

The Pathfinder

By Lee Harr

Fellow was relating his experience while riding and falling off a horse and breaking a leg. The horse, he said, picked him up with its teeth, flung him into the saddle, galloped home, put him to bed and got a doctor.

"Smart horse," a friend remarked.

"Not so smart," the fellow said. "Darned fool got a horse doctor!"

With little adieu we'll attempt another record week in forecasting grid games Saturday as we wish to devote most of this column to a special friend of ours.

In area contests: We couldn't do anything but pick the Bulldogs over Wylie even if we wanted to and of course, we don't want to. Cross Plains will take Eastland by at least two touchdowns Friday afternoon and Gorman will overpower Rising Star.

Albany will continue its winning ways against Roscoe. Haskell will breeze by Munday and Merkel will thump Throckmorton.

Breckenridge will bypass Cisco, DeLeon, with two losses and a tie in district play, will nose out Stephenville and Graham will overpower Mineral Wells in what should be a thriller in District 8-AA competition.

In the Southwest Conference, A&M will have little trouble with the Rice Owls, TCU should overpower the improving Longhorns and SMU should have little trouble with Arkansas.

This special friend of ours who will receive so much attention in this column is Weepin' Norman Wright, who shall be referred to as "Weepin' Wright," henceforth. (Eastland Telegram Sports Writer).

We kind of started something a few weeks past when we more or less criticized old Weepin' Wright and Eastland as a whole for their attitude when the Mavericks started a three-game winning streak.

Jerry Clarke, sports writer for the Gorman Progress took a poke at them about the same time and since that time until this week, Wright has been just as aggressive as we can be in newspaper columns. But this week, in his column called "Meandering" he weeps and wails all over the place. He says other sports writers are just right down ornery and mean with him.

He says, "Jerry Clark at Gorman now makes his living cursing Eastland."

What had "Weepin'" really weeping so, was that last week Clarke wrote, "Eastland showed off against the weakest team in the district, Rising Star, and swelled their already swelled heads even farther by running up a high score, 57-0."

But Mr. Clark just didn't know what he was talking about, or so says "Weepin'". This is his story. "While Mr. Clark was many, many miles away during the Eastland - Rising Star game, we happened to be standing with in two feet of Coach Carrol Shelton when a couple of Eastland fans came up to him during the half, with the score standing 30-0, to ask if he thought it possible to make the score at least 45-0 since that was the margin by which Ranger beat Rising Star."

Coach Shelton said, (Weepin' says), "So far it's not a chance—I'm starting the 'B' team with the next half." Shelton said he was 100 percent against running up a high score against another team because he had had it happen to him and he knew how it felt. Then "Weepin'" goes on to tell how a bunch of boys who weren't even listed on the roster and with no jersey numbers (maybe some without even any jerseys) scored another 27 points.

But, we for one just can't picture anyone from Eastland, leaving his reserved seat, departing from his smug smile, run up to the coach and in a high pitched, rasping voice, squeal, "Cheer, cheer take it easy on Rising Star," or any other team for that matter.

Surely, Eastland had visitor from Cisco that night.

Secondly, Ranger's "B" team who all had jerseys incidental; and anyone else on the bench that played against Rising Star if he even acted like he would like to get into the game, couldn't move as easily against Rising Star as Eastland supposedly did. An earlier in the season, if "Weepin'" will remember, this same Ranger "B" team did everything but scalp Eastland as they easily won 32-0.

Olden Meets ACC of Abilene Friday Night

Riding high after their 59-49 victory over the State Class B basketball champs of last year, Avoca, the Olden Hornets will engage ACC High School of Abilene Friday night at Olden.

Both the A and B squads have been scheduled for action in a doubleheader.

Legion District Convention Set At Rising Star

Several Ranger Legionnaires and members of the Ladies Auxiliary will attend the 17th District Convention at Rising Star Saturday and Sunday, Nov. 12 and 13.

Official Ranger delegates have not been named for the convention in Rising Star yet but a large group is expected to attend the affair.

J. H. Nunnally, commander of Post 433 at Rising Star has announced that plans have been completed for the quarterly affair.

The last district convention was held here.

Registration will begin at 3 p. m. Saturday and will be followed by a reception.

At 9:30 a. m. Sunday the convention will be called to order by Commander Nunnally. The invocation will be by the Rev. R. A. Brooks, Jr., pastor of the First Methodist Church in Rising Star.

Dr. C. B. Cathey of Hamilton, District Commander, will have charge of the business session. Principal address will be delivered by the past state commander, E. L. Jackson of Cisco.

Mrs. Jane White, president of the district Ladies' Auxiliary, will appoint auxiliary committees at the morning session.

Weather Reports

Clear to partly cloudy and mild Thursday and Friday. High temperature Thursday near 65 degrees. Low Thursday night 35 to 40. High Friday in the 60's.

Bulldogs Shoot For Fourth District Win Against Wylie

Still weakened by injuries, the Ranger Bulldogs, victorious in their first three conference outings, prepare this week to face Wylie at 8 p. m. Friday in Bulldog Stadium.

Wylie, though they have won only one of seven games, have shown improvement in the last three contests. Last week, Eastland shut out Wylie, 33-0.

In taking a victory over Wylie, the Bulldogs could be guaranteed a part of the district 7-A crown

Band, Football Sweethearts To Be Named Friday

Sweetheart of both the Band and the Bulldogs will be presented during "senior night" at the Ranger - Wylie football game here Friday night, it has been announced.

Identity of the two sweethearts has not been announced and will be kept in secrecy until game time Friday. The winners were chosen by secret ballot at the high school this week.

Senior members of the Bulldog high school squad will be presented during half time ceremonies also.

Former Resident Ranger Dies At Abilene

Dan R. Harris, 62, formerly of Ranger and an employee of Lone Star Gas Co. for 32 years died unexpectedly of a heart attack about 1:30 p. m. Tuesday.

He died at his home which is located in the gas company's compressor station southwest of town. He was plant superintendent and had lived in Abilene since 1950.

He had a heart ailment for the last year.

Mr. Harris was born Jan. 5, 1893 in Goldthwaite and served in the Army during World War I as first sergeant in the 316th Engineer Battalion. In World War II, he was company commander of Company E in the State Guard at Albany.

He married the former May Dalton on Dec. 25, 1919 in Goldthwaite.

He began working for Lone Star Gas in 1923 at Ranger, and was with the firm at Albany for 21 years before moving to Abilene in 1950.

He was a prominent worker with the Boy Scouts in Albany. He was a member of the Temple Baptist Church in Abilene and the Masonic Lodge at Albany and the Consistory at Dallas.

Survivors include his wife; a son, Dan Jr., of 1285 Crockett Dr., a grandson, Michael Lee; and three brothers, Lee and Jess, both of Houston and Jim of Englewood, Calif.

Pruet Outlines Plans For "Greater Ranger"

A link in the chain of unceasing vigil, this soldier walks his post at Tomb of the Unknown Soldier, Arlington, Va. Body of the man who symbolizes all the nation's war dead was interred at Arlington on Armistice Day, Nov. 11, 1921.

Industrial Fund Goal Of Wednesday Meet

C. B. Pruet, local business man, urged cooperation toward a greater Ranger Wednesday noon at a luncheon in the First Baptist Church basement before 140 persons representing nearly every business concern in Ranger.

Pruet proposed that necessary capital be raised for future expansion by enticing industry into the city by giving "the town a genuine boost" by a special edition of the Ranger Times on a contract basis with profits going to the Chamber of Commerce.

The speaker recalled that 10 years ago, Ranger had a seller's market with more buyers than goods on hand, and that buyers bid up prices to get immediate delivery. All business buildings were occupied and the buyer was a beggar for merchandise.

"But," Pruet reminded, "There was no time left for civic work, it was hard to get a working team together and as a result no proper ground work was laid for industrial expansion. From that time on business began to slip, vacant buildings began to appear, inventories became higher with fewer customers and we failed to get new payrolls to consume our declining market."

Pointing an accusing finger, he declared, "This is a local picture rather than national."

Pruet pointed out that opportunities of re-birth are in sight with the Higginbotham - Bailey Co. moving here with an employe payroll that could exceed 200 persons and the development of "God given" clay deposits and other resources for the manufacture of brick, sewer tile and other products that could bring employment for another 200 persons.

Pruet outlined a plan to create an industrial fund supported by local citizens. He proposed the selling of 30-pages of newspaper advertisement for a certain price for each page. Joe Dennis, Times Publisher, agreed to contract the paper.

These funds would be placed in a separate account under the supervision of the directors of the Chamber of Commerce.

For the venture, W. F. Creager was appointed to solicit aid from corporations, F. P. Brasher from retail merchants, Lester Crossley from individuals, Rev. Bruce Weaver from churches, schools, and civic clubs and C. E. May was put in charge of publication.

Brasher, as chairman of the retail merchants committee, fired up the unexpected large audience with a short talk. He said, "I'm overold a little, I guess. Our committee already has 12 pages pledged and 20 pages is our goal. Since going into business here 31 years ago, I feel that this is our greatest opportunity to expand."

He named Wilson Guest, Frank Deaton, B. A. Tunnell, Jess Weaver, Morris George, Marjorie Madocks, and Calvin Lipkin as his committee men.

May advised that arrangements for printing the paper called for 1,500 extra copies to be distributed to prospective manufacturers.

Pruet, something similar to the "like" buttons which were widely distributed during the recent presidential campaign were passed out during the luncheon which bore the inscription, "Greater Ranger" and in smaller print, "There's Not a Stranger in Ranger."

He took the test Oct. 15. A student at the University of Texas Law School, Meroney will receive his degree Jan. 1.

He is a veteran of World War II and served with the Army Air Corps in the European Theatre of Operations.

With only two games remaining for all Pioneer Conference teams, the San Angelo Rams, now a seeming sure bet to win the loop title for the season, continue to lead the league offensively with a total gain of 2,310 yards in eight games. That's an average of 289 yards per contest.

The Rams also lead in total punting with a net gain of 3,065 yards in the air. They've completed 72 of 143 punches for an average gain of 185 yards per contest.

The Ranger Junior College Rangers lead in rushing with a total ground gain of 1,278 yards in eight games. The average is 159.75 yards per game.

Leading defensive team is the Arlington State Rebels who have allowed eight opponents 1,514 yards. That's an average of 189 yards per game.

Individual honors are hogged by three teams. Walter Schulte, Schreiner Institute's splendid half-back is the leading kick-off returner and rusher. He has returned nine kick-offs for 256 yards and has piled up 467 yards on 95 carries for an average of 5 yards per run.

The leading passer is Jim Hardin, Arlington State's steady quarterback, who has completed 51 of 128 pitches for 990 yards. That's (Continued on Page 2)

Area Peanut Yield Meet Expectations

The fall peanut harvest, geared into its climax in Eastland County this week, as more than 70 percent of the overall crop harvest was reported complete.

Average yields have about met or surpassed earlier season expectations of 12 bushels to the acre, even though some dry land

farmers have reported as much as 25 bushels to the acre.

Carbon and Gorman—and the communities near these two cities probably have harvested 1 to 2 heavier crops in the county. Irrigated farms in Brock County, whose crops have been purchased by T. C. Wylie at the Ranger Peanut Co., have yielded an average of 40 bushels per acre.

Shed shortages which were so imminent earlier in the year have been whipped by averages produced this year. Both Oklahoma and South and East Texas, three of the nation's top peanut producing areas for the most part, have harvested big crops. Only the Cross Timber area here failed in the peanut harvest this year. But the harvest, which is considered "about half a crop," is three or four times larger than last year, Wylie said.

There has been no estimate of a combined county harvest total yet. Official reports will be made later, however.

Most peanuts from here are going into government warehouses, Wylie indicated. They will probably be sold later as surplus for local consumption. None are expected to be exported as peanuts from foreign countries were exported here earlier this year.

Price is holding at \$228 per ton while buyers are taking peanut hay at \$20 per ton held in the field. Farmers, however, are keeping most of the hay for their own use.

Calson bears body of Maj. Sam Woodfill to its final resting place beside that of his World War I chief, Gen. John J. Pershing in Arlington National Cemetery. Termed by Pershing the outstanding soldier of World War I, his death and burial four years ago at Madison, Ind., attracted little notice nationwide. His interment at Arlington last October was the result of a request to the Defense Department for funds to erect a larger monument on his Indiana grave.

Modern Automobiles Help Americans Enjoy Leisure

By Betty Skelton, Dodge Test Driver

Have you ever thought how different life would be without cars, planes, and radios—or without electric refrigerators and automatic washers, vacuum cleaners and all the modern appliances that reduce the drudgery of housework and increase the supply of our precious leisure?

Not long ago, I drove into the country to visit some friends, and while there I met a wise old gentleman who has lived in those parts a long time. As we talked he gave me his views on many things, but especially on the progress America has made since the turn of the century.

For example, he reminded me that the average length of life in America has increased by fifteen years. And that we live not only longer, but also a great deal better, with far more leisure time to enjoy.

Our enjoyment of that leisure is increased tremendously by the mechanical marvel of our age—the automobile. Its luxurious comfort, dependability, and ease of handling make family excursions a real pleasure.

Cars and Vacations
Automobiles provided vacation enjoyment to millions of families during the past summer. It is estimated that 66 million Americans climbed into 22 million motor cars for trips that averaged 1,200 miles for 11 days.

These travelers enjoyed seeing our country in a way that was impossible 50 years ago. They toured the highways, free to take any side trips that seemed interesting or to stop and relax whenever they desired.

More and more motorists are discovering the joy of using leisure time for taking the family car on camping trips. With the roominess of modern cars, the whole family goes along for an ideal weekend of camping in the lake country or at the mountains.

The Wall Street Journal recently carried evidence of this trend, when it pointed out that the sale of camping and outdoor cooking equipment is skyrocketing.

Attend Far-away Events
Motorists who live 50 or 100 miles from the stadium still have the pleasure of seeing the big football game. They think nothing of getting in the car for an easy trip to any such enjoyable event only a few hours away by car.

We take our children on educational sightseeing tours that were denied children of yesteryear. Thousands of hunters reach game areas in a short time, permitting them extra hours in which to enjoy the spare time pleasure of stalking the deer or other game.

Yes, the sage old gentleman certainly was right when he remarked that we have made tremendous progress in the past 50 years. What in the world did people do with their leisure time before the days of the automobile?

America's most famous woman driver, Miss Skelton holds the woman's automotive speed record of 143.44 mph, and is the only woman test driver in the automotive industry. Address any questions or suggestions about cars, safety, and driving problems to her in care of this newspaper.

board of directors of the State Bar of Texas. He and the four other men named by the Governor will work with the state building commission planning a new home for the state's high courts in Austin. The commission also is planning another general state office building to help relieve overcrowded conditions at the Capitol.

The others appointed are A. J. Foley of Amarillo, former member of the Supreme Court; Ed Gossett of Dallas, general attorney for Southwestern Bell Telephone Company; Dan Moody of Austin, former governor of Texas, and J. Neils Thompson of Austin.

A year ago an amendment to the Constitution was voted to use the money in the Confederate Soldiers' Fund for building the state's courts. The legislature met and appropriated \$3 million for constructing the Supreme Court Building.

The five appointees will work with the board composed of the Governor, the Attorney General and the chairman of the Board of Control.

HEARING ON ASSAULT DUE IN PRANK CASE
Charged with assault, four teenage Eastland boys were to appear at the Eastland County Court-house for a hearing today in connection with a Halloween prank. A fifth boy, under 17, had not been so charged.

They are alleged to have taken another boy to Eastland Lake, stripped him, and threatened to throw him in the lake, but he is reported to have gotten away and returned to town minus his clothing.

Old-Fashioned Turkey Shoots At Cisco Soon

Plans to hold three old-fashioned turkey shoots at Cisco to raise funds for the 1956 Cisco Fiesta program have been announced by Chairman Vaughn Summers. The turkey shoots will be held Saturday, November 12, Saturday, November 19, and Sunday afternoon, November 20.

The shoots will be held at the rodeo grounds with Archie Taylor in charge of the shooting programs. A feature of each day's program will be chuck wagon barbecue to be sold through a concession. Austin Flint will be in charge of the barbecue.

A feature of the turkey shoots will be the use of live turkeys, as well as targets. Ammunition will be furnished and guns will be available. Those who desire may bring their own guns, but all ammunition must be checked in.

Five big events will include the shooting at targets or turkeys from 50 yards to 75 yards with .22 calibre rifles; 150 yards with deer rifles; 30 yards with shot-guns; 60 yards with .22 calibre rifles; and special events for children and women.

The shooting will be in flights of 12 persons with a turkey being awarded the winner of each flight. Charges will be \$1 to enter. Use of special scope sights will be allowed only if a flight of 12 persons is obtained for this event.

Platter cards, which will be on display at business firms in Cisco and elsewhere in the area, will afford non-shooters opportunities to win turkeys and a deer rifle. Each shooter will also have a chance to win a 30.06 deer rifle to be given away at the end of the event.

Mr. Summers reported that his committee was enthusiastic about the outlook for the turkey shoots. He went to Abilene last Sunday to attend a snoot. Additional announcements concerning the program will be made in the near future.

N. O. Thompson Last Rites Are Solemnized

Last rites for the late Newton O. Thompson, a native of Eastland who died at the age of 56, were conducted Tuesday afternoon at Hamner Funeral Home chapel.

Officiating at the services were the Rev. Harvey Kimbler and the Rev. Lee Fields.

Burial followed in Eastland Cemetery.

The hottest features for '56 are in the new Chevrolet

Chevrolet never had it so good for you before... and no other car in its field even comes close. See if Chevrolet doesn't feature everything you want for '56.

All New! The Bel Air Sport Sedan with 4 doors and no sideposts

Bold, new Motoramic Styling

Just look it over—the lower, longer hood... the wider grille that spans the full front end... the big bold parking lights. From the side, you see the sweeping new speedline chrome styling and high-set taillights. Colorful new contemporary interiors add the final touch! Body by Fisher, of course.

V8 Horsepower Zooms to 205

That's what the new "Super Turbo-Fire V8" pours out (an extra-cost option). You can see why we say the hot one's even hotter!

Hideaway Gas Cap

Chevrolet's left-side taillight holds a stylish secret. Hinged at the bottom, it swings down to uncover the gas cap. Closed up, the cap's concealed—and there's nothing in sight but the taillight!

Everything in Automatic Power Features

Power Steering, Power Brakes, power-positioned front seat, power window controls. All are available as extra-cost options.

Steering made easy

Ball bearings reduce friction and steering effort in Chevrolet's Ball-Race steering.

Anti-Dive braking

Anti-Dive braking, an exclusive Chevrolet development, means more level stopping—even when you hit the brakes hard!

12-volt Electrical System

Packs twice the punch of ordinary 6-volt systems... spins the engine up to one-third faster. You get surer starting in all weather. And you have a greater electrical reserve supply.

A new 6 with 140 H.P.

The new "Blue-Flame" 6 brings you this higher horsepower plus a higher compression ratio (8 to 1) and oil-hushed hydraulic valve lifters.

THE HOT ONE'S EVEN HOTTER

It's the Pikes Peak Record Breaker! The '56 Chevrolet proved its surer, safer driving control by breaking the Pikes Peak record!

Floats over the bumps

Roads seem newly paved with Chevrolet's Glide-Ride front suspension and long outrigger rear springs soaking up the jolts. And Chevy's cat-footed on curves! Chevrolet performance puts your safety first!

Ticklers

By George

"The boss always has fun with a new man who expects a raise."

Business Education Department with his cigar and his feet propped up on a desk. Sue Carroll was his efficient secretary.

The Peregrinity Club featured their attractive sweetheart, Miss Lorene Roemisch, pretty in a formal dress.

The true-to-life picture of the life of a married veteran attending college, presented by the students of the Ranger evening division, drew many laughs, at the same time striking a responsive chord among those spectators who have gone through the experience of trying to do homework and bring up a family Norman Huffman and Mary Harr represented the evening division of the float.

Robert Brockman shared the limelight with his sister Betty, Homecoming Queen, by driving the car in which she rode in the parade and onto the football field for the coronation.

The sophomores baited the freshmen with the sign on their float. On a boat, in which a sophomore sat fishing, was a sign which said: "A sophomore always catches a fish."

Among other floats and cars of interest were the entries of the girls' dormitory, the boys' dormitories, the Athletic Department, the Rope and Spur Club, the International Relations Club, the Agriculture Club, the Debs, and Phi Theta Kappa.

The Rho Pi Chapter of Beta Sigma Phi won first prize for the

best float in the town division. Their float presented a miniature football field with goal posts, and four diminutive cheer leaders, Dorothy Ann Oliver, Cathy Lamb, Sue Scoggins, and Cynthia Hofer, daughters of sorority members, rode the float. The young ladies were dressed in the college colors and led yells as they went down Main Street.

There were many out-of-town visitors on the campus for Homecoming weekend. From TCU were Janice Blair and Mary Ann Archer of Vernon and Billie Little of Breckenridge, visiting Gloria Waggs and Bettie Lou Wilson of Vernon.

Jean Criswell and Ruby Jo Cagle of North Texas State College were guests of Betty Brockman.

Betty Sue Bartley of Crowell, a student of Midwestern, visited her brother, J. P. Bartley, sophomore student of RJC and also friends in the girls' dormitory.

Among the guests were the parents of Janice and Charles Yarbrough of Breckenridge; of Douglas Chitsey of Hermleigh; of Lorene Roemisch of Hermleigh; and of Betty and Robert Brockman of Woodson, and of Glenn Clifton of Austin. Also Floyd Hacker's mother, Mrs. Thelma Hacker, was here for the game Saturday evening. Mr. and Mrs. T. F. Whittaker of Wichita Falls came down for the coronation of Betty Brockman, their niece.

Visiting in the home of Dr. and Mrs. David L. Norton for Homecoming were the following out-of-town guests: Mr. and Mrs. A. G. Norton and Mrs. Katie Fowden of Brownwood, Mr. and Mrs. H. Z. Mathews of Eastland, and Mr. and Mrs. A. J. Rosentritt and Betty Jean Rosentritt of Austin.

Open house in the girls' dormitory Saturday afternoon was a nice gesture on the part of Mrs. R. A. Jameson and the girls for the visitors on the campus. Coffee and punch were served throughout the afternoon.

Homecoming guests in the home of Mrs. R. L. Hamrick and her parents, Mr. and Mrs. F. E. Langston, were Mr. and Mrs. Finis Langston, Jr., of Abilene and

Buddy Hamrick of Trinity University of San Antonio.

Attending the football game and dance were Wayne Morrow, formerly of Ranger, now of Rotan, and Mr. and Mrs. Harry Weldon of Nocona. Mrs. Weldon is the former Betty Jo Penn of Ranger, and Harry, also a former Rangerite, is an ex-student whose parents live in Graham.

Students of the college, especially ex-Sub-Debs, found the Sub-Deb float in the parade interesting and attractive. It was decorated in blue and white, the Sub-Deb colors, and the girls who rode on it in the parade carried out the motif by wearing blue and white formals.

Thursday evening will be Sadie Hawkins night at the college. There will be a Li'l Abner-Daisy Mae affair at the Student Union Building at 7:30 p.m.

MRS. SMITH RETURNS HOME Mrs. Izetta Smith has returned home from Gainsville where she attended the funeral of her mother, Mrs. Belah Tolman.

Barbecue Dinner Served To Business Women's Circle of WSCS

The Business Women's circle of the WSCS of the First Methodist Church met at the church Monday evening, Nov. 7.

Hostess, Mrs. Vernon Deffebach, served a barbecue chicken dinner to the group before the program began.

Mrs. J. A. Johnson gave the devotional taken from Mark 16th chapter verse 9, and from John 20th chapter 11 through 18th verses.

Mrs. Walter Daniels, Charles Mahaffey, and Delbert Capps gave the program which was taken from the study book, "To The Ends of

The Earth". The subject of the program was "Women and The Church."

Purpose of the study was to stimulate thinking of women, in the Women's Society and Wesleyan Service Guild, concerning their place and their service in church.

Those attending were Meses. Walter Daniels, Charles Mahaffey, Delbert Capps, O. B. Poyner, A. W. Brazda, Jess Weaver, Bruce Weaver, and E. H. Bobo. Miss Mildred Balch, Miss Melba Creager and the hostess, Mrs. Vernon Deffebach.

It Was Just An Accident—
... that Columbus discovered America, or was it luck? He himself said that his journey would be hazardous and he didn't know where he was going. But he had faith that he would discover a great land and he did. Likewise, the person who buys land without an abstract is embarking on a dangerous course. Like Columbus he must have faith that he won't lose his all and plenty of luck to avoid financial disaster.

REDCHAIN DRY-CO

IS NOW HIGHLY FORTIFIED WITH PROTECTIVE LEVELS OF VITAMIN D

Increase Your Milk Profits Control Milk Fever

Calving time is a critical time for a good dairy cow. A mineral shortage results in milk fever. The mineral in the feed for the dry cow should be in balance. Even though the mineral is in balance and adequate, the cow cannot use it unless she has an adequate supply of Vitamin D.

With good cows, every pound of flesh you put on during the dry period enables the cow to produce 23 lbs. more milk during the lactation period.

The mineral requirements for individual animals vary considerably, therefore it is advisable to provide RED CHAIN STOCK MINERAL. Free Choice is self-feeder.

Cheaney Chatter
Mrs. Bill Tucker

Mrs. Jennie Kimbrough and Mrs. Nona Weeks, of Ranger, spent Saturday night in the Hatley Dean home. Mrs. Kimbrough attended church services at Cheaney on Sunday.

Clyde Antwine brought the morning and evening Bible lessons and was dinner guest of the Hatley Deans.

Beginning next Sunday evening, a Young People's Bible Study will precede the regular sermon, at 7 p.m. All young people are especially invited to attend these lessons from the bible. Adults are welcome to sit in on the class.

John Love went with a group of delegates to the Texas Farm Bureau annual meeting in Fort Worth, recently. Texas Hotel was headquarters. He left Monday and returned Wednesday evening.

Mrs. Jessie Lemley complimented Betty Love Greer with a pink and blue shower, at her home, Friday afternoon, November 4. Mrs. Greer has been visiting her parents, Mr. and Mrs. Arthur Love for the past month. Her home is in Lovington, New Mexico. Friends called and brought many lovely gifts which were displayed before the refreshment period.

Mr. and Mrs. L. Z. Melton and family, Lounie, Terry, and Jackie, and Mrs. Sarah Wilson, left Saturday afternoon on the first lap of their move to California. They spent Saturday night in Ranger with her sister, Mrs. Milton Underwood. Sunday the group will drive as far as Kermit and visit his sister, Mrs. Velma Carr and family. They are anticipating a two day drive to complete the trip.

Mr. and Mrs. Curtis Melton of Galveston, were on hand to see them off, while here visiting the parental Lonzo Meltons. Cheaney folk—the community, church, and the Home Demonstration Club will all miss these friends, but we wish them "Bon Voyage" in reaching their new home.

Mr. and Mrs. Herbert Love and Dwight, from Odessa, visited Friday night with his mother, Mrs. Ann Love. The John Loves, and Lillie Wallace and Loresta.

Loresta Love and four of her school mates, Rita and Jessie Underwood and Bill and Helen Joyce Ables were "Trick or Treat" callers at several of the neighboring homes, including ours on Halloween night. We could not recognize the kids, under such disguises, but it must have been lots of fun.
