LITTLE BIG FAN—Justin McPherson, 4, has his boots and jeans and a rope just like his daddy's as he watches the Nazareth Country Rodeo and Wild West Show Sunday afternoon. Justin is the son of Mr. and Mrs. Steve McPherson of Lockney. It's a good thing he stayed outside the arena—note the mud-holes on the other side of the fence. The arena was such a quagmire that when several riders got hoisted up by their pick-up men, they were pulled out of their boots.

Into each life, some hail must fall—

Too much has fallen already—especially in the Hart area.

Violent storms roaming over the region in hop-scotch fashion during the past week have produced everything from flash flooding here to severe hail damage there.

The heaviest reported hail was at Hart last Wednesday night, and the biggest rainstorm was north of Nazareth Saturday night.

At Hart, hailstones up to golfball-size, driven by a 60-mph wind, pounded the town Saturday night.

"I don't imagine there's a composition roof in town that isn't totaled, and many of the wood roofs suffered damage," insurance agent Jolene Sanders reported. "We had pea- to marble-size hail that pretty well covered the ground, plus a great many golfball-size stones."

The hardest-hit area evidently was in the city of Hart itself, plus a three-mile strip south and slightly east of the city.

"At one time while it was hailing last Wednesday night, I remember thinking, 'My word, this is getting unreal,'" Mrs. Sanders said.

A few crops obviously were de-

stroyed and will have to be replanted. But surprisingly, many farmers in the Hart area seem to think their cotton and corn will make it if they don't get any more hail, Mrs. Sanders said.

But the biggest—or at least the deepest—result of the big Saturday night storm was a deluge north of Nazareth.

The Elmer Schulte farm six miles northwest of Nazareth received more rain in two hours than had fallen in the previous eight months—a whopping five inches.

"Our roads were underwater until towards morning," Mrs. Schulte reported. "It hailed off and on through the rain, but I don't think it did much damage. It started about 6 o'clock, and from 6 to 8 it rained hard. The wind blew pretty hard at times, too."

The heavy rainfall caused a brief flash flood along the Tule Creek Draw north of Nazareth and put parts of State Highway 168 and FM 1075 underwater around Arney for about 45 minutes, according to Highway Dept. foreman Doyle Wassom.

Mrs. Jerry Wilhelm drove from Hart to their farm five miles north of Nazareth during Saturday night's storm.

"I didn't run into any water problems on the road until I got just north of Nazareth," she said, "but by the time I got home you could almost swim in it. The draw was like Niagara Falls, and when I got out of the car at home, the water in the driveway was over my ankles."

Joe Lynn Birkenfeld, three miles north of Nazareth, reported 1.3 inches with light pea-size to marble-size hail last Wednesday night.

POW chapel's dedication set; Italians coming

Sunday, June 18 is the date set for the formal dedication of the renovated chapel at the Hereford Prisoner of War Camp.

The ceremony will begin at 3 p.m. that day.

Teeny Bowden, chairman of the Castro County Historical Commission, said the date was chosen to coincide with the arrival of a delegation of former prisoners of war from Italy who were held at the camp during World War II.

The commission received word this week that the Italians will be here from June 17 to 21.

Approximately the same number of former Italian servicemen will be on hand for the dedication as were here in April 1988, Mrs. Bowden said, although they won't all be the same men. Many of those who came last year donated money toward the chapel's restoration.

New suit challenges DISD election mode

Larry Gonzales of Dimmitt filed a second class-action suit in US District Court in Amarillo last week challenging local election methods.

Gonzales, who filed a class-action suit two weeks ago against the City of Dimmitt, filed a suit last week against the Dimmitt Independent School District.

Both suits allege that the at-large election method used by the two governmental bodies discriminates against Mexican-American candidates and voters. The suits ask the federal district court to order the establishment of single-member election districts for the city and the school district.

Gonzales told the *News* this week that he does not plan to file a

similar suit against any other local government entity.

"We started work on the DISD suit first, but it took longer before filing because of the information that needed to be gathered for the suit," Gonzales said.

In the suit against the DISD, Gonzales says the present at-large method of electing the school district's board of trustees "illegally or unconstitutionally dilutes the voting strength of Mexican-American electors."

Gonzales is asking the court to prohibit any future at-large elections of the school board and allow the formation of geographical districts from which individual trustees would be elected, with an eye toward having one or more districts with enough minority population that Mexican-Americans' voting power is not diluted.

"The minority group is sufficiently large and geographically compact so as to constitute a majority in a single-member district," the suit claims.

The lawsuit charges that Mexican-Americans now "have less opportunity than other members of the electorate to participate in the political process to effectively exercise their electoral influence and to elect representatives of their choice."

The lawsuit claims that the 1980 Census showed the population of the school district to be 6,789, of which 2,580 (38%) have Spanish surnames and 257 (3.7%) are black.

The suit also cites a March 1989 study that indicated there were 1,606 students in the district, of whom 1,001 students (62%) had Spanish surnames and 75 (4.7%) were black.

No Mexican-American has ever been elected to the seven-member Dimmitt School Board, the suit notes.

Aldermen discuss suit filed

The latest suit filed against the City of Dimmitt and its Board of Aldermen, filed recently by Larry Gonzales of Dimmitt, may have cost the city a new fire truck.

At the Monday night meeting of the board, Alderman Don Sheffy said, "I was going to suggest that we study setting aside money for a new fire truck, but now we'd probably better wait and see how much this law suit is going to cost us."

Sheffy also asked City Attorney Jack Edwards whether he had to respond to a summons if his name was completely misspelled.

"Not individually," Edwards said, "but as a member of the Board of Aldermen, you are still required to respond."

The board met in executive session Monday night to discuss what approach to take to the law suit, but no decisions were made, according to City Manager Reeford Burrows.

NO FILM AT 11!—This is where a Pro News vehicle from KVII-TV, Channel 7 in Amarillo, came to rest after striking a portable lighted sign, a barrier made out of telephone poles and a grain truck last Thursday afternoon. Ev Avara, driver of the car stated he swerved to miss a cat on the road

and lost control of the vehicle. The accident occurred three miles north of Nazareth on FM 168 in front of Joe's Beer and Wine. The damaged property and truck were owned by Joe Lynn Birkenfeld of Nazareth.

City garage sale on tap Saturday

Throughout Dimmitt, residents have spent weeks cleaning out their closets, attics, workshops and basements to come up with some really good garage-sale bargains.

Starting at 8 o'clock Saturday morning, they'll display their merchandise to thousands of potential buyers in a big one-day, city-wide garage sale.

Chamber of Commerce Executive Director Delores Heller reported this week that 126 families will be participating at 89 different garage-sale locations during the day.

Also, many local stores will move merchandise onto their sidewalks and feature "Garage Sale Day Specials."

This is Dimmitt's second annual city-wide garage sale. Last year's event, which featured 64 garage-sale locations with more than 90 families participating, drew thousands from throughout the area and resulted in \$30,000 in sales during the day. The event also created a rush at local restaurants and a spurt in downtown business.

The sale is being advertised in 16 surrounding communities, "and the event's success will again depend on out-of-town shoppers and the weather," Heller said.

Garage sale participants paid \$10 per location to have their sales listed and advertised. An extra perk for registrants is a drawing for \$50 worth of Dimmitt Dollars, to be held at 4 p.m. and broadcast over KDHN Radio.

Boy Scouts will give out garage-sale "locator sheets" downtown during the day. Each sheet will have a city map on one side and a listing of all registered locations and their basic offerings on the other side.

History book work underway

Work is progressing on Castro County's centennial history book.

Helen Lance, publications consultant for Taylor Publishing Co. of Dallas, met with the Castro County Historical Commission last Thursday and approved all the local plans and work assignments already made.

The new book will be entitled *Castro County, Texas, 1891-1991, Volume II*. The Historical Commission and Taylor Publishing Co. also collaborated on the first comprehensive history book of the county, published in 1981.

All families in the county are

asked to prepare updated family histories for the new volume. Up to 500 words and two photos will be published free in the family history section, with charges added for extra words or pictures, according to Commission Chairman Teeny Bowden.

"Now is not too early to start," Mrs. Bowden advised. "Change your family story up a little to include those things you wish you had included before, and update it."

Publication of the new historical volume will be one of the highlights of the county's 100th birthday celebration in 1991.

Big give-away next Thursday

Five lucky people will win prizes next Thursday ranging from \$250 to \$2,500 in cash, or two round-trip tickets on American Airlines to anywhere in the continental US.

The Dimmitt Chamber of Commerce is conducting the raffle to raise money for its building fund. Purpose of the raffle is to raise money for the building mortgage without increasing membership dues.

Tickets are available from any chamber director or at the CofC office. Only 100 tickets are being sold, at \$100 each.

"People buying tickets will have one chance in four of winning a big prize. That's a lot better odds than you get in Las Vegas," Chamber President Garland Coleman said.

Drawings will be held next Thursday evening from 8:30 to 10 on the courthouse square, during the concert by the Country Caravan from South Plains College.

Cash prizes will be \$2,500, \$1,000, \$500 and \$250, and will be paid in Dimmitt Dollars, which can be used anywhere in town to buy anything from groceries to cars.

The joy and love was there to be shared as the McClenney Clan came together raving and rare.

The sun peaking in and out of the deep blue sky. The dog barking loud as we all joined hands in silent prayer.

Kids and adults sharing secrets and memorials so rare, as the wind and the birds go deep in despair.

From the early morning til the dusk of night, feelings of all the family are great to be there.

Sunshine through the whole day, and sweet dreams through the night, the Lord Jesus Christ will keep us with the band of love so tight.

Amen

It was a beautiful two-hour drive east through Palo Duro Canyon and then "Downhill all the way" to Clarendon, one of the oldest towns in the Panhandle, for 11 local women last Thursday.

Joan Ballentine, Deanne Clark, Ann Ethington, Betty Freeman, Beral Hance, Margaret Parsons, Tina Rawlings, Wanda Stevens, Zona Vilas, Earline West and Shirley Wise made the trip.

Their first stop was at the Golden Acorn Dining Room for a delicious luncheon prepared by Judy Burlin in her old white frame home patterned after "Mrs. Brumley's," who fed folks for 30 years till her retirement. Judy bought the old Murphy Town House which was built in 1906 by an early English ranching family. She'd "had her eye on that house since childhood," but now Judy wants to relocate on the main highway.

The next stop was at Tina's brother and sister-in-law's home, the S.W. Lowe House, which is one of the oldest houses in Clarendon, where they all grew up. The So-Relle home is a superb example of Queen Anne Victorian architecture, and Zell has decorated the home herself with her unerring eye for detail. She revived all the charm and refinement of the age, making it come alive again for visitors who step through the doors of that gracious old edifice. She upholstered the walls with gorgeous fabrics of the

era, refinished all the woodwork and wainscoting to the original natural color with linseed oil, kerosene and vinegar, and refinished all the pine wood floors, and used area rugs.

Zell SoRelle was a professor of linguistics at West Texas State University. She received the 1987 Texas Panhandle Distinguished Women's Service Award in Education. She and Jack are gracious hosts to their lovely home.

We all toured the quaint 100-year-old Episcopal Church, which was copied from an English Chapel, and also the Akron-style First United Methodist Church.

Then it was "tea-time" back at the SoRelle home, with special tea from India, dainty tarts and toasted pecans from their own tree.

The Garage Sale

It was at a meeting of the Chamber of Commerce Merchants Committee last year that Walter Linville, owner of Maria's Restaurant, proposed the idea of having a city-wide garage sale.

No one knew how it might go over. It had worked in a couple of midwestern towns, but no one on the committee remembered hearing of such a thing in this area. But the committee members decided, "Hey—nothing ventured, nothing gained."

Having the idea and deciding to do it was the easy part. Getting it all together was a lot tougher.

Thanks to Chamber of Commerce Executive Director Delores Heller and Secretary Leasa Thomas and all the volunteers they hooked into the project—including the members of the Merchants Committee—the publicity went out to get as many families as possible to take part, to list their sales, and pay a fee to help with the expense of promoting the project. The first sale was advertised in quite a few area towns via community newspapers, cable television announcement boards, posters, etc.

The results exceeded the planners' wildest dreams. More than 90 families held 79 garage sales in town that day. The chamber had 1,500 maps printed, listing the addresses of all the sales, and by midday, the Boy Scouts had passed all of the maps out.

The Dairy Queen set an all-time record for the number of people served in one day. All the other restaurants in town experienced a similar rush.

People flocked to Dimmitt from all over the Panhandle. The town was crawling that day with thousands of bargain-hunters, and when the smoke cleared that evening, more than \$30,000 had been spent in Dimmitt.

Several of the downtown retail stores joined the activity, too, marking down sale merchandise and moving their "Garage Sale Specials" onto the sidewalks. Anthony's more than doubled its usual Saturday business.

The City-Wide Garage Sale was a success in many ways. Not only did it earn extra money for local families; it also provided bargains for a lot of people, promoted a lot of visiting and friendships, and helped some worthy causes. It was an excellent example of a successful community-wide effort.

To all those who planned and worked to make this unique project such a success—we salute you!

Saturday, we'll have Dimmitt's Second Annual City-Wide Garage Sale. Let's do it again!

University - Texas Medical Center. Rev. Brian Donovan officiated.

Harold and Virgie Gerber enjoyed several days in Austin last week with Rick and Robbie Gerber and children, Jessica and Nicholas. We toured the state capitol Friday afternoon and enjoyed listening and watching while the House of Representatives and Senate were in session. It was especially interesting because Natalie Gerber, a University of Texas student, is employed part-time with the

House of Representatives.

After attending mass at the University Catholic Center Sunday morning, we toured the Manacheca Marbridge Farms south of Austin. It consisted of 14 green houses that are cared for by the mentally retarded. There were so many plants there that one does not see here at a nursery. We also visited Westlake Hills, where Harold helped remodel a lake-front home several years ago. It was a very interesting trip.

Relatives and friends attended the wedding of Cheryl Hoelting to Jeffrey Presnall of Gorce in Holy Family Church with Rev. Brendan Sherry officiating. A reception and dance followed in the Nazareth Community Hall.

On Wednesday they all went to Greenbelt Lake with sponsors, Joe and Imogene Drerup. They stayed three days and enjoyed boating, skiing, fishing, swimming and sitting around a campfire. Everyone had an enjoyable time.

Shana Birkenfeld

Birkenfeld is awarded scholarship

Shana Birkenfeld, daughter of Herman and Marilyn Birkenfeld of Nazareth, has been awarded a \$1,000 National Honor Society Scholarship, sponsored by the National Association of Secondary School Principals and the L.G. Balfour Foundation.

Birkenfeld, who graduated as Nazareth High School's valedictorian this year, competed against 14,000 students from throughout the United States for the scholarship and is one of 450 winners announced by the NASSP Association.

Each high school National Honor Society chapter could nominate two senior students based on their leadership, scholastic achievement, character and service.

"Birkenfeld has demonstrated outstanding ability in her academic work and service to her school and community," said Scott Thomson, executive director of NASSP. "She's a fine example of the outstanding calibre of young people in America's high schools."

Mary Olvera is listed on WT's dean's list. She is a graduate student working on an elementary education certificate. To qualify for the honor, Olvera had to maintain at least a 3.5 grade point average.

Both are the daughters of James and Irene Wilhelm of Nazareth.

DISD presents service awards Friday

"I owe it all to Oil of Olay," Dawn Goolsby quipped when she was presented a 25-year service pin at the Dimmitt Independent School District's annual Service Awards Breakfast Friday.

Goolsby, a fifth grade teacher, had the longest continuous service of any school employee receiving a "milepost" award Friday. She was presented a diamond-studded service pin by School Board Secretary Arlie Petty.

However, seven other DISD em-

ployees weren't far behind, receiving 20-year service pins encrusted with green stones. Newlyweds establish new home in Nazareth

Mr. and Mrs. Benny Schacher are home in Nazareth after exchanging wedding vows May 20 at Holy Family Church in Nazareth.

The bride is the former Brenda Sanders, daughter of Louise Sanders of Happy. Schacher is the son of Mr. and Mrs. John Schacher of Nazareth.

The formal, double-ring ceremony was performed by Rev. Tom Sweeney of the Holy Name Catholic Church in Happy. He was assisted by Rev. Brendan Sherry, pastor of Holy Family Church.

Large baskets of pink and white silk flowers and large pink bows decorated the candelabras and hurricane candles decorated the church. Pink bows marked the pews down the bridal aisle.

Given in marriage by her brother, Billy Dan Sanders, the bride wore an ivory satin gown with a fitted bodice and sweetheart neckline trimmed with seed pearls. Long fitted sleeves formed points over her wrists and buttoned with tiny satin-covered buttons. The full, gathered skirt ended in a cathedral-length train.

She wore a hat covered with ivory lace and seed pearls that featured a fingertip veil of ivory illusion.

The bride carried a silk bouquet of ivory and red roses.

DeZane Schacher of Arlington, sister of the groom, was maid of honor. Bridesmaids were Samantha Cates of Happy, Kathy Grantham of Farwell, Carrie Sanders of Portales, N.M. and Susie Sanders of Happy. Beth Malone of Wolfforth, the bride's niece, and Kyla and Tiffany Schacher, nieces of the groom, were flower girls.

The attendants all wore pink moire taffeta dresses designed with fitted bodices and round necklines which formed a deep vee in the back. The gowns had large puffed sleeves and full, gathered tea-length skirts.

The bridesmaids wore pink silk flowers and seed pearl hairpieces and silk flower earrings. Each girl carried a single long-stemmed pink silk rose.

Best man was Dean Schacher, cousin of the groom. Serving as groomsmen were LeRoy Schulte, Tommy Braddock, Darrin Heiman and Marcus Sanders.

Ring bearer was Robert Malone of Wolfforth, nephew of the bride.

Rusty Schacher, Billy Schacher and Ivan Schacher, all brothers of the groom, seated guests.

Wesley and Crystal Pope of Santa Fe, N.M. and Tyler Schacher carried up gifts during the offertory procession.

Candles were lit by Simona Allison and Mary Jo Pope.

Greg and Glenda Birkenfeld performed the music for the ceremony.

The couple were honored with a reception at the Nazareth Community Hall following the ceremony.

A four-tiered wedding cake topped with a miniature bride and groom decorated the bride's table.

The groom's chocolate cake was shaped like a Case tractor.

Pam Landis of Happy served the cake and Pam Locklear served punch.

Wedding guests were registered by Diane Schacher.

After the wedding dance the bride and groom left for a wedding trip to San Antonio.

Generations

Isn't it grand when the whole family reunites on holidays or on anniversaries! How good to see grandparents and great grandparents and the new crop of babies. Seeing them all together gives you a feeling of continuity, and a sense of oneness with all creation.

It gives you, also, a glimpse of God's plan in the life cycle. When you see the off-spring of the patriarch grandfather, you marvel at the great legacy he is bequeathing the world. All the children that have issued from him are in themselves a great contribution to the world of mankind.

There is marvelous potential in all these spirits. The great things they will do thrill your heart when you contemplate them.

This legacy of lives and spirit can be strengthened, sweetened and nourished by the church. We invite you to take your family to church this week.

EVER ONE IN THE CHURCH THE CHURCH IN EVERY ONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Rodeo turns into mud-bath

Cowboys didn't just have to conquer bulls and broncs at the 13th annual Nazareth Country Rodeo and Wild West Show this weekend, they also had to pull mud and fight rain and high winds during the performances.

"Last Wednesday's rain left the rodeo arena muddy for Thursday's and Friday's performances, then it rained again Saturday night," said Marvin Schulte. "I'll bet we got about three inches in all. On Saturday it started raining about 6 p.m. and from 6 to 8 p.m. it rained hard. The wind blew pretty hard at times."

The stormy weather and mud created many problems during the rodeo and even caused an accident. Greg Schulte of Nazareth broke his leg while working as a pick-up man during the bareback bronc riding. The kid's calf scramble, an annual event at the rodeo, was cancelled because of the soggy conditions.

Despite the stormy weather, the cowboys competed to the best of their abilities and according to Schulte some of the best times were posted Saturday night, right in the middle of the rain.

"I don't know why, except that maybe they had the adrenaline pumping. There was no crowd Saturday night—just the contestants. Friday and Saturday gates were pretty poor, but Sunday's gate was really good," Schulte said.

Individual results from the rodeo follow:

BULL DOGGING: 1. Delbert Davis of Hereford, Sunday, 6.08; 2. Brett Baker of Lubbock, Saturday 6.74; 3. Burt Nolan of Hereford, Sunday, 6.77.

CALF ROPING: 1. Gene Baker of Anson, Friday, 10.93; 2. Kyle Roland of Sweetwater, Saturday, 11.92; 3. Delynn Jones of Hobbs, N.M., Saturday, 12.06; 4. Ty Saulsbury of Magdalena, N.M., Friday, 12.71; 5. Smitty Smith of Tell, Sunday, 13.60; 6. George Harlin of Slaton, Friday, 15.17.

Kara Josselet places at meet

Kara Josselet, 11-year-old daughter of Joe and Pam Josselet of Dimmitt, earned a spot in the national qualifiers gymnastics meet to be held Saturday in Levelland after placing at regional recently.

Josselet, who studies gymnastics under Albert Trato at Barnyard Academy in Plainview, finished third in her division at the regional meet in Dallas. She will compete in Level 5 Saturday. If she qualifies there, she will advance to the national meet in Ogden, Utah, which will be held in July.

City pool to close on Mondays

The city swimming pool will be closed on Mondays beginning this week.

The 1 to 6 p.m. session on Monday will be cancelled. The 6 to 9 p.m. Monday sessions will be available for private parties only and two weeks advance notice is required for booking the pool.

Anyone wishing more information about the pool's hours or sessions can call 647-5217.

Electric safety is looking up...

...for power lines!

On the farm, on the job or at home, you should always be aware of power lines. Touching a power line with anything... an irrigation pipe, tool, a kite string... could divert the electricity through you causing serious injury or death. For safety's sake, look up for power lines.

AND, REMEMBER THESE SAFETY TIPS

- Do not trim trees near power lines.
- Do not shoot at insulators on poles, towers or structures.
- Avoid using electrical tools like lawn mowers or hedge clippers when grass and leaves are wet.
- Be careful when digging. Call SPS to find out if there are any buried electrical lines in the area.
- Beware of exposed wires.

Golden Spread to get peaking capacity, high-voltage power line

Golden Spread Electric Cooperative will receive a new high-voltage power line and peaking capacity after signing an agreement with Sunflower Electric Cooperative and the Western Area Power Administration, according to James Hull, president and general manager of Deaf Smith Cooperative and chairman of the board of Golden Spread Electric Cooperative.

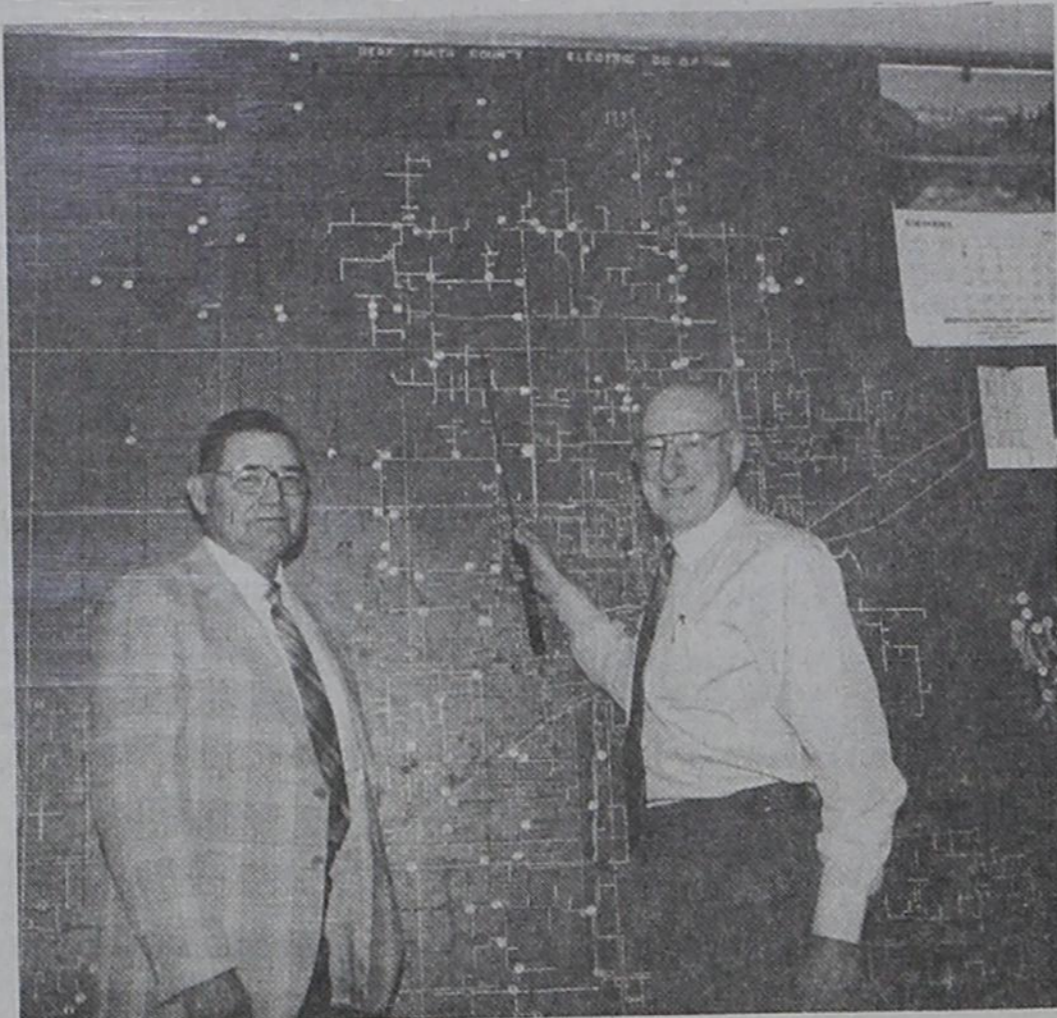

Sunflower Electric Cooperative is a generation and transmission utility located in Hays, Kan. and the Western Area Power Administration is a federal hydropower marketing agency headquartered in Golden, Colo.

The memorandum signed between the companies is the first step in consummating an agreement for Sunflower to sell its excess capacity to Golden Spread. The agreement also provides for the construction of a transmission line from Sunflower's Holcomb Station, near Garden City, Kans., to Guymon, Okla.

Under the agreement with Sunflower, Golden Spread will obtain 110,000 kilowatts of capacity from two gas-fired turbine generators located at Sunflower's Garden City power plant. The power will be used to meet the peak-load needs of Golden Spread's member systems.

The transmission line from Holcomb Station to Guymon, Okla. will be financed by Western, Golden Spread and Sunflower. Sunflower and Western will be responsible for the construction costs of substation and transmission improvements in Kansas. Golden Spread will be responsible for the costs of such improvements in Oklahoma.

The proposed transmission line is expected to be either a 230kV or a 345kV line, depending on the final engineering analysis. The projected cost of the new line will

ELDRED BROWN (left), chairman of Deaf Smith Electric Cooperative's board and a director of Golden Spread Rural Electric Cooperative's board, and James Hull, Deaf Smith Rural Electric Cooperative's general manager, discuss the advantages of an agreement with Sunflower Electric Cooperative and Western Area Power Administration for peaking capacity and a new high-voltage power line.

be between \$23 million and \$36 million. The power line will be about 90 miles in length and will take about three and one-half years to complete.

Golden Spread President Robert W. Bryant said, "This new power supply arrangement will benefit all of Golden Spread's member systems and their consumers. Golden Spread's members will obtain low-cost peaking power to assure that electric rates will continue to be affordable for their irrigation customers. The new transmission line will strengthen the electrical interconnections to the north and in-

crease our opportunities for future access to low cost electrical power."

Golden Spread provides electric service to 10 member cooperatives in Texas including Deaf Smith, Bailey, Greenbelt, Lamb, Lighthouse, Midwest, North Plains, Rio Grande, Rita Blanca, South Plains, Swisher and one Oklahoma electric cooperative.

Girl Scouts say 'thanks'

Dear Editor:

We are sorry for all those calories, but we sure are grateful that you bought all those Girl Scout Cookies.

Our cookies sale could not be a success without your help. Because you care about the 33 girls in your community who are Girl Scouts and because you bought 2,016 boxes of cookies, Girl Scouting has been supported. Camperships were earned, camp improvements can be paid for, and the troops have earned a combined \$465 to be used for their own program.

The Caprock Council Girl Scouts thank you for buying Girl Scout Cookies — and may your cookie craving always be active.

SPC names honor students

Beth Miller and Kim Washington, both of Dimmitt, are among 335 students named to the dean's honor list for the spring 1989 semester at South Plains College in Levelland.

To be selected for the honor list, students must maintain a minimum 3.25 grade point average.

Ralston says bagworms should be controlled now

Bagworms are one of the major pests of junipers and other trees and shrubs in Texas. Spring hatch began in early May on the South Plains this year. Hatching is usually completed in about three weeks. Insecticide control is most effective in late May and early June when the bagworms are small, said County Extension Agent Seth Ralston.

In the spring, bagworm larvae emerge from hatching eggs inside last year's bags and begin feeding on leaves. They soon begin to construct their own protective bag of silk, twigs and leaves, making them camouflaged and hard to see. As the larvae and their bags continue to grow, control becomes more difficult.

Bagworms feed throughout the summer months, building their bags until the bags are about 1 1/2 inches long, Ralston said. In the fall, the bagworms become adults, mate, and the females lay eggs inside their bags. They then over-

winter in these bags in trees and shrubs. Each overwintering female bag on a tree contains from 500 to 1,500 eggs.

"Since the bagworm only completes one generation a year and spreads very slowly from plant to plant, picking the bags off infested plants in the winter will help a lot toward controlling this pest, but if bagworms were present on the plant last year and control measures were not applied, chances are very good that an insecticide will be needed this spring" Ralston said.

Insecticides which can be used to control bagworms include sevin, dursban, diazinon, malathion, dylox and orthene. The biological insecticide *Bacillus thuringiensis* can also be used. To obtain effective control, thorough coverage of the foliage is important. The addition of a small amount of liquid soap or surfactant to the spray solution will improve control because it helps adhere the insecticide to the treated trees and shrubs. Always read and follow label instructions when applying insecticides.

GOLDEN ACRES . . . recommends

the following varieties for ghost acres in the Texas-Oklahoma Panhandle.

- T-E 35 Red, medium early with maximum drought resistance for dryland. Short, uniform, excellent standability. Good yield potential for maturity.
- T-E EMPIRE Medium maturing Biotype E resistant, hetero yellow recommended for dryland or limited irrigation. Slightly shorter than T-E Y-101-R with comparable head exertion.
- T-E Y-60 Yellow-white cross, extremely droughty. Medium maturing with good seedling vigor and emergence. High yields under favorable conditions. Not recommended for full irrigation and intensive farming practices due to above average height under these conditions.
- T-E Y-75 Biotype E resistant medium red. Stay green strong stalk. Big yield potential under limited or full irrigation.
- T-E Y-101-G Biotype C resistant, medium late. A popular choice because it combines a short, strong stalk with record yields under favorable conditions. Recommended for irrigation.

The "Home, Safe Home" program for "latch-key" children will be held Saturday from 8:30 to 11:30 a.m. at the Expo Building, sponsored by the Extension Home Economics Committee and the Castro County Extension Office. The program is designed to give children an opportunity to gain some knowledge and skill in responsible self-care, and children in kindergarten through sixth grade are invited to participate. Cost is \$2 per child, and may be paid the day

of the program. "Those wanting to attend need to call the Extension office at 647-4115 to see if room is still available. Pre-registration is required," an extension spokesperson said, "so that we'll know how many to plan for." A parent program will be held from 8:30 to 9 a.m., presenting an overview of the youth program that will be presented, and emphasizing exercise and diet for youth. Coffee and donuts will be served.

Police Calls

The Dimmitt Police Dept. reported this week that a 24-year-old Hereford woman has confessed to the recent thefts of two teachers' purses from their classrooms at Dimmitt Middle School. The woman confessed to Hereford police officers after being arrested for similar thefts there, local police said. Officers said the woman also admitted taking purses at two Hereford schools, two Friona schools and four Amarillo schools. The woman would go into a school building—usually at midday—on the ruse of looking for her child, then would find an unoccupied classroom and get into the teacher's desk, officers said. She told Hereford officers that in each case, she would take the money from the purse and then throw the purse into a dumpster.

The Police Dept. was preparing to file formal charges against the woman this week. Someone broke into the city pound last week and let all the dogs out. Animal Control Officer Charles Whitman said six dogs were let loose, including a Labrador pup that was featured in the *News*'s "Pet Parade" two weeks ago. Also in the kennel were two Bassett hounds, a Boston bulldog that was being held for a rabies check, and two mixed-breed pups. Whitman said he has recaptured only the two mixed-breed pups. "We're thinking of remodeling the kennel with new doors, steel partitions and new locks to make them more burglar-proof," Whitman said.

Honesty

It can have extra rewards

If you get tired of reading about thefts and burglaries, you'll enjoy this story.

Danny Martinez of Littlefield, who does custom trim on vehicles, was working on Hugo Beyer's car in Beyer's garage on West Bedford Street last Thursday. He took out his wallet, and apparently laid it somewhere on his car when he became preoccupied with something else.

After completing Beyer's job, he went to two used-car lots here. At the second one, he reached for his wallet to get a business card, and discovered it was gone.

"I only had a few dollars of cash in it, but it had my credit cards, driver's license and so forth, plus over \$200 worth of checks that were made out to me but that I hadn't endorsed yet," Martinez said.

After backtracking fruitlessly, he reported the missing wallet to the Sheriff's Dept. and the Police Dept., then notified KDHN Radio and the *Castro County News* that he would give a \$50 reward for its return.

Meanwhile, Todd Alexander, 12, and Shannon Powell, 13, rode their bikes into Beyer's driveway.

"Both of us saw the wallet at the same time," Shannon said. "We

looked to see whose name was in it. Then we took it and looked for the guy who lived there. He wasn't home, so we put the wallet in his screen door and then went to Todd's house to write a note. We just put our names and phone numbers on the note and told him we had found it. Then we took the note back and put it with the wallet."

"When we told my mom (Debbie Alexander) about it, she called the Sheriff's Office and told them we had found the wallet," Todd said.

Beyer, after returning home and finding the wallet and note, was the first to notify Martinez in Littlefield.

"As soon as Mr. Beyer told me about the whole thing, I called the boys and thanked them and told them I was mailing them a reward," Martinez said. "We've mailed them a reward of \$25 apiece, along with a thank-you card commending them and their parents."

"I was really proud of those two boys," Martinez said.

So were their mothers.

"It makes you feel good to know that your boy has done the right thing," Mrs. Alexander said. "A parent always wonders what a child will do in a situation like that."

"I was real proud of them," said Shannon's mother, Gay Hamlett.

ICC Happenings

New officers for the Holy Cross Society are Reyes Sandoval, president; Greg Clark, vice president; Paul Garcia, treasurer; and Sal Ortiz, secretary. The group's monthly meeting will be on the third Wednesday of each month at 8:30 p.m. Members are expected to donate \$5 to the Society.

The Holy Cross Society plans to hold six main activities each year. An installation ceremony will be held on Sunday, July 9, at the 9 a.m. mass. To mark the occasion, there will be a poolside party for members and their families in the evening.

The third annual ICC celebration will be held at the Expo Building Sunday from 11:30 a.m. to 5:30 p.m. There will be lots of games, fun, food and music. In conjunction with this celebration, the Holy Cross Society will sponsor a mixed beach volleyball tournament beginning at 1 p.m. on the Expo parking lot. Anyone interested should

call 647-3653 or 647-3121. Entry deadline is Saturday and the entry fee is \$30 for an eight-member team.

We thank Dimmitt Ready Mix for lending us the sand for the tournament.

The third day camp will be for grades three and four Tuesday, June 20, through Friday, June 23. Registration forms must be submitted one week before the date of the camp.

More about

Police Calls . . .

(Continued from Page 11)

A 10-year-old Dimmitt girl was treated at Plains Memorial Hospital for a dog bite Sunday.

The girl told officers she was chasing her loose ball into a neighbor's yard when the dog—which was on a chain—bit her on the left leg.

Although the dog's owner said it had had its rabies shot, officers are keeping an eye on the animal.

Local officers dealt with a rash of criminal mischief complaints during the week.

Wade Maynard notified city police Saturday morning that someone had tried to get into the office at Dimmitt Car Wash. Police said the person or persons took the screws off the door, tried unsuccessfully to pry it open, then kicked it twice, causing approximately \$50 worth of damage.

Ronald Heller told police that a teenage youth had hit his pickup twice with a baseball bat while he was parked at the state highway park drive-through talking to a friend Saturday night. Heller said the youth—whom he didn't know—approached his pickup, then turned and started to walk away, then turned again and hit the pickup twice with a bat, breaking a tail-light and denting a door.

A Dimmitt youth reportedly walked up to a parked pickup occupied by three other youths Sunday night and challenged one of them to a fight. When the youth declined, the suspect reportedly broke the pickup's windshield with his fist. City police are investigating the incident.

Christy Kelley, a college student, complained to police Friday morning that an unknown man had broken a window of her mother's car with a rock while the car was parked outside Allsup's convenience store. The man came around the west side of the store, threw rocks at the car and then ran, Kelley said. She and the store clerk gave police a description of the man, and officers are investigating the incident.

City police and sheriff's officers investigated a hit-and-run incident

last week on Highway 385 north of the North Gin. Officers said a hydrant and a telephone pole were knocked over by a vehicle that left the scene. After investigating tracks and paint chips, officers said the damage apparently was caused by a maroon pickup or truck with dual wheels.

A Dimmitt man shouldn't have ridden out of town with two other men Sunday evening. He told officers that the three were in a pickup on a dirt road somewhere east of town when they stopped and got out. He said he felt a sudden pain in the back of his head, and the next thing he remembered was getting out of the pickup at his residence. He had been struck on the head and face from behind with an unknown object, police said. When officers responded to his wife's call, they found the man bleeding from the mouth and suffering from a cut on the left ear, a swollen face and a black eye.

Ophelia Torres, 201 NW Third St., reported to city police Sunday night that her home had been burglarized. The burglar broke a window with a piece of brick and took clothing, perfumes and jewelry from the home.

Mary Tovar of Hereford reported to police Sunday night that someone had broken into her 1980 Volkswagen sedan and removed a Realistic AM/FM radio with cassette player, plus a cassette tape. She said she had left the car unattended only 15 minutes. The burglary occurred in the 300 block of Northeast Fourth Street.

Danny Bruton reported to the Sheriff's Dept. last Wednesday that approximately \$900 worth of irrigation pipe and tubes had been stolen from his farm. He said 50 joints of gated pipe and 100 two-inch tubes were missing.

A Lakeview youth shouldn't have run a stop sign in Dimmitt Saturday night. When a Dept. of Public Safety trooper stopped him, he couldn't produce a driver's license. He spent the night in jail here.
