Congressmen coming Friday

HIT THE DIRT! — Glenn Ehly slides home to score the Castro County All-Stars' fourth run against Canyon Tuesday night as Brad Seymour gets up from dodging a pass ball. Rushing to cover home plate are Canyon pitcher

Lynn Wright and catcher Stan Bernard. The play occurred midway in a seven-run rally by Castro County in the bottom of the sixth. Canyon finally halted the rally to win the consolation game, 13-7.

Forty-five Congressmen, Senators and federal officials will tour Dimmitt and Castro County Friday morning on the third stop of a two-day whirlwind tour of the 18th Congressional District.

THEY'LL SPEND less time here than it takes to change the irrigation water. The entourage is scheduled to arrive in Dimmitt from Tulia at 10:30, and be in Hereford for lunch at 12:15.

First stop in Dimmitt will be the million-dollar Castro County Agricultural Housing Project, first of its kind in the nation. The Washington visitors will be served soft drinks there, then will go to Dimmitt Wheat Growers, Inc., where they'll see the nation's first cooperative-owned corn milling plant under construction.

From the city, they will go to Dimmitt Feed Yards six miles west to view a 30,000-head cattle feeding operation, complete with its own feed mill.

En route from the feed yards to Hereford on Farm Road 1055, the visitors will view fields of corn, grain sorghum, carrots, potatoes, cotton, onions and sugar beets.

ESCORTING the delegation from Tulia to Dimmitt will be Dr. David Bechtel, Charles Frye, Carl Bruegel and Fred Bruegel Jr.

Twenty of the 45 men are congressmen and senators, and 25 are officials of the US Department of Agriculture, Farmers Home Administration and other federal agencies.

Heading the delegation will be Congressman Bob Price of Panama, who organized the tour to acquaint his fellow members of the House Agriculture Committee and other government officials with this area, its products and its problems.

DURING the two-day tour, Congressman Price will show the visitors the crops and industries throughout his 18th District.

The group will leave Washington by plane after the close of business in the House of Representatives today (Thursday), and will arrive in Amarillo tonight.

Friday, the delegation will leave Amarillo by bus at 7 a.m. and will make stops in Randall County, Tulia, Dimmitt, Hereford, Friona, Plainview, the High Plains Research Foundation at Halfway, and Price's home town of Pampa.

SATURDAY, the group will fly from Pampa to Memphis, then fly back north to Perryton, then go by bus to Stratford, Dalhart, Hartley, Sunray, Dumas, Amarillo and Canyon.

Saturday night the Washington visitors will see Paul Green's outdoor musical drama, "Texas," in the Pioneer Amphitheater in Palo Duro Canyon. They will return to Washington Sunday.

AH, SUMMER! — Bobby Ebeling, Texas Tech senior, enjoys the mid-summer semester break by checking the scenery at the Castro County Country Club pool over the weekend. The sky was clear, the wind was wafting warm, the textbooks were closed for another semester, the scenery was fine, and it was a great time to be alive. (Photo by Darla Kay)

Hereford wins area LL title

In two tournament games at Dimmitt Little League Park Monday and Tuesday, Hereford's All-Stars scored 15 runs to their opponents' one to capture the Area 4 championship.

IN THE title game Tuesday night, Hereford struck for six runs in the last two innings to defeat the hosting Dimmitt All-Stars, 7-1.

In the first-round game Monday night, Hereford shut out the Castro County All-Stars, 8-0.

By winning the Area 4 Little League championship, the Hereford lads advance to the district tournament in Borger next week.

DIMMITT finished second in the area after downing defending champion Canyon, 16-1, in the first round Monday evening.

Canyon came back Tuesday night to win the consolation title by building a 13-run lead and outlasting a seven-run rally by the Castro County All-Stars in the last inning.

In the championship game Tuesday night, Hereford pitcher Mike Munnerlyn held the potent Dimmitt batting order to three hits while fanning six and giving up only one base on balls.

IT WAS a tight 1-0 game most of the way. After letting Hereford fill the bases and score a runner in the first inning, Dimmitt hurler Terry Young settled down and held the Hereford batters hitless for the next three innings.

The game continued to be a pitchers' duel between Young and Munnerlyn until the fifth, when Hereford tapped Young for three hits, the last one a grand slam home run by second baseman Harvey Torres.

Hereford was threatening again, with two men on base from walks, when center fielder Anthony McColum snared a long fly by Hereford's Roy Martinez for the third out.

DIMMITT retaliated with a rally of its own in the bottom half of the inning. Robert Mayberry singled, then Ronnie Lawson got on board via a fielder's error. Mayberry was forced out at third on a fielder's choice by Travis Hampton, but Brad Sanders singled to bring Lawson home.

With two outs and Hampton and Sanders on base, Hereford's spunky pitcher picked up a groundout by Dudley Wooten and raced to first base to make the third

out unassisted and put out the fire. In the sixth, Hereford's batters continued their attack with three singles and a double that netted runs No. 6 and 7. After the two runs had scored, Young fanned Dave Charest, then shortstop Brad Sanders and center fielder Anthony McColum teamed with second baseman Travis Hampton to cut off runners Mike Crim and Harvey Torres for the last two outs.

THE STINGY Hereford defense denied Dimmitt its last chance in 1-2-3 order in the bottom of the sixth. McColum got on base via a walk, but was trapped off first and tagged out after Ricky Wright flied out to first base. Munnerlyn fanned Harold Love for the final out.

In the consolation game earlier, the Castro County All-Stars from Hart, Nazareth and Happy got woefully behind, 13-0, but finished

with an exciting seven-run rally in the bottom of the sixth that put a big scare into the leading Canyon crew.

Highlighting the Castro County rally was a two-run homer by Bernie Huseman. Also scoring were Charles Heck Jr., Glenn Ehly, Darrell Huseman, Brad Seymour, Danny George and Greg Schulte.

With Heck and Huseman on base again with singles, Canyon hurler Lynn Wright fanned Ehly to finally halt the rally and win the game.

(For details on Monday's first-round games, see Page 5.)

Last rites held for G. L. Stiles, county pioneer

Services were held in Lazbuddie at 4 p.m. Sunday for Glenn L. Stiles, 74, pioneer resident of the Big Square community.

MR. STILES died of an apparent heart attack Friday at his home. Rev. Roy Patterson officiated at the service in the First United Methodist Church in Lazbuddie. He was assisted by Rev. Dor Davidson of Hereford.

Mr. Stiles, a retired farmer, was born in Green County, Iowa, in 1895, and moved to the Big Square community with his family in 1908. His father, M. L. Stiles, purchased a four-section square tract of land in 1906, then moved his family to the community. He built two-story square houses for each of his six children as they married, plus his own home, making seven "big, square" houses on a "big square" tract of land. This is how the community came to be called Big Square.

PALLBEARERS were Glenn Lust, Houston Lust, Loyd Lust, Glenn Scott, Hubert Elliott and Leonard Elliott. Honorary pallbearers were L. G. Layman, Dudley Winders, Phillip Haberer, Jay Black, Roger Haberer, Dale Winders, Clifford Layman, Donald Layman and M. G. Keller. Burial was in Castro Memorial Gardens under the direction of Dennis Funeral Home.

Mr. Stiles is survived by his wife, Leona, and a sister, Mrs. Alfred Scott of Muleshoe. Contributions to the Glenn L. Stiles Memorial Fund may be mailed to the Lazbuddie First United Methodist Church.

Ned Smith named Fireman of Year

Ned Smith, who volunteered to help fight fires three years ago, was announced Friday night as Dimmitt's "Fireman of the Year."

THE announcement was made by Fire Chief Harlin Dodd at the annual Fireman of the Year Banquet in the Colonial Inn Restaurant.

Smith won the award by being the most active member of the Dimmitt Volunteer Fire Dept. during the past year. Dodd noted that Smith had reported for 46 of the year's 53 fires and 50 of the year's 51 practices.

When he received the big Fireman of the Year trophy, Smith said emotionally, "I've enjoyed my association with everybody, and I hope it continues."

SMITH, a welder at F&W Blacksmith & Welding, joined the fire department soon after he moved to Dimmitt from Levelland in 1966. He and his wife, Thelma, have two daughters — Debra, 17, and Patricia, 12. The Smiths live at 606 Northwest Seventh St.

Announcement of the Fireman of the Year was the highlight of the informal banquet, which also featured short speeches by many of the firemen, their wives and guests.

Main speaker was Plainview Fire Chief John Ballew, who said that for every American serviceman who has died in Vietnam since 1961, more than three Americans have died in fires. Firemen need full cooperation from the public, he said, if they're to cut down on the nation's \$2.7 billion annual fire loss.

Traffic violators shell out \$2,800

Castro County's two justices of the peace heard 104 cases during June — mostly on traffic violations — and collected almost \$2,800 in fines.

JUSTICE of the Peace Elvon DeVaney reported to the county commissioners' court Monday that he had collected fines totaling \$1,427.50 during the month on 45 JP court cases. Several, he noted, were hearings on truck-weight violations, which carry a minimum \$100 fine.

Justice of the Peace T. E. Harrison reported that he presided over 59 cases in June that resulted in \$1,369 in fines, with \$1,221 collected in cash and \$148 credited in jail time.

Ernest Gaston dies Saturday

Ernest T. Gaston, a resident of Dimmitt for nine years, died Saturday morning in Plains Memorial Hospital.

SERVICES were held Monday afternoon in the First United Methodist Church of Dimmitt, with Rev. E. Lee Stanford officiating.

Burial was in the Castro Memorial Gardens, directed by Dennis Funeral Home.

Born Aug. 4, 1893 in Burleson, he was an insurance agent for Bankers Life and Casualty Co. He was a veteran of World War I and moved to Dimmitt in 1960 from Sudan.

He is survived by a daughter, Mrs. Ernestine Cox of Lubbock; two sons, Bernard of Findlay, Ohio, and Glenn of Fort Worth; a sister, Mrs. Anna Young of Sudan; and eight grandchildren. Pallbearers were Gene Ellis, Jack Foust, Gerald Roundtree, Thomas Brown, Paul Harvey and Bobby Bishop.

Roundup plans jell

A tentative schedule for Roundup Week was announced Monday night by the Castro County Activities Committee.

"HART DAY" will kick off the annual festivities Saturday, Aug. 9, with a parade and playday. That evening, the spotlight will shift to Dimmitt High School auditorium, where the Miss Grain Sorghum of the Nation pageant will be held.

Sunday afternoon, Aug. 10, a community sing will be staged in DHS auditorium. It will be sponsored by the Dimmitt Ministerial Alliance.

A talent show — a recent addition to Roundup Week — will begin at 8 p.m. Monday, Aug. 11, and promises to be one of the week's main events. Linda Langford, chairman, reports that contestants already have been recruited from three states. The two-division competition will take place in Dimmitt High School auditorium, and door prizes will be given.

ANYONE interested in competing in the talent show should contact Miss Langford at 1016 Maple St. before the Aug. 5 entry deadline.

Tuesday night, Aug. 12, has been set aside for square dancing. Jones Street, on the south side of the courthouse square, will be roped off for the dance, and the caller will be Sid Perkins of Amarillo. The street dance will get underway at 9 p.m.

Thursday, Aug. 14, will be the fullest day of activities, with the Old Settlers Reunion, Roundup Parade, opening performance of the Dimmitt Rodeo, barbecue, pony show and rodeo dance on tap.

THE OLD Settlers Reunion will begin with registration at the city park at 10 a.m. All local persons attending are asked to bring a basket lunch — especially those who consider themselves "old settlers," and their families. Bread and drinks will be furnished, and out-of-county guests need not bring a lunch.

Parade entries will form up at 2 p.m. for judging and the parade will get underway at 3. The pony show will begin immediately after the parade is over, and will be followed by the barbecue supper. The rodeo and rodeo dance will complete the day.

The only activities planned for Friday, Aug. 15, are the second performance of the rodeo and the dance afterward.

A CHILDREN'S playday and a pet show — with any and all pets eligible — are on tap Saturday, Aug. 16. The final rodeo performance will be staged that night, followed by a rodeo dance.

The Dimmitt Jaycee Air Show is scheduled Sunday afternoon, Aug. 17, at Dimmitt Municipal Airport. The show will include acrobatics, sky diving, contests in flour-sack bombing and spot land-

ing, and other aerial acts. Gate prizes of a car and boat will be awarded.

Every day will be "Dress Western Day," and daily prizes will be awarded to the best-dressed cowboys and cowgirls.

DHS cheerleaders soon will contact all businesses about renting bunting decorations for the week. The activities committee called for 100 percent cooperation to make Dimmitt a well-dressed city during Roundup Week.

NEXT meeting of the county activities committee will be in the courthouse assembly room July 28 at 8:30 p.m. A meeting also has been called for Aug. 4, same time and place, to assure the completion of all plans.

Hart needs more firemen

Hart's Volunteer Fire Dept. needs firemen.

"SINCE SOME members have moved and others have just quit, we are badly in need of members who can be available to answer a fire call," Fire Chief Richard Entreklin said this week.

He added, "We who are active members don't want to see a repeat of the last fire call — when there was no one to go to the fire."

Entreklin has called a meeting for Monday night at 8 for Hart area men interested in becoming volunteer firemen.

"IF YOU are interested in the protection of your home and business, and the lives of your loved ones, then please attend this meeting," he urged. "You may be the person we need now."

Local response to the called meeting, Entreklin said, "could prevent the total loss of your property in the future."

He explained, "There are times when the work is hard and the physical exhaustion is pretty rough, but if we have plenty of men who can help then nobody should have to overdo himself."

Dog attacks Florida boy

A Key West, Fla., boy was attacked by a hunting dog and badly bitten on the lip last week while he and his parents were visiting in Dimmitt.

HE WAS Terry Gossett, 5-year-old son of Mr. and Mrs. J. H. Gossett. The family was visiting Mrs. Gossett's parents, Mr. and Mrs. Henry Howell, 411 Northwest Sixth St.

The dog, which belonged to the Howells' neighbor, is now penned and being checked for rabies.

The boy was bitten on the lower lip, and his injuries seemed quite serious at first. However, after a trip to a specialist in Amarillo and an overnight stay in a hospital there, he was released.

THE CITY has no leash law to control dogs or prescribe their impoundment.

However, City Manager E. B. Noble said a proposed leash law has been drafted and is now being studied by the city commission, following frequent complaints about roaming dogs. If the leash law is passed, Noble said, the next step would be to budget funds for an animal control officer to enforce it.

'Range' election set for Sept. 6

Residents of Justice Precincts 1 and 4 will decide by ballot in September whether cattle, horses, mules, jacks, jennies, donkeys, hogs, sheep and goats shall be permitted to run at large in their precincts.

THE COUNTY commissioners' court called the stock law election for Sept. 6 after being petitioned by residents of the two precincts.

Although Justice Precincts 2 and 3 already have stock laws restricting the movement of livestock, residents and motorists in Precincts 1 and 4 are still subject to the "open range law," under which livestock has the right-of-way over vehicles.

A legal notice to be published in the News beginning next week will define the precinct boundaries and spell out the terms of the proposed stock law.

When our water plan reaches you for consideration, we ask that you view it with 2020 vision. A grateful state and a nation of continued plenty will thank you for it.

Bible Thoughts CHILD TRAINING Proverbs 22:6 By Max Zamorano There is nothing in all the world that can take the place of Christian training in the home during the early, tender years of a child's life. The job of a Christian father and mother in raising a family for God is still the most important business in the world, and yet one that is frequently taken lightly or even sinfully neglected. It is well to remember, parents, that your example makes a far greater impression than your words. Preaching to children unaccompanied by practice is not very effective, for children learn by imitating more than they do by simple indoctrination. Many parents concentrate on teaching their children manners and social graces, but fail to have a family altar where the Word of God is read and where prayer is offered. Not only should we fill our children's minds with the Word of God, but when we take certain actions and refrain from others we should tell them why, on the basis of Scriptural principles, we have acted in that way. This will make the Bible a real and pertinent Book to them. Above all, we must lead them to Christ, so that the Holy Spirit may rule in their lives and guide them onward after we have died, or when they are no longer under our influence. Are you training up your children in the fear and admonition of the Lord, or are they just growing up "like Topsy?" FOURTH AND BEDFORD CHURCH OF CHRIST

God Bless...

God bless Mommie, Daddie, and all my friends at church...

"Hearken unto the voice of my cry, my King, and my God."

God's word has a great deal to say about prayer, for prayer is our means to communicate with God. Through prayer we can give thanks, petition for our friends, and seek God's wisdom for our daily living.

Make prayer a daily practice in your life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. SAFE AND UNSAFE—Debbie Acker shows two types of gas cans generally used to hold lawnmower gasoline. The round can provides maximum safety in case of fire, but the "box" can would actually help spread a fire out of control. The round can, which is UL approved, has a valve to let off extra pressure in case of fire or heat, and has a spring safety release to make it fire-safe. The plastic plug on the box can would melt in a fire and the can would explode.

Farm Safety Week

Smother those fire hazards!

By **DEBBIE ACKER**
Nazareth 4-H Club

During National Farm Safety Week, July 20-26, check your farm for fire and safety hazards.

EACH YEAR, according to National Safety Council statistics, farm fires result in the loss of 500 lives and \$208 million in property damage. When fire occurs on a farm or rural property, damage is three to six times greater than in the average city fire, because it takes longer for fire fighters to reach the scene than it does in urban districts.

The most common problem on farms is clutter, according to safety specialists. Trash and clutter accumulation invites fires, as well as falls, cuts, bruises, shock and poisoning. To help prevent these accidents, keep buildings free from combustible material and build-up of straw and dust.

Get rid of old lumber, dry weeds and brush. Also keep all oil rags and paint in closed metal containers.

KEEP YOUR gas tanks or other fuel tanks at least 50 feet from buildings.

When burning trash, make sure the wind is calm and all trash is a safe distance from buildings and combustibles.

Check your electrical systems and lightning rods. Make sure the electric wires are firmly supported in a conduit going into the house. The wire should not be frayed, broken or cracked. Lightning rod cables should be free from breaks, and the points should be in good condition.

POST "No Smoking" signs in all barns. Automobiles, tractors and gasoline engines should not be operated or stored in barns. Check the temperature of newly-stored hay daily, and never stack baled hay close to an electric fence.

When using portable heaters, make sure they are a safe distance from flammable materials. Always keep your fire extinguishers handy. Put them on tractors, in the pickup, or self-propelled harvesting machinery, on trucks, and in barns as well as in the house.

When filling a tractor or any vehicle with fuel, shut it off. Now that hot weather is here, don't fill the tank full, because the fuel expands with heat, causing leakage which can be an easy target for fires to start.

President Nixon noted in his National Farm Safety Week proclamation that although American agriculture has made strides in production, it remains the nation's third most hazardous industry.

Let's change this by making a thorough check of all our farm buildings and surrounding grounds. Remember, a checkup without corrections is useless, so correct all safety and fire hazards that you find.

WHATEVER you want or need, somebody probably has one. Try a "Wanted" classified ad in the News.

Financial Facts

By Willis A. Hawkins, Jr.

No budget is permanent. You change it, work over it and finally settle on it. You are never fully satisfied with it. One thing you do realize. And that is—there is no steadfast formula.

Let us not look upon budgeting as a system of penny-pinching. It is a planned program of financial management.

Following a strict budget actually helps all members of a family. Thus all members of the family should cheerfully cooperate.

The first step in setting up a budget is to outline goals. The next step is to estimate how much money will be available.

Write down all income you expect to receive. Estimate your expenses. Then set up your plan. This plan should be based on goals, income and expenses.

Watch Next Week For "BUDGET PERCENTAGES"

'Texas Football' favors Bobcats for 3-AA crown

"Dealt a runnerup berth for two consecutive years Dimmitt is poised for the big leap upward this time around," says Texas Football Magazine, an annual publication dealing with football prospects in the state.

DIMMITT'S Bobcats have an excellent opportunity to win the District 3-AA crown, as they return five offensive and seven defensive regulars from last season, the magazine states. Halfback Roy Thomas and center Gary Langford are two of the outstanding players returning this year.

Texas Football quotes Coach Brown L. Smith as saying Thomas is "one of the finest football players I've ever coached."

The team, small but speedy this season, will also return quarterback Bill Sanders, and Bobby Baker and tackle Jerry Cartwright.

LOCKNEY, after a 3-7 season last year, also has hopes for the championship. Seven defensive and eight offensive players will return, including end Tim Jeffers, who caught 29 passes for 426 yards and four touchdowns

last year. Floydada returns three offensive and five defensive players, and should have a strong line. Friona will return 10 regulars

Couples tie in scotch play

First low gross of the Scotch foursomes at the Castro County Country Club Sunday was a tie between Joanna Davis and Mark Wohlgemuth and Karen and Judge Balbridge, with each couple shooting a 43.

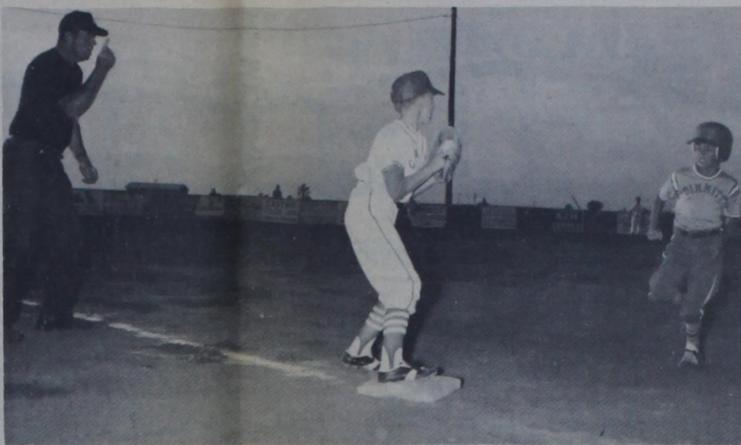

FIRST LOW net was split with Libby and Kenneth Cleveland tying Janie and Richard Walker. Both couples shot a 28. Second low net was a tie between Karen and Gene Sealey and Joanne and Cliff Cook with a 29. Third low net was won by Susie and Roy Ellis, shooting a 31. Fourth low net resulted in a three-way tie between Ann and Truman Touchstone, Dr. and Mrs. J. E. Wohlgemuth, and Bob and Doris Lindsey, all shooting 33.

Winners received merchandise prizes, and contestants had dinner together at the club after finishing the evening of golf.

UH-OH! DIMMITT'S JOHN COOK CAN'T BEAT THROW TO THIRD ... Umpire Ewell Kelly calls him out in the third inning Monday

Dimmitt, Hereford post hefty first-round wins

Hereford shut out the Castro County All-Stars 8-0 and Dimmitt walloped Canyon 16-1 Monday night to advance to the finals of the Area 4 Little League Tournament.

AN OVERFLOW crowd saw the first-round games in Dimmitt Little League Park.

In the 6 o'clock opener, Hereford pitcher Mike Crim fanned 10 and walked five while holding Castro County hitless.

But it was a close game until the sixth frame as Castro County hurler Glenn Ehly fanned eight Hereford batters to keep his team within three runs of the Deaf Smith County boys.

HEREFORD broke loose for five big runs in the top of the sixth, though, to ice the game, 8-0.

Hereford's second man up, Dave Charest, drew first blood when he walloped a home run in the top of the first to give his team a 1-0 advantage. In his next time at bat, Charest singled in the third inning, then romped home on a single by Lance Martin for the second run. Crim followed him across the plate to make it 3-0, and that's how the score stayed until the sixth.

Going into the final frame, Castro County's Ehly had given up only six hits while fanning eight and walking two, and infield errors had played a role in two of Hereford's three scores.

BUT IN the disastrous sixth, Hereford tapped Ehly for five hits and took advantage of three Castro County errors to break the

game open, 8-0, with no outs. Ehly halted the five-run rally himself when he speared a fly ball for the first out, then fanned the last two batters.

Only seven Castro County batters reached base during the game — five on walks and two on fielder's errors — and Crim left them all sitting on the pad.

IN THE nightcap Monday, Dimmitt's Anthony McColum hurled a three-hitter and Ricky Wright and Robert Mayberry slammed home runs to lead the host team to a big 16-1 victory over Canyon, the defending area champion.

McColum went the six-inning distance for the locals, fanning four and walking only one as he received excellent defensive support from his teammates. Steve King started on the mound for Canyon and was relieved in the fourth by Ronnie Hicks.

Canyon's Steve Wilbur lifted a

1-0 pitch out of the park in the second inning for the visitors' only run.

Dimmitt built a 2-0 lead in the first frame, which Wilbur's home run cut to 2-1 in the second. Then Dimmitt broke the game wide open with a big 12-run third inning.

DuWay Wecter started the third-inning rally with a single, and McColum followed with another. Then Wright hit his big home run to clear the bases and give Dimmitt a 5-1 lead with none out.

Harold Love picked up the rally again with a single, which was followed by a double by Robert Mayberry, singles by Terry Young and Travis Hampton, a double by John Cook, a base on balls by Wecter, another hit by McColum, singles by Wright and Love, and a big base-clearing home run by Mayberry.

Terry Young followed Mayberry's homer with a single — the inning's 11th hit — but was left stranded when Hampton went down swinging for the third out. When the smoke cleared from the traffic-jammed third inning, Dimmitt held a big 14-1 edge.

Mayberry and Robert Calhoun added a run apiece in the fifth to increase Dimmitt's final victory margin to 16-1.

Genealogists to meet tonight

Price asks views on major issues

Every family in the 18th District will be receiving in the mail in the next several days a two-page questionnaire from Panhandle Congressman Bob Price.

PRICE announced this week that he is sending a questionnaire to every home in the 18th District, in an effort to determine public sentiment on a number of major issues facing the 91st Congress.

"It is most important and helpful to me to know what residents of my district are thinking on issues from space to farm problems and the way to settle the war in Vietnam," Congressman Price said.

"We get mail on all these subjects, of course, which I read to keep in touch with public sentiment in the district," he added. "At the same time, however, many people are often too busy to write. We have tried to design the questionnaire to make it as easy as possible to mark and return. No envelope will be needed; only a six-cent stamp. I am hoping for the largest possible response so that I can obtain the most representative sampling possible."

Included are questions on the ABM system, inflation, taxes, crime control, electoral college reform, postal reform, the draft, as well as questions relating to agriculture and space which Congressman Price has a special interest in as a member of both the House Agriculture Committee and the House Committee on Science and Astronautics.

"As soon as they are received, we will begin tabulating the results and will make them available to the public," Price said.

Special space has been provided on the form to allow both husband and wife to respond. Costs of printing and paper are being borne by Congressman Price and contributions from residents in the 18th District.

Major welfare changes noted

Major changes are going into effect in state welfare policies and organizational structure.

WELFARE Commissioner Burton G. Hackney announced elimination of the one-year residency requirement for all aid categories. This is in keeping with a recent US Supreme Court decision and federal rules.

Hackney predicted the change will not noticeably increase welfare rolls in Texas, but the nationwide increase in assistance costs is estimated at nearly \$300 million a year.

The Department of Public Welfare also has realigned its state-wide organization on the basis of regions, effective July 1. The department will merge Child Welfare services with the Aid to Families With Dependent Children program under a single administrative head, along regional lines.

Swisher County celebration swings into high gear today

Swisher County's 79th birthday celebration started Monday with the arrival of a carnival, and Bailey Reece, picnic chairman, says the big day of the week-long celebration will be today (Thursday), when all residents are invited to bring their picnic lunches and quilts to the city park.

The Tulia Jaycees plan fun and games at the park — a greased pig contest, pie eating and watermelon eating contest, horseshoe pitching, horned toad race, and a cigarette rolling contest.

The parade is scheduled for 3 p.m. Saturday, with three nights of rodeo, Thursday, Friday and Saturday.

Reece says a main feature of the rodeo this year is a "civic-club" wild-cow milking contest. Each club will be required to milk a wild cow and carry the milk to the judges.

State gets share of sports taxes

Texas has been apportioned \$1,197,000 of \$24,000,000 in Federal Fish and Wildlife Restoration Funds. The funds are for fish and wildlife research, land acquisition, and development projects.

IDENTICAL appropriations were given by the Interior Department's Bureau of Sport Fisheries to Alaska and Texas, the two states receiving the most money.

Of the amount received, \$298,500 will be used in fisheries work, and \$898,500 will be used in wildlife work.

The bureau says an additional apportionment will be made next fall. The preliminary distribution enables states with small reserve funds to finance their restoration programs beyond July 1 until the fall's apportionment.

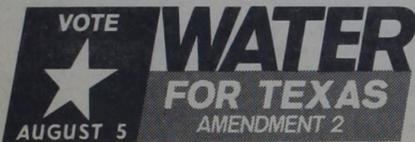

FISH and wildlife restoration funds come from federal excise taxes collected from manufacturers, importers, and producers of hunting and fishing equipment.

Under the Federal Aid Programs, states are reimbursed for up to 75 percent of the cost of approved projects. Distribution of funds is based on the area of a state and its number of paid hunting and fishing license holders.

COMING IN—County Judge Raymond Wilson accepts the gavel as president of the Dimmitt Rotary Club Friday after being installed by Ronnie Parker (left), a past president. Members' wives were guests at the installation. The club will elect a vice-president and two new directors at Friday's regular luncheon meeting.

GOING OUT—Dimmitt High School Principal Ike Moore (right) accepts a past president's plaque from Ronnie Parker during the Dimmitt Rotary Club's installation of officers Friday. Commenting on his year as Rotary president, Moore said, "We've had the spirit of fun and have done a lot of things I'm proud of."

Teenage drivers mean high rates

Parents of teen-age drivers, especially boys, should be prepared to pay up to triple their regular rates for auto insurance.
GIRLS aren't quite as expensive. A policy covering a 17-year-old girl as principle driver costs about 50 percent more than the standard adult rate, going down to 10 percent excess at age 20. But surveys indicate that girls are getting more careless at the wheel, the Texas A&M University specialist says.
For boys, penalty premiums start to drop at age 20, decreasing annually to 10 percent at age 29. Miss Jacobsen adds that teenagers who have taken an accredited driver education course save about 10 percent.

Feedlots affect type of calves being marketed
Dramatic things are happening in the Texas livestock industry! **AMONG THEM,** according to Ed Uvacek, Extension livestock marketing specialist at Texas A&M University, is the shift in the slaughter of cattle and calves during the past few years.
He cites as "very important factors" in the shift the tremendous increase in demand for feeder calves by feedlots producing heavy fed beef, and rising incomes of consumers, particularly those in the South, and an increased preference for "beef" rather than "slaughter calf."
With these two overall effects acting on the market at the same time, the retail food stores have found less slaughter calf beef available for purchase and thus are buying it at a higher price, Uvacek explains.
DURING the first four months of 1969, the economist reports that commercial slaughter of calves in Texas was down 22 percent from the same period a year ago. These same months also recorded the smallest slaughter of calves on record for the state, he notes.
Another interesting part of the change in slaughter classification is the average weights of animals slaughtered, says Uvacek. Average liveweight of calves commercially slaughtered, in the first four months of 1969 ranged between 493 and 528 pounds. The lowest weight recorded during this season of the year since 1960 was 516 pounds, he notes.

The success of today's highly mechanized farm depends to an ever-increasing degree on the safety practiced by today's modern farmer. When safety is your constant companion, you run a more efficient and productive farm.
As a modern farmer, you put heavy dependence on the proper operation of costly, often specialized equipment. Be sure it is safe to use... keep all machinery in tip-top shape.
Accidents are fewer when your farm area and buildings are neat, clean and in good repair. And even your youngest farmers-to-be should practice safety. The best way for them to learn is by following your good example.
Safety is a full time job. Practice it all year around, and you'll never stop harvesting the benefits.

Pilot describes crash

Crop-duster pilot Ben Holcomb of Sunnyside, whose spray plane flipped in a corn field south of Nazareth Wednesday morning of last week, was released from Plains Memorial Hospital Monday morning but will be confined to bed for two or three more weeks because of a cracked vertebra.

HOLCOMB, owner of the A-A-A Flying Service, was drenched with deadly Parathion insecticide when his plane crashed in a corn field on the Florence Albracht farm.

His wife, Dickie, who was spotting the field for him, saved him from severe poisoning by rushing him to a shower on the nearby farm of Charles Heck Jr. before taking him to the hospital.

Still, the effect of the Parathion on Holcomb's eyes blinded him for 12 to 18 hours after the accident.

Holcomb told the News Monday pulled me into the corn field. I tried to pull out of it, but it's kind of like quicksand — the more you try to get out of it, the more it pulls you under.

"ONCE it pulled me about three feet into the corn, I knew it was pretty well gone — it was just a matter of trying to save the plane, and myself.

"I was going about 95 to 100 miles an hour — that's the normal spraying speed for this plane. The plane slowed almost to a stop by the time it flipped, though.

"I was conscious all the time. I released my seat belt and crawled out of the plane and walked out to the road before anyone could spot me. I was out of the field within three minutes of the crash.

"DICKIE was at the other end of the field, behind me, talking to Ernie Brockman, whose field we were supposed to spray next. She and Ernie didn't actually see the crash. She realized something was wrong when she looked up and saw just one plane pull up on the other end of the field when there should have been two.

"There wasn't any burning from the Parathion except in the eyes. The main thing was the concern — once you've handled it and have seen what it can do, you get real concerned about getting it that he was 'still sore in a spot or two' from shoulder, head and back injuries, and that he will have to wear a back brace until his fractured vertebra mends, but that he feels 'lucky to still be around.'

Still only three on pageant list

With only two weeks until the entry deadline, the present Miss Grain Sorghum entries are holding their breath!

ONLY THREE girls have entered thus far, and three scholarships will be given Aug. 9 when these beauties compete for the Miss Grain Sorghum title. Scholarships have placed this pageant among the top contest in the state, with \$1,000 going to the winner, \$500 to the first runner-up and \$250 to the second runner-up.

Barbara Hanseri, "Miss Dimmitt," is joined by two 19-year-old girls as candidates for the title. They are Teresa Stephenson of Hutchinson, Kan., sponsored by Frontier Hybrids, and Phyllis Dettler, who will represent the Amarillo Jaycees.

THE CHAMBER of Commerce expects entries to begin coming in steadily from now until Aug. 1, entry deadline.

A record number of entries was expected this year, but unless the rate picks up soon, that record may be for the fewest contestants in the pageant's 10-year history.

Holcomb and fellow A-A-A pilot Curtis Snitker were spraying the corn field together when the accident occurred at approximately 7:30 a.m. Holcomb was making his second pass over the eight-foot corn, and was in the middle of the field when the crash occurred.

HOLCOMB GAVE this pilot's-eye account of the plane crash: "It was fairly calm that morning — real good flying conditions. I just got a little too close to the corn and the added drag of the corn on my landing gears off real quick once you get into you. It was about 30 minutes before the Parathion took full effect on my eyes.

"Dickie picked me up on the highway and took me to Charles Heck's place. We caught Charlie in the driveway. Curtis had landed

on the highway, and Charlie had just realized something was wrong, and was backing out of the driveway. He got us to the shower in the barn.

"WE were really lucky to have a shower so close by. It isn't everywhere you can find a shower with hot and cold running water in a barn."

Holcomb's flying service had owned the used spray plane only one day. Holcomb had bought it for \$7,000 and flown it the day before the crash. He had logged 100 hours of aerial spraying time, mostly in the A-A-A's other plane, which he bought new when he started the company two months ago.

Although the plane was badly damaged, Holcomb said, "I think we're going to be able to rebuild it. It's going to be an extensive rebuilding job, but I think we can repair it this winter. At least, we're going to give it a try."

THE COMPANY'S liability insurance will cover the damage to the corn crop, he said, but the plane had no collision insurance.

He said the loss of the plane "is kind of like a farmer getting a little hail — it hurts, but you don't quit."

He explained, "We've got our original new plane which Curtis Snitker is piloting, and we've leased another one, so we're still in good shape. David Ellison of McAdoo is flying the second plane for us."

He added, "We really appreciate the concern everyone has shown."

Amarillo mare wins top prize in horse show

Almost 100 horses were entered in 15 halter classes and seven performance classes in the Quarter Horse Show sponsored by the Dimmitt Rodeo Association Saturday.

TWENTY-NINE trophies and several cash prizes made the hot weather and hours of competition worthwhile for the many winners.

Stow-away, owned by Doyle Stowe of Clovis, was judged grand champion stallion, and That's Ty, owned by Judy Peveler of Lubbock, was the reserve champion stallion.

Reserve champion mare was Lady Bee Play, owned by J. Frank Darty of Olton. Fullers Hill Bar, shown by Anita Evans and owned by Clayton Shivers of Amarillo, was the grand champion gelding. Reserve champion gelding was Blue Fob, owned and exhibited by Craig Barton of Earth.

Miss Lad, owned and ridden by Doyle Stowe, won the junior reining event. Craig Barton, riding Blue Fob, won senior reining honors.

The junior cutting trophy was taken by Doyle Stowe on Miss Lad, and Lynn Laske on Jay Star Rodger won senior cutting. The horse is owned by J. L. McAllister of Amarillo.

2,000 attend Girlstown event

Approximately 2,000 attended the open house of Girlstown, USA near Whiteface Sunday.

MRS. MARY HALL, who attended the open house, reported that "They just can't praise Castro County enough." Castro County furnished the beef for the Girlstown barbecue.

The girls were scheduled to have a picnic in Palo Duro Canyon Wednesday evening and see the musical drama, "Texas," that night. They are also preparing for a vacation to Six Flags Over Texas.

Mrs. Hall said, "Anyone who has vegetables, get them down there. The girls need them."

SHE ALSO reported that the new building is almost complete, and said, "It's just a 'storybook' situation, all the good things that are happening down there."

The open house was in celebration of Girlstown's 20th anniversary.

Judge sends man to prison

In a District Court hearing Friday, Judge John T. Boyd revoked the five-year probation of Eddie Montgomery Jr. of Dimmitt and sentenced him to five years in the Texas State Prison at Huntsville.

SHERIFF'S officers testified at the hearing that Montgomery, 29, had violated his probation by writing a series of hot checks, by not paying all his original fine on a strong-arm robbery charge, and by getting into a fight.

Montgomery originally was fined and given five years' probation in May, after being found guilty of robbery by assault. He was arrested by the sheriff's office July 3 and spent a week in county jail before Friday's hearing.

THE county commissioners' court re-appointed most of the county's 1968-69 election judges and alternates to new terms Monday.

JIM REED was appointed election judge in Precinct 6 (Hart) to replace Dean Sanders, who requested release.

In Precinct 16, Ray Axtell was named election judge with R. V. Bills as his alternate. This was a swap in offices for the two men.

In Precinct 11, the court is seeking an alternate judge to succeed Mrs. Truman Lowe, who has moved.
