## Ronnie Kenmore Named Bobcat Of The Week

We are very proud of this week's Bobcat and fellow student Ronnie Kenmore.

Ronnie is seventeen years old and was born the twenty-sixth day of March, 1948. He is the son of Mr. and Mrs. Darrell Kenmore.

Our Bobcat lists his favorite car as the Oldsmobile Tornado, just as long as it is a baby blue color. His favorite food is tenderloin of trout.

It is a small wonder, since Ronnie's ambition is to be a certified public accountant that his favorite subject is Algebra II. His favorite movie is Goldfinger and his favorite book is "Run Silent, Run Deep." Ronnie's hobby is photography, what about it, Miss Littlepage?

Ronnie's pet peeve is a dishonest person and this is one of the things that Ronnie commented on when asked about what his ideal girl should be like, "think the ideal girl should be neat, cute, not too flattering, be considerate, have a good personality, but most of all she should be honest."

## Campus Chat

Click, click, ding; That's the way I sound while in action. I live a hard life; people are always banging on me, or dropping eraser crumbs on me. There are good times, however; they cover me up when I'm not in use and praise me when their work is good. I have seen frowns and heard bad words, and I have seen smiles and heard kind words. My life is versatile, but I suppose that's the way it is when you're a Remington like me. In order to give you an idea of the life of portable typewriter, I will give a report of my activities last week.

Thursday night started out with a bang as a crowd consisting of Penny, Jan, Charles Summers, Peggy Ott, Janice Mooney, Linda Bradley, Patty and Carolyn Simpson, Jeanie Damron, John Howell, Jack Bradford, Ronnie Hutton, and Victor Hughes—watched the Freshman — B team football game. Tony Young caused excitement, envy, and jealousy to rise when he climbed up into the stadium with three strange girls. Who were they, Tony????

Friday afternoon as I was sitting peacefully on a table at home, little Timmy came running in and cried, "Mommy, Mommy! There was a witch at school today! She had a long nose and a broom and everything!" Mother only laughed and went along with Timmy in his excitement. That night as Timmy's mom and dad were leaving for the ballgame, the baby sitter explained that a witch had come to the pep rally to cast a magic spell on the football boys so they would win, and Timmy just happened to walk by the door of the gym about that time. Poor, frightened Timmy, if he just knew that the witch was only Ann Touchstone.

Friday night a reporter for the paper carried me all the way to Lockney, but my work was easy, for nothing exciting happened. I did see Gene Carson and Anita Cameron plussing after the game. The band kids are all very upset, because someone maliciously poked holes in their tires with an icepick. I think that those people need to be caught and punished; there is no excuse for vandalism.

Saturday I was shipped to Lubbock to cover the Tech homecoming game where I saw Jay and Paula and Joe and Vickie. Upon returning, I found that David Land was having a slumber party; those present were: Don Ott, Stanley Reed, Lee Buchanan, Durwood Strickland, and Mike Bell. They all seemed to be very sleepy the next day for some reason. Also Saturday night I saw Pam and Beelee, Johanna and Richard, Donna and Tommy, Doricell and Joe Bob, Molly and Claudio, Evelyn and Jack Flynt, and Robby and Evelyn's friend from Roswell. I hope you all had a nice Halloween.

Sunday night I saw Johanna and Richard, and Joe and Vickie. The CROP drive was a huge success, due to the efforts of about fifty people, including Robby and Poppy, Jay and Paula, and Joe Bob and Doricell. The fellowship at the Methodist Church was a lot of fun too.

If you missed about ten students and a teacher last Tuesday, it was because ten F.T.A. members and their sponsor, Mrs. Hart, went to WT for a district convention.

Wednesday, the Journalism class had four unidentified visitors. No one was quite sure whether they were men from Mars or what, for they were certainly no members of the human race. It was soon discovered they were stuffed dolls, Kook and Kookie and their twin brother and sister, gifts from the Ag teachers to their office workers, Ann Scarborough and Peggy Ott. These two girls are so proud of the cute

## Jackie Johnston - Benny Hill Named Seniors Of The Week

The daughter of Mr. and Mrs. J. R. Johnston, Jackie, is our senior girl of the week. She was born in Mercedes, Texas, and has attended Edcouch-Elsa and Dimmitt High Schools.

To Kill A Mockingbird, is Jackie's favorite book and "Shenandoah" is her favorite movie. Dean Martin singing "Everybody Loves Somebody" are more of her favorites. In her opinion, Robert Mitchum and Hayley Mills are the best actor and actress.

The subject that Jackie enjoys most this year is shorthand. Basketball has a place in her heart because it teaches people how to work together and it calms her temper down.

Fried chicken is Jackie's favorite food and her favorite colors are blue and yellow.

Jackie's main interests are hand waterskiing, and swimming. Two hobbies which she enjoys are collecting rocks and cooking.

About DHS Jackie says, "I have enjoyed going to school in Dimmitt. The students are very friendly."

Jackie's ambition is to go to college. The person she would most like to meet is Dwight D. Eisenhower.

The senior boy of this week is

Benny Hill, son of Mr. and Mrs. Ben Hill Jr. Benny was born in Dimmitt and has always attended school here. His favorite subject is trig.

The book which is Benny's current favorite is The Old Man and the Sea. He likes it because it is short and he likes the author. "The Ten Commandments" is the movie which Benny prefers. His favorite singer and song are Robert Goulet and "A Taste of Honey." Jerry Lewis and Debbie Reynolds are his Hollywood favorites. Benny's favorite sport is golf. He likes Italian food and the color green. His main interests are playing chess and listening to good classical music.

Mr. Hill's ambition is to be an architect. His comment about DHS was, "It has good facilities for learning." The person he would most like to meet is J. Edgar Hoover.

## Students Attend FTA Convention

Ten F.T.A. members and their sponsor, Mrs. Hart, attended the District IX F.T.A. Convention at West Texas on Tuesday, November 2. Although they were a little late the members arrived in time to hear Dr. Corlette deliver the welcoming address. Mr. Gilbert Mize then showed some very informative slides on schools in the Scandinavian countries and in Russia. There was a short intermission, and the meeting resumed for the election of the new District IX officers.

After lunch the Future Teachers attended various workshops concerning different phases of F.T.A. organization. At 2:00, the members returned to the auditorium for the selection of Mr. and Miss F.T.A. The six candidates gave excellent speeches on "Flexibility — Education's Demand." While the judges were making their decisions, the convention was entertained by a pianist and a folk singer from W.T.S.U. The judges then announced the winners, who will represent District IX at the State Convention, February 25-26. The benediction was given by Mr. Mize and the Future Teachers returned home, tired but very well-informed. Those attending from Dimmitt were Gary Moss, Johanna Hastings, Peggy Ott, Molly Bradley, Connie Sheffy, Irene Thornton, Eva Giles Claudio Bendazzi, Teresa Crawford, and Deanna Morgan.

BOYS — The Best Beau Banquet is November 13, and that's not far away. Don't forget to order your date's corsage soon; girls just love flowers, and it is customary to get her some for the banquet. Girls — It is also traditional for you to get the boy a boutonniere. Don't forget!!!!

This is the last month to buy annuals; November 23 is the very last day. Please — Buy them now!

Once again they have brushed off the eraser crumbs, oiled my many parts, and covered me for the weekend; it has been a rough week at times, but a lot of fun too. Until next week — goodbye

## The Shadow

Friday afternoon as I was walking through the quiet halls of D.H.S., the calm was suddenly broken by an invading army. No, it was just the student body getting ready for their pep rally. In all the shuffle, I got hooked on to a cute junior boy. I was dragged along to the pep rally. At the pep rally, I finally freed myself, but the boy looked so interesting. I decided that he would be the one I would shadow this week. Friday afternoon he went downtown with Joe Bill Butler. I guess our boy and Joe Bill are good friends, for they were together often this week and Friday on the band bus was no exception.

Saturday, our junior went to Amarillo with his mother and father to get a new Grand Prix. No, it wasn't for him but for his family (which is nearly as good.) Saturday night, he was downtown with Joe Bill for awhile but town must have been boring because they wound up at Ronnie Huckabay's house watching T.V.

Sunday morning, the shadow followed him to the Bedford Street Church of Christ with his family and, after lunch, to Farwell in the new car with Johnny Davis. Sunday night found the chosen one once again with Joe Bill.

Monday was the usual school day, for this particular junior and band practice was pretty much the same to except that he was accompanied by Joe Bill and Molly Bradley. Tuesday must have been the day when the teachers made all their assignments because Tuesday night our chosen one stayed home and studied.

Wednesday was a regular school day but that afternoon a great surprise — we saw our junior working! He must have wanted some more money so that he and Joe Bill could run around. Wednesday night the whole family attended church once again at the Bedford Street Church of Christ. Afterwards, he was the perfect gentleman when he bought his mother, sister, and brother a coke.

Thursday was rather uneventful as it brought a close to another week in the life of an average D.H.S. student. The staff of the Bobcat Tales would like to thank Benny Hastings for allowing us to shadow him. We will not be shadowing him again this year, but we will shadow some one else next week. Will it be you?

## Annual Queen To Be Chosen By Secret Ballot

This year the Annual Queen will be chosen in a different way from past years. Before, the contest has been modeled on a beauty pageant; each class and organization nominated a candidate who was judged on her personality, in street clothes and in formal. The Journalism class sponsored the pageant and worked very hard to have a pretty setting and impressive ceremony. However, so very few students and townspeople supported it with their attendance that the Journalism department lost about one hundred and fifty dollars each year.

This year each class and organization will be given the chance to nominate a candidate; the Journalism class will not have a candidate. The candidate does not have to be a member of the organization, but she must pass the qualifications that have been set up. The names will then be submitted to the Journalism class who will elect the queen by secret ballot.

This criteria was set up so that the 1966 Annual Queen will be a real queen and not just a popularity winner. The qualifications should be considered in this order: (1) Leadership (2) Contributions to school life (3) Responsibility (4) Personality characteristics which include pleasantness, cooperation, helpfulness to others, and courtesy (5) Scholarship (she must have an average of 70 or above) (6) Personal appearance which includes cleanliness, good grooming, tasteful clothes, and posture (7) Personality and (8) Ability to get along with others.

## Senior Class Makes Plans For Graduation

Monday, November 1, the Senior class met during activity period to fill out their orders for Senior pictures.

The Seniors met again Thursday, November 4, to appoint committees for selecting a Baccalaureate speaker and the class symbols. The committees appointed were:

Vaccalaureate speaker: Chairman — Jackie Dunn  
 Linda Kuntz  
 Bob Bradford  
 Donna Summers  
 Eva Giles  
 Motto: Chairman — Bobby Ebeling  
 Victor Gene Hughes  
 Johnny Adams  
 Nancy Axe  
 Song: Chairman — Jack Flynt  
 Ann Scarborough  
 Robby Lindsey  
 Kathy Leinen  
 Flowers and Color: Chairman — Peggy Ott  
 A. D. Schreck  
 Molly Bradley  
 Johanna Hastings  
 Gary Moss  
 Each committee is to decide on several suggestions to present before the class for a final decision at our next meeting.

The subject of a class party for this semester was discussed, voted on, and decided against.

Ann Scarborough, treasurer, reported who had paid their class dues — these need to be paid in the near future.

The meeting was then adjourned.

## Antelopes Squeeze Past Dimmitt Bobcats In 26-20 Battle, Friday

The Dimmitt Bobcats met the Abernathy Antelopes Friday in Bobcat stadium. The Antelopes squeezed by in a real good game by a 26-20 score.

Abernathy started the scoring when Mike Tannehill went 47 yds for the score, with 8:45 left in the 1st quarter. The extra point was no good and Abernathy led 6-0. Once again with 10:55 left in the 2nd quarter Lane Wade threw a 3 yd. pass to Mike Tannehill for the touchdown. The extra point was no good. Abernathy now led by a 12-0 score.

Dimmitt came back real strong as they scored twice in the last minute of the half. First when Joe Bob Sanders went 3 yds. with exactly one minute left. The extra point was no good. After the kickoff Dimmitt intercepted an Abernathy pass. On the first play Kent Lindsey threw a pass to Tony Young who carried it to the 6 yd. line. On the next play with :05 seconds left in the half Young went over for the score. The extra point was no good and it was all tied at the half 12-12.

In the second half Lane Wade went 65 yards with 3:45 left in the 3rd quarter. Mike Tannehill ran for the two points and Abernathy led 20-12.

Dimmitt took the ball and stayed right with the Antelopes as Tony Young went 11 yds. for the score. It was called back on a clapping penalty. From there the Cats couldn't move.

Abernathy took the ball and with 4:00 left in the 4th quarter, Andy Oliver went 26 yds. for the score. The extra point was no good and Abernathy led by a 26-12 score.

## CROP Drive Nets \$355

October 31, 1965, Halloween night, Dimmitt was alive with high school students Trick or Treating for C.R.O.P. which is Rural Overseas Program. It is a mission sponsored by young people's church organizations. The money collected by these students goes to the people of rural areas to support hospitals and schools in East Asia, Africa, and South America.

The fifty young people from the different churches around town met in the Fellowship Hall of the First Baptist Church at eight o'clock. Jay Nelson and Irene Thornton then divided Dimmitt into areas and assigned one area to every four to five students. Each group received its collection sack and from 8:15 to 9:15 doorbells were rung and the sacks filled by Dimmitt's generous citizens.

To round off the evening, the Methodist Youth had planned recreation and refreshments for the participants. As the kids filed in they reached into a flaming bowl and drew out their numbers for the games which were to follow. While the youth played, the money was counted. After several games, Janice Mooney and Jay Nelson led everyone in the always popular Hootenanny. About 10 o'clock everyone was served the traditional Halloween candied apples, pop corn, and "witch's brew." As everyone ate, Brother Burr Morris, minister of the Presbyterian Church, announced that the young people had collected \$355.17. On this pleasant note the youth of Dimmitt bid each other good night and went home satisfied with a job well done.

## Daffy-nition

Hi! Don't move! I have a question to ask you. Oh, please, just give me a simple answer and I'll go away. If someone were to get up in assembly and call you a salivific person, what would you do?

Mr. Wauson — I'd pause, say "thank you," then continue with my speech.

Charles K. — I'd slap 'um.

Mrs. Leath — I'd stamp them.

Janice B. — Tell my mother.

Caralyn D. — I'd probably pance.

Mrs. Dollar — Cry.

Barbara E. — I'd scream.

Sharon W. — I'd send them to Carla for her to gripe at.

Mrs. Smith — I'd hit them.

Vickie B. — "Takes one to call one!"

Ernestine C. — I'd kick his teeth out.

Linda K. — I'd take them to Mr. Newman and add them to his collection.

Mr. Coop — Say, what does that word mean, I am not familiar with it.

Kay B. — I'd say thank you, and hope for the best.

Carolyn Y. — I'd ask Ann S. if I am.

Pam B. — I'd talk to Al'an about it.

Linda H. — uh-oh!

Sue Gee — I'd say how right you are.

Paralyn R. — I'd tell them I'd be just as loud as I want to be.

Mrs. Snider — I'd just sit there.

Mary Lee S. — I'd go home and study my vocabulary.

Darlene D. — I'd tell them to watch their French.

Karon S. — Thank you.

Mrs. Hottel — I'd say SHH. People sure do have a lot of different ideas about other people that call them "a person who tends to save or to secure safety."

Mrs. Ethel Farmer arrived from Fontana, Calif. for a visit with her sister, Mrs. Ruby Stone and family.

## GSPA Expands Services To Area Farmers

In a major expansion of its membership service program, the Grain Sorghum Producers Association today announced the addition of two Field Service Representatives. The new representatives are being established in the heart of each area rather than in the headquarters office, according to Elbert Harp of Abernathy, president of the organization.

Rudie Tate is being named as the North Plains Representative and will be headquartered in Dumas and Y. F. Snodgrass is being named the South Plains Representative to be headquartered at Abernathy according to Bill Nelson, Executive Vice President of the farmer supported commodity group. Nelson said that each of these individuals are highly qualified with experience and education for their respective assignments. Snodgrass attended Texas Tech College School of Business and from 1955 to 1963 was the field man for the High Plains Underground Water District and has worked with farmers throughout the South Plains in developing water conservation methods. He will continue to operate his grain and cotton farm in Hale County. Tate until recently was County Agricultural Agent with the Texas A & M Extension Service in Dallam County at Dalhart, previous to that was Assistant Agricultural Agent for Moore County in Dumas after graduating in Animal Husbandry from Texas Tech.

Nelson pointed out that the Association is pleased to be able to announce this expanded membership program in order to be of assistance to local groups such as County GSPA, Young Farmers Associations, Chambers of Commerce Agricultural Committee, and others conducting activities effecting the future of grain sorghum in the respective areas.

Research, market development and service programs supported by farmers through a voluntary 2 lbs. per thousand deduction from their grain deliveries at county elevators is credited with helping push the value of grain sorghum from 204 million dollars when such work was started in 1956 to a current 739 million dollar level.

## Dear Blabby:

GET IT FIRST HAND

By Oma Siler

Dear Blabby: How can I check a wife? She thinks she is saving me money. My gal has gone batty about prowling second hand stores for everything . . . from furniture to appliances. At first I thought she was just antique crazy . . . but she wants to "second hand" us throughout. How can I straighten her out?

DEAR BILL: The "bargain bug" bites a good many people . . . but here's the cure. Next time she wants to buy second hand piece, whether an appliance or furniture, show her how much it will cost to fix it up. Then take her down to ALLENS HOME FURNISHINGS. Let her see how little more the finest new Refrigerator and Living Room Suite will cost, compared to her "antique-shop" stuff. If she's a REAL bargain hunter, she'll see the light.—BLABBY.

# An investment in Your Future

# ATTEND CHURCH

## THE LIGHT

"Thy word is a lamp unto my feet, and a light unto my path."

The bible, God's word, has often been compared to a light, for it penetrates the darkness and reveals God to man. It is the light that leads man down life's pathway. For those who study it, it reveals not only the past, but also the future.

"The entrance of thy words giveth light; it giveth understanding . . ."

Attend church and hear God's leaders expound on His word.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Hart Celebrates Homecoming

Hart Longhorns celebrated their Homecoming with a well-played game although the score stood 20-0 in favor of the visiting Texline Tornadoes.

A wild third quarter saw three Texline touchdowns called back and one Tornado player ejected from the game.

It was a scoreless first half, but Texline put 14 points on the board in the third despite the three "call-backs."

Bob Sheets passed to Richard Tranham for 30 yards on the first good touchdown. Pete Montoya ran the points. Mike Field ran 35 yards for the second Tornado score.

In the final period Montoya broke loose to run 41 yards for the final Texline score.

Hart is 0-9 for the season and 0-5 in District 1-B. Hart plays Happy there, Friday night.

Homecoming activities included crowning of Homecoming Queen at halftime. Donna Daubert was crowned reigning queen. She is a senior at Hart High School. Her attendants were other queen candidates, Martha Sharp and Charlene Moses.

A Homecoming tea for exes was held in Hart cafeteria following the game.

Another highlight of the festivities was the crowning of Bonfire King at the bonfire and pep rally Thursday night. George Edd Bennett was crowned Bonfire King. Other candidates were David Smith, W. A. Hawkins and Larry McKay.

### Texas Farm Is 20,000th In Plains Conservation Program

A 1,300 acre livestock-cotton farm in western Texas, where less than enough rainfall is an accepted way of arming life, is the 20,000 th farm participating in the 9-year-old Great Plains Conservation Program, Secretary of Agriculture Orville L. Freeman announced today.

The farm is owned by Mrs. Sa-

die A. Dockrey, of Colorado City, in the Mitchell (Texas) Soil Conservation District. It is operated by her son, Charles.

The Great Plains Conservation Program is aimed at helping to bring economic stability to the farming and ranching area where climatic hazards have produced periodic dust bowls and floods. The program will help achieve long-term land use conservation adjustments, thus reducing the need for emergency financial aid when catastrophes occur.

The 20,000 farms and ranches now in the program add up to about 40 million acres, with 1,500,000 acres of cropland going back into grass cover. About 4,500 farmers and ranchers have applications on file to enter the program, about a 1-year backlog.

Congress authorized \$150 million for the program, and about \$70 million has been obligated.

The 4-year contract for the Dockrey farm, a complete soil, water and plant conservation plan is to improve livestock feed supplies. The acreage planted to cotton will be reduced 40 acres, or about one-third of the normal production. The 40 acres will be used to produce summer and winter forage and grazing crops for livestock.

The contract provides for use of 10 soil-protecting, moisture-conserving practices to be applied within the 3 years, along with conservation management which includes proper use of grassland, deferred grazing of some of the pastures and use of stubble mulch tillage on cropland.

The Dockreys said the technical help and cost sharing from the US DS's Soil Conservation Service will enable them to carry out a long-range conservation program worked out with the Mitchell Soil Conservation District.

The Dockrey plan, based on a survey of the farm's soil resources provides for converting 22 acres of lower grade cropland to permanent grass. Eleven acres will be developed for wildlife.

A total of 395 counties out of a possible 422 in the 10 Great Plains States are taking part in the program. About 1,000 landowners have completed the work specified in their contracts, which covered an estimated 1,400,000 acres.

Castro County is eligible for participation in the Great Plains Conservation Program. To date 52 contracts have been developed within the County in cooperation with the SCS and the Running Water Soil Conservation District.

### Dimmitt "B" Downs Lockney Team, 16-0

The Dimmitt "B" team defeated the Lockney "B" team 16-0 at Lockney last Thursday night.

Ronny Hutton scored twice on long passes from John Hays and Ronald Johnson. Ronald Johnson ran over both extra point attempts. The Dimmitt team played a fine first half as they went in leading 16-0.

Dimmitt played a fine ballgame both offensively and defensively. Their passing and running game both looked good throughout the game. Lockney had no serious scoring threats throughout the game. When the final gun went off the Dimmitt "B" team had won the first game for DHS this year.

Next Thursday, the "B" team meets Floydada there.

### Nominations Needed For Hoblitzelle Awards

Regional deadline is December 1, 1965 for nominations for the coveted Hoblitzelle Awards for the Advancement of Texas Rural Life for 1966.

Nominations should be submitted by that date to any member of the State Regional Committee. A. L. Black of Friona said today. Black is chairman of the six-man committee spearheading the 50-county Area I search for two Texas farmers who will receive the \$5,000 cash awards.

The awards for outstanding service to rural life improvement in the state will be presented to a junior farmer who is 35 years of age or younger and to a senior farmer who has passed his 36th birthday. The honors will be conferred upon them during Texas Research Foundation's Annual Field Day and Awards Dinner at Renner on Wednesday, May 18,

1966.

Any farmer or rancher operating in Texas is eligible for nomination for the 1966 awards. Any organization, business or person may make nominations to the proper committee by December 1. Any committee member can furnish additional information on the awards program.

Members of the Area I committee are Black of Route 1, Friona; Clyde Gordon, Jr., Citizens National Bank, Lubbock; L. Duane

Bartee, 210 Frazer Building, Pam pa; Billy C. Gunter, Federal Building, Lubbock; Walter Labay, P. O. Box 768, Plainview; and Truman Hayes, Route 5, Brownfield.

Recipients of the 1964 awards for the Advancement of Texas Rural Life were Albert Roach of Deport, Lamar County farmer-stockman, and Bill Sherman, a Lockney farmer, Floyd County, the senior and junior winners, respectively.

New York World's Fair, says Mrs. Elsie P. Short, Texas A & M University Extension home management specialist.

Two hundred twenty-five women — representing all age groups, all income levels, and all regions of the nation — were interviewed at the World's Fair. They were asked about their attitudes toward their household chores and the appliances they have. Here are some of the findings:

Maids are a thing of the past, according to 73 percent of the women interviewed. They reported they'd rather purchase additional household appliances than hire a maid.

Today's homemakers are a generation of do-it-yourself women. Not only do they prefer to run their own homes but they also know how hard it is to find competent help. Many of them were reluctant to give up some of their privacy when the cleaning woman comes.

"We may not want to admit it,

but some of us have our own ways which the hired help does not know or understand," says Mrs. Short.

The "big three" appliances named by the women as their most important appliances were ranges, refrigerators and washers, in that order. The vacuum cleaner rated fourth. One out of every three of the women rated the vacuum cleaner as the most important and necessary appliance-aid for running their homes. Appliances also needed to keep a home in good shape ranged from clothes dryers to sereo systems.

Votes for the "most helpful" appliances were in this order: clothes dryers, 19 percent; dishwashers, 17 percent; irons, 14 percent; and electric mixers, 7 percent.

Cheese makes delicious dishes, there are endless varieties, and they're loaded with nutrition. Proper care of cheese calls for covering it tightly to keep it from drying out or becoming moldy. Allow the cheese to come to room temperature for best eating. Cut off amount needed about an hour before serving and return the remainder to the refrigerator.

Should a slight mold appear, the cheese is still good to eat — merely scrape off moldy portion. This is generally a harmless mold formed due to faulty handling of the cheese, such as inadequate wrapping, careless use of utensils or storage under moist conditions. End pieces of cheese have many uses. You may shred, grate, or dice it, and store it in covered container. Use all, except hard cheeses, within a week.

Cheese may be added to casseroles, sauces, vegetables, baked goods, and there are many other ways of using it. When cooking with cheese, remember these sug-

gestions: or fast melting, shred cheese and blend into hot sauces. Because cheese is a high protein food, it tends to toughen when exposed to high temperatures or long cooking periods. Use only moderate heat and a minimum of cooking time.

When re-heating cheese sauces, warm over hot water. To heat frozen baked cheese dishes, cover tightly and place in moderate oven. When using shredded cheese in baked goods, bring to room temperature to blend more evenly in batter or dough.

Few homemakers take into account all their expenses when shopping. For example, you should consider the cost of driving an automobile to and from the grocery store — or stores — if you shop at several.

Those little forgotten items — which result in an extra trip — can be quite costly. Careful planning for shopping can save you many of these extra trips.

To arrive at the cost of picking up the extra forgotten items, do some simple arithmetic. Jot down the mileage from your house to the store. Figure the round trip to the store for the trip when you forget to get the items, then the second trip to pick them up. Use a conservative 7 cents a mile as the cost of driving. The trips actually cost more than this.

Next, consider other items you may have bought while you were in the store — such as candy bars, a package of chewing gum, and a magazine.

Now, add up the cost of travel and the cost of the impulse purchases. It may total almost as much as the necessary things you went back to buy. So you may be spending a much larger amount than you thought just to get back to the store to buy the items you forgot.

Another factor to consider is your time. While your time at home does not have a dollar and cents rate, it could have been used in several different ways. There were many useful and productive things you could have done with that time, instead of re-tracing your path to the gro-

**Widows' Age Limit Lowered For SS Benefits**

Widows may now qualify at age 60, instead of age 62, for monthly social security benefits based on the earnings of the deceased husband, according to Hal Geldon, District Manager of the Amarillo social security office.

The amount of the benefit is reduced if the widow is under 62 when benefits start, and the reduction continues after age 62. On the average, however, the widow who begins her benefits before 62 receives about the same total amount over the years, but in smaller payments made over a longer period of time, Geldon explained.

Widow's benefits are based on a percentage of the retirement benefit that her deceased husband would have received at 65. The benefit is 82½ percent at age 62, 71½ percent at age 60.

The widow must make her own decision as to whether or not she wants to begin her benefits before age 62. Geldon added, however, that social security represented information so the claimant may make an informed decision.

The social security office in Amarillo is located at 1006 Adams

very store. It pays to plan your shopping trips carefully — and reduce the cost of extra trips.

**Paper Requires Combined Efforts**

The primary function of the Bobcat Tales is to reflect the activities of Dimmitt High School. The news coverage must be adequate, to touch on all important activities in the school instead of concentrating on only a few activities. News stories must be fair and impartial, but must be told interestingly. A school paper demands a more lively style than is required for a daily paper.

The Bobcat Tales is an instrument of education in Dimmitt. It educates the average student in the resources of Dimmitt High School activities and its needs. It educates the fathers and mothers of the community by informing them of the school system, its operation, and its happenings. Through the Bobcat Tales humor columns, its oddity columns, and its features, the paper serves

as an entertainer of the student readers. The students are drawn closer together at having something in common at which to laugh.

Students of Dimmitt High School have had the idea that the Bobcat Tales is the job of the Journalism Class. To an extent this is true. It is our job to see that the paper is organized and the news is put in the paper, but it is also the student body's duty. The Journalism Class, which is made up of only seniors this year, is not capable of knowing the complete news of all the other classes which is needed for the paper. We would like to encourage each class member to help us in making the Bobcat Tales more interesting and complete by turning in news you would like to have published. Such as Top Hits and other articles of interest to you.

The different classes, departments and organizations have not been reviewed in the paper as well as we would like. Each class and organization have elected a reporter and we would like to urge them to turn in the news of their class or organization so we would have it in order and complete.

This does not exclude the teachers. We would like to urge them to remind the students as well as themselves to add to the paper by submitting any news of importance, or that would be of interest to the readers of the Bobcat Tales. This is just a reminder to the student body and teachers that the Bobcat Tales is theirs and we would appreciate any and all opinions or news you would like to have printed.

Since Dimmitt is a fairly small town we would like for the Bobcat Tales to include everyone and this could be done through your help and cooperation.

**The Three Bears**

by Robert Lindsey  
Once upon a time a golden-haired girl by the name of Goldilocks had been walking desultorily through the woods in thoughtful reverie. Coming out of her day-dreams, she began to notice the beauty of the prismatic colors which issued from the copious number of deciduous trees in that part of the forest. Having had no respite on her journey for a long time, she began to tire and then realized that she was lost. Hesitantly she walked on until she came upon a small but cheery house in a clearing of the forest. The emanation of smoke from its chimney seemed to be a propitious omen to her. Having become hungry, Goldilocks decided to use the guise of a mendicant to obtain some food. Dubiously she knocked at the front door, and to her surprise no one answered. Because her hunger overpowered reason, Goldilocks went into the house to satisfy both doubt and hunger.  
Little did Goldilocks know that the cheery abode was that of three bears. Only a short time before Mama Bear had been busily preparing breakfast until she became worried about the requisites for making a suitable porridge for Papa Bear and Baby Bear. Turning to her old standby Grandmama Bear's Hints, she assimilated the advice given her and finished the preparations. Sitting down to breakfast, each of the bears found their porridge too hot. In order to let it cool they decided to take a walk. It so happened that Goldilocks arrived at the bears' house at this time. Becoming somnolent after breaking one of the rocking chairs she went upstairs to sleep in one of the bears' beds. When the three bears returned and found her, Goldilocks ran away, and everyone lived happily ever after.  
The above story was submitted by Robert Lindsey, an English IV

**Roy Hunter Named Teacher Of The Week**

The teacher of the week in D.H.S. teaches Algebra I and is a member of the coaching staff of our school. His name is Roy Raymond Hunter II.  
Coach Hunter was born on March 20, 1940, to Mr. and Mrs. Roy R. Hunter of Canyon, Texas. Mr. Hunter has attended the following schools; Canyon Elementary, Canyon High School, Sul Ross State College, and West Texas State College. He has earned his Bachelor of Science in Mathematics.

Coach Hunter lists orange as his favorite color. When he sees a Pontiac going by he always takes a second look since this is his favorite car. Steak is listed as the favorite food of this young bachelor. While eating his steak he would enjoy watching "The Prize," for this is his favorite movie, or listening to "A Taste of Honey" which ranks as number one on his song lists. When asked to name his favorite actor and actress he said he was partial to Paul Newman and Carol Baker.

When Coach Hunter has free time he likes to play golf, go skiing or hunting or play bridge. The one four letter word which really offends him is YEAH!

When asked, Coach Hunter said he gathered these first impressions from the D.H.S. students "First thought that the students of Dimmitt were —, but then I decided they were more —. But now I am pretty sure that they need to —, and I will be glad to help all I can." What these blanks mean, I didn't gather, but I am sure you can guess.

Coach Hunter's impression of Dimmitt is as follows: "Dimmitt seems to have an abundance of local pride and demonstrates a united effort to improve those facilities which are available. I am pleased with the friendliness of everyone and am looking forward to becoming more a part of this fine community."

**Free-Throw Tourney Held**

About 5:30 p.m. on Monday, Nov. 1, twenty-seven basketball girls participated in a free-throw tournament.

These twenty-seven girls were matched against each other as teams in a regular tournament. Each girl shot ten free throws, with the winners playing the winner of another group and losers playing losers of another group until final elimination revealed Penny Hays winner.

Allan Webb came in second. Not far behind was Donna Summers who placed third, and taking consolation prize was Juanell Conard.

The ten girls having the highest shooting percentage for the tournament are:

- Struve with 18 out of 22 for 81.8 percent.
- Donna S. with 41 out of 52 for 78.9 percent.
- A. Webb with 51 out of 63 for 75 percent.

- C. Simpson with 20 out of 32 for 62.5 percent.
- Godfrey with 16 out of 26 for 61.5 percent.
- Conard with 30 out of 50 for 60 percent.
- Leinen with 12 out of 20 for 60 percent.

**Dimmitt FFA Met Nov. 2**

Tuesday, November 2, the FFA met in the high school auditorium, with president Ray Bradley presiding. The Greenhand Initiation Committee gave a report concerning the initiation Wednesday, November 3. Each Greenhand, first year FFA members, was instructed as to what to wear, and were told they were to bring equipment for shining the shoes of the upper class men. The new members were also told to bring twenty five cents to help pay for the initiation, and donations to the Boys Ranch.

Plans for the Donkey Basketball Game were discussed. The Young Farmers have volunteered to play the FFA boys.  
The meeting was adjourned.

**Lucky Jumbo 4-Hers Meet**

Lucky Jumbo 4-H Club met last Thursday night in the home of Mr. and Mrs. Charles Burks with the meeting called to order by the president.  
Plans were discussed for 4-H banquet which has been set for December 4 in the Colonial Inn Restaurant. A committee was selected to make arrangements for future meetings and determine a community project.  
Betsy Simpson recently represented the Lucky Jumbo Club as

a nominee for the "Miss Cotton Bell" contest held in Plainview, October 21. The Club congratulates Ronnie Burks who was awarded the Gold Star medal in the recent 4-H Awards Program. This is one of the highest honors a 4-H'er can attain in the county 4-H program.

Program for the evening was "Fire Prevention." Special guest speakers were Guy Waldrop, fire marshal and James Slough, fire chief. The two speakers pointed out how to prevent a fire and discussed what should be done in case of fire. They stressed the importance of giving names and proper directions to the scene of the fire.

Sixteen members including four new members were present at the meeting. New members are Angela and Michael Spinhirne and Vernon and Rick Simmons. Refreshments were served to

Betsy, Mickey, Benny, Mr. and Mrs. Bill Simpson, Carolyn, Patty, Mark, Mr. and Mrs. M. L. most turbine pumps just can't stand West Texas sand!

here's one that can!

Sand can't get through to destroy vital pump bearings when you sink a Jacuzzi lineshaft turbine with optional grease-packed bowls. These exclusive, patented Jacuzzi bowls were designed just for Sand Country. They seal out sand completely and actually extend the life of a pump 15 to 20 times. It means you can now set your pump and forget it, confident it won't breakdown during the times you need water and need it fast. And consider the money you'll save in fewer repairs and new pump purchases. These are the reasons Jacuzzi engineers developed the exclusive grease-packed bowl. Aren't they pretty good reasons you should ask for Jacuzzi lineshaft turbines with optional grease-packed bowls soon?

**Now! '66 Chevelle Malibu by Chevrolet**

**Two racy new hardtops**

A clean-sculptured new sport coupe with recessed rear window, and—for the first time—a 4-door Chevelle Sport Sedan. Pick from 12 racy-looking new Chevilles in all for '66.

Not only will you find more variety in the '66 Chevelle lineup, but even more of what makes a Chevelle a Chevelle.

Say you pick a new Malibu Sport Sedan and specify the new 220-hp V8. You've got yourself quite a machine.

Or pick a Malibu Sport Coupe, equip it with the new Strato-bucket front seats, and order the new 275-hp V8. You've got yourself even more machine.

Or maybe you'd like to pick a new black-grilled SS 396 Coupe or Convertible. (Standard engine is a Turbo-Jet 396 V8 with 325 hp. And there's also a 360-hp version you can specify.) Now you've got yourself the most.

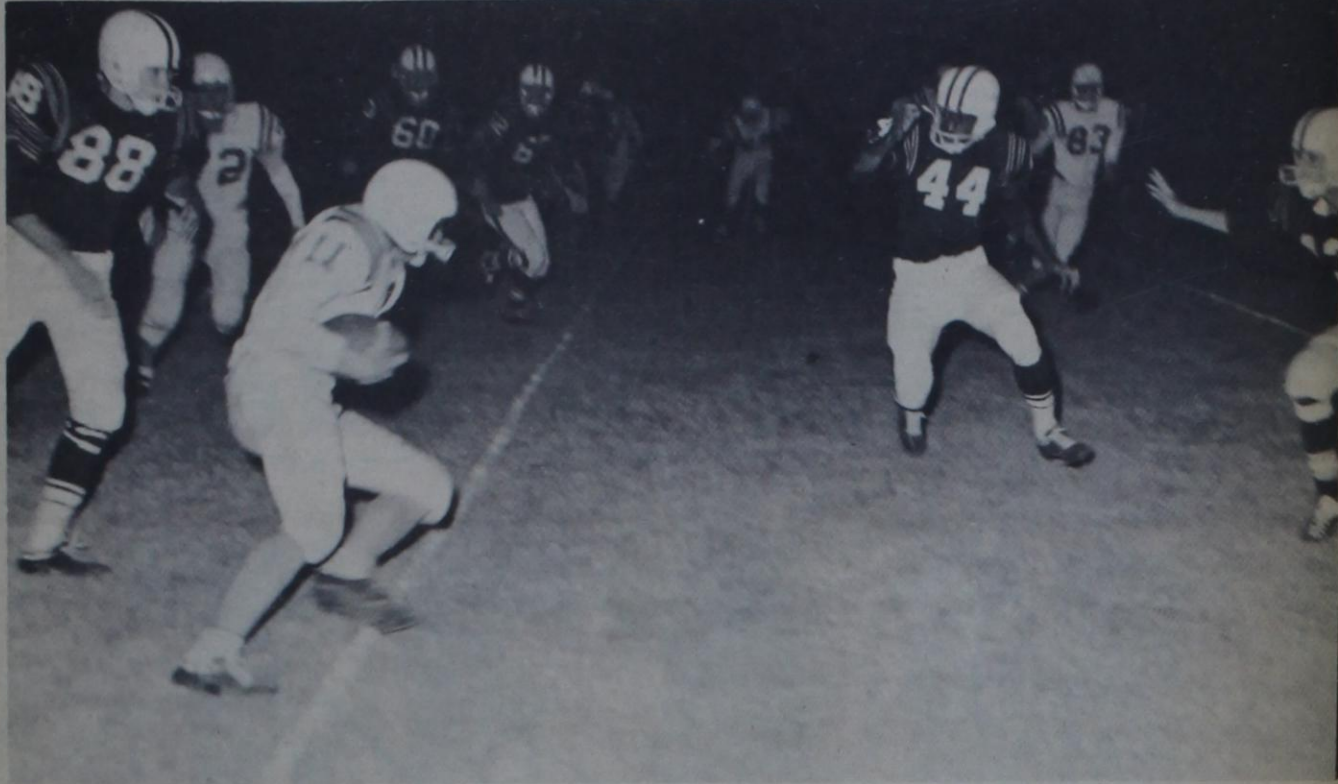

Which '66 Chevelle for you? The answer to that covers a lot more ground than we can here. And that's where your Chevrolet dealer comes in.

## Antelopes Brush Past 'Cats In 26-20 Battle Friday

The Bobcats played their best game of the season Friday night as they almost upset the Abernathy Antelopes in Bobcat Stadium. The Antelopes managed to squeeze out a 26-20 victory.

Abernathy took an early lead by scoring in the first period on a 47 yard run by Mike Tannehill. Extra points were no good. The Antelopes bounced back in the second quarter and scored again to take a 12-0 lead. Lane Wade tossed a three-yard pass to Tannehill for the score. Extra point attempt was no good.

Not to be outdone, Dimmitt scored twice in the last minute of the first half to tie the game, 12-12 at halftime.

The Bobcats' first touchdown was marked up when Joe Bob Sanders plowed three yards with one minute left in the game. Extra point attempt failed. After the kickoff, Dimmitt intercepted an Abernathy pass. On the first play out of scrimmage, Kent Lindsey tossed a pass to Tony Young who drove the ball to the six yard line. With 5 seconds remaining, Young crossed the goal line for the tying score.

The Antelopes bounced back in the second half with a 65 yard run by Lane Wade for paydirt with three minutes and 45 seconds left in the third period. Tannehill ran the two points and Abernathy again took the lead.

The fighting Bobcats came back to score but the touchdown was called back on a clipping penalty. Young had carried 11 yards for the called-back td. The stalled Bobcats could not get started for another score and the ball went over to Abernathy.

The Antelopes scored their last and winning touchdown in the final four minutes of the fourth period. Andy Oliver plowed 26 yards for the score. Extra point failed.

The Bobcats threw a final scare into the Antelopes as they scored with five seconds left in the game. Quarterback Lindsey threw a 12 yard pass to Tommy Stafford for the score. Danny Land ran the two extra points and the game

ended 26-20. The Bobcats will play their final game of the season Friday night at Olton. Bobcats are 0-9 for the season and 0-4 in district play.

Friona clinched a tie for District 3-AA title Friday night by defeating Olton Mustangs, 20-18. District Standings are as follows:

Friona, 4 wins, 0 losses.  
Abernathy, 3 wins, 1 loss.  
Floydada, 1 win, 3 losses.  
Olton, 1 win, 3 losses.  
Dimmitt, 0 wins, 4 losses.  
Season standings are:  
Abernathy, 7 wins, 2 losses.  
Lockney, 6 wins, 3 losses.  
Friona, 5 wins, 4 losses.  
Olton, 3 win, 6 losses.  
Floydada, 2 wins, 7 losses.  
Dimmitt, 0 wins, 9 losses.

## Tanya Jones Honored With Birthday Party

Tanya Gaye Jones, daughter of Mr. and Mrs. Lee Jones, was honored with a party on her first birthday Tuesday, November 2. Refreshments were served to the following guests and their mothers: Terry and Michael Smotherman, Sheryn and Skeeter, Roberts, Trent and Bryan Armstrong, Charlotte, Lori and Wayne Fishar, Brent Bradley and Robert Freeman.

### ADOPTS BABY

Mr. and Mrs. Lonnie Bell announce the adoption of a little baby girl. She is seven weeks old and has been named Lori Jeanne. Mr. and Mrs. Bell have three other children, Mike, Rich and Jeff.

## Dimmitt 7th Wallops Lockney

Dimmitt seventh grade downed Lockney 22-0 Tuesday, November 2 in the final game of the season at Bobcat stadium.

First Dimmitt touchdown was on a 25 yard run by Mark Wohlgenuth. The second td came on a reverse play when Perry Floyd carried for 30 yards and paydirt.

Charles Lane scored the third Wildcat touchdown on a 45 yard pass play from Kenny Doss.

Both conversion points on the second and third touchdowns were made by Wohlgenuth.

Real outstanding blocking demonstrated by Wohlgenuth and Doss according to Coach Anderson.

Max Newman made some big important runs for Dimmitt which contributed to the touchdown plays.

Roy Johnston did a good job on both defense and offense.

Other outstanding players were Kent Bradford, Gary Lawson, Doug Shackelford, Terry Robertson, Bryon Hutto and Gary Young.

All the boys who have not been playing every game saw action according to Coach Anderson. They played a good game said the Coach.

The seventh grade finished up the season with four wins, two ties and two losses.

## Young Homemakers Learn To Knit

Mrs. Joann Snider, Young Homemakers sponsor, and high school Home Economics teacher, began a two-part lesson on knitting at the last regular meeting. Everyone attending brought knitting needles and thread to learn by doing. Mrs. Snider began the lesson by giving abbreviations and instructions for casting on. She helped each member to make stitches correctly, and stated that "the best way to learn to knit is to begin by making a garment." The next lesson will be given at the next meeting, Nov. 18.

The Christmas Awards Banquet plans were discussed. Some arrangements have already been made. The date has been set for December 18. Officers of the Young Homemakers met with the Young Farmer officers earlier in the week to make further plans.

Eight members and the sponsor attended the meeting. Babysitters were furnished by the high school homemaking department. Everyone continued to knit while refreshments were served, hoping they wouldn't forget what they had learned before the next meeting.

### Nazareth Swifts Fell Friday 40-13 Before Powerhouse Vega

Nazareth, going for its second straight upset last Friday night in Vega, fell to the bigger and more experienced Longhorns, 40-13.

The game was much closer than the final score indicates. Nazareth trailed Vega by only a point at halftime, 14-13, but the Longhorns exploded in the last quarter for 20 points to make the game a runaway.

Big quarterback John Haliburton of Vega tallied a pair of 25-yard scoring runs and throughout the battle was a thorn in the side of the Nazareth defense. The Longhorns, who lost only one starter from last season's solid team, used their big line to wear down lighter Nazareth boys, both offensively and defensively. Four of the Vega front linemen weighed over 180 pounds and the weight advantage played a big part in the Nazareth downfall.

A victory over the Longhorns could have placed the Swifts in the district lead but that honor went to Vega. The Swifts only chance for a district tie is for the Longhorns to lose to Bovina this week and Nazareth to win their last two games against Texline and Happy.

Vega took the opening kickoff and moved 70 yards in five plays for a score with Haliburton getting the biggest part of the yardage on a 45-yard bootleg play. The Longhorns scored a 20 yard scramble by halfback Kenny Purcell but the conversion kick was no good.

Nazareth came right back to move ahead of the Longhorns. Quarterback Marvin Hoelting moved the Swifts 62 yards with 15 of that coming on a personal foul penalty against Vega. End Tommy Pohlmeier took a Hoelting pass for 15 yards and then was hit after being tackled to the ground. An unnecessary roughness call moved the Swifts deep into Longhorn territory. Hoelting dived from the one for the Swift tally and the conversion boot

hit the crossbar and then bounded good to put Nazareth in the lead 7-6.

That lead lasted only long enough to shake up the Vega fans but the Longhorns later in the first half got the lead which they never lost. One of the big breaks in the battle gave the Swifts a fumble at the Vega 35.

Nazareth couldn't make use of the breaks, as the Vega defense stiffened and the Swifts punted. Hoelting aimed the ball for the coffin corner and the ball went out at the Vega 10. Purcell on a hand-off moved the Longhorns out of the hole when the halfback got 13 yards. Haliburton then marked 26 yards on the bootleg play, to move the Longhorns into good field position. Haliburton shortly scored the second Longhorn touchdown on a 25-yard bootleg play. The Longhorns went for a pair of extra points and got them to move into a 14-7 lead.

Late in the second quarter, Nazareth closed within a point on a hard fought drive. The Swifts kept the ball on the ground with Hoelting getting a lot of the yardage on the quarterback option and bootleg plays. All through this 70 yard touchdown drive, the Swifts were blocking well against the bigger Longhorns. Vega held the Swifts on the one yard line on a big goal stand which had the partisan Vega fans screaming. Hoelting, however, dented the defense on a quarterback sneak for the score.

Nazareth went for the two points but failed and the Swifts had to settle for a one point deficit at the half.

In the final half, Vega shut out the Nazareth team while the Longhorns ran wild. Longhorn tallies came on two short rushing plays and two long gainers. Vega scored on a four yard scamper in the third quarter. The Longhorns busted the game wide open with a fourth quarter splurge. The big play of the final stanza was on a spectacular 50-yard quick opener play over left guard which saw the elusive fullback Tommy Wells race cross country for the backbreaking touchdown. Nazareth never recovered from the explosive play, as district hopes were dimmed almost completely by the score and the game.

Nazareth got 76 yards rushing and racked up 11 first downs. Hoelting was thrown for 216 yards in losses while trying to pass against the Vega rush. The Longhorns raced for a phenomenal 429 yards rushing while chalking up 17 first downs. Nazareth battles Texline in Nazareth at 7:30 p.m. tomorrow.
