets now has a novel offering of surplus cigarettes, cigars and other tobacco products taken from stores of decommissioned naval vessels. Although the sale is open to the public without regard to priorities, it is expected to appeal to exporters because of and buyers who expect to resale the goods in this country will be required to re-process them. Bids will be received at the Washington WAA office until June 7. Catalogs and other information are available at the Grand Prairie Customer Service

Birth of Quintuplets in U. S. Is Possible Statistics Show

NEW YORK.—Despite the odds, some American mother most any day may have quintuplets who survive and grow.

By amazing coincidence, there have been at least three cases of quintuplets in the United States in the last 12 years. Two occurred only 20 months apart.

In each case, the quints were born prematurely and none lived more than half an hour. The chance that all five will survive is extremely thin.

What makes the births such a remarkable coincidence is that, by the rule that seems to apply to plural births, quintuplets would be expected once in about 50 million births! With the United States' birth rate around three and one-half million annually, quints would be expected, mathe-

matically, only once in 15 years or so.

The three cases of quints so close together, doesn't mean that this rule is wrong, or that it won't happen again soon. American quints could be born tomorrow, or not for 150 years.

For the coincidence that brought so many quints in so short a time does not mean the rules were out of order. They are not expected to be applied to any one given year or even a few years. But taken over decades they are valid. Then the rates do not seem to vary much.

An old-timer is one who remembers that when two girls discovered a man following them they called a cop. (Now they match for him).

Many a man thinks he has an open mind when it's merely vacant.

PLEASANT VALLEY CLUB TO MEET TUESDAY

The Pleasant Valley Home Demonstration Club will meet with Mrs. R. C. Mitchell on next Tuesday, June 8, it was announced this week. All members of the club are urged to be present.

A total premium of \$62,191 for the 1948 Livestock and Junior Livestock Shows has been announced by R. L. Thornton, State Fair President for this year's state fair in October.

Mrs. Harold Marler is visiting in Silverton with her sister.

Onion Juice, concentrated by a freezing process, is a new food product developed at the New York State Experiment Station. A few drops of onion juice will go a long way in furnishing onion flavor.

Load the dust gun with a generous supply of sabadilla and get the squash if you don't. Hit them every 5 to 7 days.

At Lubbock ABC Rodeo

LUBBOCK, TEXAS—West Texans by the thousands will have their second opportunity in as many years to see the famous cowboy movie star, Gene Autry, with a personal appearance in Lubbock four nights beginning June 9. Autry stars in the World's Championship Rodeo, opening on that date and continuing through June 12, with nightly performances starting at 8:00 p. m. in the new Clifford and Audrey Jones Stadium at Texas Tech. The American Business Club again will sponsor the show, proceeds of which will be in the capital fund of the Lubbock Boys' Club.

The four days of rodeo action will be launched with a huge parade, headed by state dignitaries and other notables. Vehicles of the old West, and appropriate floats will be included in the procession. To date, Price Daniel, Attorney General of Texas, and Coke Stevenson, former Texas governor, have signified they will be among those distinguished persons to be recognized on the opening night's performance.

Gene Autry's appearance will be his second in Lubbock, and one of a number to be made outside of California this year. The western star's famous horse, Champion, Junior, will

also perform.

There will be authentic western flavor for each night's rodeo performance. Everett Colburn, manager, is well known in rodeo circles as a producer of top-notch shows. Stock from the Lightning C Ranch in Dublin, Texas, will be featured. This World's Championship Rodeo is the same that has attracted thousands of spectators at Ft. Worth, Houston, and Madison Square Garden.

The nightly shows will highlight raw-boned action, for Colburn matches some of the most able cowboys and riders in the business, with some of the fleetest horses, meanest Mexican steers, and toughest brahma bulls in the U. S.

The Lightning C Ranch in Dublin is not only Rodeo headquarters; it is the home of the largest herd of Texas longhorn steers in existence. These prized steers will appear in one of the rodeo round-up scenes.

A number of new acts are included in this year's program, to be held in the new Clifford and Audrey Jones Stadium at Tech, with plenty of clearview seats for everyone. Tickets can be obtained from the ABC Rodeo Ticket Office, Hilton Hotel, Lubbock, Texas.

Adams To Be Here On June 9th

Elliott W. Adams, Social Security Administration Representative, will be in Lockney at 9:00 a. m. on Wednesday, June 9, 1948, at the C. S. Post Office, for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards. Attention working men and women: Is your present job covered under

social security? If it is not you are getting no credit on your social security account for your present work. Only employment which is specifically covered under the Social Security Act is used in figuring benefits payable when a worker retires or dies. So for your own benefit and satisfaction find out for yourself if your employment is covered under social security. If it is, be sure that your employer is reporting your wages so that the benefits that you have earned will be payable to you and your family.

The MAYTAG Dutch Oven Gas Range

- Cooks superbly by conventional cooking methods
- Cooks automatically; you don't even need to be there

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have seen winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Dairy Breeding Plan Launched

Town cows and one-cow owners are included in the plans for the artificial dairy breeding program in Floyd county, a fact which is expected to create considerable interest when understood, is the belief of County Agent A. L. Hartzog. The program being launched is due to have widespread beneficial results in raising dairy standards in the county, he thinks.

The program and means of carrying it on were carried to several communities of the county last week, but many conflicting interests and

lack of general advance notice resulted in the campaign falling to get to many dairy cow owners. Mr. Hartzog said this week that a general mailing, giving the plans in brief and presenting the opportunity to a wide list of dairy cow owners, would be used at an early date.

Belief is that several hundred owners of dairy cows will want to enter the association when a technician is announced and the simplicity of the plan to get the services of an outstanding bull is generally understood.

Some people are just like taxi drivers. They go through life just missing everything.

Interim Loan Rate For Wheat Announced

Recent press releases announcing the price support programs for wheat, oats, barley, rye, and grain sorghums indicate that loans will be available on wheat at 90% of parity as of July 1, 1948. The other commodities will be supported at 90% of parity as of April 15, 1948. All loans will carry interest at the rate of 3% per annum.

Ray S. McEntire, Administrative Officer of the Floyd County ACA, said, "An interim loan rate of \$1.93 per bushel for wheat has been approved to be used until final rate is determined July 1, 1948. This rate is based on April 15, 1948 parity price."

The local county loan rate for oats, barley, rye, and grain sorghums have not been announced. The national rates will average 70 cents per bushel for oats, \$1.15 per bushel for rye, \$1.29 per bushel for rye, and \$2.31 per hundred pounds for grain sorghums. The local rates are expected at a later date.

If it's true that only two per cent of the people in the United States are morons, they sure do get around.
