Local Farmers To Be **Given Certificates** By State Fair

In recognition of the achievement of operators of family-type farms who have paid their loans and continued to operate their farms, the State Fair of Texas has designated October 13, 1948, as "Farm Ownership Day."

An "Achivement Award" in the form of a certificate will be awarded to approximately 1400 eligible families in recognizing the accomplishment of the individual families who used improved agricultural practices to produce income to repay the loan advanced through the Farmers Home Administration. Twelve of these are in Floyd and Crosby Counties, it was announced.

The certificate is signed by R. L. Thornton, President of the State Fair (team has lost a game this year alof Texas, and L. J. Cappleman, State though both have tied one. Director of the Farmers Home Administration, complimenting the farmer on assuming a place in the ranks of successful Texas farm familes who own their homes free of debt.

Chief speaker for the program, to be rendered in the Hall of State on the State Fair grounds at 3:30 P. M. October 13, is Judge Marvin Jones, Chief Justice of the Court of Claims, Washington, co-author with Senator John H. Bankhead of Alabama of the Bankhead-Jones Farm Tenant Purchase Act of 1938.

Other features of the program to be rendered include recognition of farm ownership county delegations and families and an address by Walter Cardwell, Manager, Luling Foundation Farms, and Chairman of the State Advisory Committee of FHA.

FHA County Supervisors have notified the State Office of Farmers Home Administration that several hundred families who have received farm ownership loans and paid them are coming to Dallas for Achivement Day at the State Fair of Texas.

A bank, the First National of Decatur, has arranged to charter a bus to bring Farmers Home Adminstraton families from Wise County to Dallas for the occasion.

Mr. William E. Anderson, County Supervisor for Floyd and Crosby Counties, says that Achievement Awards are being delivered to each of the following families: Floyd County: Bernard E. Harris

Lockney, Floydada Spur, Crosybyton Win First Games

In the first round of district games for District 3-A last Friday night, Lockney, Floydada, Spur and Crosbyton came out winners.

Here are the results of the four district games;

At Lockney, the Longhorns had little trouble in downing the Abernathy Antelopes. The score was 26-0.

At Floydada, the Whirlwinds ran and passed over the Ralls Jackrabbits to the tune of 39-6. The Jackrabbits were completely outclassed.

The Spur Bulldogs swamped the Matador Matadors worse yet, winning by a score of 40-0. All the scores were in the first half, reports stated.

In the closest game in the district Crosbyton defeated the Paducah Dragons, last year's co-champions, 14 to 0. Bill Simmons, the Crosbyton quarterback, was the spark plug of the, Crosby county team. He made fice has been notified that there will every mother of a band member at all the points of the game.

The schedule for this week is follows

SOMEBODY SAY FAST WARM-UP?

THIS GASOLINE'S GOT IT!

Phillips 66 "CONTROLS"* This Fuel For Fast Starting And Quick Warm-Up On Those Cold Winter Days!

Man, if it's fast warm-up you're looking for-Phillips 66 is the gasoline for you! Because this gasoline is especially designed to go into action fast-even on the wintry days and nights.

\$200 regional prizes, thirty-three Longhorns Take In

Scoring twice within the first five minutes of the game, the Lockney the Longhorns received and returned Longhorns had little trouble winning the ball to their own 34. They made over the Abernathy Antelopes on the a first on the 47, and were then penhome field last Friday night. The alized 15 yards on the next play. They score was 26-0. It could have been

Lockney's scores all came on pow- the ball and Ewell Dee Kelley fell er drives, two of them being set up on it on the Abernathy 41 for a first as a result of pass intereceptions and down. The Longhorns made a first on fumbles. The Longhorns scored twice the 28, a first on the 16 and then made in the first quarter, once in the second 91% yards on the next four plays, the quarter and once in the third. The ball going over on the Abernathy 7 latter two scores were followed by yard line. conversions.

Statistics showed that the Long- and kicked to their own 40 yard line. horns gained 308 yards while losing In five plays the Longyhorns scored none to 107 gained and 6 lost for the with Jack Cole carrying over from Antelopes. The Longhorns completed the 9 yard line. The try for the point one pass, had two others completed was good and the score stood 26-0. which were nullified by penalties, and The Abernathy boys received on intercepted three Abernathy passes, their own 22, made a first in three while Abernathy completed one and plays on the 27, another on the Lockinterecepted two. First downs were ney 49, another on the Longyhorn 39, 18 for the Longhorns to 5 for the and then passing yon fourth down Antelopes.

ney recovered one of their own fum- and the Longhorns took the ball on bles to help the situation some. The their own 29. Longhorns were penalized 40 yards

A brief sketch of the game follows; passed to Charles Crouch for a first Abernathy received on their own 36 yard line, lost 2 yards in the line, and then tossed a pass which was intercepted by Jimmy McGowen, Longhorn back. The Longhorns made a first down on the Abernathy 30, another on the 14 and Jerry McCullough carried it over for the score from the 7 yard line. The try for the point failed.

Abernathy received and the ball carrier fumbled the ball on his own 20. Ray Ferguson, reserve Longhorn back, quickly fell on the ball. The Longhorns scored again in two plays, with Dejuan Strickland carrying to the three yard line in one play and in two plays and had the ball on the then taking the ball over on the next. Try for the point failed again. The score stood 12-0 and the game was hardly five minutes old.

Abernathy received again, this time returning to their own 25 yard ance. Strickland demonstrated he line. They made nothing and then the could carry the ball when necessary Longhorns were penalized 5 yards and do a good job of it. Cole, for offsides. A pass from Hughes to McGowen and McCullough all show-Blackmon was completed for a first ed improven performance. down on the Lockney 40 yard line. The Antelopes made nothing again at the line. The Longhorns were again Ray Ferguson showing up well in the

Band Performs The Lockney High School Band performed neatly at the half, giving a nice drill which apparently pleased the large crowd present. The Aber nathy band was not present.

At the start of the third period, made 11 and 2, and then Jack Cole cut loose through the line, fumbled

The Antelopes made 3 in two tries with one yard to go for a first, Jerry Each team fumbled twice but Lock. McCullough intercepted their pass

Here the Longhorns cut loose while Abernathy was not penalized, another passing attack, Jack Cole on the Lockney 43, Jerry McCullough hit the line for a first on the Abernathy 41, and then Cole completed nother pass to Crouch on the 33 but the pass was nullified by a 5 yard penilty on the Longhorns. The Longhorns tried three passes but none were complete and the ball went over to Abernathy on their own 46. The Antelopes fumbled and the Longhorns recovered on the Abernathy 47. A pass to McCullough was completed to the Abernathy 31 but it was also nullified by a penalty of 5 yards against the Longhorns. Abernathy intercepted a Longhorn pass and returned to the Lockney 207 They made 9 yards

Longhorn 11 yard line, third down and one to go as the game ended Bright spot of the ball game for the Lockney fans was the continued improvement of backfield perform-

pleasing with Malcolm Howard and penalized 5 yards, the Antelopes made backfield and Barry Thompson in the

COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling ... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

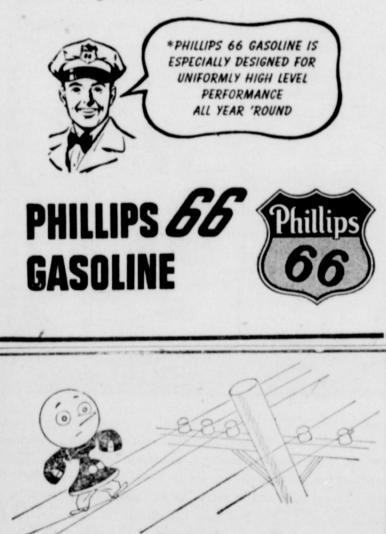

With the John Deere, you, too, can make short work of your harvest . . . get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

We have hookups to mount the Harvester on John Deere tractors Model A, B and G, and on IHC tractors, model H and M. They can also be installed on certain other types of tractors.

A small deposit will hold one of these harvesters until you are ready for it. We will come and get your tractor, install the cotton harvester and deliver it back to your farm at no extra cost. There were approximately 40 of these machines sold in the Lockney trade territory last year and we can supply you with the names of the purchasers if you wish to talk it over with someone who bought one last year.

You see, Phillips 66 is controlled-designed to give you high level performance season after season. Try a tankful and see for yourself why so many motorists "go" with Phillips 66!

He can't duck

A bird can move before you pull the trigger, but a telephone wire can't duck. Last year, 2,500 wires were broken by stray bullets.

That's why we're asking all hunters not to shoot at birds on telephone wires or poles. One stray shot may break several long distance wires and interrupt important calls.

SOUTHWESTERN BELL TELEPHONE CO.

yards and the Longhorns were pen alized five yards again, giving the Abernathy team a first down on the Lockney 27. They lost 1 yard, made 5, made 1, and made 4 but the ball went over at the point, the Longhorns taking possession on their own 15 yard line.

The Longhorns weren't long in getting started. McGowen made a first on the 26, another first was made on the Abernathy 44, another on the Abernathy 30, another on the 18, another on the four and then Jerry McCullough went over for the score. The try for the point was good, and the score stood 19-0.

Abernathy received on their own 29. made 4 yards in three tries and kicked to the Lockney 38. The Longhorns made a first on the 50 in three plays. made 4 and then fumbled the ball with Abernathy recovering on their own 43. They made 2, lost 3 and kicked the ball to a dead roll within the Longhorn 10 yard line. However an Aber nathy player touched the ball which aused it to be put in play on the onghorn 20.

The Longhorns unloosed a passin attack here and had one intercepted on their own 23 yard line. However after failing to gain the Abernathy boys tried a pass also which Donnie Bybee, Longhorn center intercepted and returned to his own 40 yard line. The Longhorns made 6 as the half ended.

OUR ECONOMIC POSITION

Going by the statistics alone, the American economy was never in a healthier condition. We have practically achieved the goal of full employment, the national income is still running at a record peacetime level, with few exceptions the demand for goods is extremely strong, industry is showing excellent profits, and labor is carrying home more cash than it ever did before. Yet there is a strong undercurrent

of uncertainty of fear that this himself with the long-time factors a boon to the entire nation if we sion and improvement alone make it pleasant condition in which almost which may make either for sustained could maintain high wages, short necessary for the average industry everyone is at least relatively pros- employment or for widespread un- weeks and all the rest of it and at to maintain a high earning rate if perous may not be here for an in- employment with all the chaos that the same time reduce prices. But no it is to keep in the swim. It is probone has as yet found a formula for able that the best hope for achievdefinite stay. That doesn't mean that involves. the economists expect a recession, a Some time ago, William Green sug- doing it. In the great mass industries ing an economy in which wages can depression or any other economic gested that there be a meeting of the -the ones which determine the be kept high in relation to prices is upset in an appearance next winter top people in industry, agriculture course of the economy-wages have through greater productivity per man or spring or at any other given date. and labor, with a view to ironing out been the largest factor in deciding hour. That has been accomplished

Certainly, the prospects for the next differences and, if possible, reducing the price for which goods can be in one of two ways in the past-techtwo years or so all point to a con- prices. Mr. Green's proposal was sold. An interesting example is auto- nological advances, where new or tinuance of good times. But the pos- couched in general terms, and it is mobiles. In 1929 the average car improved machines do more of the sibility of a collapse in the not-so- unlikely that any such conference sold for \$800. It now sells for \$2,000, work, or greater skill and application distant future is a subject of grim will occur at this time. But the fact In 1929 the typical auto worker re- by the worker himself. than anything else. The American ture can be reached. But it won't hapgovernment is geared to a high-price pen overnight, and the prospect now and high-wage economy which will is that prices will go up some more, bring in sufficient tax revenue to and that new wage demands will remeet its enormous commitments. This will be true regardless of the sult. outcome of the elections next November. In certain lines, such as basic agricultural produce, the government is pledged to price-support and no one can imagine any administration abandoning that. The enormous resources of the goverment would be marshaled at once if anything resembling a price collapse threatened. The best hope, therefore, is that inflation can be checked, that some moderate price cuts may occur, and that an equitable working agreement between labor, industry and agricul-

> WE CAN SAVE YOU MONEY

There's little "kitchen heat" from an electric range even when you have all the cocking units and the oven in operation. When you cook electrically, you use only enough current to heat the cooking utensil, none is wasted to heat up your kitchen. With dependable electricity, and the scientific construction of heating units on your electric range, you can cook many dinhes with the cooking unit "off," once it's heated.

Those are just a few of the reasons why more and more folks are going "all-electric." Look over the new ranges. refrigerators, roasters, and other appliances and see if you, too, won't want to go "all-electric."

You'll find electric living is low-cost living.

See your favorite appliance dealer soon about better living-electrically.
