

Pioneer Conference

Last Week Contests Create Cellar Knot

Pioneer Conference football teams finished their 1955 season last Saturday with the Arlington State Rebels defeating the Tarleton State Ploshoys, 26-7, and the Schreiner Mountaineers up setting Ranger 18-6, thus creating a three-way third place tie in the...

The Pathfinder

A boy left the farm and got a job in the city. He wrote a letter to his brother who preferred to remain on the farm, telling of the joys of city life. He wrote:

"Thursday we auto'd out to the Country Club where we golfed until dark. Then we motored to the beach for the weekend." His farm brother wrote back: "Yesterday we bugbled to town and baseballed all afternoon. Then we went to Ned's, pekered until morning. Today we muled out to the cornfield and gelauded until sundown. Then we suppered and piped for a while. After that we staired to our room and bad-steaded until the clock fived."

In this short intermission between the Bulldogs final district game and their effort in Thursday's bi-district clash with Albany, probably leaves us an opportune time to make our all-district choices.

The Bulldogs, who allowed no district opponents ever one small score, are naturally top-heavy in our selections. At end Jerry Cantrell and Clyde Ewatt of Eastland are the top ranking contenders and our choice. Ranger also owns the finest pair of tackles in the league. Only Larry Tankersley of Eastland, anywhere near approaches Pete Jameson and Archie Robinson, but with sportsmanship being a prime factor in the selections, we have to disqualify Tankersley from the select ranks, as too often this season he has left a gap in the referee's orders.

Also, Young has no peer at guard.

At center, who can approach big John Hagman, the shrewd, 185-pound man over the ball. In the backfield, we will divide, two Bulldogs, Max Pierce of Gorman and David Jennings of Cross Plains. To match this pair of backs, we have selected Quarterback Paul Hinds and the districts high scorer with 132 points, Jerry Wharton.

There have been other Bulldogs who have shone brilliantly at various phases in many contests, but because of frequent substitution or injury they, by necessity, are bypassed.

Our friend, Norman Wright, the Eastland sportswriter, tells this week of a Maverick tackle knocking the pants off a Ranger backfield man (Jerry Wharton) with a crunching tackle at the midfield stripe in the season's district climax Friday night.

For the most part his statement is accurate, but he didn't mention that Wharton wasn't in possession of the ball and that Fullback Tommy Sutton carried for 10 yards and a first down.

In weekend football predictions, we have to stick with the Bulldogs, our season-long favorite who has disappointed us only once. Breckenridge should have little trouble with Ballinger, and Abilene will wait to its district championship over San Angelo.

In a few of the other Class A playoffs, Sundown will roll over Hale Center, Ozona will handle McCamey, Lulling will get by Burnett and Deer Park will overpower Sealy.

Thursday in the Southwest Conference, A&M will probably plaster the University of Texas Steers and Saturday TCU will skin the SMU Mustangs and Baylor will thump Rice.

Art Arterburn says that he found a sterling pin near the post office this week with the inscription, "Daughters of the American Federation." He also says that the owner may claim the pin by identifying it at his office.

Businesses Will Observe Holiday Here Thursday

Ranger is expecting a relatively quiet Thanksgiving Holiday business wise.

As Nov. 24 is one of the official holidays chosen by the Retail Merchants Association, most of the business houses will be closed through the day.

The calm and quiet that will be Ranger's Thursday morning, will be broken during the afternoon however, as the Ranger-Albany football game.

last league settos of the current campaign. Arlington State's victory over Tarleton State clinched second place for the Rebels and left the Ploshoys in a three-way tie with Schreiner and Ranger for third place. The Mountaineer victory over the Rangers was the first conference win of the season for the Schreiner team that has improved greatly in the latter part of the season.

Ranger defeated Tarleton and the Ploshoys in turn blasted Schreiner for their only league victory. Arlington was beaten only by the championship San Angelo Rams.

The Arlington State victory over a good Tarleton State team was harder fought than the score (Continued on Page 3)

Rules Violation Brings Suspension For JC Gridder

Harold Cartwright, who started at right halfback in six of the Ranger Junior College Rangers nine games during the past football season, that closed Saturday night, was dropped from athletic scholarship today for "breaking training rules," Stan Burnham, athletic director, said this morning.

Burnham did not elaborate on what rules the Tyler freshman had broken, but said, "We had heard about it before the Schreiner game Saturday night. We caught him with the goods last night and dismissed him this morning."

"Maybe this will stop some of the foolishness," Burnham said. Whether or not Cartwright would remain in school would depend on the administrators, Burnham indicated.

Baptists Observe Th'ksgiving With Banquet Tuesday

The 18th annual Thanksgiving banquet was observed Tuesday evening in the First Baptist Church with 235 persons attending.

One of the finest programs embraced the singing of Miss Joan Crider, and the congregational singing led by Keith Langford.

Dr. Evan A. Reiff, of Abilene, challenged the hearts of everyone with his fine message "on helping others." Dr. Reiff used examples of Christ and personal examples of others who had helped himself and others. It was all given on the theme of how much real Christians may help another person by such a small deed or word if given in the right manner.

Turkey and all the trimmings was served buffet style and the various classes sat together at individual tables. The tables were decorated in a manner carrying out the spirit of the season. Each of the 14 adult classes were well represented.

The Brotherhood and the Adult Sunday School departments sponsor this banquet each year. A. W. Warford was master of ceremonies. Lonnie Stephens, general Sunday School superintendent, spoke on "Those Who Planted." Through the years each generation has to build upon the foundation of those who have gone before and build for those who are to follow.

Mrs. F. P. Brasler, Sr., played Organ Meditations and soft music at the piano as the group assembled at the tables.

Lewis McCaleb arranged the program, and Mrs. N. E. Landers with the assistance of a number of committees, arranged the tables and food.

Morris Jeffries and Homer Coody, superintendents of the two adult departments, gave general supervision for the banquet.

Ranger Lone Star Office Tops Sales Campaign

The Ranger office of Lone Star Gas Company's general division of distribution has been recognized for winning first place in the Abilene district in a national gas refrigerator sales campaign sponsored by the American Gas Association and Serval, Inc.

At a recent luncheon held in Dallas, D. V. Olsen of Dallas, Serval, Inc. district sales manager, presented a check for \$3,452 to M. L. Bird, Lone Star vice-president. The money will be distributed to employee groups in towns comprising the general division.

Lone Star's general division competed against gas utilities with 260,000 or more residential meters in all sections of the country. The campaign was based on sales of Serval gas refrigerators between May 15 and September 15.

Bulldogs Seek Bi-District Title

Scouts Told Values Of Local Programs

By FLOYD W. CASEBOLT

Describing Boy Scouting as a positive force for youth's welfare which "is always going forward," Dr. E. J. Howell, president of Tarleton State College, Stephen Howell, was the principal speaker at the annual staff installation of Boy Scouting's North Texas Council, Monday night at the Connaught Hotel.

"Scouting," he said, "has one fundamental purpose and that is to build better boys and in building better boys, it builds better men."

Arthur Deffebach of Ranger, retiring district chairman, was master-of-ceremonies. Installing officer for the new district was Joe Galbraith of Brownwood, chief executive of Conanche Trail Council.

R. E. Burns of Scouting's regional office at Dallas spoke briefly to the new staff, consisting of: Dr. J. C. Whittington, Eastland, chairman; Frank Sayre, Eastland, vice-chairman; Arthur Deffebach, Ranger; Chief Brown, Cisco, vice-chairman; Jack Merrell, Breckenridge, vice-chairman; Bill Griffiths, Woodson, vice-chairman. Other members will be appointed by the district chairman.

The district consists of Eastland and Stephens Counties and the community of Woodson. It has a total of 21 Scouting units, of which 479 boys are members, and is steadily gaining in memberships and units.

Field Executive Troy Boone, assisted by a uniformed group of Scouts, demonstrated constructive Scouting interests. The ladies were: Saul Pullman and Kenneth Watson, Explorers; Ray Denny, Bobby Cartwright, Clark Conner, and Bill Moylan, Scouts, and Bill Garner and Eddie Don Sargent, Cubs.

As the entertainment feature, novelty songs were sung by Mrs. Andy Taylor, who played her own piano accompaniment. The chairman introduced members-at-large as follows: Johnny Bates, John F. Bailey, Ross Elliott, C. C. Sullivan, Charles W. Graham, Henry Pullman, R. R. Butler, Walter Harrison, H. A. Shocke, E. R. Maxwell, Lester Clark, Grady Pipkin, Ernest Hittson.

Also Travis Spence, H. Grady James, W. W. Creager, J. D. Sanderfer Jr., W. W. Rogers, Cyrus B. Frost, J. D. Lauderdale, H. S. Sweeney, C. G. Stinchcomb and A. L. Murrell, Mr. Pipkin, a council official, is one of the veterans in Scouting's service in this section.

The banquet was attended by a...

COMING TO MEET YOU—Tommy Woodward, 5, is walking into your heart for all those who can't. The little polo victim will be the March of Dimes Poster Boy for the 1956 campaign, Jan. 3-31. For many, the polo vaccines came too late. For many to come, the polo vaccines may fail, Tommy, and thousands worse stricken, will continue to need your help in the years to come.

Directors Delay Community Chest Drive Until May

The Community Chest drive in progress here for the past month was called off by the board of directors Tuesday morning with only \$5,384.46 of the \$7,500 goal collected.

The directors temporarily stopped the machinery of the drive which lagged far behind expectations in favor of a supplementary drive in May.

No official explanation was given for the delay but some thought with the busy Christmas season approaching, captains and workers would have more time during the spring months.

Tax Collector Explains New Trailer Policies

Stanley Webb, tax collector-assessor for Eastland County, today called attention to the new trailer regulations. He said:

"We have been advised by the Motor Vehicle Division of the Texas Highway Department that effective December 1, 1955, it will be required that all trailers, semi-trailers and pole trailers having the gross weight of 4,000 pounds and over must have serial numbers on the trailers before it can be registered or transferred."

A block of serial numbers has been assigned to this office and you may secure same by filing Form No. D12-112 which will be furnished by this office and the following evidence of ownership will be required to register or transfer a trailer or semi-trailer or pole trailer beginning December 1st, 1955:

A. New trailers. 1. Sellers invoice—Recording serial number. 2. Out of state registration receipt. 3. Bill of sale (if issued).

C. Shop built or not currently registered trailers. 1. Bill of sale, affidavit of construction or affidavit of ownership as of December 1, 1955. 2. If serial number is not recorded on current license registration receipt.

D. Renewal of Texas registered trailers. 1. Previous year's registration receipt showing serial number. 2. If no manufacturers number is affixed to trailer you must obtain a signed serial number (Owners own serial numbers not to be accepted).

E. Transfer of currently registered trailers. 1. Current year's license receipt (recording serial number or bill of sale or invoice). If bill of sale or invoice not obtainable we will accept affidavit of ownership as of December 1, 1955. 2. If serial number is not recorded on current license registration receipt.

22 Pages Now Guaranteed For Special Edition

Sales for the "Greater Ranger" edition of the Times to be published in December have increased to slightly more than 22 pages, C. E. May, publicity chairman, said today.

The increase represents a 2 1/2 page gain over last week. The new list consists of 12 additional subscribers who this week agreed to buy some portion of the paper that has been designed to create an industrial expansion fund here.

New subscribers are Ratliff Feed Store, L & J Supply Co., West Texas Clinic, Ranger Dry Cleaners, A. L. Brinn, John Usery, W. A. Lewis, Tip Top Food and Hatchery, Capps Studio, Ranger Farm Store, Page Plumbing and Carl Lommas.

DENTAL DESPERATION — Josef Schneider is down in the mouth over his work most of the time—and he's not a dentist. The New York City children's photographer has found this a sure way to coax a smile from almost any baby—but you must be quick. Schneider began a career as a child psychologist, but found that the camera, not the couch, was his true medium.

Soil-Saving Purposes And Methods Outlined

The objective of your soil conservation district is "Use All Land within its capabilities, assisted by the technicians of the Soil Conservation Service. Treat all land in keeping with its needs for protection and improvement. Every farmer or rancher a Conservationist."

In order to determine the capability of a given piece of land or field the district feels that it is first necessary to take an inventory. This capability depends upon the soil type, structure, and characteristics, the degree of slope, and the amount of erosion that has already taken place.

This information has been compiled in the form of a Soil Capability Class in which it falls determined its best use, and the class along with the physical condition of the soil determined the treatment that it needs.

Take for example a deep soil that is fine in texture and takes in rainfall slowly in on a slope of 3 feet per 100 feet and 25 per cent of the top soil is gone. This particular soil would be in a class that is capable of growing good grain or cotton, but to insure that it will continue to produce profitably it requires some treatments.

"Something must be done to break the slope and allow water to remain on the land longer and be absorbed and stored for use by crops. Also the erosion must be stopped so that enough topsoil will be left to farm," it was explained.

Terraces and contour cultivation generally aid in the correction of both of these problems. Deep rooted legumes tend to open up the sub-soil and allow it to take up water faster and at the same time add nitrogen and organic matter that subsequent crop may use.

"Your soil conservation district is interested in more good farms with good homes, good fences and barns and good land returns which can be achieved through wise conservation farming and ranching," it was pointed out. "The Upper Leon SCD Supervisors are also interested in each farmer and rancher becoming district cooperators farming or ranching their land in a sound conservation manner."

Albany Leading Ranger Sales Of Grid Ducats

Approximately one-half of the source seats for the Ranger-Albany clash Thursday in the Ranger section at Bulldog Stadium had been sold early this morning, G. R. Bush, superintendent of schools said today.

Evidently Albany's ticket sale is moving faster than Ranger's. They received 894 tickets Tuesday and 236 more were being sent here for sale this morning.

Ranger's side of the 3,200 capacity stadium, will accommodate 1,203 fans. This does not include the student and band section which will accommodate 275.

Albany's student and band section will accommodate nearly 250. Ticket sales in Ranger have pulled in buyers from a large portion of this area. Some block sales have been made in out-of-town buyers.

General admission tickets will be sold at the same price and are the same price as reserve tickets. Both groups are \$1.50 each. REG. \$495 NOW \$368 President Series, 4-Cylinder Auto Air Conditioners. Special Clearance. Installed - Guaranteed. Don Pierson Olds - Cadillac Eastland, Texas

State Finalists Seek To Avenge '53 Loss

Ranger's Bulldogs will be facing a team with one of the finest records in the state Thursday when they meet the Albany Lions here for the bi-district showdown.

The Lions have mastered nine opponents without even as much as a scare but were tied 0-0 last week to mar an otherwise perfect record. They are one of the few undefeated teams in the state and the only Class A team in this area that has not tasted a loss.

In order, they have bowled over Diamond Hill, 52-6; Olney, 18-0; Anson, 20-0; Throckmorton, 20-0; Merkel, 32-7; Munday, 34-7; Retan, 72-14; Roby, 42-7; and Roscoe, 27-0 before they ran against Haskell last week.

Whether the opponents that Albany has faced this season can be compared to those that the Bulldogs have matched remains to be seen, however, it is certain that the Bulldogs will go into the contest a definite underdog. Albany's undefeated record is enough to guarantee that.

Albany's district record isn't as clean as that of the Bulldogs who racked up 195 points while holding the five district contenders scoreless. Defensively, the Bulldogs are probably capable of gaining a superior edge over the Lions, but offensively the speed and know-how of practically the same backfield that carried Albany to the state finals will have to be quashed for the Bulldogs to advance any higher in the state playoffs.

Ranger will have a slight weight advantage over the Lions but will be faced with the one main problem chiefly—speed. Albany's line averages 155 pounds per man while the backs average 147, giving the team an overall 151 pound average.

However, the weights can be misleading for Haskell outweighed the Lions 28 pounds per man last week, much more than Ranger's advantage, and were able to outlytle the lighter but faster squad.

Albany's backfield is composed of a set of twins, David and Daniel Mitchell, who can be identified separately only by their jersey numbers. They are both seniors. Also, the Lions have Quarterback Bobby Altman, a returning letterman who last year led Albany to the finals.

There is little difference in any of the backfield members. They almost equally handle the ball carrying chores, their speed is nearly even, and none holds a superior edge over any of his mates.

Ranger, on the otherhand, since their lone defeat at Winters, has finished its conference chores with a resounding gusto that swept Eastland from the district's undefeated in a convincing manner.

The 28-0 victory over Eastland and a previous 20-0 win over Cross Plains were the most crucial games for the Bulldogs this season.

In the future, depending on the outcome of Thursday's contest, Albany may well regulate 13 or 14 chances of a state crown on Ranger's accomplishments long before the playoffs begin. For in 1955, the Bulldogs slammed the Lions 41-14. Two consecutive victories for the Bulldogs would leave an unpleasant taste with the Albany fans.

Clear, 70-Degree Weather Forecast Thanksgiving

The weatherman is evidently cooperating, putting his best foot forward, in doing his best to bring near perfect football weather into this area Thursday for the Ranger-Albany bi-district football clash.

Two cool fronts swept into the area Tuesday night, breaking high temperature marks set here by Tuesday's heat.

If the weatherman is totally correct in his predictions, the temperature will reach about 73 degrees here by mid-afternoon Thanksgiving Day, with the sun shining brightly in unclouded skies. The first cold front swept into (Continued on Page 2)

## TFWC Head Says TFWC Wants Driver Education In Schools

The Texas Federation of Women's Clubs is continuing its effort to have Drive Education included in the curriculum of every high school in Texas.

The Federation wants Driver Education made a part of the Gilmer-Aikin Minimum Foundation School Program by legislation, although not as a compulsory program.

"We want it offered in the 9th grade, and we want the classroom training made available to every student and the behind-the-wheel to every student who is likely to drive. We propose to set high course and teacher standards. We want and intend to have a Driver Education program which will instill in our boys and girls right attitudes and habits as well as skills; we are not content for them to know just how to start, steer and stop a car," wrote Mrs. L. E. Dudley of Abilene, president of Texas Federation of Women's Clubs.

The Insurance Commission of Texas has acknowledged the benefits of Driver Education by declaring, effective last May 1 a 10 percent insurance credit for those drivers under 25 years of age who have completed an approved course in Driver Education.

"We find parents whose children have completed an approved course in Driver Education who are not claiming the 10 per cent reduction. As for the others, we feel that when parents over the state wake up to what is happening to them on their insurance, they will demand an opportunity for their children to take an approved course in Driver Education and then will require their children to take such a course when it is offered," said Mrs. Dudley.

DIRTY-BURNING TAIL-END

NEW GULF NO-NOX

**Gulf No-Nox Gasoline burns clean**  
Here's proof: Note the black deposit on plate at left, caused by the "dirty-burning tail-end" of gasoline—the part Gulf refines out in making New Super-Refined NO-NOX. But see how clean new NO-NOX leaves the plate at right. Now—in your own new 1956 car—see how clean-burning NO-NOX can give you more miles per gallon in the short-trip, stop-and-go driving you do most.

**Gulfpride Select Oil works clean**  
Here's why: Most conventional oils are refined only to the stage shown in A. But New Gulfpride Select is further refined by the Alchlor Process—removing up to 15% more of the carbon-formers, in B... C contains the new super-refined oil that gives you more miles per quart because it has natural viscosity (body)—contains no artificial thickeners that break down in service.

Get the new super-power team

**ROUND-UP on the CAMPUS at Ranger Junior College**

Try-outs are being held for "Dial M for Murder" by Frederick Knott, the next production of the Drama Department and The Masquers of Ranger Junior College. Students are already looking forward with interest to this fourth-coming play, the dates for which will be announced later.

Mr. and Mrs. J. M. Darnell, parents of Ronald Darnell, one of the Rangers, were visitors on the campus last weekend from Eunice, New Mexico.

Nancy Hamilton had as her guests last weekend her mother, Mrs. Floyd Hamilton, and her sister from Moran.

Here for the game last Saturday evening between RJC and Schreiner were Mr. and Mrs. E. F. Cartwright, parents of Harold Cartwright from Temple.

Thelma Edward's family of

Olden attended the Schreiner game Saturday evening.

From Throckmorton here for the game were members of Thomas Hudson's family.

Ranger Junior College will be closed for the Thanksgiving Holidays from noon Wednesday, Nov. 23, until Monday morning, Nov. 28.

Janice Yarbrough had as her guests last weekend her parents, Mr. and Mrs. W. F. Yarbrough of Breckenridge.

Annette Sherman of Eastland visited Linda Kay Brockman.

**Last -**

(Continued From Page One)

indicates, The Rebels unleashed one of the best running games any ASC team has turned in, in a decade. Coach John Hamberger's Schreiner team showed a fine balance of effective rushing, passing and defense to beat a capable Ranger team.

San Angelo closed their season a week ago with a 33-26 win over Schreiner to sew up the conference title. They were undefeated and untied in league play and will represent the loop in a post-season bowl game at Gulfport, Miss., against Sunflower Junior College of Mississippi. Tarleton State, the 1954 conference champion, came closest to stopping the Rams, the Plowboys were nudged by a score of 7-6 by San Angelo, Nov. 5.

The Plowboys also had a better record than any other league team against non-conference foes. For the season, Tarleton won four of five against non-loop opposition, and the ASC Rebels with four victories against two losses ranked next to the Plowboys in boasting the league's record. The Rangers had a 3-2 record in non-conference competition. League teams as a whole won 16 out of 26 games with non-conference opponents. San Angelo's victories over Wharton and Del Mar were regarded as the outstanding victories of the season for a conference team against outside competition.

In overall season play, San Angelo posted the finest records with seven wins and two losses. Schreiner made the poorest showing with three wins and six losses. Arlington State had seven wins and three losses, Tarleton State, five wins and four losses and Ranger, four wins and five losses.

**Woman Hurt By Propeller Now Is Improving**

Mrs. Harvey Boykin of Cisco was reported slightly improved at Graham Hospital there following the amputation of her left arm Monday. The arm was amputated after it was badly cut and broken by an airplane propeller Sunday afternoon at Cisco Airport.

Mrs. Boykin was preparing to enter a Cessna 120 piloted by Billy Ben Wooten of Cisco, where she was struck by the propeller.

**Annual Farm Bureau Status Analysis Made**

The annual analysis of the status of the Eastland County Farm Bureau was tabulated at a call meeting of the bureau directors Wednesday night in Eastland. Mitchell Campbell, president of the county farm group, introduced visiting personnel from the Texas Farm Bureau Board, B. J. Gist, District 7, Director, Abilene, and Leon M. Love, Field Representative, T. F. R. from Waco. Lane, who was the principal speaker, commented on past sur-

veys in 1950 and again in 1952, which revealed how the Farm Bureau program has progressed, then prepared these statistics with the aid of an organization, such as the Eastland County Farm Bureau to take an inventory, Lane pointed out. Lane and Gist spoke briefly of plans for a state wide Animal Health Committee, whose objective is to make people aware of the necessity of healthy livestock, on farms and ranches within the Texas boundaries.

### Mrs. Robertson Entertains 7th Grade S. S. Class

Members of the seventh grade intermediate Sunday school class of the First Baptist Church were entertained by their teacher, Mrs. Grady Robertson, with a Mexican supper Saturday evening at her home.

The girls wore aprons and prepared their supper which consisted of a Mexican casserole, Spanish rice, salad, ice-box cookies and sherbet.

A Latin-American motif was carried out at the quartet tables where each place was marked with a small cactus plant which was given as a favor. Green candles lighted the tables.

Mrs. Hale gave the invocation. Mrs. Robertson gave a comparison of the life of Christ to the

of a plant. Attending were Ann Daniels, Phyllis Hale, Fat McCaleb, Sandra Hallbrooks, Mary Kay Rush, Diane Cantrell, Mrs. J. T. Hale and the hostess, Mrs. Robertson.

### CARD OF THANKS

We wish to express our heartfelt thanks to everyone who gave so much in food and expressions of sympathy and kindnesses during the illness and death of our loved one, Mrs. Nancy Crawford. May God bless all of you is our prayer.  
The Family of Mrs. Nancy Crawford.

### GUESTS IN BRAZDA HOME

### Mrs. Perkins Leaves Friday To Take Part In White House Conf. At Eisenhower Invitation

Mrs. Joseph M. Perkins, Eastland, who was invited by President Eisenhower to take part in the White House conference on education in Washington, D.C., Nov. 28-Dec. 1, will leave for the Capitol by train Friday.

Details of the plans for the conference have now been received from the committee in Washington.

Mrs. Perkins, chairman of the education department of the General Federation of Women's Clubs, was asked to serve as a consultant at the first day's session and will be discussion leader for the first of the six questions, "What Do We Expect the Schools to Accomplish?" She and Mrs. Theodore S. Chapman of Jerseyville III, GFWC president, will be the only GFWC representatives to attend the conference.

Mrs. Oscar Ahlgren of Whitings, Ind., immediate past president of the General Federation of Women's Clubs, served on the planning committee, and Mrs. L. E. Dudley of Abilene, president of Texas Federation of Women's Clubs, will attend the conference as a member of the state steering committee.

The invitation entitles Mrs. Perkins to participate in the national meeting on schools, first ever called by a president of the United States, along with about 2,000 other citizens from fifty-three states and territories. The White House conference follows similar meetings called by the governors of the states and territories during the past year, in response to the President's call for "the most thorough, widespread and concerted study the American people have ever made of their educational problems."

Of the 2,000 persons attending, 1,400 are selected by the states and territories in accordance with population, 300 are representatives of national organizations with interests in education, and

MRS. JOSEPH M. PERKINS

the remaining 300 as members of Congress, government chief state school officers, and observers, discussion leaders and others.

The program in Washington was arranged by the President's committee for the White House conference on education. A 34-member group headed by H. McElroy of Cincinnati, Ohio, president of Proctor & Kimmble Company.

Participants in the White House conference will discuss subjects which have been studied previously in most of 4,000 community and 53 state territorial conferences on education during 1955. The topics:

(1) What should our schools accomplish? (2) In what ways can we organize our schools more efficiently? (3) What is our school building needs? (4) How can we get enough good teachers—and keep them? (5) How can we finance our schools—and operate them? (6) How can we obtain a continuing progress in education?

The conference will begin at the Sheraton-Park Hotel in Washington, beginning the evening of Nov. 28. Conference director Clint Pace said discussion of the subjects would be by groups of eleven persons at each of 11 tables.

"Each table will attempt to reach consensus among its participants on the six subjects," he explained. "It is not the purpose of the conference to take votes, but to determine the opinion of persons from every part of the country, representing many in-

### WSCS of First Methodist Church Met For Mission Study Monday

The WSCS of the First Methodist Church met Monday, November 21, for the fifth and last session of the mission study, "Revolutionary World," which has been taught by Mrs. Arthur Deffebach, assisted by a number of other workers.

The opening prayer was led by Mrs. C. E. May, Sr. The opening song was, "The Church is one Foundation."

Mrs. A. W. Braza, president, presided over a short business session. Minutes of the past four meetings were read by Mrs. R. L. Willis. Mrs. Creager made an announcement of plans of work and interior decoration to be done soon at the parsonage.

Mrs. Deffebach presided over the program. A display of literature and missionary magazines were on display, illustrating the work being done in the missionary fields by our missionary, also some posters entitled, "Changeless Gospel in a Revolutionary Age," "Hunger of the World," "Christianity is Revolutionary."

Mrs. C. E. May, Sr. spoke on "Revolutionary Faith," giving several points—namely—Faith is needed—changes are possible—revolution is unpredictable—it is costly—it is our opportunity—it is urgent—revolution has

### MR. AND MRS. ARCHIE ROBINSON HAVE GUEST

Mr. and Mrs. Archie Robinson and family will have as their guest Thanksgiving, Mr. and Mrs. Tom James of Dallas. Mrs. James is Mrs. Robinson's sister, and Mrs. Robinson's sister and mother of Denton, Miss Opal Lovette and Mrs. S. A. Lovette.

### VISITING REV. AND MRS. RALPH PERKINS

Mr. and Mrs. O. A. Newman of Texarkana, Mrs. Perkins' parents and an aunt, Mrs. Vivian Martin, are visiting Rev. and Mrs. Ralph Perkins and children.

Call 224 For Classified Ad Service

grounds and opinions, in an attempt to arrive at what the American people want from their schools and how they propose to obtain it.

"The conference will attempt to bring together persons who know the school problems of their communities and their states and who, in most instances, have taken part in their own conferences where public attitudes have been expressed.

"Participants in the White House conference will have full opportunity to say whatever they please and to have their opinions recorded by table chairmen of their own choosing. It is our intention to make possible the fullest discussion on matters which these citizens believe are of importance to the educational welfare of their communities, their states and their country," Mr. Pace said.

Results of the White House conference will be one of the bases on which the White House conference committee will report to the President on the "significant and pressing problems in the field of education." Other parts of the report will include findings of state conferences and results of the committee's studies of the six subjects.

**SAVE AT THE ANNUAL OLD STOVE ROUND-UP SALE!**

**MERRY MODERN says:**  
here's the answer to all your cooking problems!  
trade and save on a really modern *flame-fast* gas range

**now, so much more than ever before... automatically!**

Exciting new styling, automatic features, the perfect fuel. They're all yours—automatically—with a new *flame-fast* gas range! More leisure time, because you're cooking the *really modern* way! No wonder smart women are replacing their old-fashioned stoves, choosing the exact size and style they want, saving on the tremendous trade-in allowances and easy, easy terms. If you haven't seen the wonderful values on display at leading dealers—do it now!

**DON'T BE FOOLED! only gas gives you 101 different heats!**

There are 101 heats at your fingertips instantly when you cook with flame. Artificial fuel ranges are limited to 3, 5, or 7 factory-set speeds. It's like driving a car that can go 10, 20, 30, 50, or 70 miles per hour—with no speeds in between. And when you turn gas off, it's off—no hangover heat to burn foods. Change to any heat immediately—flame fits every pan in the kitchen. Gas is so very easy to use!
