RANGER ASKED TO GET BEHIND RY. COMMITTEE

Ranger's committee on right of way for the Wichita Falls. Ranger & Fort Worth railway, determined to wind up the questions of right of way and the cost of land necessary for it, are out today in force and will be after it, hammer and tongs, until the matter is cleaned up.

Everyone who will benefit by the new north and south railroad that the Hamon & Kell interests are building, and there are no business interests in the city that will not, is expected to get behind the men who have made possible the new road. In underwriting the cost of the right of way, some of the public sprited men who were called upon subscribed as high as \$25 .-000. They should not be held accountable for amounts as large as this, and some of them cannot afford to pay the amount of their guarantees.

Merchants, garage men, mo tion picture theater men, real estate operators, doctors, lawyers, supply houses, lumber yards, oil companies all are on the lists of the committees that are at work.

Mayor M. H. Hagaman, right

THE TIMES' DAILY SHORT STORY

WASTED YEARS

By Lily Wandel

Bretna Sterrett sat in the crowded depot waiting for the train that was to take her back to the home she had left reluctantly and heavy-hearted nearly twenty years ago. She dreaded the return, it was not home to her; home was what she was now leaving -forever. She hated to go back and see what might have been, the happiness she could have claimed if she had stayed; if she had not listened to what go had thought was the call of dut Twenty years of wasted effort, she had told herself that show appy; but now she knew differe her eyes were given up the best opened. years of her and now, no longer needed, unw. d, she must go back

remnants of the old and pick up forgotten life Sitting there in the bustling waiting room she remembered her girlish attachment for Clifford Holmes, now magnified by lonesomeness and spinsterhood to a great love. No actual engagement had existed-merely an understanding, the unbinding country "keeping company." And Bretna had always feared the dancing-eyed Nancy Dove like a premonition of what would be realized. Then came the crisis in her life. In a distant town her sister died. A letter folowed from the despairing husband,

William, the father of five small After a night of agony of indethought of losing Clifford, Bretna wrote that she would come for a few may Brownly, they told me how months. She had hoped that her sweetheart would speak before she left, but his words were vague, unsatisfying. In a few weeks came a love and respect! Oh, what's the use letter from home linking the names of talking about it?" of Clifford and Nancy. The children

sweetheart. After the death of her parents nunication with her home town. nore than ready to yield to the new

Bretna looked back at the wasted years of toil, unselfish burden-bearing—a life sacrificed. And for what purpose? To be dumped aside now Bretna still sat there with wide open that her labors were no longer eyes and parted lips. Like racing needed. The youngest and last of the five children had married and clear, bright pictures of her was William had decided to make his years of little May cuddled in her home with his favorite daughter. The arms, the boys co We recommend Lamm or Detmar rented. There was nothing for her could feel their warm, childish kis to do but go back to the village and

"It is our purpose as soon as we spond to the call.

Rev. Mr. Moore declared it was making to match games with biteams of the state and take on as many allowers."

Rev. Mr. Moore declared it was mossible to have a great sweeping revival in Ranger if the Christian many allowers. many colleges as wish to play with people would do their part. He said the time had come when the religious people must stand forth from among

BAPTST CHURCH EXCAVATION IS NOW FINISHED

Excavation on the new \$85,000 Bap tist church being creeted just west of the intersection of Marston and Walnut streets has been practically completed, and the foundation will soon be laid for the big piltars to support the superstructure. The excavation of this plot was one of the most difficult which has been encountered in this h has been encountered in this hd rock from the surface down to a pih of approximately ten feet, the

Material for the walls of the struc ture is arriving daily and being unloaded at the site. A number of winfow frames have also been made and flat like coins from "the mints of hell". In their mad search for this Excavation is continuing in certain parts of the basement Grushed rock has been assembled for

The great accumulation of carth and stone taken from the spot has nearby. The small ereck to the west not for flood waters to pass by Much property has been improved by reason of the filling-in process. Members of the church are looking

forward to the day when they can worship in the new structure, the most rate and beautiful being constructed in the oil fields at the present time. The auditorium will be on Everything is being made for service and convenience. Beautiful pews will furnished and everything will be de attractive for the large congre ration which the church is rapidly building up. At the present time a large tabernacle in the rear of the new structure now being built is serv ing the growing needs of this denom-ination. It has been equipped with nice sents and is one of the most easant retreats in the city on awelt ndays, when the sides can be opened for the zephyrs to play in.

L. L. RECTOR TAKES AGENCY FOR TEXAS OILS

L. L. Rector, formerly with the drilling department of the Sun company, has resigned his position to take the Ranger agency for the Texas company's gas and oils. He is succeeded at the Sun effices by Gordon Haynes. Mr. Rector has offices, with telephone connections, on the Texas and Pacific tracks above the Mid-Kansas offices. He has storage for four cars of gasoline, two cars of kerosene and a warehouse full of all lubricating and fuel oil supplies, from cup grease on up. The delivery equipment includes two tank trucks and one wagon for drums of gasoline and elland Mr. Rector is prepared to fill all orders upwards of a single drum of tabline.

DRAWS CROWD MONDAY NIGHT

Organization of a football team to represent the Ranger Athletic club and the city of Ranger is the purpose of R. R. Conner, organizer and president of the organization. Lionel Moise, formerly coach and director of the Texas Agricultural & Meenanical college club of College Station, has been selected as coach for the local eleven.

The arbor meeting at the east end of Hunt street, being conducted by the Christian and Missionary Alliance, will continue each evening at 8:15 o'clock, according to announcement made last night by the pastor, Rev. O. W. Edwards. Rev. W. W. Moore, the trombonist and musician

eleven.

All persons interested in football and who wish to be identified with the evangelistic services at the tabernacle, preached an interesting and comprehensive sermon to a fair sized with a street, where instructions and info mation will be given about the tree.

He stressed the fact that it is

President Conner is also a splendid eleven man. He played with the value of the state and has a splendid reputation for ingenious playing on many fields. Mr. Meischan a state reputation, guaranteein:

He stressed the fact that it is more profitable to man to live a Christian life than it is to plod along in sin and try to find satisfactor from the enjoyment of earthly things. He declared the transforming power of God made a new creature of to those wishing to make the team the most approved instruction. this club and Ranger are the best that we could ask for," declared President Conner Tuesday merning. "In fact we have a number of men who have already signified their intention of joining. They have had experience on city and college teams and have shown themselves masters of detail in connection with it.

"It is our purpose as soon as we spond to the call."

every man who believed on Christ. A man was not reformed or "made over," but was made a new creature. Some men are called to relieves work whose spirits rebel against the carrier, declared the speaker. It is declared, and showed by an incident that a prominent lawyer of a Texas city who continually delayed getting into the work was divinely discircined to show that he must respond to the call.

niths with some splendid games to the sinners and show upon whose such the Ranger people will be able ude they are aligned. He believes The Ranger Athletic club was or panized a few weeks ago and has beer doing some effective work since. It has a large membership. Ranger is fortunate in having a large number of athletes and club men who are much impressed with the efforts to make a tabernacle or other structure where the period we weather or reads.

REAL SNOW STUFF IN DESMOND PLAY

The snow scenes in "The Mints of Mell," William Desmond's latest fesse D. Hampton production showing at the Opera House today, are among he most remarkable ever seen on the screen. The big snow storm scene luring the exciting dog sled race is a nost graphic bit of realism which adds tremendously to the production.

nen have gone in search of "The Mints of Hell," the name given to and flat like coins from "the mints of hell." In their mad search for this In their mad search for this most precious of all gold ore, ad-venturers have gone over the Divide never to return, while many who ound it and survived, have gone mad

with jey at the sight of the treasure which made them millionaires. The drama tells the story of a man who went alone over the unknown rails and found the Flat Gold pocket William Desmond was never better ast than in this pieture, and makes a munly and likeable character in the

ole of Dan Burke, the hero. Park Frame directed the production which contains an unusually strong the Sadler realty company.

DECLARES WOMAN DIES

BY STRIKERS HANDS; LUB

400 STRIKERS RETURISHES

By Associated Press

WASHINGTON, Oct. 1.—"If the unions control the Lake paindustries of the United States, it means decay and drop were in pring production, and this country can not keep pacommodate with the world, which condition I fear England is in to here has day," said Judge Gary, chairman of the United Statesn issued, Steel Corporation today, before the senate committee in 3 appreciations to the steel strike.

WASHINGTON, Oct. 1.—Denying that the Unitedine balls, arc on States Steel Corporation had mistreated its men, as a it charged by union labor leaders, Judge Elbert Gary, a week-chairman of the corporation, told the senate investigating committee that there was no basic industry in the M. A. Stockworld which paid larger wages than his company.

killed during a disturbance and who union leaders astert was killed by the steel corporation's guards, was

OIL FIELD WORK needs "CATERPILLAR" TRACTORS REG.US. PAT. OFF.

HE 5 and 10 Ton "Caterpillar" tractors, offered for oil field work are duplicates of the tractors we furnished to the United States and allied governments for the hauling of gurs, equipment and supplies.

These tractors that completely changed artillery tactics by their speed, tractive power and dependability, might have been specially designed for oil field work, so well do they fit the conditions. Holt engineers developed special "Caterpillar" trailers, gun mounts and numerous other equipment for army use. The same men have designed a special winch attachment as dependable as every other part of the machine, to provide the quickest power for pulling rods and tubing. This winch has been developed in conjunction with expert oil field operators for the special needs of the industry. It is Holt quality throughout.

CATEAPILIAB

The power of the Holt engine and the positive traction of the "Caterpillar" tread take the HOLT TRACTOR and its load out on the new lease—over new fields, through swamps, deep sand, heavy muck and mire and over roads impassable even for horses and mules. Behind it goes a train of trailers, carrying heavy machinery, boilers, lumber and steel for derricks, massive tools for drilling, iron casings or any other supplies necessary to support old and new operations.

Rainy seasons and bad weather cannot hold up drilling or pumping operations when the "Caterpillar" is on the job.

Know all about the "Caterpillar" and what it will do for you. Learn how it reduces production costs by making constant, uninterrupted operation possible. Write today.
